Buffalo’s Agricultural Economy since the Great Recession

Abstract
In August 2017, The Worker Institute convened high level leaders over the course of two days, around a discussion of Buffalo, NY Since the Great Recession. With presentations, panels, and a visit to the UAW Local 774, participants gained a deeper understanding of the economic restructuring that followed the Great Recession and where this large metropolitan area stands today. Here, you will find links to the resources that were presented during this two day convening.
