JATC

Section 5.02. All JATC member appointments, reappointment and acceptance of appointments shall be in writing. Each member shall be appointed for a three (3) year term, unless being appointed for a lesser period of time to complete an unexpired term. The terms shall be staggered, with one (1) term from each side expiring each year. JATC members shall complete their appointed term unless removed for cause by the party they represent or they voluntarily resign. All vacancies shall be filled immediately.

The JATC shall select from its membership, but not both from the same party, a Chairman and a Secretary who shall retain voting privileges. The JATC will maintain one (1) set of minutes for JATC committee meetings and a separate set of minutes for trust meetings.

The JATC should meet on a monthly basis, and also upon the call of the Chairman.

Section 5.03. Any issue concerning an apprentice or any apprenticeship matter shall be referred to the JATC for its review, evaluation and resolve, as per standards and policies. If the JATC deadlocks on any issue, the matter shall be referred to the Labor-Management Committee for resolution as outlined in Article One of this agreement, except for trust fund matters, which shall be resolved as stipulated in the local trust instrument.

Section 5.04. There shall be only one (1) JATC and one (1) local apprenticeship and training trust. The JATC may, however, establish joint subcommittees to meet specific needs, such as residential or telecommunications apprenticeship. The JATC may also establish a subcommittee to oversee an apprenticeship program within a specified area of the jurisdiction covered by this agreement.

All subcommittee members shall be appointed, in writing, by the party they represent. A subcommittee member may or may not be a member of the JATC.

Section 5.05. The JATC may select and employ a part-time or a full-time Training Director and other support staff, as it deems necessary. In considering the qualifications, duties and responsibilities of the Training Director, the JATC should review the Training

Director's Job Description provided by the NIATC. All employees of the JATC shall serve at the pleasure and discretion of the JATC.

Section 5.06. To help ensure diversity of training, provide reasonable continuous employment opportunities and comply with apprenticeship rules and regulations, the JATC, as the program sponsor, shall have full authority for issuing all job training assignments and for transferring apprentices from one employer to another. The employer shall cooperate in providing apprentices with needed work experiences. The local union referral office shall be notified, in writing, of all job training assignments. If the employer is unable to provide reasonable continuous employment for apprentices, the JATC is to be so notified.

Section 5.07. All apprentices shall enter the program through the JATC as provided for in the registered apprenticeship standards and selection procedures.

An apprentice may have their indenture canceled by the JATC at any time prior to completion as stipulated in the registered standards. Time worked and accumulated in apprenticeship shall not be considered for local union referral purposes until the apprentice has satisfied all conditions of apprenticeship. Individuals terminated from apprenticeship shall not be assigned to any job in any classification, or participate in any related training, unless they are reinstated in apprenticeship as per the standards, or they qualify through means other than apprenticeship, at sometime in the future, but no sooner than two years after their class has completed apprenticeship, and they have gained related knowledge and job skills to warrant such classification.

Section 5.08. The JATC shall select and indenture a sufficient number of apprentices to meet local manpower needs. The JATC is authorized to indenture a total number of apprentices not to exceed a ratio of one apprentice to 3 Journeyman Wiremen normally employed under a collective bargaining agreement. The JATC shall indenture a larger number of apprentices provided the individuals are entering the program as the result of direct entry through organizing, as provided for in the registered apprenticeship standards.

APPRENTICE INDENTURING

APPRENTICE RATION

Section 5.09. Though the JATC cannot guarantee any number of apprentices, if a qualified employer requests an apprentice, the JATC shall make reasonable efforts to honor the request. If the JATC is unable to fill the request within ten (10) working days, and if the JATC has fewer indentured apprentices than permitted by its allowable ratio, they shall select and indenture the next available person from the active list of qualified applicants. An active list of qualified applicants shall be maintained by the JATC as per the selection procedures.

Section 5.10. To accommodate short-term needs when apprentices are unavailable, the JATC shall assign unindentured workers who meet the basic qualifications for apprenticeship. Unindentured workers shall not remain employed if apprentices become available for OJT assignment. Unindentured workers shall be used to meet job site ratios except on wage-and-hour (prevailing wage) job sites.

Before being employed, the unindentured person must sign a letter of understanding with the JATC and the employer agreeing that they are not to accumulate more than two thousand (2,000) hours as an unindentured, that they are subject to replacement by indentured apprentices and that they are not to work on wage-and-hour (prevailing wage) job sites.

Should an unindentured worker be selected for apprenticeship, the JATC will determine, as provided for in the apprenticeship standards, if some credit for hours worked as an unindentured will be applied toward the minimum OJT hours of apprenticeship.

The JATC may elect to offer voluntary related training to unindentured, such as Math Review, English, Safety, Orientation/Awareness, Introduction to OSHA, First-Aid and CPR. Participation shall be voluntary.

Section 5.11. The employer shall contribute to the local health and welfare plans and to the National Electrical Benefit Fund (NEBF) on behalf of all apprentices and unindentured. Contributions to other benefit plans may be addressed in other sections of this agreement.

OJT HOURS

CONTRIBUTIONS

Section 5.12. Each job site shall be allowed a ratio of two (2) apprentices for every three (3) Journeyman Wiremen or fraction thereof as illustrated below.

Number of Journeyman	Maximum Number of Apprentices/Unindentured
1 to 3	2
4 to 6	4
etc.	etc.

RATIO

The first person assigned to any job site shall be a Journeyman Wireman.

A job site is considered to be the physical location where employees report for their work assignments. The employer's shop (service center) is considered to be a separate, single job site. All other physical locations where workers report for work are each considered to be a single, separate job site.

Section 5.13. An apprentice is to be under the supervision of a Journeyman Wireman at all times. This does not imply that the apprentice must always be in sight of Journeyman Wireman. Journeymen are not required to constantly watch the apprentice. Supervision will not be of a nature that prevents the development of responsibility and initiative. Work may be laid out by the employer's designated supervisor or journeyman based on their evaluation of the apprentice's skills and ability to perform the job tasks. Apprentices shall be permitted to perform job tasks in order to develop job skills and trade competencies. Journeymen are permitted to leave the immediate work area without being accompanied by the apprentice.

APPRENTICE SUPERVISION

Apprentices who have satisfactorily completed the first four years of related classroom training using the NJATC curriculum and accumulated a minimum of 6,500 hours of OJT with satisfactory performance, shall be permitted to work alone on any job site and receive work assignments in the same manner as a Journeyman Wireman. An apprentice shall not be the first person assigned to a job site and apprentices shall not supervise the work of others.

Section 5.14. Upon satisfactory completion of apprenticeship, the JATC shall issue all graduating apprentices an appropriate

diploma from the NJATC. The JATC shall encourage each graduating apprentice to apply for college credit through the NJATC. The JATC may also require each apprentice to acquire any electrical license required for journeymen to work in the jurisdiction covered by this agreement.

Section 5.15. The parties to this Agreement shall be bound by the Local Joint Apprenticeship and Training Trust Fund Agreement which shall conform to Section 3.02 of the Labor-Management Relations Act of 1947 as amended, ERISA and other applicable regulations.

The Trustees authorized under this Trust Agreement are hereby empowered to determine the reasonable value of any facilities, materials or services furnished by either party. All funds shall be handled and disbursed in accordance with the Trust Agreement.

Section 5.16. All Employers subject to the terms of this Agreement shall contribute the amount of funds specified by the parties signatory to the local apprenticeship and training trust agreement. The current rate contribution is 1 percent of the gross monthly labor payroll. This sum shall be due the Trust Fund by the same date as is their payment to the NEBF under the terms of the Restated Employees Benefit Agreement and Trust.

Article VI

If, as a result of violations of this section, it is necessary for the union and/or the trustees of the joint trust funds to institute court action to enforce an award rendered in accordance with subsection 6.04 (b) or to defend an action which seeks to vacate such award, the employer shall pay any accountants' and attorneys' fees incurred by the union and/or fund trustees, plus cost of the litigation, which have resulted from the bringing of such court action.

(b) If fringe benefit fund payments are not received by the sixteenth (16th) of the month plus fifteen (15) calendar days, they shall be deemed delinquent.
