## PART I: CONDITIONS OF EMPLOYMENT

### A. Benefits.

Members of the New Hartford Teachers' Association - Administrative Group, both tenured and non-tenured, shall be eligible for all benefits and rights extended to other professional employees of the District under terms of the existing contract between the Board and the New Hartford Teachers' Association, with the exception of the Grievance Procedure and the salary provisions which are agreed to in Part II of this contract.

### B. Grievance Procedure,

#### 1. Definition.

a. "Grievance" shall mean any dispute or controversy concerning an alleged violation of this contract or the rights extended to administrators under the above (Benefits) clause.

#### 2. Procedures.

a. In the case of any dean of students, he will discuss it with his building principal to try to resolve the matter informally. Other administrators will try to resolve the matter informally with the superintendent.

b. The aggrieved party not satisfied with the decision in Stage (a) may, within a reasonable time, inform the superintendent of his intent to start formal proceedings. The superintendent shall hold a hearing and render a decision within seven (7) school days.

c. If the aggrieved party is not satisfied with the decision of the superintendent, he may file an appeal, in writing, with the President of the Board of Education within ten (10) school days after receiving the decision of the superintendent. Within ten (10) school days after receipt of an appeal, the Board of Education, or a committee of the Board, shall hold a hearing in executive session on the grievance.

Within ten (10) school days after the conclusion of the hearing, the Board of Education shall render a decision, in writing, on the grievance.

### C. The Building Principal.

1. The building principal is responsible to the superintendent and has primary

responsibility for the building to which he is assigned.

2. The Board of Education and the superintendent realize that, in order to discharge the responsibilities incumbent upon him, the building principal must have commensurate primary authority in his building. To this end, it is expected that the actions of each principal will conform to established and stated policies of the Board and the regulations of the superintendent. In emergency and crisis situations not covered by policy and when it is impossible to obtain direction from the superintendent, the principal is empowered to act according to the dictates of his professional judgment. Any action taken on this basis is subject to review and modification by the Board and superintendent.
3. The building principal will be consulted regarding all educational matters concerning staff, programs, organization, administration and implementation thereof. The superintendent and the Board retain ultimate decision-making authority in such matters in conformity with the provisions of the Education Law.
4. All building principals will be consulted regarding the identification, design and implementation of system-wide programs, and that the identification, design and implementation of programs which will take place in the building each administers. The Board and the superintendent retain ultimate decision-making authority in such matters.
5. Potential candidates for teaching positions and/or extra duty assignments will be interviewed by building principal in whose building a vacancy exists and where applicable by other appropriate administrators. Recommendations about such candidates will be considered by the superintendent before he makes his recommendations to the Board of Education.

1. It is understood that all New Hartford administrators are responsible for their customary duties during holiday periods of the instructional staff. All

administrators recognize an obligation, during holiday and vacation periods, to devote the time necessary to carry out the duties required by their job descriptions. All administrators are entitled to established vacation and holiday periods subject to the aforementioned constraints and the specific requests of the superintendent.

2. Administrators may use three personal days which can be taken regardless of the school calendar upon approval of the superintendent. These days would not be in addition to any leave days granted under the teachers' contract.

## **PART II: SALARY PROVISIONS**

- A. Salary provisions will apply to the administrative group which is composed of:

Senior high school principal

Junior high school principal

Instructional Technology Specialist

Elementary school principal

High school dean of students

Junior high school dean of students

Director of Student Services

1. The amount of funding available for increases will be based on the percentage increase of the fifteen highest paid teachers in the current year of the agreement, which percentage increase shall be increased by .1 per cent for 1998-99 and 1999-2000. The salary notices in the current year would be used for comparison with the salary notices for the previous year. The comparison would be based on using the same components (i.e., advisor's stipend, hours, master teacher) for the total compensation of each teacher. This means that the same advisor position and hours would be used for comparison in each year. If there is a change in the components between years, the components in the first year would be used for comparison.

The percentage change for each of the fifteen teachers would be added together and divided by 15 to determine the percentage change. The percentage increase would be rounded up if .05 or above and rounded down if .04 or below. This percentage would be applied to salaries of

eligible administrators (Appointees in the current year are not included.) to determine total dollar amount. The total dollar amount would be applied to the eligible administrators according to an agreement between both parties.

**EXAMPLE OF SALARY PERCENTAGE CALCULATION:**

Teacher A

	<u>95-96</u>		<u>96-97</u>	<u>Difference</u>
Base	\$45,000		\$46,500	\$1,500
MT	1,200		1,200	0
Hours (30x\$64)	<u>1,920</u>	(30x\$72)	<u>2,160</u>	<u>240</u>
Total	\$48,120		\$49,860	\$1,740

What percentage of \$48,120 is \$1,740?

Answer = 3.62%

\* \* \* \* \*

Teacher B

	<u>95-96</u>		<u>96-97</u>	<u>Difference</u>
Base	\$52,000		\$53,500	\$1,500
MT	1,200		1,200	0
Hours (60x\$64)	3,840	(60x\$72)	4,320	480
Coaching			<u>1,800</u>	<u>0*</u>
Total	\$57,040		\$60,820	\$1,980

\* Not to be factored

What percentage of \$57,040 is \$1,980?

Answer = 3.47%

Average the Percentage Increase of Both Teachers = 3.54%

Round to 3.5%

Add .1 (Yielding 3.6%) for 1998-99 or 1999-2000 only, but not for 2000-01

Apply the Percent Increase to Each Administrator's Current Salary

2. Each unit member will receive \$215 for 1998-99, 1999-00 and 2000-01 for health insurance. This applies to all unit members.

3. A performance based growth and merit program will be offered at five year intervals beginning at year five in New Hartford for the administrator (i.e., years 5, 10, 15, 20, 25). At years five and ten, the compensation is a maximum of \$1,500 per person which will be added to the base salary. At years 15, 20 and 25, the compensation is a maximum of \$2,000 per person to be earned as a one time stipend that does not become part of the base salary. Current administrators would be placed on a career stage based on their total years of service in the district as of July 1996. For the first time of participation in the program, each administrator would be eligible to have compensation up to \$1,500 added to the base salary.

The purpose of this program is to provide for an incentive that will provide renewal and encourage more and better work that results in improved student learning.

Career Stages:	Probationary (years 1-3)
	Career Stage (years 4-10)
	Performance incentive at years 5 and 10
	Senior Stage (years 15 on)
	Senior incentive at years 15, 20 and 25

The program will be built on the existing goal setting program and will be in addition to yearly administrative goals with objectives that directly relate to the District's standards, mission and goals of the Board of Education.

The objectives will be specific and measurable. The goal is to attain these objectives by the end of the designated year, but they can remain on-going until completed. If there are multiple objectives, completion of some objectives would result in a prorated payment of stipend or additional base salary at that time. At the career stages, the objectives should be primarily directed to the administrator's building. At the senior stages, the objectives should be both building and district oriented.

The objectives will be developed collaboratively by the administrator, the assistant superintendents, and superintendent. As part of the evaluation process, the assistant superintendent and administrator will evaluate how the objectives have been met. The superintendent then determines the performance award for the next year. The superintendent will provide a summary of goal accomplishment and decision to the Board prior to making the award.

This program will be reviewed when the agreement ends and will sunset in 5 years.

- B. There would be no compensation for additional graduate hours, except as provided in Part IV.
- C. All administrators will work a twelve month school year with a four week vacation period.
  - 1. A yearly vacation schedule will be submitted by July 1 with designated vacation days.
  - 2. By June 30 of each year, a final list for the current year of used and worked vacation days will be submitted to the superintendent.
  - 3. There will be no carry-over of vacation days for application of this clause.
  - 4. If a designated vacation day is being worked and another vacation day is not taken in its place, the superintendent will be notified, in writing, for the vacation day that is being worked, the associated reason and the number of vacation days remaining.
  - 5. The District will pay 1/240 of annual salary for each vacation day that is worked to a maximum of five days per year. Effective in the 2000-01 school year, the maximum shall be increased to 6 days per year for administrators with more than 5 years of service, and to 7 days per year for administrators with more than 20 years of service.
  - 6. There will be two dates for submission to the superintendent for approval of vacation days that have been worked for payment:
