Discussion of New White Paper Draft

Reviewed the revised White Paper that had been sent to the steering committee members by Bjorn. Discussed revisions to Footnotes 1 and 2. Discussed the rationale for the change in the Affiliation with the Consortium section. The change approaches affiliation with the group as an initial welcoming step as opposed to an all encompassing participatory step. It is meant to encourage participation.

Action: Committee should review it once more prior to adoption. Comments on the draft should be addressed to Bjorn by June 15th if possible.
**Organizer Position:**

Job description and tasks of Consortium staff person are outstanding. Bjorn has requested the committee review the description and provide comments to him.

**Consortium Timeline:** Purpose would be to establish a goal for the launch of the consortium. Discussion of timeline involved the subject of funding for organizing members. The goal is to obtain a one-time initial fee to enable $60,000 to be accumulated to fund Phase I. The committee approved a proposal to complete Phase I by May 2008.
