It is agreed and understood that the liabilities of the Employers signing this contract shall be several and not joint.

ARTICLE I

PURPOSE

1. The purpose of this Agreement is to establish the hours, wages, and other conditions of employment, and to adopt measures for the settlement of differences, and to maintain a cooperative relationship so as to prevent interruptions by boycotts, strikes, or lockouts.

2. It is mutually understood that the following terms and conditions relating to the employment of workmen covered by this Agreement have been decided upon by means of collective bargaining, and that the following provisions will be binding upon the parties to this Agreement during the term of this Agreement.

3. This Agreement covers the Employer's permanent shops and manual labor on the job site but shall not include professional engineers, engineering or clerical employees, guards, watchmen, timekeepers, superintendents, assistant superintendents, general foremen, foremen, or any supervisors in charge of any class of labor. None of the employees exempted in this paragraph shall be required to be members of any Union.

ARTICLE III

HIRING PROCEDURE AND TRANSFER OF EMPLOYEES

1. The Employers, recognizing that the Unions operate and maintain the only centralized sources of skilled manpower available to the construction industry within the Greater Kansas City Area, agree as follows:

A. The Employer shall notify the Local Union of the location of any job and the approximate starting time. Subject only to the rights of the Employer to employ and transfer men under Section 2 of this Article, the Employer shall not employ workmen, either to start a new job or replace a workman to fill a new position on a job in progress without first calling the appropriate Union office or representative and requesting a referral of applicants for the job or jobs available. The Employer may, however, request workmen by name if such workmen are registered and the Union shall furnish such workmen to the Employer if they are available and if they report they shall be put to work. The Union accepts full responsibility for lawful administration of the hiring hall procedure herein set forth, including the non-discriminatory and lawful referral of employees to the Employers and the Union shall indemnify and save the Employers harmless from any claims, suits, judgments, and administrative hearings, rulings and decisions and from any other form of liability as a result of hiring employees under the provisions of the hiring hall herein set forth. On jobs over \$500,000 the Employer shall furnish to the union a list of subcontractors on that job.

B. The Employer shall have the right to accept or reject any job applicant referred by the Union and to select from among applicants those who are, in his estimation, the best qualified, and those reporting after being referred but not put to work shall receive two (2) hours' pay for the job referred to. The Employer shall not request the referral of more men than the number of available jobs. If he does so, those men referred but not employed shall be reimbursed in the amount of two (2) hours' pay for the job they are referred to do.

Any employee desiring to contest any termination of employment by the Employer has the right of appeal in accordance with the grievance procedure set forth in this Agreement.

2. Nothing herein contained shall prevent the transfer of an employee from one job to another within the jurisdiction of this Agreement.

3. In case of reduction of forces, employees who have twelve (12) months of continuous employment with the Employer shall be terminated in reverse order of their employment.

Continuous employment in construction work means continuous employment on days on which the Employer has done construction work in the area covered by this Agreement, provided, however, an employee of an Employer shall not lose his seniority because of performing that type of work, covered by the scope of this Agreement, to which he is assigned by his Employer outside the area covered by this Agreement.

In case of home shop employees, all reductions in the working force shall, subject to qualifications, be in the reverse order of employment.

ARTICLE IV

PROTECTION OF RIGHTS

It will not be considered a violation of this Agreement for employees to refuse to cross a primary picket line recognized by the Union signing this contract, nor shall any employee be discriminated against for such refusal.

ARTICLE V

UNION SECURITY

It is understood and agreed by and between the parties that as a condition of continued employment, all persons who are hereafter employed by the Employer in the unit which is the subject of this Agreement shall become members of the Union not later than the eighth day following the beginning of their employment or the execution date of this Agreement, whichever is the later; that the continued employment by the Employer in said unit of persons who are already members in good standing of the Union shall be conditioned upon those persons continuing their payment of the periodic dues of the Union; and that the continued employment of persons who were in the employ of the Employer prior to the date of this Agreement and who are not now members of the Union, shall be conditioned upon those persons becoming members of the Union not later than the eighth day following the execution date of this Agreement. The failure of any person to become a member of the Union at such required times shall obligate the Employer, upon written notice from the Union to such effect and to the further effect that Union membership was available to such person on the same terms and conditions generally available to other members, to forthwith discharge such person. Further, the failure of any person to maintain his Union membership in good standing as required herein shall, upon written notice to the Employer by the Union to such effect, obligate the Employer to discharge such person.

The Union agrees to indemnify the Employer and hold the Employer harmless from any final determination of liability to any employee by reason of the discharge of such employee, if such discharge was caused and effected by a request by the Union as provided for in the preceding paragraph of this Agreement. At a written request from the Union for an individual employee's date of starting of employment, the Employer agrees to give in writing to the Union the employee's starting date. The Union shall not be obligated to indemnify the Employer for any injuries or costs incurred which may be the result of erroneous information provided by the Employer, nor shall it be required to pay the costs of defending claims which are ultimately found to be without merit or justification.

This Article shall be inoperative in any state in which it is contrary to state or federal law.

ARTICLE VI

GENERAL

1. Workmen are to be paid the wages applicable to the work performed, and in return the Employers are to receive a fair and honest day's work without any slowing down or stoppage of work.

2. It is recognized that the Employer has the right to discipline or discharge an employee for just cause. Questions of whether just cause exists shall be subject to the grievance procedure set forth in Article XI hereof.

3. The Employer shall provide workmen's compensation protection against injury or occupational disease and unemployment compensation protection for employees whether or not required to do so by Missouri or Kansas state laws.

ARTICLE VII

WORKING CONDITIONS

1. Any workman may be shifted by the Employer from one classification of work covered by this contract or from one piece of equipment to another piece of equipment, provided the workman is capable of performing the other work and is paid the rate of wage for the classification which provides the higher wage rate.

2. The Local Unions shall not cause or influence any stoppage of work on an Employer's project or job within the area covered by this Agreement because of the Employer's mode of operation in another area. This paragraph, however, is in no way intended to hinder or limit the right of collective bargaining in other areas.

3. All workmen employed under this Agreement shall be classified in accordance with the Schedule of Wages of this Agreement. Any question relative to the

classification will be settled by the Employer and the Union representatives, or as hereinafter provided.

4. Where new types of equipment for which rates of pay are not established by this Agreement are put into use, rates governing such equipment shall be subject to negotiations between the parties to this Agreement. Rates agreed upon or awarded shall be effective as of date equipment is put into use.

5. No employee shall be required to operate any equipment which does not comply with all safety regulations or any truck which does not have windows, heaters and defrosters in good operating condition.

6. When an employee is required to be out of town overnight, arrangements shall be made to pay his expenses.

7. Chauffeurs shall not start their machines until the regular starting time and shall be allowed time to return the machine to its parking station or shop at the end of the work day.

8. In order to provide a safe workplace and to reduce or eliminate unsafe conditions, the drug testing and assistance program as set forth and described in the Heavy Constructors Association Drug Testing and Assistance Program is hereby adopted and incorporated herein by reference. Testing shall be limited to new hires, candidates for promotion, random testing, and cases of "cause" as defined in the program. In addition, if the Employer, for reasons of compliance with regulations or insurance carrier requirements, adopts a company drug testing program applicable to all employees (including officers, supervisors, administrators, and professional employees), said program shall be equally applicable to the employees of the employer covered hereby.

ARTICLE VIII

STEWARD CLAUSE

1. The authorized representative of the Union may visit jobs during working hours and may make any reasonable check of membership or grievance with the superintendent or employees, so long as they do not hinder or interfere with the progress of the work.

2. The Union may appoint a workman employed on the job to act as steward on each job. The Union will notify the Employer's superintendent of the appointment. The steward shall be subject to the same terms of employment as any other employee on the job and shall not be discriminated against by reason of the fact that he is serving as steward.

3. The steward shall be a working employee, who shall, in addition to his regular work, be permitted to perform during working hours such of his duties as steward including the adjustment of grievances as cannot be performed at other times. The Union agrees that such duties shall be performed as expeditiously as possible.

4. If overtime work is required, the steward shall be one of the workmen who shall perform the work, if he so desires, provided he is capable of performing the work. The Employer agrees in the event of reduction of the work force, that the employee appointed as steward remain on the job as long as there is work of his craft which he is capable of performing.

5. The Employer must notify the Local Union office before transferring a steward or terminating a steward's employment except in emergency cases. In case of dispute at the time of notification the Employer and the Business Representative of the Union will meet prior to the employment of the steward on the following working day.

ARTICLE IX

REPAIRS AND MAINTENANCE

1. Mechanics are employed by the Employer because of their knowledge of equipment and their ability to make whatever repairs may be required and to this end when mechanics are engaged in the repair of equipment, the Employer shall not be required to retain the chauffeur or chauffeurs on his payroll, but if requested, the chauffeur shall make the repairs if qualified or assist the mechanics on the job site. All equipment normally operated by Teamsters shall be the work of the Teamsters.

2. Mechanics employed under this contract shall be required to provide all necessary hand tools. The Employer shall furnish vehicles for service and transportation, including pickups or other equipment on the job site, or reimburse the mechanic for the cost of operating his own vehicle if used in such activities.

3. Where any contract is not large enough to employ both truck mechanics and greasers and heavy mechanics and greasers, this jurisdiction will be worked out with the Employer as these disputes arise without any stoppage of work.

4. A helper shall not furnish tools of any kind on the job while employed under this contract. A helper shall be raised to the mechanic classification as soon as he is capable of doing the work of a mechanic.

ARTICLE X

WORKING TIME, OVERTIME AND HOLIDAYS

1. A regular work week shall consist of not more than forty (40) hours work and all work performed over and above ten (10) hours per day or forty (40) hours per week shall be paid at the rate of time and one-half. Double time shall be paid for work on Sunday or recognized holidays when and only if any other craft employees of the same employer at work on that same job site are receiving double time pay for that Sunday or holiday work.

2. Employees shall be permitted thirty (30) minutes off without pay for lunch approximately in the middle of the shift. If an employee is not permitted a 30 minute lunch break, the employee will be paid time and one-half for working through the lunch period and will be allowed a short time to eat.

3. A work day is to begin between 6:00 a.m. and 9:00 a.m. at the option of the Employer except when inclement weather or other conditions beyond the reasonable control of the Employer prevent work, in which event, the starting time may be delayed, but not later than 12:00 noon.

A. The Employer may establish other working hours on the project, in which event employees starting at those other times shall be paid their regular rates of pay, plus fifty cents (\$0.50) per hour premium for hours worked, except on those projects which routinely work two (2) or three (3) shifts, only the graveyard (3rd) shift will receive the premium. Projects must be scheduled to work nine (9) consecutive shifts to be considered routinely working shifts. On work which the owner specifies unusual working hours beyond control of the contractor the premium rate will not apply.

4. Workmen shall report each working day except when the Employer has notified them not to do so.

A. If employees are not notified before leaving the job that there will be no work on the following day or if the employees are not notified that there will be no work, the employees who report shall receive one (1) hour's time for reporting, and four (4) hours if put to work, unless failure to provide work is due to inclement weather or weather-related conditions.

B. If employees are required to remain on the job after regular starting time, they will be considered working.

C. Any employee being laid off any time during the day for any reason shall immediately lay up his equipment for the remainder of the day, and he must remain away from it for the remainder of the day unless he is called to report back

to work, in which case he shall receive not less than eight (8) hours time at regular scale of wages for that day.

D. The employee will keep the Employer advised at all times of his correct address and telephone number.

E. Overtime shall be computed at one-half hour intervals.

5. Workmen must be paid from the time they start their equipment and must be allowed time to put them up at the end of the work day.

6. Workmen shall receive time and one-half for all work performed on Sundays and Holidays. There shall be no pyramiding of overtime.

7. It shall be a violation of this Agreement for an employer to lay off members of the regular crew who had worked during the workweek and to hire replacement employees to avoid the overtime pay required when workers perform in excess of 40 hours a week. The penalty for the violation of such a clause shall be to require time and one-half pay for all hours worked by the "replacement" workers even though the replacement workers would not otherwise be entitled to overtime pay under Section 1 above.

8. Recognized holidays shall be as follows: New Year's Day, Decoration Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day, or days observed as such. No work shall be performed on Labor Day, except in case of jeopardy of life or property. This rule is applied to protect Labor Day.

When one of the above holidays falls on a Saturday, the preceding Friday shall be observed; when the holiday falls on a Sunday, the following Monday shall be observed. Where one of the specified holidays falls or is observed during the workweek, then all work performed over and above thirty-two (32) hours in that week shall be paid at the rate of time and one-half (1.5).

ARTICLE XI

GRIEVANCES

There shall be no stoppage of work on account of any dispute that may occur between the member or members of the Union and the Employer, or between the member or members of the Union and other employees on the job. If the dispute cannot be adjusted by those involved in same, it shall be taken up with members of the Employers having the contract on the jobs, and the Business Representative of the Union, but the work must proceed.

If the dispute still exists the Employer or the Business Representative of the Union shall notify the Manager of the Heavy Constructors Association of the Greater Kansas City

Area and a meeting shall be arranged by said Manager between the Business Representative of the Union and the Employer and a committee of not more than three (3) from the Labor Committee of The Heavy Constructors Association of the Greater Kansas City Area. At this meeting both the Union and the Employer shall be entitled to present all of the facts with reference to such controversy and after hearing such facts the Labor Committee shall make a recommendation with reference to settlement of such controversy. In the event the Union concurs in such recommendation the controversy shall be settled in accordance therewith. In the event the Labor Committee and Union do not agree on the recommendation for the settlement of said controversy, it shall be submitted to arbitration and the arbiter selected in accordance with the next succeeding paragraph hereof.

If the dispute still exists it shall be referred to a Board of Arbitration constituted as follows: One arbiter to be selected by the Employer, one arbiter to be selected by the Union, the two so chosen shall select a third by mutual agreement. Failing within a week to designate a third arbiter, the arbiter shall be designated as follows: The Conciliation Service of the United States Department of Labor shall designate three individuals from which the third arbiter will be chosen. The Union shall have the privilege of striking off one name, then the Employer shall have the privilege of striking off one name, and the remaining person shall serve as the third member and act as Chairman of the Board of Arbitration.

In the case of arbitration a decision of the majority of the Board of Arbitration shall be final and binding upon all parties to this Agreement and expenses of such Chairman of the Board of Arbitration shall be borne equally by the Union and the Employer.

Any complaint or grievance will be barred if not presented within seven (7) days after such a complaint or grievance became known to employee. Any decision on a grievance not appealed in writing from one step of the grievance procedure to the next, within seven (7) days after a decision is announced, shall be considered as having been finally settled to the mutual satisfaction of all parties concerned and not subject to further appeal.

There shall be no strike, work stoppage, slow-down, picketing, or any other interference with the Employer's business by employees, the Union, its officers, or its members during the life of this Agreement. There shall be no lockout of its employees by the Employer during the life of this Agreement.

It is also agreed by the Union that in the event of an unauthorized strike, work stoppage, slow-down or interruption of work by any employee, or employees covered by this Agreement, that the Union, its officers and representatives will take all reasonable steps to stop such action, so that normal operations may be immediately resumed by the Employer.

It is understood and agreed that in the event of any unauthorized strike, work stoppage, or interruption of work on the part of any employee during the life of this Agreement, one recourse and remedy among other things of the Employer in such event

may be to impose such disciplinary measures as he sees fit upon the employee involved and such disciplinary action shall not be subject to grievance procedure.

During the term of this Agreement, the Employer shall not lock out and the Union shall not engage in a work stoppage or sympathy strike prior to an express finding by an arbitrator that such action is lawful and proper under the terms of this Agreement.

ARTICLE XII

WORK ASSIGNMENT AND JURISDICTIONAL DISPUTES

If Teamster equipment is on the job site, there shall be sufficient Teamsters on the job to perform the Teamster work scheduled to be performed with that equipment, provided, however, Teamsters, at no reduction in pay, will also perform whatever other work is assigned them whenever the Employer determines that the performance of such other work is necessary.

ARTICLE XIII

WAGE AND PAY DAY CONDITIONS

1. The hourly rates of wages for each classification of labor are set forth in the attached Schedule of Wage Rates and the rates of wages shown in those schedules shall apply to every workman covered by this Agreement. On projects not having Davis-Bacon or other similar State or Local wage determinations and which either last six (6) months or more from Bid Date to Completion Date, or which are over \$500,000.00 in contract amount, the rates of wages in effect on the date an Employer bid on a project covered thereby shall remain in effect for the duration of the work on said project, but not to exceed a period of more than twenty-four (24) months from the award date. On the second anniversary of the award date of the project, if the project continues, the wages will be increased by an amount equal to the effective wage increases in the first year after the date of the original award. The same procedure shall apply on the third anniversary of the date of the awarding and on all subsequent anniversaries.

The current fringe benefits will be paid throughout all such projects. —

2. The Union agrees that no demand for any increases in any wage rate above that specified in the Schedule of Wage Rates will be made on any job.

3. Wages, in cash or check, shall be paid to workmen weekly at the end of the shift not later than three (3) work days after the pay period, unless approval of payrolls by governmental agencies prevents such payment at that time.

4. If a workman quits of his own accord, he shall wait for his pay until the next regular pay day.

An employee who is discharged or laid off shall be paid in full without undue delay or the penalty provision of paragraph 5 of this article will apply.

5. Failure on the part of the Employer to comply with this provision shall entitle the employee to \$250.00 damages, provided the delay is occasioned by the willful refusal of the Employer or his agent.

6. All deductions shall be furnished on detachable check stubs to each employee on regular pay day.

7. All wage payments by check shall be drawn on a bank located in the area covered by this Agreement.

ARTICLE XIV

CONTRACTORS AND SUBCONTRACTORS

Any Contractor not a member of The Heavy Constructors Association of the Greater Kansas City Area may receive the benefits and assume the obligations of this Agreement by accepting and signing this Agreement with approval of Teamsters Local Union No. 541.

ARTICLE XV

SAVINGS CLAUSE

This Agreement is intended to be in conformity with all applicable and valid state, municipal or federal laws, rules and regulations and any conflict between the provisions of this Agreement and the terms of any such laws and regulations shall cause the provisions of this Agreement so in conflict to be superseded and annulled, but shall not supersede or annul the terms and provisions of this Agreement which are not so in conflict.

In the event that any article or section is held invalid or enforcement of or compliance with which has been restrained, as above set forth, the parties affected thereby shall enter into collective bargaining negotiations no later than two weeks following the date of such invalidity on the request of either party for the purpose of arriving at a mutually satisfactory replacement for such article or section during the period of invalidity or restraint. If the parties do not agree on a mutually satisfactory replacement within two weeks either party shall be permitted to take the issue to arbitration.

ARTICLE XVI

EQUAL EMPLOYMENT OPPORTUNITY

1. The Employers and the Union agree that they will not unlawfully discriminate against any employee or applicant for employment because of his or her age, sex, race, creed, religion, color, national origin, being handicapped or being a Vietnam Era Veteran. The Employer will take affirmative action to insure that applicants are employed, and that employees are treated during employment without regard to their race, creed, color, sex, national origin or age. Such action shall include, but not be limited to, the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates or other forms of compensation; and selection for training.

2. The Union agrees that they will not discriminate against any applicant for employment or referral because of race, creed, color, sex, national origin or age. The Union further agrees to refer applicants for employment without discrimination as to race, creed, color, sex, national origin or age. The Union further agrees to place all applicants for employment on the hiring list in accordance with the applicable law and the collective bargaining agreement; not to identify these applicants as to race, creed, color, sex, national origin or age; and to refer them without discrimination because of race, creed, color, sex, national origin or age as their turn comes up on the hiring list, or as otherwise specified by the collective bargaining agreement, if their qualifications meet those required by the Employer.

3. The Employer and the Union agree to comply with all the provisions of Title VII of the Civil Rights Act of 1964 (Public Law 88-352), the rules, regulations and relevant orders of the Equal Employment Opportunity Commission established thereunder and Executive Order No. 11246.

ARTICLE XVII

No such subcontractor shall be required to enter into any agreement as a condition of such subcontract, requiring or related to Union recognition, Union security or bargaining representation or which requires the adoption of or participation in any trust fund provisions.
