Plan Of Action:

**Code Awareness:**

GEN.1 Establish and articulate clear, written workplace standards. Formally convey those standards to Company factories as well as to licensees, contractors and suppliers.

**Noncompliance**

**Explanation:** Communication of workplace standards to factory management and the 3rd-party temporary agency has not been made. Monitor interviewed management, but did not find evidence that any person in management, with the exception of [Employee name #1] and [Employee name #2], had any knowledge of a code. Interviews with 12 workers confirmed that no one had knowledge of the workplace code.

**Plan Of Action:**

1. Company had informed management, including the Manufacturing Manager, in the areas responsible for CLC production and provided the code previously. [Employee name #1] was not cognizant that persons not exposed to CLC work would additionally be considered in scope. Interview pool may not have touched those other individuals.

2. Resupply code to managers.

3. Employment practices are tied to [State name Labor Laws]; ensure that temporary employees are treated as regular employees when hired into the workplace.

4. Company has formally supplied these standards to management, employees, and the temporary staff agency.

**Deadline Date:** 01/04/2011

**Action Taken:**

1. Schutt Operations Management was resupplied the code.

2. Schutt maintains continuous and active compliance to State and Federal laws, in that it believes in being supportive of the code and relies on this in conjunction with its employee handbook, meetings, training, and activities to continuously improve the workplace.

11/28/11 Update: Confirmed that corporate Employee Handbook includes code, which is signed by all employees at hiring and upon revision of the handbook. HR mentioned that there could be a disconnect due to term or language usage. Employees have hard copy and electronic access to the Employee Handbook.

**Plan Complete:** Yes
Code Awareness:
GEN.2 Ensure that all Company factories as well as contractors and suppliers inform their employees about the workplace standards orally and through the posting of standards in a prominent place (in the local languages spoken by employees and managers) and undertake other efforts to educate employees about the standards on a regular basis.

Noncompliance

Explanation: Facility has neither posted a code nor trained workers. Through interviews with 12 workers, monitor found that no one had any awareness or comprehension about a workplace code. There was no documentary evidence that workers were informed about a code. No training occurs upon hire for this element.

Plan Of Action: The company addresses these through the active and continuous compliance that meets [State name] and federal law and through workplace improvement actions. This includes a series of training meetings with employees. Company directs [Employee name #1] to investigate the details of this need that were not apparent to the auditor.

Deadline Date: 01/04/2011

Action Taken: The Employee Handbook was rolled out in January, 2010; the policy was altered at that time, to have employee's sign upon hiring. Temporary workers have a separate policy through their agency. The Employee Handbook includes all aspects of Kranos Corp/Schutt Sports code. The Handbook is available to employees in hard copy and electronic forms. A computer is accessible to all employees in breakrooms. The Handbook will be updated in January 2012 and all employees will be asked to sign again. State and federal codes are posted in central locations and are updated in a timely manner when changes occur. Updates are based on the Bureau of Labor website.

Plan Complete: Yes
Code Awareness:
GEN.3 Develop a secure communications channel, in a manner appropriate to the culture and situation, to enable Company employees and employees of contractors and suppliers to report to the Company on noncompliance with the workplace standards, with security that they shall not be punished or prejudiced for doing so.

Noncompliance

Explanation: Monitor did not find a secure communications channel for workers (permanent and temporary) to report noncompliance with the workplace standards.

Plan Of Action: Ensure employees have access to a communications channel through Human Resources.

Deadline Date: 01/04/2011

Action Taken: Company added the grievance procedure so employees can access to address their concerns. In the event they are not comfortable with their direct supervisor, the posted document provides a step-by-step process for taking their issue to other staff in the chain of command, including privately with Human Resources.

11/28/11 Update: Confirmed with HR Manager that the grievance procedure is in place

Plan Complete: Yes

Plan Complete Date: 01/04/2011

Plan Of Action: The company desires to a) continuously improve the workplace environment, while maintaining relationships with customers and b) meet the requirements of both Federal and [State name] Labor Law (IL 820 ILCS) as administered by the [State name] Department of Labor.
