In consideration of the following mutual covenants, it is hereby agreed as follows:
ARTICLE I - RECOGNITION AND DEFINITIONS

If the building supervisor believes the time of the visit will interfere or interrupt normal school operations, a more appropriate time will be suggested by the building supervisor.
The Association shall be the only teacher organization having the exclusive right to use district buildings without cost for meetings and to transact Association business. There will be charges for cooks, janitors, or supervisors where it becomes necessary to pay salaries beyond normal working hours, to defray costs for damages to facilities, equipment and fields or pay start-up costs for heat and utilities.

**ARTICLE III - ASSOCIATION & BOARD RIGHTS & RESPONSIBILITIES**

**Section 3**

**MEMBERSHIP COMMUNICATION**

The Association shall have the right to use the teacher mail boxes, and to post notices of activities and matters of Association concern on teacher bulletin boards. The district shall provide a mail box in the main office at each school labeled for outgoing KEA mail. The Association also agrees it will not seek to utilize teacher mail boxes or to post any materials which are not in the best interest of the district or its normal operation. Copies of all materials posted shall be sent to the Superintendent. The building principal shall be sent a copy of the KEA Reporter.

The Association agrees to indemnify and hold the district harmless for any and all claims which may rise from any mailed or posted Association material.

In the event the postal regulations are revised to permit unions unrestricted use of internal mail distribution systems, then the district shall immediately reinstate the Association's right to unrestricted use the district's internal mail distribution system.

The Association may use the district's internal mail distribution system if those communications contain information concerning grievances and/or matters relating to joint KSD/KEA training or in-service opportunities or school centered decision-making. The Association shall indemnify and hold the district harmless against any and all claims, fines, demands, suits, attorney fees, or other cost as may result from any violation of law that may result from such use of the district's mail service by the Association.

KEA/KSD Negotiated Agreement 6 8/27/93
ARTICLE III - ASSOCIATION & BOARD RIGHTS & RESPONSIBILITIES

Section 5

RIGHT OF CONSULTATION

The Superintendent shall meet with Association representatives periodically at mutually-arrived times to discuss matters of concern to either party.

Prior to their adoption, the Board shall provide an opportunity for input from the Association with respect to major revisions to educational programs and fiscal changes.

ARTICLE III - ASSOCIATION & BOARD RIGHTS & RESPONSIBILITIES

Section 6

DUES DEDUCTIONS AND REPRESENTATION FEES

The Association shall give written notice to the District Finance Office of: (a) the dollar amount of dues required of a member of the Association, which dues are to be deducted during the school year under payroll deduction, and (b) the name of the designated charitable organization. The total for these deductions shall not be subject to change without at least thirty (30) days written notice to the District Finance Office. Any such change shall be implemented by the district within sixty (60) days of the written notice to the District Finance Office.

The deductions authorized above shall be made in twelve (12) equal amounts from each paycheck, allowing for an adjustment following ratification of this Agreement. Teachers who commence employment after September or terminate employment before August shall have their deductions prorated at one tenth (1/10) of the total annual amount for each month the teacher is employed. The Board agrees promptly to remit directly to the Kent Education Association all monies so deducted, accompanied by a list, in duplicate, of teachers from whom the deduction has been made.

The Association agrees to reimburse any teacher from whose pay dues or representation fees were deducted, those sums in excess of the total amount due to the Association at that time, provided the Association or its affiliate actually received the excessive amount.

A. Membership Deductions

Within ten (10) days of their commencement of employment, teachers may sign and deliver to the Board an Assignment of Wages Form, which Form shall authorize deduction of membership dues required of a member of the Association.

In the event a certificated employee who is a member of the Association is granted a one (1) year leave of absence without pay, the authorization shall be temporarily suspended during the one (1) year period of the leave of absence and shall be reactivated at the beginning of the year following the leave of absence.
B. Representation Fee Deduction

In the event that any teacher employed after December 8, 1976, fails to sign and deliver an Assignment of Wages Form described herein, the Board agrees to deduct from the salary of such teacher a representation fee in the amount equal to membership dues required of a member of the Association; provided, however, that teachers who have joined the Association and paid by means other than payroll deduction, as verified by the monthly Association list, and nonmembers as of December 8, 1976, who are not willing to pay the representation fee, shall not be subject to this deduction. Representation fee deductions shall be handled and transmitted by the Finance Office in the same fashion as membership deductions as provided for in this Section.

C. Charitable Organization Deductions

Any teacher claiming a bona fide religious objection shall notify the Association and the Board of such objection in writing within ten (10) days of commencement of employment.

Finding determination of any bona fide religious objection, the Board agrees to deduct from the salary of the teacher claiming such objection an amount equivalent to the Association dues required of a member of the Association; provided, however, that said monies shall not be transmitted until such time as the Board is notified that a final determination pursuant to the Act has been made. In the event that it is finally determined that the teacher does not have a bona fide religious objection, the Board agrees promptly to remit to the Association all monies being held.

In the event that a teacher has been determined to have a bona fide religious objection to the payment of a representation fee or agency shop fee, said teacher shall pay an amount of money equivalent to the regular dues and fees to a designated charitable organization as heretofore established by RCW 41.59.100. Within ten (10) days of the commencement of employment or determination of bona fide religious objection, whichever occurs later, said teacher may sign and deliver to the District Finance Office an Assignment of Wages Form, which shall authorize the deduction of an amount equal to the dues required of a member of the Association, and payment in installments as herein above provided, including any deductions made but not previously transmitted to said designated charitable organization. The Board agrees to remit to the Association each month a list of teachers on behalf of whom charitable deductions have been made.

The Association agrees to defend, indemnify, and hold the district (suits by the district excepted) harmless against any and all claims, suits, orders, or judgments brought or issued against the district as a result of any action taken or not taken by the district pursuant to proper implementation of this section, contingent upon: (1) the district's agreement that the Association shall be authorized to defend such suit through a mutually agreed upon attorney; but if agreement cannot be reached, an attorney will be selected by an arbitrator; and (2) the district's agreement to provide full cooperation and information to the Association in defending any suit which may be brought against it as a result of this agreement.
ARTICLE III - ASSOCIATION & BOARD RIGHTS & RESPONSIBILITIES

Section 7

RELEASED TIME

Members of the Association may, upon written request and subject to the approval of the Superintendent or his/her designee, be granted released time. The Association will submit the names of Association members and the expected days desired to be absent for the school year, if known. All additional requests must be submitted at least five (5) working days in advance of the expected day(s) of absence.

The district shall make salary payments to and insurance contributions on behalf of such teacher if the teacher were not on released time, provided that the Association shall reimburse the district for those salary and insurance costs to the district allocable to the released time. When detailed plans for a guest teacher are required of a teacher, the Association shall reimburse the district for the cost of the guest teacher only.

In the event the Association fails to reimburse the district as required above, the district may, at its discretion, cancel this section in its entirety.

ARTICLE III - ASSOCIATION & BOARD RIGHTS & RESPONSIBILITIES

Section 8

BUILDING REPRESENTATIVES

Association building representatives shall meet with individual school principals periodically at mutually-arrived times to discuss the administration of this Agreement as it relates to that particular school and other matters of concern to either party, provided that neither the principal nor the Association building representatives have the authority to reach any decision which changes this Agreement.

Association building representatives may request information regarding building’s long-term maintenance plans and major curriculum changes, including the district’s computer plan for the building. Building representatives may also have the opportunity for input prior to any final decision on the initial building budget preparation.

If the building principal and a majority of teachers in a building approve, then the Association building representative shall not be assigned nonclassroom supervision of students.

ARTICLE III - ASSOCIATION & BOARD RIGHTS & RESPONSIBILITIES

Section 9

MANAGEMENT RIGHTS

The management and operation of the district and the direction of staff members are vested exclusively in the district subject to the terms of this Agreement. All matters not specifically and expressly controlled by the language of this Agreement may be administered for the duration of this Agreement by the district in accordance with such policy or procedure as the district from time to time may determine. Nothing in this agreement shall be construed to be a delegation to others of the policy-making authority of the Board, which authority is specifically reserved by the Board.
ARTICLE III - ASSOCIATION & BOARD RIGHTS & RESPONSIBILITIES

Section 10

NO STRIKE - NO LOCKOUT

There shall not be authorized any strike, slow down, or any other stoppage of work by the Association, regardless of whether an unfair labor practice is alleged. Should a strike, slow down or stoppage by the Association members occur, the Association shall immediately instruct its members to return to work. If the teachers do not resume work as required by the Agreement immediately upon being so instructed, they shall be subject to discipline, including discharge.

The district would also agree that there will be no lockout of teachers represented by the Association.

This section of the Agreement may be reopened each year in July by either party, and shall remain open until agreement is reached on this section by both parties.

ARTICLE IV - TEACHER RIGHTS

Section 1

INDIVIDUAL RIGHTS

There shall be no discrimination against any teacher by reason of race, creed, color, marital status, sex, handicap, age, national origin or because of their membership or non-membership in employee organizations or in their exercise of other rights under Chapter 41-59 RCW.

Teachers shall be able to work in an environment free from sexual harassment.

The exercise of full rights of citizenship is guaranteed by the district for teachers. Teachers may also express themselves in the classroom in a manner which best enhances the students' right to learn. In exercising this academic freedom the teacher is responsible to use expression in a manner which is appropriate to the age and maturity of the student's level of development, and subject to reasonable limitations placed by the district.

Free interchange of ideas leading to clearer understandings at the maturity level of pupils must be expected as a part of effective teaching. This freedom is restricted when it conflicts with basic responsibility to utilize properly the current district-authorized courses of study, district rules, or regulations. Any challenge of teachers' use of educational materials on the basis of suitability, upon their presentation of ideas, or upon their literary merit, shall be resolved by utilizing Policy 6124, Controversial Issues, and/or Policy 6001, Instructional Materials.

The principle of academic freedom or expression for teachers shall not supersede the basic responsibilities of the teacher to the education profession. These responsibilities include: (a) a commitment to support the Constitution of the United States, (b) a concern for the welfare, growth, and development of children, and (c) an insistence upon objective scholarship.
ARTICLE IV - TEACHER RIGHTS

Section 2

JUST CAUSE

No teacher shall be disciplined or reprimanded without just and sufficient cause. No teacher shall be subject to discrimination, intimidation, or harassment due to his/her dissent and/or differences with the administration. If a teacher objects to any disciplinary action, the teacher may use the grievance procedure including binding arbitration. The specific grounds forming the basis for disciplinary action will be made available to the teacher in writing.

The district shall follow a policy of constructive discipline which shall normally include verbal warning, reprimand, and suspension without pay with nonrenewal or discharge as a final and last resort. Any disciplinary action affecting a teacher shall be appropriate to the behavior which precipitated the action.

Constructive discipline shall not apply in cases of deficient teacher proficiency covered by Article VIII, Evaluation, or conduct which is of a serious or aggravated nature.

Prior to or at the outset of a meeting held to discuss allegations that may warrant suspension or dismissal, the teacher shall be informed of the purpose, possible outcome, and that the teacher has the right to have an association representative present at the meeting.

The nonavailability of an association representative shall not prohibit the investigatory meeting from taking place. The Association representative shall not obstruct or interfere with the interview.

Any complaint not called to the attention of the teacher may not be used as the basis for disciplinary action or adverse evaluation against the teacher. Any written record made of a complaint against a teacher must be called to the attention of the teacher within ten (10) working days of the time the record was made.

This section and the grievance procedure, including binding arbitration, will not apply to matters regulated by law, including teacher proficiency (except for procedural matters covered under Article VIII, Evaluation), nonrenewal of contract for continuing or provisional employees, discharge or adverse effect of contract.

ARTICLE IV - TEACHER RIGHTS

Section 3

PERSONNEL FILE

One permanent personnel folder shall be maintained for each employee of the bargaining unit and may contain, but not be limited to: the original employee application, payroll authorizations, recommendations, transcripts, correspondence, pertinent data concerning the employee and evaluation reports. Employees shall, upon request, have the right to inspect all contents of their complete personnel file kept within the district and/or building. The employee may be accompanied by another person of the employee's choosing to review the personnel file.

Beginning September 1, 1987, any "Substitute Performance Report" shall become a part of the employee's personnel file.

KEA/KSD Negotiated Agreement 11 8/27/93
The employee has the right to add information in explanation of materials already in the folder and may add other items relevant to his/her employment.

Any materials filed longer than five (5) years in the personnel file kept within the district and/or building shall, at the employee’s request, be removed provided: 1) the materials are not required to be retained by law, or 2) the materials are not part of a formalized continuing action, or 3) that the district may keep documents regarding allegations of physical or sexual abuse for more than five (5) years if these documents are keep in a sealed file outside the district in the possession of the district’s legal counsel. Such requests shall be made in writing.

ARTICLE IV - TEACHER RIGHTS

Section 4

TEACHER PROTECTION

The Board will continue teachers as additional named insured on the district’s liability and errors and omissions insurance programs. The scope of protection will not exceed the coverage purchased for the district; provided such insurance includes malpractice protection for school nurses, psychologists, Communication Disorders Specialists, physical and occupational therapists; and provided further that the district agrees to defend, indemnify, and hold the teacher harmless against any and all claims, suits, orders, or judgments brought or issued against the teacher as a result of any action taken or not taken by the teacher in the course of performing her/his job.

The district agrees to select an insurance carrier who also agrees to defend, indemnify, and hold the teacher harmless against any and all claims, suits, orders, or judgments brought or issued against the teacher as a result of any action taken or not taken by the teacher in the course of performing her/his job, excluding gross and/or willful negligence.

The Board of Directors will provide teachers’ insurance* to pay for loss or damage to personal property of school employees when engaged in the maintenance of order and discipline and the protection of school personnel and students and the property thereof.

*NOTE: Such insurance supplements the individual teacher’s insurance which provides the primary coverage.

ARTICLE IV - RIGHTS AND RESPONSIBILITIES

Section 5

RIGHTS, RESPONSIBILITIES AND AUTHORITY OF TEACHERS

A. Teacher Responsibilities. Teachers shall have the following responsibilities with respect to the discipline of students:

1. Each teacher shall enforce the prescribed school district rules for student conduct.

2. Each teacher shall comply with school district and building rules and guidelines relating to the discipline of students.

3. Each teacher shall maintain good order and discipline of students in the teacher’s classroom when students are under the teacher’s supervision, and/or in the teacher’s presence.

KEA/KSD Negotiated Agreement 12 8/27/93
4. Each teacher assigned to classroom duties shall keep and maintain accurate attendance records of students.

5. Each teacher shall conduct herself or himself in a professional manner and shall avoid making any statement to any student which may be demeaning or personally offensive to any student or group of students.

B. **Teacher Authority and Methods of Student Control**

1. **Teacher Authority:**

   Subject to the limitations set forth below in connection with the emergency removal and corporal punishment of students, all teachers shall have the authority to discipline any student for any disruptive or disorderly conduct or other violation of rules for student conduct which may occur in the presence of the teacher's supervision. Teachers may also recommend the suspension or expulsion of students to the proper school authorities.

2. **Methods of Student Control**

   a. **Discipline.** Discipline shall mean all forms of correction other than suspension and expulsion and shall include the exclusion of a student from a class for a period of time not exceeding the balance of the school day. Discipline shall also mean the exclusion of a student from any other type of activity conducted by or in behalf of the school district. The forms of discipline set forth below are not intended to exclude the imposition of other appropriate forms of disciplinary action.

   No form of discipline shall be administered in such a manner as to prevent a student from accomplishing specific academic grade, grade level or graduation requirements or adversely affecting a student's academic grade or credit in a subject or course because of tardiness or absences, except to the extent that the student's attendance and/or participation is related to the instructional objectives of the subject or course and such attendance and/or participation has been identified pursuant to the school district policy as a basis for grading.

   b. **Detention.** Teachers and other certificated employees shall have the authority to detain students under their supervision for up to forty (40) minutes after the regular student dismissal time. Detention will not extend beyond the time of departure of the bus upon which the student can ride unless prior arrangements have been made with the student's parents or guardian.

   c. **Removal.** Any student who creates a disruption of the educational process in violation of the building disciplinary standards while under a teacher's immediate supervision may be excluded by the teacher from his or her individual classroom and instructional or activity area for all or any portion of the balance of the school day or until the principal or designee and teacher have conferred, whichever occurs first: PROVIDED, That except in emergency circumstances, the teacher shall have first attempted one or more alternative forms of corrective action; PROVIDED FURTHER, That in no event without the consent of the teacher may an excluded student be returned during the balance of that class or activity period.
d. **Emergency Removal.** A student may be removed immediately from a class, subject or activity by a teacher or administrator and sent to the principal or a designated school authority, provided that the teacher or administrator has good and sufficient reason to believe that the student's presence poses an immediate and continuing danger to the student, other students, or school personnel or an immediate and continuing threat of substantial disruption of the class, subject, activity, or educational process of the student's school. The removal shall continue only until the danger or threat ceases or the principal or designated school authority acts to impose discipline, impose a short-term suspension, initiate a long-term suspension or an expulsion, or impose an emergency expulsion.

The principal or designated school authority shall meet with the student as soon as reasonably possible following the student’s removal and take or initiate appropriate corrective action or punishment. In no case shall the student’s opportunity for such meeting be delayed beyond commencement of the next school day. The teacher or administrator who removed the student shall be notified of the action which has been taken.

e. **Corporal Punishment.**

Corporal punishment shall not be authorized as a means of disciplining students in the Kent School District. District staff may use reasonable force when deemed necessary to restrain a student.

Explanatory Note:

Suspension requires the principal to deny a student the right of attendance for a stated period of time.

C. **Teacher Rights.** Teachers shall have the following rights with respect to discipline of students.

1. Each teacher shall be entitled to appropriate assistance and support from building administrators in connection with discipline problems relating to student.

2. Each teacher shall be advised of any complaint from an identifiable source made to the principal or other school district administrator regarding the teacher’s discipline of students. The teacher shall be given the opportunity to present her/his version of the incident and to meet with the complaining party in the event that a conference with the complaining party is arranged.

3. Each teacher may use such action as is necessary to protect herself or himself, a fellow teacher or administrator, or a student from attack, physical abuse or injury.

4. Each teacher is entitled to an annual review of the written school district and building rules and guidelines relating to the discipline of students.
5. Each teacher required to accept a student into class who has committed physical or verbal assault upon a teacher shall have the authority to impose emergency removal and recommend an appropriate sanction which may include suspension or expulsion upon said student for misconduct. Before any student is admitted into a class after having committed physical or verbal assault upon any teacher or if the student has a documented history of violent or threatening behavior, all receiving teachers shall be notified. At the request of the teacher(s), a plan of action for behavior improvement and specific behavior expectations shall be developed by the principal and the appropriate teacher. The principal and the teacher shall meet with the parents or guardians and the student to review and discuss the conditions of behavior improvement and behavior expectations before the student will be admitted to the class.

ARTICLE IV - RIGHTS AND RESPONSIBILITIES

Section 6

EMPLOYMENT CONTRACTS

A. General Conditions

1. No teacher shall be employed in a position of a certificated employee with the district except by written order of a majority of the Board of Directors of the district at a regular or special meeting thereof, nor unless the teacher is the holder of a valid certificate required by law or the State Board of Education for the position for which the teacher is employed.

2. The Board shall make with each teacher employed by it a written contract, which shall be in conformity with the laws of the state, and except as otherwise provided by law, limited to a term of not more than one year. The contract forms for regular, supplemental, and separate contracts are attached hereto as Exhibits E, F, and G. Every such contract shall be made in duplicate, one copy to be retained by the school district superintendent or secretary, and one copy to be delivered to the employee.

3. Release from contract. A teacher under contract shall be released from the obligation of the contract upon request under the following conditions:
   a. A letter of resignation must be submitted to the Human Resources Office with a copy to the teacher’s immediate supervisor.
   b. A release from contract prior to August 1 shall be granted provided a letter of resignation is submitted prior to that date.

Certificated employees may be hired on a leave replacement contract basis to replace a teacher who has been or will be on a leave of absence, either with or without pay, for a period exceeding three (3) months. Such contract will not be issued, however, unless the district holds a written statement from the teacher on leave to the effect that the teacher will not return for the balance of the leave replacement contract.

2. Length of Contract. The length of the annual teacher contract shall be one hundred eighty (180) days in total.

C. Other Contracts

      (2) The duty is no longer authorized; or

      (3) The performance of the duty was “not satisfactory,” pursuant to Article X, Section 1.

   c. Should a supplemental contract not be reissued, the teacher is entitled to a written statement from the immediate supervisor stating the specific cause (s) for non-issuance of the contract.

2. Separate contracts for Educational Excellence

   a. There shall be a separate contract for Board-authorized additional days/duties pursuant to Section 7, SB 3235, 1985 Laws of Washington, for:

      (1) Additional days/duties pursuant to Article VI, Section 7-B; and

      (2) The following specific additional days/duties, provided that employees who are offered such contracts shall, as a condition of employment, be required to accept and perform such contracts:

b. Separate contracts for additional days/duties are for one year. A teacher with a separate contract shall have no right to be reissued a separate contract for the ensuing year.

c. Separate contracts shall be governed by Section 7, SB 3235, 1985 Laws of Washington, and not by the provisions of this Agreement, except as specified in paragraph 2-a and -b, above, and the corresponding salary provisions of Article VI, Section 7.

D. Performance of Educational Services

The parties recognize that an integral part of the district’s educational program is provided by a professional staff with teaching or ESA certificates. Therefore, it is the intent of the parties that work currently performed by members of the bargaining unit pursuant to “Certificated Employee Contracts” will continue as a rule to be performed by bargaining unit members, assuming qualified personnel are available. This intent means that, subject to the district’s authority under Article VII, Section 8, bargaining unit members will not be laid off due to changes in the method of providing educational services in the district. This intent also means that new professional staff positions due to enrollment growth will be filled by qualified certificated personnel. At the same time, the Association recognizes that program needs and financial opportunities warrant the continued practice of using nonbargaining unit individuals for projects and programs on a limited basis.

ARTICLE IV - TEACHER RIGHTS

Section 7

ASSIGNMENT

Assignment is defined as a specific grade level and/or subject to be taught in a specific school building or buildings by a teacher in a particular academic year.

The Board recognizes that its obligation is the needs and interests of students. However, the board also recognizes it is desirable to consider the interests and aspirations of its teachers in the selection and assignment process as well. All teachers shall be assigned on the basis of their professional qualifications and certifications in accordance with the laws of the State of Washington and regulations of the Department of Public Instruction.
Secondary teachers will normally be assigned in their major or minor field of study, the district will not normally assign an elementary teacher with less than one year's successful experience to a K-6 regular combination class. (This excludes classes other than regular K-6, i.e., all specialty teachers and specialists.) However, in order to complete the preparation of teaching schedules, it is recognized that teachers must be assigned in order to make a matching of students' needs and request for classes with the teachers available.

Principals are encouraged to consult teachers regarding the subjects and/or grade level they would prefer to teach. Principals will review such preferences and consider them in the preparation of teaching assignments. Prior to the end of the school year, principals will make a reasonable effort to determine teacher assignments and to make the information available to teachers. If it is determined that a change in an assignment must be made, the teacher will be notified as soon thereafter as possible of his/her assignment in writing and, where applicable, the notification will include the position, building, grade level or class or subject or courses and other pertinent facts concerning the assignment.

If a change in an elementary assignment occurs during the school year, the teacher will be relieved of regular duties one (1) school day to complete the change.

Supplemental contract positions shall not be obligatory but shall be with the consent of the teacher. Preference in making such assignments shall be given to teachers under contract.

**ARTICLE IV - TEACHER RIGHTS**

**Section 8**

**VACANCIES AND VOLUNTARY TRANSFERS**

A vacancy shall be defined as a new position or a position not already filled by a teacher from within a building.

A transfer shall be defined as a change from one building to another without change in salary.

Vacancies for positions covered by this bargaining unit will be announced in district bulletins, copies of which will be mailed to the Association Office as they become known, except: (a) for a leave replacement contract position and (b) for positions where a person previously on leave replacement contract is being recommended to fill the vacancy. Prior to the summer vacation period, the district shall provide information to teachers regarding the use of the certificated job line for announcement of summer vacancies.

Vacancies for any positions covered by this bargaining unit which may only be filled from teachers already in the building will first be announced in building bulletins and/or in letters which will be mailed to the teachers in the building.

Transfer request forms shall be available to all teachers in their buildings or district office. Use of the form shall not be prejudicial to the teacher's professional standing.

As vacancies occur, a teacher may request consideration for transfer by completing a Transfer Request form and submitting it to the Personnel office within seven (7) days of the announcement of the vacancy. During the summer vacation period, the Request for Transfer form may be submitted by a teacher's designee. In the event the Principal is unavailable at the time a teacher or designee submits a Request for Transfer form during the summer vacation period, the district shall waive the requirement for the Principal's signature.
Teachers will be considered for an interview according to the certification required, and the specific requirements of the position as listed in the vacancy announcement. Teachers not meeting the minimum requirements of the vacancy shall be notified in writing by the Personnel office when an interview was not granted. Teachers meeting the minimum requirements will be notified of their interview time.

The district recognizes that its obligation is the needs and interests of students. However, the district also recognizes it is desirable to consider the interests and aspiration of its teachers in filling vacancies and making transfers. Therefore, the district in making a determination in relationship to a vacancy shall utilize the following criteria:

1. Qualifications of the teacher.
2. Requirements of the position.
3. Program needs of the district and the individual school.
4. Suitability of the teacher in terms of the needs of the position, including success in previous assignments.
5. Teachers previously appointed to positions through involuntary transfer.
6. Ability and performance being equal, the teacher with the most seniority shall have his/her preference.

The district will give consideration to the preference the teacher has requested but may deny transfer if, in its opinion, the transfer is not in the best interest of the district. When, after an interview, a transfer request is denied, the Human Resources Office shall notify the teacher in writing of the decision reached. All teachers whose transfer requests have been denied shall have the opportunity to discuss reasons for the denial with the principal. However, the teacher shall have the responsibility of initiating such request, and it must be accomplished within seven (7) days of the date of the letter of denial.

Transfer During a School Year

Requests for transfer being implemented during the current school year shall only be considered with approval from the teacher's immediate supervision and appropriate area manager.

If a transfer occurs during the school year, the teacher will be relieved of regular duties two (2) school days to complete the transfer.

**ARTICLE IV - TEACHER RIGHTS**

**Section 9**

**IN VOLUNTARY TRANSFER**

An involuntary transfer shall be defined as a change from one building to another without change in salary when the teacher has not requested such transfer.

It is recognized that an involuntary transfer is not a generally satisfactory method for filling a vacancy and, as such, will not be resorted to unless all other reasonable avenues have been pursued. However, the parties recognize that because of overstaffing a building or the loss or relocation of a program, it may be necessary to involuntarily transfer teachers. The teacher with the least seniority in an elementary building, secondary department, or special program shall be involuntarily transferred unless there is an overriding program need. The district shall notify the teacher in writing when an involuntary transfer is made. In the event that there is more than one teacher being involuntarily transferred at the same time, then the teacher with the greatest seniority shall be given first choice of the positions being filled involuntarily.

KEA/KSD Negotiated Agreement 19 8/27/93
For the purpose of involuntary transfer, and for that purpose only, the seniority of a teacher who, in the immediately preceding twelve (12) months had a leave replacement contract which was changed to provisional or continuing status, shall be:

1. considered to be less than the seniority of any teacher in that elementary building, secondary department, or special program and

2. the normal definition of seniority in the case of two teachers in this circumstance in the same elementary building, secondary department, or special program.

If an involuntary transfer occurs during the school year, the teacher will be relieved of regular duties two (2) school days to complete the involuntary transfer.

Persons involuntarily transferred shall have the first priority in filling vacancies from which they were involuntarily transferred within a two (2) year period from the time the teacher was transferred.

**ARTICLE IV - TEACHER RIGHTS**

Section 10

**JOB SHARING**

1. **Definition**

   Job sharing shall refer to two (2) teachers sharing one (1) full-time position or to one (1) teacher filling a part-time position while also being on part-time annual leave for the balance of a full-time contract.

2. **Responsibilities of an assignment by two (2) job sharers may be divided and/or allocated according to a plan designed by the job sharers with the approval of their immediate supervisor.**

3. **Job sharing assignments shall be filled only by teachers who have jointly agreed to work together.**

4. **Teachers holding job sharing assignments shall be granted the appropriate annual fractional leave which may be renewed upon mutual agreement of the teachers, immediate supervisor, and the Human Resources Office.**

5. **In the event a long-term replacement is required for a job sharer, the district will ask the remaining teacher if she/he would like to fill the position.**
ARTICLE IV - TEACHER RIGHTS

Section 11

STAFF REALLOCATION

It is recognized that a need exists to provide reallocation of staff to meet the unique needs of both the individual employee and the district. The reasons for such staff reallocation may be staff revitalization, staff compatibility, resolution of a personal problem, or maintenance or improvement of the educational program. Staff reallocation shall be limited so as not to be overly disruptive to an individual building. Accordingly, transfers for the following year, may be made, notwithstanding any other provision(s) of this Agreement. The individual transfer may be requested by the teacher and/or the building/program administrator and shall be decided by the superintendent or his/her designee and the Association President. Employee(s) so transferred shall be notified in writing as soon as possible, but not later than June 10 of the school year. The written notification shall include the reason(s) for the staff reallocation.

The provisions of Article IX of this Agreement relating to grievances shall not be applicable to assignments made using the staff reallocation process.

ARTICLE V - LEAVES

Section 1

LEAVE FOR ILLNESS, INJURY AND EMERGENCIES

Each teacher under contract with the district shall be granted twelve (12) days annual leave for illness, injury and emergencies as defined herein (referred to hereafter as “sick leave”).

Sick leave accumulated by a teacher while employed in a certificated position in any school district in the state shall be granted to such person upon employment in the district, provided such accumulated sick leave is verified by the previous employer(s).

Compensation for sick leave shall be the same as the compensation the person would have received had such person not taken sick leave.

The district shall administer a leave sharing program as authorized by Chapter 392-126 WAC and by District Policies and Procedures.

Any sick leave not taken shall accumulate from year to year unless the teacher elects to be paid for some accumulated sick leave under the Attendance Incentive Program as provided by the following: (1) in January any eligible employee may exercise an option to receive remuneration for unused leave for illness or injury accumulated in the previous year at a rate equal to one day’s monetary compensation of the employee for each four full days of accrued leave for illness or injury in excess of sixty (60) days. Leave for illness or injury for which compensation has been received shall be deducted from accrued leave for illness or injury at the rate of four days for every one day’s monetary compensation; PROVIDED that no employee may receive compensation under this section for any portion of leave for illness or injury accumulated at a rate in excess of one day per month; (2) at the time of separation from school district employment due to retirement or death, an eligible teacher or the teacher’s estate shall receive remuneration at a rate equal to one day’s current monetary compensation of the employee for each four days accrued leave for illness or injury. No more than 180 accrued sick leave days shall be eligible for conversion.
For any absence in excess of five (5) consecutive working days, certification must be made by a practicing physician, dentist, or other person licensed to perform customary health services that absence was due to illness, or injury, and must be renewed every ten (10) days, unless other arrangements are approved by the Human Resources Office. After an employee uses fifteen (15) days of sick leave during any one school year, the district may require certification by a practicing physician, dentist, or other person licensed to perform customary health services that any additional use of sick leave is due to illness or injury.

In the case of a strike or work stoppage by any association or union associated with the Kent School District, the Board of Directors reserves the right to ask for a doctor’s validation of illness provided the Board acts to give advance notice that this provision will be implemented during a specific time.

Experience credit for determining salary schedule placement and seniority shall be the same as the experience credit the teacher would have received had such person not taken sick leave.

Any teacher returning from taking sick leave shall be assigned to the same position held at the time the leave commenced, or if such leave extended from one (1) school year into the subsequent school year and that position is no longer available, such teacher shall be assigned to an equivalent position.

“Emergency: for the purposes of this Section shall be limited to a serious illness, injury or disability of the dependent child of the teacher which necessitates the presence of the teacher to care for the child or shall be limited to a serious illness, injury, or disability of the spouse of the teacher which necessitates the presence of the teacher to care for the spouse as certified in writing by the teacher’s physician. A maximum of five (5) days may be used each school year for the care of mother/father, mother-in-law/father-in-law as certified in writing by a physician. The Kent School District may require the teacher to furnish evidence that no alternative to the teacher’s absence is practicable.”

No leaves of this type will be granted on the days directly before or after holidays; however, discretionary leave may be used for such days for one of the following reasons, provided that, in this case only, the employee specifies one of the following reasons as the reason for absence.

   2.1 Legal affairs or business obligations that are of an important nature and cannot be conducted at another time.

In situations when advance notification cannot be given, the principal or supervisor shall be notified as soon as possible.

4. Such leave shall be noncumulative.

5. Employee Discretionary Leave may not be used for any day on which the district operates under an emergency schedule due to inclement weather, unless such leave is prearranged at least two days in advance as outlined in item #3b of this section.

6.1 Discretionary Leave Incentive: A fund shall be established in September for each teacher who did not use his/her employee discretionary leave during the prior school year. The amount placed in the fund shall be equal to the then daily guest teacher rate of the prior school year times the number of unused discretionary leave days. The fund will be available to the teacher for expenditure during the current school year, provided the usual purchasing procedures for his/her building/department are followed.

or

6.2 An employee may exercise an option to receive remuneration for unused discretionary leave as of June 30 annually. To exercise this option the employee shall make a written notice to the payroll office before July 1 on the form provided by the district. Remuneration shall be equal to the then daily guest teacher rate times the number of discretionary leave days balance. The discretionary leave balance shall be reduced to zero (0). **SHORT-TERM LEAVE WITHOUT PAY (LWOP)**

Purpose: The district and the Association recognize that employees are committed to meeting the needs of their students, public, and colleagues. They also recognize that employees may at certain times have personal or family needs, or professional opportunities to broaden or enhance their job skills which may conflict with job responsibility. To resolve these conflicts, the parties hereby establish a collaborative process to accommodate an employee’s need for leave without pay.

**Exhaustion of or inability to use discretionary leave.** In the event an employee has exhausted discretionary leave and/or the employee is unable to use discretionary leave, opportunities will be made available for employees to utilize leave without pay given the following conditions:

   - Family hardships not covered by paid leaves (including illness)

2. The request for leave without pay shall be made to the employee’s supervisor no later than five (5) school days in advance of the first day of absence. In the event of an emergency or an extraordinary situation, the KEA President and district representative who review LWOP request may waive the five (5) day notification without pay, and attach a complete explanation of the request. The principal/supervisor signature on the absence form indicates an awareness of the request but does not imply approval.

3. The total leave without pay and discretionary leave absences shall not exceed 15% absences in a building on any school day, with the exception of the first day of school, the day before and after winter break, the day before and after spring break and the last day of school. On those days the limitation shall not exceed 10%. The limitation shall be administered on a first-come, first-serve basis at the building level.
4. An individual employee shall have the opportunity for leave without pay for a total of ten (10) days in a five (5) year period provided that leave without pay is limited to a total of five (5) consecutive days absence. In the event the KEA President and district designee agree an extraordinary situation or emergency exists, the five (5) day limitation may be waived.

5. Use of leave without pay for extraordinary trips or travel is limited to twice in any five (5) year period.

6. Payroll deduction: Leave without pay shall be deducted at 1/180 of the employee’s base contract for each day of absence. Payroll shall make the deduction using the established payroll cutoff dates.

7. All leave without pay requests shall be reviewed by the KEA President and a district designee. A joint committee of two (2) KEA and two (2) district members shall be formed for the following purposes:

   - Hearing appeals
   - Taking referrals from the KEA President and district designee
   - Reviewing the LWOP log
   - Assuring fair implementation of the guidelines

Exhaustion of sick leave. For reasons valid under the conditions specified in this collective bargaining agreement for sick leave, anyone who exhausts sick leave will be granted leave without pay due to the exhaustion of sick leave. The stipulations of the bargaining contract apply regarding physician verification, etc.

ARTICLE V - LEAVES

Section 14

LEAVE PROVISIONS

All leaves of absence for a period of one (1) year or more shall require approval of the Board of Directors.

Leaves of less than one (1) year without pay may be approved and granted by the Superintendent or designee.

Leaves not requiring approval of the Board of Directors will require that the employee submit a “Reason for Absence” form upon return to service. Forms shall be provided by the district for this purpose. The forms shall not be in conflict with the terms of the Agreement.

An employee on Maternity/Paternal Leave, or a Leave for Study shall not be denied the opportunity to be placed on the guest teacher list.

While on a leave of absence, the employee shall have the option to remain an active participant in fringe benefit programs by contributing thereto the amount required, but with no district contribution.

Reemployment rights: Assignment upon return from leave without pay shall be guaranteed and shall be into the teacher’s former position if available, or if not available, at least an equivalent position. Such teacher shall retain all rights, seniority and benefits commonly afforded educators on leave without pay, including those under the continuing contract statutes.
ARTICLE V - LEAVES

Section 15

FAMILY AND MEDICAL LEAVE

In accordance with the Family and Medical Leave Act (P.L. 103-3) and in addition to any other leave provisions in this Agreement, every eligible teacher shall have the right to take up to a combined total of twelve (12) weeks of leave without pay per school year in connection with: (1) the birth and first year of care of a child; (2) the adoption or foster parent placement of a child; (3) the serious health condition of an employee’s spouse, child, or parent; and (4) the employee’s own serious health condition. When medically necessary, leave may be taken intermittently or on a reduced leave schedule (a leave schedule which reduces the number of hours per workday). The taking of leave intermittently or on a reduced leave schedule shall not reduce the total amount of leave to which the teacher is entitled.

A teacher shall be eligible to use the provisions of this section if the teacher was employed 1250 hours or more during the immediately previous school year.

A “serious health condition” means an illness, injury, impairment, or physical or mental condition that involves continuing treatment by a health care provider or inpatient care in a hospital, hospice, or residential medical care facility. A “parent” means a biological parent or de facto parent. A “child” means a biological, adopted, or foster child, a stepchild, a legal ward, or a child of a person standing in loco parentis, who is—(1) under 18 years of age; or (2) 18 years of age or older and incapable of self-care because of a mental or physical disability.

While a teacher is on Family and Medical Leave, the district and the teacher shall continue to make their respective contributions to the teacher’s benefits so that the teacher shall continue to receive benefits just as if the teacher were not on leave.

When foreseeable, the teacher must provide 30 days notice of the date when the leave is to begin, unless circumstances dictate otherwise, in which case the teacher shall provide such notice as is practicable.

The district may require the teacher to provide certification from teacher’s health care provider, or a family member’s health care provider as to: (1) the date that the condition commenced, (2) the duration, (3) the necessity for the teacher’s leave, and (4) the teacher’s inability to perform his/her job functions. Upon return to the work, the district may require the teacher provide certification from his/her health care provider that the teacher is able to resume work.

ARTICLE VI - SALARIES, STIPENDS, AND BENEFITS

Section 1

PROVISIONS GOVERNING TEACHERS’ SALARY SCHEDULE

A. General Condition

Each teacher’s salary for the current school year shall be determined by the teacher’s placement on the KENT TEACHERS’ SALARY SCHEDULE which is attached as Exhibit H. Prior to September 1 each year, parties shall reopen bargaining on Exhibit H for the ensuing school year.

KEA/KSD Negotiated Agreement 29 8/27/93
B. Compliance: It is the intent of the parties to comply with the limitations imposed by RCW 28A.400.200 and the State Budget. No provisions of the Agreement shall be interpreted or applied so as to place the district in breach of the salary limitations imposed by state law or subject the district to state funding penalty.

C. Salary Placement

Teachers shall be placed on the Salary Schedule according to:

1. Criteria established by the State Law, WAC and as further specified in the annual SPI reporting guidelines for the S-275 report, and

2. Certification, degree, official transcripts, and experience verification on file as of the date of issuance of the individual teacher contract. Adjustments will be made as per D, below.

D. Advancement

1. No advancement on the salary schedule shall be made until the appropriate documentation (certification, degree, official transcripts, and experience verification) is registered in the Human Resources Office.

2. Any returning teacher planning on advancement for the ensuing school year must:
   a. Have all necessary course credit or experience necessary completed prior to September 1 of the ensuing school year, and
   b. Have appropriate documentation on file prior to November 1 each year for advancement credit for that school year. Salary advancement shall not be credited any later than November 1 of the fiscal school year, unless the teacher can produce evidence that the circumstances were beyond his/her control.

3. All new hires must have appropriate documentation of all course credit, including clock hours, and experience registered in the Human Resources Office within ninety (90) calendar days of their first day of work in order for the credit and/or experience to be applicable to the current year salary, unless the teacher can produce evidence that the absence of the documentation is beyond his/her control. Documentation received after the cutoff date will be applicable for the following school year in accordance with the terms and conditions of the applicable collective bargaining agreement.

4. Advancement shall further be in accordance with criteria established by the State Law, WAC and as further specified in the annual SPI reporting guidelines for the S-275 report.

ARTICLE VI - SALARIES, STIPENDS, AND BENEFITS

Section 2

GUEST TEACHER SALARIES AND OTHER CONDITIONS

A. There shall be two classifications of guest teacher service.

1. Regular guest teachers.
2. Long-term guest teachers utilized in assignments of 20 consecutive days or more in the same assignment.

B. The base rate of pay for guest teachers shall be as follows:

1. Full day--76.7% of BA minimum per diem salary
2. Half day--44.25% of BA minimum per diem salary
3. In-service opportunities designated by the district for pay for guest teachers will be compensated at hourly rate of (Half day pay + 4).
4. Long-term guest teacher assignments of twenty (20) days or more shall be paid in accordance with the Teacher's Salary Schedule retroactive to the first day of assignment.

C. Conditions

1. An assignment of less than four (4) hours per day shall constitute a one-half day assignment. For special purposes, a guest teacher may be assigned for an additional hour. The rate of pay will be half day rate + 4. In all other situations, or if the special purpose is for more than one (1) hour, an assignment of four (4) hours per day or more shall constitute a full-day assignment.
2. The work day for a guest teacher shall be the same as the work day of the regular teacher whose position the guest teacher is filling, or that portion of the regular teacher's work day for which the guest teacher is assigned.
3. In the event a guest teacher called by the district reports for duty, and no assignment exists, the guest teacher may choose to remain at the building on an alternate assignment designated by a building administrator for one-half day and be paid the one-half day rate, or may choose to leave the building and receive no compensation.
4. Long-term guest teachers who are replacing a teacher whose normal assignment requires travel between schools or travel within the district on school business will be compensated for mileage as per Article VI, Section 11, Travel.
5. Guest teachers who serve two one-half day assignments in the same day, which requires travel to an additional building, shall be compensated at the rate of two one-half assignments, but shall not receive travel reimbursement.
6. Secondary guest teachers who serve six straight periods without a conference period shall be compensated at the rate of two one-half day assignments.
7. The district shall provide each guest teacher represented by the Association a Handbook, including copies of district rules and regulations affecting guest teachers, membership dues deduction information, a map showing building locations, a list of all school buildings, including addresses and phone numbers, application procedures, information relating to in-service opportunities, pay warrant data, and the Substitute Office phone number. Guest teachers may submit suggestions to the Human Resources Office for revisions of the Handbook.

At each building, the district shall provide the guest teacher with a folder which contains information pertinent to the guest teacher's assignment.
8. Principals who have supervised a guest teacher for ten (10) days or more will, upon request, complete a Professional Reference Form. A copy will be given to the guest teacher upon request.

D. Insurance Benefits

The district shall provide guest teachers who have been on the Kent guest teacher list for at least the past five consecutive years one of the medical insurance programs by paying their own premium. The method of payment shall be as follows:

1. Initially the guest teacher who is eligible for insurance coverage shall make the first month’s payment and a second month’s deposit. By the 5th day of each month, the guest teacher employee shall submit to the district payroll office a check in the amount of the premium due.

2. In a month when the guest teacher fails to deliver payment to the payroll office, the deposit will be forwarded to the insurance carrier as payment. If the deposit is used, the payroll office shall notify the guest teacher within two weeks that the deposit was used. The guest teacher shall be solely responsible for leaving another deposit with the payroll office within two weeks to make the premium payment if it is again necessary.

3. Failure to make the required payment to the payroll office as detailed in 1 and 2 above shall serve as the guest teacher’s notice to the district that the guest teacher wishes to discontinue his or her medical insurance coverage.

4. In order to identify a group of guest teachers who may participate in selected district insurance programs on a self-paid basis, in addition to those guest teachers who qualify under Article VI, Section 2, Subsection D of the Agreement between the parties, a Preferred Substitute Participation Plan (“Plan”) will operate as outlined below:

   a. Any guest teacher who worked as a guest teacher for 90 days or more in the district during the immediately preceding school year, and who remains available to work as a guest teacher in the district, may participate in the Plan by notifying the district before August 15 of his/her desire to participate in the Plan for the upcoming school year.

   b. Any guest teacher participating in the Plan shall be eligible to join, on a self-pay basis, any of the district approved medical insurance plans or other voluntary insurance plans, subject to any conditions imposed by the district’s insurance carriers. The method of payment shall be that which is outlined under Article VI, Section 2, Subsection D of the Agreement between the parties. The initial check must be received in payroll before August 15.

E. Leave for Illness, Injury, and Emergencies

1. Each guest teacher shall accrue one day of leave for illness, injury, and emergencies as defined herein (referred to hereafter as “sick leave”) for each fifteen days of guest teaching in the Kent School District. Any sick leave not used shall be accumulated from one school year to the next.

2. Guest teachers may apply sick leave only when assigned in a long-term assignment (as defined in B-3), and then only after the 20th day of that assignment. When sick leave is applicable, compensation shall be the same as the compensation the guest teacher would have received had such guest teachers not taken sick leave.
3. For any absence in excess of five (5) consecutive working days, certification must be made by a practicing physician, dentist, or other person licensed to perform customary health services that absence was due to illness or injury, and must be renewed every ten (10) days unless other arrangements are approved by the Human Resources Office. After an employee uses fifteen (15) days of sick leave during any one school year, the district may require certification by a practicing physician, dentist, or other person licensed to perform customary health services that any additional use of sick leave is due to illness or injury.

4. In the case of a strike or work stoppage by any association or union associated with the Kent School District, the Board of Directors reserves the right to ask for a doctor's validation of illness provided the Board acts to give advance notice that this provision will be implemented during a specific time.

5. "Emergency: for the purposes of this Section shall be limited to a serious illness, injury or disability of the spouse or dependent child of the teacher which necessitates the presence of the teacher to care for the family member as certified in writing by the teacher's physician. The Kent School District may require the teacher to furnish evidence that no alternative to the teacher's absence is practicable."

6. Guest teachers shall not be eligible for the Attendance Incentive Program.

F. The district shall furnish the Association a listing of all guest teachers employed by the district for more than thirty (30) days in the preceding school year and who are still on the guest teacher list for the current school year. The list shall be provided to the Association by September 30 of each year. In addition, a list of long-term guest teachers shall be provided to the Association quarterly.

G. All sections of this agreement shall apply to guest teachers except for the following:

- Article IV, Section 7 and 8
- Article V
- Article VI, Sections 8, 9, 10, and 12
- Article VII, Section 4 and 8
- Article VIII

ARTICLE VI - SALARIES, STIPENDS, AND BENEFITS

Section 3

COACHES' SALARIES

A. Computation of Coaches' Salaries.

1. Salary for Head Coach assignments:

The salary for a Head Coach assignment shall be determined by multiplying the Experience Level Factor times the Base Salary on the Teachers' Salary Schedule times the Scale Points for the sport or activity (summarized on the Senior High and Junior High Point Schedules).
2. **Salary for Assistant Coach assignments:**

The salary for an Assistant Coach assignment will be seventy-five per cent (75%) of the salary the person would receive in the Head Coach position.

3. **Minimums:**

   It is recognized that there is a minimum level in any sport or activity below which the remuneration will not attract qualified coaches. Hence, in any sport, the head coach will receive 10% of the base salary as a minimum amount.

B. **Experience.** A teacher shall be placed on the experience level corresponding to the number of seasons of experience coaching in a sport or activity or its equivalent. Experience equivalents shall be recommended by the Director of Athletics and approved by the Human Resources Office prior to the issuance of the supplemental contract.

   The experience level factors for each experience level are as follows:

<table>
<thead>
<tr>
<th>Experience Level</th>
<th>Experience Level Factors</th>

</thead>
<tbody>
<tr>
<td>0</td>
<td>.0088</td>

<tr>

</tr>
<tr>

<td>.0123</td>
</tr>
</tbody>
</table>

C. **Criteria and Scale Points for Establishing Schedule.**

The list of points under each of the five (5) different criteria shall be used to determine the number of scale points applicable for each sport or activity. The Senior High Scale Points and Junior High Scale Points Schedules attached show the summary of the scale points for each sport or activity.

**Length of Season**

This assumes a 3-hour daily time involvement and recognizes the number of weeks for the sport season (a coach not involved in three hours daily time involvement would have his/her points proportionately reduced).

   - 11 or more weeks = 6 points
   - 10 weeks = 4 points
   - 0 to 9 weeks = 2 points

**Number of Athletes**

This recognizes the number of athletes served in the prior year (for additional sports, an estimate would be made by the Athletic Director for the first year).

   - 80 or more athletes = 4 points
   - 50 to 79 athletes = 3 points
   - 20 to 49 athletes = 2 points
   - 5 to 19 athletes = 1 point
Competition Levels

This recognizes that some head coaches must manage more than one level of competition in that sport and that additional organization and supervision is necessary.

Equipment Management and Safety

B. Separate Contracts

1. Payment for the following district-authorized and administratively approved additional duties, which are beyond the regular contract duties, shall be provided on a separate contract pursuant to Article IV, Section 6-C-2, and compensated at each teacher's per diem, at an hourly rate of 1/180th of the annual salary, divided by 7.5 hours:

a. Department Heads: (Department head supplemental contracts issued for the 1990-91 school year shall continue to be issued as a supplemental contract.)

The following schedule shall be used for payment of secondary department heads:

</tr>
<tr>

</tr>
</tbody>
</table>

The procedure for payment shall be as follows:

(1) A teacher shall be allocated a stipend as secondary department head based on the total number of class sections the teacher is responsible for as department head.

(2) Senior high athletic department head will be placed in the 50 or more category. Junior high athletic department head will be placed in the 40-49 category.

b. Student instruction: Driver training, summer school, special education extended year, home tutoring, Saturday sessions, smoking clinic, and those other student instructional programs designated by the district for payment under this section.

c. Attendance at workshops approved in advance by the district for payment.

d. Services performed in district-approved curriculum development.

e. Services performed as district-approved elementary project leader.

KEA/KSD Negotiated Agreement 38 8/27/93
f. Services performed as support specialists for a period not to exceed twenty (20) consecutive days.

2. Additional Classes:

a. Secondary: Teachers who teach during the regular course of their work day one extra class beyond a 1.0 FTE, shall be paid in the following manner: For each extra class taught daily, the teacher shall receive 1/6th of 1/180th of the teacher’s regular contracted base salary.

b. Elementary: Teachers who teach during the regular course of their work day one extra P.E. or music class beyond a 1.0 FTE, shall be paid in the following manner: For each extra class taught daily, the teacher shall receive 1/9th of 1/180th of the teacher’s regular contracted base salary and for an extra class taught every other day, the teacher shall receive 1/18th of 180th of the teacher’s regular contract base salary.

3. Additional Days:

Payment for additional days, pursuant to Article IV, Section 6-C-2-a.-(2), for teachers under regular contract, psychologists, secondary counselors, secondary librarians, elementary librarians, vocational teachers, and department heads shall be at each teacher’s per diem, at a rate of 1/180th of the annual salary for each additional day.

4. Class Coverage:

a. A secondary principal (or her or his designee) may assign secondary teachers who offer to cover classes during their period of preparation time to cover classes for teachers who are required to be absent from class as authorized by the building administrator. In the event no teachers volunteer to cover classes during their preparation time, then the principal may require a teacher to cover a class during their preparation time, provided, no teacher may be required to cover a class again unless every other teacher with the same preparation time has also been required to cover a class as often as the teacher who is being required to cover a class again.

b. Employees assigned to cover classes during their preparation period will receive notice of the assignment 24 hours in advance, except in cases of emergency, and payment shall be made at each teacher’s per diem, at an hourly rate of 1/180th of the annual salary divided by 7.5 hours, for each period covered. For the purpose of computing compensation, covering a class for 25 minutes or more shall be considered as covering the class for a full period.

5. For the 1993–94 school year, the district will make available to each school/departmental program the following building-based fund for instructional program enhancement purposes. The fund will be generated on the basis of the equivalent of seven (7) days of staff time at each teacher’s per diem. The time will be paid at each teacher’s per diem, at an hourly rate of 1/180th of the annual salary, divided by 7.5 hours.

These days shall be divided into three categories and scheduled to be as follows:
This fund may be used for the following activities:
a. Section 6

PAYMENT PROVISIONS

Payroll checks shall be issued to the teacher on the last calendar day of each month, excluding Saturday, Sunday or holidays. December payroll checks shall be distributed on the last scheduled school day preceding the winter vacation. As an option each teacher may have his/her payroll check processed through the direct-deposit program, so long as the program is cost-free to the district.

Monthly salary payments shall be as follows:

1. For teachers who commence employment at the beginning of the year with a regular contract and are scheduled to work the full year, payment of the base contract shall be made in twelve (12) monthly installments, each payment being one-twelfth (1/12th) of the total base contract.

2. For teachers who commence employment after the beginning of the school year but before March 1 and who are scheduled to work the remainder of the school year, payment for the base contract shall be: (a) an initial payment calculated by Payroll to be the pro-rata monthly amount due for the first partial month followed by (b) the remaining salary being paid in equal monthly installments during the full months remaining through August 31. (Example: A teacher contracted to work from Feb. 7 through the remainder of the year would be on the payroll 6 3/4 months and would receive payment in 6 equal installments after the initial partial installment.)

3. For teachers who commence employment after March 1, and are scheduled to work the remainder of the year, payment of the base contract shall be paid through June with pro-rata calculations made for partial months. Employees in this category will have the option of continuing benefits, including payment of the district contribution, if any, through July and August through triple deduction on the June warrant.

4. For teachers who are hired on a partial contract, i.e., October 7 - March 15, payroll shall make pro-rata calculation for the beginning and ending months and equal installments for the months in between. (Example: Oct., prorated; Nov. Dec., Jan., Feb., equal installments; March, final payment of all salary due.)

5. For persons employed on a separate contract who do not hold a regular contract, salary payment shall be made in prorated monthly payments with final payment held pending receipt in payroll of notification from the building principal of completion of the assignment.

6. Payment for salary earned by regular staff in extra duties (i.e., effective education, special projects, project leader, class coverage, staff trainer, home tutor) shall be in accordance with the established payroll time sheet dates. Completed time sheets must be received in payroll by the established monthly cut-off date for payment to be made on that month’s warrant.

Time sheets for extra duties for the current school year must be received by payroll by the monthly cut-off date for September of the ensuing year. Payment will not be made for time sheets submitted after this established cut-off date, provided, that a written reminder is sent to all teachers on or before August 31.
On payday, each teacher shall receive a statement which shall itemize the teacher’s compensation and deductions for that month, leave time used during the month, and the balance of accumulated leave which remains. Each teacher shall also receive a statement each January of the total compensation and deductions for the prior calendar year.

In the event of a mistake in payment resulting in underpayment, corrections shall be made within five (5) working days of the request to make the correction.

All compensation owed to a teacher who is leaving the district shall be paid within thirty (30) days after the final day of work.

ARTICLE VI - SALARIES, STIPENDS AND BENEFITS

Section 9

INSURANCE BENEFITS

The district shall provide insurance premium payments towards premiums of approved district group insurance programs in accordance with the provisions and options outlined herein.
New teachers desiring coverage must enroll in the medical and salary insurance programs within thirty (30) days of their employment. Regular teachers shall have the option to change or enroll in insurance programs during the open enrollment period specified by the district (normally the month of September through the second Friday of October of each year). Enrollment in the mandatory dental, group term life, and long-term disability programs are automatic.

The district contribution shall be according to the following schedule for all eligible employees and their eligible dependents. The district contribution shall first go to the premium cost of the dental plan, group term life, and long-term disability, and then to the approved health insurance (See Exhibit I), provided that:

1. An employee must work a minimum of 3.75 hours per day to be eligible to enroll in the mandatory programs, and
2. An employee must work a minimum of 3.75 hours per day to be eligible to enroll in the medical program.

The dental plan shall be equivalent to the 1993–94 plan.

The schedule shall be:

- Teachers employed prior to the 1980/81 contract (and still under employment) who have been contracted at least half-time (.5 FTE) shall be eligible to receive the full district contribution of $317.79.
- Teachers employed since September 1, 1980, or who have had an FTE change since September 1, 1982, shall be eligible to receive a district contribution of $317.79 per month prorated on an FTE basis. A full FTE is equal to 1350 annual hours (180 days x 7.5 hours).

If the negotiated amount per teacher per month does not cover the premiums in full for those insurance plans above, the district shall deduct from the teacher’s monthly salary the amount necessary to pay the premium(s) due.

A teacher who is on an authorized leave of absence may elect to keep in force for one year only an insurance membership that was in effect while the teacher was previously on salaried status by reimbursing the district for the premium.

Monthly benefit provisions established for the employee shall commence with the first month’s salary warrant and shall continue through August of that school year except:

1. For those hired after March 1, for those resigning or being terminated in the month of June, an option will be available to keep their benefits in force through the summer via a triple deduction, if authorized by the employee, in the final June warrant. The triple deduction shall also include the district contribution.
2. For those who resign, are terminated, or the contract ends prior to June 1, the benefit payments shall cease with the final pay warrant.
In addition, any unused balance of the district fringe benefit contribution as of November 1, will be prorated to the district-funded benefits listed in Exhibit I for eligible employees after deducting the amounts paid part-time employees above the FTE rate. The total amount accumulated in this manner shall then be divided equally among the number of eligible teachers and proportionately to eligible part-time teachers. Beginning with the November payroll, the district contribution for the benefits will be $317.79 plus the November adjustment for the balance of the school year. Prior to September 1, 1994 and September 1, 1995, parties shall reopen bargaining on this section to set the district’s maximum contribution for the ensuing school year.

Both mentor and beginning/experienced teachers who participate will do so on a voluntary basis. Mentor teachers shall be selected by the consensus of a committee composed of the building principal and another administrator, and two teacher representatives. The teacher representatives shall be elected by a vote of all teachers in the building. Teachers who are applicants as mentor teachers shall not serve on the selection committee. In order for the committee to make its selection of the mentor teacher, all four members of the building’s selection committee must agree on the applicant selected. If all four do not agree, then no mentor teacher shall be selected for that beginning/experienced teacher. In making the selection of mentor teachers, the committee should consider the following factors:

C. Evaluation Responsibilities

The only evaluation required of either the beginning/experienced or mentor teacher will be the state's required program evaluation. Copies of this evaluation will be made available to the district and the Association. Neither the beginning/experienced teacher nor the mentor teacher shall be involved in the evaluation of another staff member. The mentor teacher shall not be evaluated on his or her performance as a mentor teacher. The Association shall be involved in any district evaluation of the Teacher Assistance Program for the SPI.

D. Compensation for Participation

Beginning/experienced teachers and mentor teachers shall be issued separate contracts for reimbursement under this program. Each beginning/experienced teacher participating in the program shall be authorized 22.5 hours at his or her per diem rate for attendance at the required workshops. To claim payment for the authorized 22.5 hours, beginning/experienced teachers shall submit an "Extra Pay Time Sheet." Each mentor teacher participating in the program shall receive the equivalent of 29 hours at his or her per diem hourly rate or $950, whichever is greater. The mentor teacher payment is for attendance at three required workshops and providing continuing and sustained support to the beginning/experienced teacher. Payment to mentor teachers under the program shall be divided into equal monthly payments. Beginning/experienced and mentor teacher travel expenses related to this program shall be paid by the district in accordance with the negotiated agreement.

E. Release Time

The mentor and beginning/experienced teacher shall be allocated at least the minimum amount of released time set by the state to facilitate the program.

F. Teacher Assistance Program Waiver

The District and the Association have applied for a waiver for the Teacher Assistance Program for 1993-94 in order to expand the program to all eligible beginning teachers and other selected teachers experiencing difficulty. If approved, the 2 FTE mentor teachers will be selected by a joint committee of 4 or 6 members. All written materials resulting from the mentor process shall be kept separate from the summative permanent records. The parties will evaluate the program prior to September 1994. Teacher activities under this program are eligible for effective education payment under Article VI, Section 4, 5a(4).

Section 2

WORKLOAD

The parties recognize that class size, as regards specific classes and grade levels, can have an effect upon the educational process, but that a rigid numerical limitation on class size within the district may restrict needed flexibility, and that class size must reflect the individual school needs and unique problems, provided the parties agree as follows:

The district shall use the following formulas for determining average class size in the Kent School District.

1. Actual enrollment divided by 52 in kindergarten and by 26 in grades 1 through 3 to establish classroom teacher allocation. (This will not include reading teachers, counselors, administration, librarians, educational assistants or any others who are not actually assigned to a classroom with a roster of students).

2. In grades 4 through 6, actual enrollment divided by 29 to establish classroom teacher allocation. (This will not include music or P.E. teachers or any of the others as stated in 1 above).

3. In grades 7 through 9, the total actual enrollment minus the enrollment in vocational and special education equals the basic enrollment which shall be multiplied by six and then divided by 145. (This does not include counselors, librarians, educational assistants or administrators.)
4. In grades 10 through 12, the total actual enrollment minus the enrollment in vocational (including junior ROTC), special and driver education equals the basic enrollment which shall be multiplied by six and then divided by 155. (This does not include counselors, librarians, activity coordinators, educational assistants, or administrators.)

5. Should the elementary teacher-pupil ratios within the classroom become three (3) students or more above the district average, as established above, a minimum of one (1) hour instructional assistant time per day shall be provided for each student above the district average, as established above. Should the elementary teacher-pupil ratios within a K-6, P.E. or music classroom become six (6) students above the district average, as established above, the number shall be reduced to five or less students within three weeks (21 calendar days).

6. In elementary classes consisting of more than one grade level, actual enrollment shall not be more than the established student-teacher ratio for the lower grade level.

7. For the purposes of determining elementary workload, students mainstreamed from Special Education programs will be counted according to the following:
   a. Regular classroom: Students assigned to regular classrooms from Special Education programs for four (4) hours or more per week will be counted as full-time students in the regular classroom.
   b. Music, P.E.: A Special Education student in the program on a regular basis will be counted as full-time student for the music or P.E. teacher.

If it becomes necessary to implement Article VII, Section 8, of this Agreement, it is understood that this section is not applicable.

8. Student - Progress Reporting
   a. The building principal or other administrative authority may not change a pupil’s grade except for good cause following an inquiry as to the justification for such change. Any change in a pupil’s grade shall be preceded by notice to the teacher who had assigned the grade to allow an opportunity for the teacher to provide relevant information to the principal or other administrative authority. Whenever the teacher is not available for consultation, the principal or other administrative authority shall, if reasonably feasible, delay the decision concerning the grade change so that consultation with the teacher may occur.
   b. Secondary teachers shall be given at least four (4) work days following the end of the quarter to complete student-progress reports. Upon request, teachers shall provide, by the last day of each semester, a list of all students who have not successfully completed course requirements.
   c. Elementary students shall be dismissed two and one-half hours prior to the end of the regular school day for five days each semester for elementary teachers to conduct regular conferences.

Each elementary school will have a teacher workshop day in November and in March to prepare for regular conferences. If possible, this will be on the Friday (or the last working day of the week if Friday is a holiday) preceding the five days designated by the district for conducting that school’s regular conferences. Kindergarten teachers shall be compensated for an additional half day in November and in March to prepare conferences for each kindergarten session taught by the teacher.
d. Kindergarten teachers shall have five (5) full days each semester for conducting parent-teacher conferences. Guest teachers will be provided for the kindergarten teacher for three (3) full days and the kindergarten students shall be dismissed for two (2) additional days for the kindergarten teacher to conference. In order to comply with the Basic Education Act requirements for kindergarten students and to compensate for the two (2) days of student dismissal, the kindergarten student day shall begin five (5) minutes before the grades 1-6 student day, and each kindergarten teacher shall only have his or her choice of an additional twenty (20) minutes instead of twenty-five (25) minutes of duty-free planning time either immediately before the start of the student day or immediately after the students are dismissed in the afternoon. Further, any kindergarten teacher whose students are dismissed for one day for kindergarten roundup shall make provisions, as part of their contract duties, for having a one-day extended learning experience, provided any half-time kindergarten teacher electing to participate on said extended learning experience shall be compensated for an additional half day at their per diem rate of pay.

e. If a parent requests, a conference need not be held.

f. Telephone conferences may substitute for conferences, upon the parent's request.

9. Allocation of K-3

Effective with the 1991-92 school year, each elementary school will be allocated an additional .5 FTE to assist in staffing of K-3 instructional programs. Building staff will determine the assignment based on site-specific needs in accordance with SPI K-3 allocation guidelines.

10. The district shall provide clerical assistance exclusively for secondary classroom teachers equivalent to one full-time secretary per secondary school. This total clerical assistance shall be assigned to each secondary school in direct proportion to its October 1 enrollment.

ARTICLE VII - OTHER TERMS AND CONDITIONS OF EMPLOYMENT

Section 3

Reasonable effort shall be made consistent with financial abilities to provide employees with properly maintained adequate facilities, heating and lighting, and health and safety standards. The district shall maintain safe working conditions.

A reasonable effort shall also be made to relocate a teacher into the regular building after teaching one year in a portable, unless that portable is being utilized as a special class, facility or department. Teachers requesting relocation shall be given a written explanation as to why they cannot be placed into nonportable classrooms for the following school year.
ARTICLE VII - OTHER TERMS AND CONDITIONS OF EMPLOYMENT

Section 4

ARTICLE VII - OTHER TERMS AND CONDITIONS OF EMPLOYMENT

Any determination by the Board that the district’s educational program, services and staff must be reduced for the following school year by reason of financial necessity including, but not limited to, levy failure or significant decreased state support, shall be made consistent with the financial resources available and the provisions of this Agreement.

2. Priority shall be given to those programs and services in those areas which relate to instruction, health and safety of students.

3. The district shall minimize the numbers of employees to be laid off by:

All such written designations shall be subject to verification by the Human Resources Office and must be supported by information contained in the teacher's personnel file. In the event that the teacher's personnel record does not support the designation of qualification for any designated employment category, the teacher will be notified and given a reasonable opportunity to supplement his or her personnel record.

C. Seniority

1. Seniority shall mean total years of certificated experience of the nature eligible for recognition by the district for salary purposes, regardless of whether actually recognized on a given salary schedule. (e.g. 16 years but the schedule stops after 10 years.)

Teachers assigned to such building and who were retained within the excess employment category shall be given the opportunity for voluntary transfer.

b. In cases where insufficient voluntary transfers are obtained, teachers retained within the employment category having an excess of teachers shall be chosen for transfer by seniority, the teacher(s) with the least seniority being selected or transfer. The teacher(s) selected will be informed by the principal or program manager of the involuntary transfer and provided the opportunity to comment, but shall not be given the option to refuse such transfer.

6. An employee transferred voluntarily or involuntarily because of reduction of staff may apply for a transfer to a specific vacancy that occurs in the employee's original building and will be given priority for the next school year in returning to that original building.

3. Any teacher wishing to remain in the reemployment pool for the second and third year shall notify the Human Resources Department in writing between June 1 and June 30 preceding each school year. If such notification is not received, the name of any such individual shall be dropped from the pool.

ARTICLE VIII - EVALUATION

Section 1

THE EVALUATION SYSTEM

Certificated classroom teachers and other certificated employees within the bargaining unit (collectively referred to as "employees" herein) shall be evaluated each school year in accordance with the procedures and criteria set forth herein.

An evaluation of all teachers shall be completed prior to May 15 of each year.

Each employee shall be evaluated in accordance with the criteria appropriate to the employee's position which criteria are set forth in Article VIII, Section 3. Evaluations required or permitted hereunder shall be documented on the evaluation report form appropriate to the employee's position which report forms are attached hereto as Exhibits A, B and S.

The following process shall be utilized for the evaluation of teachers:

1. Prior to the beginning of the evaluation process, the principals of each building and those other qualified individuals who will be acting as evaluators shall:
   a. Meet with staff upon their request to review and discuss the evaluation system in order to develop mutual understanding to the evaluation system, processes, procedures and purpose.
   b. Designate the administrative evaluator, if other than the principal. The evaluator for teachers shall be the principal or assistant principal of the building to which the teacher is assigned, or an administrative designee holding an initial or continuing principal's credential. The evaluator for teachers who spend less than one-half time in a building shall be the director or assistant director in charge of that program. In no event shall the evaluator be anyone represented by the Association pursuant to Article 1, Section 1. No member of the bargaining unit shall be designated as the official evaluator of any district employee represented by the Washington Education Association. However, any principal or designated supervisor may designate other certificated staff members to assist in the observation and provide evaluation data to the supervisor.
   c. In addition to the evaluations required herein, principals and other designated supervisors may make evaluations at any time during the school year, which evaluations may cover individual observations or such periods of time as may be identified in the evaluation report.
   d. The evaluation of an employee's performance shall be based upon the observation of the employee's assignment as provided in paragraph 3 below together with such other supportive evidence as may be pertinent to the adopted criteria.
2. Preassessment Conference.

a. A pre-assessment conference will be held between the appraiser and appraisee in order to mutually establish specific written objectives for the year. This conference should result in (a) the selection of specific objectives, usually two or three will be sufficient, either from the evaluative criteria in the appendix or from mutually agreed additional criteria on which evaluation will be based; and in (b) detailing the plan to achieve the objective(s) on the form provided. In the event agreement cannot be reached, the appraiser will select specific objectives, usually two or three will be sufficient. The pre-assessment conference will be held on or before November 15 of the contractual year.

b. The selection of certain objectives for particular emphasis pursuant to the pre-assessment conference procedure shall supplement but not replace the generally applicable evaluative criteria for the employee.

c. Additional conferences between the supervisor and the teacher may be held to monitor progress or modify objectives.

3. Observations.

Except as provided in paragraph 9 which follows, each teacher shall be observed within the instructional or supervisory setting in minimum of two (2) times per year for a total of not less than sixty (60) minutes. Each such observation shall be conducted for a period of not less than twenty (20) continuous minutes. Both required observations shall be conducted by the designated evaluator unless the teacher agrees in advance to do otherwise.

a. Additional observations between the supervisor and the employee may be held to monitor progress or modify objectives.

b. Following each observation, or series of observations, the principal or other evaluator shall promptly document the results. The employee shall be provided with a copy of the observation report within three (3) days after such report is prepared, but no longer than five (5) schools days following the observation.

c. A post-observation conference will be held at the request of either the teacher of the principal.

d. At the request of the teacher, one of the two required observations listed above will be pre-arranged with the teacher to occur within a range of fourteen (14) days.

e. All employees newly employed by the school district shall be observed for the purposes of evaluation at least once for a total observation time of thirty (30) minutes during the first ninety (90) calendar days of their employment.
4. Ratings of “not satisfactory.”

   a. A teacher shall be notified by the evaluator within a reasonable time after it becomes apparent that he/she is not performing satisfactorily on one or more of the evaluative criteria. In connection with such notification, a meeting shall be held between the evaluator and the teacher to discuss the deficient rating. At this meeting the evaluator shall give specific comments based on documented classroom observation and/or other supportive evidence to justify such rating. A mutually agreeable written plan for improvement is the desired outcome of this meeting, but if agreement cannot be reached, the evaluator shall present to the teacher a written plan for improvement which clearly states what the teacher is expected to do and what assistance he/she can expect from district personnel, i.e., administrators, coordinators, peers. No employee shall receive a mark of “not satisfactory” on an annual evaluation unless he/she has been notified of the deficiency and has had at least six (6) weeks to demonstrate improvement, provided that this requirement shall not apply to an employee who has been discharged.

5. In the event that either the employee or the supervisor feels that communication in a conference held pursuant to this paragraph would be enhanced by the presence of a third person, a mutually agreeable third party may be invited to attend. This provision shall not be used to delay or postpone conferences.

6. Either a Short Form Performance Evaluation (Exhibit S) or a composite Performance Appraisal Form (Exhibit A and B), reflecting those Performance Appraisal Observation Forms completed in the observation process shall be discussed by the evaluator with the evaluatee on or before May 15 except that, (1) for employees working under a written plan of improvement, as per 4 (a) above, such conferences shall be held on or before ten (10) school days prior to the last day of school, provided that no later than April 1 an employee shall be notified if the May 15 evaluation date is to be extended, (2) for employees in the bargaining unit holding administrative point factors, such conferences shall be held on or before June 20, and (3) for employees who received written notice of probable discharge, The composite performance appraisal form shall be completed within ten (10) days after the final decision.

The conference shall be held to:

   a. Complete the comments and summary statements on the final Performance Appraisal Form or Short Form Performance Evaluation.

   b. Discuss the evaluation report. Upon completion and discussion of the Short Form Performance Evaluation or the composite Performance Appraisal Form, the evaluatee shall sign such form only to indicate his/her awareness of the comments and summary statement recorded thereon, but such signature shall not necessarily be interpreted to mean agreement with the comments and/or summary statements. A copy of the annual evaluation report shall be given to each employee within three (3) days of the conference. In the event the evaluatee disagrees with or questions any results of the formal evaluation procedure or disagree with any statement contained in the Performance Appraisal Form, that teacher may, within fifteen (15) days after the delivery of the formal evaluation form to the teacher, write a detailed statement concerning the points of disagreement with such evaluation that shall be placed in his/her personnel file.

   c. The appropriate division manager will review any attachments to the evaluation form.
7. Transfers and/or Resignations.

   a. If an employee is transferred to another position not under the supervisor's jurisdiction, an evaluation shall be made at the time of such transfer, providing that the employee has been in the position forty-five (45) days.

   b. If an employee resigns during the school year, a final evaluation may be completed prior to the resignation date.

   The provisions of Article IX of this Agreement relating to grievances shall not be applicable to the assignment of performance ratings by supervisors.

9. Short Form Evaluations.

   After a teacher has received four years of satisfactory evaluations, the district may use a short form of evaluation. The short form of evaluation shall include either a thirty (30) minute observation with a written observation report or a final written evaluation based on two observation periods totaling at least sixty (60) minutes without a written observation report of such observations being prepared. The short form evaluation process shall not be used as a basis for determining that a teacher's work is unsatisfactory nor as probably cause for nonrenewal of a teacher's contract under RCW 28A.67.070.

   The regular evaluation process, set forth in paragraphs 1-8, shall be followed at least once every three years or upon the written request of the employee or the evaluator on or before the date of their pre-assessment conference in any given school year.

10. Pursuant to WAC 392-191-075, the parties agree to establish a professional growth committee. The professional growth committee shall consist of ten members. Association member selection shall fulfill the requirements of WAC 392-191-075 (1) and (2). District member selection shall fulfill the requirements of WAC 392-191-075 (3) and (4). Members shall be appointed on or before November 1.

11. During the 1993–94 school year, the parties will review the recommendations of the joint committee on professional growth given to the superintendent and KEA president with the intent to approve a professional growth option.

a. That the teacher has demonstrated sufficient improvement in the stated areas of deficiency to justify the removal of the probationary status; or

b. That the teacher has demonstrated sufficient improvement in the stated areas of deficiency to justify the removal of the probationary status if accompanied by a letter identifying areas where further improvement is required; or

c. That the teacher has not demonstrated sufficient improvement in the state areas of deficiency and action should be taken to non-renew the employment contract of the employee.
5. **Action by the Superintendent.** Following a review of any report submitted pursuant to paragraph 4 above, the Superintendent shall determine which of the alternative courses of action is proper and shall take appropriate action to implement such determination.

6. No teacher shall be placed on probation nor non-renewed for unsatisfactory performance except in accordance with RCW 28A.67.065 and RCW 28A.67.070 as now or hereinafter amended.

2. **Grievant:** Grievant means the Association or a teacher having a grievance.

B. General Conditions.

1. **Time Limits:** The adjustment of grievances shall be accomplished as rapidly as possible. The time limits provided is the Article shall be strictly observed unless extended by written agreement of the parties. Failure of the Association to proceed with its grievance within the times herein-before provided shall result in the dismissal of the grievance. Failure of the Board or its representatives to take the required action within the times provided shall entitle the Association to proceed to the next step on the grievance procedure.

2. **Representation:** A grievant may be represented by a representative of the Association or a grievant may present his/her grievance to the employer and have such grievance adjusted without the intervention of the Association as long as the Association has been given an opportunity to be present at that adjustment and to make its views known, and as long as the adjustment is not inconsistent with the terms of this Agreement.
3. **Confidentiality:** All matters pertaining to specific grievances shall be confidential information and shall not be unnecessarily or indiscriminately related, disclosed, or divulged by any participant in the grievance-adjusting process or by any employee of the district, and shall be filed separately from the employee's personnel file.

ARTICLE IX - GRIEVANCE

Section 2

PROCEDURES

In the event that a teacher believes there is a basis for a grievance, the teacher may first discuss the alleged grievance with his/her building principal or other appropriate supervisor, either personally or accompanied by his/her Association representative. If the grievance is not thus resolved, formal grievance procedures may be instituted. However, the exhaustion of the informal procedure is not a condition precedent in involving the formal grievance procedure.

A. Step 1.

The grievant may invoke the formal grievance procedure on the form set forth in Exhibit C which will be available from the Association representative in each building. A copy of the grievance from shall be delivered to the principal or appropriate supervisor. If the grievance involves more than one (1) school building, it may be filed with the Superintendent or a representative designated by the Superintendent. A grievance must be filed within forty-five (45) days of the occurrence of which the grievant complains or forty-five (45) days of the time when the grievant, with reasonable diligence, should have known of the occurrence of which he/she complains, whichever is later. Within seven (7) days of the receipt of the written grievance, the principal or appropriate supervisor shall meet with the grievant in an effort to resolve the grievance. The principal or appropriate supervisor shall indicate his/her decision of the grievance within seven (7) days of such meeting, and shall furnish a copy thereof to the grievant and, upon request, to the Association.

B. Step 2.

If the grievance is not resolved within seven (7) days of such meeting, the grievance may be transmitted to the Superintendent. The transmittal to the Superintendent shall be made within fourteen (14) days of such meeting (Step 1). Within seven (7) days of the receipt of the written grievance, the Superintendent or his/her designee shall meet with the grievant and shall indicate his/her disposition within seven (7) days of such meeting, and shall furnish a copy thereof to the grievant and to the Association.

C. Step 3.

If the grievance is not resolved with the decision by the Superintendent, or his/her designee, or if no decision has been made within the period provided in Step 2, the grievant may, within fourteen (14) days of meeting with the Superintendent or his/her designee, request in writing that the Association submit his/her grievance to grievance mediation (D), or final and binding arbitration (E). The Association may exercise its right to grievance mediation or arbitration by giving the Superintendent written notice of its intention to mediate or arbitrate within twenty-eight (28) days after the step two meeting with the Superintendent or his/her designee.

D. Grievance Mediation

For the duration of this Agreement only, and in the event the Association notifies the Superintendent or his/her designee of its intention to mediate as per paragraph C above, then the district shall respond, within seven (7) days from receipt of the Association's request, as to whether or not the district agrees to grievance mediation.
In the event the district does not agree to grievance mediation, the Association may exercise its right to arbitration by filing such notice within fourteen (14) days of receipt of the district’s response for grievance mediation.

The district and the Association must mutually agree to submit a grievance to mediation. Within seven (7) days following an agreement to mediate the grievance, the Association and the district shall meet to identify a mediator. In the event the parties cannot reach agreement on a mediator, the party winning a coin toss shall choose the mediator. The process shall be subject to the following rules and conditions:

1. A mediation conference shall be scheduled as soon as possible upon selection of a mediator.

2. The mediator shall conduct no more than three (3) mediations per day.

3. The location, date, and starting time for the mediation shall be agreed to by the district and the Association.

4. The fees and expenses of the mediator shall be shared equally by the parties. The cost of substitutes, witnesses and representatives shall be borne by the respective party.

5. The grievant shall have the right to be present at the mediation conference. The cost of the substitute, if any, for the grievant shall be borne equally by the Association and the district.

6. Time Limitation as to Back Pay. Grievance claims regarding retroactive compensation shall be limited to the calendar year during which the grievance occurred.

7. There shall be one (1) person from each party designated as spokesperson for that party at the mediation conference.

8. The mediator will have the authority to meet separately with either party, but will not have the authority to compel the resolution of a grievance.

9. The presentation of facts and considerations shall not be limited to those presented at Step Two of the grievance procedures. Proceedings before the mediator shall be informal in nature. There shall be no formal evidence rules. No transcript or record of the mediation conference shall be made. The mediator shall attempt to assure that all necessary facts and considerations are revealed to him/her.

10. Written material presented to the mediator shall be returned to the party presenting that material at the termination of the mediation conference, except that the mediator may retain one copy of the written grievance to be used solely for the purposes of statistical analysis.

11. In the event that a grievance which has been mediated is appealed to arbitration, the mediator may not serve as arbitrator, nor may the mediator be placed on any panel from which an arbitrator is to be selected by the parties. In the arbitration proceedings, there shall be no reference to the fact that a mediation conference was or was not held. Nothing said or done by the mediator may be referenced or introduced into evidence at the arbitration hearing and nothing said or done by either party for the first time in the mediation conference may be used against it in arbitration.
In the event there is no agreement through the mediation process, the Association may exercise its right to submit the grievance to final and binding arbitration by providing written notice of such intent to the district within fourteen (14) days of the termination of the mediation process.

E. In the event the Association wants to arbitrate and so notifies the Superintendent of her/his designee, then the grievance shall be submitted to the American Arbitration Association for final and binding arbitration under its Voluntary Labor Arbitration rules, subject to the following conditions:

1. If the parties have agreed upon an arbitrator prior to submitting the grievance for arbitration, then the American Arbitration Association shall be so notified, and the arbitration shall be heard and decided by said arbitrator.

2. The arbitrator shall specify in the award that the Association or the district, whichever is ruled against by the arbitrator, shall pay the compensation of the arbitrator including necessary expenses.

3. Time Limitation as to Back Pay. Grievance claims regarding retroactive compensation shall be limited to the calendar year during which the grievance occurred.

**ARTICLE IX - GRIEVANCE**

Section 3

**INDIVIDUAL COMPLAINTS**

Section 1

**THE SUPPLEMENTAL CONTRACT EVALUATION SYSTEM**

1.0 The evaluation of a teacher’s performance of the duty under a supplemental contract need not be conducted by the evaluator unless it becomes apparent to the evaluator that the teacher is performing unsatisfactorily on one or more of the evaluative criteria, provided the evaluation of a teacher’s performance of the duty under a supplemental contract shall not be determined to be “not satisfactory” unless the evaluator has followed all the procedures and guidelines of this Article.

2.0 The teacher’s performance under a supplemental contract shall be evaluated by the principal or assistant principal using the appropriate criteria for the supplemental contract and the Supplemental Contract Performance Appraisal Form. The supplemental contract evaluation shall be completed within thirty (30) days after the end of the supplemental contract assignment, but no later than the teacher contracted year.
3.0 A teacher shall be notified by the evaluator within a reasonable time after it becomes apparent that he/she is performing unsatisfactorily. In connection with such notification, a meeting shall be scheduled between the evaluator and the teacher to discuss the unsatisfactory performance. At this meeting, the evaluator shall review specific written areas of concern (and written suggestions for improvement) based on documented observation and/or other supportive information.

4.0 Upon completion and discussion of the formal Supplemental Contract Appraisal Form with the teacher, the teacher shall sign such form to indicate his/her awareness of the performance appraisal. Such signature shall not necessarily be interpreted to mean agreement with the comments and/or summary statements. A copy of the Supplemental Contract Appraisal Form shall be given to the teacher. In the event the teacher disagrees with the formal evaluation or disagrees with any statement contained in the Supplemental Contract Appraisal Form, he/she may, within fifteen (15) days after the receipt of the formal evaluation form, write a detailed statement concerning the points of disagreement. The statement shall be placed in his/her personnel file with the appraisal form.

**PLACEMENT INFORMATION**

Forms shall be provided to teachers for the purpose of initiating a focus of concern on any student. The referring teacher shall be informed within twenty (20) school days as to whether there is or is not good reason to believe that the student is a candidate for assessment. For any student on whom a focus of concern has been initiated, the referring teacher may, at any time, request of the Executive Director-Student Support Services information on the current status of the student, including where the student is on the timeline and at what point in the process.

For the initial placement, temporary placement or transfer of a student, guidelines set forth in the Special Education Staff Handbook section titled "Placement Procedures" shall be used. Principal or designee shall provide relevant information about the student to the regular education teacher(s). If, after discussion, a teacher or the principal believes placement is inappropriate, either may challenge by calling the Executive Director-Student Support Services. The placement shall not be made until after the Executive Director-Student Support Services has reached a decision regarding whether or not the placement is appropriate.

A placement shall not be made in a special education program (preschool, educationally disabled--resource room, educationally disabled--major part of day, academic adjustment, deaf and hard-of-hearing, orthopedically disabled, developmentally disabled) at either the elementary or secondary level, unless at least one member of the multidisciplinary team has visited the program at that level during the past twelve (12) months.
REASSESSMENT PROCEDURES

Each teacher shall have the right to have any child in their Special Education classroom reassessed and re-evaluated when present placement appears to no longer meet the needs of the child. Upon written request initiated by the teacher, such evaluation will be made by a multidisciplinary team including the Special Education teacher.

Discipline standards for special education students including mainstreamed students will be established consistent with the district discipline policy, special education handbook procedures and the IEP process.

These rights shall be in addition to those rights found in Article IV, Teacher Rights.
ARTICLE XI - SPECIAL EDUCATION

Section 5

MEDICATION/HEALTH CARE

Section 9

ONGOING COMMITTEE

The parties agree to establish a joint committee of six (6) members to advise the Executive Director-Student Support Services. The joint committee shall be appointed and meet by October 15 to establish an agenda for the school year. A minimum of four (4) additional meetings shall occur.

a. Review policy and procedure.
b. Maintain open communication.
c. Help identify in-service needs for administrators and staff.

ARTICLE XII - SCHOOL-CENTERED DECISION MAKING

Section 1

We are committed to developing opportunities for school-centered decision making as a process in which community, staff, and building administration share in the development of organizational strategies and policies that will create a sound educational environment. Fundamental to this process is the belief that broad educational goals can best be implemented by the individual schools assessing their unique needs and resources. An important function of the district and the Association is to support the school-centered decision-making model.

A school which wishes to experiment with school-centered decision making may apply to the district and the Association for support. Support may include opportunities which will enable them to function in a school-centered decision-making model. To further this commitment, a joint committee will be formed to engage in a dialogue concerning the ramifications of school-centered decision making.

A school which has developed a plan which conflicts with this Agreement can ask for a waiver. Such a request will be granted by the parties, provided it is mutually agreed that the waiver will create a sound educational environment and will not jeopardize either party’s interests. Waivers approved will be granted for up to one (1) year.
DURATION AND ACCEPTANCE OF AGREEMENT

This Agreement shall be effective September 1, 1993 and shall continue in effect through August 31, 1996. This Agreement, together with all the terms, conditions, and effects thereof, shall expire on the date indicated. Negotiations between the parties on a successor agreement shall begin during April 1996.

It is the intent of the parties to be able to discuss and potentially modify any section of the Agreement during the term of the Agreement. Before October 1 of each year, the parties shall determine a list of mutually agreed upon sections to reopen for negotiations during the school year. Additionally, each school year, each party may select up to three (3) sections of the Agreement for renegotiation, not including Article III, Section 10. Any modification mutually agreed to in writing by the parties shall be incorporated into the Agreement upon ratification by both of the parties unless another effective date is specified. This Agreement is signed this 27th day of August, 1993.
