Furthermore, the District and the Association agree to take appropriate action to defend these principles whenever they are threatened in the District.

B. INDIVIDUAL FREEDOM

Except as it may interfere with the teacher’s responsibilities to and relationships with students and/or the school system, and/or impair his/her ability to fulfill his/her teaching duties, the District and the Association agree that the private and personal life of the teacher is not within the appropriate concern or attention of the District or the Administrative Staff.

C. ALLEGED VIOLATIONS

Examination of cases of alleged violations of the responsibilities outlined in the preceding section of this article, and recommendations on such cases to the District and the Association, shall be the responsibility of a committee composed of the Superintendent of Schools or his designated representative, one Board member, two members of the Association (including the Association President or his designated representative), and a building principal, to be mutually agreed upon by the Superintendent of Schools and the Association President. Recommendations of this committee shall not be binding on either the Association or the District.

(10) Curriculum development
(11) Other subjects of professional interest, such as instructional planning time, examination of teaching load, and district projects having an impact on unit members.

B. SCHOOL BASED PLANNING

The primary role and responsibility of School Based Planning Committees is to develop an annual, building-wide plan for the improved performance of students. At a minimum, the plan will include:

1. Using school performance information to improve student success
2. Setting objectives consistent with identified needs and District and/or State goals
3. Planning activities to accomplish objectives
4. Closely monitoring the progress of the plan
5. Accepting responsibility for presenting and reporting the results to the school community

One School Based Planning Committee will be established in each school building. It will be composed of teachers elected by teachers from the building staff, the building principal, his/her designees, parent representatives, students at the high school level, and other constituencies as determined by the committee. The number of teachers and paraprofessionals required will be determined by each committee.

Teacher members will comprise the largest single constituency. Committees will decide how agendas are determined, records are maintained, and progress is communicated to the Superintendent and the WITA President. Committees may, at their discretion, create subcommittees and decide how they will be constituted and how the members will be chosen.

Decisions of the committee will be by consensus of individual members. If a consensus is not achieved, the decision will be determined by a consensus of the constituencies. In the event that the constituencies cannot reach consensus, the full committee will vote with the result being advisory to the principal.

Decisions of the committee will be in accordance with the terms and conditions of this agreement, Board Policy, and other mandates except when the Superintendent and the WITA President agree to an appeal to waive such agreements, policies, and mandates.

It is understood that the building principal retains authority and responsibility for administration of District policies and the conduct of day-to-day operations.
WICSD-WITA
Article III

C. SPECIAL DUTY SELECTION COMMITTEE

The parties agree to establish a Special Duty Selection Committee when needed. The Committee shall consist of three (3) non-unit members appointed by the Superintendent of Schools and three (3) unit members appointed by the President of the Association. One Committee member serving on an ad hoc basis shall be added to the Committee by each party on the occasion of considering and determining the recommendation to be submitted to the Superintendent of Schools.

D. SPECIAL DUTY ASSIGNMENTS

Any full-time teacher may apply for a special duty assignment such as K-3 Team Leader, 4th Grade Team Leader, 5-6 Contact Teacher, 7-8 Contact Teacher, or Coordinator. The individual’s teaching assignment must be within that specific grade level or content area. The assignment shall be for two years. At the end of the two-year period, each position shall be posted. Applications for these positions shall be made to the Executive Director of Personnel by April 1st for the following two years. When a special duty position becomes vacant, the Committee shall recommend to the Superintendent of Schools the person to fill the vacant position.

E. ANNUAL SCHOOL BUDGET DISCUSSIONS

1. Board-Association Sessions

For each year of the agreement, representatives of the Association and the Board shall be involved in more than one work session in order to discuss basic budget proposals and priorities for the annual budget prior to formal Board action on the budget. The first such session shall be held no later than March 1 during each year of the Agreement.

2. Department and Grade Level Sessions

Each building principal or his designated representative shall arrange meetings to discuss department and grade level budget needs with unit members. The budget to be submitted to the School Business Administrator shall be part of the above discussions upon request by unit members. One such meeting shall be held prior to the time preliminary budget requests are made, and another before final decisions are made on budget items.

F. JOB DESCRIPTIONS

In the event that a majority of the coordinators, contact teachers, team leaders, or any other designated leaders feel it necessary, they shall meet and confer with the Administration to jointly review the existing job descriptions. Job Descriptions will be available upon request to the Executive Director of Personnel.
G. PARTNERSHIP FOR CHANGE

1. The Partnership for Change is a plan of mutual cooperation between the District and the West Irondequoit Teachers’ Association specifically dealing with changes in the existing terms and conditions of employment of teachers.

2. The Partnership Committee will consist of eight members. The Committee will have four representatives from the District and four representatives from the Association.

a. Purpose and Function

(1) The Committee would address changes initiated by the District or by the WITA which affect the terms and conditions of employment of teachers in West Irondequoit and would otherwise be prohibited by the provisions of the existing agreement between the parties, e.g., changes in the teacher work day which might be different from the day spelled out in the contract.

(2) The Committee would be in addition to and would not replace existing vehicles for discussion and cooperation currently in existence, e.g., District Curriculum Council.

(3) The Committee is not designed or developed to, in any way, affect or prohibit the District and the Board of Education from instituting any curriculum changes, additions, or other rights specifically delegated to the District by Education Law, regulations and other decisions having the force and effect of law or not specifically prohibited by the contract.

(4) The agenda of changes to be considered by the committee will be agreed to by the Superintendent of Schools and the President of the Teachers’ Association in September and June of each school year. Additions to the list may be made by both parties upon mutual agreement at any time before or after these dates.

(5) Any plan developed by the Partnership for Change is experimental in nature itself and shall exist collaterally for the term of the agreement and shall expire unless extended by the parties.

3. Operation

a. Required changes in terms and conditions of employment necessitated by items approved by this committee will operate outside of the agreement for specified periods of time.

b. The Committee will consider issues on the agenda agreed to by the Superintendent and the WITA President.
Any experiment that receives an affirmative recommendation from the Partnership Committee will be sent to the Superintendent of Schools for his approval. If the Superintendent approves of the recommended program, the program and/or change necessitating contract waiver will be implemented for a trial period of no less than one year or for a shorter or longer period of time if mutually agreed. During the "trial period," the change would be reviewed and evaluated by the Partnership Committee. If at the end of the trial period, the Partnership Committee recommends continuance or discontinuance of the program, and the Superintendent approves, the District and the Association would negotiate any changes in the terms and conditions of employment necessary in the contract which are needed for the program to continue or discontinue.

H. AD HOC ADVISORY COMMITTEES

The parties agree to establish ad hoc advisory committees to study topics of mutual interest. The charge to the committee shall be mutually determined by the Association President and the Superintendent of Schools. Each party will appoint an equal number of representatives to the committee. Each committee will report its recommendations to the Superintendent of Schools and the Association President. Recommendations that are adopted by the Superintendent requiring modification to the Agreement will be returned to the negotiating committee for consideration for incorporation into the next Agreement.

ARTICLE IV

WORK YEAR AND HOURS OF DUTY

A. WORK YEAR

1. Total Days

The work year for teachers shall include 187 days, (up to 188 days for nurses), between September 1 and June 30 of the calendar year, and a maximum of 185 student days, and shall specify the beginning and ending date of the work year and the dates of holidays and vacation periods. The parties shall meet and negotiate these items prior to the Board’s adoption of the school calendar.

For the duration of this agreement and not continuing thereafter unless and until agreed upon by the parties, the Wednesday before Thanksgiving will be scheduled as a school holiday as long as there are at least 183 student days on the calendar.

In the event that circumstances force the closing of schools and the number of student days falls below 181, the Superintendent of Schools, in conjunction with the Assistant Superintendent of Instruction, shall meet with the President and one other member of the Association to discuss adding additional days to the schedule which bring the total number of student days for the school year to not less than 181, should the Superintendent determine to add such days.
WICSD-WITA
Article IV

2. School Calendar
The School Calendar, as agreed to by the Superintendent of Schools and the President of the WITA, shall determine adjustments in work schedules, beginning date of the school year, holidays and recess periods.

The parties shall meet and negotiate these items prior to the Board of Education's adoption of the school calendar. After adoption the school calendar shall become an addendum to this contract.

3. K-6 Work Year
K-6 students will be released from school on the last two days of the teacher work year. K-6 teachers are required to work both these days to complete year-end professional responsibilities.

B. HOURS OF DUTY

1. School Hours

2. Duty Free Lunch
   All full time unit members shall be entitled to a duty-free lunch period of at least 30 minutes during a regularly scheduled student lunch period. Whenever possible, all K-3 teachers shall have a 30-minute planning period either immediately preceding or immediately following such duty-free lunch.

3. Governing and Executive Council — Early Release
   Association Governing Council delegates and Association Executive Council members shall be released at 3:15 P.M. to attend regularly scheduled meetings. Such release time shall in no way interfere with the employment responsibilities of unit members.

4. Meetings Beyond Regular Hours of Duty
   Required district, building, grade level and department meetings not to exceed one per day, which may extend beyond the regular hours of duty, shall occur on the first work day of the week. Such meetings shall begin as soon as possible after students are dismissed, and shall conclude by 4:30 P.M. When circumstances require meetings to be scheduled on another day of the week, advance written notice will be provided to the participants and the WITA President. Those who schedule these meetings will be sensitive to individual needs, which may conflict with rescheduled meeting dates.
WICSD-WITA
Article IV & V

5. **Open House**
   Teachers and counselors may be required to participate in a maximum of three school open house programs per year. This shall include curriculum, parent communication events, open houses and parent orientation nights. One kindergarten orientation per year will be in addition to the foregoing.

6. **School Activities Beyond Regular Hours of Day**
   Participation in school activities beyond the regular hours of duty shall be voluntary. A building administrator may, however, assign teachers to supervisory or chaperone duties for one such activity during each school year. Such assignments shall be made only after consultation with the teacher involved. When a teacher is assigned by the building administrator to such supervisory or chaperone duties outside of the school day, the teacher shall be paid at the rate of $15.00 per hour to a maximum of $75.00 per event. Unit members who volunteer for duty at compensated events shall be paid at the same rate. The District shall designate which activities are compensated. Assignment to non-compensated events will be on a strictly volunteer basis.

**ARTICLE V**

**TEACHING LOAD**

A. **GRADES 7-12**

1. The maximum weekly scheduled student contact time for academic teachers shall be as follows:

<table>
<thead>
<tr>
<th>Minutes</th>
<th>Use</th>
</tr>
</thead>
<tbody>
<tr>
<td>1050</td>
<td>Teaching time</td>
</tr>
<tr>
<td>210</td>
<td>Administrative Assignment</td>
</tr>
<tr>
<td>50</td>
<td>Homeroom assignment</td>
</tr>
<tr>
<td>84</td>
<td>Professional activity</td>
</tr>
</tbody>
</table>

   (THIS CONFIGURATION EXCLUDES PASSING TIME.)

2. The unit members’ professional activity assignment may be used for non-student or student contact activities. Student and non-student contact activities shall be assigned by the Principal of the High School (9-12) or the Principal of Dake School (7-8) after suggestions with respect to the nature of the assignment from the affected teacher and curriculum supervisor or coordinator have been given meaningful consideration. The writing of new curriculum normally performed during the summer recess will not be written during professional activity assignments. Any planning or student evaluation associated with a student contact professional activity assignment is expected to take place within that period.

3. Administrative assignments must be in one block of time.
4. Science Labs
Science labs constituting part of the regular course of studies, in which the student is enrolled, will be considered classes for the purpose of determining instructional time. Science teachers may be assigned up to 1134 minutes of assigned teaching time per week. The additional 84 minutes of assigned teaching time will be lab classes. If a science teacher is assigned an additional 42 minutes of lab class, the teacher shall be relieved of 84 minutes of weekly administrative assignment time. If a science teacher is assigned an additional 84 minutes of lab class, the teacher shall be relieved of 126 minutes of weekly administrative assignment time. The Association will not unreasonably deny a waiver of the foregoing limitation where there are exigent circumstances, provided that no teacher's workload will exceed the aforesaid workload in two consecutive years unless the teacher requests or where certification issues are involved. In the event the waiver is applied, the teacher assigned additional instructional duties will be relieved of either his/her homeroom assignment or administrative assignment (42 minutes), as the District may direct.

5. Lunchroom Assignments
Teachers' administrative assignments and/or contact periods will not include lunchroom duty. Teachers may however, volunteer for a regular assignment to lunchroom duty. Teachers may be assigned to lunchroom supervision on a temporary basis when, in the judgment of the principal, such assignment is necessary to maintain order and a proper educational climate.

6. Administrative Assignment
7-12 Administrative Assignments may include: hall duty, resource/remedial center duty, in-school suspension duty, and/or study hall duty. Administrative assignments will not require the assigned teacher to plan or prepare instruction. No teacher will be assigned outside duty.

B. GRADES K-6

1. Kindergarten Teachers—Unassigned Time
Full-time kindergarten teachers shall be provided with 20 minutes of unassigned time once during each school day. Such time shall be arranged for the year to provide as nearly equal instructional time as is possible for both the morning and afternoon sessions. Kindergarten teachers assigned to two buildings shall be provided with 15 minutes of additional aide time at the end of the morning session, which will not be used for travel time, nor will it reduce the instructional program.

Any kindergarten teacher who teaches in two buildings shall be provided with an additional 15 minutes of unassigned time exclusive of his/her lunch period.

2. Grades 1-6
All teachers in grades 1-6, except as modified elsewhere in this section, shall be assigned no more than an average (over the appropriate 5 or 6 day cycle) of 285 minutes of pupil contact time per day consisting of both instruction and pupil supervision.
3. Teachers in departmentalized programs in grades 1-6 shall not be assigned more than five classes. It is understood by the WICSD and WITA that CORE programs are not to be interpreted as "departmentalized programs".

4. Teachers of art, music, and physical education may be assigned pupil contact time averaging no more than 285 minutes per day over a five or six day cycle as appropriate.

Band, orchestra, and chorus instruction scheduled by the principal, as part of a music teacher’s cycle workload, will be counted in calculating the music teacher’s workload. Excluded from the teacher’s workload shall be special rehearsals or meetings called in preparation for concerts, musicals, or other calendared special events.

5. Pupil supervision assignments for teachers of grades 1-6 normally shall be made in a single block of time in any given day. Deviations from this guideline may occur only in extraordinary situations. In no case shall such assignments be made in more than two blocks of time per day.

6. Teachers of grades 1-6 shall be provided with unassigned time averaging 45 minutes per day over their applicable cycle. To the extent possible, this time will be allocated in blocks of not less than 30 minutes. The District will make every effort to schedule the unassigned time during the student day.

7. Team Leaders

a. Team leaders shall have a minimum of one day per month of release time for administrative duties and no fewer than 15 total days of release time during the school year. At the discretion of the building principal, five additional days shall be available to meet administrative needs.

b. Whenever possible, committee, and other such assignments of team leaders shall be voluntary. Following consultation with the involved team leader, school principals may assign such responsibilities to a team leader when, in the principal’s judgment, such an assignment is reasonable and essential.

8. Release Time —Parent Conferences (K-4 and LSP in K-6)
The school calendar shall provide for two (2) half-days of release time for parent-teacher conferences for grades K-4. On these half-days both a.m. and p.m. Kindergarten classes are released, providing for two (2) full days of release time for Kindergarten conferences. These half days shall fall between October and May. An additional two half-days may be used for parent-teacher conferencing on an evening arranged with the principal, or arranged during a regular school day, with the principal, using a substitute teacher to cover the class. Teachers will be allowed compensatory time equal to the amount of time used during the evening conferences.
Article V

9. Lunchroom Assignments
Teachers’ administrative assignments and/or contact periods will not include lunchroom duty. Teachers may, however, volunteer for a regular assignment to lunchroom duty. Teachers may be assigned to lunchroom supervision on a temporary basis when, in the judgment of the principal, such assignment is necessary to maintain order and a proper educational climate.

10. Administrative Assignment
Grades 1-6 Administrative Assignments may include bus duty, hall duty, and resource/remedial center duty. Administrative assignments will not require the assigned teacher to plan or prepare instruction. No teacher will be assigned outside duty.

C. TEACHERS OF STUDENTS WITH DISABILITIES

1. Resource Room Teachers
Resource room teachers shall be assigned no more than six class periods of instructional time per day, and shall have no additional administrative duties. Maximum student/teacher ratios and teaching loads shall be in accordance with IEP’s and New York State regulations, and shall improve upon those requirements wherever possible.

2. Learning Skills Program Teachers
Learning Skills Program teachers in grades K-4 shall be assigned no more than 285 minutes of instructional time per day. LSP teachers in grades 5-12 shall be assigned no more than five (5) class periods of instructional time per day and could have one administrative duty if it is in conjunction with special education teacher duties. Maximum student/teacher ratios and teaching loads shall be in accordance with IEP’s and New York State regulations, and shall improve upon those requirements wherever possible.

3. Consultant/Combination Teachers
A Consultant teacher or a Combination teacher (resource/LSP and/or consultant) shall be assigned no more than the equivalent of six periods of instructional consultant time per day. If either a Consultant or a Combination teacher teaches five periods, one daily administrative assignment may be assigned if it is in conjunction with special education teacher’s duties. Maximum student/teacher ratios and teaching loads shall be in accordance with IEP’s and New York State regulations, and shall improve upon those requirements wherever possible.

D. LIBRARY MEDIA SPECIALISTS - UNASSIGNED TIME

Library media specialists shall have at least one unassigned period per day. Required library department meetings shall be limited to one per month.
E. RESOURCE CENTER ASSIGNMENT

Any supervision during the regular school day in a resource center of a subject area will serve as an administrative assignment.

F. TRAVELING UNIT MEMBERS

A traveling unit member is defined as any unit member employed in more than one building.

1. Traveling unit members shall have 30 minutes of uninterrupted lunchtime.

2. Traveling unit members shall be notified by the building administrator or designee at least 24 hours in advance of changes in the normal daily schedule, except when such changes are unforeseen.

3. Traveling unit members shall not be required to attend a double schedule of meetings, PTA functions, or extracurricular activities. However, they may be required to participate in three (3) open house programs per year.

4. Traveling teachers shall be assigned a "home school" administrator for purposes of evaluation. They will contact their "home school" administrator for information about which monthly faculty and department meeting they must attend.

5. By the end of the second full week of school, the traveling teacher will have the opportunity to bring schedule problems to the attention of the coordinator and building principal. If discussion makes a mutually agreeable solution evident, appropriate adjustments shall be made.

6. Pupil contact time for traveling members, for purposes of workload only, shall be calculated to include instruction time, travel time (except for those teachers who travel between the High School and Dake), and pupil supervision time. Traveling teachers may be assigned pupil contact time averaging no more than 285 minutes per day over a six-day cycle.

ARTICLE VI

   d. Religious
The District will make no inquiry of the employee when personal leave is requested for these reasons.

b. A request, which in the opinion of the supervisor is questionable, may be brought to the attention of the Director of Personnel for action. Requests for absence for personal recreation are not covered by Section A of the Personal Absence provisions.

5. Bereavement Leave
In cases of death in the immediate family (defined as mother, father, sister, brother, wife, husband, child, relative living with the family, or someone who has served as the employee's legal guardian), the employee will be allowed the number of days absence required up to a maximum of five (5) calendar days per death without deduction of salary. In the case of death of the employee's grandparents, mother-in-law, or father-in-law, the employee will be allowed the number of absences required up to a maximum of three (3) calendar days without deduction of salary.

6. Personal Absence in Excess of Five Days
In addition to the five days provided for in B. 1, each unit member shall be allowed up to three personal days of personal absence without pay for matters which, in the judgment of the unit member, require absence during school hours.

Such days of absence shall not be provided at the beginning or the ending of holidays or vacation periods. A unit member desiring such time off shall so notify his/her immediate supervisor at least 48 hours prior to his/her absence. Special consideration will be given in instances when it is not possible for the unit member to anticipate the absence 48 hours in advance.

3. **Applications**

Applications for educational leave, describing in detail the proposed program of study, shall be submitted by interested teachers to the Superintendent of Schools by February 15 of the school year prior to the year for which the leave is being requested. Board action on applications and notification of applicants shall be completed by May 1. (It is the intent of this section to bind the Board to render a decision on educational leaves and to create a contractual right to exercise such a decision.)

The District and WITA will encourage teacher participation on the Educational Advisory Committee, which will screen applications and submit findings to the Superintendent.

The criteria used in screening applications will be publicized through postings and other notices.

4. **Salary**

A stipend will be paid to the teacher on educational leave of absence to include one half of his/her salary in effect at the time the educational leave begins, plus the District’s share of his/her fringe benefits. ARTICLE X

SUPERVISION, EVALUATION, TEACHER FOLDERS, DISCIPLINARY ACTION, AND FAIR DISMISSAL

A. STATEMENT OF PURPOSE

The primary purpose of supervision and evaluation is to maintain and improve the quality of instruction in all of our schools. A process created to carry out supervision and evaluation must achieve this end. The process described in Art. X: A-D is designed to do that.

The process is based on two premises. The first is that supervision and evaluation will be most effective when a high level of trust, derived in an atmosphere of mutual confidence, exists between supervisors/evaluators and teachers*. Trust is most likely established when supervisors/evaluators and teachers have a common understanding concerning the standards for professional practice in teaching. The second premise is that only through professional development of supervisors/evaluators and teachers can the standards for professional practice in teaching be understood and implemented. It is the responsibility of the District to provide such training. It is the responsibility of supervisors/evaluators and teachers to avail themselves of this professional development.

*The word teacher in this article refers to all professional members of the bargaining unit.

B. SUPERVISION

1. PURPOSE

Supervision for the improvement of instruction is a process by which the teacher and the supervisor analyze the teaching process with respect to the Standards for Professional Practice in Teaching: Integrating Content, Pedagogy and Research in Planning Instruction; Planning, Implementing and Assessing Instruction; Organizing a Productive and Positive Learning Environment; and Demonstrating Professional Responsibilities and Collaboration.

C. STANDARDS FOR PROFESSIONAL PRACTICE IN TEACHING

West Irondequoit Central School District's Standards for Professional Practice in Teaching clearly define and communicate professional expectations for our faculty. They reflect our commitment toward peak performance for all students.

As professionals, West Irondequoit teachers are committed to students and their learning. They approach their work with creativity and imagination, striving constantly to improve.
They acquire and employ a broad repertoire of instructional strategies matched to student needs, and remain critical and reflective about their practice, seeking all opportunities to expand that repertoire so that all students learn, understand, and achieve.

Teachers who meet these standards possess a current knowledge base in content and pedagogy and demonstrate the knowledge, skills, and attitudes necessary to design and implement standards based instruction for all students. They collaborate with colleagues, parents, and community members and contribute to school and district activities. West Irondequoit teachers believe that all students can learn; furthermore, they are passionate in acting on that behalf. They model the highest ethical and professional standards.

These standards represent components of professional practice in the following areas:

- Integrating Content, Pedagogy, and Research in Planning Instruction
- Planning, Implementing, and Assessing Instruction
- Organizing a Productive and Positive Learning Environment
- Demonstrating Professional Responsibilities and Collaboration

It is our belief that these standards promote professional growth for teachers while supporting our commitment to peak performance.

1. IDENTIFICATION OF SUPERVISORS

Those who supervise are identified as the directors, supervisors, coordinators, principals, and assistant-principals. Ultimate responsibility for supervision rests with the building principal or director. However, one of the people from within the group of possible supervisors will be designated as primary supervisor. The primary supervisor is responsible for observation of and conferring with teachers to whom he/she has been assigned. He/she is responsible for communicating with the non-primary supervisor on all matters of mutual interest. The non-primary supervisor is the principal, assistant-principal, supervisor, or coordinator who has not been designated as primary supervisor. The non-primary supervisor serves as support to both the teacher and primary supervisor. In carrying out this role, the non-primary supervisor may, on occasion, need to visit and confer with teachers about program and instruction. If a teacher is placed on an improvement plan, the primary supervisor will be a non-unit administrator.

2. GUIDELINES FOR ASSIGNING SUPERVISORY RESPONSIBILITIES

Supervisory assignments will be made prior to the start of the school year. The supervisor’s workload will be taken into consideration in order to establish a fair balance for all supervisors. It is important that this balance strives to permit equal assistance for all staff.

In making these assignments, a cross-section of teaching disciplines should be assigned to the principals.
Article X

Shared teachers will be assigned a supervisor in accordance with the guidelines for all teachers. The Director of Personnel, however, will assign teachers to a home school for purposes of communications, faculty meetings, and other personnel related businesses.

The supervision of non-tenured teachers is a shared responsibility but belongs primarily to the principal. However, directors, assistant-principals, supervisors, and coordinators will be involved in the supervision of non-tenured teachers.

Teachers may request assistance from primary and/or non-primary supervisor.

3. PROCESS OF SUPERVISION:

By the beginning of each school year, the principals will meet with the other supervisors to plan supervisory assignments for the coming year.

During September, teachers will be notified by the home school principal of their primary supervisor for the school year. Teachers who do not receive notification of their primary supervisor by October 1st should request such notification from their home school principal.

Annual professional goal setting and reflection is integral to the process of supervision and evaluation. Goal setting serves as the basis for the enhancement of teaching practice and promotes professional development, self-reflection and dialogue. Annual goals are derived from the Standards for Professional Practice in Teaching and are intended to have a direct effect on improving student learning and achievement.

A teacher and his/her primary supervisor will confer before mid-October to establish mutually agreed upon annual goals as well as the actions that will be taken to support these goals. The Professional Goals form will be used for this purpose and copies will be submitted to the primary supervisor and non-primary supervisor. During the course of the year, the teacher may need to revise his/her goals and will discuss these revisions with the primary supervisor. A revised form should be submitted to the supervisor after this discussion. Between April and the end of the school year, the teacher and primary supervisor will confer again to review the teacher’s selected evidence of accomplishment and his/her reflection that supported his/her goals. The teacher will be responsible for completing the remaining portion of the Professional Goals form and submitting the completed form to his/her supervisor.

Annual goals developed at the evaluation conference are set for the following year. During September of the following year, the action steps to implement the goals will be developed by the teacher and submitted to the supervisor.

Multiple supervisory visitations will be made annually. For non-tenured teachers at least one observation will take place prior to the last working day in January. When involvement of a supervisor other than the teacher’s primary supervisor seems desirable, the teacher may request such involvement. Supervisors should be sensitive to the
Article X

potentially disruptive effect of uncoordinated visitations by more than one supervisor to the same classroom and work to limit this possibility. If a teacher has been out of school the day prior to a visitation and prefers to have that visitation rescheduled, the supervisor should be notified of this preference and he/she should accommodate it.

Each visitation or series of visitations will be followed by feedback from the supervisor. When feedback occurs during a formal conference (a conference arranged prior to visitation), a written summary will be completed (see Supervisor/Teacher Conference Form). The purpose of this form is to briefly summarize the conference and to provide mutually agreed upon direction for the future. Pre-visititation conferences may be desirable and can be scheduled by teacher or supervisor. It is understood that discussions related to the Standards for Professional Practice in Teaching beyond the content of the observation may also be summarized on this form.

The time span between an observation and a formal conference shall not exceed eight (8) calendar days, unless mutually agreed upon by teacher and supervisor.

4. PEER COACHING ALTERNATIVE

a. The West Irondequoit Central School District and the West Irondequoit Teachers’ Association agree to support professional growth and excellence in teaching by offering Peer Coaching as an alternative to the agreed upon Supervision Process.

The following goals guide Peer Coaching Alternative:

- Recognize and reward professionalism in teaching as it relates to student learning
- Increase collegiality, experimentation, and reflection about teaching and learning
- Create a culture where frequent, concrete, and supportive talk about teaching and learning is a norm
- Encourage professionals to take ownership for the continuous development of their teaching repertoires
- Model lifelong learning for new teachers and new students

b. Participant Criteria

Teachers involved in the Peer Coaching Alternative must:
1) Be tenured and in year one or year two of their evaluation cycle
2) Have demonstrated an effective repertoire of instructional strategies
3) Be committed to seek continuous growth
4) Be self-directed and goal oriented
5) Be knowledgeable about effective teaching and current research in education
6) Have some knowledge of and/or experience in peer collaboration
7) Be skillful in working with others
8) Be committed to maintaining confidentiality
9) Follow the agreed upon process, complete all necessary forms, and participate in the designated mandatory sessions
10) Have approval of the Primary Supervisor

WICSD-WITA
Article X

c. Participant Responsibilities
Teachers involved in the Peer Coaching Alternative will delineate specific goals for their individual professional development in conjunction with their supervisor. Upon approval of the Primary Supervisor and Principal (when not the Primary Supervisor), teachers agree to:

- Meet with Primary Supervisor to discuss application and identify professional goals
- Complete the Peer Coaching Alternative application, including goal setting, and submit to Primary Supervisor by a date in mid-September determined by the district. (See Peer Coaching Application form)
- Attend the mandatory October, February, and May information sessions that explain and support the process
- Observe each other multiple times (minimum of two observations each) during the year
- Complete a Peer Coaching Conference form after each observation and submit to the Primary Supervisor and Non-Primary Supervisor. (See Peer Coaching Conference form.)
- Meet with Primary Supervisor in December to discuss progress towards goals.
- Submit by June 1 a one page self-reflection of progress toward the identified goals to the Primary Supervisor and Principal (when not the Primary Supervisor)
- Allocate the time previously devoted to supervision to the Peer Coaching Alternative
- Utilize release time being offered by the district
- Dialogue with Primary Supervisor regarding year-end self-reflection

d. District Responsibilities
The district will support the Peer Coaching Alternative by:

- Providing an October orientation session
- Providing a February and May information sharing session to assist participants through the process.
- Offering additional professional development experiences and resources for involved teachers to assess if desired.
- Providing two days of substitute time for each teacher involved in the process (one-half day to be used for mandatory October session).

This alternative does not diminish the role and responsibility of supervisors in monitoring of all aspects and duties and responsibilities of the teacher.

Other supervision alternatives are being investigated and developed by the ad hoc committee.
WICSD-WITA
Article X

e. Peer Coaching Application Process
   The Peer Coaching Alternative application process utilizes established criteria
combined with an individual goal setting process based on the concept of
continuous growth in repertoire. This application process supports open
communication between the teacher interested in peer coaching and his/her
supervisor.

   Step 1
   The teacher initiates a conversation with the primary supervisor about becoming
involved in Peer Coaching. Using the established criteria, they discuss the goals
her/she would pursue if involved in this process. Goals from the teacher’s most recent
evaluation and Peer Coaching self-reflection are reviewed during this discussion. The
supervisor recommends either the teacher apply for the Peer Coaching Alternative or
remain in the regular supervisory process.

   Step 2
   If the teacher continues to be interested in pursuing this option, he/she completes the
Peer Coaching application and submits it to the Primary Supervisor by the mid-
September district designated date. The Primary Supervisor (when not the Principal)
includes the Principal in determining whether or not to approve the request.

   Step 3
   The Primary Supervisor or Principal submits the Peer Coaching application to the office
of the Assistant Superintendent for Instruction. The Assistant Superintendent and the
WITA President will meet to make final approval by the date designated by the district
at the end of September.

   Step 4
   The Assistant Superintendent for Instruction and the WITA President will also send
copies of the application, approved or not approved, to the Peer Coaching applicant,
Primary Supervisor and Non-Primary Supervisor.

   Step 5
   If approved the teacher works with the supervisor to determine when the process will
begin and to finalize those to be involved in the Peer Coaching team. If not approved,
the teacher receives feedback regarding the application and continues in the
contractually agreed upon Supervision Process.

D. EVALUATION

1. PURPOSE OF EVALUATION

   The purpose of evaluation is to ascertain a teacher’s performance relative to the
Standards for Professional Practice in Teaching.
2. IDENTIFICATION OF EVALUATORS

The evaluators are the directors, supervisors, coordinators, assistant-principals, and principals. The ultimate responsibility for evaluation rests with the principals.

3. PROCESS OF EVALUATION

The process of evaluation involves the following steps:

An evaluation will be written by the principal/director -or jointly by the supervisor, assistant- principal or coordinator and the building principal not later than June of each year for non-tenured teachers and at the end of a three year cycle for tenured teachers. This evaluation reflects a teacher's progress at the time of evaluation - relative to the Standards for Professional Practice in Teaching. When mutually agreed to by the director, supervisor, teacher, assistant- principal, or principal, an evaluation may be written at the end of any year outside the regular cycle. Written evaluations will be received by teachers no later than June 1 of the evaluation year. (See Evaluation/Instruction form.)

The supervisor, assistant- principal or coordinator and principal/director will discuss the evaluation and should arrive at consensus on its content. The writing of the evaluation is a shared task between the principal/director and the supervisor, assistant- principal or coordinator. When the principal and supervisor have differing opinions, the Director of Personnel will become involved as a facilitator to resolve differences of opinion.

The evaluation should be preceded by a conference between the principal/director or supervisor, assistant-principal or coordinator and the teacher. In preparation for the conference, the teacher and the supervisor(s) should plan to discuss evidence representing a broader array of needs and/or accomplishments related to the Standards for Professional Practice in Teaching. Should the teacher disagree with the evaluation, a conference will be held between the principal and the teacher to discuss areas of disagreement. If disagreement persists, the teacher may request a second conference with the principal and a mutually agreed upon third party who acts as a facilitator. If this meeting fails to resolve the outstanding issues, the teacher may submit a rebuttal statement to be attached to the evaluation.

GRIEVANCE PROCEDURE

A. SECTION I – DECLARATION OF PURPOSE

WHEREAS, the establishment and maintenance of a harmonious and cooperative relationship between the Board of Education and its unit members is essential to the operation of the schools, it is the purpose of this procedure to secure, at the lowest possible administrative level, equitable solutions to alleged grievances of members of the unit.

B. SECTION II – DEFINITIONS

2.1 A Grievance is: any alleged violation of the application of terms or provisions of this Agreement, or a claim based upon an event which affects the conditions of employment of unit members, allegedly caused by misinterpretation or inequitable application of established policy. It is specifically agreed that the grievance and arbitration procedure shall not apply to the evaluation of teaching, including those instances where determination of salary is subject to such evaluation.

2.2 The term Supervisor shall mean: the building principal, vice-principal, assistant principal, other administrative or supervisory officer responsible for the area in which an alleged grievance arises except for the Superintendent of Schools.

2.3 Association shall mean: West Irondequoit Teachers’ Association.

2.4 Aggrieved Party shall mean: any person or group of persons in the negotiating unit filing a grievance.

2.5 Party in Interest shall mean: the Grievance Committee of the Association and any party named in a grievance who is not the aggrieved party.

2.6 Grievance Committee is: the committee created and constituted by the West Irondequoit Teachers’ Association to act on behalf of the aggrieved party in the process of a grievance.

2.7 Hearing Officer shall mean: any individual or board charged with the duty of rendering decisions at any stage on grievances hereunder.
C. SECTION III – PROCEDURES

3.1 All grievances shall include the name and position of the aggrieved party, the identity of the provision of this Agreement involved in the said grievance, the time when, and the place where the alleged events or conditions constituting the grievance existed, the identity of the party responsible for causing the said events or conditions, if known to the aggrieved party, and a general statement of the nature of the grievance and the redress sought by the aggrieved party.

3.2 Except for informal decisions at (Section 5.1) Stage 1.a., all decisions shall be rendered in writing at each step of the grievance procedure, setting forth findings of fact, conclusions, and supporting reasons therefore. Each decision shall be promptly transmitted to the unit member and the Association.

3.3 If a grievance affects a significant number of unit members and is associated with system wide provisions of the Agreement, it may be submitted by the Association directly at (Section 5.2) Stage 2 described on page 68.

3.4 The preparation and processing of grievances, insofar as practicable, shall be conducted during the hours from 8:00 A.M. to 4:30 P.M. on regularly scheduled school days. All parties will avoid interruption of classroom activity and unnecessary involvement of students in any phase of the grievance procedure.

3.5 The District and the Association agree reasonably to facilitate any investigation which may be required and to make available to the aggrieved party and the Hearing Officer all pertinent material and relevant documents, communications, and records not privileged under law in their possessions or control which are relevant to the issues raised by the grievance.

3.6 Except as otherwise provided in Articles 5.1.a. and 5.1.b., an aggrieved party, any party in interest, and the party alleged to be responsible for causing the said events or conditions, shall have the right at all stages of a grievance to confront and cross-examine all witnesses on his/her own behalf, and to be furnished with a copy of any minutes of the proceedings made at each and every stage of this grievance procedure.

3.6.1 Any party may request that an official stenographic record be kept of any hearing pertaining to the filing of an alleged grievance. The party requesting such service shall pay the cost involved.

3.6.2 Any aggrieved party may be represented at all steps and stages of the grievance procedure by the Association or its representative, with the consent of the aggrieved party.

3.7 No interference, coercion, restraint, discrimination, or reprisal of any kind will be taken by the District, by any of the Administration, by the Association, or by any unit member against the aggrieved party in interest, any representative, any member of the grievance committee, or any other participant in the grievance procedure or any other person by reason of such grievance or participation therein.
Article XIV

3.8 Forms for filing grievances, serving notices, taking appeals, and making reports and recommendations, and other necessary documents will be jointly developed by the District and the Association. The Superintendent of Schools shall then have them duplicated and distributed so as to facilitate operation of the grievance procedure.

3.9 All documents, communications, and records dealing with the processing of a grievance shall be kept in a confidential file separate from the personnel files of the participants.

3.10 Nothing contained herein will be construed as limiting the right of any unit member having a grievance to discuss the matter informally with any appropriate member of the Administration, and having the grievance informally adjusted without intervention of the Association, provided the adjustment is not inconsistent with the terms of this Agreement.

3.11 If any provision of this grievance procedure or any application thereof to any unit member or group of unit members in the negotiating unit shall be finally determined by any court to be contrary to law, then such provision or application shall not be deemed valid and subsisting except to the extent permitted by law, but all other provisions or applications will continue in full force and effect.

3.12 The Superintendent will accumulate and maintain grievance records, which shall be available for inspection and/or copying by the Aggrieved Party and the Grievance Committee, but shall not be deemed a public record.

3.13 The existence of the procedure hereby established shall not be deemed to require any unit member to pursue the remedies here provided.

D. SECTION IV – TIME LIMITS

4.1 It is important to good relationships that grievances be processed as rapidly as possible. The time limits specified for either party may be extended only by mutual agreement.

4.2 No written grievance will be entertained, and such grievance will be deemed waived, unless a written grievance is forwarded at the first available stage within 20 school days after the unit member knew or should have known of the act or condition on which the grievance is based.

4.3 If a decision at one stage is not appealed to the next stage of the procedure within the time limit specified, the grievance will be deemed to be discontinued and further appeal under this Agreement shall be barred.

4.4 Failure at any stage of the grievance procedure to communicate a decision to the aggrieved party, his/her representative and the Association within the specified time limit shall permit the lodging of an appeal at the next stage of the procedure within the time which would have been allotted had the decision been communicated by the final day.
4.5 In the event a grievance is filed on or after June 1, upon request by or on behalf of the aggrieved party, the time limits set forth herein will be adjusted as mutually agreed upon so that the grievance procedure may be exhausted prior to the end of the school term or as soon thereafter as is possible.

E. SECTION V - STAGES

5.1 Stage 1: Principal

a. A unit member having a grievance will discuss it with his/her principal either directly or with a representative, with the objective of resolving the matter informally. The unit member will indicate to the principal that a grievance is under discussion, by stating: "This is a grievance."

b. In the event that a member of the negotiating unit has been aggrieved but elects not to file a grievance, the Association may institute grievance proceedings in those instances where the aggrieved party's absence precludes exercise of the grievance procedure and provided the Association has the written consent of the aggrieved party.

c. If the grievance is not resolved informally, it shall be reduced to writing and presented to the principal. Within 15 school days after the written grievance is presented to him/her, the principal shall render a decision thereon, in writing, and present it to the unit member, his/her representative, and the Association.

5.2 Stage 2: Superintendent

a. If the party initiating the grievance is not satisfied with the written decision at the conclusion of Stage 1 and wishes to proceed further under this grievance procedure, the unit member shall present the grievance to the Association's Grievance Committee for its consideration.

b. If the Grievance Committee determined that the aggrieved party has a legitimate grievance, then it will file a written appeal of the decision at Stage 1 with the Superintendent within fifteen school days after the party has received such written decision. Copies of the written decision at Stage 1 and of all other written material applicable to Stage 1 shall be submitted with the appeal.

c. Within 15 school days after receipt of the appeal, the Superintendent, or his/her duly authorized representative, shall hold a hearing with the aggrieved party and the Grievance Committee or its representative and all other parties in interest.

d. The Superintendent shall render a decision in writing to the aggrieved party, The Grievance Committee, and its representative within fifteen school days after the conclusion of the hearing.
5.3 Stage 3: Arbitration

a. If the aggrieved party and the Association are not satisfied with the decision at Stage 2, and the Association determines the grievance to be meritorious, it may submit the grievance to arbitration by written notice to the Superintendent within fifteen school days of the decision at Stage 2.

b. Within 15 school days after such written notice of submission to arbitration, the Superintendent and the Association will agree upon a mutually acceptable arbitrator competent in the area of the grievance, and will obtain a commitment from said arbitrator to serve. If the parties are unable to agree upon an arbitrator or to obtain such a commitment within the specified period, a request for a list of arbitrators will be made by either party to the American Arbitration Association. In the event the parties do not agree on the question to be arbitrated, the arbitrator shall state the question either at the hearing or as a part of the decision.

c. The selected arbitrator will hear the matter promptly and will issue his/her decision not later than 21 calendar days from the date of the close of the hearing, or, if oral hearings have been waived, then from the date the final statements and proofs are submitted to him/her. The arbitrator’s decision will be in writing and will set forth his/her findings of fact, reasoning, and conclusions on the issues.

d. The power of the arbitrator stems from this Agreement and his/her function is to interpret and apply this Agreement and to pass on alleged violations thereof.

e. The arbitrator shall have no power or authority to add to, subtract from, or modify any of the terms of this Agreement nor to make any decision which requires the commission of an act prohibited by law or which is violative of the terms of this Agreement.

f. The decision of the arbitrator shall be final and binding upon all parties.

g. The costs for the services of the arbitrator, including expenses, if any, will be borne equally by the District and the Association.

IMPLEMENTATION OF AGREEMENT

A. AMENDMENTS

The executed Agreement shall constitute the full and complete commitments between both parties and shall remain in effect for the term of this Agreement unless otherwise altered through the voluntary, mutual consent of the parties in a written and signed amendment.

B. EFFECT OF FUTURE CHANGES

Before the Board adopts a change in policy which affects the terms and conditions of employment of unit members, the Board will notify the Association in writing that it is considering such a change. The Association will have the right to negotiate such items with the Board provided it files such a request with the Board within five working days after receipt of said notice.

C. DISTRIBUTION OF AGREEMENT

Sufficient copies of this Agreement shall be duplicated by the District within three weeks after its execution. These copies shall be distributed by the Association to all unit members. Unit members employed during the duration of this Agreement shall be supplied with copies of this Agreement by the District’s Director of Personnel.

D. SAVING CLAUSE

I. Purpose of the Evaluation:

a. To provide a systematic summary and appraisal of a coach’s effectiveness by:
   . Informing the coach of his/her strengths and/or weaknesses.
   . Indicating suggestions for continued growth

b. To provide an opportunity for the coach to gain insight and to share in his/her evaluation.

c. To provide a permanent record of a coach’s professional accomplishments and contributions to the total program.

II. Procedure for Evaluating Coaches:

a. A coach will be evaluated at the conclusion of that particular sport season. The athletic director will evaluate all head coaches.

b. Assistant coaches will be evaluated by a team consisting of the head coach and athletic director. Written evaluations of assistant coaches by head coaches will not become part of the permanent record.
