Group I supplemented positions shall include Department Heads, Curriculum Coordinator I, Head Football Coach, Head Volleyball Coach, Head Basketball Coach (Boys and Girls), Head Baseball Coach, Head Softball Coach, Head Track Coach, (Boys and Girls), Head Wrestling Coach and Business Manager.

Group I supplemented positions will be considered to be under a continuing contract. that he/she may be given the option of being placed in the pool for reassignment or remaining at his/her current school if there is an unearmarked vacancy in their last teaching assignment. If the administrator wishes to terminate a teacher from a Group I supplemented position, he/she must do so in the time period and under the same conditions he/she would have to follow for annual contract teachers. A teacher who is terminated from a Group I position shall be entitled to an administrative review under the same conditions as an annual contract teacher, with the exception that if the review upholds the termination, the teacher shall lose his/her supplemental status and be given the option of being placed in the pool for reassignment or remaining at his/her current school if there is an unearmarked vacancy in their last teaching assignment.

Administrators shall have the right to earmark teaching positions for Group I supplements.

2.10.2 All positions filled during the second semester will be temporary assignments.

2.10.3 Principals are to consider teachers who are on a temporary assignment prior to recommending new applicants. A temporary assignment teacher has experience for an administrator to evaluate. If the teacher has provided "satisfactory" service to the county for a year or more, he should be given preference over an unknown candidate.

2.10.4 Temporary appointments may be made for any specified period of time or more than thirty (30) calendar days. Said appointment may be extended for additional time as required.

2.11 HALF DAY TEACHERS

2.11.1 Whenever an opening occurs during a school year in an area of assignment in which half-day teachers are employed, the administrator involved shall select the replacement teacher from among the certified half-day teachers already employed within the school.

Teachers assigned out of field (as opposed to those employed out of field) shall not be required to take any hours during their first year out of field. Teachers who are teaching out of field shall be evaluated for knowledge of subject matter with consideration given to the lack of complete certification. Teachers who are teaching out of field because of pool placement shall not be evaluated for knowledge of subject matter.

4.4 CERTIFICATE EXTENSION

4.4.1 All certificates shall be extendible for successive periods not to exceed five years under rules of the state board prescribing such additional training, experience and competencies as may be deemed necessary for said extension.

4.4.2 Any training or experience claimed shall be either college course credit or inservice training.

4.4.3 At least one-half of any college course credit or inservice training claimed by instructional personnel shall be in the field or fields in which said individual is assigned or certified or will seek assignment or certification.

(The intent of this section is to track state law to provide information to teachers. If state law changes in regard to certificate extension, this section would also be changed.)

4.4.6 In order to be granted a temporary certificate beyond the first, with the exception of a temporary X Certificate, the applicant must have completed six semester or eight quarter hours of credit subsequent to the issuance of the previous certificate. Correspondence credit shall not be accepted in meeting this requirement.

4.4.7 A teacher who is teaching on a special permit, that is, a college graduate who is not certified in the field of his assignment, must meet requirements by earning six semester or eight quarter hours in the field of his assignment annually in order to be eligible for reappointment.
TEACHER CENTER COUNCIL (Teacher Education Center Act of 1973)

5.1 SELECTION OF COUNCIL MEMBERS

5.1.1 The Association shall provide the Board with a list of classroom teachers qualified to serve on the Teacher Center Council from which the Board will appoint 50 percent plus one of the members of the Council.

5.1.2 The Association's list of recommended teachers shall be at least twice the number of vacancies to be filled. Such list shall be presented by June 15th of each year, so appointments can be made by the first Board meeting in July.

5.1.3 The term of office for each council member shall be for two years, with even-number positions appointed on even-numbered years and odd-number positions on odd-numbered years. Council members may serve two consecutive terms.

6 COUNTY-WIDE COMMITTEES

6.2 FORMS MANAGEMENT COMMITTEE

6.2.1 A county-wide standing committee shall be established to review forms that originate from any office within the school system to be completed by other divisions, other departments, principals, teachers, students or parents. The Association shall name 50 percent of the committee members.

6.2.2 The goal of this committee shall be to recommend the reduction of as much paperwork as possible.

6.3 TEST COMMITTEE

6.3.1 Whenever the school system anticipates developing or revising a student test, teachers in the field the test will cover will have input on the test items.

6.4 TEXTBOOK SELECTION

6.4.1 1. A county-wide textbook selection committee shall be appointed whenever a textbook adoption is due or contemplated in any specific subject area, program or grade level.

2. A majority of each committee shall be classroom teachers appointed by the Association.

3. The committee shall review all available texts in the specific area in question and submit at least two books for final selection by all involved teachers.
4. These two textbooks shall be available in the appropriate work location in sufficient numbers to allow for teacher review at least three weeks prior to a county-wide vote.

5. Teachers shall select one textbook for county-wide adoption by secret ballot.

6. Department heads or team leaders shall be responsible for tabulating votes at each work location and immediately notifying the chairman of the appropriate county-wide selection committee.

7. This vote shall determine the book to be purchased in any level or subject area until the next review.

7 EXPERIENCE CREDIT

7.1 ALLOWABLE TEACHING EXPERIENCE

7.1.1 Teachers shall be given salary credit for all Hillsborough County public school teaching experience.

7.1.2 Teachers shall be allowed up to five years credit for previous experience outside of the Hillsborough County Public Schools in public or private schools and colleges, provided they were employed in full-time teaching positions and held at least a four year college degree during the period of employment. Credit will not be granted for half-day teaching in private or public schools other than the Hillsborough County Public School System.

7.1.3 Any person who left a teaching position to serve in the Armed Forces of the United States during a national emergency or in the Peace Corps; and had, at the time of his entering the service or the Peace Corps, a bachelor's degree, may receive full experience credit up to five years -- or for the duration of the emergency.

7.2 WORK EXPERIENCE IN LIEU OF TEACHING EXPERIENCE

7.2.1 Upon entering employment with the Board, cosmetology, health occupations, data processing technology, law enforcement, and industrial qualified and certified instructors may apply to the Assistant Superintendent for Vocational,Technical and Adult Education for up to five years of work experience in the related area in lieu of teaching experience. Any work experience granted is applicable only as long as the teacher remains in cosmetology, health occupations, data processing technology, law enforcement, or an industrial position.

7.2.2 The combined total of work and teaching experience cannot exceed five years for a teacher entering the industrial, cosmetology, health occupations, data processing technology, and law enforcement programs. Vocational teachers who require academic preparation will not be granted work experience credit after July 16, 1974.

7.2.3 Work experience must constitute full-time employment and credit will not be given for part-time employment. Employment for nine (9) continuous calendar months in any one year will be accepted as a year's work experience in lieu of teaching experience.

7.3 DEFINITION OF A YEAR'S TEACHING SERVICE

7.3.1 Excepting military and study leave, a year's credit for teaching experience shall
be allowed an instructor who has served half the total plus one day of the annual paid contracted work days. A year’s credit shall be allowed for each year of approved military or study leave granted by the Board.

8

WORK YEAR AND HOURS

8.1

WORK YEAR

8.1.1 The work year for teachers shall be 196 days as determined by the School Board Calendar.

8.1.2 Teachers assigned to new positions during the regular school year, may be required to attend additional inservice orientation sessions.

8.1.3 The Assistant Superintendent for Administration shall appoint a committee annually consisting of twenty-three (23) members to prepare school calendars for all school centers to be recommended to the Board. The committee will include one elementary teacher, one junior high school teacher, and one senior high school teacher selected by the Association.

8.1.4 Teachers shall not be required to attend meetings away from the school center on workdays as designated by the official school calendar. These days are specifically set aside to enable teachers to work on classroom duties and functions and in-school meetings shall be kept to a minimum.

8.1.5 New or vacant positions contracted for eleven or twelve months shall be advertised in the Administrative Bulletin.

8.2

VACATIONS FOR TWELVE-MONTH TEACHERS

8.2.1 All twelve-month teachers with up to five years continuous service will be entitled to thirteen days annual vacation; teachers with five to ten years continuous service shall be eligible for 16.25 days vacation annually; teachers who have ten or more years of continuous service shall be eligible for 19.5 days vacation annually. Vacation leave is not cumulative to exceed thirty workdays after December 31st of each year.

8.3

HOLIDAYS

8.3.1 The school holidays and the school year shall be fixed by the Board when it adopts the annual school calendar and shall be named in the calendar. If emergency holidays are granted, the time missed must be made up by reduction of time designated as "vacation" on the annual calendar.

8.3.2 The Board shall grant to all teachers working less than twelve months six paid holidays each school year.

8.3.3 Teachers must be working or be on paid leave or illness beyond accrued sick leave for less than thirty (30) days to receive paid holidays.

8.4

TEACHING HOURS

8.4.1 The school day for teachers shall be seven hours and twenty minutes. The principal shall have authority to permit teachers divergence from the school day when circumstances necessitate such a procedure. On election days in
Hillsborough County, no faculty or other school related meetings shall be held beyond the seven hour, twenty minute day.

8.4.2 Compensation on the basic salary schedule shall be based on seven hours and twenty minutes of scheduled time. The Association and Board agree to develop criteria for the payment of supplemental salaries for teachers over and above the amount reflected in the contracted, basic salary schedule. It is further understood that the acceptance of supplemented positions in Group II and III shall be voluntary on the part of the teacher and refusal to accept such assignments shall not affect regular employment.

8.4.3 Teaching time at Brevster and the Skills Center shall be 330 minutes per day until the Erwin Center is completed and its programs are accredited by the state, then this time shall be reduced to 300 minutes. Teaching time in cosmetology, countywide, and industrial and health programs at Tampa Bay Tech shall be 300 minutes per day. Teaching time in other secondary schools shall be 275 minutes per day. This should include classes in not more than two subject areas nor more than three teacher preparations except in cases where unusual circumstances require exception. Such exceptions must be approved by the appropriate assistant superintendent.

8.4.4 An accounting procedure related to teachers reporting for work shall be developed and implemented by Department Heads, Team Leaders or Grade Chairman working in conjunction with their teachers. Such procedure shall be submitted to the building administrator for approval prior to implementation.

8.5 SUBSTITUTING IN A DOUBLE-SESSION SCHOOL

8.5.1 All full time day teachers should be limited to not more than six hours per week of additional teaching time. A teacher who taught both sessions of a double session school would be teaching approximately three hours a day more than seven hours and twenty-minutes regular assignment. Therefore, he should be limited to filling in on a substitute basis to a maximum of two days per week. Since this is substitute work, and not with a regular assigned group of youngsters, the substitute salary will be paid to those regular teachers to substitute for the extra session that day.

8.5.2 Each secondary school on double sessions will secure a list of all the teachers in the school who desire to substitute for the other section of the school day. These teachers then will be put on another payroll so they can be paid for the days worked.

8.5.3 Teachers in double-session schools and half-day teachers shall be used to substitute only in emergencies. Half-day teachers may substitute in their own school for the other half of the day. A teacher within the school may be used to substitute outside of his department only when no one is available within the department for substitute work.

8.6 TEACHING A SIXTH PERIOD WITH ADDITIONAL COMPENSATION

8.6.1 Current teachers may be employed, on a voluntary basis, to teach an additional period when the need exists.

8.6.2 When the need exists a teacher presently employed full-time (5 teaching periods) may be employed for an additional period under the following conditions:
(a) Double session schools may employ a regular teacher who is teaching during the morning session to teach one period after the completion of their regular seven hour and twenty minute day. A teacher employed for the afternoon session may be employed one period prior to their regular seven hour and twenty minute day.

(b) Single session schools may employ a regular teacher to teach one period during their conference period provided that their regular seven hour and twenty minute day is extended one hour to effect an eight hour and twenty minute day.

8.6.3 Each school shall secure a list of all teachers in the school who desire to teach an extra paid period.

8.6.4 Certified teachers outside of the department needing an extra class(es) may only teach the extra class if no one in the department is available.

8.6.5 Teachers teaching six periods shall be compensated for an extra hour per day based on the Part Time Instructional Salary Schedule.

8.7 LENGTH OF DAY FOR SUPPLEMENTED TEACHERS

8.7.1 Department heads, community specialists, secondary counselors, school social workers, county-level coordinators, curriculum specialists, curriculum coordinators I, school safety and patrol sponsors and school psychologists are to be on duty for eight hours daily except Saturdays, Sundays and designated holidays during their work year.

8.7.2 Curriculum coordinators II shall normally work a seven hour and twenty minute day but shall work an extended day from time to time as needed.

8.7.3 Department heads, curriculum specialists and curriculum coordinators I shall be limited to one all day out of school group meeting per month except in cases of emergency.

8.8 PLANNING AND LUNCH PERIODS

8.8.1 Teachers shall have a planning period of at least thirty minutes each day during which they will not be assigned to other duties except for emergencies or unusual scheduling problems. The school office shall maintain a duty roster available for teacher examination, to ascertain the equity of emergency assignments.

8.8.2 It is normal for teachers to be in their work area during their planning period. However, they shall not be restricted to their room or work area during the entire planning period.

8.8.3 Each teacher shall be provided a minimum of thirty minutes for duty-free lunch period. Where the physical facilities of the school plant do not permit thirty minutes for lunch, the Assistant Superintendent for Administration may approve a modified lunch schedule that is within ten minutes of the minimum time, until such time as the condition may be corrected.
8.9 SCHEDULE NOTIFICATION

8.9.1 Teachers shall be notified of their tentative program schedule, or grade level assignment for the ensuing year as soon as the master schedule is prepared. In addition, they will be notified of any changes in their tentative program, schedule, or grade level assignment for the ensuing year, including the schools to which they will be assigned, as soon as practicable.

8.9.2 Teacher schedules shall be made without regard to race, creed, color, national origin, sex, marital status, or membership in any teacher organization. Qualifications and experience levels of teachers will be given consideration in terms of school, schedule, program, or grade level assignment.

8.9.3 A faculty shall be given at least three days notice before a change is made in a school's class or bell schedule except in emergency cases.

8.10 SCHEDULES FOR MULTI-SCHOOL ASSIGNED TEACHERS

8.10.1 In arranging schedules for teachers who are assigned to more than one school, an effort shall be made to limit the amount of interschool travel. Such teachers shall be notified of any change in their schedules by June 1st of each year. Any exception to this must be approved by the appropriate Assistant Superintendent. Multi-school teachers shall have their schedules arranged so that on paydays they are assigned to their respective home schools.

8.10.2 Teachers with multi-school assignments shall be assigned extra duties as would be appropriate to any other faculty member on a pro-rata basis.

8.10.3 An itinerant teacher's geographical area of assignment shall be considered permanent for a school year. Itinerant teachers may be transferred administratively as contained in Section 11.3. If a program is increased or decreased during the year, geographical area changes may be made.

9 AUXILIARY EMPLOYMENT

9.1 It shall be the policy of the Board to employ only full-time instructional personnel of the Hillsborough County School System for the extended school year, adult education program, and federal projects when possible.

9.1.1 Only teachers currently employed who hold a valid Florida certificate for the coming year or who have made application for certificate renewal through the personnel office may be employed in the extended school year program.

9.1.2 Teachers from sixth grade centers shall be hired for the extended school year in proportion to the number of sixth grade students who are attending the extended school year in their feeder schools if said teachers are available.

9.1.3 Teachers employed eleven months or more will not be eligible for employment in any other position in the School System.

9.1.4 A teacher holding less than an eleven months contract may be appointed to serve in only one of the following programs.

   a) Adult Evening High School
   b) Evening Vocation School
c) Extended School Year
d) Federal Projects

9.1.5 Any teacher who receives a second official appointment by the Board will be considered as holding two positions and to be employed more than eleven months. Appointments will not be considered as a second position in cases where classes in the Evening Vocational School and the Adult Evening High School are closed due to low enrollment or for reasons beyond the control of the teacher and the duration of the class is less than three calendar months.

9.1.6 In cases where it is necessary to consider exceptions to the above policy, the person in charge of the program requesting the exception shall furnish a written explanation to the Assistant Superintendent for Personnel. A copy of the "Administrative Bulletin" in which the vacancy has been advertised should be attached. Such information shall be available in the County Office to the Association.

9.1.7 The Assistant Superintendent for Personnel shall consider and approve or disapprove exception request (giving reasons) in writing.

9.1.8 A statement of all subject area openings for auxiliary positions will be publicized by the appropriate department and shall be posted in each school building as early as possible. Applications must be submitted within two weeks of the posting of said notices. The administrator or supervisor responsible for the selection of personnel will notify teachers who have applied for positions of the action taken as early as practicable, but not later than official Board action for these positions.

10 TEACHER RIGHTS AND RESPONSIBILITIES

10.1 LESSON PLANS

10.1.1 The principal or his designee may request teachers to submit a copy of their lesson plans or outlines used for the teaching week at the end of the last day of that teaching week. The principal may request the copies at the end of a particular unit instead of weekly. Teachers shall use the county elementary lesson plan or secondary lesson plan outline format (see appendix). The teacher's plans are to be used as a guide in order to fulfill the county's instructional objectives and to assist the teacher in conducting a planned instructional program.

10.1.2 In the event a teacher is absent, it shall be the teacher's responsibility to have lesson plans at the school prior to the start of the pupil day to cover the period of absence not to exceed the balance of the week in which the absence occurred.

10.1.3 If the principal or his designee, through classroom observation, determines that a teacher is having difficulty with classroom instruction or is not meeting instructional objectives, the principal, as part of a professional improvement program, shall hold a conference with the teacher having difficulty. No more than one meeting per week shall occur on time beyond the normal seven hour and twenty minute day.

10.6.2 A teacher shall be exempt from inservice participation if he/she is able to show proof of recent training in the area the inservice is to cover.

10.6.3 No individual teacher shall be required to participate in any inservice program not conducted for the general faculty, department or grade level after the normal workday.

10.6.4 Faculty and inservice meetings shall begin within ten (10) minutes after student dismissal.

a change in elementary student placement within the school.

Teachers unrelated to the field trip shall not go along on said trip as chaperones, and the sponsoring teacher is responsible for making arrangements for necessary chaperones among parents of the students who are involved on a one adult to fifteen students ratio. Classes missed by the sponsoring teacher will be assigned by the administrative staff to other teachers with three days advance notice.

10.17.3 Transportation and entrance fees will be collected and receipted by the teacher scheduling the field trip.

10.19.4 In working with pre-teacher students, it is understood by the school system and the teaching profession that the rights of the system and the teachers shall be considered in the placement of such students for the purpose of interning or observing.
10.20  TEACHER AIDES

10.20.1 Aides assigned to teachers are to be utilized and supervised by the teacher to whom the aide is assigned. Aides are not to be routinely used to perform services for the school’s administrative office.

10.20.2 Teachers will be involved in the process of selecting aides to be assigned to them whenever such aides are hired during the teacher’s work year.

11  TRANSFER

11.1  GENERAL PRINCIPLES

11.1.1 A transfer is a change in teaching position from one school to another. A permanent position teacher may transfer to a permanent or temporary position without changing his contract status.

11.1.2 A transfer may be requested by a teacher or may be initiated by the Superintendent and his staff.

11.1.3 Teachers who have been notified in writing of deficiencies which could lead to dismissal if improvement is not made, or teachers on fourth year probation, may not volunteer but shall be transferred if their seniority requires it. A transfer will not be granted if the teacher does not qualify for the existing vacancy. Principals, when filling vacancies, shall reassign teachers currently out of field before considering new applicants.

11.1.4 Teachers are eligible to transfer at any time during the school year to move in-field from an out-of-field assignment or to accept a higher paying position. A qualified replacement should be secured before the transfer is made; however, no transfer will be delayed more than two weeks.

11.2  TEACHER TRANSFERS

11.2.1 The transfer period for the following year shall commence when the unit allocation is completed. Hiring of new applicants cannot take place until the close of the first transfer period and the placement of the teacher in the pool.

11.2.2 An initial transfer period of at least two weeks prior to the end of the regular school year will be established after units have been allocated and administrators have listed their staffing needs with the Personnel Office.

11.2.3 Teachers who are placed in the pool due to unit loss will be eligible for transfer as all other teachers.

11.2.4 Teachers may transfer to any vacancy for which they are certified; however, certification areas in which vacancies are needed for the pool will be identified and transfers in these areas may only be made by teachers with the same assignment.

11.2.5 Teachers remaining in the unit loss pool after the initial transfer period will be placed according to section 11.4 and 12 (Unit Loss Transfers and Seniority). This meeting will occur as soon as possible after completion of the initial transfer period.

11.2.6 Hiring of new applicants and re-opening of the transfer period will begin in a
specific certification area when there are no teachers remaining in the pool in that area and the freeze is lifted.

11.2.7 The transfer period will continue through the last work day prior to preplanning in August. During this second transfer period, teachers will be able to transfer to any area for which they are certified if there is not a freeze on hiring.

11.2.8 All teacher vacancies shall be made known immediately to the Personnel Office.

11.2.9 Racial quotas must be considered before seniority when determining teachers to transfer during the spring for fall placement.

11.2.10 A teacher shall be granted only one transfer during the transfer period. Placement from a pool is not considered a transfer.

11.2.11 Administrators shall notify the Supervisors of Teacher Placement of all vacancies as soon as they are known (24-48 hours). A vacancy does not exist until a resignation or leave is signed and submitted. Teachers must notify the administrator of their intention to resign in time for the administrator to find a replacement prior to the teacher leaving. A period of two weeks is considered sufficient notice.

11.2.12 The Personnel Office shall provide a list of vacancies to those teachers desiring a transfer.

11.2.13 Administrators shall arrange interviews immediately with interested teachers requesting a transfer and make a selection within thirty calendar days plus any holidays falling within the thirty days. After the pool meets, the Personnel Office will announce vacancies and that date will be considered as the beginning date for hiring new teachers for the coming school year. Vacancies known at that time should be filled within thirty calendar days.

11.2.14 Administrators shall notify all teachers interviewed of their decision within three days after a decision has been made.

11.2.15 All complaints related to the teacher selection process should be directed to the Personnel Office immediately for investigation. The applicant will be notified of the result.

11.3 ADMINISTRATIVE TRANSFER

11.3.1 The Superintendent shall investigate any request for an administrative transfer.

11.3.2 Following the request, a hearing will be held involving the teacher, principal, Association, and the Assistant Superintendent for Personnel.

11.3.3 Following the hearing, the Assistant Superintendent for Personnel shall present his report including his recommendations to the Superintendent.

11.3.4 The Superintendent shall then act upon the transfer request. Should a transfer be indicated, the teacher shall be placed in a vacancy that is in the best interest of the individual and the system.

11.4 UNIT LOSS TRANSFER

11.4.1 Unit loss will be used for transferring teachers when a school must lose teachers
due to a loss of students or a change in the unit allocation formula.

11.4.2 When transfers are necessary due to a unit loss, teachers to be transferred will be determined by the seniority policy. Administrators will determine the certification area where a unit must be lost according to student enrollment. The composite unit allocation form indicating course counts will be available to the Association.

11.4.3 In determining unit loss, the length of the teacher's contract will not be a factor in identifying the person to be transferred.

11.4.4 In determining unit loss when balancing racial quotas is a factor seniority of all black teachers within the areas of losses will be used to determine the black teachers to be transferred.

11.4.5 When unit loss occurs, the following procedures will be used:

a) The racial composition shall be determined by the district formula as applied to the allocation of units. Racial quotas will not be considered when unit loss occurs after the beginning of a school year. Racial quotas must be considered before seniority when determining teachers to transfer during the spring for fall placement.

b) When it is necessary to lose black teachers, Policy 11.4.4 will be used to determine teachers to transfer and this must be done prior to determining white teachers who must transfer.

c) Reassignments may not be made prior to identifying teachers for the pool.

d) Administrators will notify teachers who must transfer due to unit loss. The names of these teachers will then be given to the Personnel Office and placed in a pool.

e) The teachers in the pool will be listed by subject areas according to their seniority in the Hillsborough County School System. For the purposes of unit loss, elementary teachers shall be divided into (1) kindergarten, (2) grades one through six, and (3) separate special service areas, and these areas shall be considered separate subject areas.

f) Vacancies by certification area (math, English, elementary, etc.) will be available in the Personnel Office to each teacher who is required to transfer one working day prior to the day such teacher will choose an assignment from the available vacancies. The teacher with the most seniority will be given his choice of vacancies in the certification area from which he or she was displaced. Using seniority, teachers will be given a choice until all are placed or until all vacancies are filled. The black-white ratio shall not be considered when filling vacancies through pool placement.

g) The teacher in the pool with the most seniority will be given the refusal of each vacancy occurring until he is placed. The teacher in the pool with the least seniority will be assigned to any vacancy occurring if all teachers with more seniority have refused the position. Teachers not assigned will remain in the pool. The Personnel Office will work with teachers remaining in the pool to
find the best assignment possible for the welfare of the teacher and the school system until appropriate vacancies occur. This assignment shall be based on the teacher's prior experience, course work or other training. The teacher shall have the option of staying in this area and taking courses necessary for certification or accepting the first vacancy in the area from which he/she was displaced. (A teacher shall not give up his right to move in field if he rejects a temporary appointment after the beginning of the school year.)

11.4.6 Teachers in a temporary assignment will not be considered for transfer. The seniority of a teacher who is on leave and has a vested interest in the position will be used to determine the unit to transfer. A teacher contracted for a Group I or II supplement will not normally be transferred due to unit loss, except in the event that the required number of teachers needed to transfer exceeds the number of non Group I or II supplemented teachers. Then, based on seniority, all Group II supplemented teachers shall first be subjected to unit loss with Group I supplemented teachers following if necessary. In the event a teacher with seniority is forced to transfer because of a supplemented teacher, such teacher shall be moved to the top of the pool seniority list. Teachers remaining in the pool from the previous unit loss, will be placed prior to teachers new to the pool. If there is more than one teacher in this situation, placement at the top of the list will be determined by their seniority. Teachers in the pool will then be assigned according to their certification.

11.5 NEW SCHOOL OR CONSOLIDATION TRANSFERS

11.5.1 The seniority policy will be used for transfer of teachers when a new school is formed or when boundary changes are made, or when schools are consolidated. Schools losing teachers must maintain their desegregation quotas.

11.5.2 Units shall be allocated or reallocated to the affected school(s).

11.5.3 All vacancies at the receiving school(s), including additional units and vacancies resulting from resignations, leaves or temporary appointments, are identified and frozen.

11.5.4 Only the surplus teachers at the sending school(s) in each department can be reassigned to the receiving school(s) and teachers leaving will be identified according to the racial quota and the seniority policy.

11.5.5 The school(s) losing units will maintain its desegregation quota.

11.5.6 Prior to the transfer period these teachers will be given a list of vacancies at the receiving school(s), by departments, and each teacher, on a seniority basis, will have a choice of accepting a vacancy at the receiving school(s) or being placed in the county pool.

11.5.7 Any teacher who cannot be assigned to the receiving school(s) will be placed in the county pool.

11.5.8 Race will not be a factor in assigning teachers to the receiving school(s).

11.5.9 Teachers who have been assigned to the receiving school(s) or pool are eligible to transfer when the normal transfer period opens.
11.6 FAMILY TRANSFER

11.6.1 No teacher shall be appointed or reappointed to a school in which his father, mother, brother, sister, husband, wife, son, or daughter is employed. A couple marrying during the school year shall finish that year at the same school. It shall be the duty of the principal and Personnel Office to enforce the policy and to arrange for required transfers.

11.7 ENERGY CRISIS TRANSFERS

11.7.1 Voluntary energy crisis transfers may occur any time during the year.

11.7.2 In order to qualify for an energy crisis transfer a teacher must travel a minimum of 20 miles or more per day.

11.7.3 Acceptance of said transfer shall be voluntary on the part of teachers and administrators.

11.7.4 This same procedure shall apply to itinerant personnel.

12 SENIORITY

12.1 GENERAL PROCEDURES

12.1.1 Seniority shall accrue county-wide for each year of continuous service (continuous service being defined as the most recent date of employment to the present) in Hillsborough County.

12.1.2 Seniority shall accrue to all full-time teachers. A teacher contracted for more than 196 days of service shall not accrue extra time for seniority.

12.1.3 In the event of a tie in the beginning employment dates, seniority shall accrue from the date recorded by the placement supervisor on the Personnel Authorization Form.

12.1.4 The teacher with the most seniority shall have first option to stay in a position or transfer, with such option extended to all teachers on a diminishing basis until one elects to transfer or until such time as the teacher with the least amount of seniority is required to transfer.

12.1.5 Teachers who have been notified in writing of deficiencies which could lead to dismissal if improvement is not made, or teachers on fourth year probation, may not volunteer but shall be transferred if their seniority requires it.

12.1.6 When a specific issue must be resolved involving teachers with equal seniority, it will be resolved by an objective lottery in the presence of the affected parties.

13 LEAVES

13.1 ABSENCE FROM DUTY (ILLNESS OR PERSONAL LEAVE)

13.1.1 A teacher who will be absent from duty shall notify the administration as early as possible, preferably the night before the absence and not later than one hour prior to the teacher's reporting time on the morning of the absence. If a
teacher is absent and fails to notify the administrator of the date of his
expected return and a substitute reports, the substitute, not the teacher, shall
be entitled to a day's salary.

If prior notification is not possible and the teacher fails to notify the
administration one hour prior to the end of the teacher day that he expects to
return, the substitute shall be asked to continue his duty.

13.1.2 All absences from duty must be excused. Teachers who are willfully absent from
duty without leave or misrepresent the cause of absence, shall forfeit compensa­
tion for the time of such absence, and their contract shall be subject to
cancellation by the Board.

13.1.3 Curriculum Coordinators I, department chairmen, and curriculum specialists may be
required to call substitutes.

missed ten (10) consecutive work days without pay.

13.3 ILLNESS LEAVE

13.3.1 A teacher who is unable to perform his school duties because of his illness or because of the illness or death of his father, mother, brother, sister, husband, wife, child, father-in-law, son-in-law, daughter-in-law, mother-in-law, stepfather, stepmother, brother-in-law, stepbrother, halfbrother, sister-in-law, stepsister, halfsister, stepchild, uncle, aunt, niece, nephew, grandparents, grandchild, or members of his own household (a person residing in the house...
wherein the member resides, or in another house upon the same premises) is entitled to four days of sick leave as of the first day of employment of each contract year and shall thereafter earn one day of sick leave for each month of employment which shall be credited to the member at the end of that month, and which shall not be used prior to the time it is earned and credited to the member, provided that the member shall be entitled to earn no more than one day of sick leave times the number of months of employment during the year of employment. Such sick leave shall be cumulative from year to year; provided, there shall be no limit on the number of days of sick leave a member of the instructional staff may accrue; and provided, further, that at least one-half of this cumulative leave must be established within the district granting such leave.

13.3.2 All claims for sick leave must be approved by the principal who shall make the report to the payroll section with a payroll voucher, and by such person as is designated by the Superintendent for this purpose. All such claims shall be substantiated by filing of the appropriate form immediately upon return of the teacher to duty or during the course of his illness, as may be needed. The Superintendent is authorized to require a certificate of illness from a licensed physician or from the County Health Officer if such is deemed necessary. Full compensation shall be made for the time missed for justifiable absence in accordance with the Florida School Laws.

13.3.3 Teachers who remain on duty one-half school day (three hours and forty minutes) are to be reported to the Payroll Office on the attendance report as being on duty one-half day. Time less than one-half day not on duty should be recorded by the school office. Teachers who remain on duty longer than one-half of a school day but less than a full day (seven hours and twenty minutes) are to be reported as being on duty a full day. Time less than a full day not on duty should be recorded by the school office. When a teacher's non-duty (leave) time recorded in the school office accumulates to one-half school day (three hours and forty minutes), the time is to be reported as personal or sick leave, indicating dates actual leaves occurred, to the Payroll Office. The payroll for that period would be adjusted to reflect the one-half day accumulated personal or sick leave.

13.3.4 A teacher may requisition his former employing Florida school district to transfer his accrued sick leave to the Hillsborough County School District. The Hillsborough County School District shall add to the teacher's sick leave account the transferred sick leave days at a rate as earned according to the law, provided that at least one-half of this accumulative leave must be established within the district granting such leave.

13.4 SHORT TERM LEAVES - GENERAL PROVISIONS

13.4.1 Short term leaves (leaves for a maximum of thirty calendar days) are granted for short periods of time when a teacher is absent from his assigned post. These leaves will not break continuity of service. The Superintendent shall have authority to approve (or to delegate responsibility for approving) all short term leaves.

13.4.2 With the exception of Personal Leave With Pay and Professional Duty Within the County Leave, all other leave requests must be submitted on the Request for Leave of Absence form and received in the Personnel Office three work days prior to the effective date of leave.
13.5 PERSONAL LEAVE WITH PAY

13.5.1 Four days per school year for personal leave may be charged to sick leave. The regular request for leave of absence form will not be necessary but the administrator shall be notified prior to the teacher taking leave. Immediately following the absence, a sick leave form shall be submitted stating that the absence was for "personal reasons."

13.6 PROFESSIONAL DUTY WITHIN THE COUNTY

13.6.1 Professional duty within the county is not considered a leave of absence. It is approval granted by the appropriate administrator for a teacher to be temporarily absent from his regular duties and place of employment for the purpose of performing other educational services in-county. No leave form shall be required for individuals performing professional duty within the county or on a Board approved field trip in or out of county.

13.6.2 Any use of a substitute for a teacher who is on inter-school visitation must have prior written approval of the Assistant Superintendent for Administration.

13.7 PROFESSIONAL DUTY OUT-OF-COUNTY

13.7.1 The request of an individual for Professional Duty outside of Hillsborough County must be submitted on a "Request for Leave" form to the appropriate administrator and to the Personnel Office for final approval at least three working days prior to the first day of absence. Approval for use of a substitute and/or travel must be made by the appropriate Assistant Superintendent. 13.8.2 The appropriate General Director of Instruction will present the request to the Superintendent and his staff for approval at the next staff meeting.

13.8.3 A maximum of ten percent of the total group shall be given approved leave to represent their group. Such leave must be submitted on the Leave of Absence form to the appropriate administrator in time for him to forward to the Personnel Office at least three working days prior to the first day of absence.

13.8.4 Participants representing any group shall be selected on an equitable basis by the group (rotation, election, etc.).

13.8.5 Officers or board members of the group shall not be counted in the ten percent maximum allowable for any group participating in a meeting, but would be considered as participants above the maximum upon demonstrating their status to the Personnel Office.
13.9 PROFESSIONAL DUTY - OUT-OF-COUNTY - NON-STUDENT DAY (GROUP)

13.9.1 If a subject area group of teachers desires to attend a county approved conference, convention, workshop, etc., approved by the Superintendent and staff on a day students are not in school, no maximum shall be set and leaves will be granted to all teachers who submit the Request for Leave of Absence form to the appropriate administrator and to the Personnel Office at least three working days prior to the first day of absence. A request for the approval of the trip shall be submitted to the appropriate Assistant Superintendent at least three weeks prior to the date of the anticipated absence.

13.10 ILLNESS OR ACCIDENT IN LINE OF DUTY

13.10.1 Any teacher shall be entitled to illness or accident in-line-of-duty leave when he is absent from his duties because of a personal injury received in the discharge of duty or because of certain infectious or contagious childhood diseases contracted in school work.

13.10.2 Leave of any such member of the teaching staff shall be authorized for a total not to exceed ten school days during the school year for illness contracted, or injury incurred, from such causes prescribed above.

13.10.3 This policy is intended to deal with such uncommon diseases or infestations as meningitis and scarlet fever and the illnesses normally related to childhood diseases such as mumps, measles, chicken pox, head lice or pink eye. This does not include the normal adult illnesses such as hepatitis, common cold, influenza, etc. See Section 21.8 for procedures. Children found to contain these illnesses or infestations shall not be allowed to return to school until such time as the condition no longer exists.

13.10.4 When a health hazard exists at a work location that necessitates preventive action or treatment, such as taking shots, to protect teachers, the School Board shall make arrangements through the Health Department or other agency for such preventive action or treatment at the work location at no cost to employees.

13.11 JURY DUTY OR COURT WITNESS

13.11.1 Any teacher of the school system when called for jury duty or subpoenaed as a witness to an incident which does not involve himself shall be considered on temporary duty elsewhere and shall receive pay for his time on jury duty and while answering the subpoena. A copy of the court order or subpoena must be attached to the Request for Leave form.

13.12 MILITARY RESERVE LEAVE

13.12.1 Teachers who are members of state and national reserve units shall be entitled to leave of absence, without loss of pay, on days they are on active duty. Reservists must plan their tour of duty during vacation when possible. Request for excused absence and a copy of official orders must be submitted in advance. This policy covers the two weeks' active duty leave.

13.13 STUDY AND WORK SHOP LEAVE

13.13.1 Study leave for ten months teaching personnel during post and/or pre-planning for college study may be granted for attendance at summer sessions of colleges and
universities. Reasonable time allowance for travel may be granted provided it
does not interfere with the applicant's teaching duties. Applicants must submit
their requests on the Request for Leave of Absence form and attach a copy of the
college brochures showing the summer session dates.

13.13.2 A transcript of the courses taken or the degree earned is to be submitted to the
Personnel Office following the summer leave. All personnel on this type of leave
shall receive salary as though they were on duty in the school.

Teachers who are not renominated may request an administrative review before a committee made up of the Assistant Superintendent for Personnel, the Administrative Assistant to the Superintendent, and the appropriate general director of instruction. The administrative review will also be attended by the parties involved including the appropriate general director of administration and the Association staff member.

18.4.2 A request for review shall be made by the teacher or through the Association to the Assistant Superintendent for Personnel no later than fifteen work days after notice of non-renomination is received. (See appendix for report form.) This completed medical report form must be presented to the teacher's immediate supervisor by renomination time of the school year (July 1 or June 30) in which the teacher becomes 65 and annually thereafter.
A teacher planning to retire shall submit his resignation to the Personnel Office at the time he submits to the Retirement System his application for retirement benefits. It is financially advantageous for all who plan to retire to submit resignations and retirement records before the last day of the month preceding that in which they will work their last day.

TERMINAL PAY

In order to encourage and reward teachers who exercise particular care in the maintenance of their personal health and job attendance, the Board will provide terminal pay to teachers at normal retirement (retirement under any established retirement plan with full or reduced benefits as provided by law, or mandatory retirement due to attainment of the age of 70), or to their beneficiaries if service is terminated by death. TEACHER LAY-OFF AND REEMPLOYMENT

When programs are discontinued or cut back, the seniority, previous area of assignment and/or certification of those teachers in such programs shall be the governing factors in determining whether or not those teachers are laid off or absorbed into the regular program. The following procedure will be used:

a) The Superintendent and Assistant Superintendents shall determine the area, subject or programs that will lose staff positions for the coming year. Staff shall be laid off in order of least continuous employment in the county within their area of certification.

b) The Personnel Office will determine how many staff positions in the area, subject or program to lose units are planning to retire, resign or go on leave for the coming year. That number shall reduce the amount of staff members to be laid off the coming year.

c) A teacher to be laid off, who is certified in another area or subject in the bargaining unit, shall have the right to a vacant position in such area or subject.

d) Laid-off teachers shall have first option for accepting reemployment on a seniority basis, as vacancies for which they are certified open within the
bargaining unit until a period of two years has lapsed. No new teachers shall be employed during the two year period until all teachers in subject areas laid off from such assignments have been offered a position.

18.8.2 Upon reemployment, all rights related to salary, fringe benefits and seniority shall be fully restored.

19.1.2 If the teacher-parent conference does not resolve the problem, the administrator or his representatives may then become the third party to the conference.

19.2 ADMINISTRATIVE REVIEW

19.2.1 The Association may request an administrative review with the appropriate Assistant Superintendent through the Administrative Assistant when the Association has a concern which it feels affects the welfare of the teachers and/or the system; the use of this procedure does not negate the use of other remedies in the contract.

19.2.2 The time lines contained in the grievance procedure shall be suspended when administrative review is used to attempt to solve a problem.

20 GRIEVANCE PROCEDURE

20.1 PURPOSE OF GRIEVANCE PROCEDURE

20.1.1 The purpose of this procedure is to secure, at the administrative level closest to the aggrieved person, equitable solutions to the problems which may from time to time arise affecting the welfare or working conditions of instructional personnel. Both parties agree that the proceedings shall be confidential at any level of the procedure.

20.1.2 To provide a standard procedure for certified personnel, the Board hereby adopts one procedure which shall be used by instructional personnel. The following definitions, purpose, and procedure shall be observed.

20.3.2 A teacher shall have the right to be represented at Level II and above by a member of the Association's staff.

20.4 MISCELLANEOUS

20.4.1 If, in the judgment of the Association and the Superintendent, a grievance affects a class of instructional personnel, the Association may submit such grievance in writing directly to the Superintendent, and the processing of such grievance shall be commenced at Level II. The Association shall have the unilateral ability to file a grievance at Level II in its own name as a result of a procedural decision at the county level.

20.4.2 Decisions rendered at all levels will be in accordance with the procedures set forth by Board policy, rules and regulations of the State Department of Education, Florida Statutes, and this agreement.

20.4.3 Documents, communications, and records dealing with the processing of a grievance will not be placed in the personnel file of the participants.

20.4.4 Forms for filing grievances, serving notices, taking appeals, making reports, and recommendations and other necessary documents will be jointly prepared by the County Superintendent and the Association and given appropriate distribution so as to facilitate operation of the grievance procedure. Each form will be in duplicate and signed by both parties, with each party retaining a copy.

20.4.5 The Board and Association agree to make available to the aggrieved person and his representative all pertinent information not privileged under law or Board policy, in its possession or control, and which is relevant to the issues raised by the grievance.

20.4.6 When it is necessary at Level II or III for a teacher to attend a meeting or hearing during the school day, the Superintendent's office shall so notify the principal of such teacher, and he shall be released without loss of pay and with a substitute provided for such time as his attendance is required at such meetings or hearings.
20.4.7 No grievance shall be recognized unless it shall have been presented at the appropriate level within thirty school days after the aggrieved person knew of the act or condition on which the grievance is based, and if not so presented, the grievance will be considered as waived.

20.4.8 No reprisals of any kind will be taken by the Board or by any members of the administration or instructional personnel against any party in interest, any building representative, or any other participant in the grievance procedure by reason of such participation.

20.4.9 The Assistant Superintendent for Personnel shall be provided a written report at each level by the appropriate administrator, stating the grievance, decision reached and the basis for such decision. Copies of said reports, with names of parties and schools omitted, shall be available to the Association on request.

20.5 PROCEDURES

20.5.1 Since it is important that grievances be processed as rapidly as possible, the number of days indicated at each level should be considered as a maximum and every effort should be made to expedite the process. The time limits specified may, however, be extended or reduced by mutual agreement.

20.6 LEVEL I

20.6.1 If the conference with the principal or immediate supervisor as defined in Section 20.2.1 (Definition of Grievance) fails to solve the grievance, the person will file on a Level I form the grievance with his principal or immediate supervisor, either directly or together with the Association's designated building representative, with the objective of resolving a grievance. A written disposition of the grievance will be given to the party in interest within ten school days. Before a principal may make a written disposition of an adverse decision concerning a grievance, he must confer with his area general director.

20.7 LEVEL II

20.7.1 If the aggrieved person is not satisfied with the disposition of his grievance at Level I, or if no decision has been rendered within ten school days after he has first met with the appropriate principal, he may file the grievance on a Level II form with the Superintendent either directly or through the Association's representative within five school days after a decision by the aforesaid principal, or fifteen school days, whichever is sooner. The Superintendent shall have ten school days after receipt of the grievance in which to hold a hearing.

20.7.2 The parties to the grievance may summon witnesses by executing witness forms. The Superintendent will notify the parties involved and witnesses of the date, time, and place of the hearings.

20.7.3 Those permitted in the hearing room during the Level II grievance hearing will include:

a) The Superintendent and/or his designees.

b) Those named as filing the grievance, or in the case of a large group, representatives of that group.
c) CTA administrative officer.
d) School system administrators involved in the grievance.
e) Secretaries to record the proceedings.

20.7.4 Witnesses will remain in another room and will be called individually to testify. The Superintendent and/or his designee shall brief each witness as he enters the hearing room about the grievance. After the briefing, witnesses shall give a brief background and relate their experience with reference to the grievance.

20.7.5 Decisions rendered by the Superintendent and/or his designee shall be addressed to the party filing the grievance and sent to both parties within ten school days of the final Level II hearing on the issue.

20.7.6 All hearings held at Level II shall be in closed sessions and no news releases shall be made concerning progress of the hearings.

20.8 LEVEL III

20.8.1 If the aggrieved person is not satisfied with the disposition of his grievance at Level II, or if no decision has been rendered within ten school days after he has first met with the Superintendent or his designee, he may file the grievance on a Level III form with the School Board through the Superintendent either directly or through the Association's representative within five school days after a decision by the Superintendent or his designee, or fifteen work days, whichever is sooner. The Board shall have fifteen work days after receipt of the grievance in which to hold a hearing and render a decision.

20.9 LEVEL IV

20.9.1 If the grievance is not solved at Level III to the grievant's satisfaction, or if a written decision is not submitted within the designated time limits of Level III, the Association may move the grievance to arbitration by filing a Level IV form with the Superintendent.

20.9.2 Within ten school days of receipt of the Level IV grievance, the Superintendent and/or his designee will meet with the Association for the purpose of selecting a mutually acceptable arbitrator.

20.9.3 If the parties cannot agree on an arbitrator within ten school days, the Federal Mediation Conciliation Service will be asked to appoint an arbitrator.

20.9.4 The arbitrator shall confer with the representatives of the Board and the Association and hold hearings promptly and shall issue a decision. The arbitrator's decision shall be in writing and shall set forth findings of fact, reasoning, and conclusions on the issues submitted. The decision of the arbitrator shall be submitted to the Board and the Association and shall be final and binding upon the parties.

20.10 ARBITRATOR HEARINGS

20.10.1 The arbitrator shall give at least ten days notice in writing to the Association and the Superintendent of the time and place of such hearing. The hearing shall be informal, and the rules of evidence prevailing in judicial proceedings shall
not be binding. Any and all documentary evidence and other data deemed relevant by the arbitrator may be received in evidence. The arbitrator shall have the power to administer oaths and to require by subpoena the attendance and testimony of witnesses, the production of books, records, and other evidence pertinent to the issues presented to him for determination.

The hearing shall be concluded within ten days of its commencement. Within ten days after the conclusion of the hearings, the arbitrator shall make written findings and a written opinion upon the issues presented, a copy of which shall be mailed or otherwise delivered to the parties involved. The decision of the arbitrator shall be final and binding upon the Association and the Board.

20.10.2 The arbitrator shall conduct the hearings and render his decision upon the basis of a prompt, peaceful, and just settlement of disputes between the teachers and the Board.

20.10.3 Fees and necessary expenses of arbitration shall be borne equally by the negotiating agent and the Board.

21 INSURANCE AND INJURY BENEFITS

21.1 INSURANCE SOLICITATION

Because of the individual responsibility and competitive nature of insurance selection, no solicitation of any type (in person, by hand-out, by mail, etc.) will be allowed on School Board property by any representative of an insurance company, insurance agency, or any organization which makes insurance of any type available.

21.2 HOSPITALIZATION, MAJOR MEDICAL, AND LIFE INSURANCE COVERAGE

21.2.1 The School Board agrees to pay the premium for the employee coverage for hospitalization, major medical, and $4,000 life insurance. The employee may insure his family for hospitalization and major medical coverage, provided that he pays the additional premium and provided they are enrolled within the first 31 days of employment or within the first 31 days of a change in dependent coverage. Evidence of insurability will be required after 31 days.

21.2.2 Teachers on leave or on retirement may continue insurance coverage by paying the total premium on a quarterly basis to the school system.

21.2.3 The Board shall continue to provide the employee's health and life insurance when the employee is granted any health leave. However, this obligation shall not extend past the end of the fiscal year in which the health leave was initially granted. Illness beyond accrued sick leave shall not be classified as a health leave.

21.3 TAX SHELTERED PROGRAMS

21.3.1 The Board will identify the companies authorized to sell programs to teachers so long as they qualify and operate under the adopted policies and procedures.

21.3.2 Any amendment to employee contracts for annuity purposes shall be made in the period from August 18 through March 31 of any given year.
21.4  INCOME PROTECTION AND CANCER INSURANCE

21.4.1  The Board will continue the income protection and cancer plans which have been available with the teacher bearing the expense, as long as the two companies continue to allow reasonable group rates, have enrolled a reasonable number of employees which justifies the cost of the deduction, and abide by item 21.1 (Insurance Solicitation) of this contract.

21.5  PERSONAL INJURY BENEFITS RESULTING FROM ASSAULTS

21.5.1  Whenever a teacher is temporarily absent from school and temporarily unable to perform his duties as a result of an assault incurred in the scope and course of his employment and not the result of his own negligence, he will be paid his full salary less the amount of any worker's compensation payment or award made for temporary disability due to said assault for the actual period of such temporary absence, as verified by a doctor, for a total period of up to 12 months from the date of such assault. Absences directly attributable to an assault will not be charged to sick leave for a period of up to twelve months.

21.5.2  The Board shall have the right to have the teacher examined by a physician designated by the Board to assist it in determining the length of time during which the teacher is temporarily unable to perform his duties, and that the disability is attributable to the injury involved. In the event there is an adjudication of the period of temporary disability in the appropriate worker's compensation proceeding, the Board may adopt such adjudication.

21.6  REIMBURSEMENT FOR PERSONAL PROPERTY LOSSES

21.6.1  Whenever a teacher's personal property is soiled, damaged, or destroyed by students or non-students as a result of personal physical assaults and when such losses occur in the performance of his school duty and if recovery by the Board is not possible through legal means, the teacher may obtain reimbursement by submitting a memo to the Risk Management Department explaining the circumstances. An additional memo from the principal recommending reimbursement is also required. Estimates for damages must be attached to the claim. All such assaults must be reported in accordance with the teacher assault policy (Section 15.2).

21.7  WORKER'S COMPENSATION BENEFITS

21.7.1  Payment of salaries by the Board and compensation insurance under coverage by the Board shall not be made so as to result in double payment for any period of service. In cases where salaries of injured employees are being paid by the Board during absence due to the injury, whether said absence is covered by sick leave, vacation, or a period allowed injured employees, any compensation insurance accruing as a result of the injury shall be paid to the Board. Board payments will cover the first ten days of absence. After the employee goes off the payroll of the Board, the compensation insurance shall be paid to the employee.

21.8  INJURY ON THE JOB REPORTS

21.8.1  All employees shall report On The Job Injuries to their Supervisor immediately. An employee Injury Report shall be completed in detail by the Administrator or Supervisor and forwarded to the Supervisor of Risk Management & Safety within 48 hours after an injury.
If medical treatment is required, the injured employee shall be given a "Referral for Medical Treatment" form which will enable him/her to report to a doctor or hospital for treatment under Worker's Compensation benefits. The Supervisor shall complete the top half of the form. The injured employee is responsible for insuring that the bottom half of the "Referral for Medical Treatment" form is completed by the doctor or hospital at the time of treatment and is forwarded to the Risk Management Department within 48 hours. This form is proof of medical treatment and/or excuse from work by a doctor. Worker's Compensation benefits will be delayed until this proof is received by the Risk Management Department.

TO BE FILLED IN BY EXAMINER

This is to certify that on this date ______________ 19__, I, a licensed medical practitioner, examined the above named applicant and found him/her free from communicable or mental diseases. Furthermore, I certify this person is medically fit to perform the services required as an employee of the Hillsborough County School System.
A principal who suspects a teacher has deficiencies which, if not corrected, will lead to non-renomination must notify the Personnel Office by November 15th of each year.

A representative from the Personnel Office will contact the school and discuss the situation concerning due process for the remainder of the year. The Personnel Office will notify the appropriate Director of Instruction of the need for assistance. A representative from the Director of Elementary or Secondary Education Office will visit the school and discuss with the teacher and principal the assistance which will be provided to help the teacher become a successful instructional person.

Guidelines by months:

1. August - Preplanning - Orientation of policies and procedures is given to the teacher, including the evaluation material.

2. September - The principal suspects deficiencies and investigates to obtain information which supports the suspicion. The principal is aware of questionable second and third year teachers and a visitation program for first year teachers is established.

3. October, November - The principal identifies deficiencies and discusses these in conference with the teacher. The conference will be summarized, in writing, and a copy will be given to the teacher. The summary shall include the deficiencies and the assistance which will be provided to the teacher. A copy of the conference summary will be sent to the appropriate Director of Instruction who will assign a supervisor to assist the principal and teacher.

4. December - The principal will evaluate the teacher on the self-evaluation form to be turned in on the first working day in December. The principal will have a conference to explain the evaluation in detail and to assure the teacher of the assistance available.

5. December, January and February - The total assistance program will be in operation.

6. Early March - The second evaluation will be completed, at which time the teacher will be told specifically of the decision regarding renomination. If not renominated, a letter setting forth the specific reasons for non-renomination will be given to the teacher.

7. The principal will send to the Personnel Office the renomination or non-renomination. If not renominated, a copy of the letter given to the teacher shall be attached to the non-renomination.

8. April - Administrative hearings for teachers who request a hearing will be held. The following may attend an administrative hearing: The teacher and a representative, which may be the Hillsborough County Classroom Teachers
Association representative or an attorney of the teacher's choosing, the principal and the Area General Director and the Administrative Hearing Committee.
This manual has been prepared to offer more definitive suggestions for administrative decisions concerning reappointment of instructional personnel.

Introduction

Teacher evaluation has as one of its acceptable goals—improved instruction and a better educational program through staff growth. Identifying teacher deficiencies is the basis of assistance toward their correction. Observations and appraisals provide a sound basis for administrative decisions on continued employment or dismissal. It is generally recognized that one of the most important responsibilities a principal has is the careful selection and skillfully evaluated retention of the instructional staff of a school.

Florida Statutes 231.29 (2) Hillsborough Board of Public Instruction Policy B-13

For the purpose of improving the quality of instructional, administrative and supervisory services in the public schools of the state, the County superintendent shall establish procedures for assessing the performance of duties and responsibilities of all instructional, administrative and supervisory personnel employed in his county. A complete statement of the criteria and procedure to be used shall be furnished the State Commissioner of Education and shall include but not be limited to the following provisions.

a. Each individual must be assessed at least once a year.
b. A written record of each assessment shall be kept in the county office.
c. The County Superintendent, the principal, or the person directly responsible for the supervision of the individual shall make the assessment.
d. Prior to the written assessment, each individual shall be informed of the criteria and the procedure to be used.
e. The written report of the assessment for each individual shall be shown to him and discussed with him by the person responsible for preparing the report. A copy of the written evaluation will be given to the individual.

The assessment file shall be open only to the County Board, the Superintendent, the principal, the person himself, and such other individuals as the person or County Superintendent may authorize in writing. (HB 1919 Chapter 67-369 Effective date: July 1, 1967).

Responsibility of the Principal

Careful observation and constructive guidance of teachers on probationary status is an absolute necessity. Upon the principal revolves the major responsibility for the quality of his staff. The administrative culmination of this obligation is his reasonable determination of whether or not a probationary teacher shall be retained and, eventually, recommended for tenure and permanent status.

The principal is the individual directly responsible for the evaluation process and completion of the evaluation instrument. He should understand and follow carefully the spirit and the letter of directives developed for this purpose.
Supervisory Visits by Principal and Staff

The principal shall utilize professional staff available by a variety of methods, evaluate the new teacher's performance soon after the teacher's arrival, preferably within the first few days, and frequently thereafter. This is to assure that any problems are identified early and the teacher is given appropriate suggestions and aid.

Each supervisory visit should be followed by a conference and be made a matter of written record. This is imperative in the case of a teacher who shows definite weakness. Written notes should be specific and dated. The importance of a cumulative file of information on probationary teachers cannot be overestimated. It provides the basis for constructive supervision and for objective decisions.

In the post-observation conference, it is important that the teacher be given the benefit of whatever advice and planned program the administrator can offer. This advice and main points of the discussion also shall be included in the written record.

All teachers will submit a self-evaluation to the principal in November and in February. At this time the principal meets each probationary teacher in an evaluation conference. A copy of the completed evaluation shall be show to the teacher and each item in the evaluation discussed with him. The signature of principal and teacher shall be affixed to the instrument and one copy of the evaluation submitted to the Personnel Office.

The teacher's signature does not necessarily imply agreement with the evaluation, but only acknowledges that he has seen the evaluation.

Evaluation of the First-Year Probationary Teacher

In evaluating the first-year probationary teacher, some allowance shall be made for probable lack of experience in the school system. Even among first-year teachers the degree and types of shortcomings toward which tolerance should be shown would differ between those in their first employment and those who have come to the county with prior experience.

In the first year, a low rating should be looked upon as a warning signal of the need for special supervision and assistance for the person concerned. A first-year probationary teacher receiving a low rating would not be re-employed unless he shows satisfactory improvement and a potential for competent performance.

Evaluation of the Second-Year Probationary Teacher

In the second year of probationary service, the teacher will continue to receive careful supervision and assistance. Achievement of a standard of performance nearly equal to that of the successful permanent teacher in most categories shall be expected. Nevertheless, a consistent pattern of progress may well justify re-employment even though the teacher is less than fully competent in some aspects of his performance.

Evaluation of the Third-Year Probationary Teacher

The first half of the third year (fifth semester) is a most critical evaluation period. The standard of performance for the probationary teacher at this time shall approximate that of the satisfactory permanent teacher.

Unless some unusual change in performance occurs later, the rating made at this time is, for practical purposes, the decision on permanency. The over-all judgement recorded at this evaluation shall reflect the decision on future employment. Recommendation for fourth year probation shall occur only if there is evidence of extenuating circumstances.
The term probationary period of employment, as used in this act, shall be deemed to refer to and include the duration of employment of any teacher in the public schools antecedent to the completion of employment of such teacher in the public schools of Hillsborough County extending through a period of three (3) consecutive years for the school term therein, whether such period shall have been completed subsequent to the enactment of this law; and provided further that the probationary period of employment, as referred to in this act, shall be deemed to include a year's additional employment to that herein prescribed when required by the Board of Public Instruction of said county and agreed to in writing by any teacher.

Examples of Causes for Non-reappointment at End of School Year for Annual Contract Teachers

The following deficiencies, if evidence shows that they are persistent and sustained, are specific examples of acts which might be termed detrimental to the welfare of schools and pupils. These are related to many of the specific items listed on the evaluation form.

1. Lack of proper knowledge of the subject matter or school work that the teacher is attempting to do (if properly assigned).
2. Lack of proper organization of work.
3. Lack of proper presentation to pupils of subject matter or school work.
4. Lack of proper self-control in the discipline of pupils or in the presence of pupils.
5. Inability to control classes and maintain reasonable order and discipline.
6. Lack of courtesy in contacts with pupils, co-workers, or community.
7. Lack of interest in and understanding pupils.
8. Indifference to pupil welfare.
9. Poor judgement in handling pupil problems.
10. Tardiness in arriving at school and/or attending classes.
11. Failure to comply with rules and regulations of the school and county.
12. Failure to complete and submit reports and records as required by the principal for proper functioning of the school.
13. Insubordination.
14. Failure to accept "recommendations" when these are consistent with accepted educational practices and to cooperate with the principal, the supervisor, and co-workers.
15. Temperamental unfitness for teaching, dislike for teaching or for children.
16. Lack of personal cleanliness; poor grooming.
17. Failure to maintain an attractive and orderly classroom.
18. Manifestation of development of habits or social practices which are not in conformity with reasonable professional standards or which may become detrimental to the school.
19. Lack of good physical or mental health.
20. Lack of professional attitude.

Types of Evidence for Dismissal and Non-renomination of Probationary Teachers

When dismissal is sought, the principal shall be prepared to show valid evidence providing:

1. **Persistent Nature of Difficulties**
   Except under unusual circumstances, the unsatisfactory conduct on the part of the teacher has been recorded as having been persistent and sustained.

2. **Repeated Warnings**
   The teacher has been informed repeatedly of the unsatisfactory nature of his work or conduct. This shall be done by written evaluation and by oral communication.

3. **Frequent Assistance**
   Real efforts have been made to help the teacher remedy specific deficiencies, but the efforts have been unsuccessful.

4. **Close Supervision**
   Since the discovery of his deficiencies, his work has been closely supervised, and the principal has some personal knowledge of the teacher's failure to improve.

5. **Ordinary Class Structure**
   The teacher's work with students in the classroom setting has been observed under usual conditions.

**Characteristics of Acceptable Evidence**

All of the preceding types of evidence must be:

1. **Specific in Nature**
   Factual evidence of deficiencies in specific professional competencies and personal qualities must be presented.

2. **Extensive Scope**
   An isolated case does not constitute sufficient evidence except under unusual circumstances. A number of instances of incompetence must be submitted.

3. **Recorded**
   All specific charges must be backed up by written memoranda made by the observer within two weeks after the various times when the deficiencies
were actually observed. Likewise, all occasions where assistance is
given and all advisory conferences that are held should be made matters
of written record within two weeks.

4. Dated and Timed
Where records of unsatisfactory performance and notes on visits as well
as advisory conferences are made, they will include type of class, total
time and date.

5. Original Drafts
Written evidence presented at dismissal hearings must be the original
drafts made within two weeks of the observation or conference.

HOW TO GATHER OBJECTIVE DATA

Regarding any teacher judged to be weak or unsatisfactory, the administrator
must have as many objectively recorded instances as possible of a persistent course
of unsatisfactory work or conduct.

Supervisory visits by a principal and/or the professional staff available to
observe a weak or unsatisfactory teacher must be made a matter of written factual
record and should include the time and date as well as the deficiencies and
inadequacies observed. These must be specific and detailed in nature.

If an unsatisfactory situation is evident, it is advisable to have the
occurrence corroborated by another qualified observer and a confirming record made
of the incident.

The subject field supervisor shall be called upon to take an active part in
visiting, making written notes of observations and giving written recommendations
to the teacher when instructional competencies are questioned.

Any records concerned, report cards, roll-books, cumulative records, should be
carefully preserved as evidence.

Observations of specific deficiencies shall be gathered systematically on
such points as:

1. Actual teaching.
2. Planning of lessons.
3. Discipline and control of classes; handling of pupil problems.
4. Relations with pupils, with teachers, with other school personnel.
5. Physical condition of the classroom.
6. Handling of extracurricular activities.
8. Compliance with school and County Board regulations.
Suggestions made for improvement shall be recorded and dated as part of the record.

When the principal is to have an important conference at a critical time with an unsatisfactory teacher, a dean, assistant principal or other qualified professional person should ordinarily be present.

After the conference mentioned above, the principal shall give a copy of a summary of the conference to the teacher with the written request that if the summary is not correct the teacher shall so state within two weeks in writing.

All of this written material shall be kept in an organized form in a separate folder for each teacher.

Conferences with Teachers in Need of Special Help

Conferences shall be held with the probationary teacher who needs special help. The teacher is entitled to expect assistance and advice.
HILLSBOROUGH COUNTY TEACHER TENURE ACT

1975 Revision

CHAPTER 75-384
Senate Bill No. 1355

AN ACT relating to Hillsborough County schools; amending section 8 and 9 of chapter 21287, Laws of Florida, 1941, as amended by chapter 69-1146, Laws of Florida; providing the procedure for discontinuance of employment of teachers; providing conditions for the reduction in future salary or compensation of teachers; providing an effective date.

Be it enacted by the Legislature of the State of Florida:

Section 1. (1) The term "teachers", as used in this act, shall be deemed to apply to and include teachers, principals and assistant principals, supervisors and other instructional personnel but does not include directors or assistant superintendents.

(2) To become entitled to tenure under this act, a teacher shall hold a valid regular teacher certificate based at least on graduation from a four (4) year college, or as provided in section 231.36., Florida Statutes.

(3) The term "public schools", as used in this act, shall be deemed to embrace any public school in Hillsborough County, or of any special tax school district therein or maintained in part by said county and in part by any special tax school district therein.

(4) The term "demote", as used herein, shall mean reduction in salary or transfer to a position which carries a lower salary, without the teacher's consent.

(5) The term "probationary period of employment", as used in this act, shall be deemed to be three (3) consecutive years, whether such period shall have been completed before or after the enactment of this law; and provided further that the probationary period of employment, as referred to in this act, shall be deemed to include a year's additional employment to that herein prescribed when required by the board of public instruction of said county and agreed to in writing by any teacher; and provided further that any teacher who has previously held a continuing contract in any county in this state shall serve a probationary period of two (2) consecutive years.

(6) Any instructional personnel who is a permanent employee under this law and who shall be promoted to a higher position covered by this act shall serve a probationary period of three (3) consecutive years in such higher position; nothing herein shall deprive such permanent employee of tenure rights held prior to such promotion.

Section 2. Section 2 of chapter 21287, Laws of Florida, 1941 is amended to read:
Section 2. During the probationary period of employment, any contract of employment with any teacher may or may not be renewed upon the nomination of the board of public instruction of the school district of said county, and during such probationary period of employment a teacher may be discharged or demoted for any one or more of the causes enumerated in section 4, of this act, charged, established and found to exist as provided for in section 5, of this act.

Section 3. Section 3 of chapter 21287, Laws of Florida, 1941, is amended to read:

Section 3. After the completion of a probationary period of employment without discharge, such teachers that have heretofore or shall hereafter be re-employed, shall continue their employment without reduction in their compensation and shall not be discharged or demoted except for one or more of the causes specified in section 4 of this act, after notice, hearing, and a finding of the existence of one or more of such causes as hereinafter provided for. No teacher shall lose his or her rights conferred by this section on account of any leave of absence granted such teacher in writing by the county board of public instruction of said county.

Section 4. Section 4 of chapter 21287, Laws of Florida, 1941, is amended to read:

Section 4. Causes for the discharge or the demotion of a teacher should be:

(a) (1) Immorality, (2) insubordination, (3) physical or mental incapacity to perform the duties of the employment, (4) persistent violation of or willful refusal to obey laws or policies relating to the public schools, (5) excessive or unreasonable absence from the performance of duties imposed by the employment, (6) dishonesty while employed, (7) conviction of a felony or any crime involving moral turpitude, or plea of a guilty to a felony or any crime involving moral turpitude, or (8) failure to demonstrate competency to perform the duties of employment in instruction, evaluation and management of students in accordance with generally accepted standards of the profession.

Section 5. Section 5 of chapter 21287, Laws of Florida, 1941, is amended to read:

Section 5. Before any teacher shall be discharged from his or her employment after the completion of a probationary period of employment by such teacher, charges in writing against such teacher specifying one or more of the causes specified in section 4, of this act, shall be filed by the county school superintendent of public instruction with the board of public instruction of said county and a copy thereof shall be served on such teacher with a notice of the time and place when a hearing upon such charge or charges will be held by the county board of public instruction of said county not less than ten (10) days prior to such hearing. At the time and place specified in such notice, the county board of public instruction shall conduct a public or private hearing at the option of the teacher charged on such charges, at which hearing there shall be first presented the evidence in support of such charge or charges and thereafter the evidence on behalf of such teacher with respect thereto. At such hearing, the teacher shall have a right to be heard and represented by counsel.

Only evidence under oath or affirmation shall be received at such hearing, and both the superintendent of said county and the teacher shall have the right to subpoena the attendance of witnesses at such hearing to be issued upon application to the clerk of the circuit court of said county. Full cross-examination of all
witnesses shall be permitted, and the hearing shall be confined to the written charges served upon the teacher. A finding by a majority vote of the county board of public instruction of said county that any one or more of the charges made have been sustained by the evidence shall be essential to and sufficient to sustain the same, and without such finding the charges preferred shall be ordered dismissed by said county board. The said board shall deliver a copy of its findings upon said charges to the teacher within five (5) days after the same have been made by said board. The county board of public instruction shall cause to be made, filed and preserved in its office a written transcript of all the evidence submitted at the hearing. The county board of public instruction shall cause a copy of such transcript of the evidence to be made and delivered to such teacher without cost to him or her, within five (5) days after the completion of the hearing.

Section 6. Section 6 of chapter 21287, Laws of Florida, 1941, is amended to read:

Section 6. If, upon the hearing provided for in section 4 of this act, there shall be a finding that any one or more of the charges made against such teacher is established, such decision may be reviewed by certiorari by the circuit court of Hillsborough County.

No such write of certiorari shall be issued unless applied for within ten (10) days after the finding by the board of public instruction upon the charge or charges made, and the delivery to the teacher of a copy thereof and of a transcript of the evidence taken at the hearing.

Section 7. Section 7 of chapter 21287, Laws of Florida, 1941, is amended to read:

Section 7. If any finding by the county board of public instruction be reversed or dismissed by the circuit court upon writ of certiorari, then such teacher shall be forthwith reinstated in his or her employment, and the same shall continue as though such charge or charges had not been filed.

Section 8. Section 8 of chapter 21287, Laws of Florida, 1941, is amended to read:

Section 8. Nothing contained in this act shall be deemed to prevent at the end of any school year the discontinuance of the employment of any teacher, if, during the ensuing school year, there is a reduction in the total number of teachers employed by the board of public instruction within Hillsborough County. In the event of such reduction in number of teacher employed, the board of public instruction shall discontinue employment of teachers in the order of least continuous employment in the county with the board of public instruction. The teacher whose employment shall have been so discontinued shall be given the first option of employment in order of greatest continuous employment with the board of public instruction.

Section 9. Section 9 of chapter 21287, Laws of Florida, 1941, is amended to read:

Section 9. Nothing contained in this act shall be deemed to prevent at the expiration of any school year, the reduction in the future salary or compensation of any teacher, if such reduction be made uniformly with respect to all other teachers of same grade or rank employed by the board of public instruction.

Section 10. Section 10 of chapter 21287, Laws of Florida, 1941, is amended to read:
Section 10. The circuit court of Hillsborough County, Florida, shall have jurisdiction to award to any teacher a writ of mandamus directed to the county board of public instruction of said county and/or to the trustees of any special tax school district therein to require the enforcement of any rights and the performance of any duties which under the terms of this act, may accrue to the teacher. Any teacher who shall become entitled to continuous employment under the terms of this act, when and if denied the right thereto shall be entitled to enforce such right by writ of mandamus against any and all school officers in whom is reposed by law the duty of giving recognition and effect to such continuous employment.

Section 11. Section 11 of chapter 21287, Laws of Florida, 1941, is amended to read:

Section 11. If any section or subsection, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such unconstitutionality shall not affect the validity of the remaining portions of this act and each section, subsection, clause and phrases thereof irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases be declared unconstitutional.

Section 12. This act shall take effect immediately upon becoming a law.

Became a law without the Governor's approval.
