1. RECOGNITION AGREEMENT

1.1 Recognition

1.11 Nature of Terms

The Board recognizes the Association as the exclusive representative of the employees in a unit composed of all professional certificated employees and all non-certificated employees filling positions for which certification by the New York State Education Department is normally required, whether such positions presently exist or are hereafter created, for the purpose of negotiations regarding wages, hours and terms and conditions of employment and in the settlement of grievances under the laws of the State of New York. Such negotiations shall be in accordance with applicable State Law and all Amendments and interpretations thereto.

1.12 Members of Unit

Members of the Unit are those whose positions require that forty percent (40%) or their service shall be performed in classroom instruction, shop or laboratory instruction, counseling and home teaching, specifically including classroom teachers, guidance counselors, school psychologists, school nurse teachers, school nurse practitioners, registered professional school nurses, occupational therapists, certified occupational therapy assistants, physical therapists, librarians, department chairpersons, teacher assistants, long-term substitutes, teachers on special assignment, and all other employees in such positions.

The following positions shall be excluded from the unit: Superintendent of Schools; Assistant to the Superintendent; Coordinators; Directors; Supervisors; Principals; Assistant Principals; Administrative Assistants and any other such administrative or supervisory personnel as later may be added.

1.13 Definitions

Administration - The Superintendent of Schools, the central office staff, and all other professional employees who are excluded from the negotiation unit represented by the Association.

Association President - Chief Executive Officer of the Association or his designee.

Building Representatives - The duly designated representatives of the Association for each school building.

Negotiating Unit - The group of employees of the City School District of the city of Jamestown represented by the Association.

Special Assignment - Any assignment not otherwise identified in section 1.12. Before the creation of, or the placement of a member in, any such assignment, the Superintendent, Association President, and the affected teacher will agree to negotiate mutually acceptable job duties and salary.

Superintendent - Chief Executive Officer of the Board, or his designee.

Teachers - All employees of the District in the negotiation unit except where the language of the provision plainly indicates otherwise (e.g. by the use of such phrases as "traveling teacher", "special teacher" or "health professionals.)

Health Professionals - All employees in the following positions: registered professional school nurse, occupational therapist, certified occupational therapy assistant, and physical therapist.

Long-Term Substitutes - Long-term substitutes shall be defined and shall receive benefits pursuant to Appendix G except that where the substitute is appointed for a full school year (sometimes referred to as a one-year appointment); he/she shall also receive health insurance, life insurance and Section 125 benefits pursuant to Section 18.1 of this Agreement.

Teacher on Special Assignment - In the first year the TOSA serves in the position, the TOSA’s replacement will be designated as a Long Term Substitute (LTS). All of the contractual language which typically applies to an LTS will apply during this time.

Following the first year in the position and by March 1 of that year, the TOSA will have the opportunity to notify the District that he/she wishes to return to his/her teaching position. If the TOSA returns, the LTS no longer holds a position with the District.
If the TOSA does not return to his/her teaching position by July 1 and the work of the LTS has been deemed satisfactory, the LTS will return to the position as a probationary teacher. The former LTS will be placed on step 2 of the appropriate salary schedule, will have one year of seniority credit, and one year earned toward teacher tenure.

It will be the responsibility of the Association to notify a TOSA who returns to that position for a second year, that he/she can no longer choose to return to his/her teaching position in the future. And, in the event that the District at some future point eliminates the TOSA's position, he/she will have the opportunity to return to his/her teaching tenure area only if the TOSA's accumulated seniority exceeds the accumulated seniority of the least senior member in the tenure area.

Grade-level Organization - Unless specifically designated otherwise, the following terms are defined as follows:

- Elementary means Kindergarten and Grades 1, 2, 3 and 4.
- Middle School - means Grades 5, 6, 7 and 8.
- High School - means grades 9, 10, 11 and 12.

1.2 Dues Deduction

1.21 Fair Share
The District agrees to deduct from the wages of all employees in the negotiating unit who are not members of the Association an agency fee in an amount equivalent to the dues of the Association including dues of the National Education Association and the National Education Association of New York and to promptly transmit the sums so deducted to the Association.

1.22 Certification of Dues
The Association will certify to the Administration in writing the current rate of its total and pro rata membership dues. When there are changes in the rate of membership dues, the Association will give the Administration thirty (30) days written notice prior to the effective date of such change.

1.23 Deduction Process
Dues will be deducted in equal installments for each paydate on a pro rata basis, commencing with the first available pay date.

For members actively employed at the end of the previous school year, their deductions will be continuous and shall resume with the first check in September.

For those who begin their employment at the beginning of the school year, their deductions will start with the first check in October. For teachers employed after the beginning of the school year, their deductions will start with the first available paydate.

The Association shall hold the District harmless from any and all suits, claims and liabilities of any kind that may arise out of, or by reason of, any action taken or not taken by the District pursuant to this paragraph.

1.24 No Retrivals
There will be no reprisals of any kind taken against any teacher by reason of his/her membership in the Association or participation in any of its legal activities. Notwithstanding resolution of the claim during informal discussions, the sole and exclusive method of review of any and all alleged violations of this section shall be to the Public Employment Relations Board under its rules.

1.3 Association Rights

1.31 Association's Use of Buildings
a) The Association will have the right to use school buildings without cost at reasonable times before or after the school day or in the evening for meetings on other business provided that such use will not conflict with previously scheduled school events. Such notice shall be given not later than the close of school of the date of any such meetings.

1.32 Faculty Bulletin Boards for Association Use

The present number and location of said bulletin boards shall not be exchanged except by mutual consent. At least one faculty bulletin board shall be installed in each new building at a location to be agreed upon by the parties hereto. No organization representing or purporting to represent employees in the employer-employee unit represented by the Association shall have the use of the bulletin boards and/or the school internal communication facilities except by the Association and its affiliates.

1.33 Association Use of Interschool Mail and Mailboxes
The Association shall have the use of interschool mail facilities and faculty mailboxes for its affairs. The placement of such materials shall be limited to before and after school hours, the lunch period, and the preparation period provided, however, that the preparation period shall be used only to the extent that unavoidable circumstances make it necessary to do so.

1.34 Association Office
The Association shall be allowed to install a telephone at its own expense. The Board shall make every effort to provide space for desk and phone for Association use in the building of the Association president.

1.35 Release Time for Association President

There shall be no charge for the use of the equipment. However, the use of the equipment shall be limited to hours outside of the school day. All supplies shall be paid for by the Association.

1.37 Copies of Board Agenda and Minutes
The Association president and the Association secretary shall be provided with a copy of the minutes of official Board meetings through e-mail. A copy of the official agenda for each Board meeting, and any attached documents, will be given to the Association representative at each Board meeting.

1.4 Miscellaneous

1.41 Copies of Agreements
All copies of this contract will be provided in digital format except new teachers will be given a paper copy during new teacher orientation.

1.42 Saving Clause
If any provision of this Agreement or any application of the Agreement to any employee or group of employees shall be found contrary to law, then such provision or application shall not be deemed valid and subsisting, except to the extent permitted by law, but all other provisions or application will continue in full force and effect.

1.43 Agreement Constitutes Board Policy
This Agreement constitutes Board policy for the term of said agreement, and the Board will carry out the commitments contained herein and give them all full force and effect as board policy. The Board will take such other actions as may be necessary in order to give full force and effect to this Agreement.
1.44 Management Rights
Except as expressly limited by other provisions of this Agreement or the T.O.E. Agreement all of the authority, rights and responsibilities possessed by the District are retained by it, including, but not limited to, the right to determine the facilities, methods, means and number of personnel required for conduct of District programs; to administer the personnel operations of the District, including the examination, selection, recruitment, hiring, appraisal, training, retention, promotion assignment, or transfer of unit members pursuant to law; to direct, deploy and utilize the work force; to establish specifications for each class of positions in accordance with law and the provisions of the Agreement.

1.45 Duration and Continuation
The provisions of this Agreement shall be effective from July 1, 2012 through June 30, 2014. All provisions will remain in full force and effect until a successor agreement is negotiated.

1.47 Forms
Applicable forms shall be placed in the Appendices of this Agreement.

1.5 Negotiation Procedures

1.51 Time and Scope of Negotiations
a) On or about January 15 and not later than January 31 of the last year of this agreement, the parties agree to enter into collective negotiations in accordance with the procedures set forth herein a good faith effort to reach agreement on all matters raised by either party concerning hours, wages, terms and conditions of teachers' employment. Any agreement so negotiated shall apply to all members of the employer-employee unit represented by the Association, be reduced to writing, be signed by the Superintendent and by the Association.

b) Time for negotiations in mediation and fact-finding: The time of the hearing and/or meetings shall be determined by the mediator, fact-finder and arbitrator. When negotiation meetings are scheduled by a mediator or fact-finder, the members of the negotiation team of the Association (7) shall be permitted to attend with no salary loss to the individuals involved.

1.52 Availability of Budgetary and Financial Information
The Administration will provide for review and/or copying those materials prescribed by New York State Law and/or Federal Law. The Administration will also make available to the Association for inspection and copying all information, which is necessary in formulating their proposal in accordance with the Taylor Act.

2. TEACHER-ADMINISTRATION LIASON

2.1 Teacher-Principal Liaison

2.11 Meetings
The Association shall select building representatives from among its members in each building. The Building Liaison Committees shall meet with the principal at least once per month during the school year to discuss local school problems and practices and the written agenda (time, length and place of meeting) of any after-school meetings to be held. Any such meeting may be canceled or adjourned by mutual consent. In the event of a present current problem, either party, by mutual consent, may call an additional meeting.

Building Liaison Committees, when meeting with building principals regarding agenda, should address any legitimate issues regarding the need for release time or compensation for attendance. The criterion for this determination is whether the agenda requires attendance beyond the normally practiced duration or frequency of meetings. The subject or mode of the agenda presentation would not be a determining factor regarding the need for release time or compensation. The Administration has complete freedom with regard to the content covered and the activities conducted within faculty and department meetings.
Faculty meetings will not exceed 60 minutes in length and will be conducted on the second and fourth Tuesdays of each month. The district may only vary from this pattern when (and if) the entire faculty requests a change in day. No JTA member will be required to attend more than two faculty meetings and two department meetings per month (i.e., maximum of four).

2.12 Association Meetings

3. GRIEVANCE PROCEDURE

3.1 Definition
A grievance is a claim by either an employee or the Association representing the employee(s) or the Administration that there has been a violation, misinterpretation or inequitable application of this Agreement and/or other terms and conditions of employment which are mandatory subjects of bargaining.

3.2 Stage 1
The aggrieved will first discuss the matter with his immediate supervisor or the Human Resources Director, either directly or through the Association representative, with the objective or resolving the matter informally. If a resolution cannot be reached on an informal level, the aggrieved will reduce his grievance to writing, on the mutually agreed upon form, and take it up with his immediate supervisor, or with the Human Resources Director, if appropriate. The aggrieved may be accompanied and/or represented by a designee of the Association.

3.3 Stage 2
The immediate supervisor or Human Resources Director shall schedule a meeting to consider the grievance with the aggrieved person(s) and the designated Association representative, within ten (10) days after receipt of the grievance. The immediate supervisor or Human Resources Director shall respond in writing to the grievance within five (5) days after the Stage 2 meeting is held.

3.4 Stage 3
If the aggrieved person(s) and the Association is/are not satisfied with the response of the immediate supervisor or Human Resources Director, the Association shall notify the office of the Superintendent in writing within ten (10) days after receipt of the Stage 2 response. The Superintendent or the Superintendent's designee shall schedule a meeting to consider the grievance with the aggrieved person and the designated Association representative within ten (10) days after receipt of the notice. The Superintendent shall respond to the grievance within ten (10) days after the Stage 3 meeting is held.

3.5 Stage 4
If the Association is not satisfied with the response of the Superintendent, the Association shall notify the office of the Clerk of the Board in writing within ten (10) days after receipt of the Stage 3 response requesting a Board hearing. The Clerk of the Board shall schedule a meeting with the Board or a committee of the Board to consider the grievance with the aggrieved person and the designated Association representative within twenty (20) days after receipt of the notice. The Board shall respond to the grievance within five (5) days after the Stage 4 meeting is held. Should the Board elect not to hear the grievance, they shall notify the Association within ten (10) days of the receipt of the Association's notification to the Clerk of the Board.

The parties may mutually agree to secure the services of a qualified mediator to assist them in an effort to resolve the grievance. The parties shall share all cost for mediation equally.

3.7 Election of Forum
3.8 Arbitration

a) If a grievance is submitted to arbitration, such submission shall constitute an election of forum by the grievant and by the Association and constitutes a waiver and a bar to any and all rights the grievant or the Association has or may have to submit the subject matter of the grievance for resolution of review to any judicial or other administrative forum.

b) If a teacher and/or the Association submit an issue to any judicial or administrative forum for resolution and review of an issue which might also constitute an alleged violation of the Agreement, then both the teacher and the Association waive their right to submit said issue to arbitration.

3.9 Time Limits

a) It is the intent of the parties that grievances be resolved as quickly as possible while the facts of the matter are as fresh as can be in the minds of those involved. Accordingly, the time limits set forth in this Article 3 are of primary importance, must be observed strictly, and only be extended by mutual consent of authorized representatives of the District and the Association. To be binding on the parties, any such extension must be in writing.

b) The "days" referred to in all time limits in this Article 3 are teacher workdays. If grievances occur at the end of the school year which would have an effect on the opening of school on the following September, every effort will be made to resolve said grievance prior to the opening of school.

c) To be a valid grievance to which the District must respond, the grievance must be submitted in writing at Stage 2 not later than the fortieth (40) working day after the occurrence out of which the grievance arose or after the teacher first learned or should have known of that occurrence.

d) If the District does not respond to a grievance within the applicable time limit, the Association may submit the grievance to the next stage within the time which would apply if the response had been given on the last day of the time limit. If the aggrieved person does not appeal the grievance to the next stage within the applicable
time limit, the grievance shall be deemed to have been settled by the last response of the District, the District need not consider the grievance further, and further appeal is barred.

c) The District may waive or agree to an adjustment in the time lines for submitting the demand for arbitration.

3.10 Released Time
When it is necessary, pursuant to the arbitration procedure, for the aggrieved, a building representative, member of the Grievance Committee, or other representative designated by the Association to participate in a procedure, time for such participation shall be given with no salary loss to the individuals.

3.11 Participation During School Day
During the school day, the teacher's time shall be devoted to their regular instructional, supervisory, and extra classroom duties. Members of the Association shall not participate in any business of the Association except where participation may be necessary in the informal stage of a grievance.

However, the teacher will refrain from pressing his own individual political and religious views or other ideologies and will exhibit by appropriate example that which is valued in our democratic society.

4.3 Individual Freedom

c. The two classes will follow their assigned special area schedules.
d. If special area schedules do not line up, the teacher may not receive a preparation period that day.
e. Compensation for actual instruction time per Appendix D.

9.55 Middle and High School Extra Coverage

A. In the event that a regular teacher voluntarily or involuntarily supervises an extra class, or part of an extra class, because of the inability of the Administration to obtain a substitute, such teacher shall be compensated at the rate which appears in Appendix D.

B. If a teacher voluntarily accepts to fill in during their preparation period on a long term basis (longer than one week) they will be compensated by the following formula:

\[
\text{Compensation} = \frac{
\text{Extra teaching time (in minutes)} \times \text{Total contractural regular teaching time (240 minutes)}
}{\text{Current salary for the teacher}}
\]

Commissioner's regulations will be followed when a partial month is worked.

For example 38 minutes/240 minutes = 15.83% x ($50,000) Salary = $7916.67 for year

If a semester: $7916.67 / 2 = $3958.33

The selection of teachers for these assignments will be based upon Section 8.2 "Appointments and Assignments".

10. EXTENDED LEAVES OF ABSENCE

10.1 Leave of Absence for Professional Association Officers

The Board agrees that one (1) teacher designated by the Association will, upon request, be granted a leave of absence for a maximum of two (2) years without pay for the purpose of engaging in Association (local, state, or national) activities. (Such time shall be credited as local service time in determining salary step placement upon return from this leave.)

10.2 Peace Corps, Exchange Teacher, and Similar Leaves

A leave of absence without pay for up to two (2) years will be granted to any teacher who joins the Peace Corps, Vista, National Teacher Corps, or serves as an exchange teacher, and is a full-time participant in such programs. (Such time shall be credited as local service time in determining salary step placement upon return from this leave.) For the non-tenured teacher such leave will be an interruption of the probationary period and is not to be used in lieu of service in the local school as a requirement for tenure.

10.3 Military Leaves

Military leave and all benefits attendant thereto under the several statutes in such cases made and provided will be granted to any teacher who is inducted into or enlists in any branch of the armed forces of the United States. Upon return from such leave, a teacher will be placed on the salary schedule at the level which he would have achieved had he remained actively employed in the system.

10.4 Child Rearing Leave

10.41 Application

Upon application, an unpaid child-rearing leave may be taken to care for a newborn or newly adopted infant. Such leave shall be granted to take effect either on the end of the mother's disability following birth or at birth in the case of leave by the father (as the case may be) or on the placement of the infant in the adopting teacher's home. It shall be granted until a date no later than the September 1st following the infant's second birthday, but the end of the leave must fall at the end of a semester. The teacher must notify the District of the intended date of return within one month after the start of the childrearing leave, and that date may be altered only by mutual agreement of the teacher and the Human Resource Director. Failure of the teacher to meet this requirement of notice of the ending date of the leave shall result in the leave ending at the end of the semester in which the leave begins.
Should another birth or adoption occur during a child rearing leave, the teacher shall be granted another childrearing leave upon request.

10.42 Benefits
Time spent on child rearing leave does not count as probationary service or as service creditable for seniority, salary credit, leave credit or any other benefit. When a teacher returns from child rearing leave, all probationary service, seniority, salary credit, leave credit and service for other purposes accumulated by the teacher as of the last day of work or paid leave preceding commencement of the leave shall be restored to the teacher.

10.43 Substituting
Teachers on child rearing leave may be permitted to serve as per-diem and long-term substitutes.

10.44 Insurance
The teacher on child rearing leave shall have the option to participate in any insurance policy, currently in force, at their own expense.

10.5 Public Leave of Absence
The Board will grant, with a 60-day notice, a leave of absence without pay or increment to any teacher to campaign for or serve in a public office.

The minimum leave shall be one (1) semester, and the maximum leave shall be four (4) consecutive semesters. Should the teacher desire to return prior to the end of the leave, he/she shall be placed on a preferred substitute list.

10.6 Sabbatical Leave

10.61 Eligibility
Any teacher employed in the Jamestown Public school who has completed seven (7) consecutive years of service and has met the necessary requirements may, upon recommendation of the Superintendent of Schools and with the approval of the Board of Education in conformity with the following regulations, be granted a leave of absence for a program of educational travel, formal study, or independent study which would be of some value to the school system.

10.62 Purpose
Sabbatical leave is intended to afford professional employees an opportunity to improve their ability to render education service. Such achievement is usually obtained by:

a) Formal Study - a program of study in residence in an institution of higher learning, including foreign universities;

b) Independent Study (Research and/or Writing) - a program of independent study which promises professional values to the school system equivalent to that derived from formal study.

c) Planned Educational Travel - travel is considered educational if it results in a significant contribution to professional growth by exposing the participant to new people, culture, environments and experiences.

10.63 Number
The Board shall grant such leaves up to one percent (1%) of the total number of teachers in the system each year. The selection must be made from those requesting a leave by the Superintendent in accordance with the following principles:

a) Preference to those with the longest service and satisfactory ratings in the Jamestown Public Schools;

b) Desirability of purpose of leave.

10.64 Application
a) Request for sabbatical leave shall be for one or two full consecutive semesters of half years. An individual who has had a sabbatical leave may file subsequent requests not oftener than each seven-year period of continuous service;
b) Requests for sabbatical leave are to be submitted directly to the Superintendent;
c) Each applicant for a sabbatical leave in the following year shall file an application by April 1;
d) Board action on all recommendations will be made in May;
e) Under normal conditions, May 30 will be the final date for candidates’ withdrawal. Any candidate on alternate status for fellowship or scholarship, who officially notifies the Superintendent prior to May 30 of such status, may be granted to June 15 for final teacher decision.
f) Applications for leave for study must include the names of the institutions at which the individual plans to study and the courses to be pursued. Such study should be related to applicants’ professional position or the general field of education or proposed growth. Applications for travel or educational experience must state the specific educational objectives in direct relation to the applicant’s field of endeavor.
g) Each applicant must execute an agreement to make a written report to the Superintendent once each semester during such leave.
h) Every person on sabbatical leave who is already a member of the New York State Retirement System shall retain the right to continue his membership and to make contributions on the basis of his salary.

10.65 Sabbatical Salary
Sabbatical leaves for formal study or independent study for one (1) year shall be at three-quarters (3/4) of the salary the teacher would have received during the period of such leave and for one-half (1/2) of a year at three-quarters (3/4) salary the teacher would have received. Sabbatical leave for planned educational travel will be one-half (1/2) salary.

10.66 Disability
If a teacher on sabbatical leave is unable to fulfill the purpose thereof by reasons of illness as substantiated by proper medical statements or other acceptable legitimate reasons beyond his control, said sabbatical shall continue for its full term, and, when the disability is removed, the teacher shall continue with the fulfillment of the sabbatical purpose, if possible. In the event that the sabbatical purpose cannot be continued after the removal of such disability, the teacher shall be available for appropriate one-half (1/2) professional assignment by the Superintendent for the duration of said sabbatical.

10.67 Employment Status
The staff member, while on sabbatical leave, retains his status as an employee of the Board of Education and will experience the salary deductions for social security, income taxes, and health insurances (if any), and is credited with pension contributions (on the basis of salary received) by the Board of Education as are full time professional employees. The employee on sabbatical leave will not earn additional sick leave or personal days while on leave. Upon expiration of sabbatical leave, the employee shall be restored to his position or to a position of like nature and status. (Such time shall be credited as local service time in determining salary step placement upon return from this leave.)

10.68 Commitment
As a condition precedent to granting a sabbatical leave of absence, the teacher shall agree in writing that in the event of his failure to return to the employment of the Jamestown City School District or his voluntary resignation there from before one (1) year after the termination of such sabbatical leave, then, unless waived by the Board, the teacher will repay the amount of take home pay received by him while on said sabbatical over a period of not more than five (5) years’ installments or lump sum at the teacher’s discretion.

10.7 Personal Leave Without Pay
A leave of absence without pay or increment will be granted at the discretion of the Board. Insurance benefits may be continued at the individual’s expense, provided prior arrangements are made through the Human
Resources Director. A teacher who does not perform all of the services required of teachers during a month shall be paid pursuant to State Education law Section 1301.3.

10.8 Resumption of Benefits after Leave

All benefits to which a teacher was entitled at the time his leave of absence commenced, including unused accumulated sick leave and credits toward sabbatical leave eligibility, will be restored to him upon his return, and he will be assigned to the same positions which he held at the time said leave commenced, if available, or, if not, to a substantially equivalent position.

10.9 Notification of Return from Leave of Absence

All employees on a leave of absence (except child rearing leave, refer #10.41) shall give the District a 60 school day notification of the date the employee plans to return to work. This provision excludes summer vacation. If no notification is received by the District, the employee’s job may be considered abandoned.

11. TEACHING LOADS AND CONDITIONS

11.1 Elementary Class Size

The Board agrees to make every effort to keep elementary classes under thirty-four (34) students. If any class in a grade level in a school exceeds thirty (30) students, a teacher aide will be assigned to that grade level in said building.

11.2 Middle and High Schools

11.21 High School Class Size Limits

With exceptions noted for PE, music ensembles, supervisions, and the application of Section 11.1.5, high school classes shall have a limit of 28 students per class.

Driver Education - to be determined by State Education Department time requirements, facilities, the scheduling of classes, simulators and car groups.

11.21b Middle School Class Size Limits

Team populations will be based on average class size of 25 students including mainstreamed special education students.

All middle school classes shall have a limit of 28 students per class. An overage occurs when class size reaches 29 or more students except for physical education. Physical Education class limit is 31 students and an overage occurs when class size reaches 32 or more students. If chorus, orchestra, or band is ever included within the regular school day (excluding Alpha block) for whole-group ensembles no overage will be paid for that class.

Unified Arts classes will average 1/5 of a team population including special education students.

Physical Education/Health/Music classes will average 1/4 of a team population including special education students.

11.21c Calculation of Overages

Team populations are based on an average class size of 24 students for Health/Music/PE.

One quarter (1/4) of the team total derives the maximum students per class. Example: "six teams" times 24 students equals 144 total times 1/4 which equals 36 students. If any class exceeds 36 students, an overage exists per Section 11.21b. Payment for each Health, Music, or PE class that exceeds 36 students shall be $500.00 per semester.

11.22 Physical Limits

The following class sizes are to be determined by physical facilities:
Language Laboratories, Science Laboratories, Business Education, Industrial Arts, Occupational Education, Technical Education, Art, Home Economics, Physical Education, Music Education and Study Halls. If an overage occurs, administration will exhibit good faith in attempting to rectify the overage. i.e. additional equipment.

11.23 Exceptions. Applicable to Middle School and High School
The Association and the Board agree that 14% of all 5-12 Middle School and High School classes in each building may exceed the contractual class size limits by up to two (2) students each.

11.23a Calculation of Overages – Middle Schools
An overage occurs when class size limits are exceeded as established in section #11.21b.

Payment for this classroom overage shall be:
$400 per class per year (for a year long class)
$200 per class per semester (for a semester class or year long class that meets every other day)
$135 per class per trimester (for a trimester class)

Since the average class size was defined as 25 students per Section 11.21b, then actual class size can be 27 students (25+2) before an overage occurs. Fourteen percent of all 5-12 classes is unquestionably a large number of classes which means a large number of individual teaching classes can be as large as 27 students. Payment for each such class that exceeds 27 students shall be $200.00 per class per semester.

11.24 Student Load Limits
The total regularly assigned teaching period should not contain an excess of 138 students. The desirable goal is 125 students per teacher (physical education, music education ensembles and study halls supervisory excluded).

1. The class size limit for any individual AIS period will not exceed twelve (12) students.
2. The student load limits identified in this section and 11.25 will be completely independent of the AIS student load.

Calculation of student load within a block schedule environment:
1. When a student load limit is questioned or it becomes a concern, the review of that limit will follow the procedure outlined in numbers 2-6 below. There will not be a formalized count for each teacher conducted by the administration.
2. The first student load count per teacher will occur when BEDS (Basic Education Data System) reports are completed during the first week of each October.
3. The second student load count per teacher will occur at the end of the first semester.
4. The higher of the two totals described in numbers 1 and 2 above will be used as the semester one total.
5. The sum of the semester one and semester two student loads will therefore not exceed the 138 and 124 totals without overages being paid in the case of 138 (as described in section 11.24a) and schedule adjustments taking place in cases of 124 (as described in section 11.25)
6. For example:

Algebra 2/Trigonometry Teacher – Maximum Yearly Load of 138 students

BEDS Day Total – 65
End of Semester Total – 63 – Decrease due to level changes of those students who moved to Intermediate Algebra.

*65 would be this teacher’s semester one total. Throughout semester 2, this teacher could never have more than 73 students assigned at any one time.

Intermediate Algebra – Maximum Yearly Load of 138 students

BEDS Day Total – 60
65 would be this teacher’s semester one total. Throughout semester 2, this teacher could never have more than 73 students assigned at any one time.

7. This calculation will apply for ten-week, half-credit course circumstances.

8. The district maintains its ability to reduce roster enrollments (section 11.24) or eliminate non-teaching supervision period assignments (section 11.25) as alternative solutions to overage payments in these circumstances.

11.24a Calculation of Overage

This language excludes PE, music ensembles and supervisories. Payment shall be made to each teacher whose student load exceeds 138 students according to the following schedule:

- $1000 - every day overage - full year
- $500  - every other day - full year
- $250  - every day - half year - semester
- $125  - every other day - half year - semester
- $165  - every day - trimester
- $170  - every other day - trimester

Since this language excludes PE and Music, the only issue is whether Health exceeds 138 students in a given day. Payment for each Health class that exceeds 138 students will be $500.00 for an every other day situation and $1000.00 for an everyday overage.

This limitation is not meant in any way to prohibit innovative teaching techniques such as large group instruction, team teaching, etc., as long as the basic ratios stated above are maintained overall.

English teachers (grades 7-12) whose student load exceeds 124 shall not be assigned a non-teaching supervision period (i.e., any period during which a teacher is responsible for supervising students) nor homeroom; this shall not apply to grades 7-8 English teachers who elect to team teach in such a way that student load exceeds 124.

11.25 English Classroom Limits

Based upon the instructional schedule, English teachers (grades 7-12 Middle and High School) whose student load exceeds 124 yearly shall not be assigned a non-teaching supervision period (i.e., any period during which a teacher is responsible for supervising students) nor homeroom; this shall not apply to grades 7-8 English teachers who elect to team teach in such a way that student load exceeds 124.

11.26 Middle School Extra Coverage Rate

When a middle school teacher covers an entire class that is up to 45 minutes in length, then the she shall be compensated for one middle school block. (See Appendix D) If a teacher only covers a portion of that class time, he/she will be paid for the fractional portion covered.

The current practice of voluntarily covering at no pay up to 15 minutes for a teacher who has to leave early, is late, etc., will continue.

After the first 45 minutes teachers will be compensated in ten-minute increments.

- 46 to 55 minutes One block plus one-sixth of another block.
  (e.g. $35.17 + 1/6 ($35.17 + $5.86 = $41.03)

- 56 to 65 minutes One block plus one-third of another block.
  (currently $46.89)

- 66 minutes or more One block plus one-half of another block.
  (currently $52.76)

11.3 Classroom Capacities Not to be Exceeded
Pupils shall in no event be assigned to any classroom in larger numbers than the capacity of the teaching facilities or stations available or for which such classroom was designed.

### 11.4 Enumeration of Specialists

The foregoing enumeration of specialists is not intended to be complete, nor is it the intent of the Board to reduce presently employed specialists or their assistance below the specified levels.

### 11.5 Preparation Time in Elementary Education

#### 11.51 Special Teacher Time

Special teachers in the Elementary area including physical education, music, art and library provide the leadership and a part of the basic skills teaching in their respective fields.

The regular classroom teacher must, however, give additional activity and practice in these fields, and, where practical, integrate these areas and activities within his/her academic programs.

#### 11.52 Teacher Presence Not Required

Although it is not required that the classroom teacher remain throughout the period of the special teacher's presentation, the classroom teacher should observe sufficiently to be aware of the program and be able to supplement the work in the special fields.

#### 11.53 Minimum Duty-Free Period

a) **Elementary Classroom Teacher:** Classroom teachers will be scheduled with a minimum of 250 minutes of preparation time per week. Every effort will be made to provide classroom teachers with fifty (50) minutes of continuous preparation per day. In instances where this cannot be done, teachers will be scheduled a minimum of thirty (30) minutes of continuous preparation per day. b) **Special Area Teachers:** Special area teachers will be scheduled with a minimum of 250 minutes of preparation per week. Every effort will be made to schedule (6) 50 minute classes per special area teacher. In instances where this cannot be done, teachers will be scheduled to a maximum of 300 minutes of instruction per day and a maximum of eight (8) classes per day. Five (5) minutes or less of "passing time" will not count toward total preparation time. This is to allow maximum flexibility for District scheduling. Preparation time will not be allotted in any time blocks below 5 minutes to meet the 50 prep or 250 minute weekly allotment.

Each elementary (K-4) classroom teacher will be scheduled for a weekly thirty (30) minute Library/Literature extension/computer lab (formerly known as book exchange) for personal planning and preparation time. If the weekly thirty (30) minute period is attached to lunch or special area class then the classroom teacher will not be responsible for the movement of children between the two consecutive activities. When schools are in session for a half day, teachers with a regularly scheduled duty-free period during the time when school is in session, shall receive their duty-free period.

#### 11.54 Grade Level Meetings

Elementary (K-4) classroom teachers will be given forty (40) minutes during one regular school day once (1) each month to meet collectively for the purpose of additional planning and implementing grade level responsibility beyond current practice. Variations of the forty (40) minute time block may be created with the agreement of both the building principal and the teachers.

At the request of either party, administrators, supervisors may participate in grade level meetings.

The building principal will be responsible for scheduling grade level meetings and for providing supervision of students at those times.

It is expected that students will be engaged in diverse, legitimate educational pursuits while their teachers are participating in grade level meetings. Teachers will assist in planning student activities in advance of their respective grade level planning times.

#### 11.55 Early Literacy Profile
The twice annual formal assessment process known as the “Early Literacy Profile” (a.k.a. E.L.P. and associated components) will no longer be done. The ELP elimination will not limit a teacher’s use nor the District’s future use of any effective assessment strategies (e.g., running records, draft writing samples, etc.).

11.6 Preparation and Subject Areas in Secondary

11.61 Preparation Limits
Secondary teachers who teach academic subjects will not be required to teach more than two areas nor more than three preparations within the said areas at any one time. Special occupation, technical, foreign language and trade teachers shall be excluded from the limit of three teaching preparations. The District may assign up to 8% of high school teachers (grades 9-12) a fourth preparation within the area of a teacher’s certification, which must be a remediation class, may be assigned. In addition, with the agreement of the teacher, a fourth or fifth preparation within the area of a teacher’s certification, which must be a remediation class, may be assigned.

11.62 Scheduling
Every effort shall be made to schedule preparations in the area of specialization. Placing two or more courses in the same period under the same teacher in the same classroom should only be done under extreme circumstances.

11.7 Teaching Periods in Middle and High School

11.7a Middle School
Middle School teachers will not be assigned to instruct and/or supervise students for more than an average of 280 minutes per day or 1400 minutes per week, whichever allows for greater schedule flexibility. Teachers will not be assigned to instruct students for more than an average of 240 minutes per day or 1200 minutes per week, whichever allows for the greater schedule flexibility. The schedule will determine how many instructional periods can be used. The District will follow the Commissioner’s Rules and Regulations. In addition, a homeroom may be assigned. If teachers are assigned an instructional homeroom, this time will count toward daily minutes of instruction (i.e. special education and Title I teachers).

Limitations of 280 minutes may apply to teachers who teach occupational, technical, trade, special or pupil personnel services subject areas if it is determined by the Administration, after consultation, with the Association, to be necessary or required in place of a homeroom or study hall and/or cafeteria. Definitions of the above subject areas are those shown in Part 80.1 of the Commissioner’s Regulations.

Teachers who are assigned supervision duties may work with their respective principals to determine the best schedule for supervision keeping in mind their academic responsibilities.

Teachers in grades 5 through 12 will not be assigned to instruct or supervise students for more than 280 minutes per day, including not more than 240 minutes of instruction. In addition, homeroom may be assigned. In addition, teachers in middle school may be assigned no more than 1800 minutes over any two marking periods to perform non-credit bearing academic intervention services for students in lieu of an extra duty. With the mutual agreement of administration and the teacher, schedules may be increased before state exams (ELA, math) as long as time does not exceed the 1800 minute limit.

Encore and physical education teachers may be assigned no more than 1800 minutes over any two marking periods to perform non-credit bearing academic intervention services for students excluding alpha block.

11.7b High School
High School teachers will not be assigned to instruct or supervise for more than 280 minutes per day, including not more than 240 minutes of instruction and not more than three instructional blocks of time (science labs excluded). In addition, homeroom may be assigned. In addition, teachers in high school may be assigned no more than 1800 minutes over the school year to perform non-credit bearing academic intervention services for students in lieu of an extra duty.

Limitations of 280 minutes may apply to teachers who teach occupational, technical, trade, special or pupil personnel services subject areas if it is determined by the Administration, after consultation, with the Association, to
be necessary or required in place of a homeroom or study hall and/or cafeteria. Definitions of above subject areas are those shown in Part 80.1 of the Commissioner's Regulations.

The District and the Association may waive contractual limits for alternative schedules and programs.

11.8 Music Teacher Schedule and Overload Pay

Because they come from diverse grades or class schedules, it is not possible to schedule students in some of the volunteer music performing groups within the normal school day or its elementary equivalent. Therefore, music teachers are permitted to vary their duty hours to provide for these situations. Where necessary, group rehearsals and/or sectionals may be scheduled in an alternative time period. In these situations where there is a possibility of overload, the following shall govern:

a) The Board approves the extent of all programs.

b) The music teacher's schedule has exceeded the acceptable standard maximum teaching load if the schedule exceeds thirty (30) 45-minute periods of instruction per week or spreads over more than eight consecutive periods in any day excluding lunch periods.

c) If the Board approves a regular weekly program of instruction and/or rehearsals which exceeds the above described 30 periods per week, or an equivalent time at the elementary level, the additional work will be compensated at the agreed upon rate found in Appendix D.

11.9 Committee on Special Education Chairpersons and Compensation

A differential rate per Appendix D will be paid to those teachers hired for the equivalent of 30 days during the school year for CSE/CPSE meeting coverage and a maximum of one CSE/CPSE Chairperson meeting per month. Those hired for less than the equivalent of a full year (30 days) or those providing additional days of CSE/CPSE meeting coverage over 30 days will be paid at the Appendix D rate.

Contractual rates of pay will be paid for any district staff development offerings that occur outside of the school day or during the summer.

The number of positions will be determined annually based on the need for CSE/CPSE meeting coverage. In the event of a reduction in the number of positions needed or a change in appointments, a written notice will be provided by the last day of school. Positions will be posted only when a vacancy exists.

The selection of teachers for these assignments shall be based on Section 8.2 entitled "Appointments and Assignments."

12. HOURS, DAYS AND DUTIES

12.1 School Calendar

The teacher work year shall be scheduled during the period from September 1 through June 30 for all teachers in accordance with the following provisions. In the event that the District wishes to schedule in-service days prior to September 1, the District and the Association shall meet to discuss the situation, and the determination to schedule such days shall be made only by agreement of the Superintendent of Schools and the Association President.

12.2 Nurses - Extra Coverage

Nurses within the Jamestown School System are sometimes asked to cover emergency situations at another building as part of their job. The District recognizes the valuable job that nurses play within our schools and therefore agree to abide by the following provisions in paying for extra duties:
A. Nurses will be paid for extra coverage per Appendix D Miscellaneous Rate Schedule.

B. Nurses will be paid for actual time worked to the nearest minute.

C. Nurses recognize that the deployment of the workforce is a management right.

D. Nurses will be paid for the loss of their fifteen minute morning break, their lunch hour (30 minutes) and the fifteen minute afternoon break when an emergency situation occurs or when they are deployed to another building and lose these breaks or lunch. Nurses can flex time for breaks and lunch if possible but this will be done without compensation.

E. Nurse will be paid for extra coverage before or after school.

F. Nurses may be assigned this extra coverage by any supervisor or district designee.

G. Nurses will be compensated for mileage per the standard district policy on travel for all employees.

12.3 Health Clinic -- Nurse Practitioner

B. Malpractice insurance for the nurse practitioner will be paid by the nurse practitioner.

12.4 Day Limit -Per Year

The work year for teachers may exceed the pupil school year by one (1) day; however, in no case shall the teachers' work year exceed 186 days.

12.5 Orientation and Professional Development Days

A. District New Teacher Orientation: As a condition of employment, any first year teacher shall be required to attend up to five (5) days of orientation training during the summer or the earliest convenient time for the District.

B. New Teacher Orientation: (See Section #7.3)

The Association will be given a minimum of one (1) hour but no more than two (2) hours during new teacher orientation. The Superintendent will need to approve the second hour of time for payment and its curriculum before the Association may proceed with this session.

The Association will give the Superintendent a copy of the curriculum that will be covered with new teachers.

The administration has the right to sit in all Association directed sessions on this stated curriculum.

The Association agrees that all new teachers will commit to a voluntary, non-paid day by the District so that new teachers may fill out all required paperwork for employment in Jamestown Public Schools and listen to presentations about health insurance, credit union, tax-sheltered annuities, etc.

C. The District may identify a required staff development workshop. The District will schedule this workshop a minimum of three (3) times during the school year and two (2) of these will be during the school day for the convenience of participants.

D. The time and duration of orientation or training days shall not exceed the typical school day.

E. Compensation for such days shall be at the agreed upon rate set forth in Appendix D. The rate per hour or any portion of an hour for all orientation and staff development workshops, up to four hours, throughout the school year will be applied.

F. The length of all workshops, both as to days and hours, will be posted, as well as notification that they will be paid at the negotiated rate.

G. Voluntary participation in Workshop and Training Sessions

2. Such workshops and training are subject to approval by the Superintendent.
3. Teachers may volunteer for participation in these workshops and training and, with the approval of the Superintendent, the District will pay expenses and may provide a stipend for attendance.
4. The number and amount of stipends will be set by the District and may vary from event to event depending upon the availability of funds.
5. Such expenses will include: Registration, travel, and room and board as approved by the Superintendent.

12.6 Half-Day Dismissals:
The District will provide half-day dismissals throughout the school year in accordance with applicable Commissioner's Rules and Regulations (Section 135), applicable education law (3604) or other New York State laws. The District will grant the following number of half-days each year for the purpose of parent conferences, in-service, data analysis, program planning, etc.

- Elementary (10) – two of which are equivalent to one Superintendent Conference Day.
- Middle School (7)
- High School (0)

12.7 In-Service Days
At least two (2) inservice days shall be provided annually which shall be mutually scheduled and mutually planned subject to the approval and/or final determination of the Superintendent. The two (2) inservice days shall be designated on the calendar.

Teachers assigned by Administration to specific Inservice programs can request to attend other programs through their building principal.

In addition to the present programs, the Board will authorize a fund of $2,000.00 to be earmarked for local inservice training programs that are mutually agreed upon, thereby enabling additional staff members to participate.

In the event of a contemplated change, written notice thereof will be given by the last day of school.

When an extra curricular vacancy exists, of the eligible applicants who are certified and deemed qualified pursuant to Article 8.2 of the negotiated agreement by the appropriate administrator, members of the bargaining unit will be given preference over other candidates.

The district has the obligation to explain the rationale for exclusion of a bargaining unit member.

B. If a coach is deemed not to be meeting the district's expectations, the administrator will include in the season-ending evaluation a sentence similar to the following sentence:

"Your coaching performance does not meet the expectations and/or standards of the Jamestown Public Schools."

The preceding sentence or one like it is meant as a warning that the coach must take action to improve his/her performance or be in jeopardy of losing the coaching position following the next season.

C. If an occurrence occurs that is egregious in nature then management reserves its right to dismiss the coach at its will.

17.7 Schedules for Special Services

Home Teachers shall be compensated in the following manner:

1. Individuals in categories 1 and 2 shall receive the negotiated hourly amount.
2. Individuals/agencies in categories 3 & 4 shall receive an amount established by the Board of Education.

17.9 Proctoring Special Examinations

17.11 Salary of Temporary Appointments

Any temporary appointments for twenty (20) school days or more, to any and all promotional positions will receive the beginning salary normally paid for such positions.

17.12 Long Term Attendance Award

17.12.a Essential Elements: Effective July 1, 2012, there will be established an award for teachers based on their attendance during their careers in the District, as set forth in the following provisions. In order to be eligible for the award, a teacher must retire or resign from the District. The teacher must hold a full-time position, be in active service (or an approved leave of absence) and have actively served the District for a minimum of ten (10) years in the bargaining unit represented by the Association.

17.12.b Notification Requirement: A teacher who wishes to receive the Long Term Attendance Award must submit to the Superintendent of Schools an irrevocable letter of resignation no later than thirty (30) days prior to the effective date of the resignation/retirement. In the event a teacher does not provide such a letter within the stated timeframe, the teacher will forfeit his or her eligibility for the Long Term Attendance Award. (A six month notice is preferred by the District, though not a requirement for this award.)

17.12.c Calculation of Long Term Attendance Award Amount: The amount of the award is based on the number of sick days a teacher has earned but not used since July 1, 2012. Days earned and/or accumulated prior to July 1, 2012 are not used in the calculation. As of July 1, 2012 (or date after July 1, 2012, if an employee is first employed after that date), all teachers begin with zero days. Teachers may accumulate unused sick leave for the Long Term Attendance Award without regard to the 170 day maximum contained in Section 9.11. For teachers who meet the eligibility requirements of this section, the number of accrued but unused sick days at the time of their retirement will be used to calculate the amount of the teacher's award in accordance with the following schedule:

<table>
<thead>
<tr>
<th>Days</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>0 to 50</td>
<td>$ 0.00</td>
</tr>
<tr>
<td>51 to 125</td>
<td>$35.00</td>
</tr>
</tbody>
</table>
Days 126 to 200 $40.00  
Days 201 to 275 $45.00  
Days 276 to 350 $50.00  
Days over 350 $55.00  

For example, a teacher with 175 Long Term Attendance Award days would receive a total award of $7000 (175 X $40.00). A teacher with 233 Long Term Attendance Award days would receive a total award of $10,485 (233X $45.00). 

See example calculations chart in Appendix H 

17.13.d Form of Long Term Attendance Award. All Long Term Attendance Awards shall consist of a non-elective employer contribution to a 403(b) tax-sheltered annuity fund selected by the teacher from among the District-approved providers. In the event the teacher does not establish an eligible account which will accept the funds prior to the teacher’s effective resignation date, the teacher will forfeit eligibility for the Long Term Attendance Award. For those teachers eligible for the award, the District will use the common remitter to deposit the funds into the employee’s designated account between July 1 and September 30 or January 1 and March 31 following the effective date of the employee’s resignation. The non-elective employer contribution may not exceed the contribution limits outlined in the Internal Revenue Code, Section 415(c), and if they do exceed those limits, the District agrees to remit any remainder in the year(s) following the teacher’s resignation in accordance with the maximum amount permissible under the IRC limits. All benefits under the Long Term Attendance Award program are separate and apart from benefits teachers may receive in accordance with Section 19, Terminal Leave. See chart in Appendix J.

Dental coverage will be covered commencing July 1, 2008 through the Chautauqua County School District Consortium. 

B. The District will only offer the medical plans available through the Chautauqua County School Districts Medical Health Plan. 

C. Contribution Rates: The percentage contribution rates for monthly premiums shall be as follows: 
   Family: District 85%, employee 15%  
   Single: District 94%, employee 6%  
These percentages are in effect July 1, 2008 through June 30, 2011. Beginning with school year 2011-2012, the percentage contribution rates for monthly premiums shall be as follows:  
   Family: District 84%, employee 16%  
   Single: District 92%, employee 8%.  

D. All bargaining unit members are eligible for health benefits coverage under this Agreement. However, the above schedule of premium payments is applicable only to full-time teachers. For part-time teachers (i.e., those working less than the equivalent of six (6) student supervision periods per day) hired prior to January 1, 1995, the District shall make a monthly premium contribution on a pro-rated basis consistent with the teacher’s salary. Part-time teachers hired on or after January 1, 1995 shall not be eligible for a District contribution to insurance premiums (except for kindergarten teachers teaching half-time). 

E. Dental Insurance costs will be paid in full by the employees. 

F. Married Buy-Out Clause: Any teacher receiving health insurance benefits on April 1, 1997 or any teacher who first becomes eligible to receive such benefits after that date, may submit to the District written notice that the teacher wishes to withdraw from the health insurance plan effective on July 1 of any fiscal year. A teacher who submits such a notification and who remains out of the insured group for the entire school year shall receive...
prior to June 30 of the fiscal year a payment of $1,000 if the teacher previously had family or two-person coverage or $500 if the teacher previously had single coverage. In order to receive the payment, the teacher must remain out of the plan for the entire year and must not be covered under any health benefits plan paid for by the District. The teacher must, however, annually submit evidence of alternative coverage by means of certificate of coverage or active enrollment card. Teachers shall be eligible to return to the plan during the course of the school year only upon a showing of a loss of alternative health insurance coverage, in which event the teacher may re-apply for admission into the District’s health plan. However, re-entry into the plan at any time shall be governed by the determination of the carrier, and may subject the teacher to restrictions(s) on coverage for pre-existing conditions.

G. Release Time for Breast and Prostate Screening

1) When registering a leave of absence from his or her duties for the purpose of undertaking a screening for breast cancer or prostate cancer, members of the JTA will register a 1/2 of a sick day either by calling the AESOP system or by registering the absence online. The duration of the absence will not exceed 4 (four) hours.

2) Upon return from the screening, members of the JTA will provide the District’s Human Resources Department a medical notice of proof that a screening was performed within five (5) school days following the date of the absence.

3) Following the submission of the medical notice of proof that a screening was performed, the 1/2 sick day will be restored to the total allotment of the member.

4) Prostate/Breast Screening Form – found in Form Section.

H. The District shall assume 100% of the costs for the term life insurance ($40,000)

I. All benefits shall be in accordance with the District Plan Document.

J. Critical Illness Insurance

1) The employee may, at the employee’s expense, purchase critical illness insurance with limitations as established by the insurance carrier.

2) The District shall facilitate the enrollment for those employees interested in participating in this insurance offering by holding an open enrollment period and by allowing the employees’ payment of premiums made through payroll deduction.

3) The employee may, at the employee’s expense, purchase critical illness insurance for the employee’s spouse in amounts and within the limitations as established by the insurance carrier.

4) All critical illness insurance purchases will be on an after tax basis.

5) In offering the ability to obtain critical illness insurance, the District does not guarantee any time periods of coverage, payouts by the insurance company, or rates.

The District will distribute booklets summarizing the benefits to all eligible employees.

Teachers may use their insurance card or a letter from the Human Resources Office for admission to all sports activities and other non-fund raising events in the school district.

18.11 Section 125 Plan

(Internal Revenue Code of 1986, hereinafter referred to as the Plan) shall be established by the District to be effective upon acceptance of the plan document by the District.

A. Teachers may utilize the plan in accordance with the IRS rules for:

1. Accident and health plans including medical insurance, medical reimbursement, disability insurance, etc.
2. Group Term Life Insurance
3. Dependent Care Assistance
B. The plan year shall be from September 1 through August 31 of the succeeding year.

C. The District shall assume the administrative cost of the Plan. If and when the administrative costs for the Plan equals or exceeds $37 per employee for the plan year, the District's contribution to the Plan shall be decreased by $25 per teacher.

D. The District shall contribute $450 to the Plan for each full-time, full school year employee*:
In year 2011-12, the District shall contribute $525 to the Plan for each full-time, full school year employee. *
* The District shall contribute on a pro rata basis for part-time teachers and/or teachers employed less than ten (10) months.
Effective July 1, 1986, all part-time teachers (i.e. Those working less than the equivalent of six (6) student supervision periods per day) and/or teachers employed less than ten (10) months shall be eligible for a pro rata contribution from the District. Part-time teachers hired after January 1, 1995, shall not be eligible for flex plan benefits except kindergarten teachers teaching half time. All part-time teachers working prior to January 1, 1995, shall continue to be eligible for such benefits as specified above.

18.12 Supplemental Life Insurance

The employee may, at the employee's expense, purchase additional life insurance in amounts and with limitations as established by the life insurance carrier. The employee's ability to purchase additional life insurance does not impact on the Section 18.10H provision requiring the District to pay for $40,000 in life insurance.

The employee may, at the employee's expense, purchase life insurance for the employee's spouse and child or children in amounts and with limitations as established by the life insurance carrier.

All supplemental life insurance purchases will be on an after tax basis.

18.2 Payroll Deduction for Group-Life Insurance

The Board agrees to make appropriate arrangements, in cooperation with the Association negotiating unit, for the deduction from the salary of any member of the Association voluntarily applying for the NEA Life Insurance Program.

18.3 Tax Sheltered Annuity Program

The existing arrangements for payroll deduction from the wages of each teacher for tax shelter annuities will be continued provided that teachers enroll only in a program accepted by the Board.

Section 19 Terminal Leave

This article 19 applies only to teachers who, on October 21, 1988, were either on the District's active payroll or who were on unpaid leave of absence, and who meet the eligibility requirements of 19.1 of this agreement.

19.1 Requirements to Receive Terminal Leave Payments

Any teacher employed on a 10-month per year basis who gives written notice to the Superintendent:

1) Thirteen months ahead of such teacher's proposed retirement date, their notice of CONSIDERATION to retire with the proposed effective date of retirement, and

2) Six months ahead of such teacher's actual retirement date, their DECISION to retire with the actual date of retirement, shall be paid subsequent to said year of retirement any sums which may be due the teacher pursuant to Section 19.2 of this agreement. (Example: If a teacher is retiring June of 2009, CONSIDERATION must be provided by May 31, 2008, and DECISION must be provided by December 31, 2008). The teacher's decision shall be presented to the Board at its next regularly scheduled meeting.
All retiring teachers subject to terminal leave, shall have said incentive paid into the District's 403(b) governmental discriminatory plan. Such contributions will be paid as unearned income into the teacher's selected 403(b) discriminatory plan.

PAYMENT: Terminal leave benefit calculation is the teacher's number of “frozen” terminal leave days divided by 225 days times $28,500 with a maximum benefit of $28,500. Payment into the discriminatory fund shall occur between July 1st and September 30th after the teacher's retirement date.

19.2 Computing Terminal Leave Payment

If a teacher has 225 days or more of “frozen” terminal leave days accumulated as of the date of the teacher's retirement, the sum due to the teacher shall be $28,500. If a teacher has less than 225 days of “frozen” terminal leave days accumulated as of the date of the teacher's retirement, a percentage (“frozen” terminal leave days accumulated divided by 225) of $28,500 shall be due the teacher. For retirements effective after June 30, 1999, the maximum accumulation of terminal leave days for the calculation of the terminal leave payment shall be fixed for each teacher by the number of accumulated terminal leave days each has as of June 30, 1999, if a teacher retires after that date, the teacher's terminal leave payment shall be calculated based on the balance of terminal leave days accumulated on that date of the teacher's retirement or on June 30, 1999, whichever is less.

For clarification purposes, each school year seventeen (17) sick leave days are added to both accumulated sick leave and terminal leave balances. Sick leave days used throughout the school year are deducted from both the accumulated sick leave balance and terminal leave balance. If less than 17 days are used during the year, the terminal leave balance will remain “frozen” at the June 30, 1999 level. If more than seventeen (17) days are used during the school year, the terminal leave balance will reduce by the number of sick days used above seventeen (17) days. In the following school year, the new allocation of 17 days will be added which may restore all or a portion of the terminal leave days used. Effective each June 30th, the terminal leave days cannot exceed the amount “frozen” as of June 30, 1999. This section pertains to terminal leave accumulation, sick leave accumulation is detailed under Section 9.

For the 1998-99 school year and all school years thereafter, the contract limit shall be $28,500.

19.3 Special Exceptions

If in the final year of employment, if a terminal leave eligible teacher suffers a catastrophic event and if said catastrophic event results in excessive absences by the teacher which in turn results in a reduction in the amount of terminal leave benefit that the teacher would otherwise have received, then at the sole discretion of the Superintendent of Schools, an exception to the regular terminal leave calculation may be considered for said individual. Special exceptions will not be subject to the grievance procedure nor will any instance be considered “precedent setting”.

20. SHARED DECISION MAKING

20.1 The Association will use its best efforts to secure teacher volunteers to serve on the shared decision making committees of the District established pursuant to the Regulation of the Commissioner of Education, and such teacher volunteers will be approved by the Association President; provided that if the Association does not secure a volunteer for a committee position, the District may request a teacher to serve on the committee, and that teacher shall be subject to approval by the Association President. Approval of committee members by the Association President will not be unreasonably withheld.

20.2 Shared Decision Making plans which require a latitude which exceeds the parameters of the negotiated agreement must first obtain a waiver of the Contract from the Association and the District prior to implementation of said plan. Waivers must be reviewed for renewal on an annual basis.

20.3 Waivers from the contract for Shared projects shall be valid for one school year and shall apply to one site without precedence.

20.4 The SDM model is named the Student Achievement Improvement Process and includes setting of goals, establishing critical indicators of students' progress, analyzing student and pedagogical data, go forward plans, action plans, marking period reports, and the documentation thereof. The following items have been agreed to so that the SDM model is implemented;
All Association leadership will fully cooperate and collaborate among themselves and with respective administrators to accomplish the objectives of the SDM model.

The Association leadership also agree to give the District complete flexibility at three (3) faculty meetings or three (3) elementary grade level meetings or three (3) team planning meetings or three (3) department meetings to carry out the analysis of student achievement data and related SDM model initiatives. Additional meetings may be necessary in schools of need and these will be jointly scheduled between the Association building representatives and their respective principals.

The Association leadership agrees to cooperate, encourage membership on a rotating basis, and collaborate in good faith to ensure that a Shared Decision Making Team be established that is practicing the Student Achievement Improvement Process (SAIP) at Jamestown High School.

21. MENTOR TEACHER

21.1 The District shall create a position of Mentor-Teacher in each Discipline/Grade level on an as-needed basis. A Mentor-Teacher will assist probationary and/or teachers in need of formative assistance in developing sound pedagogical skills.

21.2 A teacher volunteer selected by the group to serve as a Mentor-Teacher may be provided release time from normal instructional duties as determined by the Superintendent.

21.3 The observations and/or critiques of the Mentor-Teacher shall be strictly confidential between the Mentor and Mentee.

21.4 The Mentor-Teacher shall not contribute to nor participate in any summative evaluation. They shall not participate in any proceedings dealing with the competence of their Mentee which might require that the Mentor disclose observations or opinions which were formed during the Mentor-Mentee relationship.

21.5 The Superintendent shall select Mentor-Teachers after consultation with the Association President.

Appendix G. Temporary Personnel

TEMPORARY PERSONNEL

District's needs may sometimes require temporary appointments. The terms of these appointments shall be defined by the Board of Education on a case by case basis.

Student Teachers

The Jamestown City School District shall cooperate with teacher training institutions in the placement of student teachers in order to provide beginning teachers with the best possible student teaching experience.

Student teachers shall be protected from liability for negligence or other acts resulting in accidental injury to any person by the School District, as provided by law.

Substitute Teachers

There are two types of substitute teachers in the Jamestown School System; the day-by-day substitutes and a long term substitute.

The day-by-day substitute is a teacher who will be called upon to teach one day, a part of the day, or an indefinite number of days, but not as much as a period of ten consecutive weeks.

A day-by-day substitute teachers employed in the system as a substitute will be paid a daily rate determined by the Board.

A long term substitute is a teacher who teaches for a period of ten weeks or more or who teachers at least the final six weeks of the school year and finished the year's work of the teacher for whom he/she is substituting. Benefits provided these substitutes shall be the rate of the annual salary he/she would receive if employed as a regular teacher. Holidays which fall during the employment period as a long-term substitute are paid. Contributions are paid to the New York State Teachers' Retirement System. Sick leave is earned at the rate one day for each month of teaching, including one-half personal day following ten (10) weeks of teaching. Substitutes are not provided insurance benefits.

In cases where it is not expected that the substitute will be required to teach ten weeks or more (six weeks including close of school) the teacher shall be employed on a day-to-day substitute basis. If at any time while he/she is teaching, it is determined that he/she will be required to teach at least ten weeks (or six weeks including the close of school), he/she shall at that time be placed on a long-term substitute basis.

A substitute appointed for a full school year shall receive health benefits as outlined in #1.13 of this agreement.

The Board of Education shall annually establish the ordinary rate for per diem substitute teachers.

Appendix H - Length of Service

In determining length of service when selecting teachers for summer and for evening school, the following priorities shall prevail:

a. Teachers who are regularly employed in the Jamestown Public Schools and who have been continuously employed by the summer or evening schools.

b. Teachers who are regularly employed by the Jamestown Public Schools and who have been previously, but not continuously, employed by the summer or evening schools.

c. Teachers who are regularly employed by the Jamestown Public Schools and who have not been previously employed by the summer or evening schools.

d. Teachers who are not regularly employed by the Jamestown Public Schools and have been continuously employed by the summer or evening schools.

e. Teachers who are not regularly employed by the Jamestown Public Schools and have not been regularly employed by the summer or evening schools.

Continuously employed shall mean years of consecutive summer or evening school service, except that after three-or-more year period of consecutive service, a teacher may elect to miss one year’s service without loss of continuous service status.

Length of service within each priority category listed above shall be achieved within a single subject area, and the transfer of length of service to a new subject area shall be granted only if the teacher has been actively engaged (major assignment) in the subject area during the regular school year preceding the session in which the transfer is to become effective.
GUIDELINES FOR THE
COACHING REQUIREMENTS

Regulations of the Commissioner of Education

Section 135.4 (c) (7) (i) ©

And

Section 135.5
PURPOSE

In order to help provide a safe environment and successful experience for boys and girls who participate on interscholastic teams, Section 135.4 (c) (7) (i) of the Regulations of the Commissioner of Education pertaining to physical education include certain minimum requirements for a person to be employed as a coach of an interschool athletic team (see Appendix A). This includes all head coaches and assistants for varsity, junior varsity, freshman and junior high (modified) teams of public schools.

Many times a person who would like to coach an interscholastic athletic team has little or no preparation to teach sport skills and techniques. The only qualification is often the person's participation on a college or university team, coach of a community youth team or perhaps experience as a professional player. While such experience is valuable, it does not constitute an adequate preparation for coaching an interschool team as an integral part of the school physical education program. Courses in techniques of coaching specific sports are necessary for persons not trained and certified as physical education teachers.

The coach needs to possess an understanding of the social, moral and physical values inherent in secondary school athletics. The coach needs to be aware of the basic philosophy and principles of athletics as integral parts of physical education and the total educational program for children. The coach needs to know the various regulations and rules governing athletics so that the decisions a coach makes will not adversely affect the eligibility of the students or penalize students unfairly.

A man or woman who coaches an interschool team must be capable of protecting the health and well-being of the students by having knowledge of the structure and function of the human body. A coach must have a working understanding of how to properly condition athletes and prevent injuries as well as recognize, evaluate and follow the proper course of action when injuries do occur.

The course requirements in the Regulation of the Commission of Education are intended to provide a person with an understanding of the basic philosophy and principles of athletics in education, the health related aspects of athletics and the techniques used to coach a specific sport.

WHO SHALL MEET THE REQUIREMENTS?

Regardless of the experience or teaching certificates a person may have, Stated Education Law, Article (6), Section 3001b, requires that a person employed as a coach of an interschool athletic team must hold valid first aid skills and knowledge certification (minimum of 12 hours initial training, valid for 3 years); and adult CPR certification (minimum of 4 hours training, valid for 1 year). Training courses are conducted by the American Red Cross, American Heart Association, National Safety Council, and New
York State Education Department approved agencies. First Aid and CPR certification must be approved prior to the first day of practice. The equivalent requirements such as sports medicine and athletic training courses are discussed later in these guidelines.

In addition to the first aid certificate, all coaches or interschool teams must meet part or all of the course requirements in a pre-service and/or in-service program. Which requirements apply to the individual coach depend upon the nature of the sport to be coached and the coach’s previous experience, training and basic teaching certificate. Potential secondary school coaches may possess three different backgrounds: (1) a certified physical education teacher; (2) a teacher certified in an area other than physical education, e.g. English, mathematics, or (3) holds no teaching certificate and must qualify for a Temporary Coaching License.

The following should be noted for each type of background:

1. **Certified Physical Education Teachers.** A person who holds a valid certificate to teach physical education in New York State may coach any sport in any school, but must meet the first aid requirements prior to starting to coach.

2. **Other Certified Teachers.** Coaching a secondary school athletic team is considered teaching physical education. However, a person who holds a valid teaching certificate in an area other than physical education may also be employed to coach. The person may either complete appropriate courses or meet the provisions of the “grandfather” clause, as noted below. The “grandfather” clause qualifies a teacher under Section 80.2 (c) of the Regulations of the Commissioners of Education to do incidental teaching (coaching) in an area other than the one for which the person holds a certificate.

In addition to the first aid requirement prior to starting to coach, the certified teacher must (a) complete an approved course in philosophy, principles and organization of athletics in education within two years from the date of employment as a coach; (b) complete a course on health sciences applied to coaching within three years of employment as a coach; and (c) also, within that same three years, complete a course on theory and techniques of coaching the sport or sports for which he/she is employed. A coach of a non-strenuous non-contact sport is not required to take the last two courses on health sciences or theory and techniques courses (see Appendix B – Course Outlines).

An extension of up to two additional years to complete the last two courses may be obtained if there is sufficient reason given for an extension (see Appendix C – Application Form for an Extension).

A certified teacher in New York State, appointed by a board of education as a coach at a New York State secondary public school prior to September 1, 1974, qualified for a “grandfather clause”. A teacher may be appointed to
coach any sport in the school district where he or she is under contract as a classroom teacher and only needs to meet the first aid requirement in order to continue coaching in that school district. A teacher who qualifies for the “grandfather clause” may continue to coach any sport in the district from which he or she retired as a classroom teacher.

A certified teacher does not need to apply for a Temporary Coaching License.

It is the responsibility of the school administration to monitor and require certified teachers to meet all requirements to coach.

3. Non-teacher Coaches. A person who does not hold a current New York State teaching certificate (e.g. physical education, English, mathematics) may be employed as a temporary coach only if there are no certified teachers available with experience and qualifications to coach the team. The non-teacher coach must obtain a Temporary Coaching license from their school district’s BOCES (Board of Cooperative Educational Services) and meet all of the same course requirements for coaching as does the certified classroom teacher. However, the non-teacher coach must have completed or be enrolled in an approved course in philosophy, principles and organizations of athletics if they apply for a renewal. There is no provision for an extension of time for non-teachers to meet course requirements.

In order to obtain the initial Temporary Coaching License, evidence of appropriate first aid certification within the past three years must be included with the application. The application fee must be submitted with each application (see Appendix D – Application for a Temporary Coaching License). A license to coach more than one sport can be requested on one application for a single fee. Applications for subsequent annual renewal of a Temporary Coaching License must be accompanied by evidence of satisfactory progress towards completion of the remaining coaching courses.
Questions Most Asked About Coaching Certification

1. Can those individuals who are certified to coach under the grandfather clause (coaching prior to September 1, 1974) coach any sport in any school in which they are currently teaching?

Answer: Yes. If you are grandfathered in one district and transfer to teach in another district, you are still qualified. Exception: If you are grandfathered in one district and teach in that district and wish to coach in another district where you are not teaching, you are not qualified under the grandfather clause.

2. Two people are applying for a coaching position from outside the district. One is a certified teacher and the other is not. Do you have to hire the certified teacher?

Answer: Yes. The regulations state that you may only use a non-certified person if no certified teacher is available.

3. What are the procedures for obtaining a temporary coaching license and a professional coaching certificate for non-teacher coaches?

Answer: On February 5, 2001, the New York State Board of Regents approved an amendment to section 135.4 of the Commissioner's Regulations to establish a three-year renewable professional coaching certificate. The amendment became effective on March 1, 2001.

The amendment allows non-teacher coaches to be issued a professional coaching certificate once they have met the following requirements:

- Completed the first aid and CPR requirements set forth in section 135.4;
- Completed the three course requirements established for coaching by the State Education Department (Philosophy, Principles and Organization of Athletics in Education; Health Sciences Applied to Coaching; and the Theory and Techniques of Coaching); and
- A minimum of three years coaching experience in a specific sport in a New York State interschool athletic program.

A professional coaching certificate will be valid for a three-year period and may be renewed for an additional three-year period upon the submission of a renewal application in a form prescribed by the Commissioner.

A school district that employs an individual as a coach pursuant to a professional coaching certificate must ensure that the principal or athletic director responsible for supervision of that individual conducts an evaluation during each year in
which the non-teacher coach is employed. This evaluation should occur at the end of the season for the specific sport.

The professional coaching certificate review and approval process will be conducted by each Board of Cooperative Educational Services (BOCES) Teacher Certification Unit. The review and approval process related to non-teacher temporary coaching licenses remains the same. Any non-teacher coach who has not fulfilled the three State Education Department coaching courses and does not have three years coaching experience in a specific sport must continue to apply for a temporary coaching license at the BOCES through established procedures.

4. How many years does a certified teacher have to complete the coaching certification courses?

Answer: All courses must be completed by the end of the third year unless you have an extension approved by the State Education Department (see Appendix C under coaching requirements).

5. How many years does a certified teacher have to complete the Philosophy and Principles course?

Answer: Within two years of his/her initial appointment.

6. If a non-certified person comes from another school district and has never taken any approved coaching courses and has not had a temporary coaching license, can he/she be considered for their initial coaching position in your district?

Answer: Yes. As far as you know, he or she has never coached before. You should have them apply for a temporary coaching license as if this were his/her first coaching assignment.
