This contract is the eighth formal Agreement between the Akron Education Association and the Akron Board of Education.

Naturally, it is our hope that this document will enhance employer-employee relations. By affixing our signatures to the Agreement, both parties have indicated their willingness to abide by the terms and conditions set forth herein, and to accept these terms and conditions as ground-rules governing employer-employee relationships.

The aim of the Akron Education Association is to administer this contract so that it will protect and advance the interests of those we represent.

Your continued support of the Association has made this Agreement possible. As a member of the bargaining unit, you should be aware of the rights this Agreement affords you, as well as the obligations it imposes on you. The terms of this Agreement have been secured with the ultimate intention of providing staff members with the security, resources and compensation that will result in improved student performance. It defines our rights and our relationships and provides a neutral third party to arbitrate disputes. Only through you can we enforce this contract and negotiate amendments that will continue to improve our working conditions and job performance.

From The Superintendent

This agreement is the eighth formal concur­rence between the Akron Board of Education and the Akron Education Association. The intent of the agreement is to present understandings relative to salaries, fringe benefits, and those conditions relating to employment. These same understand­ings will allow our common pursuit of a viable school system.

The agreement is a dynamic one and it pro­vides its own processes for modification and improvement. Through the channels of communi­cation — specified within this document — teacher opinion is truly significant in every phase of the educational program. This asset is com­patible with our administrative philosophy which accords teachers the opportunity to provide counsel on educational procedures. The practice has been a fruitful one.

With this agreement, the total professional staff of the Akron Public Schools is capable of reaching higher levels of understanding and achievement. And only by reaching these higher levels will the public continue to underwrite our efforts.

3.07 Non-Degree Teachers

Non-degreed persons hired to teach vocational programs must work with an approved university vocational teacher education program to obtain a standard four-year vocational certificate to be eligible for continuous employment.

After the first 25 student days, the pupil-teacher ratio in grades 1 through 6 shall be determined by dividing the number of pupils in attendance by the number of classroom teachers. At the kindergarten level, the ratio is determined by dividing the number of pupils by two.

In grades 7 through 12 in the academic disciplines, the pupil-teacher ratio for each teacher is to be determined by dividing the number of teaching periods into the total number of students instructed.

3.09 Appraisal

Appraisal is the process of arriving at judgments about a member's performance.

The appraisal program pertaining to the performance of a member shall be conducted openly and with the full knowledge of the member. The member shall be given a copy of any written report pertaining to his performance. Said copy shall be given to the member within five (5) working days. The member shall have the right to permanently attach to each written report a written response or reaction.

Should there be more than five (5) administrative observations during a school year, the member shall be notified of the reason or purpose of additional administrative observations. Likewise, should there be more than five (5) supervisory observations during the school year, said member shall be notified of the reason or purpose of additional supervisory observations.

The performance appraisal program shall include visitation, observation, and evaluation. These are defined as:
Visitation: any contact by an administrator or supervisor intended to provide information for the appraisal of the teacher

Observation: a written record of an administrator's or supervisor's observation based on visitation(s), provided to the teacher on the Observation and Appraisal Report Form. In the areas of "Conducting the Lesson" and "Planning the Lesson," such observation shall be dated and shall reflect only what was observed on the date indicated.

Evaluation: a determination, at the end of the school year, of the quality of the teacher's performance during the year. A written report is provided to the teacher through the year-end Teacher Evaluation Form.

A. Evaluation

Evaluation is conducted for the purpose of improving instruction, analyzing member performance with respect to continued employment, promotion, non-renewal or contract termination. Evaluation shall be the responsibility of the principal. The annual evaluation report shall be distributed to the member no earlier than the fifteenth (15th) day prior to the member's last working day, and no later than the third (3rd) day prior to the member's last working day. In those cases where a member is required to evaluate his own performance, a conference with the building principal shall be required, prior to the transmittal of the evaluation to the Office of Professional Personnel. In the areas of "Conducting the Lesson" and "Planning the Lesson," the evaluator shall use only that information provided to the member on the observations conducted during the school year for which the evaluation is being made. A member shall not be requested nor required to sign any evaluation until it is fully completed and signed by the principal. At the request of the member or principal, a conference with the principal shall be held within five (5) working days after the receipt of the written evaluation. When a conference is held subsequent to an evaluation of a member, attendance shall be limited to the principal, the AEA representative, and the member. Such written reports and observations as a principal may keep in order to aid in
the preparation of the evaluation shall be made available for the member’s inspection upon request.

B. Administrative Visitation and Observation

Administrative visitation shall be made by the superintendent, deputy superintendent, assistant superintendent, building principal, director, coordinator, assistant or unit principal. When a visitation extends beyond fifteen (15) minutes, the administrator shall provide a written observation. When a visitation is less than fifteen (15) minutes, the administrator may exercise discretion as to whether or not to prepare an observation.

When an observation is made by the visiting administrator, a signed and dated copy of the observation is to be submitted to the member within five (5) working days after the visitation. Copies of such observations by the above administrators may be filed in the member’s personnel folder. At the request of the member or the administrator providing the observation, a conference with the administrator shall be held within five (5) working days after receipt of the observation. If the administrator is a coordinator or director, the administrator must review the observation with the member prior to discussing or submitting the observation to the building principal and before a copy is submitted to the member’s file.

C. Supervisory Visitation and Observation

Supervisory visitation and observations are conducted for the purpose of improving instruction competencies within the classroom setting. Supervisory visitations and observations may be made by curriculum specialists or supervising teachers. When a visitation extends beyond fifteen (15) minutes, the supervisor shall provide a written observation. When a visitation is less than fifteen (15) minutes, the supervisor may exercise discretion as to whether or not to prepare an observation.

When an observation is made by the visiting supervisor, signed and dated copies are to be submitted to the building principal and the member within five (5) working days after the visitation. These observations shall not be filed in the Personnel Office; they may not be used in any proceeding concerned with termination or non-renewal of a member’s contract.

D. Clear Direction

In the event inconsistent directions are provided a member as a result of administrative and/or supervisory visitations and
observations, directions provided by the building principal shall take precedence over all others. The member may request a conference with the principal and such other authorized evaluators as necessary in order to establish clear direction for himself. When such a conference is requested, it shall be held within five (5) working days.

3.10 Disciplinary Interviews and Suspension

The provisions of this section shall not apply to a suspension related to termination proceedings. A disciplinary interview shall mean an interview between a member and the Deputy Superintendent for Personnel or his designate(s) in which a member might be reprimanded or suspended with pay.

In the event a disciplinary interview is conducted, the following procedures shall apply:

a. A member shall receive a written notice at least twenty-four (24) hours prior to holding a disciplinary interview. Said notice shall contain the time and place of said interview and shall include the reason(s) for said disciplinary interview.

b. The interview shall be conducted in private, except that the member may request the presence of an AEA representative; when such a request is made, the interview shall not proceed until the representative is in attendance, unless the representative is not there within ten (10) working days.

c. No member shall be disciplined without just cause.

d. Before suspending any member, the Superintendent shall furnish the member a written notice signed by the Superintendent or his representative, listing reason or reasons by incident and date, for such suspension. Subsequent to the member’s receipt of a notice of suspension, and within two days thereof, the affected member may appeal said intent to suspend through the grievance procedure or seek legal redress through the courts.

e. Upon receipt of a reprimand, a member shall have the right to request a meeting which shall be granted by the Deputy Superintendent and which shall be scheduled within ten working days. The member shall have the right to the presence of an AEA representative at the meeting.

f. No member shall be demoted, suspended, or otherwise adversely treated because of the exercise of his right of freedom of speech or any other constitutionally guaranteed rights.
Reassignment and transfer of members shall be on the basis of the priorities hereafter established and on the basis of seniority in the Akron Public Schools.

Reassignment and transfer of members outside this section shall be limited to the following items and only after consultation with the President: (a) to achieve or maintain a balance of race or sex of the staff within each building; (b) at least sixty percent (60%) of the staff in each building shall have had prior teaching service in the Akron Public Schools; (c) to protect a member’s continuing employment.

The necessity for maintaining comprehensiveness and staffing for co-curricular activities may constitute over-riding reasons for transfers outside this established policy. The Office of Professional Personnel shall notify the President of the circumstances requiring transfer outside this established policy at the time such deviations from established policy occur. Transfers granted under this exception shall be limited to those members granted a supplemental contract and shall be limited to no more than two (2) members per school year per building.

A. Intra-Building Transfer or Reassignment

A member desiring to transfer from one grade level to another or from one subject to another within the building shall file a request for transfer with the building principal prior to May 1. The building principal shall notify the member in writing prior to May 10 of the approval or disapproval of such request; if the request is disapproved, the notification shall include the reasons for such disapproval. Decisions in these transfers are subject to appeal, in writing, to the Deputy Superintendent, who shall respond to each appeal in writing. The appeals process shall be completed by the final student day in the school year.

B. Inter-Building Transfer or Reassignment

(Vacancies occurring before August 1st)

When selecting members for transfer and/or selecting members to fill vacancies occurring before August 1st, priorities shall be observed in the following order:

Reassignments due to building closings and changes in vertical organization shall be completed before any other transfers or reassignments are made.

Member-initiated requests for transfer and transfers due to changes in student enrollment and/or program termination.
1. Due to Building Closings or Changes in Vertical Organization (A vertical reorganization is a transfer or elimination of an entire grade level from a building organization.)

Reassignments due to building closings or changes in vertical organization shall be filed in the Office of Professional Personnel no later than June 1st. When such reassignments are necessary, those highest in seniority shall be reassigned first.

2. Member-Initiated Requests for Transfers and Transfers Due to Changes in Student Enrollment and/or Program Termination.

Member-initiated requests for transfers initiated by the administration due to changes in student enrollment and/or program termination shall be filed in the Office of Professional Personnel no later than June 1st. Members requesting a transfer and members transferred because of changes in student enrollment and/or program termination shall be reassigned by order of seniority, those with the most seniority being reassigned first.

a. Member-Initiated Requests.

A member desiring to transfer from one building to another shall file a “Teacher’s Request for Transfer”. Prior to July 30, any member may, in writing, withdraw a request for transfer and the withdrawal shall be honored. The Deputy Superintendent shall notify the President of the total number of teacher-initiated requests for each building prior to July 30. Whenever the requests for transfer within a building exceed thirty percent (30%) of the number of members within the building, an investigation of causes within the building shall be conducted during the ensuing school year by a committee composed of the AEA Professional Problems Committee and a committee appointed by the Deputy Superintendent. The results of the study, with appropriate recommendations, shall be forwarded to the Superintendent.

b. Transfers due to Changes in Student Enrollment and/or Program Termination.

Members transferred under the provisions of this section of the Agreement shall be selected as outlined below:
A conference between the member transferred under the provisions and the building principal shall take place on or before June 1st. The member may, if he desires, schedule a conference with the Deputy Superintendent any time after June 1st.

Should intra-building reassignments be necessary, members shall have the right, on a seniority and certification basis, to any existing vacancy. If there are no volunteers, the member with the least seniority in the affected area of certification shall be appointed to the vacancy.

Members to be Transferred.
In determining members to be transferred because of a change in vertical organization or because of enrollment changes and/or program termination, volunteers shall first be transferred on a seniority basis, those with the most seniority being transferred first, after which transfers will be made on the basis of seniority as follows:

a. In the elementary school (K-6), the member with the least seniority shall be transferred.

b. In the secondary schools, the member with the least seniority holding a certificate for the area in which the reduction is being made shall be transferred. However, in cases where a member's certification would permit him/her to be assigned to an alternate department in which there is a member with less seniority, the latter member shall be transferred.

Should a vacancy occur in a building prior to August 1st, a member transferred from that building shall have the option to return to the building before new transfers or new assignments to the building are made.

3. Principal-Initiated Request for Transfer
A transfer request initiated by a building principal must be preceded by a conference with the affected member on or before May 1st.

A principal-initiated request for a member's transfer must be filed in the Office of Professional Personnel no later than May 15th. Such request shall specify the justifiable reasons for which the principal is requesting the member's transfer. All requests should bear the signature of the involved member, but such signature will not be interpreted as agreement with the request. In the event the
member refuses to sign the request, such refusal shall be noted thereon by the building principal.

Prior to the last school day, the member may submit a written request for a hearing to the Deputy Superintendent. The member shall have an opportunity to appear before the Deputy Superintendent and offer reasons counter to the transfer. The hearing shall be scheduled within fifteen (15) working days following the receipt of the request.

The member shall have an opportunity to be represented by the AEA.

Posting of Vacancies

A list of known system-wide vacancies as of May 15 shall be posted in each building no later than May 20. A copy of this posting shall be sent to the President no later than May 20.

A list of position vacancies existing in the system as of July 10 shall be submitted to the President no later than July 20.

C. Inter-Building Transfer or Reassignment (Vacancies occurring between August 2 and August 15)

Any vacancies occurring between August 2nd and August 15th shall be filled on the basis of seniority in the following order:

The most senior member eligible for transfer under any of the provisions above (excluding principal-initiated transfers) who has requested assignment to a building where said vacancy has occurred — the member is only eligible if he has not been placed in one (1) of the three (3) projected building assignments outlined on his transfer form.

In the event the most senior member is eligible and accepts the assignment, the newly created vacancy shall be filled by teachers as yet unassigned on the basis of seniority, then by new hires.

Any vacancies occurring subsequent to August 15 shall be filled by teachers as yet unassigned on the basis of seniority, then by new hires.

For vacancies occurring on or after the first student day, assignment will be made at the discretion of the Personnel Office.

D. Fall Assignment, Reassignment, or Transfer Due to Enrollment Changes

Fall transfers between grade levels or between buildings shall be made within the first fifteen (15) student days.
Members assigned after January 1 shall be informed that the assignment is temporary, that the member shall be reassigned and that the position will be listed as a vacancy the following spring.

If a member must be reassigned because of a decrease in student enrollment, volunteers shall be transferred first, on a seniority basis, those with the most seniority being transferred first. If there are no volunteers, any member new to the building shall be transferred first. If there are no members new to the building, the following shall apply:

In the elementary school (K-6), the member with the least seniority shall be transferred.

In the secondary schools, the member with the least seniority holding a certificate for the area in which the reduction is being made shall be transferred. However, in cases where a member's certification would permit him to be assigned to an alternate department in which there is a member with less seniority, the latter member shall be transferred.

Exceptions to this procedure may be made by the Deputy Superintendent in consultation with the President.

Any transfers made after November 1 shall be processed in accordance with procedures outlined in Section 3.11, B, 3 herein.

3.12 Position Vacancy

Vacancies for any position, present, new, or additional, below the salary ratio of 1.24 will be publicized by sending a written notice to each building for posting in the school office, faculty lounge, or other appropriate place in each school or department.

The notice of vacancy should be posted at least ten (10) working days prior to the application deadline, and it shall clearly set forth the qualifications for the position.

Teachers who desire to apply for such positions shall file an application in writing with the Deputy Superintendent within the time limit specified in the notice.

All applicants will be notified in writing when the position has been filled. Such notification must be received by the unsuccessful candidates within ten (10) working days after the position has been filled except in cases where interviews are being conducted to develop an eligibility list.

Whenever an administrative or supervisory vacancy must be filled promptly, notification of
the vacancy and the reasons for the urgency of filling the position will be provided to the President.

All appointments shall be made without regard to age, race, creed, color, religion, nationality, sex or marital status.

3.13 Resignation, Termination, Or Non-Renewal of Contract

A. Resignation of Contract By Member

No member may terminate his contract after the tenth day of July or when schools are in session without the consent of the Board. Members who wish to resign at any other time must submit a resignation in writing to the Deputy Superintendent at least ten days before the effective date of the resignation.

B. Termination Or Non-Renewal of Contract By The Board of Education

The principal of each school is responsible for submitting to the Deputy Superintendent, not later than the last working day of December, a written report concerning any member whose performance is not satisfactory and to give to the member a copy of the report which must include a statement of what has been done to help the member. Not later than the last day of March, the principal is required to make a second written report and to include a statement of further efforts to help the member. If the principal becomes convinced the member should be dismissed, the principal must submit a written report and recommendation for dismissal to the Deputy Superintendent, and must give a copy of the report to the member prior to April 15.

Before terminating the contract of any member or refusing to renew the contract of any member with three consecutive years of service in one building or five or more years of continuous service in the Akron Public Schools, the Board shall furnish the member a written notice signed by the Treasurer of its intention to consider the termination of his services, with full specifications of the grounds for such consideration. Unless the member so notified demands, in writing, within 10 days subsequent to the receipt of said notice, an opportunity to appear before the Board and offer reasons against such termination, the Board may proceed with formal action to terminate services. If said member, within 10 days after receipt of notice from the Treasurer of the Board, demands in writing a hearing before the Board, the Board shall provide for such
a hearing. The hearing shall be conducted under the rules set forth in Section 3319.16 of the Ohio Revised Code.

Except for those hearings provided for in Section 3319.16 of the Ohio Revised Code, other hearings required hereunder shall be closed hearings, conducted before a committee of the Board. The committee's recommendation shall be presented to the Board for approval or rejection.

C. Staff Reduction

When a member is released from assignment due to decreased enrollment of pupils, return to duty of regular teachers after leaves of absence, lack of program funding, curriculum changes, or for any other reason, the member holding that assignment shall have priority in transfer according to the provisions outlined in Section 3.11, B 3, of this Master Agreement.

In the event there is no available position for which the member is certified, the members in that area of certification on limited contract shall be listed according to seniority and the contract of the member with the least seniority shall be suspended.

In the event all of the contracts of the members on limited contract have been suspended, the contracts of the members in that area of certification on continuing contract shall be suspended in accordance with the provisions of Section 3319.17 of the Ohio Revised Code.

Members whose continuing or limited contracts have been suspended shall have the right of restoration to service in the Akron Public Schools in order of seniority if and when positions become vacant or are created for which any of such members are, or have become, qualified.

D. Termination Due To Age

The Board shall terminate the contract of employment as of the thirtieth day of June or the thirty-first day of July, whichever is the end of the contract year, of any member who has attained the age of seventy, or who will attain the age of seventy by the following thirty-first of August.

E. Termination of Supplemental Contracts By The Board of Education

Before terminating the supplemental contract of any member, the Board shall furnish the member a written notice signed
by the Treasurer of its intention to consider the termination of his or her services, with full specification of the grounds, including incident(s) and/or date(s) for such consideration. Unless the member so notified demands in writing within 10 days subsequent to the receipt of said notice, an opportunity to appear before the Board and offer reasons against such termination, the Board may proceed with formal action to terminate services. If said member, within 10 days after receipt of the notice from the Treasurer of the Board, demands in writing a hearing before the Board, the Board shall provide for such a hearing. The hearing shall be conducted under the rules set forth in Section 3319.16 of the Ohio Revised Code. The hearings shall be closed hearings conducted before a committee of the Board. The committee’s recommendations shall be presented to the Board for approval or rejection.

F. Policy Regarding Disability Retirement

If a member is unable to perform satisfactorily the duties of his/her position because of physical or other disability, or is required to apply for disability retirement, his/her contract status shall not be terminated. The member’s insurance coverage shall be continued at Board expense until such time as the disability retirement application is approved by STRS and monthly benefits and STRS hospitalization coverage commences.

In the event the member’s application for disability is denied by STRS and the member has exhausted his/her accumulated sick leave, the Board shall continue to provide insurance coverage to the member for 45 working days after the STRS Board has ruled that the member’s application has been denied. During this 45 day period, the member has the right to appeal the STRS denial or to apply for illness leave.

The Board shall maintain insurance coverage for a member who has exhausted his/her sick leave and has filed, in a timely fashion, an appeal with STRS. The Board shall provide insurance coverage under these circumstances until STRS rules on the member’s appeal or for six months, whichever is less.

A member who fails to appeal an STRS decision to deny his/her application for disability retirement or who fails to apply for illness leave within 45 working days shall be placed on unrequested leave and shall be responsible for the cost to the Board for maintaining his/her insurance coverage.
Eligibility Requirements

To be eligible for application for disability retirement with STRS, the member shall be under 60 years of age, have five or more years of Ohio service credit, be disabled, physically or mentally, from performing teaching service, file the application within two (2) years from the date contributing service terminated, unless the disability manifested itself before contributing service terminated.

Application

A disability retirement application may be filed by a member, by the member's employer, or by any person having Power of Attorney in the member's behalf.

Termination of Disability

Disability retirement may be terminated following the member's written request to the STRS Board. Before such termination is effective, the member must be examined by a medical examiner representing the STRS Board which must then approve such termination.

Membership and service credit in the Retirement System are retained during disability retirement. A member who earns 2 years of contributing service credit in STRS, PERS, or SERS, following termination of disability retirement receives credit toward service retirement for the period on disability retirement.

Contract Status

A member who was under contract when granted disability retirement and who has not resigned is on leave of absence from his position during the first five (5) years on disability retirement. If disability retirement is terminated by the Retirement Board within the 5-year period, the member is entitled to be restored to the same or to a similar position and salary not later than the next September 1.

3.14 Professional Personnel Records

The member shall acknowledge that he has read the material by affixing his signature to the copy to be filed and a copy shall be given to the member. His signature shall not indicate agreement with the content of the material, but indicates only that the material has been inspected by the member. He shall also have the opportunity to reply to such derogatory material in written statement to be attached to the filed copy.

Members shall be informed within five (5) days of any written complaint by a parent, student or supervisory person which is directed toward that member and may become a matter of record. Only signed written complaints can become a matter of record.

Anonymous letters or materials shall not be placed in a member’s file nor shall they be made a matter of record.

3.15 Tuberculosis Tests For Employees

All new employees of the Board are required to present documented evidence of having a negative tuberculosis test (Mantoux Test 5 TU PPD) within ninety (90) days before their first day of employment. If the member is a positive reactor, the member must have a chest x-ray and any other medical and laboratory examination deemed necessary by the member’s physician or board of health of the City of Akron to determine the absence of tuberculosis in a communicable state within ninety (90) days before his first day of work.
This information must be submitted to the Division of Personnel and Administration and will become a part of the member's health history records.

3.16 Building Financial Statements

Copies of the trial balance—Form USAS 301—shall be posted in the teachers' lounge(s) for at least three school days, within two weeks following the beginning of each month.

Rules and regulations governing the transfer of funds from club accounts to the school general account shall also be posted in the teachers' lounge(s) in each building for the inspection of the general staff. Such posting shall be within two weeks following its submission to the Office of Business and Finance.

3.17 School Faculty Council

The School Faculty Council shall be formed in each school building. The Principal and/or his designate(s) shall meet monthly during the school year with the School Faculty Council. The Council shall have as one of its members the AEA Building Representative.

The purpose of the Council shall be to provide a means of communication between the building staff and the building principal. The Council shall serve in an advisory capacity to the building principal.

The size of the Council and the departments, levels, and special groups to be represented on the Council shall be determined by the faculty at a September meeting.

The faculty shall elect the representatives to the Council by secret ballot during the month of September. After the first of October, the Council shall meet and elect its chairman by secret ballot. Neither the building principal nor the AEA building representative may serve as chairman. The term of the new council shall begin at the beginning of the school year.

The chairperson, in cooperation with the principal, shall schedule one council meeting per month. The agenda for this meeting shall be prepared by the chairperson and submitted to the principal (who may add items) and council members at least twenty-four hours before the meeting.

Unresolved issues shall be referred in writing to the AEA Professional Problems Committee by the Council chairman within five days, if the majority of the Council so instructs him. A copy shall be given each member of the Council.

The Faculty Council shall have the right to determine the expenditure of funds which are made available through food or beverage machines operated in the faculty lounge.

The Council shall designate the activities to be supervised, subject to faculty approval, and recommend to the principal those employees to be paid under the extra pay category of "activity supervisors."

3.18 Staff and Other Meetings

Attendance at meetings other than those specified in this section shall be voluntary. Minutes of such meetings shall be provided each staff member. Although members are encouraged to attend school functions and school-related meetings, Open House and Parent-Teacher Conferences are the only evening meetings with required attendance.

A. Building Meetings

All members shall attend the scheduled Tuesday building staff meetings. Staff meetings may be held in the member's building before or after school as determined by a majority vote of the school faculty. Evening meetings shall begin within ten to fifteen minutes following school dismissal and shall not exceed one hour in length nor extend beyond 5:00 P.M. Morning meetings shall not exceed one hour and shall end not less than ten minutes prior to the beginning of a teacher's homeroom responsibility. Two meetings may be held each month. The agenda for all building staff meetings shall be distributed to the staff at least twenty-four hours prior to the meeting.

The principal may schedule one (1) staff meeting per school year at the Staff Development Center (Miller Building) and that shall be the only building meeting conducted that month.

In case of emergency, the principal may, with the agreement of the AEA representative, call additional building meetings without notice.

B. Open House and Conferences

All members shall attend one yearly Open House per school year which may be scheduled in the evening.

C. **Inservice**

One and one-half days annually, with full pay within the school day, shall be provided within the school calendar for the purposes of inservice education. Such programs shall be planned by the Assistant Superintendent for Curriculum and Instruction in consultation with the professional staff.

The Akron Board of Education reserves the right to request designated teachers to participate in inservice activities for 5 days outside the normal member work year. This five-day block will carry a compensation rate of $300 per week. Teachers within designated areas of assignment selected to participate in the additional week of inservice activities will be advised by the close of the school year. Participation in this program is voluntary. The inservice seminar will be scheduled within a ten-day period prior to the report date.

Inservice programs scheduled on inservice day shall occur within Summit County. Attendance at such inservice activities scheduled outside the county shall be voluntary. The Board shall reimburse all members attending such inservice activities outside the city at the established mileage rate.

Preparing and presenting inservice programs or other presentations within the established school calendar, or in addition to it, are not part of a member’s workload. Such assignments shall be voluntary.

D. **Departmental, Grade Level, or Special Subject Meetings**

In months when members are required to attend a departmental, grade level, or special subject meeting, members shall be required to attend only one building staff meeting.

Special subject teachers (art, music, health and physical education, library science, foreign language, home economics, special education, vocational education, industrial arts) shall attend two special subject city-wide meetings annually. These meetings shall not extend beyond 5:00 P.M.
All other members shall attend two building departmental or grade level meetings annually which shall be scheduled in their building. These meetings shall begin within ten to fifteen minutes following school dismissal and shall not exceed one hour in length.

3.19 Dialogue Day

Dialogue Day shall be scheduled on Saturdays for three hours. Attendance shall be voluntary. Members participating shall be paid at the substitute teacher's rate.

3.20 Curriculum Review Committee

Requests for a curriculum study on programs already in place shall be submitted to the AEA Curriculum Committee. The committee shall collect and evaluate data from the teachers requesting the change and/or study. The committee shall then determine whether to submit the proposed change or study request to the Assistant Superintendent for Curriculum and Instruction for formal consideration.

In the event a request to study or change programs already in place is approved by the Association Curriculum Committee, the chairman shall notify the Assistant Superintendent for Curriculum and Instruction of such approval. No more than two (2) studies shall be submitted to the Assistant Superintendent for Curriculum and Instruction during any one school year. The Assistant Superintendent shall form a committee, which he shall chair, and one-half of which shall be the Association Curriculum Committee.

The Joint Committee shall meet to discuss the proposed change. A curriculum change shall be recommended to the Superintendent by a majority vote of the Joint committee.

In the event a curriculum modification is approved by the Joint committee, the committee's report shall be submitted to the Superintendent for disposition. The report shall specify the instructional materials and support personnel required to effect the recommended modifications.

All curriculum modifications approved by the Board shall become effective at the beginning of the next semester, if possible. Under no circumstances may an approved change become effective later than the beginning of the next school year.

In the event the Joint committee rejects a proposed curriculum modification, the committee shall provide members requesting the change with a report which shall specify the reasons for the rejection of the proposed change.
3.21 Textbooks

The Board shall, whenever possible, provide each student with individual copies of all textbooks which, in the judgment of the members, the students will need in courses to which he is assigned. Questions about the desirability of individual texts shall be submitted to an advisory committee of six teachers, appointed by the Assistant Superintendent for Curriculum and Instruction, and the President, each to appoint three. The Assistant Superintendent for Curriculum and Instruction shall serve as chairman of the committee.

3.22 Education of The Handicapped

The education of the handicapped will be carried out in accordance with the Federal, State and locally developed rules and regulations.

3.23 Pupil Adjustment

No teacher or class is ever required to tolerate any act of gross misconduct, including flagrant discourtesy, abusive and vile language, acts of violence and/or deliberate insubordination.

Corporal punishment may be administered by either the teacher or the principal. It should be preceded by a conference involving both. If a conference is not held, the teacher shall notify the principal in writing that corporal punishment has been administered and the reason therefore, before the end of the school day. Corporal punishment should not be administered without an adult witness, and should never be administered in the presence of other children. The severity of the punishment shall fit the child rather than the offense and shall be within the limits of good judgment. Striking a child on the face, ears or head is not sanctioned.

If, in spite of the teacher’s best efforts at correction, which should include a teacher-parent conference and which may include corporal punishment administered in accordance with policy, a pupil continues to misbehave, the teacher should refer the case to the principal for further action.

If a pupil’s presence poses a continuing danger to persons or property or an ongoing threat of disrupting the educational process taking place either in the classroom or elsewhere on the school premises, the teacher may remove the pupil from the classroom or activity and must state the reason(s) in writing to the principal as soon as practicable. A conference may take place between the member and the principal before the student is readmitted to class. In extreme cases, where the matter cannot be resolved within 24 hours from the time of the student’s removal from class and/or activity by the teacher, then the student’s procedural due process rights under the law shall apply. The
principal may reinstate a pupil removed from class by a teacher by informing the teacher, in writing, the reasons for reinstating the student prior to a hearing.

An official School Office Cumulative Folder shall be maintained on each student in the school office files and shall be maintained in each school for the use of those members who have a legitimate educational interest.

A member shall be notified of the impending enrollment of a pupil transferred for adjustment reasons. Within a reasonable length of time before the arrival of said transferred student, the AT-19 form stating the reasons for the transfer shall be forwarded to the receiving school and its contents made available to his teacher prior to the time he reports to class.

A pupil suspected of emotional or social disabilities may be referred by the member to the Child Study Department for further study as provided by Board of Education policy and the student's due process rights under the law; and if found to be emotionally disturbed or socially maladjusted, the pupil shall not be returned to a regular classroom except on the recommendation of the Director of Child Study. This recommendation shall specify the educational and psychological basis for the recommendation. It shall also contain guidelines for the pupil's instruction and containment within the classroom.

3.24 Assault

Any case of assault, verbal or physical, suffered by members shall be reported immediately—in writing—to the principal. Verbal assault is abusive or threatening language directed at a member. The principal shall obtain a list of the witnesses to the assault and a written statement of what each witness observed or heard. These statements shall be signed, dated and filed, with true copies given to the AEA building representative, and copies sent to the Office of Pupil Services and the Office of Professional Personnel.

The principal shall conduct a hearing which in effect assures the accused student his procedural due process rights. In the event that an assault has occurred, the pupil shall be removed immediately from the class and the school and referred to the Director of Pupil Services for reassignment to another building or expelled. In no case shall a member be required to readmit a student to class, following an assault. These procedures may, but do not necessarily apply to the Severe Behavior Handicapped pupil.

The principal shall report each case of employment-related assault on a member to the Director of Pupil Services; the Director shall inform the President, and Superintendent of the assault.
3.25 Threat of Assault

Any member who is threatened with bodily harm by a student, a group of students, visitor(s), or intruder(s) who are on school property shall notify the principal in writing of this threat. The principal shall acknowledge receipt of such a report and shall report this information to the Director of Pupil Services and the President.

Members shall inform the building principal of any parent or lay visitor who threatens or directs foul and/or abusive language at the member. Should a subsequent review indicate that the allegations are correct, the building principal shall notify the parent or visitor, in writing, of the complaint and shall direct the parent or visitor that future visits to the school must take place in the school office with the principal in attendance.

3.26 Visitors

Parents and other lay visitors may be permitted to visit any member’s classroom provided that 24 hours advance notice has been given to the member. A visitation may be permitted without 24 hours notice provided that the time is mutually agreeable to the member and the principal.

Charging long distance calls to said phones may be cause for reprimand.

As soon as possible, the Board shall make available in each building:

A. The Board shall provide a minimum of two (2) telephone lines to every elementary school, with an extension from one (1) of these lines for use by the school faculty. The location of the telephone, with the extension line, shall be determined by the School Faculty Council. No long distance telephone calls are to be charged to designated faculty telephone. Charging long distance calls to said phones may be cause for reprimand.

3.28 Staff Participation In School Design

Prior to the design of a school building, or a school building addition, or major remodeling involving instructional facilities, the architect—or his designee—shall meet with the members of the affected school or with a committee of members selected by the Superintendent or his representative, who shall be representative of grade levels or disciplines to be housed in the building, to discuss educational specifications for
the structure. The same group or committee shall review the preliminary drawing prior to the preparation of working drawings. Should the architect determine not to incorporate recommendations of the members' committee, a written explanation shall be provided to the committee, the President and the Board.

3.29 Grievance and Complaints

An aggrieved person is a member or members having a grievance.

A “grievance” is a claim by a member based upon an event which affects a condition of employment or an alleged misinterpretation or misapplication of any of the provisions of this agreement.

The purpose of the grievance procedure is to secure, at the lowest possible level, proper solutions to grievances. Both parties agree that the grievance proceedings shall be kept confidential at all levels of the procedure.

In order that grievances may be processed as rapidly as possible, the number of days indicated at each level are maximum. Every effort shall be made to expedite the procedures; however, the time limits may be extended by mutual agreement of both parties.

The aggrieved person or persons may be represented at all stages of the grievance procedure by any person of his own choosing.

The AEA shall have the right to have its representatives present at all stages of the specified grievance procedure.

If the grievance procedure is not initiated within 15 working days after the aggrieved person or persons knew, or should have known, of the event or condition upon which it is based, the grievance shall be considered waived. An event or condition based on the number of teacher preparations, or on the number of pupils per teacher, or on physical conditions in the building shall be deemed a continuing condition, and a grievance based on such a continuing condition may be initiated without regard to the aforementioned time limitation.

Grievances shall be resolved as follows:

Level One

The aggrieved person shall file a grievance in writing with his building principal with copies to the President and the Deputy Superintendent. The principal shall within five (5) working days after receiving the grievance submit a written answer to the grievance to the Deputy Superintendent, with copies to the President and the aggrieved person.
Level Two

If the aggrieved person is not satisfied with the answer provided at Level One, he may, within five (5) working days after receipt of the principal’s reply, request in writing that the AEA Grievance Committee review the grievance and a copy of such request shall be provided to the Deputy Superintendent and the building principal; and if the Grievance Committee desires, it shall, within ten (10) working days after receipt of the member's request, refer the matter in writing to the Deputy Superintendent.

Upon referral of a grievance to the Deputy Superintendent at Level Two, and by mutual agreement, a conference between the President and/or his designate and the Deputy Superintendent may be held to seek a solution to the grievance. This conference shall be held within ten (10) working days of the submission of the grievance at Level Two.

When a conference is held, the Deputy Superintendent shall, within ten (10) working days after the conference, review the grievance and give a written response to the aggrieved person, the President and the chairperson of the AEA Grievance Committee.

When a conference is not mutually agreed on, the Deputy Superintendent shall, within ten (10) working days after receipt of the referral of the grievance by the AEA Grievance Committee, review the grievance and give a written response to the aggrieved person, the President and the chairperson of the AEA Grievance Committee.

Should the Grievance Committee decline to refer the grievance further, it shall, within ten (10) working days, notify the aggrieved person, and the Deputy Superintendent, in writing, of such decision. In such event, the aggrieved person may forward the grievance, in writing, to the Deputy Superintendent independently. However, if the written grievance is not referred by the aggrieved person to the Deputy Superintendent within fifteen (15) working days after the Grievance Committee has declined, in writing, to refer such a grievance, the grievance shall be considered waived.

If a grievance affects a group or class of members, AEA may submit such grievance in writing, signed by two or more aggrieved members from two or more buildings, directly to the Deputy Superintendent, when such grievance is not directed at an individual building principal or is not within the authority of that principal to resolve. Such grievance shall be processed, commencing at Level Two.

Level Three

The AEA Grievance Committee may, within fifteen (15) working days after the
answer of the Deputy Superintendent, notify the Deputy Superintendent of its intent to submit the grievance to arbitration by the Federal Mediation and Conciliation Board.

The arbitration procedures shall be as follows:

Within forty-five (45) working days of the notification to the Deputy Superintendent, the AEA Grievance Committee shall, upon written notification to the Deputy Superintendent, request the Federal Mediation and Conciliation Board to submit a list of five (5) arbitrators. Within five (5) days of the receipt of such list, the President and the Deputy Superintendent shall select an arbitrator by alternately striking a name from said list until only one name remains. The striking of the first name shall be determined by the toss of a coin.

The arbitrator shall schedule a hearing within forty-five (45) days, and at a time mutually agreeable to both parties.

The arbitrator shall report recommendations for settlement of the grievance to the President, the Deputy Superintendent, and the President of the Board within fifteen (15) working days of the completion of the hearing. The Board shall accept or reject the arbitrator's recommendation by official action within fifteen (15) working days of the date of the arbitrator's report of award.

Costs incurred for the arbitration shall be shared equally by the AEA and the Board.

ARTICLE IV - ABSENCE AND LEAVE

4.01 Authorized and Unauthorized Absence

A member may be properly absent from duty as provided by this Agreement and within the provisions of the law governing such absence, or as authorized by the Board or by the Superintendent. Partial or full compensation during a period of excused absence shall be paid within the limitations of this Agreement and/or the law governing such absences. Absence without pay shall also be authorized.

Absence from duty not excused by the Board or the Superintendent under this Agreement and/or the law governing absence of members shall be considered unauthorized absence.

The seven (7) paid holidays shall not be affected by absence.

4.02 Notification In Case Of Absence

In case it is necessary for a member to be absent from duty, he shall report such absence in accordance with written building procedures.
As soon as the necessity for absence is known, the member shall notify Substitute Services and whenever possible, the principal or his designate. A 24 hour answering system shall be used by Substitute Services.

Should an absence continue beyond a single day, the member shall notify the building (if known before 2:30 p.m.). After 2:30 p.m., he shall follow the procedures above.

If a member fails to notify the building of his continued absence prior to 2:30 p.m., the substitute teacher shall be released, and the responsibility for substitute coverage of his class rests with the member.

4.03 Certificate Of Absence

All forms used for the certification of an absence shall be compatible with the terms and provisions of this Agreement.

The member shall certify to the Superintendent the cause of the member's absence. Such certification shall also constitute a request by the member for authorization of absence. The School office shall give to the member the appropriate form(s) to be used by the member for the certification of absence. The member shall make an effort to complete and return the form(s) to the school office within one (1) working day after receipt of such forms.

The building principal shall sign and forward to the office of the Superintendent, the member's certificate of absence within one (1) working day of receipt of such certification. Approval by the Superintendent, or his designate, of such request shall constitute an authorization of absence from duty.

Members shall not be considered absent, nor shall they be required to submit an absence form when on Board-sponsored/approved field trips. Members shall be responsible, however, for submitting a work place modification form when on such field trips lasting one (1) school day or longer.

4.04 Certificate Of Health

When a member has been absent for more than five (5) consecutive work days because of personal illness, a Certificate of Health (Form S-2e) shall be filed with the Personnel Office and is to be forwarded to the Personnel Office immediately upon the member's return to work.

In the event that the absence is for ten (10) days or more, a "Certificate of Health" form is to be filed at the end of each payroll period (ten (10) days). Failure to file the "Certificate of Health" form will result in delay of compensation for sick leave days.
The Certificate of Health shall be signed only by the member and shall list the name and address of the attending physician and the dates the physician was consulted. Nothing in this form shall be construed to waive the physician-patient privilege.

4.05 Epidemic Or Other Public Calamity

Members shall be paid for all time lost when schools in which they are employed are closed owing to an epidemic or other public calamity. Public calamities shall be determined by the State Superintendent of Public Instruction.

In the case of absence resulting from travel difficulties between the member's local residence and his place of employment, provided these difficulties are caused by flood, storm or other uncontrollable conditions, the Superintendent shall waive the salary deduction if, in his judgment, the member has made every reasonable effort to get to his place of employment.

In case of absence due to damage or serious and immediate threat of damage to the member's residence resulting from flood, storm or other uncontrollable conditions, the Superintendent shall waive the salary deduction if, in his judgment, such absence was imperative to the protection of property and personal safety of the member and his immediate family.

The Superintendent has the authority, under highly unusual circumstances, to declare schools closed. When the Superintendent exercises this authority, the following conditions shall prevail:

A. In the event schools are closed because of weather conditions, members are not expected to report to work. Members will be paid for time lost in accordance with State law.

B. In the event schools are closed because of public calamity (e.g., flood, tornado, storm or epidemic), members are not expected to report to work. Members will be paid for time lost in accordance with State law.

C. In the event schools are closed because of an energy shortage, members are not expected to report to work; such days are not considered work days, and a modification of the school calendar will be determined by the Board following consultation with the AEA. A member is assured of his annual contract salary, with no increase in the number of annual days worked.

D. If for any reason, an entire student body is released after the school day commences, the faculty shall also be released from duty within thirty (30) minutes of the students' departure.
4.06 Absence and Salary Increments

Annual salary increments are earned on the basis of the number of work days for which the member is paid and are granted in accordance with the following schedule:

All members shall be paid regular compensation for time lost due to illness or other causes encompassed by this agreement for not less than five (5) days annually. This minimum benefit of five (5) days shall become effective and available to use annually on the first day of the contract year in which the member is assigned to duty.

After a member has used the full amount of sick day credit provided either by regulations of the Board or earned by such member on the basis of service at the rate of one and one-fourth days for each month of service, such member may not be lawfully paid for further absence because of illness.

A. Accumulation

Maximum annual accumulation of any employee shall be 15 days.

There shall be a maximum accumulation of 275 unused sick days.

Sick day credit may be retained during a leave of absence for military service. Additional sick day credit may not be earned during a leave of absence for military service except in the case of temporary military service, said service not to exceed thirty-one days in any one calendar year.

B. Transfer

A member who transfers from one public agency in Ohio to another shall be credited with the unused balance of his accumulated sick days. To receive such credit, a new member shall present to the Treasurer a certification from the public agency in Ohio for which he most recently worked, stating the number of days of unused sick days credited to him at the time of the termination of employment.
C. Use

Members shall be granted sick days for absence due to illness, injury, physical disability, emergency dental care, child birth, pregnancy, exposure to contagious disease which could be communicated to other employees or to school children, and for illness or death in the member's immediate family or death of any other relative, as follows:

1. Personal illness or injury, physical disability, emergency dental care, child birth, disability and/or complications due to pregnancy, or exposure to contagious disease which could be communicated to other employees or to school children: no limit. However, a member on sick days for these or other causes shall be paid only for the number of sick days credited to or earned by such member. Before salary payment can be made for absence because of personal illness or injury, physical disability, emergency dental care, child birth, pregnancy, or exposure to contagious disease, the member shall submit the appropriate forms to the building principal. Absence of more than five (5) consecutive work days for the above reasons shall require the filing of the appropriate form.

2. A member shall be entitled to complete usage of accumulated sick days for serious illness or disability in the immediate family. Before payment can be made for such absence, the member shall submit the appropriate form to the building principal or his designate. If such absence extends beyond five (5) consecutive work days, the member shall also submit a STATEMENT OF NECESSITY FOR ABSENCE stating that the member's absence from duty is required.

3. A limit of five (5) consecutive work days is granted for death in the member's immediate family, except that the Superintendent may increase the number of days, if the circumstances justify authorization of additional absence with pay. Before salary payment is made for absence because of death in the member's immediate family, the member must submit a CERTIFICATION OF ABSENCE FOR DEATH IN THE IMMEDIATE FAMILY OR OF OTHER RELATIVE (Form S-2c) to the principal or the immediate superior of the member.

Notification shall be given by the member to his principal or immediate superior before absence from duty, ex-
cept in extreme emergency. In such cases the claim shall be submitted no later than the second day after the member returns to work.

4. A limit of two (2) consecutive work days is granted for the death of another relative, except that the Superintendent may increase the number of days if the circumstances justify authorization of additional absence with pay. All members shall be paid regular compensation for absences covered under this section.

A. To Attend Meetings and Conferences

Absence of at least one day per school year may be authorized by the Superintendent to permit each member to visit another school or to attend local, district, state, national and international meetings or conferences of a professional nature. Authorization for such absence shall be obtained prior to the absence by a written request to the Superintendent.

Members who attend such meetings or conferences on business of the Board of Education shall be considered assigned to duty with full payment of salary. A member shall submit a CERTIFICATE OF ABSENCE FOR CAUSES OTHER THAN ILLNESS OR DEATH (Form S-2d) before payment of salary can be made.
When appropriations for expenses incurred in attending a professional meeting or a conference has been authorized by the Board, a member shall be reimbursed, or have his expenses paid, upon approval by the Superintendent. In cases where appropriations for such expenses have previously been made by the Board, such expenses shall be paid or reimbursed, upon approval of the Superintendent, within the limits authorized by the Board.

Leaves granted for professional study, travel or research shall be in effect for the re-

Failure to report for duty following the expiration of a leave of absence, unless additional absence is authorized, or failure to comply with the provisions of the leave, may be considered by the Board of Education as termination of contract by the member.

Early Termination of Leave

Termination of a leave of absence before its expiration date will be considered when the member files a written request for such early termination to the Deputy Superintendent. If there are no vacancies at the time of the re-
quest, early termination of the leave shall be at the discretion of the Deputy Superintendent and in accordance with the needs and interests of the schools.

Not less than ten (10) days before the termination of the leave, the member shall submit a written statement from the attending physician, certifying that the member has been medically examined and that he is or will be able to resume his duties with the Board when the leave of absence expires. The Board may require, at Board expense, an examination by a Board-approved physician before the member is reassigned.

If the member’s leave of absence does not exceed forty-five (45) working days, the member shall return to the same assignment held at the time said leave commenced.

If the member’s leave of absence extends to more than forty-five (45) working days, the member shall return to the same assignment held at the time said leave commenced, if available; if not, to an equivalent assignment.

**Unrequested Leave of Absence**

If a member is unable to perform satisfactorily the duties of his position because of physical or other disability, or if the member has been absent due to personal illness following the expiration of his sick leave, the Superintendent may recommend, without the request of a member, a leave of absence for a part of the school year, and renewals thereof, and the Board may grant such leave in accordance with the provisions of the law.

Application for leave for travel shall outline in detail the scope and nature of the travel, shall make provisions for an itinerary covering a minimum of four months or eight months, shall show how such travel will contribute directly to improved classroom instruction or to improved professional services by the member, and shall give reasons why such travel may not be accomplished when schools are not in session or when the member is not on duty.

Special Regulations Relating to Leave with Partial Pay

The Board may not grant a leave with partial pay unless there is available a satisfactory replacement.

The number of such leaves granted per year shall be at the discretion of the Superintendent, except that no more than 5 per cent of the professional staff may be on leave for study, travel, research or professional improvement at any one time.

Leave for professional improvement may not be granted to any member more often than once for each five consecutive years of service, nor may leave be granted a second time to the same individual when other members of the staff, in sufficient numbers to fill the quota for the period, have filed a request for, and are awaiting such leave.

The amount of partial pay which a member shall receive while on leave under the provisions of this section shall be equal to the difference between the substitute's pay and the teacher's expected salary.

Upon his return from leave, a member's salary and fringe benefits shall be the same as he would have received had the period of his leave been spent in the Akron Public School System, and he shall be returned to the same position that he held at the time said leave commenced, if available; if not, to an equivalent position.

All members shall, as a condition of approval for leave of absence for profes-
sional growth, sign a written agreement to return to service in the Akron Public Schools for a period of at least two years immediately following satisfactory completion of the program for professional improvement within the specified period, or to refund the Board all the partial pay received during the period of leave. The refund requirement shall not apply in case of death of the member while on leave; in cases of illness or injury, the obligation will be deferred until the member can resume his employment. Refund of pay received on leave may also be required if the member fails to complete satisfactorily the program of professional improvement unless such failure was beyond his control. Obligations arising under this agreement may be deferred if the member is granted a leave of absence under other provisions of these rules and regulations immediately following a leave of absence for professional improvement, or if other types of leave are granted prior to the completion of the required year of service, such deferment not to extend beyond the other types of leave plus one year.

Notice of Intent to Return
Notice of intent to resume employment shall be made at least sixty (60) days prior to the expiration of a leave of absence for study, travel, research or professional improvement. For purposes of seniority and placement on the salary schedule, years of absence in the service of the armed forces of the United States or the auxiliaries thereof, shall be counted as though teaching service has been performed during such time.

F. Public Office - Community Service

Among members are many individuals who utilize their talents, and limited time, in the betterment of the quality of life in the community. These contributing individuals assume leadership roles and responsibilities in philanthropic, civic, fraternal, and religious organizations.

1. Upon written request, a member may be granted time off — without pay — for a maximum of thirty (30) work days per calendar year to campaign for an elected office.

2. If elected or appointed to public office, the member shall request an assessment conference with the Deputy Superintendent to determine the relationship between said office and responsibilities to the Board. The result of the conference and any agreement thereof, shall be placed in writing.

3. A member elected or appointed to a public office — which does not permit said member to meet the terms and conditions of his/her employment — may request a leave of absence without pay for one term of such elected position, or in the case of an appointed position, a maximum of two (2) years from effective date of the appointment.

Eligibility

Any member who is appointed or elected to public office, subsequent to three or more years of regular service in the Akron Public Schools immediately prior to his request for leave, and who desires to re-
turn to the employ of Board at a future date, shall be granted a leave of absence without pay.

Application for Leave
The application shall be submitted within five (5) days after election or appointment to public office. The leave period shall be the initial term of office.

Application for Reinstatement
Application for reinstatement shall be made at least thirty (30) days prior to the expiration of the leave.

Reinstatement
Reinstatement shall be to the former or equivalent position. In case of a member on ratio, the reinstatement may be to a position less than equivalent.

G. Maternity Leave
Eligibility
A member who becomes pregnant, and who desires to return to the employ of the Board subsequent to such pregnancy, shall be granted a maternity leave of absence without pay. Such leave shall be for the remainder of the school year in which delivery is to occur, unless such leave is earlier terminated, as hereinafter provided. The leave may, upon the request of a member, be extended for one additional school year. To maintain eligibility for a leave, a member must pursue procedures specified hereinafter.

Procedures
At or prior to the end of the fifth month of pregnancy or such earlier time when the member’s physical or emotional condition interferes with the regular and satisfactory performance of her duties, the member shall in writing notify the Superintendent of the tentative effective date of the maternity leave requested, which notice shall be accompanied by both a certificate of health and a statement from her physician stating the approximate date of her delivery.

If a member continues working beyond the seventh month, she shall submit a certificate of health at the end of the seventh and eighth months and weekly during the ninth month, until such time as the leave shall become effective.

In the event the required certificates of health are not submitted within five working days after they are due, the Superintendent may place the member on unpaid leave, subject to confirmation by the Board at its next regular meeting.
Application for Reinstatement

Application for reinstatement may be made by the member at any time subsequent to the termination of pregnancy, and the member shall be reinstated ten (10) days after receipt of written request to the Superintendent. Such request shall be accompanied by a statement from the attending physician certifying that the member is both physically and emotionally able to resume her duties with the Board.

Reinstatement

Upon returning to the school system the member shall be returned to the same position, if available, or to an equivalent position. If a specific building assignment is not available, the member will be returned to contract status and assigned to the Itinerant Payroll.

H. Assault Leave

Members shall be granted paid days of leave for absence due to injury resulting from a physical assault by any person when performing his/her official duties.

The member shall be paid regular compensation for time lost due to an assault. If the absence extends beyond five (5) days, the member may be required to submit to an examination by a Board appointed physician. The examination will be conducted at Board expense. Additional time beyond the five (5) days may be authorized by the Superintendent after consultation with the Board appointed physician.

To qualify for an assault leave, the member must follow procedures outlined in Section 3.28 — Assault — and submit a written physician’s statement describing the nature and anticipated duration of the disability.

Paid days granted due to assault shall not be charged against the member’s accumulated sick leave.

As of the effective date of this Agreement (July 1, 1984), the status of substitute teachers, tutors and other part-time employees is in dispute. The Akron Public Schools have filed a Unit Clarification Petition with the State Employment Relations Board to determine whether or not those classifications are appropriately included in the bargaining unit. If the final determination of SERB is that those employees working in those classifications are appropriately included in the unit, then this clause shall apply to those employees retroactive to July 1, 1984. If the decision of the State Employment Relations Board is that those classifications are not appropriately included in the unit, then employees working in those classifications shall not be covered by this clause.

SECTION 2. As of the effective date of this provision, or sixty (60) days after being hired, whichever occurs later, any employee covered by this Agreement who chooses not to become a member of the Akron Education Association shall be obligated to pay the Akron Education Association a fair share fee as outlined in Section 4117.09 (c) of the Ohio Revised Code. The Akron Education Association agrees to advise the Board in writing of the terms of any and all such rebate determinations within ten (10) days after such determinations are made.

The Akron Education Association agrees to advise the Board and each non-member in writing of its internal rebate procedures within thirty (30) days after the effective date of this provision. The Akron Education Association further agrees to provide written notice to the Board and to each non-member of any changes in said rebate procedures which become effective during the term of this Agreement.

In addition, any such employee shall furnish to the Akron Education Association written receipts evidencing the monthly payment of such amounts. In the event any such employee fails to make such payments or fails to furnish such
receipts, said employee shall be subject to the same sanctions as an employee who has failed to pay membership dues or the fair share fee hereunder.

SECTION 8. The Akron Education Association hereby indemnifies the Board against any and all other forms of liability which may arise by reason of the Board's actions in deducting and forwarding fair share fees pursuant to this provision.

Meetings between the AEA and the Superintendent shall be scheduled outside the regular school day, but for an agreed upon time and place.

Schedule

Within five (5) working days after the receipt of said written request from either party, the Superintendent shall schedule a meeting.

11.02 Negotiating Committees

The AEA shall designate a committee of five (5) members or fewer and the Superintendent upon behalf of the Board shall designate a committee of five (5) members or fewer for the purpose of conducting negotiations. The aforementioned shall be members of the professional staff or members of the Board.

11.03 Good Faith

Both parties shall make every effort to conclude negotiations satisfactorily through the foregoing steps within seventy-five (75) working days from the time of receipt of the original written request referred to in Article 11.01 hereof.

In addition to the committees of the parties referred to in Article 11.02 either party may use such consultants, in negotiation sessions, as it may deem necessary. The identity of the consultants, and the intent to use said consultants, must be provided to the other party at least three (3) working days in advance of such use.

During the process of negotiations, only such information as is mutually agreed upon in writing shall be distributed or given to the news media.
The chairman of either committee may recess his committee for independent caucus at any time.

In recognition that negotiation is a shared process, all parties shall negotiate in "Good Faith". "Good Faith" requires that the AEA and the Board representatives be willing to react to each other's proposals; if a proposal should prove unacceptable to one of the parties, that party is obligated to give its reasons therefore. In case of disagreement, procedures outlined in Article XIII will be in effect.

11.04 Furnishing Information

The Board and the Superintendent agree to furnish the AEA on request all compiled available information concerning the financial resources of the district and any other public data that will assist the AEA in helping to develop intelligent, accurate and constructive programs on behalf of the members, the students and the educational program.

ARTICLE XII - AGREEMENT

When the participants reach agreement, such agreement shall be reduced to writing and signed by the members of the committees. Within five (5) working days thereafter, said agreement shall be submitted to the membership of the AEA for ratification. If such membership ratifies said agreement by a majority vote of those voting thereon, upon written certification by the President of such ratification to the Superintendent, the Board shall consider the ratification at its next meeting. The Board may also elect to defer consideration of the agreement to the following meeting when seventy-two (72) hours have not passed between written notification of AEA ratification and the next Board meeting.

The mediator selected by the Service shall be an Akron taxpayer. In the event that the parties do not mutually agree to submit the issues to Federal Mediation and Conciliation Services, the provisions applicable to Impasse Panel (below) shall apply. In the event that mediation is agreed to by both parties, the parties shall make every effort to seek settlement under the direction of the mediator within fifteen (15) work days.
Should mediation prove unsuccessful, the parties shall refer all unresolved matters to the Advisory Panel.

13.02 Advisory Panel

An Advisory Panel, composed of three (3) members shall be established within fifteen (15) work days after receipt of a written request by either party, unless both parties mutually agree to a later date. The Association and the Board shall each appoint one (1) Akron taxpayer to the Advisory Panel. In the event the two (2) Advisory Panel members are unable to agree upon a third member, they shall ask the Judge of the Probate Court to submit to them a list of five (5) Akron taxpayers who have indicated their willingness to serve. Each member of the Advisory Panel shall alternately strike a name from the list, until only one (1) remains; he shall become chairman. The striking of the first name shall be determined by the toss of a coin.

13.03 Advisory Panel Recommendations

The Advisory Panel will be requested, after hearing arguments from both parties, to report recommendations for settlement to the Negotiating Committee of each party. When possible, such recommendations shall be reported within fifteen (15) work days after the Panel's initial meeting. These recommendations shall not be made public until (5) work days after their presentation by the Panel to the parties, unless an earlier mutually agreed upon time is specified.

Conclusions of the Advisory Panel shall be in the nature of recommendations only.

13.04 Advisory Panel Costs

All costs incurred as a result of the use of the Federal Mediation and Conciliation Service and/or the use of an Advisory Panel shall be shared equally by the Association and the Board.

ARTICLE XIV - DURATION

14.01 Effective Date

The effective date of this agreement shall be July 1, 1984, and it shall remain in force until June 30, 1985, except that it may be altered by the reopening of negotiations as provided for herein. This agreement shall automatically be renewed subject to amendments negotiated by the parties as hereinafter provided upon receipt by the Board of the membership certification required under Section 14.02 hereof.

14.02 Certification of Membership

Between October 15 and December 15, of each calendar year, the Akron Education Association shall certify to the Board a list of its membership. In the event that said certification
reveals that the Akron Education Association has as members less than a majority of those certificated teachers and counselors employed by the Board, then this agreement and the recognition of the Akron Education Association contained herein shall terminate at the end of said agreement period.

14.03 Initiation of Negotiations

Negotiations under this agreement with respect to salaries and fringe benefits shall be initiated by either party upon written notice to the other party at any time after December 1, and prior to March 1, of each calendar year during the period of this Agreement, under the procedures set forth in Article XI hereof. Subsequent negotiations between the parties as to salaries, fringe benefits and other major cost items shall be conducted at such time or times as the parties may agree.

Negotiations under this agreement with respect to salaries, fringe benefits and working conditions shall be initiated by either party upon written notice to the other party at any time after December 1, 1984 and prior to March 1, 1985, under the procedures set forth in Article XI hereof. Subsequent negotiations between the parties shall be conducted at such time or times as the parties may agree and under the procedures set forth in Article XI.

14.04 Year-Round School

Initiation of a year-round school format in any school in which the length of the school year as defined in this Agreement is extended, shall require the reopening of negotiations on items that concern wages, fringe benefits and on other items mutually agreed upon surrounding that year-round program.

Negotiations shall commence at least sixty (60) days prior to the implementation of the year-round program and shall be conducted under procedures set forth in Articles XI and XIII hereof.

14.05 Ratification

Any agreements reached between the parties under the terms hereof shall, upon ratification thereof as provided herein, become a part of this agreement.

14.06 Reopening

This agreement may be opened for negotiations at a time other than that provided in foregoing sections only upon the mutual agreement of the parties. Within 60 days after the effective date of legislation or U.S. Supreme Court decisions which modify or have direct effect upon any portion of this agreement, a meeting shall be held to determine whether or not the parties wish to reopen negotiations on the affected sections of the agreement.
IN WITNESS WHEREOF, the parties have set their hands hereunto on the 29th day of August, 1984.
