1. (a) The Union shall operate a Hiring Hall for the referral of workers to jobs under the Agreement.
- (b) The Hiring Hall shall maintain an out-of-work registration list ("out-of-work list") for each classification of "qualified applicants" as defined in subparagraph c below, who are out of work, in the order in which such individuals register with the Hiring Hall. The out-of-work list shall be based on one or more of the following elements: length of service in the industry, skills, residence and availability in the region, prior work for the requesting Employer, and availability to work.
- (c) An applicant shall be qualified, and thus eligible for employment, only if that applicant (1)

has not been previously discharged for cause or rejected in writing by the Employer who submitted the request; and (2) has all current documentation, licenses or certificates required to be eligible to work or to perform the work that is the subject of the Employer's request to the Union.

- (d) The Union shall fill Employer referral requests and dispatch to the Employer qualified employee applicants in order of their registration on the out-of-work list.
 - (e) The Employer shall only hire individuals registered on the out-of-work list. By tendering the required registration fee, any individual may be registered on the out-of-work list, regardless of Union status. The registration fee shall be paid monthly and shall not exceed the cost of maintaining the out-of-work list for each individual.
2. (a) Whenever an Employer requires employees to perform work covered by this Agreement on any job, the Employer shall provide to the Hiring Hall written notification (on a form to be supplied by the Union to all signatory Employers), stating the job location, the date the work is to commence, the shift start time, the estimated duration of the shift and of the job, the number and type of employees required, the name of the person at the job site to whom the employees are to report, and the name of the general contractor. The Employer shall provide such written notice to the Hiring Hall at least 48 hours before the start time of the applicable job, provided that when the Employer itself receives less than 48 hours' notice of a job's start time, the Employer shall provide such written notice to the Hiring Hall (which notice may be by facsimile) as promptly as possible.

Such re-opener and negotiations shall not operate to waive or suspend the effect of any provisions of this Agreement regarding the Union's right to withdraw laborers from the Employer's job site.
- (b) The job referral system set forth in this Article of the Agreement will be operated in a non-discriminatory manner and in full compliance with Federal, State, and Local laws and regulations which require equal employment opportunities and non-discrimination. 2. Unless otherwise provided for, by arrangement between the Employer and the Union, Employees shall be paid weekly by check on the Employer's normal pay day. The Employer agrees to pay the Union a penalty of \$100.00 per Employee each week the Employee is not paid as provided herein. An exception to the penalty provided for herein will be made when the delay has been due to conditions beyond the control of the Employer or through the fault of the Employee.

3. If an employee is discharged or released from employment by the Employer (or his or her representative), the Employee shall be paid on the next normal payday as set forth in section 2 above, subject to the penalty for late payment. If an Employee who has not been otherwise notified reports for work and is released before performing any work, he shall be paid two (2) hours' pay. Foremen on a job site shall be at the option of the Employer. The rate of the Foreman will be \$1.00 per hour above the Laborer and a General Foreman, if employed, shall be paid 10% more than a Foreman, but this shall not restrict the right of the Employer from paying above this rate. The Employer shall have the option of selecting his own Foreman, provided, however, that the Foreman shall be hired under the provisions of Article IV. The Employer may request the Union to refer a prospective Foreman. In the event an Employer makes such a request, the Union shall dispatch in accordance with its referral rules for Shop Stewards.

It is understood and agreed that such Foreman or General Foreman will be required to stay on the job for the full time he is being paid, and it is also agreed that the pay of the Foreman or General Foreman will stop at the termination of the specific job at which he is working. When a Labor Foreman is employed, the assignment of employment shall be by the Labor Foreman.

7. It shall not be a violation of this Agreement for Employees to refuse to cross a picket line to perform work in any instance when the picket line has been established by a Building Trades Union. As soon as reasonably possible after the execution of this Agreement, each Employer shall supply the following to the Union in a form adequate to be inspected upon request by the representatives of the Union. The Union agrees to guarantee reimbursement to that Employer of any duplicated benefit payments.

10. Special conditions relating to blast furnace chimney building and coke ovens. A pre-job conference must be held at least a week before the starting of such jobs in relation to working conditions, starting and quitting time, transportation, parking and wash-up time and any other conditions of employment.

However, if a lunch period is not scheduled between 11:30 a.m. and 1:30 p.m. the Employer will provide a lunch period of at least one-half hour with pay after 1:30 p.m. at the overtime rate.
 - ii. Where the Employer has scheduled four ten-hour days on Monday, Tuesday, Wednesday and Thursday, but there is a necessity for a makeup day because of inclement weather only, then the Employer may designate Friday as the make-up day at straight-time rate.
 - iii. Where the Employer has designated four ten-hour days on Tuesday, Wednesday, Thursday and Friday and there is a need for a makeup day because of inclement weather, then the Employer may designate Saturday as the makeup day.

4. During overtime work which extends beyond 7:00 p.m., the Employer will provide a thirty-minute lunch period with pay at 6:00 p.m.

- (b) Where the Employer's customer mandates conditions that limit the Employer with respect to the hours during which services may be rendered, then special work time provisions may be arranged between the Employer and the Union Business Manager or his designee.

8: When an Employee is ordered out or recalled for work at the request of the Employer, he shall be either put to work or shall be guaranteed two hours' pay except in the case of inclement weather where the Employee will be paid in accordance with Article VII, Section 9, of this agreement and in the case of discharge for just cause, the Employee shall receive two hours' pay.

- 9. - (b) When any Employee reports to the job as directed by the Employer and begins to perform services, and thereafter during any period of inclement weather on that job during the balance of the shift, he is directed to stop performing services because of the inclement weather, then such Employee shall not be sent home but he shall be required to remain on the job site for a period of up to two hours during which time he shall be paid. This two-hour period during which he shall be required to remain on the job site may be allocated in one-

half hour positions or multiples thereof. At the end of any such two-hour period or the half-hour portions thereof, if the weather is then suitable to work, then he shall be returned to the performances of work on that job. If at the end of those two hours work has resumed but later encounters inclement weather, the Employee shall remain on the job and be paid for an additional two hours. If after this two-hour period work again resumes, he shall be paid for his actual hours worked over and above the four hours of inclement weather pay, except as provided below.

If the applicant fails to request re-analysis or, if upon re-analysis the test result is still positive for illegal drugs, the applicant may be denied employment with the Employer. The decision of whether or not to hire an applicant based upon the results of a pre-employment illegal drug testing shall be at the sole discretion of the Employer. If the employee fails to request re-analysis or, if upon re-analysis the test result is still positive for illegal drugs, the employee shall be denied employment with the Employer. However, applicants or employees whose test result is positive for illegal drugs and who are in a bona fide rehabilitation program will not be denied employment for that reason, so long as they are capable of performing their work satisfactorily.

8. Drug-related disputes that are not pre-employment pursuant to this Article of the Agreement shall be subject to the Grievance and Arbitration Procedures set forth in this Agreement. Under no circumstances will the Employer or the Union be informed, beyond a negative or positive outcome, of any illegal drug testing results unless a grievance is filed, in which case all relevant information regarding the test results, testing methods and chain of custody will be provided to both the Union and the Employer.

9. The Employer shall bear all costs associated with post-employment illegal drug testing. The Employer shall reimburse the employee for all travel expenses. Employees will be paid for all time spent submitting to the test.

10. The Employer is not permitted to establish or implement any illegal drug testing policy other than that permitted by this Article of the Agreement.

11. Any section or subsection of this Article which provides for drug testing in a manner and to an extent prohibited by any law or the determination of any Governmental Board or Agency shall be and hereby is of no force or effect during the term of any such prohibition. It is understood and agreed, however, that if any section or subsection of this Article which is declared to be of no force or effect because of restrictions imposed by laws is determined by Act of Congress or other legislative enactment, or a decision of the Court of highest recourse to be legal or permissible, such section or subsection shall immediately become and remain effective during the remainder of the term of this Agreement.

12. In the event a dispute arises, legal action commences, or other damages result from any Employer activity under this Article of the Agreement, the Employer shall hold harmless and indemnify the Union for any and all liabilities that may incur.
