PROFESSIONAL DAY

A. Teachers will be allowed a duty free lunch period of not less than twenty-five (25) minutes, or for a period of time no less than the regular time scheduled in each school as lunch period for students, whichever is greater. This lunch time will not include the time necessary for teachers to accompany their classes to the cafeteria if so required.

B. 1. Schedule
The teachers' standard scheduled day will be seven (7) hours and fifty (50) minutes per day and the five (5) day standard scheduled week will be thirty-nine (39) hours and ten (10) minutes. On planning days, the teachers' standard scheduled day will be eight (8) hours including one hour of duty-free lunch. The School Board will establish opening and closing times of its schools for both the administration and students which will become the primary schedule.

2. Scheduled Day
The scheduled day for teachers will be determined in advance through mutual agreement between the teacher and the principal. The total scheduled hours shall not be more nor less than the hours specified in VI.B.1. above or as specified in section VI B.3. below.

3. Scheduled Week
a. A flexible scheduled week for a school faculty may be established in advance but only through mutual agreement between the principal and faculty.

b. Through mutual agreement, the principal may establish a flexible scheduled week for an individual teacher when such schedule is established within the parameters set forth in section B.

c. A flexible scheduled week may include days with hours which vary from the standard scheduled day in VI.B.1. above but shall not be more nor less than the hours in a standard scheduled week established in VI.B.1. above.

d. The flexible scheduled week for a faculty may occur only in a five-day work week.

e. The scheduled week for a school faculty shall be submitted to the Superintendent of Schools in writing before such schedule may be implemented.

4. Restrictions
a. The scheduled day and week for a faculty or for an individual teacher may not interfere with the student contact time, the fairness or consistency of the extra supervisory duties, and must ensure that all professional obligations such as meetings and parent/student conferences are met.

b. Teachers who are provided a supplemental salary for an extracurricular activity beyond the student day must conduct such activity after the scheduled day.

c. With advance notice, the principal may require the rescheduling of a teacher's day or week to the primary schedule for faculty or similar meetings.

C. Full faculty meetings in each school will be scheduled bi-monthly provided that such meetings shall be cancelled if nothing constructive is to be offered. Such meetings should be as brief and well-planned as possible. Faculty meetings will be scheduled at least one day in advance. Special faculty meetings may be called in an emergency. All efforts will be made to conclude faculty meetings within the seven (7) hour and fifty (50) minute scheduled day.

ARTICLE VII
PREPARATION TIME

A. 1. High school and junior high school teachers will have a preparation/conference time each day equivalent to one (1) class period. This time is in addition to the twenty-five (25) minutes allotted for lunch. For the purpose of this section, supervised study periods will be considered part of the instructional and supervisory load and will not be considered the preparation/conference time. Supervisory loads of secondary classroom teachers shall not exceed five (5) class periods in a six (6) period day, or six (6) class periods in a seven (7) period day as long as there is compliance with Article XVI, Class Size.

2. A T. and I. teacher may be scheduled as in paragraph 1. above or to teach two (2) three-hour blocks or five (5) class periods in a six (6) period day depending on student needs. Preparation/conference time may be assigned outside student contact time but during the work day.

B. Elementary teachers will have, whenever possible, thirty (30) minutes of preparation time each day during student contact hours. This period may be planned during the time students are in special classes such as art, music, or physical education. When a teacher serves more than one school per day, preparation time will be scheduled at only one of the itinerant teacher's assigned schools.

C. As may be required by the Clay County Professional Orientation Program, and when deemed necessary by the Support Staff and approved by the principal, the Peer Teacher shall be provided time during the student contact day to perform observations and other duties related to the Professional Orientation Program which cannot be performed at any other time. Every effort shall be made to select the peer teacher on a voluntary basis.
ARTICLE XII
TRANSFERS

A. For the purpose of this Article, a transfer shall be defined as a change in grade, subject, assignment, class, building, or position. A form shall be required only in the case of transfer between schools or programs.

B. Posting Vacancies

1. Regular Allocated Positions (Vacancies)
   a. All vacancies declared open for the next school year for positions other than supplemental shall be posted and held vacant for a period of two (2) weeks, but no sooner than April 1 or later than June 30 in the following manner:

   (1) The initial posting of vacancies shall be for a period of two (2) weeks and such posted vacancies shall be held vacant for any in-county teacher, including unassigned teachers identified in Section D.1.a. and b., who wishes to apply to transfer to vacant positions in any certification area in which he/she currently holds certification. Teachers employed on a full year interim contract are excluded from this phase of the transfer process. This shall not be construed as to provide any employment rights to the annual contract personnel identified in accordance with paragraph D.1.a. and b. of this article or to any personnel identified for reduction in force in accordance with Article XIV (Reduction In Force), should these personnel fail to transfer to vacant positions during this phase. (Appendix IIIA, Phase I)

   (2) After the initial two week posting, all vacancies for which teachers who are not employed on a full year interim contract but who are surplus (unassigned) and qualified shall be held vacant until these teachers are assigned. (Appendix IIIA, Phase II)

   (3) Vacancies for which teachers returning from an extended leave are qualified shall be held vacant until these teachers are assigned. (Appendix IIIA, Phase III)

   (4) Vacancies for qualified teachers identified as laid off in Article XIV (Reduction in Force) shall be held vacant until these teachers are assigned. (Appendix IIIA, Phase IV)

   (5) Vacancies remaining after the placement of surplus personnel and personnel returning from leave shall be made available to teachers identified in paragraph D.2.a. including those teachers employed on a full year interim contract who are recommended for employment. (Appendix IIIA, Phase V)

   (6) Vacancies remaining after the placement of surplus personnel and personnel returning from leave shall then be posted and held vacant for a period of two (2) weeks for both qualified in-county personnel who have filed with the Personnel Division a completed transfer request in accordance with district guidelines and qualified candidates from the teacher applicant pool. (Appendix IIIA, Phase VI)

   (7) Current vacancies will also be posted for informational purposes only on July 15. None of the requirements of this Article shall apply to the July 15 posting.

   (8) Any vacancy of a position which is not a regular classroom position and which occurs after June 30 shall be posted and held open for a period of two (2) weeks except in cases that
affect the smooth and continuous operation of the school or department.

b. Vacancies During the School Year

(1) Vacancies which occur during the regular school year shall be posted in every school for two (2) weeks on the first (1st) and fifteenth (15th) of each month beginning after September 15 for schools on the standard calendar and August 15 for schools on the modified calendar and continuing through the month of May, except in cases that affect the smooth and continuous operation of the school.

(2) Any vacancy which becomes known to the Personnel Division through resignation or emergency and which date of opening occurs before the end of the next regular posting period may be posted at the discretion of the Personnel Division.

2. Supplemental Vacancies

a. Except where otherwise specified herein, all supplemental positions in a school for the next school year shall be posted within each school for a period of two weeks between April 15 and May 1. Any unfilled secondary supplemental position not unique to that school will be posted for two additional weeks by the school with the opening in all schools in the district. A copy of such posting shall be filed with the Division of Human Resources. After such posting, if vacancies still exist, such vacancies may be posted on the same listing as those noted in Section B.l.a. above and may or may not be related to one of the teaching positions listed in order to complement a school's need. After this posting, if vacancies still exist, the positions shall be posted and held vacant for a period of two (2) weeks for in-county applicants or out-of-county applicants who are qualified and meet the requirements. Such postings shall not be posted sooner than April 1 or later than June 30.

b. All supplemental positions which become vacant during the regular school year between September 15 and the end of May will be posted in the school in which the vacancy exists for a period not less than two (2) weeks. Any unfilled secondary supplemental position not unique to that school will be posted for two additional weeks by the school with the opening in all schools in the district. A copy of such posting shall be filed with the Division of Human Resources.

c. Community Education and Summer Institute positions shall be posted with other supplemental vacancies, but the two week vacancy requirement shall not apply.

3. Distribution of Posting Notices

a. Except as otherwise provided herein, a copy of all vacancy postings shall be displayed at each work site.

b. Except as otherwise provided herein, a copy of all vacancy postings shall be forwarded to the office of the Association.

C. Filling Vacancies - Volunteer Transfers

1. Regular Allocated Positions

a. Each teacher shall be limited to one (1) volunteer transfer in a two (2) year period except at the discretion of the administration. A teacher wishing to seek a transfer to a posted vacancy for which he/she is eligible and qualified shall proceed in this manner:

(1) Obtain a transfer form as set forth in Appendix III from the Personnel Division or the principal and complete and sign the form as directed.
(2) One copy of the completed request shall be forwarded to the Personnel Division and one copy to the Association. The teacher shall retain the original and one (1) copy.

(3) If agreement for the transfer is reached between the parties, the gaining principal shall sign the transfer form and forward both copies to the losing principal for his/her signature. The losing principal shall then forward the completed forms to the Personnel Division. If the transfer request is disapproved by a principal, that principal shall forward the forms to the Personnel Division.

(4) The teacher will be notified in writing by the Personnel Division of the decision.

(5) Final approval will rest with the district office.

b. Identification of Qualified Transfers

(1) The principal of the school having the posted vacancy shall give due consideration to qualified and eligible in-county applicants. No action, formal or informal, except interviews, may be initiated on the placement of qualified eligible in-county or out-of-county applicants to a posted vacancy prior to the end of the posting period except where otherwise stipulated.

(2) Due consideration shall be defined as taking into account the results of an interview, certification, experience, professional references, or other bona fide occupational qualifications.

(3) If a position is filled by a transfer applicant, the decision to select such applicant will be based on qualifications. If qualifications are the same for two (2) or more individuals, then length of service in the district shall determine the priority for consideration. For positions posted after April 1 for the next school year, transfer requests which are made before the last day of the teacher's school year, shall only require approval of the gaining principal before such transfer is submitted to the Personnel Division for final consideration. The losing principal may request a review of any such proposed approval to the Superintendent on the grounds that such approval would be detrimental to the program of the school. Such grounds may include possible loss of accreditation or other such dire program concerns. The grounds for the appeal and input from the gaining principal and teacher will be reviewed. After the close of the school year, approval by both the losing and gaining principals shall be required before such transfer is submitted to the Personnel Division for final consideration. The Personnel Division shall return copies of the approved or disapproved transfer request to both principals, the transfer applicant and to the Association.

(4) After filling a vacant position, the principal will notify, in writing, all applicants as soon as action is taken.

(5) A transfer request shall no longer be considered active after action has been taken on filling the vacant position.

2. Supplemental Positions

a. The procedure for applying for transfer to a posted supplemental vacancy shall be the same as that in Section C.l.a. above for teachers wishing to transfer to a supplemental position related to a posted regular teaching position. If a teacher wishes to
apply for the supplemental position only, the teacher should seek an interview with the principal of the school with the vacancy.

b. At the close of the posting period, the principal may submit a recommendation for filling a supplemental position to the Personnel Division and should notify the in-county applicants in writing of the action taken.

D. Involuntary Transfers - Change in Allocations/Programs/Needs Not Affecting County-Wide Total

1. Identification of Affected Personnel

   a. When a reduction in the allocation of teachers in a school or subject area within a program in a school is necessary, the Association shall be presented a list of teachers in the affected school showing the teachers' rank, status, classification as described in Article I, and years of experience in Clay County public schools and Florida public schools. Teachers affected shall be identified on the basis of certification and uninterrupted length of service in the district. Teachers shall be listed in the following order:

   (1) First to be listed: volunteers from the affected area in the school.

   (2) Second to be listed: out-of-field personnel from the affected area in the school.

   (3) Third to be listed: least uninterrupted length of service in the district from the affected area in the school.

   b. In the event continuing contract personnel are listed in the paragraph above, the same number of annual contract personnel as the number of continuing contract personnel listed shall be bumped in order of district seniority provided these annual contract personnel have the same qualifications as the listed continuing contract personnel.

   c. When a reduction in the allocation of teachers in a subject area or grade level within a school is necessary after the beginning of the school year, only teachers in the specified subject or grade level will be affected by the procedures in paragraph D.1.a. above.

   d. Should a teacher who has an athletic coaching supplemental position wish to resign any coaching position, that individual shall automatically be identified as surplus. Should the principal decide not to advertise the position as a teacher/coach combination, then the teacher identified as surplus from that position may be returned to that position at any time before its posting as a vacancy, as long as the teacher remains qualified. This paragraph will be effective for those teachers who are appointed to their first athletic coaching position after December 15, 1987.

2. Placing Unassigned Personnel

   a. Teachers listed for involuntary transfers as indicated in paragraphs D.1.a.b.c. and d. above shall be placed in vacant positions for which they are qualified in the following order:

   (1) Qualified continuing contract personnel.

   (2) Qualified personnel identified in D.1.d. above.

   (3) Qualified annual contract and bumped annual contract personnel.

   (4) Qualified full year interim contract teachers identified in B.1.a.(5) above.

   The placement of these personnel shall be in reverse order of
their listing.

b. Continuing contract personnel shall be placed in a position for which they are qualified, or if none is available, in a position considered out-of-field before annual contract personnel are placed.

E. Special Provisions

1. The foregoing shall not be construed in such a way as to prohibit involuntary transfers for specific reasons. The Superintendent shall not be prohibited with the consent of the Board from transferring employees when the Superintendent determines it is in the best interest of the school system.

2. When special talents or expertise are needed for the implementation of a new program but are not found in the present employees, the proposed plans should be made known and present employees given an opportunity to qualify for the new position.
ARTICLE XV
LEAVES

A. Terms
1. Leave granted by the School Board shall be taken by the individual for the purpose for which it was requested and granted. A teacher who is granted sick, extended sick, child care, maternity, illness-in-line-of-duty, or personal leave shall not accept full-time employment while on such leave of absence. This condition may be waived by action of the Board. A teacher who has been absent for 10 consecutive days or for 15 days in a 20 work day period for the same or related cause shall request the appropriate extended leave of absence in accordance with the rules set forth in this Article. Should such teacher fail to provide sufficient documentation to be eligible for the appropriate extended leave, the School Board shall place such teacher on extended personal leave for the balance of the school year. Teachers may be granted up to two (2) consecutive years of extended leave if such request is filed and approved in the manner set forth in this Article.

2. Teachers who want to return from extended leave which terminates at the close of the school year shall notify the Personnel Division in writing by March 1 of the school year for which leave was granted. If leave is granted after March 1, this written notification of the desire to return shall be submitted with the leave request. Upon return from leave which terminates at any time during or at the end of the school year, reassignment to a vacant position will be based on seniority to a vacant position in which he/she is qualified, provided that the teacher holds a continuing contract or professional services contract. The School Board shall not be responsible to any teacher who fails to submit such request in writing as specified above.

3 A request for an extension of an approved extended leave or for a second extended leave in the same school year shall be considered by the Board on a case-by-case basis. Where, in its discretion, the Board determines such repeated leave requests by the teacher are detrimental to the best interests of the students, such leave may be granted only for the remainder of the school year. It will be considered a single leave request when child care leave is requested subsequent to and consecutively taken after maternity leave, if notice is given with the maternity leave request that child care leave will be requested. The Board shall not be responsible for reinstatement of a teacher to any vacant position except as otherwise provided herein.

4. Teachers who are denied leave of any type shall be given the reason(s) and rationale for such denial when action is taken.

5. "Full-time" as used in this article shall mean six-tenths (.6) or greater allocated position.

B. Short Term Leaves
1. As used in this section, one day of short term leave for the purpose of accrual and use shall mean to be the equivalent in hours.

2. Sick Leave
Each teacher employed on a full-time basis who is unable to perform his/her duty in the school because of illness, or because of illness or death of father, mother, brother, sister, husband, wife, child, other close relative, or member of his/her own household and consequently has to be absent, shall be granted leave of absence for sickness. He/she shall be entitled to four (4) days of sick leave as of the first day of employment of each contract year and shall
thereafter earn one day of sick leave for each month of employment, which shall be credited to him/her at the end of that month and which shall not be used prior to the time it is earned and credited to him/her. Each teacher shall be entitled to earn no more than one day of sick leave times the number of months of employment during the year of employment. If the teacher terminates his/her employment and has not accrued the sick leave days available to him/her, the School Board may withhold the average daily amount for the sick days utilized but unearned by the teacher. Such sick leave shall be cumulative from year to year. There shall be no limit on the number of days of sick leave a teacher may accrue except that at least one half of this cumulative leave must be established within the district. Teachers are responsible for requesting that accumulated sick leave earned in another county be transferred to the district. Transferred sick leave will be posted on the record of the teacher at the rate of one day for each day earned in the district. Before receiving compensation for the time absent on sick leave, teachers shall file an official leave form stating the day or days absent. The administration shall provide this form upon the teacher's return. Teachers shall not be required to state reasons or nature of illness for sick leave. Sick leave must be substantiated by a physician's statement if it is requested either by the principal or the Superintendent, when such administrator has reasonable suspicion that an employee has a problem which relates to attendance.

3. Personal Leave With Pay
Five (5) days leave per year may be used for the teacher's personal business. Leave of this type is noncumulative and chargeable against accrued sick leave. A teacher planning to use a personal leave day or days shall notify and gain the approval of his/her principal using the appropriate form at least twenty-four (24) hours in advance. The teacher shall suffer no loss of pay for such leave and shall not be required to give reasons except that the leave is for "Personal Reasons".

4. Personal Leave Without Pay
A teacher may be granted leave days without pay for personal business when extenuating circumstances dictate. This leave may be granted to a teacher only when he/she cannot otherwise schedule his/her business outside of normal working hours. A reason must be stated with the request. Personal leave without pay shall be submitted to the principal at least three (3) days prior to the requested date of leave. The principal shall review the leave request for approval on a case by case consideration. Any employee who is absent without authorization shall be disciplined after consideration of the facts and in accordance with disciplinary procedures adopted by the Board.

5. Emergency Leave
a. Definition
Emergency leave shall be leave taken for a sudden unexpected happening; an unforeseen occurrence.
b. Emergency Leave With Pay
One (1) leave day counted against sick leave may be granted for emergency purposes. Leave of this type must be certified in writing on the appropriate form through channels for approval by the Superintendent or his/her designee
c. Emergency Leave Without Pay
Leave days for emergency purposes may be granted without pay.
Leave of this type must be certified in writing on the appropriate form through channels for approval by the Superintendent or his/her designee.

6. Court Leaves
Leave with pay may be granted to any teacher when called for jury duty or subpoenaed as a witness, or when a written request to appear in court is made by an attorney involved in the case. A copy of the court order, subpoena, or written request of the attorney shall be attached to the appropriate form and the completed form must be filed with the Personnel Division and approved prior to the leave.

7. Illness-In-The-Line-Of-Duty Leave
A teacher shall be entitled to illness-in-the-line-of-duty leave when he/she has to be absent from his/her duties because of personal injury received in the discharge of duty or because of illness from any contagious or infectious disease contracted in school work. Such illness or injury must be certified by both his/her principal and a physician, then forwarded to the Superintendent for his/her recommendation and submission to the Board for approval or disapproval. Except for worker's compensation claims, a teacher who has any claim for compensation under this section while absent because of illness contracted or injury incurred as prescribed herein shall file a claim by the end of each month during which such absence occurred. The Board shall approve such claims and authorize the payment thereof, provided that the Board shall satisfy itself that the claim correctly states the facts and that such claimant is entitled to payment in accordance with the provisions of this section. The use of illness-in-the-line-of-duty leave, shall result in no reduction of the teacher's accumulated sick leave. Such leave shall be authorized for a total of not to exceed ten (10) school days during any school year for illness contracted or injury incurred from such causes as prescribed above.

8. Temporary Duty Elsewhere
Teachers on Temporary Duty Elsewhere shall receive their regular pay and may be allowed expenses.

9. Military Leave
When their obligation to the United States Armed Services makes unavoidable their failing to meet contractual duties, all members of the bargaining unit will be granted military leave in accordance with the law. Requests for such leave must be submitted in writing on the proper military leave request form with a copy of the orders attached to such form.

10. Professional Leave
a. Professional leave days with pay while school is in session, when properly requested and approved by the Superintendent or his/her designee, may be granted to teachers for the purpose of:
   (1) Attending and/or participating in professional meetings relating to educational workshops, educational seminars, clinics, or educational conferences in their subject area or area deemed beneficial to the school system by the Superintendent.
   (2) Visitation for the purpose of observing instructional techniques or programs in their subject area.

b. Professional leave days with pay when properly requested and approved by the Superintendent or his/her designee may be granted to teachers during pre- and post-planning days for attendance in college courses for the purpose of extending
certificates or for the purpose of earning credit toward being certified in the subject area of teaching responsibility. This request should be filed with the Personnel Division by ten (10) days prior to the post-planning period for leave during post-planning and pre-planning.

c. Professional leave days without pay when properly requested and approved by the Superintendent or his/her designee may be granted to teachers during pre- and post-planning days for the purpose of attending college classes for reasons other than that stated in subparagraph b. above or for the purposes set forth in subparagraph a. above.

11. Filing Leave
Leave in this Section (B) must be applied for on the authorized form with attachments if required and submitted to the immediate supervisor. The completed form must be submitted to the supervisor by the end of the first day the teacher returns to duty in the case of sick, emergency, or illness-in-the-line-of-duty leave. The administration shall provide this form upon the teacher's return. Otherwise the form must be submitted in advance in accordance with the provisions of this Section (B). Leave requests must be filed with the Personnel Division.

C. Extended Leave
1. Leave of this type must be authorized and approved by the School Board. The request with required documentation must be on file with the Personnel Division and approved prior to the effective date of leave, and must be in accordance with the provisions of Section A and Section B of this Article. Upon return from extended leave, reassignment will be based on seniority and only to a position which is vacant at the time of the return, and for which he/she is qualified, in accordance with the provisions of Section A 2 and in accordance with the provisions below.

2. Extended Sick Leave
An extended leave of absence for reasons of personal illness or illness of father, mother, husband, wife, or child may be granted to a teacher for up to one (1) year of disability if verified by a physician, or in accordance with C8. Sick leave days which have been earned may be used for this purpose but pay shall not be rendered for any period of time beyond the number of earned sick leave days on record. Sick leave days which have been granted in accordance with the rules of the Sick Leave Bank may be used for this purpose if such leave is granted solely for personal illness; however, pay shall not be rendered for any period of time beyond the number of sick leave days granted by the Sick Leave Bank. Extended sick leave shall be granted only for the period of time of physical disability verified by the physician and a statement from the physician verifying the teacher's ability to return to work must be on file with the Personnel Division prior to reemployment.

3. Maternity Leave
Leave may be granted to a teacher for pregnancy during a period of time from nine (9) months prior to the due date and two (2) months after delivery or for whatever period of time of disability designated by the attending physician, which is directly a result of the pregnancy. A physician's statement shall accompany such request and must verify the dates requested. Sick leave days which have been earned or have been granted in accordance with the rules of the Sick Leave Bank may be used during any portion of this leave during which the physician verifies in writing that the teacher is
disabled, otherwise, maternity leave shall be without pay.

4. Child Care Leave
Leave without pay may be granted to any teacher for the purpose of the care of a dependent child under the age of two living in the same household. If the dependent child in the same household is over the age of two, an accompanying statement from a physician verifying the need for the teacher to care for the child and verifying the period of time required for such leave must accompany this request.

5. Military Leave
a. Any teacher required as a result of the draft, enlistment, or recall to serve in the armed forces of the United States shall be granted extended leave without pay for such service to a maximum of four (4) years. This may be extended at the request or for the convenience of the federal government or upon authorization of the President of the United States. A teacher returning from such leave shall be returned to employment, without prejudice, provided discharge or release is under honorable conditions, and application for re-employment is filed in accordance with the requirements of federal law. The school district shall employ the teacher returning from such leave by not later than thirty (30) days from the date of the teacher's written application for re-employment. Such teacher shall be returned to his/her former position or to a similar position satisfactory to the teacher and for which he/she is fully qualified.

b. Teachers who are members of the National Guard or Reserves who are called to active military service shall be granted extended leave by the School Board. Such leave shall be with full pay and benefits for the first thirty (30) calendar days. For the 1990-92 school years, the School Board shall supplement the individual in an amount necessary to bring his/her total income, inclusive of the total military income, to the level for which he/she was contracted at the time he/she was called to active military duty and shall continue to provide insurance benefits in the same manner as that provided other full time teachers who are on School Board approved extended leave, so long as he/she remains on active duty. A teacher returning from such leave who reapplies to be re-employed in accordance with law, shall be returned to employment without prejudice according to the provisions set forth in law.

6. Extended Professional Leave
A leave of absence for professional improvement, without salary, may be granted for any teacher, upon application, for up to one (1) year and upon reapplication, for up to a second year, for the purpose of:

a. Engaging in study at an accredited university in his/her subject area or area deemed beneficial to the school system by the Superintendent.

8. Fitness for Duty/Medical Examination
a. If the Superintendent has reasonable suspicion based upon objective factors to indicate an impairment of performance or productivity rendering the employee unable to safely and satisfactorily perform his/her complete duties and responsibilities, the Superintendent may require the employee to submit to a physical, medical or psychiatric examination or other laboratory tests to determine the employee's fitness to perform the complete duties and responsibilities of the employee's position.

b. Any examination performed under this Article will be performed by a medical physician, psychologist, psychiatrist or laboratory testing facility (where testing for substance abuse) selected by the employee from a list of at least three (3) physicians, psychologists, psychiatrists, or two to five laboratory testing facilities (where applicable) recommended by the district. e. If the information revealed by the medical examination(s) indicates that the employee cannot safely and satisfactorily perform the complete duties and responsibilities of the employee's position, the Superintendent shall:

(1) Determine whether another position is available for which the employee would be qualified and in which the employee can safely and satisfactorily perform the complete duties and responsibilities of the position. If so, the Superintendent shall offer the employee an opportunity to accept a transfer to such position.

(2) If no such transfer is available or if the employee declines an offered transfer, and if no reasonable means of accommodation is available, the Superintendent shall file a recommendation with the School Board recommending that the employee be placed on compulsory Extended Sick Leave.

(3) When an Employee Assistance Program becomes available, the Superintendent shall consider placement in such program prior to e.(2).

At this time, the employee will submit to additional examinations under the procedures described in Section C.8.b. of this Article. Based upon the results of the medical examinations, the Superintendent shall file a written recommendation on the petition for reinstatement with the School Board with regard to reinstatement or denial of reinstatement. Should an employee's petition for reinstatement be approved, the reinstatement and reassignment shall be determined in accordance with Section C.1. of this Article.

D. Reimbursement for Travel

Travel reimbursement including in-county, out-of-county, per diem, and expenses shall be reimbursed at the normal rate established by the Board and must be authorized and approved by the Superintendent prior to the incurrence. 5. The Board agrees to pay any certificated staff member who has been approved for sabbatical leave, 25% of his/her normally contracted salary during the year of leave. Benefits shall be paid during the year of sabbatical by the Board to such persons on approved sabbatical leave in the same manner as normally paid to a person employed on a 25% contract.

6. Upon returning from an approved year of sabbatical leave, the staff member shall present proof of compliance with the conditions of the approved leave and be placed in a vacant position in which he/she is certified. Such staff member shall accept such position as a further condition of the sabbatical leave.

7. If the staff member approved for sabbatical leave fails to abide by the conditions for sabbatical leave, the staff member shall reimburse the Board for all salary paid and for the cost of all benefits paid during such sabbatical. A contract to this effect shall be signed by the Board and the person affected.
