All such work assignable to employees covered under the scope of this Agreement not to be performed at the job site shall be subcontracted only to an employer who observes the wages, and benefits of overall labor cost established herein. No such work shall be subcontracted on terms that fail to require subsequent employers to adhere to these conditions.

ARTICLE VIII GRIEVANCES

38. Should differences arise under this Agreement between the Contractors or the Union or local Unions, or members thereof, it is hereby specifically agreed that there will be no lockouts, strikes or stoppages of work of any sort. Except as set forth in Article IV, Paragraph 29, Section F of this Agreement, no grievance for alleged violations of this Agreement shall be accepted or honored unless the same is duly filed in writing with the charged party within fourteen (14) calendar days of the occurrence giving rise to the grievance or of the employee's knowledge thereof. Failure of the aggrieved party to meet the time limits set forth above shall cause the grievance to be deemed waived and not subject to arbitration. All properly filed grievances shall be settled in the following manner:

STEP 1. The aggrieved parties shall first seek adjustment or settlement of the Grievance through the authorized Local Business Representative of the Local Union and the authorized representative of the Contractor or Contractors. A decision shall be given within forty-eight (48) hours after the presentation thereof (excluding Saturdays, Sundays, and holidays).

STEP 2. If the Grievance cannot be settled in STEP 1, then it shall, within forty-eight (48) hours from the giving of the decision in STEP 1 (excluding Saturdays, Sundays and holidays) be referred, in writing, to Grievance committee, which shall consist of a total of two (2) members selected as follows: One (1) member shall be appointed by the Executive Officer of the Labor Relations Division of the Ohio Contractors Association and one (1) member shall be appointed by the Executive Officer of the International Brotherhood of Teamsters, Chauffeurs, Warehousemen and Helpers of America. 39. No person or committee mentioned in STEPS 1 and 2 above, or referred to in ARTICLE IX, shall have the power or authority to in any way modify, change, amend or abrogate this Agreement.

Any decision or settlement made between the parties in STEP 1 or 2, above, shall be final and binding. No person or committee mentioned in STEPS 1 and 2 above, or referred to in ARTICLE IX, shall have the power or authority to in any way modify, change, amend or abrogate this Agreement. The hearing at STEP 2 may be waived by mutual agreement between the employer and the Union.

All settlement agreements "OCA", Standard Agreements shall be signed by the employee or union grievance and the employer or their representative when a settlement has been reached at any step of the grievance or arbitrations.

40. Subject to the limitations of Article VIII, all differences which the parties involved have been unable to settle or adjust shall upon the request of either party, within fortyeight (48) hours from

the giving of the decision in STEP 2, be referred to the Joint State Committee which shall be established and composed as follows:

(a) Both the Contractors and the Union shall each select three (3) members from their respective groups who shall constitute the Joint State Committee. There shall be two (2) alternate members selected by each group who will serve when needed to secure full representation of either party on such Joint State Committee.

(b) A chairman shall be selected by the members of such Joint State Committee at each meeting thereof; such chairmanship shall alternate between a member of the Union group and the Contractor group at each meeting.

(c) A meeting of such Joint State Committee shall be held as often as it shall be deemed necessary to dispose of its business.

(d) However, it is understood and agreed that the State Joint Disputes Board will establish quarterly meetings to resolve pending grievances. It is further agreed that the Ohio Contractors Association, Labor Relations Division, and the Ohio Conference of Teamsters will formulate a standard grievance procedure form to be used in the construction industry.

(e) A majority vote of the Joint State Committee shall be necessary to constitute a final decision of the unsettled differences referred to said Committee. Such a majority decision shall be final and binding upon the parties involved.

If any employer fails to abide by a majority decision of the Ohio Joint Committee, the Local Union, after giving the employer a seventy-two (72) hour written notice, may strike to enforce this Article.

(f) In the event a deadlock occurs in the Joint State Committee the dispute, except in those instances set out in Paragraph 42 of this Article, may be referred to arbitration within forty-eight (48) hours from the giving of the decision of the Joint State Committee. An impartial arbitrator shall be selected by a majority of the Joint State Committee. In the event the Joint State committee is unable to agree upon an impartial arbitrator as herein above provided, then the Contractors and the Union shall jointly submit a request to the federal Mediation and Conciliation Service for a panel of arbitrators from which to select an arbitrator. Upon receipt of such a list, the representatives of

the respective parties shall then select an Arbitrator therefrom by alternately striking off a name from said list until but one (1) remains. The privilege of making the first strike-off shall go to the party successfully calling flip of a coin.

(g) The Arbitrator so selected shall hear the matter and render a written award within ten (10) days, unless extended by mutual agreement of the Parties. Such award shall be final and binding upon the parties involved. The individual contractor and the Local Union involved shall each bear one-half of the total costs of such arbitration. The Arbitrator shall have no power to modify, amend or abrogate this Agreement in any way.

41. Arbitration of disputes before an impartial Arbitrator shall not be mandatory in the following instances:

1. Where the Contractor has failed, refused or neglected to make payments into the Health and Welfare Fund as provided by this Agreement after being notified in writing by the Union of default or delinquency. Either party hereto may avail itself of economic recourse notwithstanding any provisions of this Agreement.

2. Where a subcontractor performs work exclusively on the job site and with the knowledge of the Contractor and after written notification from the Local Union has failed, refused, or neglected to comply with the terms and provisions of this Agreement.

3. Where the contractor willfully fails or refuses to pay wage rates or overtime as provided by this Agreement after having been notified by the Local Union in writing of such default, it being understood, however, that any dispute involving a particular employee's proper wage rate classification or eligibility to receive overtime shall be referred to arbitration before an impartial arbitrator who shall be selected as provided in paragraph 40(f).

42. Where either the Union or Company representatives of the Joint State Committee fail to meet any assigned meeting, the defaulting party shall be denied the benefits of this ARTICLE.

ARTICLE X PRE-JOB CONFERENCE

2. Proposed work schedules may be discussed. Employers scheduling a change in the 8 or 10 hour days shall notify the Local Union and employees in whose territorial area the project is located by Wednesday of the week before the change.
3. Questions of work and jurisdiction may be discussed.
4. The Contractor will, wherever possible notify the Local Union having jurisdiction over the work covered by this Agreement, of any work to be performed exclusively on the job site by persons, firms, or corporations other than the contractor, their names and the nature of the work to be performed by them.

In the event that certain of the above information is not determinable at the time of the pre-job conference, the Union reserves the right to request such information at any reasonable time during the course of the project in question. The Contractor agrees to furnish such information upon request

44. No agreement shall be made at any pre-job conference or any subsequent conference which will be contrary to or inconsistent with any of the terms and provisions of this Labor Agreement and if any such agreement is made, the same shall be void and of no effect.

The Contractor agrees to supply the Union with a list of all suppliers engaged in hauling aggregates from any source to the job site. Job site shall be defined at the pre-job conference.

If any Local Union, signatory hereto, shall furnish employees to any Contractor within the State of Ohio, and doing the same type of work covered by this contract, upon any more favorable terms or conditions (including wage rates) than those contained herein, the Union agrees that such more favorable terms and conditions shall automatically be extended to the Contractor.

the Central States, Southeast and Southwest Areas Pension Fund the sum of three dollars and fifteen cents (\$3.15) per hour for every hour worked for each employee covered by this Agreement. Effective May 1, 2002 the contribution shall increase to three dollars and forty-five cents (\$3.45); and effective May 1, 2003, three dollars and ninety cents (\$3.90).

This Fund shall be the Central States, Southeast and Southwest Areas Pension Fund. There shall be no other pension fund under this Agreement for operations under this Agreement or for operations under the Southeast and Southwest Areas Agreements to which Employers who are party to this Agreement are also parties. By the execution of this Agreement, the Contractor authorizes the Association which is party hereto to enter into appropriate trust agreements necessary for the administration of such Fund, and to designate the Employer Trustees under such Agreement, hereby waiving all notice thereof and ratifying all actions already taken or to be taken by such Trustees within the scope of their authority.

There shall be no deduction from equipment rental of owner-operators by virtue of the contributions made to the Pension Fund, regardless of whether the equipment rental is at the minimum rate or more, and regardless of the manner of computation of owner-operator compensation.

Contributions to the Pension Fund must be made for each week on each regular or extra employee, even though such employee may work only part-time under the provisions of this Agreement including weeks where work is performed for the Contractor but not under the provisions of this Agreement and although contributions may be made for those weeks into some other pension fund. Employees who work either temporarily or in cases of emergency under the terms of this Agreement shall not be covered by the provisions of this paragraph.

Action for delinquent contributions may be instituted by the Local Union, the Area Conference, or the Trustees. Contractors who are delinquent must also pay all attorney's fees and costs of collection.

ARTICLE XIV EDUCATIONAL AND SAFETY TRAINING TRUST FUND

49. The Contractor and the Union shall each appoint two Trust-

ees to constitute the Board of Trustees to establish an Educational and Safety Training Trust Fund.

Upon determination by the Board of Trustees of the Education and Safety Training Trust Fund that additional funding is necessary to achieve the goals of this fund, they shall notify the Negotiating Committee which shall consider sources of funding.

The Board of Trustees is charged with the responsibility of formulating in writing the specific and detailed provisions of the Educational and Safety Training Trust Program including all necessary rules, regulations and provisions to make such a program effective. All contracts or contributions shall be paid to the Trustees in a manner and method to be established by the Board for the purpose of establishing a Trust Fund.

The Program and the contributions to it shall conform to the Labor-Management Relations Act and other laws which may be in effect or which may hereafter be enacted affecting such plan, contribution or benefits hereunder.

The Program must meet the requirements of the Internal Revenue code and the regulations and rules of the Internal Revenue Service so that all Employer contributions shall be considered tax deductible. Any disbursements of contributions from the Trust Fund established if made before it has qualified for tax exemption, must comply substantially with the terms of the Trust and the Employer's contributions to and for said Trust Fund must not be used in any manner which would adversely affect a tax qualification of the Fund and the interest of the employees and its objectives.

The provisions of this Article shall cover all Employer members of the Labor Relations Division of the Ohio Contractors Association, all Contractors who hereafter become signatory to this Agreement, and the members of any other association of contractors who by agreement are obligated to make contributions to the Fund heretofore established. The provisions of the Trust Agreement, rules of eligibility and regulations created by the Trustees for the administration of the Fund, are a part of this Agreement and incorporated herein by reference as if fully rewritten, and binding upon the parties hereto and the beneficiaries.

In addition, the Union or Unions involved and/or the Trustees of the Fund retain the right to take any legal or other appropriate

action as may be deemed necessary to collect delinquent payments.

The Trustees of the Fund may notify a Contractor that an audit will be made of his payroll records to determine if correct payments are being made to the Fund, and the Contractor shall comply and cooperate with requests for any such audit and inspections.

(a) In accordance with OSHA safety & health standards (20 C.F.R. 1926/1910) requiring safety training and education, the union shall make available to each union member the 16 hour STP "Safety Training Program"; Certified by the U.S. Department of Labor in its training and upgrading program. The contractors shall by company policy encourage or required the employee to obtain all training available.

ARTICLE XV TRAINEE PROGRAM

50. The Joint State Committee as herein-before created shall formulate and administer a Trainee Program in compliance with regulations of the Equal Employment Opportunity Commission.

ARTICLE XVI LEGALITY

51. Should any provision of this Agreement at any time during its life be found in conflict with Federal or State law, or as such laws may be amended, then such provision shall continue in effect only to the extent permissible under the applicable law, with the further understanding that if at any time thereafter such provision is no longer in conflict with the laws, then such provisions of the Agreement as originally embodied herein shall be restored in full force and effect, as if it had never been in controversy or violation.

(a) In the event of any provision of this Agreement being held invalid under the law, the remainder of the Agreement shall not be affected.

(b) The parties hereto agree that they have fully bargained with respect to wages, hours and other terms and conditions of employment and have settled the same for the term of this Agreement in accordance with the terms hereof.

ARTICLE XVII PHYSICAL EXAMINATIONS

52. Physical or other examinations required by a government body or the Employer shall be promptly complied with by all em-

ployees. The Employer shall pay for all such examinations for all regular and probationary employees. The Employer shall make the necessary appointment with the Medical Examiner and shall notify the employee in sufficient time prior to the renewal of the D.O.T. physical. Upon request, the employee shall be allowed a ten (10) hour rest before taking such D.O.T. physical. The Employer shall not pay for any time spent in the case of applicants for jobs and shall be responsible to other employees only for time spent at the place of examination or examinations, where the time spent by the employee exceeds four (4) hours, and in that case, only for those hours in excess of said four (4). Examinations are to be taken at the employee's home operations and are not to exceed one (1) in any (1) year unless the employee has suffered serious injury or illness during the year. Employees will not be required to take examinations during their working hours.

The Employer reserves the right to select its own medical examiner or physicians, and the Union may, if it believes an injustice has been done an employee, have said employee re-examined at the Union's expense.

In the event of disagreement between the Doctor selected by the Employer and the Doctor selected by the Union, the Employer and Union Doctors shall together select a third Doctor within seven (7) days, whose opinion shall be final and binding on the Company, the Union, and the employee. The Company nor the Union nor the employee will attempt to circumvent the decision. The expense of the third Doctor shall be equally divided between the Employer and the Union. Time lost as a result of the implementation of this article shall not be subject to recovery through the grievance procedure.

52(a). The Union agrees that the contractor may implement a program to aid in maintaining a drug free workplace. This program will provide for testing under probable cause and governmental requirements, D.O.T. physicals, etc.

The testing procedures will be the responsibility of the Contractor and his designated testing laboratory. The above named testing procedures will have built-in restraints guaranteeing the accuracy, privacy, and labelling of specimens so the identity of the specimen is guaranteed.

The parties recognize the problem that drugs and alcohol abuse have created in the construction industry and agree to continue

negotiations in implementing drug and alcohol abuse prevention programs that will work toward maintaining a safe workplace, free of drugs and alcohol.

52(b) Drug Testing: The employer and the Union are committed to a policy that promotes safety in the work place, employee health, and well being. In consideration of this policy, the Union and the Employer agree that any employee found to be under the influence of, in possession of, or engaged in the distribution of drugs or alcohol on the job site shall be subject to disciplinary action, up to and including immediate discharge.

Within two (2) weeks of reporting to the job site, each new employee may be scheduled for a drug test. Employees using a prescription drug which may impair mental or motor function shall inform their supervisor in writing of such drug use.

Employees involvement with drugs and alcohol can adversely affect job performance and employee morale. In the construction industry the consequences of drug or alcohol use or influence while on the job site can be disastrous. The employer and Union therefore, agree to the following policy to insure all employees of a safe and efficient job site free from the effects of drug and alcohol use or influence.

All job sites or work areas are subject to massive drug screening or random drug screening. Any employee who is involved in an on-the-job accident resulting in injury to a person or property, or whose observed behavior raises a reasonable suspicion or probable cause of illegal drug or alcohol use impairment while on the job site, may be required as a condition of continued employment to submit to a test for alcohol and/or illegal drug use which impaired the employee's ability to safely perform his/her duties on the job site. Such tests usually involve a sampling of the employee's blood (if accident is involved), urine, or breath. Any employee who is asked to submit to such a test will be required to sign a consent form. If an employee who is asked to submit to a test refuses to do so, or refuses to sign the necessary consent form, that employee will be subject to disciplinary action up to and including discharge.

All testing will be done by a reliable, established laboratory. If this initial test screen result indicates positive findings, further testing of the same sample must be done to confirm the original findings before the laboratory can report a positive finding. The confirmation test will be conducted by an independent accredited Na-

tional Institute of Drug Abuse or College of American Pathology laboratory and utilize the more scientific Gas Chromatography/Mass Spectrometry examination (GC/MS). The results of all tests will be kept confidential between the employee and the employer. The employee shall be paid his/her regular hourly wages and fringes for the time required for drug testing provided results are negative.

If the GC/MS test results are positive, the employee may be granted a leave of absence for the purpose of drug and alcohol rehabilitation. If the employee is eligible, such rehabilitation programs are covered under the TEAMSTERS-OHIO CONTRACTORS ASSOCIATION Health and Welfare Program providing the employee confines himself/herself to a twenty-four (24) hour licensed rehabilitation medical facility.

The employee shall be removed from the employer's job site. Upon presentation of certification of the employee's successful completion of the drug/alcohol rehabilitation program, the employee may be restored to his/her original job with the employer.

If the employee was reinstated he/she shall for the next succeeding twelve (12) month period, present to the Company Representative monthly certification of negative drug/alcohol test results, failure to do so will result in denying the employee the right to maintain his/her availability to be sent to a job site or if working, to be removed from work.

ARTICLE XVIII DURATION

53. This Agreement shall become effective from the first (1st) day of May, 2001, and continue in full force and effect to and including the 30th day of April, 2004, at which time this Agreement shall terminate, provided either party hereto gives to the other sixty (60) days written notice of such termination prior to said expiration date of this Agreement.

53a. There are areas within the scope of this Agreement for which the wages and conditions contained herein may not be appropriate due to competition or other reasons. In such cases, adjustments will be made in accordance with principles agreed to by the parties during negotiations. Either party can request a meeting with the party to be held within 15 days of notification to the other party.

IN WITNESS WHEREOF, the parties have executed this Agreement as of the 30th day of April, 2001.
