EISNER FOOD STORES

URW CONTRACT
January 21, 1974

JAN 31 1974

Attached are improvements in the Wage portion of the URW Contract Local 595. These rates became effective on December 30, 1973, but because of the short holiday weeks and the press of year-end business, they were not implemented until the week beginning Sunday, January 6, 1974. The pay vouchers received on Friday, January 18th, reflected the increases. Back pay for all hours worked during the first week of the year will be paid as soon as practical.

If you have questions regarding the new wage schedule, refer them to your resident supervisor/store manager or the personnel department.

RE: URW Local 595 - Eisner Wage Reopener

On January 9, 1974, we arrived at a settlement with the URW for a wage adjustment pursuant to the reopener provision of the contract in effect.

1. TERM: This settlement is for an adjustment in pay rates only for the period December 30, 1973 through July 27, 1974 when the entire collective bargaining agreement expires. It should be noted that the control year for wage stabilization purposes is December 31, 1973 through December 30, 1974. The new adjustments, together with previously negotiated improvements in holidays and vacations constitute a full 5.5% increase for Wage Stabilization purposes so that absent a relaxation of wage controls of the food industry, no further increases will be permitted for the remainder of the control year.
2. WAGES: The new wage rates and incremental increases represented thereby for both new hires and present employees are set forth on Appendix A attached hereto.

The adjustments are retroactive on all hours worked (including vacation and holiday pay, but excluding disability pay) to and including December 30, 1973, payable to all employees in service on January 13, 1974. The new rates and retro pay should be implemented immediately.
