For and in consideration of the mutual advantages to be derived by the parties hereto, they, and each of them do covenant and agree that when members of the Union, signatory hereto, are directly employed by the Employer, such employment shall be in accordance with the terms of this contract only.

### PREAMBLE

Section 1. This Agreement is entered into to prevent strikes and lockouts; to facilitate peaceful adjustment of grievances and disputes between employer and employee in this trade; to prevent waste and unnecessary and avoidable delays and expense; for the further purpose of at all times securing for the employer sufficient skilled workmen; and so far as possible to provide for engineers' continuous employment. Such employment to be in accordance with the conditions herein set forth and as the wages herein agreed upon, that stable conditions may prevail in building construction, that building costs may be as low as possible consistent with fair wages and conditions, and further to establish the necessary procedure by which these ends may be accomplished.

It is agreed and understood that the Negotiating Committee shall in no event be bound as principle or held liable as Negotiating Agent or as Principal in any manner for breach of this contract by any of the parties hereto. It is further agreed that the liability of the Employers who accept, adopt, and sign this Agreement shall be several and not joint.

The terms and conditions as set forth herein constitute the entire Agreement between the Employer and the Union. Any other policy and/or procedure which may be outlined in any other form, such as Employer's handbook or the Union's working rules, and any other written or verbal agreements are specifically excluded from this agreement.

Section 2. The Employer shall exercise due diligence in assigning to the Union such work tasks for which it has been given, if any, as approved by the Building Trades Department of the American Federation of Labor. In the event, however, that capable employees are not available without delaying the work, the Employer, after twenty-four (24) hours notice, may assign such work on a temporary basis to other employees. The Employer shall have the right to request the services of the individual employees by name provided he has been employed by said company within the past year. No employer shall employ any person whom he has induced to leave another job.

This contract shall not be construed as covering, requiring, or limiting the employment of supervisors, superintendents, timekeepers, watchmen, or any other employees acting solely in the capacity as representatives of management. This contract is solely and strictly intended as a declaration of the rights and privileges of the parties and of the duties and obligations which each assumes toward the other.

Except as specifically provided otherwise herein, the rights of management are retained by the employer, including but not limited to the right to manage and direct the working forces, the right to hire, to transfer, to discharge for a just and reasonable cause other than upholding the provisions of this Agreement, to determine the need for the number of employees and the purpose for hiring.

Section 4. The intent of this contract is to embrace building construction, including preparation of site and installation of utilities and railroad incidental to the construction of the building and on the building site.

Section 5. Building construction work shall be all work on any structure intended for use as shelter, protection, or comfort.

Section 6. The Union shall not discriminate against any contractor or subcontractor so long as he complies with the terms of this Agreement and becomes a signatory hereof.
