Part-Time Toll Collectors and other employees appointed to their positions with the Authority on or before October 20, 2005 are not considered "employees new to the Authority" for the purposes of Welfare Fund contributions and will not contribute to the Welfare Fund upon becoming eligible to participate in the Welfare Fund provided such employee has had continuous service with the Authority between October 20, 2005 and the date of eligibility for the Welfare Fund.

The term "employee" shall mean each employee in this Negotiating Unit eligible to participate in the New York State Health Insurance Program. The term "employee" shall not mean seasonal employees, employees whose employment is expected to last less than 60 days or retirees.

The Teamsters Local 72 Welfare Fund will provide the following information to the Authority's Director of Labor Relations:

(d) 7 Day Rotating Shift, Night Shift Differential Pay
(e) 7 Day Rotating Shift, Night Shift Differential Pay, Check-Out Time Pay

(F) The hours of work, rest period, lunch period and actual total elapsed hours for thruway maintenance workers are those of the section highway, division highway, or bridge maintenance work unit where the thruway maintenance worker is assigned. The parties agree thruway maintenance workers working on a project during straight time working hours are a part of the crew for the purposes of the distribution of bridge overtime pursuant to Article 16.H.
11.A. 2. It is also agreed that this schedule will remain in effect for all such employees so long as they occupy their present positions, except that:

a. as to any non-shift employee, the Authority may increase or decrease the lunch period by up to 15 minutes, with corresponding alteration in the starting and/or stopping times of such employees provided that no lunch period will be less than 30 minutes.

b. as to any employee, the Authority may advance or retard the starting time as late as 9:30 a.m. or as early as 6:00 a.m. with a corresponding alteration in the stopping time of such employee.

c. as to all employees, upon unanimous agreement of the employees in any work unit and their supervisors, they may work fewer days of longer hours.

3. All present and newly created positions in presently existing or reclassified titles in this Negotiating Unit will be on a Monday through Friday schedule with starting times between 6:00 a.m. and 9:30 a.m. except where comparable, associated or related positions in those or other titles exist which, on the effective date of this Agreement, vary from the above criteria, and except as the parties may from time to time hereafter otherwise agree.

4. It is specifically understood that the establishment of special schedules for employees in this Negotiating Unit is not intended and will not be for the purpose of avoiding short-term overtime payments.

5. The parties agree that compensation for authorized overtime worked will be paid at a rate one and one-half times the employee's annual salary divided by 2,000 to any employee in this Negotiating Unit in Salary Grade 23 or below for any hours worked in excess of the employee's normal work day or shift.

6. Compensatory Overtime

Employees (except Toll Collectors, Part-Time Toll Collectors and Radio Dispatchers) may choose to receive compensatory time in lieu of cash payment for overtime. Compensatory time shall be earned at the rate of one and one half hour per hour of authorized overtime work for which the employee would be eligible for an overtime cash payment. Use of compensatory time is subject to supervisory approval. Accumulation of compensatory time is limited to two-hundred and forty (240) hours. Such accrued time shall not expire and will be paid upon separation from this bargaining unit. As far as practicable however, compensatory overtime will be used prior to transferring from the work unit.
11.B. Emergency Call-Out

The parties agree that any time worked by an employee in this Negotiating Unit who is called out in an emergency before or after their regular working hours, when such time worked does not extend into and is not a continuation of the employee's regularly scheduled shift or work day, will be paid at the employee's overtime rate of pay for a minimum of four hours. If an employee is called out in an emergency more than once in a four-hour period, the employee will be paid at the overtime rate for a minimum of four hours for the last call-out and for the time actually worked on the preceding call-outs.

11.C. Meal Allowances for Overtime Work

The parties agree that effective July 1, 2008 a $6.00 meal allowance will be paid to employees in this Negotiating Unit for overtime worked in accordance with the Meal Allowance Rate Schedule set forth below.

Where a maintenance employee's regular shift or workday begins at 7:30 a.m. during the winter maintenance season, this number is to read "7.5" for hours worked before regular shift or workday.

NOTE: Overtime hours worked which are interrupted by the employee's normal workday are not continuous overtime hours for the purposes of this section.

An employee who works three hours of continuous overtime immediately before the employee's regular shift or workday and an additional three hours of continuous overtime immediately after the employee's regular shift or workday shall be provided two meal units.

Such overtime meal allowance will be paid 16 days after the end of the pay period in which the overtime was worked.

ARTICLE 12
Leave With Pay

12.A. Holidays

1. The parties agree that all employees in this Negotiating Unit will receive leave with pay for each of the following 12 holidays: New Year's Day, Martin Luther King Day, Lincoln's Birthday, Presidents' Day, Memorial Day, Independence Day, Labor Day, Columbus Day, Election Day, Veterans Day, Thanksgiving Day and Christmas Day. For non-shift personnel, excluding seven-day rotating workday personnel, holidays falling on Saturday will be observed on Friday, and holidays falling on Sunday will be observed on Monday. For personnel working seven-day rotating work days, holidays will be observed on the calendar day on which they fall. Schedules in which a holiday falls will be adjusted so that no employee's pass day and holiday coincide. Those seven day rotating work day personnel scheduled to work the holiday will be compensated at the rate of time and one-half for hours worked (see Appendix B for example). For shift personnel, equivalent time off for each holiday will be provided in shift schedules, and holidays will be observed on the calendar day on which they fall.
2. The Authority may, at its option, designate up to four floating holidays in a contract year (July 1 - June 30) for all employees except toll, dispatchers, construction equipment operators light, construction equipment operators heavy, thruway maintenance workers, BRIDGE REPAIR MECHANICS and Motor Vehicle Operators (only those assigned to toll) in lieu of four of the holidays set forth below. Employees shall have the opportunity to select on an individual basis the dates upon which such floating holidays shall be observed by them, consistent with the reasonable operating needs of the Authority. The Authority's designation of the holidays to be floated shall be announced in July.

The holidays that may be designated as floating holidays are as follows:

Lincoln's Birthday
Presidents' Day
Columbus Day
Election Day

The floating holiday(s) may be used prior to the actual date(s) of the holiday(s). Employees, except those who are required to punch time clocks, shall have the right to use accumulated floating holiday credits in not less than one-quarter hour units. Employees who are required to punch time clocks shall have the right to use accumulated floating holiday credits in 0.3, 0.5, or 0.8 units.

3. The parties agree that the employees in this Negotiating Unit will be granted any special holiday declared by the Governor for State employees.

12.B. Vacation (Annual) Leave

The parties agree that the crediting, accrual, and use of vacation leave for employees in this Negotiating Unit will be administered as follows and, where appropriate, in accordance with the "Procedure for Granting Vacation to Uniformed Employees of the Bureau of Toll Collection":

1. Employees with no previous State or Authority service who enter Authority service on or after January 1, 1957, will, upon completion of 13 biweekly pay periods of service, be credited with 6.5 days of vacation. Thereafter, each such employee will earn and accumulate vacation credits at the rate of one-half day per biweekly pay period until such employee has completed seven years of continuous service. An employee will not earn vacation credit for any biweekly pay period during which the employee is in less than full pay status for more than five work days.
12.B. 2. Employees who enter Authority service on or after January 1, 1957, will also earn on January 1 of each year, additional vacation in accordance with the following schedule:

<table>
<thead>
<tr>
<th>Completed Years of Continuous Service</th>
<th>Additional Vacation Credits Earned</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>1 Day</td>
</tr>
<tr>
<td>2</td>
<td>2 Days</td>
</tr>
<tr>
<td>3</td>
<td>3 Days</td>
</tr>
<tr>
<td>4</td>
<td>4 Days</td>
</tr>
<tr>
<td>5</td>
<td>5 Days</td>
</tr>
<tr>
<td>6</td>
<td>6 Days</td>
</tr>
<tr>
<td>7</td>
<td>7 Days</td>
</tr>
</tbody>
</table>

3. During the second through the seventh year of continuous service, one-half of the additional vacation credits earned during the current year of service will be credited on the first day of the pay period that includes July 1 and the remainder in the pay period that includes the next succeeding January 1. Compensation will be granted for these credits in the event of layoff, military leave or death of an employee. Furthermore, credits not to exceed the number of additional vacation credits earned for the previously completed year of service, and in proportion to the number of pay periods served during the current year, may be advanced to an employee to cover necessary absences where no other credits are available. Following the January 1 on which an employee has earned seven days of additional vacation credits, the employee will then earn vacation for completed biweekly pay periods at a rate which will equal 20 days for 26 such pay periods.

4. Employees having 20 or more years of continuous Authority and/or State service, and who are entitled to earn and accumulate vacation credits, will earn additional vacation credits as follows:

<table>
<thead>
<tr>
<th>Completed Years of Continuous Service</th>
<th>Additional Vacation Credits Earned</th>
</tr>
</thead>
<tbody>
<tr>
<td>20 to 24</td>
<td>1 day</td>
</tr>
<tr>
<td>25 to 29</td>
<td>3 days</td>
</tr>
<tr>
<td>30 to 34</td>
<td>4 days</td>
</tr>
<tr>
<td>35 or more</td>
<td>5 days</td>
</tr>
</tbody>
</table>
Employees who complete 20 years of continuous Authority and/or State service will be credited with one additional vacation day on the first day of the payroll period that includes January 1 or July 1 which immediately follows their anniversary date. Therefore, if there is no break in continuous service, they will receive one-half of their entitlement every six months. The crediting day is the first day of the payroll period that includes January 1 and July 1.

NOTE: A seasonal employee does not earn accruals while serving in a seasonal position. However, such seasonal service counts as service credit when the employee becomes either a temporary or permanent employee provided there has been no break in service.

12.B. 5. Continuous service for vacation purposes is continuous employment with the Authority from the date of first appointment to an Authority or State of New York position, excluding all periods of unsatisfactory service or part-time employment. A leave of absence without pay will not constitute a break in continuous service, however, a leave without pay for more than six months, except for military duty, will not be counted as Authority service. Except for employees who are reinstated or reappointed within one year or are reinstated by the Civil Service Commission, an employee's continuous service shall be broken so that no prior period or periods shall be counted when the employee:

- voluntarily terminates employment;
- is discharged for just cause;
- abandons their job (see Article 15.D. for definition); or
- is terminated from temporary or seasonal employment. (The one-year reinstatement exception stated above does not apply to employees terminated from a temporary or seasonal position.)

6. During the first year of employment, an employee will be considered eligible for the additional day of vacation if the employee has completed 13 or more biweekly pay periods of service by the January 1 next following appointment.
12.B. 7. No accumulation of vacation credits in excess of 40 days will be permitted, except as noted below:

On the first working day of each calendar year, an employee may not exceed 40 days of accrued vacation, although their total may exceed this limit at other times during the year. An employee who accumulates more than 40 days of vacation credits in a calendar year must use the amount over 40 days or lose it on the last day of the calendar year.

Each employee will be notified in writing of the total amount of unliquidated vacation credits when such credits total the equivalent of 25 workdays. Should an employee exceed the maximum allowable vacation while out on Workers' Compensation Leave, such employee will have one year from the date of restoration of the vacation accruals or the date of return to work, whichever is appropriate, to reduce such credits below the allowable maximum.

8. The time at which vacation may be drawn by an employee is subject to the prior approval of the appropriate department head or their designated representative. Vacation requests must be made 24 hours in advance, except in an emergency.

Employees, except those who are required to punch time clocks, shall have the right to use accumulated vacation credits in not less than one-quarter hour units. Employees who are required to punch time clocks shall have the right to use accumulated vacation credits in 0.3, 0.5 or 0.8 hour units.

THE AUTHORITY AGREES TO EXPLORE THE FEASIBILITY OF USING ACCUMULATED VACATION CREDITS IN NOT LESS THAN ONE-QUARTER HOUR UNITS.

9. For Uniformed Toll Personnel, vacation requests shall be approved in accordance with seniority, except that a vacation request of less than five days shall not supersede a prior vacation request for more than five days, notwithstanding the seniority of the employees concerned. See Article 17.S. for definitions of long-term and short-term leave and notice required for such leave.
10. So far as practicable, vacation credits are to be used prior to transfer. However, an employee who is transferred to the Authority from State service will be credited with all of such employee's accumulated vacation credits not used prior to transfer to the extent permitted by the labor contracts concerned.

11. Upon separation from service by layoff, retirement or death, an employee or the employee's estate or beneficiary, as the case may be, will be compensated in cash for the employee's vacation credits not in excess of 30 days.

12. In the event of a dismissal for cause, an employee will NOT be compensated for their vacation credits.

13. Other provisions of this Agreement notwithstanding, an employee, when first subject to the Attendance Rules regarding the accumulation of leave credits, shall not receive vacation credit until the completion of 13 complete biweekly pay periods of service which may be a combination of temporary and probationary service.

12.C. Sick Leave

The parties agree that the crediting, accrual and use of sick leave for employees in this Negotiating Unit will be administered as follows:

Sick leave is absence with pay necessitated by the illness or other physical disability of the employee.

1. Employees will earn sick leave credits at the rate of one-half day per biweekly pay period and may accumulate such credits up to a total of 165 days; provided, however, that an employee will not earn sick leave credit for any biweekly pay period during which the employee is in less than full pay status for more than five work days.

2. An employee absent on sick leave is to notify the supervisor of such absence and the reason therefore on the first day of such absence and within two hours after the beginning of the work day; provided, however, that where the work is such that a substitute may be required, the Authority may require earlier notification. Sick leave credits may be used in such units, as the Authority may approve, but not in units of less than one-quarter hours.
12.C. 3. If the Authority believes an employee is abusing sick leave, it may require the employee to provide medical documentation for the absence which provides evidence satisfactory to the Authority of illness sufficient to justify the employee's absence from the performance of their job duties. Further, the employee may also be placed on restricted sick leave status for 90 days and will be notified in writing. During the 90-day restricted sick leave period, the employee will be required to submit proof of illness for each illness claimed. The Authority may, at its sole discretion, continue the restricted sick leave status for another 90-day period when it determines that an employee's attendance record is not satisfactory.

When medical documentation is required by the Authority and the employee wishes to maintain a high degree of confidentiality with regard to the medical documentation, the employee may submit the required medical documentation to the supervisor in a sealed envelope and request that the medical documentation be forwarded to the Personnel Director. The Personnel Director will review the medical documentation to determine if the provided medical documentation is acceptable proof of illness. An employee requesting confidential treatment of the medical documentation must, upon return to work, also provide the supervisor with a statement from the employee's doctor indicating that the employee is able to resume work and perform all of the duties of the position and the date upon which the employee may return to work.

4. The Authority may require an employee who has been absent because of personal illness, prior to and as a condition of return to duty, to be examined, at the expense of the Authority, by a physician designated by the Authority, to establish that the employee is not disabled from the performance of the normal duties and that return to duty will not jeopardize the employee's health or that of other employees. However, upon request of an employee returning from sick leave who is certified as being able to work but, because of the nature of the illness or injury will, for a short period of time, be restricted from performing some of the duties appropriate to the position, the Authority may, in its discretion, permit return to service on a limited duty basis, subject to whatever conditions the Authority may require.

When the Authority requires an employee to be examined by a doctor selected by it, such examination shall be scheduled within five work days of the employee's notification to the Authority of the intended return date or the employee's accruals will be restored if the employee is subsequently certified to return to work. If the employee's doctor and the doctor selected
by the Authority disagree, the employee will be sent to a third
doctor for examination. The third doctor will be chosen through
the appropriate County Medical Society. The Authority and the
Union will be bound by the decision of the third doctor and will
share expenses equally.

12.C. 5. In addition to personal illness of the employee, the following
types of absence, when approved by the Authority, may be
charged against accumulated sick leave credits: illness or death
in the employee's family provided, however, that charge for
such absence may not exceed a maximum of 15 days in any one
year; personal visits to doctor or dentist. Proof of the need for
such absences satisfactory to the Authority may be required. In
those cases where the employee wishes to retain confidentiality,
the Authority will accept as proof of absence a statement from
the family member's doctor that the family member's illness was
such that it required the employee's presence.

6. When an employee is transferred to an agency with which the
Authority has a reciprocal agreement, the employee's
accumulated sick leave credits, to the extent permitted by the
labor contracts concerned, will be transferred with the
employee. When an employee is separated from service for
other than transfer or disciplinary reasons and is subsequently
reinstated or reemployed within one year after such separation,
the employee's sick leave credits accumulated and unused at
the time of separation will be restored.

7. Where reinstatement occurs more than one year following
separation, sick leave credits accumulated and unused at the
time of separation may be restored in the discretion of the
Authority. Notwithstanding the provisions of this paragraph, an
employee reinstated from a preferred list or by action of the Civil
Service Commission will be entitled to restoration of all sick
leave credits accumulated and unused to the extent permitted
by this Agreement.

8. Unused sick leave will not be liquidated in cash at the time of
separation, retirement or death. However, the cash value of up
to 200 days of sick leave and special sick leave bank accruals
will be applied as provided in Section 167, subdivision 5 of the
State Civil Service Law relative to the payment of health
insurance premiums of retired employees and for retirement
service credit purposes.
12.C. 8. If the Civil Service Law Section 167.5 is amended to permit dependent survivors to use the value of a deceased retiree's sick leave accruals to offset the cost of State Health Insurance Plan Premiums, the Authority agrees to negotiate this with the Union.

9. Effective July 1, 2000, the following sick leave incentive program will be initiated:

Employees who have not accumulated 165 days sick leave shall, at the end of a six-month period of July 1 – December 31 and/or January 1 – June 30, receive the greater of either one or two days straight time pay for each six-month period for which they are eligible based upon the following schedule:

<table>
<thead>
<tr>
<th>Sick leave used during six-month period</th>
<th>Additional days pay</th>
</tr>
</thead>
<tbody>
<tr>
<td>no sick leave used</td>
<td>2 days</td>
</tr>
<tr>
<td>one or less days sick leave used</td>
<td>1 day</td>
</tr>
<tr>
<td>more than one day sick leave used</td>
<td>0</td>
</tr>
</tbody>
</table>

Any unauthorized absence occurring during the six-month period will disqualify an employee from receiving a sick leave incentive payment.

Effective January 1, 2009, any authorized or unauthorized absence without pay, excluding worker's compensation leave and approved "voluntary leave without pay", occurring during the six-month period will disqualify an employee from receiving any sick leave incentive payment.

10. Should an employee who is out sick be in danger of exceeding the 40 day maximum allowable limit for annual leave, such employee may charge all of the absence because of illness or a portion thereof to vacation accruals.

11. Effective July 1, 2000, employees at the end of a six-month period of July 1 – December 31 and/or January 1 – June 30, who during such period(s) have and maintain continuously a balance of 165 days of accumulated sick leave shall receive four days straight time pay for each such six month period they do not use sick leave.
Employees who use sick leave during a six month period and thus fail to maintain a continuous balance of 165 days during the above six-month period(s) shall be eligible for the sick leave incentive plan for employees with less than 165 days accumulated sick leave provided in Article 12.C.9.

12. As soon as operationally practicable, the Authority will restore the special sick leave accrual bank that was eliminated in July 1, 2000. Employees who would have been eligible to have one-half day of sick leave credits deposited in the bank for each sick day lost because it exceeded the 165 day limit, will have such accruals restored to the bank and will continue to have such lost sick leave accruals deposited in the bank until 35 such days are accumulated. Employees who reach the 165 days sick leave maximum will also be eligible to have one-half day of sick leave credits deposited in the special bank for each day lost because it exceeds the 165 day sick leave maximum. These special sick leave bank accruals shall not be used until all other sick leave is exhausted.

12.D Extended Sick Leave

The Authority may advance sick leave credits to an employee absent due to personal illness who has exhausted accumulated sick leave and vacation credits. Such advanced sick leave credits are to be repaid, as soon as practicable after the employee's return to duty, from subsequent accumulations of time credits. The outstanding unrepaid sick leave credits advanced to any employee under the provisions of this Article may not at any time exceed a total of five days.

Upon termination of the employee's services, any such advance of sick leave not offset by subsequent accumulations of sick leave and vacation credits is to be deducted from salary or wages due the employee.

12.E. Mandatory Sick Leave at Half Pay

1. The Authority shall grant sick leave at half pay for personal illness to a permanent employee having not less than one year of Authority service after all of the employee's sick leave and vacation credits have been used, subject to the following guidelines:

   a. the employee must, by reason of personal illness or injury, be unable to perform the normal duties of the position. The Authority may require the employee to undergo a physical examination by its own physician to verify this fact;
b. the Authority must be reasonably assured that the employee will be able to return to normal duties following this absence;

c. the record of the employee in the areas of attendance and work performance for the past year must be satisfactory; and

d. the cumulative total of all sick leave at half pay granted to an employee during their Authority and/or State service may not exceed one pay period for each complete six months of Authority and/or State service.

2. Consideration will continue to be given to requests by employees to return to limited duty for a short period of time including leave with half pay and working half-time.

12.F. Personal Leave

The parties agree that the crediting and use of personal leave for employees in this Negotiating Unit will be administered as follows:

Personal Leave is leave with pay for annual leave or for personal business, including religious observance, without charge against accumulated vacation. Employees will be entitled and credited with personal leave as follows:

1. Each employee in Negotiating Unit I prior to July 2, 1981 except as herein otherwise provided, will be credited with five days personal leave each year as of the first full pay period in January. Employees hired July 2, 1981 and thereafter, except as herein otherwise provided, will be credited with three days personal leave each year as of the first full pay period in January until they either reach the Job Rate of their position or they have completed a total of five years of State/Authority service, following which they will receive five days personal leave each year as of the first full pay period in January.

2. An employee who reenters or is reinstated in Authority service within the same calendar year after being separated or being granted a leave of absence without pay therefrom will be credited only with the unused personal leave time standing to the employee's credit at the time of such separation or leave, until the following January.
12.F. 3. An employee who enters Authority service from State service by appointment, promotion or transfer will be credited with the unused personal leave standing to their credit at the time of such separation, leave, appointment, promotion or transfer until their State personal leave anniversary date is reached, provided it does not exceed the limits as set forth in paragraph 4. below.

4. An employee who (1) enters Authority service; or (2) reenters or is reinstated in Authority service after having been separated or granted a leave of absence without pay from State or Authority service; or (3) has reached their anniversary date pursuant to paragraph 3. above will be immediately credited with personal leave as shown in the schedule below, until the following January:

<table>

<tr>

</tbody>
</table>

5. Personal leave is not cumulative, and any personal leave credit remaining unused by an employee on the date preceding the first full pay period in January of each year will be canceled. Unused personal leave may not be liquidated in cash at the time of separation, retirement or death.

6. Personal leave may be drawn only at a time convenient to and approved in advance by the appropriate Department Head or designated representative; provided, however, that personal leave allowed for religious observance will be granted on the days and hours required, insofar as the same may be granted at such time without interference with the proper conduct of Authority functions.

Employees, except those who are required to punch time clocks, shall have the right to use personal leave in not less than one-quarter hour units. Employees who are required to punch time clocks shall have the right to use personal leave in 0.3, 0.5 or 0.8 hour units.

THE AUTHORITY AGREES TO EXPLORE THE FEASIBILITY OF USING ACCUMULATED PERSONAL LEAVE CREDITS IN NOT LESS THAN ONE-QUARTER HOUR UNITS.
12.G. Leave for Extraordinary Weather Conditions

The Authority may allow leave to employees in this Negotiating Unit under the following circumstances:

1. In the event of extraordinary weather conditions which develop before the commencement of a work day where appropriate public announcement has been made, the Authority may direct employees to remain away from work on account of such conditions, such time to be charged against accumulated vacation, personal or sick leave credits, at the employee’s option. If such extraordinary weather conditions develop after the commencement of the workday, employees who are sent home shall not have to charge the time to their accruals.

2. In the event an employee has reported to duty and, because of extraordinary circumstances beyond the employee’s control which make the duty station uninhabitable, the employee is directed to leave work, any such absence for the remainder of that day will not be charged against the employee’s accumulated leave.

The provisions of subsection 1. hereof do not apply to employees whose duties are of an essential nature and whose presence is required at their duty stations.

12.H. Promotion Examinations

Employees who compete in Thruway Promotion Examinations will be granted leave with pay as follows:

I Shift employees - Entire Shift.

II Shift employees - Time required to take examinations plus reasonable travel time; Toll Collection employees working the II Shift will not be required to report to work prior to the examination and will be granted leave with pay for such time.

III Shift employees - If the promotion examination continues into the employee’s III Shift, the employee will be allowed sufficient time to complete the examination and a reasonable amount of travel time.
12.1. Workers' Compensation Leave

1. Effective January 1, 2006, employees with Attendance Rules coverage who are necessarily absent from duty because of an occupational injury, disease or condition as defined in the Workers' Compensation Law shall be eligible for a Workers' Compensation benefit as modified in this Article. This Article does not diminish employees' rights under the Workers' Compensation Law. Determinations of the Workers' Compensation Board regarding compensability of claims shall be binding upon the parties.

2. A Workers' Compensation injury shall mean any occupational injury, disease or condition found compensable as defined in the Workers' Compensation Law as modified in this Article.

3. An employee who suffers a compensable occupational injury shall be placed on leave of absence without pay for all absences necessitated by such injury and shall receive the benefit provided by the Workers' Compensation Law.

4. The Statewide Network of evaluating physicians selected by the State Insurance Fund will act as the third party administrator for the Medical Evaluation Network. Employees who elect to participate in the Medical Evaluation Network Program shall attend all scheduled medical exams. Medical Evaluation Network physicians make determinations on an employee's degree of disability and prognosis for full recovery. Eligible employees who elect to participate in the Medical Evaluation Program shall be placed on leave without pay and will receive the benefits provided by the Workers' Compensation Law and the added benefits as provided by this Article. Employees who elect not to participate in the Medical Evaluation Network Program will receive only the benefits provided by 12.1.3.

a. Employees electing to participate in the Medical Evaluation Network Program may be eligible for payments, for a period not to exceed nine months per injury, in addition to the Statutory Wage Benefit provided pursuant to the Workers' Compensation Law. Supplemental payments will be paid to employees whose disability is classified by the evaluating physicians as "total" or "marked", and where a Workers' Compensation Law wage payment is less than 60% of pre-disability wages, so that the total of the statutory payment and the supplemental payment provided by this Article equals 60% of their pre-disability gross wages. The pre-disability wages are gross wages, defined as the sum of base
annual salary, location pay, and night shift differential received as of the date of the disability.

12.I.4. b. The Authority will assume that all eligible employees have elected to participate in the Medical Evaluation Network Program unless the employee submits in writing a statement which clearly states such employee's election to not participate in the Program, as soon after the accident as possible.

5. An employee necessarily intermittently absent for one full day or less in connection with a Workers' Compensation injury as defined in 12.I.4. due to therapy, a Doctor's appointment, or other required continuing treatment, may charge accrued leave for said absences.

6. The Authority will make previously authorized payroll deductions for periods the employee is receiving salary sufficient to permit such deductions. The employee is responsible for making payment for any such deductions whenever salary is insufficient to permit these deductions, for example, during periods of leave without pay, such as those provided in 12.I.3. and 12.I.4.

7. An employee required to serve a waiting period pursuant to the Workers' Compensation Law shall have the option of using accrued leave credits or being placed on leave without pay. Where an employee charged credits and it is subsequently determined that no waiting period is required, the employee shall be entitled to restoration of credits charged proportional to the combined amount of net monetary award credited to the Authority by the Workers' Compensation Board or 60% of predisability gross income as defined in 12.I.4.a of this section, whichever is greater.

8. When vacation credits are restored pursuant to this Article and such restoration causes the total vacation credits to exceed 40 days, a period of one year from the date of the return of the credits or the date of return to work, whichever is later, is allowed to reduce the total accumulation to 40 days.

9. An employee receiving Workers' Compensation payments for a period of disability found compensable by the Workers' Compensation Board shall be treated as though on the payroll for the length of the disability, not to exceed twelve months per injury, for the sole purposes of accruing seniority, continuous service, vacation, sick leave, and personal leave. Additionally, such employee shall be treated as though on the payroll for the
period of disability, not to exceed twelve months per injury, for the purposes of health insurance, retirement service credit and retirement contributions.

10. An employee whose disability exceeds the nine month entitlement afforded by this Article shall not be allowed to use accumulated leave credits.

11. If an employee's Workers' Compensation claim is controverted by the State Insurance Fund upon the ground that the disability did not arise out of or in the course of employment, the employee may utilize leave credits (including sick leave at half-pay) pending a determination by the Workers' Compensation Board.

12. If the employee's controverted or contested claim is decided in the employee's favor, any leave credits charged (and sick leave at half-pay eligibility) shall be restored proportional to the combined amount of net monetary award credited to the authority by the Workers' Compensation Board or 60 percent of pre-disability gross income as defined in 12.1.4.a, whichever is greater.

13. If the employee was in leave without pay status pending determination of a controverted or contested claim, and the claim is decided in the employee's favor, the employee shall receive the benefits pursuant to this section for the period covered by the award, not to exceed the time limits set forth in this section per injury.

12.J. Volunteer Fire Fighters - Civil Defense Duties

The tardiness of volunteer fire fighters caused by fire fighting or other emergency fire department duties or the tardiness of members of volunteer ambulance services caused by emergency ambulance service shall be excused by the Authority. In such cases, the Authority may require the employee to submit satisfactory evidence that the lateness was due to such duties. Should this tardiness extend for the entire shift, it will also be excused under the same conditions. Such leave for emergency fire department duties other than fire fighting duties shall exclude time for standing by and is limited to three days per year. The Authority may waive the three-day limitation when conditions so warrant.

The Authority shall grant leave with pay for Civil Defense duties in accordance with Section 21.13 of the Department of Civil Service Attendance Rules.
12.K. Computation of Daily Rate of Pay

The parties agree that for those purposes for which a daily rate of pay may be required for employees in this Negotiating Unit, for 37.5-hour employees, the Authority will compute such rate for an employee by dividing such employee's biweekly gross pay by 10.

For 40-hour employees the daily rate of pay will be computed by multiplying the employee's hourly salary by 8.

12.L. No-Fault Insurance

No leave will be given for any portion of any absence for which automobile no-fault benefits are recovered or recoverable by the employee under an Authority automotive liability policy. An employee shall not, however, be denied any portion of a leave not recoverable from no-fault insurance only because such portion exceeds the maximum benefits provided under such insurance.

Leave credits, including sick leave at half pay, used by an employee during a period of absence for which no-fault benefits have been paid or are payable, which benefits or the right thereto have been assigned and/or credited to the Authority as reimbursement for wages paid, will be restored to the employee in full; provided, however, that no restoration will be made for any absence of less than a full day. Credits so restored may not again be used for future absences attributable to the same injury.

In the event that the employee dies, resigns or retires, cash payment for vacation or other leave credits compensable in cash, including any credits restored under this subsection, will be made in accordance with the appropriate provisions of this Agreement.

An employee who receives leave with full pay for any period of time under this paragraph will earn vacation and sick leave credits during such period; upon return to service after such leave, the employee will have one year from the date thereof to reduce any leave credits accrued beyond the limits permitted in this Agreement to the levels permissible hereunder.

12.M. Blood Donors

Necessary time will be given to all blood donors without charge to leave credits when they donate blood during a work day either at a bloodmobile visiting their work location or in response to an emergency request made by the local area Red Cross.
12.N. Military Leave

The Authority shall grant leave with pay without charge to accruals for any employee absent on ordered military duty, in accordance with Section 242.1.b. and Section 242.5 of the Military Law for a period not to exceed 30 days in each calendar year.

12.O. Leave Donation Program

1. Unit employees may make a non-refundable donation of annual leave to other unit employees.

2. Leave donations must be in one-half or whole day units.

3. Donated leave will be credited to the designated recipient as sick leave.

4. Use of donated leave must be due to medically documented personal illness or injury only.

5. Donated leave used by recipient for a worker's compensation illness or injury is non-refundable.

6. Employees who receive and use donated annual leave to cover absences will be replaced, if necessary, as if they are on leave without pay.

ARTICLE 13
Employee Rights and Benefits

13.A. Health and Safety

1. The Authority and Teamsters Local 72 reaffirm that all employees have a right to a safe working environment. To that end the parties will cooperate in the identification and prevention of safety hazards, will work mutually toward their correction and strive to insure compliance with safety guidelines and standards established on the behalf of employees.

Recognizing that it is in everyone's best interest to resolve safety and health problems as quickly and as expeditiously as possible, the following procedures to identify and correct such problems have been agreed upon:
13.A. 1. a. To foster the timely resolution of safety and health problems, such problems will initially be presented to the respective Division Engineer or Toll Division Manager for immediate action.

The existing Division Safety Committees will be the vehicle for regular discussions of health and safety issues on a local level. A Union representative will be designated as a member of such Committees.

b. If a particular safety/health matter presented at the local level is unable to be resolved at such level within a reasonable time, such matters will be referred to the Director of Labor Relations' Office for their appropriate action.

13.B. 1. b. Such pass may be retained by employees who are on the Thruway Authority payroll before October 20, 2005 for their use only upon retirement from Authority service after completion of 20 years of satisfactory Authority service. Part-Time Toll Collectors and other employees appointed to their positions with the Authority on or before October 20, 2005 are considered "employees who are on the Thruway Authority payroll" provided such employees have had continuous service with the Authority between October 20, 2005 and the date of eligibility for a Thruway pass.

c. The Authority also agrees to provide to any employee in this Negotiating Unit, at the employee’s request, a copy of the class specification for the employee’s position.

   The Authority further agrees to omit the phrase "does other related work as required" from class specifications prepared in the future.

   The Union shall have the opportunity to review new and revised class specifications and duty statements prior to issuance. The Bureau of Labor Relations will initiate a follow up system to insure that the Union’s comments, if any, on new or revised class specifications or duty statements are received and considered prior to the publication of these documents in final form.

2. The parties agree that each set of class specifications referred to above will contain the following preface:

   "The duties enumerated in the following class specifications are typical examples of tasks which are characteristic of the positions described and are intended to be illustrative, not restrictive. Supervisors determine what work is to be assigned to individual positions consistent with the duties and responsibilities characterizing such positions."

   All new specifications and revisions in class specifications will be incorporated in the above sets as they occur.

13.D. Tuition Assistance

The Authority agrees to provide a Tuition Assistance Program for permanent full-time employees in this Negotiating Unit for formal education courses which:

will improve the employee's general competence in performing present job; courses which increase the employee's opportunity for advancement to positions for which the employee may compete on a promotional basis; courses in preparation for high school equivalency, or if the course is part of an overall education program leading to an associate's or bachelor's degree at a college or university accredited by the State of New York. However, if an employee was enrolled as of February 9, 1984, in a program leading to any degree at a college or university accredited by the State of New York, the Authority agrees to continue the 90% tuition support for those degree programs and all other courses described above.

Tuition support for approved courses will be advanced to the employee before the course begins. If the course is not satisfactorily completed, with a passing grade, the amount of tuition must be returned to the Authority.

1. The financial assistance provided herein will be provided for payment of tuition only.

2. If an employee receives financial assistance for any course described above, the Authority may deduct the amount of such assistance from the tuition reimbursement. Financial assistance shall not include loans.

3. There is a maximum of 15 credit hours annually per employee.

EMPLOYEE BENEFITS TRAINING COURSES

The Authority agrees to request that the Department of Civil Service continue to permit Authority employees to participate, under the Authority's Tuition Assistance Program, in the Employee Benefits Training Courses offered to State employees. The Authority further agrees, subject to the approval of the appropriate supervisor, to grant employees leave with pay, including reasonable travel time, for those Employee Benefits Training Courses which are offered only during the employee's normal work day.
13.E. Eligible List Stays

The Authority agrees to request the Department of Civil Service, in the event the use of an eligible list established for Authority positions only in this Negotiating Unit is stayed pursuant to court order, to continue such list in existence, upon the removal of such stay, for a period not less than 60 days and for such additional period as may be determined by the Department of Civil Service, except that in no event is such 60 day period to extend the life of any eligible list beyond the statutory limit of four years.

The Authority will publish and distribute the federal government reimbursement schedules for New York State locations for meals and lodging and any revisions thereto.

NOTE: (1) No meals or lodging will be paid to an employee performing official duties within 35 miles of the employee's official station or place of residence.
(2) An employee will receive the greater rate whenever official duties are conducted during a 24 hour period in areas with different rates.

13.J. Relocation Costs

The Authority will provide for reimbursement of relocation costs as a result of job transfer or promotion for the benefit of the Authority in accordance with the New York State Thruway Authority Regulations Covering Reimbursement of Moving and Travel Expenses, and extend these benefits to employees in and below Salary Grade 15.

13.K. Personal History Folders

The Authority will publish a Statement of Policy and a Procedure for Access to Personal History Folders and for the purpose of purging such folders to provide that:

1. Employees shall be provided with a complete copy of material contained in their Personal History Folder upon written request once in a five-year period.

Employees making subsequent written requests for copies of material contained in their Personal History Folder within a five-year period shall be provided only with material added to the folder since the prior request was granted.
Employees making subsequent written requests for copies of material in their Personal History Folder at least five years after they last received a complete copy of their Personal History Folder, shall be provided with a complete copy of the materials contained in their Personal History Folder when specifically requested. If a complete copy is not specifically requested, only additional material added to the folder since the employee last received such material will be provided.

2. Material shall not be filed in the folders of which the employee does not have a copy.

3. The employee may submit for filing a response to anything in the folder which the employee considers adverse, a copy of which may be given by the Authority to whomever originates such adverse material.

4. The Authority will remove, upon written request of the employee after three years from the date thereof, any item in the Personal History Folder which the employee considers to reflect adversely on work performance or the employee's character, except items that have been used to support an unsatisfactory performance rating which was subsequently sustained and/or items which are part of a disciplinary proceeding. Such items may be removed upon the employee's request after five years from the date thereof provided there has been no subsequent unsatisfactory rating or subsequent discipline proceeding. If there has been such subsequent action, the material may not be removed until five years from the date of the last such action. Patron letters may be removed one year from the date of the last such letter. The Authority may refer to and/or cite material that has been removed in subsequent disciplinary proceedings.

5. The Union may represent the employee in connection with this paragraph.

13.L. Vacation Checks

An employee who will receive a salary check while on vacation may leave a stamped and addressed envelope with the supervisor, who will forward such check.

13.M. Shift One Salary Checks

Salary checks shall be sent out in sufficient time that I Shift employees may receive such checks at the conclusion of their shifts on Wednesday morning.
13.N. Accidental Death Benefit

In the event an employee dies subsequent to the date of this Agreement as a result of an accidental on-the-job injury and a death benefit is paid pursuant to the Workers' Compensation Law, the Authority shall pay a death benefit in the amount of $50,000 to the employee's surviving spouse and children in the same proportion of the Workers' Compensation Accidental Death Benefit is paid. Such Accidental Death Benefit shall also be paid in those instances when an employee who is called out in an emergency dies as a result of an accident while en route to their work station in response to such emergency call. In the event the employee is not survived by the spouse or children, then the Authority shall pay this Death Benefit to the employee's estate.

13.O. Reasonable Accommodations

Otherwise qualified disabled employees will have the right to request reasonable accommodation in a job or work environment that will enable them to perform the essential duties and functions of the job for which they are applying or in which they are employed.

ARTICLE 14
Grievance Procedure

14.A. Definition and Steps

In order to further the harmonious and cooperative relationship between the Authority and its employees, it is agreed to provide for the settlement of grievances in the manner set forth herein.

A grievance is a dispute concerning the interpretation, application, or alleged violation of a specific term or provision of this Agreement, which is presented for resolution not more than ten working days after the first occurrence or cause for such grievance.
Any grievance arising between the Authority and the Union or an employee represented by the Union shall be settled in the following manner:

STEP 1:

In the first instance, the employee and/or the Shop Steward shall discuss the grievance with the supervisor involved. Every effort should be made by both parties to settle the issue.

If a satisfactory settlement is not effected with the employee's immediate supervisor within ten working days, the Shop Steward and the employee shall, within three working days, submit such grievance, in writing, to the Union's Business Representative.

At the same time, the Steward must discuss the grievance with the Division Engineer, Toll Division Manager/Bureau Head or other Authority designee, whichever is appropriate. This discussion must take place prior to Step 2 of the Grievance Procedure, and a written record of the results of such discussion must be included in the grievance if it is referred to the Director of Labor Relations as provided in Step 2 of the Grievance Procedure.

STEP 2:

The Business Representative shall then take the matter up with the Director of Labor Relations within 15 working days. Every effort should be made by both parties to settle the issue. If a settlement is reached, it shall be final and binding. A disposition of the matter must be made within 15 working days.

STEP 3:

If no satisfactory settlement can be agreed upon at Step 2, either the Authority or the Union may, within 21 working days, request arbitration of the grievance.

The parties shall thereafter, within 21 working days, select a mutually agreeable and impartial arbitrator from the agreed upon arbitration panel. In the event they are unable to agree upon an arbitrator, the matter shall be referred to an arbitration service mutually agreed upon by the parties the next day. After the service submits a list of arbitrators to the Union and the Authority, the parties shall reply with their preferred selections no later than three working days after receipt of such list.

The decision or award of the Arbitrator shall be final and binding upon the Authority, the Union and the grievant(s) to the extent permitted by and in accordance with appropriate law and this Agreement. The arbitrator shall not have the authority to amend or modify this Agreement or establish new terms or conditions under this Agreement, and either party may appeal a decision
which is arbitrary, capricious or not based upon the evidence submitted. Either party may appeal an arbitrator's decision to the courts within 30 working days. Either party may seek clarification of such decision within 20 calendar days.

The arbitrator shall determine grievability prior to hearing the grievance case. The Arbitrator will immediately rule, and, if the case is ruled grievable, shall proceed to hear the merits of the grievance.

The expense for the arbitration will be shared equally by the Authority and the Union.

14.B. Basic Standards and Principles

Grievances of the Union or the Authority shall be submitted at Step 2.

Grievances shall be handled during working hours, and the aggrieved employee and the Shop Steward shall be granted leave with pay for the time involved. Such time shall include reasonable time for travel, if needed.

Any Shop Steward shall, with the approval of their supervisor, be permitted to leave work to investigate and adjust the grievance of any employee within the Shop Steward's jurisdiction.

Should the Shop Steward and aggrieved employee have different supervisors, then the approval for the discussion of the grievance must be obtained from both supervisors.

Employees shall have the Shop Steward, or a representative of the Union, present during the discussion of any grievance with representatives of the Authority.

Pertinent work records shall be made available during the discussion of grievances.

It is recognized by the parties that during the term of the Agreement it may be necessary for the parties to clarify certain provisions of the Agreement. It is agreed that such clarifications shall be in writing and shall contain the statement that it is either part of the Collective Bargaining Agreement and subject to the Grievance Procedure "or" not part of the Collective Bargaining Agreement and not subject to the Grievance Procedure.

The procedure set forth herein may be invoked only by the authorized representative of the Authority or the Union.
15.A. Informal Proceedings

1. When an employee is charged orally with any act of misconduct or incompetence by their supervisor, in any discussion or conference concerning the incident, no evidence concerning such discussion or conference will be offered or admitted in any subsequent disciplinary step or proceeding except that either party may offer only the fact that such discussion or conference was held.

2. A permanent employee who is requested to resign shall be given a written statement, pre-signed by the Authority and the Union, that the employee has the following rights:

   a. representation at every stage of the proceedings;

   b. to refuse to give any statement, and that any statement the employee gives may be used against the employee in subsequent proceedings;

   c. written charges setting forth specific claims of incompetency or misconduct;

   d. a hearing before an independent Hearing Officer regarding those charges;

   e. appeal, under certain circumstances, of any adverse determination.

15.B. Formal Proceedings

1. An employee (other than a temporary employee) against whom removal or other disciplinary action is proposed shall have written notice thereof and of the reasons therefore; shall be furnished a copy of the charges preferred; and shall be allowed at least eight days for answering the same in writing. The notice containing such charges shall include the statement that “the employee is innocent until proven guilty and the burden of proof is on the Authority.” The Authority will simultaneously furnish the Union a copy of the charges by registered or certified mail.

Any permanent employee who is on probation in a higher level position in this Unit shall be subject to disciplinary proceedings in accordance with this Article; however, this shall in no way impair the right of the Authority to return the employee to the
original position. No employee shall be served with disciplinary charges which relate to actions taken in connection with the performance of the employee's duties as an elected official of the Union unless and until prior discussion of the matter has been held with the Union and, if requested, with such employee, provided the Union has previously advised the Authority in writing that the employee is such an official.

15.B. 2. All charges of conduct alleged by the Authority to constitute incompetency or misconduct shall be contained in the charges and specifications. Upon written demand made within 20 days after charges have been served, the employee shall be entitled to copies of all written reports and records in the custody of the Authority which will be relied upon at the hearing.

3. Except as otherwise provided in this Agreement, Section 75 of the Civil Service Law will govern any disciplinary proceedings. The Authority shall appoint a Hearing Officer from a panel previously agreed upon between the Authority and the Union. If the Union will represent the employee, the Authority and the Union will agree upon the Hearing Officer. In the absence of such agreement, the Authority and the Union will alternately strike names from the said panel, and the person able and willing to serve, whose name was last stricken from the panel, will be appointed.

4. Upon selection and engagement of the Hearing Officer, the Hearing Officer shall determine the date, time and place of the hearing, after consultation with the parties. The proposed scheduled date of the hearing should be within 14 calendar days of the Hearing Officer's appointment.

5. The Hearing Officer's decision should be made and served on the Authority and the Union within ten calendar days of the last day of the hearing, unless the parties agree upon an extension of such time. The Hearing Officer's recommendation(s) shall be served upon the Authority and the Union at the same time. Within five days after service of the Hearing Officer's decision, the Authority shall issue a determination.

The Authority will compensate the Hearing Officer and furnish one copy of the transcript of the hearing, if one has been prepared, to the Union or the employee if the employee is not represented by the Union.
6. Neither the decision nor the recommendation(s) of the Hearing Officer shall be binding upon the parties. The determination of the Authority may be appealed to the Civil Service Commission or to the courts pursuant to the provisions of Section 76 of the Civil Service Law.

15.C. Cardinal Offense Procedure

1. An employee charged with any of the following offenses involving the Authority may be suspended until receipt of the Hearing Officer's decision: a) physical assault on a supervisor or any other employee or Authority patrons; b) theft, embezzlement or conviction of a felony; c) loss of driver's license because of driving on duty under the influence of liquor or illegal narcotics, and/or willful concealment of loss of driving privileges; d) violation of Authority's weapons policy;

2. If the Hearing Officer finds that the employee should not be discharged the employee shall be reinstated and returned to work with back pay minus any penalty imposed by the Hearing Officer.

3. The decision of the Hearing Officer is final and binding on the parties.

4. All hearing dates offered by the designated Hearing Officer shall be acceptable to the Thruway Authority. If the Thruway Authority does not accept a date which is offered by the Hearing Officer and is acceptable to the Union, the employee shall be restored to the payroll for each workday (including holidays) until the date of the Hearing Officer's next availability.

5. The Hearing Officer shall offer four (4) hearing dates within a 45-day period from the date the charges are issued. If a Hearing Officer is unable to offer four such dates, and the parties jointly determine that the hearing cannot be completed within the offered dates, the parties will select the next name on the division's rotating list of Hearing Officers, and then from the list of Hearing Officers from the division which is next in numerical order with the understanding that 4 shall be followed by 1.

6. The Hearing Officer shall issue a decision within twenty (20) days after the hearing is closed unless otherwise mutually agreed by the parties, but in no event shall the decision be issued more than forty (40) days after the close of the hearing.
7. The intent of section 4, above, is that if the Authority causes delay in the hearing due to unavailability on dates offered by the Hearing Officer, the Authority shall pay the employee their salary for the period of such delay.

15.D. Job Abandonment

Any employee absent from work without authorization for 20 work days shall be deemed to have resigned their position unless the employee or family member has contacted such employee's supervisor or the Personnel Office.

15.E. Loss of Driver License

AN EMPLOYEE whose job requires a driver license OR OTHER REQUIRED LICENSE OR CREDENTIAL shall be suspended without pay for any period during which the employee's driver license, OTHER REQUIRED LICENSE OR OTHER REQUIRED CREDENTIAL is suspended, revoked, expired OR OTHERWISE INVALID. Such AN employee will also be subject to disciplinary action at the Authority's sole discretion except that AN EMPLOYEE WHOSE JOB REQUIRES A DRIVER LICENSE, who within seven (7) BUSINESS days of their license being suspended, revoked or expired inform their supervisor and regain the right to operate vehicles identical to those the employee could operate prior to the driver license being suspended, revoked or expired shall not be subject to disciplinary action solely for the first time they lose their driver license. The Authority will issue a bulletin annually to all employees reminding them of their responsibility to maintain the appropriate LICENSES AND CREDENTIALS necessary for the performance of the full duties of their position.

ARTICLE 16
Maintenance Employees

16.A. Applicability of Article

This Article applies to all full-time field maintenance employees in this Negotiating Unit.

16.B. Supervisor-Employee Meetings

The parties agree that supervisor-employee meetings will be held to discuss matters of mutual interest on an as-needed basis. Meetings may also be requested by the Union representative in which case a proposed detailed agenda shall accompany the request. Such meetings will be held, so far as practicable, during working hours and will include not more than four Authority employees as Union representatives. Employee representatives working other than the II Shift will be granted compensatory time off with pay during their shift, including actual and necessary travel time not to exceed two hours each way.
16.C. Coffee Breaks

The Authority agrees to continue to grant employees two fifteen minute coffee breaks per work day or shift.

16.D. Assignments of Employees Outside of Their Regular Work Area/Location

The parties agree that the assignment of highway or bridge employees to work in a maintenance section or bridge crew other than the one to which they are regularly assigned will be made, to the extent possible, on a volunteer basis in order of seniority. The parties also agree that, in the event there are insufficient volunteers, employees will be assigned in reverse order of seniority to the extent required to provide sufficient personnel for the work to be performed.

16.E. Staffing of Snow Plows and Patrol Trucks

The parties agree that two employees will be assigned to operate a truck equipped with a right-hand wing plow or a spreader when, during loading or snow plowing operations, in consideration of weather and other visibility conditions, the safety of personnel and equipment, and the most appropriate utilization of the available personnel and equipment, such snow plowing operation requires it.

The parties also agree that the number of employees to be assigned to operate a patrol truck will be determined by the supervisor, and that when, in the supervisor's opinion, the conduct of the patrol operation requires the assignment of two employees to the patrol truck, in consideration of weather conditions, the safety of personnel and equipment, and the most appropriate utilization of the available personnel and equipment, such assignment will be made.

16.F. Conduct of Mowing Operations

The Authority agrees to encourage the use of the "buddy" system in the conduct of mowing operations whereby mowers operate in teams.

16.G. Performance of Lower Grade Duties by Supervisors

The parties agree that supervisors will not be assigned, or assign themselves, to perform duties of positions comprising this Negotiating Unit except in emergencies, or as such duties may be included in the class specification of the supervisory position, or unless an employee in the appropriate title has been called to report for duty and has not arrived or is not available.
16.H. Assignment of Overtime Opportunities

1. The parties agree that overtime opportunities will be distributed equitably among qualified employees.

The parties further agree that the practices for the distribution of overtime in effect in each work unit on the date of this contract will be continued.

The procedure for the distribution of such overtime is as follows:

The Authority will establish a list of qualified employees in order of seniority by work unit or by shift depending on the present overtime practice of the work unit. Working an overtime opportunity of less than four hours shall not affect an employee's standing on the overtime list. Working an overtime opportunity of four to less than eight hours, or a call-out of less than eight hours, being unavailable or refusing an overtime opportunity shall be deemed a chargeable overtime opportunity. Working an overtime opportunity of eight to less than twelve hours shall be deemed two chargeable overtime opportunities. Working an overtime opportunity of twelve to less than sixteen hours shall be deemed three chargeable overtime opportunities. Working an overtime opportunity of sixteen hours or more shall be deemed four chargeable overtime opportunities.

Refusing and being unavailable for an overtime call is equal to the number of charges for working such overtime.

Employees who call in for unscheduled sick leave will not be eligible for overtime in the next 24 hour period from the start of the missed shift.

Employees who go home sick before the end of their regular shift will not be eligible for overtime within the next 24 hours of the start of the shift during which they left early.

For purposes of scheduled overtime, employees of the Bureau of Equipment Maintenance assigned to a maintenance section are not considered Section employees and will not be considered as being on the Section list.
If an error in the assignment of overtime occurs, the Authority shall have 21 calendar days from notice thereof to rectify the error by offering the employee another overtime opportunity. If it is unable to do so within such time, the Authority shall pay such employee for the lost time. If a temporary employee is improperly assigned overtime that should have been assigned to a permanent employee and the Authority is unable to reschedule the permanent employee for overtime in place of a temporary employee, the Authority will pay the permanent employee for the lost time.

If in either party’s view the Authority alters the shift or overtime staffing so that the equitable distribution of overtime in effect in the work unit is no longer feasible, then the parties will agree on a new method of overtime distribution.

The parties agree that the “crew concept” shall be utilized for the distribution of overtime, whereby overtime required on a particular project will first be offered to the QUALIFIED members of the crew assigned to that project. FOR EXAMPLE, IN A SITUATION WHERE THE ACTUAL TASK TO BE PERFORMED BY AN EMPLOYEE REQUIRES SKILLS SPECIFIC TO A BRM, A BRM WOULD GET PREFERENCE.

However, it is understood that the desire of the parties is that there be an equitable distribution of overtime opportunities among employees in the geographical unit to which the employees are assigned. Therefore, this must be considered in making crew assignments to projects where it is known in advance that such project would require overtime on a continuing basis.

2. FIELD MAINTENANCE EMPLOYEES IN BRM, CEOH, TMW, CEOL AND MEM POSITIONS RESPONDING TO AND REPORTING FOR CALL-OUT OVERTIME OPPORTUNITIES AT A RATE OF 75% OR MORE FROM OCTOBER 1 THROUGH APRIL 30 WILL RECEIVE AN ANNUAL INCENTIVE PAYMENT OF $1000 WITH AN ADDITIONAL GEOGRAPHIC BONUS OF $500 FOR ELIGIBLE STAFF IN BRONX, ROCKLAND, WESTCHESTER, DUTCHESS, PUTNAM, AND ORANGE COUNTIES TO BE PAID ANNUALLY IN JUNE. “CALL-OUT OVERTIME” IS AS DEFINED IN 11.B, THAT IS, BEFORE OR AFTER THE EMPLOYEE’S WORKING HOURS WHEN SUCH TIME WORKED DOES NOT EXTEND INTO OR IS NOT A CONTINUATION OF THE EMPLOYEE’S REGULARLY SCHEDULED SHIFT OR WORK DAY.

16.I. Winter Maintenance Patrol (Weekend and Holiday)

When the Winter Maintenance Patrol (Weekend and Holiday) is fully staffed, such staffing, which may include at least one Construction Equipment Operator (Heavy) per shift, shall be at least three employees in all Divisions.
16.J. Winter Maintenance Shifts (Monday-Friday)

1. Winter Maintenance Shift assignments shall be posted at least two weeks in advance. Winter Maintenance Shifts shall be staffed first by volunteers, then by Section employees in reverse seniority order, except that no employee shall be required to work more than two consecutive pay periods on the 4:00 p.m. - 12:00 midnight shift and two consecutive pay periods on the 12:00 midnight - 8:00 a.m. shift, or four consecutive pay periods on a combination of both.

An employee assigned pursuant to article 16.D. to a work unit with winter maintenance shifts, shall be permitted to volunteer for a shift in seniority order provided that such employee reports to the work unit prior to the winter maintenance shifts being posted and bid in the work unit. If the employee reports to the work unit after the winter maintenance shifts have been bid in the work unit, then the employee will be assigned to a shift that had not been bid for.

2. Summer Maintenance Shifts (Night Crews)

The Authority will designate the reporting location, work and the regularly scheduled hours of operation for each summer maintenance night crew.* Such reporting location and regularly scheduled hours of operation may be changed at the Authority's discretion with two weeks notice.

Permanent maintenance employees other than TMW's may volunteer to be assigned to a summer maintenance night crew without regard to the work hours specified for these employees in Article 11.A.1. Such assignments shall, however, be at the Authority's discretion. Volunteer employees will be assigned for the entire duration of the summer maintenance night crew unless otherwise authorized by the Authority. The Authority retains the right to determine which, if any, volunteers will be granted assignment to a summer maintenance night crew.

Employees on the summer maintenance night crew are eligible for night shift differential in accordance with Article 8.G., Night Shift Differential.

16.L. Work Clothing, Accessories and Tool Allowance

1. The parties agree that a work clothing cleaning allowance of $160 annually will be paid to those employees receiving work clothing (two sets of summer and two sets of winter clothing) pursuant to the "Work Clothing Allowance Policy Statement" (25-3-01) of the Authority. One extra set of work clothing will be issued to employees in the following positions: Bridge Repair Assistant Trainee I and II, Bridge Repair Assistant, Bridge Repair Mechanic and Bridge Welder. All maintenance employees will receive four (4) sets of work clothing for their initial issue.

Winter coats will be provided to all eligible maintenance employees. Such coats will be replaced on the basis of reasonable wear and tear on the job.

Cleaning allowances shall be paid four times per year, January 31, April 30, July 31, and October 31, after the end of the calendar quarter, to which such allowances apply. Employees shall be eligible to receive a quarterly payment if they utilize such clothing at least nine weeks within such calendar quarter.

The Authority will provide disposable or other "throwaway" clothes to certain Maintenance Assistants (Mechanic), Motor Equipment Mechanics and other titles where the nature of the job (such as tarring, bit paving or cleaning of septic tanks) requires the use of such clothing, and improved disposable clothes to Bridge Painters in accordance with a policy to be promulgated by the Authority.

Where suitable throwaway clothing is not available and replacement of the work clothing of Bridge Painters engaged in sand blasting has been made necessary because of such work, such damaged clothing may be turned in for replacement. Where suitable throwaway clothing is not available and replacement of the work clothing of Bridge Painters engaged in high level bridge painting has been made necessary because of such work, such damaged clothing may be turned in for replacement up to a maximum of three sets per year.

2. The Authority agrees to provide paint gloves and rain coats or rain suits to employees on an as-needed basis.
16.L. 3. The Authority agrees to provide, on a phase-in basis, over-the-shoe shorter boots in place of the present hip boots. The Authority further agrees to retain six pairs of hip boots per Maintenance Section. Worn out or damaged short boots must be turned in for replacement.

4. The Authority will provide to employees who have not previously received such safety equipment and whose positions required that they wear such equipment, reimbursement for two pairs of safety shoes. Purchases of safety shoes will be reimbursed up to $150.00.

The Authority further agrees, upon request of the employee, to reimburse the employee for the replacement of such safety shoes for these employees and the employees who were previously issued such safety shoes at the rates set forth above, when replacement is made necessary by wear or damage on the job.

Those employees who are provided or reimbursed for such equipment shall make full appropriate use thereof.

5. The Authority agrees to provide an annual allowance to employees in the Bureau of Equipment Maintenance employed in the titles of Motor Equipment Mechanic, Sheet Metal Worker, Automotive Body Mechanic, Maintenance Assistant (Mechanic), Welder (when regularly assigned to Automotive Repair Shop) and Machinist and to employees in the Bureau of Thruway Maintenance in the title of TOLL ELECTRONIC SYSTEMS TECHNICIAN, to reimburse these employees for personally owned tools required to be furnished by them, or which they provide voluntarily in excess of requirements, and which are broken, worn out, lost or stolen in the performance of their duties. Effective NOVEMBER 13, 2017 THE ANNUAL ALLOWANCE WILL BE $300.

Tool allowances shall be paid once a year WITH the last pay check in January. Employees shall be eligible to receive a quarter of the tool allowance if they are at work in a title to which such allowance is applicable at least nine weeks within such calendar quarter.

The Authority will continue to provide insurance for loss of tools from the required tool complements to a limit of $5,000.
16.M. Posting of Overtime and Out-of-Title

The Authority agrees to post monthly, at the appropriate work locations, the actual overtime hours worked during the preceding month by each employee assigned to such work location. The Authority will provide information monthly to the Division Engineer and the Maintenance Chief Shop Steward showing the amount of out-of-title and overtime worked for each work location within the Division. In addition, the work unit's overtime opportunity sheet will be posted in the lunchroom or near the time clock at each work location.

16.N. Out-of-Title

1. A field maintenance employee (including Sign Shop employees) but excluding Equipment Maintenance employees referred to in 5. below assigned to:
   - supervise a work crew
   - operate heavy equipment
   - perform the duties of a higher level position

   shall receive out-of-title pay for each assignment of one consecutive hour or more from the first hour. However, for the operation of the front-end loader such assignment shall be for four consecutive hours or more before the employee receives out-of-title pay from the first hour.

2. Non-consecutive fractions of an hour cannot accumulate to make an hour's unit of out-of-title pay. In the operation of the front-end loader non-consecutive hours cannot accumulate to make a four-hour unit of out-of-title pay. Article 8.E.1. and 2. apply in determining employees' salaries in out-of-title situations.

3. If an employee is bypassed for an out-of-title work assignment, the Authority shall have 21 calendar days from notice thereof to rectify the situation by offering the employee another out-of-title opportunity. If the Authority is unable to make this offer within the above time frame, the Authority shall pay the employee for the lost assignment. This provision will only be invoked by the parties when an obvious error in an out-of-title assignment has occurred or when the out-of-title assignments in the work unit have not been fairly distributed.
16.N.  4.  Heavy equipment is defined as:

- Grader
- Bulldozer or other tracked vehicle
- Gradall
- Asphalt paver (driver and screed operator)

- Herbicide truck
- Sign boom truck (Crane) - operator paid out-of-title as SG-12
- BridgeMaster 2 (bucket operator only)
- Condor (driver and platform operator)
- Self-Propelled Snowblower (driver only)

5. Equipment Maintenance employees:

In lieu of out-of-title pay, employees in the title of Maintenance Assistant (Mechanic) will receive $.25 per hour premium pay, which will be included in their biweekly salary check. An employee must demonstrate competence by passing a performance test before being eligible for such premium pay. This test shall be given each January. These additional monies will be considered as part of salaries for retirement purposes only and not for overtime purposes, promotion or in calculating future salary increases.

6. Out-of-Title Committee

The parties agree to the formation of a Unit I Out-of-Title Committee which will review new Authority equipment to determine if such equipment should be classified as "heavy or light" for out-of-title purposes.

The Authority agrees to grant Employee Organizational Leave to employees of the Authority in this Negotiating Unit for meetings of such Committee, including actual and necessary travel time not to exceed 6.5 hours each way.

7. The parties agree that the "crew concept" shall be utilized for the distribution of out-of-title assignments, whereby out-of-title work required on a particular project will first be offered to the members of the crew assigned to that project APPROPRIATELY QUALIFIED TO PERFORM THE ACTUAL WORK ASSIGNED.
16.O. Summer Patrol

In addition to whatever other summer patrols the Authority may schedule, and on Sundays during the months of July and August (including the Sunday before Labor Day), the summer patrol will be maintained for a minimum of four hours for each section but, at the Authority's option, a patrol may be assigned to cover two sections, in which case it will work eight hours.

When the 4th of July falls on a Friday, the Summer Patrol will be conducted the following Saturday.

No limit will hereafter be imposed upon TOLL ELECTRONIC SYSTEMS TECHNICIANS with respect to the distance from the Thruway within which they must reside.

16.Q. Seniority for Field Maintenance Employees

Seniority for field maintenance employees shall be defined as length of continuous annual/hourly (non-seasonal) service with the Authority, except in the case of hourly (non-seasonal) employees who have seasonal hourly service which is contiguous with their non-seasonal service, their seniority shall be dated from the date of their appointment to such contiguous seasonal hourly service.

Example: Employee Sands, appointed seasonal/hourly as a Construction Equipment Operator (Light) on September 30, 1975, works full time until November 1, 1975, at which time employee Sands is appointed permanently as a Construction Equipment Operator (Light). Employee Cannon is appointed permanently as a Construction Equipment Operator (Light) on October 15, 1975. Employee Cannon is senior to employee Sands until November 1, 1975, when employee Sands is appointed permanently and then employee Sands has 16 days more seniority than employee Cannon.

It shall apply as hereafter set forth:

1. Continuous service with the Authority shall apply to promotion, transfer and seniority lists except, after December 1, 1987, the following exceptions apply:
a. When an employee takes a voluntary demotion, their seniority shall begin as of the employee's time in the new work unit. Such employees shall have full seniority, however, only for the purpose of transferring between work units. For all other purposes seniority will be the date the employee takes the voluntary demotion.

b. When an employee changes from a competitive to a non-competitive job, the employee's seniority in the new work unit shall begin as of the time of the move. Such employees shall have full seniority, however, only for the purpose of transferring between work units. For all other purposes seniority shall be as of the date of their demotion or change from competitive class to non-competitive class.

An employee who is terminated or who resigns shall have seniority from the date of reinstatement for promotion and transfer but shall retain all other earned benefits. Military leave, leave of absence, Workers' Compensation, inability to work because of sickness or injury shall be considered continuous service with the Authority.

3. For purposes of promotions to non-competitive positions, among employees equally qualified, in accordance with Article 16.S., subject to 16.Q.1.

4. For purposes of overtime work opportunities, in accordance with Article 16.H., subject to 16.Q.1.

5. For purposes of vacation, in accordance with present practice.

A permanent maintenance employee appointed or promoted to a seasonal position shall continue to accrue seniority in the permanent position for salary and the above purposes. Except that in the case of overtime opportunities, upon reverting to the permanent position, the employee will be credited with the highest number of overtime opportunities of any member of the work unit.

NOTE: Seniority for field maintenance employees shall provide that ties in seniority may be broken first by counting non-competitive seasonal service and second, if need be, by the flip of a coin.
16.R. Primary and Secondary Promotion Units

1. For non-competitive field maintenance positions, primary promotion units shall include the following:
   - Highway Maintenance Section;
   - Division Garage;
   - Division Bridge;
   - Division Highway;
   - Division Buildings;
   - Sign Shop;
   - Tappan Zee Bridge Maintenance Section;
   - Niagara Bridge Maintenance Section.

2. Automotive maintenance, clerical and administrative positions are excluded from the Maintenance Section for promotion purposes.

3. For promotion purposes, automotive maintenance positions in Maintenance Sections are assigned to the Division Garage of the Division in which they are geographically located.

4. Vacancies occurring in Construction Equipment Operator (Heavy) positions will be filled from among qualified candidates who have had service with the Authority in Construction Equipment Operator (Light) or Thruway Maintenance Worker positions unless neither the primary nor secondary promotion unit produces such qualified candidates, in which case recruitment for these positions will be conducted in accordance with the "Job Vacancy Posting Policy for Non-Competitive Class Positions" as provided in Policy 25-2-21, which will be amended to provide an eight day posting procedure for every vacancy in primary units and secondary units, where necessary, and to provide for actual notice to employees on leave from such units.

5. First considered will be promotions from within the primary promotion unit, within the Department of Maintenance Engineering, in order of seniority.

   Second considered will be promotions from elsewhere within the Division and transfers from elsewhere within the Division, within the Department of Maintenance Engineering, in order of seniority. Sign Shop employees and non-competitive class maintenance employees assigned to administrative headquarters will be considered in this unit in the Albany Division.
Third considered will be promotions from elsewhere within the Authority, within the Department of Maintenance Engineering, in order of seniority.

Fourth considered will be promotions from elsewhere within the Authority.

6. For the purposes of this Section, eligible employees seeking permanent appointment to a lower level position shall be considered the same as promotion candidates.

7. Permanent competitive class employees shall not be included in the promotion units described in paragraph 5. above for the purpose of filling non-competitive or labor class seasonal positions. Such employees shall be considered within the appropriate promotion unit for the filling of all other vacancies.

16.5. Promotion of Non-Competitive Class Field Maintenance Employees

1. When a vacancy is to be filled in a position for which there are employee(s) eligible for promotion within the primary promotion unit, it will be in seniority order from such list of employees unless failure to do so is supported by a "skip memo".

2. When a vacancy is to be filled in a position for which there is both a transfer roster and employee(s) eligible for promotion from elsewhere within the Division, within the Department of Maintenance Engineering, it will be in seniority order from the combined roster of the employees eligible for promotion and employees interested in transfer, unless failure to do so is supported by a skip memo.

3. Skip memos which purport to deny such transfers or promotions only on the grounds that the employee requesting the transfer or promotion is too valuable to lose from their present position, or that recruiting a replacement for such employee in that area will be difficult, will not be permitted.

4. Promotional skip memos which do not relate to the competence (including ability and/or other qualifications) and/or the satisfactoriness of prior service of employees concerned will not be permitted. Only one promotional skip memo may be submitted to support the denial of each promotion to an employee, except that a skip memo may be amended to take into consideration matters which were not known to the writer at the time the skip memo was submitted. The employee concerned shall be given a copy of each such skip memo and amendment at the time of submission thereof.
5. If a position is filled by any other person, the most senior promotee shall be notified in writing of that fact and of the reason therefore, unless they have filed a written waiver of such notice.

16.T. Transfer of Non-Competitive Class Field Maintenance Employees

1. The Authority will, during January of each year, ask all employees interested in transfer to submit a written request indicating such interest. Any employee may also submit such a request at any other time. All such requests shall be submitted to, and receipt acknowledged in writing by, the Personnel Director, who will establish and maintain a transfer roster for each title and location in which such interest has been indicated. Only the names contained on the transfer roster at the time a vacancy occurs are required to be considered for the vacancy.

2. When a vacancy is to be filled in a position for which there is a transfer roster and no employee(s) eligible for promotion within the primary or secondary units, it will be in seniority order from such roster unless failure to do so is supported by a "skip memo".

3. When a vacancy is to be filled in a position for which there is both a transfer roster and employee(s) eligible for promotion from elsewhere within the Division, within the Department of Maintenance Engineering, it will be in seniority order from the combined roster of the employees eligible for promotion and employees interested in transfer, unless failure to do so is supported by a skip memo.

4. Skip memos which purport to deny such transfers or promotions only on the grounds that the employee requesting the transfer or promotion is too valuable to lose from their present position, or that recruiting a replacement for such employee in that area will be difficult, will not be permitted.

5. The name of each employee who transfers shall be removed from all transfer rosters for a period of one year. The name of each employee who accepts a temporary/seasonal transfer shall be removed from all temporary/seasonal rosters for a period of one year. Thereafter, it may be placed upon any transfer roster as provided in paragraph 1. above.
16.T.6. A special transfer roster for Construction Equipment Operator (Light)(CEOl's) and a special transfer roster for Bridge Repair Assistants (BRA's) will be created in January of each year for use during the calendar year. In January, CEOl's will be asked to complete a transfer canvass form indicating interest in transfers to CEOl vacancies in other work locations. In January, BRA's will be asked to complete a transfer canvass form indicating interest in transfers to BRA vacancies in other work locations. All canvass forms shall be submitted to, and receipt acknowledged in writing by, the Personnel Director, who will establish and maintain a transfer roster for CEOl and for BRA by location. A CEOl or a BRA may add or remove their name from the transfer list at anytime by writing to the Director of Personnel. Such additions and removals will also be acknowledged in writing. However, only the names contained on the special CEOl transfer roster at the time a vacancy occurs [once the division has requested the transfer list] will be considered for the CEOl vacancy and listed in seniority order in accordance with Article 16.Q of the Unit 1 Agreement. Only the names contained on the special BRA transfer roster at the time a vacancy occurs [once the division has requested the transfer list] will be considered for the BRA vacancy and listed in seniority order in accordance with Article 16.Q of the Unit 1 Agreement.

7. When a CEOl or BRA vacancy is to be filled, the CEOl or BRA transfer will be verbally offered to the first person on the special CEOl or BRA transfer roster unless failure to do so is supported by a "skip memo" in accordance with the provisions of Article 16.T.2 above. The CEOl or BRA transfer candidate must accept or decline the transfer within 48 hours of the time the offer is extended. Failure to respond will be considered a declination and the transfer will be offered to the next most senior transfer candidate. If an employee declines a transfer when it is offered in accordance with the provisions of Article 16.T.6, they will be removed from the special CEOl or BRA transfer roster for that location. If a CEOl or BRA transfer candidate is not available to be contacted in person or by telephone they will be skipped. If an employee who has accepted a transfer then declines the transfer, they will be removed from all special CEOl or BRA transfer rosters for a period of one year. Thereafter, they may request to be placed upon any special transfer roster as provided in article 16.T.6 above. The vacancy shall then be filled in accordance with Article 16.T.6.
8. The name of the employee who transfers shall be removed from the special CEOL or BRA transfer roster for a period of one year; thereafter, they may request to be placed upon any special transfer roster as provided in paragraph 6 above.

9. In the event there are no CEOLs interested in transferring to an available CEOL position, or in the event there are no BRA's interested in transferring to an available position, the position will be converted to a Thruway Maintenance Worker and filled at the discretion of the Authority in accordance with the procedures set forth in this Agreement.

16.U. Transfer of Competitive Class Maintenance Employees

1. The Authority will, during January of each year, ask all employees interested in transfer to submit a written request indicating such interest. Any employee may also submit such a request at any other time. All such requests shall be submitted to, and receipt acknowledged in writing by, the Personnel Director, who will establish and maintain a transfer roster for each title and location in which such interest has been indicated.

2. When a vacancy is to be filled in a position for which there is a transfer roster, it will be in seniority order, Thruway-wide, from such roster unless failure to do so is supported by a "skip memo". Skip memos which purport to deny such transfers only on the grounds that the employee requesting the transfer is too valuable to lose from their present position, or that recruiting a replacement for such employee in that area will be difficult, will not be permitted.

3. The name of each employee who accepts a permanent transfer shall be removed from all permanent transfer rosters for a period of one year. The name of each employee who accepts a temporary/seasonal transfer shall be removed from all temporary/seasonal rosters for a period of one year. Thereafter, it may be placed upon any transfer roster as provided in paragraph 1 above.

The name of each employee who declines a job offer shall be removed from all transfer rosters for a period of one year. Thereafter, the employee's name may be placed upon any transfer roster as provided in paragraph 1 above.

4. Where a vacancy is to be filled in a position for which there is a transfer roster, the eligible list shall not be utilized until the transfer roster has been exhausted by declinations or skip memos.
16.V. Tappan Zee Bridge Emergency Patrol

1. The Authority will provide reflectorized vests for the work crew which can be worn for identification and safety purposes.

2. So far as practicable and without interference with the proper conduct of Authority functions, Patrol Crew members will be permitted to swap days and shifts upon the approval of their supervisor and joint agreement by all crew members engaging in the swap. Such approval must be sought at least 48 hours prior to the proposed swap and the change in schedule shall not result in additional overtime for the Patrol Crew.

3. When an employee is assigned to be the crew chief, such employee shall receive out-of-title pay at the salary grade 10 level provided that there is no other supervisor assigned to the Wrecker Crew during that time period.

4. The Authority agrees to revise the present Tappan Zee Bridge Wrecker Crew schedule to provide for equitable distribution of weekends off and equitable distribution of overtime opportunities. This revision shall not result in additional overtime as compared to the present Tappan Zee Bridge Wrecker Crew schedule. This revised schedule shall be implemented no later than 60 days after the signing of this Agreement.

16.W. High Level Premium Pay - For Field Maintenance Employees

All field maintenance employees at Grade 12 and below when required to work at heights of 25 feet or more shall receive $.30 per hour premium pay. This premium pay will be made for the period of the entire assignment.

Effective the date of this Agreement, such field maintenance employees will also receive an additional $.30 per hour premium pay for work above 25 feet on the following Bridges:

- Tappan Zee
- Kasterskill
- Catskill

- Brewster Viaduct (East and Westbound)
For purposes of this Section, heights shall be determined from the bridge deck for work on or above a bridge deck. All other heights shall be determined from the ground or water level directly below the employee.

These additional monies will not be considered as part of salaries for overtime purposes or upon promotion.

16.X. Code "14"

If a maintenance employee is required to work more than 16 consecutive hours, the employee shall have the right to an eight hour rest period which will be charged to sick leave under a special code ("14"). The use of code "14" will not adversely affect the employee's bonus sick day pay if the employee meets the other qualifications for this pay.

16.Y. Toxic Materials

The Authority will develop a policy for those employees involved in the application of herbicides and/or the handling of toxic materials which will provide protection for employee lunches and give those employees the ability to wash up before eating.

16.Z. Special Work Crews

The parties agree to the establishment of special work crews for herbicide truck operation and rock slope reconditioning on a Thruway-wide basis. Members of these crews, while eligible for overtime opportunities when engaged in their primary function, will not adversely affect the overtime opportunities of employees in other work units. The parties are to continue to discuss and agree upon seniority, posting and other details prior to the implementation of these crews.

16.AA. Training

1. Maintenance employees assigned to perform training for Commercial Driver's License, first aid and factory representative training for new equipment or Construction Equipment Operators (Heavy) who are assigned to train Construction Equipment Operators (Light) on heavy equipment will receive additional pay at the rate of $2.00 per hour for time spent training.
16.BB. Thruway Maintenance Worker

1. Thruway Maintenance Workers will be assigned to bridge maintenance and a highway maintenance work unit. Thruway Maintenance Workers will report generally, but not necessarily, on a seasonal basis to one of these work units at the Authority's discretion. When assignment between the employees' work units requires a change in reporting location or a change in shift, employees will be provided a two-week notice except in an emergency or where such notice is operationally impracticable. In addition, where assignment between the employee's work units involves travel beyond a contiguous highway section, such assignment will be made first from volunteers in the work unit on a seniority basis; and second, from among such employees on the basis of reverse seniority.

2. Bridge and highway assignments will generally be made to geographically proximate work units, however, employee requests for assignments to non-geographically proximate work units may be approved by the Authority on a case by case basis.

3. Seniority for Thruway Maintenance Workers will be determined pursuant to Article 16.Q. However, for the purpose of distribution of overtime opportunities, time spent out of a highway unit in a bridge unit and vice versa shall be treated as a seasonal appointment.

4. Appointment from a Bridge Repair Assistant position to a Thruway Maintenance Worker shall be deemed a promotion.

5. The primary promotion unit for Thruway Maintenance Workers shall be THE WORK UNIT WHERE THEY ARE WORKING AT THE TIME A VACANCY IS POSTED.

6. Vacancies in Thruway Maintenance Worker positions will be filled pursuant to Articles 16.R., S. and T. except as modified by this Article.

7. A three-year Thruway Maintenance Worker Traineeship will be established and vacancies in Thruway Maintenance Worker positions will be filled at the Trainee 1, Trainee 2, Trainee 3 or journey level depending on the candidate's qualifications. Appointments will be first made at the journey level to fully qualified candidates wherever possible.
8. The Joint Authority and Teamsters Training Committee will be convened as soon as possible to discuss elements of a Thruway Maintenance Worker Traineeship.

9. Thruway Maintenance Worker Trainees will serve a probationary period concurrent with their traineeship.

10. As current permanent employees fill Thruway Maintenance Worker positions, additional Thruway Maintenance Worker positions may be established as vacancies are "matched" which may include reassigning a vacancy to where it is needed. In some cases where matches can't be made but the Authority determines that a permanent Highway Section employee is needed, a vacancy will be refilled as a CEOL.

11. Thruway Maintenance Workers, Construction Equipment Operators (Light) and Bridge Repair Assistants will continue to be eligible to receive out-of-title pay pursuant to Article 16.N. of the Unit I Agreement. Out-of-title pay will continue to be paid for those assignments for which it is currently paid; that is, for out-of-title assignments to operate heavy equipment, for assignments as a "crew leader" as such assignments are currently constituted and for assignments as a Bridge Repair Mechanic, Construction Equipment Operator (Heavy) or Maintenance Supervisor I. Nothing in this Agreement is intended to change the current conditions under which out-of-title assignments are made or for which assignments out-of-title pay is currently received.

12. Unless covered by this Article, or as subsequently agreed by the parties, all terms and conditions of the Unit I Agreement remain in force and applicable to Thruway Maintenance Workers as those terms and conditions appear in the Collective Bargaining Agreement.

13. Where a change in shift is assigned by the Authority, a minimum of a two-week notice shall be provided.

1. The Authority will permanently fill a sufficient number of Construction Equipment Operator (Heavy) positions to provide at least three CEOHs per Highway Maintenance Section.
2. CEOHs appointed after 10/23/98 shall be assigned so as to provide at least one CEOH per shift during winter maintenance shifts. Such shifts shall first be filled on a voluntary basis in seniority order and second in a reverse order of seniority on a non-voluntary basis.

3. If the number of permanently filled CEOH items is reduced to fewer than three in a Highway Maintenance Section, assignment to winter maintenance shifts of CEOHs appointed after 10/23/98 shall only be pursuant to Articles 16.I. and J. until such time as the number of permanently filled CEOH items is restored to three or more in the Highway Maintenance Section.

ARTICLE 17
Toll Collection Employees

17.A. Applicability of Article

This Article applies to all full-time uniformed Toll personnel except as otherwise expressly provided herein.

17.B. Scheduling Time Off

The need for 24 hour coverage, seven days a week, makes it necessary to schedule days off, holiday time and other non-working periods of Toll Collectors at times and on days other than weekends, holiday dates and other conventional non-working dates and hours.

Since traffic is usually the heaviest on weekends and holidays, particularly during the summer months, days off will usually be on weekdays. Compensatory time for other purposes will be scheduled as set forth hereafter.

17.C. Work Schedules for Toll Collectors

1. All Toll Collectors will be assigned to duty in accordance with a work schedule covering a 28-day period. There will be 13 such schedules each year. Each such schedule will provide for not more than 19 scheduled workdays or shifts.

2. Compensatory time off for the 12 holidays specified in Article 12.A.1. will be given to Toll Collectors by granting one additional day off in 12 of the 13 annual schedule periods.
17.C. 3. Toll Collectors will receive seven checkout days in lieu of time required for performing clerical duties in "checking-out" at the end of a shift. For a Toll Collector six of these seven checkout days may be taken in units of four hours or multiples thereof at the Toll Collector's discretion throughout the year. (See Article 17.R for definitions of long-term and short-term leave and notice required for such leave.) Such checkout leave must be with the approval of the supervisor. These days are not cumulative and any days remaining unused by an employee on January 1 of each year will be canceled. However, if a Toll Collector takes all but two of the five personal leave and six check-out days during the period from mid-June to mid-August and thereafter is denied, or is unable because of Workers' Compensation Leave or sick leave which extends from December 1 to the first full payroll period in January to request, permission to take either one or both of the remaining days before the first full payroll period in January, such day or days shall be accumulated and added to the checkout days and/or personal leave, as the case may be, credited to the employee for the following year. Toll Collectors will also receive an additional 3.5 days pay per calendar year at straight time to compensate for the overtime aspects of the seven checkout days as outlined in the "Procedure for Making Payment of Check-Out and Change-Over Time."

In addition to the above payment for checkout time, Toll Collectors are eligible for 15 minutes pay at the employee's overtime rate for checkout purposes on each day when not scheduled to work and are subsequently called in for overtime.

4. Toll Collectors in all sections will be scheduled to be off duty two weekends per schedule period. For Shift I employees, weekends will be Sunday and Monday.

5. The limit on the number of employees who may be on vacation each day contained in the Manual for Personnel of the Bureau of Toll Collection-Section I is hereby eliminated. The parties have eliminated the previous restriction on the number of vacation days an employee may take during the summer.

6. There shall be no variations beyond the two hour limit of the present I, II, IIB or III Shifts for the purposes of this Article.
7. When a Toll Collector is absent from duty for a long-term absence, the employee may not sign a schedule rebid until they have provided documentation that indicates their ability to return to full duty before the end of that signed for period. If the employee signs and subsequently fails to return to work two weeks before the next rebid posting is posted for signing, they will not be permitted to sign for another schedule until the rebidding period following the day of actual return to work.

A copy of each toll schedule will be supplied to the Union Shop Steward the day prior to the time it is posted. Schedules may be modified only by joint agreement between the Toll Division Manager and the Chief Shop Steward. No joint approval is required if the error is an obvious contract violation or a typographical error.

17.D. Shift Assignments

1. The Authority agrees to post each work schedule three weeks in advance, except that such schedule may be amended by the Authority at any time during the first week of such posting if unforeseen circumstances (including by way of illustration but by no means limited to, political or other conventions, sporting events, fairs, festivals, centennial celebrations, dramatic events, beauty contests, concerts, closing of interchanges or construction) require such amendment. Otherwise, no shift changes shall be made following the posting of the schedule except upon the consent of the Toll Collectors concerned. However, within the posted schedule only, Toll Collectors may, with the approval of their supervisor, make one shift change per calendar day. When such shift changes have occurred, subsequent leave requests, other than for sick leave which is supported by a doctor's certificate, will not be permitted for the shift in question. When such approval is withheld the supervisor will, at the employee's request, set forth the reasons therefore in writing. Cancellation of a shift change will not be considered a second change provided overtime has not been committed. All changes must be posted on the schedule at the station within 48 hours after the change has occurred. A shift change is any change made by a Toll Collector altering the posted schedule. This definition is not meant to include those changes made where a Toll Collector agrees to the request of the Authority or when a Toll Collector requests additional time off when time off has previously been approved for part of the scheduled shift.
2. There are three re-bid periods annually. The winter re-bid will take effect for the first full schedule after January 1. The summer re-bid will take effect for the first full schedule period that includes Memorial Day. The fall re-bid will take effect for the first full schedule after Labor Day.

17.E. Work Day

The normal work day or shift includes eight hours of duty, plus whatever time is required for "check-out" duties. Toll Collectors will be granted the equivalent of two fifteen-minute rest periods during each work day or shift and adequate time for lunch, subject to the following:

1. In those instances in which one Toll Collector is assigned to a shift, no formal relief period for rest and meal is required since adequate time for these purposes is available during the shift. Toll Collectors working a 1 shift alone will receive a premium of $.40 per hour if scheduled to work alone for five hours or more. When necessary for the reasons described therein, the lane may be closed down as provided in THE TOLL COLLECTION MANUAL SECTION 4 'STANDARD OPERATING INSTRUCTIONS'.

2. In those instances in which more than one Toll Collector is assigned to a shift, they may take rest and meal periods at such times as mutually agreed to by themselves or as assigned by their supervisor, with due consideration of the necessity for performing the work of the station without undue delay at any time, provided that, to the extent practicable, each Toll Collector will receive relief time during each shift.

3. Toll Collectors are required to interrupt lunch or other relief periods to assist in the work of the station whenever necessary. Time permitted for lunch and rest periods is considered working time. Employees are not to leave the immediate area of their duty station during the tour of duty except when unforeseen circumstances, such as a major storm, make it necessary for a Collector to leave their duty station at the request or with the approval of the supervisor to get necessary supplies.

17.F. Staffing of Toll Stations

The Authority agrees to post annually or when changes occur, at each toll station, the minimum staffing pattern for each schedule period for that station which will be in effect under normal circumstances and to send copies, for the toll stations in each Division, to the Teamster Chief Shop Steward for such Division. The parties also agree that such staffing patterns can be modified by the supervisor when, in the supervisor's judgment, conditions warrant it.
Upon advice from the Union, the Authority will review any particular problems raised with respect to staffing complements at any particular station(s).

The Director of Toll Collection and representative will meet with the Union representatives appointed for such purposes to review present minimum staffing to more realistically reflect what staffing is actually being assigned.

17.G. Assignments to Other than Regularly Assigned Station

The parties agree that the assignment of Toll Collectors to work at toll stations other than the one to which they are regularly assigned will be made on a volunteer basis. The parties also agree that, in the event there are insufficient volunteers, Toll Collectors will be assigned, in order of least seniority, to the extent required to provide sufficient personnel for the work to be performed.

The Authority agrees to provide a mileage allowance at THE PREVAILING FEDERAL RATE per mile, or transportation by an Authority vehicle, except where the employee's residence is closer to such temporarily assigned station than their regularly assigned station.

17.H. Motor Vehicle Operators (Courier)

1. Work Day - Work Week

Motor Vehicle Operators (Courier) work 7.5 hours per day, Monday through Friday. The work hours vary by individual.

2. Uniforms and Allowances

Male employees in this title are uniformed the same as Toll Collectors and are issued the following items of clothing:

- A total of six pair of trousers and shorts (maximum two pair of shorts)
- A total of ten shirts (maximum two polo shirts, two turtlenecks)
- Two sweaters
- One windbreaker
- One all-weather jacket
- One belt
- One knit hat
- Two ties
The Authority will provide each female Motor Vehicle Operator (Courier) with the following:

- A total of six pair of slacks, shorts and skirts (maximum two pair of shorts)
- A total of ten blouses (maximum two polo shirts, two turtlenecks)
- Two sweaters
- One windbreaker
- One all-weather jacket
- One belt
- One knit hat
- Two ties

The Authority further agrees to replace such garments as needed, by reason of normal wear and tear, damage on the job or unanticipated shrinkage, and to pay a uniform cleaning allowance of $210 annually on January 31. All of the above garments are machine washable and cleaning them is the responsibility of the employee. At the time of issue, normal uniform alterations will be made at Authority expense and subsequent alterations are to be at the expense of the employee. The Authority agrees that it will attempt to accommodate any Major size changes by substituting with more appropriate uniform sizes as available.

3. Safety Shoes

The Authority agrees to provide Motor Vehicle Operators (Courier) who have not previously received such safety equipment reimbursement for two pair of safety shoes which shall be black in color at the rate of $150 per pair.

4. Training New Couriers

The Authority agrees to pay couriers $2.00 per hour training pay when assigned to train new Couriers.

17.1. Carbon Monoxide Testing

The Authority will perform carbon monoxide testing on a quarterly basis at New Rochelle, Yonkers, Spring Valley, Harriman, Williamsville, and Lackawanna. The test results will be given to the Shop Steward. All other stations would be tested upon request within two weeks of the request.
17.J. Overtime

1. Time Allowance for Availability

At the time each schedule is posted, a Schedule of Availability for Toll Overtime shall be posted at each toll station, and shall remain up for at least 15 days. Toll Collectors shall continue to indicate their availability for overtime on such schedule as at present, except that they shall be permitted to indicate such availability on all pass days, including all shifts on the compensatory pass day they receive in lieu of an Employee Organizational Leave day.

The following instruction will be permanently posted on the Schedule of Availability for Overtime:

"Explanation: If you want to volunteer for overtime with this work group - sign your name at left and draw a horizontal line through dates for which you do not want to be considered for overtime. Indicate under each date for which you volunteer for overtime the shift or shifts during all and any part of which you wish to be considered willing to work. On your scheduled days off, you may use an 'A' to indicate your wish to be considered available for all and any part of all shifts on that date. On days that you are scheduled to work, you must designate the shift or shifts all and any part of which you are willing to work on an overtime basis.

Example: Toll Collector Sessamy signs his name at the left of the Schedule of Availability for Overtime and indicates his availability to work the I Shift from 11:00 p.m. to 7:00 a.m. on September 22, 1976. An overtime opportunity arises for the three hours between 4:00 a.m. and 7:00 a.m. at the end of that shift. Toll Collector Sessamy will be considered for that overtime opportunity."

Full-time toll employees have the option of signing for particular hours or shifts on the overtime availability list. Employees must sign up in four-hour block minimums and split shifts will not be permitted.

2. Withdrawal of Availability

After the original of the Schedule of Availability has been removed from the toll station, Toll Collectors may withdraw their availability for overtime work on one or more shifts by notifying their supervisor that they will not be available on the shift or shifts indicated. The Toll Collectors must notify their supervisor
at least 24 hours in advance of the shift entered on the Schedule of Availability by making an entry on the Unusual Occurrence Report (TA-6310).

The supervisor may also be notified orally. The supervisor will note the withdrawal by placing an "X" or "shift withdrawn" over the shift or shifts indicated; if an "A" is indicated, an "X" will be placed over the "A" and any shift or shifts which the Collector is still interested in working will be set forth.

17.J. 3. Distribution of Overtime Opportunities

The Authority retains the right to select Toll Collectors to serve as Trainers and Authority Safety Committee representatives. In these types of situations, the employees will be treated as being on Employee Organizational Leave for overtime replacement and distribution of overtime purposes. In order to achieve a more equitable distribution of overtime opportunities, such overtime opportunities will be offered first in seniority order to Toll Collectors as hereafter set forth. Any refusals of overtime opportunities of less than eight hours and working such opportunities up to an aggregate of less than eight hours shall not affect such seniority order. After working or being assigned to work one or more overtime opportunities aggregating eight or more hours, an employee shall be deemed junior to an employee who has not reached eight hours. Among employees who have worked or been assigned overtime opportunities of eight or more hours, overtime opportunities shall be offered in order to those who have worked or been assigned the least amount of overtime within each 56 day period referred to in paragraph J. 7. Refusal of a single overtime opportunity of eight or more hours shall, for these purposes, be deemed overtime worked.

4. Distribution of Toll Collector Overtime Opportunities

Toll Collector overtime opportunities, before being offered to any full-time temporary, part-time or seasonal Toll Collectors, will be offered in the following order to eligible personnel who have signed the Schedule of Availability:

a. regular full-time Toll Collectors from the station on pass days;

b. other regular full-time Toll Collectors at the station;

c. regular full-time Toll Collectors from other stations on pass days;
17.J. 5. Implementation of paragraphs 3. through 5. above shall be subject to the standard that except for emergency situations, Toll Collectors may not work double shifts (any two work periods, each consisting of 16 or more continuous hours, separated by an off duty break of 16 or less hours), nor any triple shifts.

6. Equitable Distribution of Overtime Opportunities by Seniority

The supervisor will note the refusal of each overtime opportunity of eight hours or more, and the working of all overtime, on the Work Schedule by circling the amount of overtime worked or refused in ink. Following the expiration of the first posted Work Schedule under this Agreement, all the overtime worked or deemed worked will be accumulated and carried forward to the next posted work schedule. Following completion of the next such schedule, the following posted schedule shall again be utilized in order of seniority so that each seniority list shall extend for a period of 56 days.

7. Removal from Schedule of Availability

A supervisor will discuss with the employee a pattern of repeated instances of inability to contact the employee for overtime assignments. If, after discussion, the pattern continues, the supervisor, with the approval of the Toll Division Supervisor, may remove the employee's name from the Schedule of Availability for two schedule periods or until the current 56-day period expires.

8. Compensatory Overtime Opportunities

If an error in the assignment of overtime occurs, the Authority shall have 21 calendar days from notice thereof to rectify the error by offering the employee another overtime opportunity. If it is unable to do so within such time, the Authority shall pay such employee for the lost time.

9. Late Replacement Calls

Should a Toll Collector be called within one-half hour of the commencement of a scheduled shift to replace a permanent Toll Collector on an overtime basis, the Toll Collector will receive credit toward the overtime meal allowance if they report to work within 30 minutes after the shift begins.
10. Assigned Overtime

Should a Toll Collector be required by the supervisor to work a specific overtime period and subsequently be told by another supervisor to leave prior to working the entire specified period, the Toll Collector would be paid for that overtime to which they were first assigned.

11. Overtime - Restrictive Leave Status

A Toll Collector who is on restrictive leave will not be called for overtime on any day on which the employee is off on sick leave other than family sick leave, funeral leave or visits to the doctor or dentist with acceptable proof of illness. Any violation of this paragraph by the Authority will result in the automatic payment of the lost overtime earnings to the employee.

17.K. Transfers

Transfers in the Bureau of Toll Collection will be administered in accordance with the TOLL COLLECTION MANUAL – POLICY AND PROCEDURE FOR TRANSFER (GEOGRAPHICAL REASSIGNMENT) OF PERSONS IN THE OFFICE OF REVENUE OPERATIONS. The employee's pre-filed request for transfer will be acknowledged in writing by the appropriate supervisors.

The parties agree to eliminate the present requirement that a permanent Toll Collector must serve six months at the location of original appointment before being eligible to transfer. It is understood that the employee's score on the Civil Service List for their title must be reachable in the location to which the employee wishes to transfer during this six-month period.

The parties agree that if an employee refused on one occasion in a six-month period a transfer to a location of choice, the employee's name will be removed from the transfer list for that location for a period of six months. If the employee is still interested in transfer to the location in question five months from the date of the prior refusal, the employee may resubmit their name at that time to the Division Toll Office and may transfer 28 days after that. An employee will be allowed 48 hours and no longer when responding to a transfer request.

17.L. Utilization of Regular Full-Time Toll Collectors

The parties agree that Toll Collectors who are absent due to short-term sick leave, personal leave, administrative leave or employee organizational leave will be replaced, when necessary, by regular full-time Toll Collectors. For the purposes of this Article, short-term sick leave shall mean five or fewer consecutive workdays.
17.M. Seniority for Toll Collection Employees

Seniority for Toll Collectors shall be defined as length of continuous permanent service with the Authority except that for new Toll Collectors appointed permanently on October 28, 1982 and thereafter, seniority for scheduling and vacation selection shall be determined by length of continuous permanent service as a Toll Collector.

An employee who has been reinstated following a termination or resignation or who has been voluntarily or involuntarily demoted to a Toll Collector position, shall have seniority from the date of such reinstatement or demotion for the purpose of shift selection, vacation request consideration, transfer (geographical reassignment), and for distribution of overtime opportunities.

All relevant documents, including the following procedures, will be deemed amended to conform with these definitions, which shall apply as hereafter set forth:

1. For purposes of transfer in accordance with the "Policy and Procedure for Transfer (Geographical Reassignment) of Personnel in the Bureau of Toll Collection," as modified by Article 17.M.

2. For purposes of overtime as provided in Article 17.J.

3. For purposes of vacation as provided in the "Procedure for Granting Vacation to Uniformed Employees of the Bureau of Toll Collection", as modified by Article 17.C., except that vacation requests in day blocks of five and multiples thereof take precedence over a senior employee requesting lesser than these amounts; i.e., one to four days.

4. For purposes of shift assignment as provided in Article 17.D. 3., 4. and 5.

17.N. Stools

The Authority will provide stools for each tollbooth. Toll Collectors will be permitted to sit while collecting tolls provided service to patrons is not adversely affected.
17.0. Uniforms

The Authority agrees to provide each full-time male Toll Collector with the following:
- A total of six pair of trousers and shorts (maximum two pair of shorts)
- A total of ten shirts (maximum two polo shirts, two turtlenecks)
- Two sweaters
- One windbreaker
- One all-weather jacket
- One belt
- One knit hat
- Two ties

The Authority will provide each full-time female Toll Collector with the following:
- A total of six pair of slacks, shorts and skirts (maximum two pair of shorts)
- A total of ten blouses (maximum two polo shirts, two turtlenecks)
- Two sweaters
- One windbreaker
- One all-weather jacket
- One belt
- One knit hat
- Two ties

The Authority further agrees to replace such garments as needed, by reason of normal wear and tear, damage on the job or unanticipated shrinkage, and to pay a uniform cleaning allowance of $210 annually on January 31. All of the above garments are machine washable. The authority has the right to view the items that need to be replaced, and require them to be turned back in to management upon replacement by the collector.

At the time of issue, normal uniform alterations will be made at Authority expense and subsequent alterations are to be at the expense of the employee. The Authority agrees that it will attempt to accommodate major size changes by substituting with more appropriate uniform sizes as available.

Toll Collectors will receive a shoe allowance of $150 FOR BLACK NON-SLIP SHOES.

17.0. Out-of-Title

A Toll Collector assigned to perform the duties of a higher level position shall receive out-of-title pay for each assignment of one consecutive hour or more from the first hour.
Non-consecutive fractions of an hour can never accumulate to make an hour's unit of out-of-title pay. Article 8.E.1 and 2 apply in determining employee's salary in out-of-title situations.

17.Q. Toll Complaint Committee

The parties agree to the formation of a Toll Complaint Committee to review the written complaints of a Toll Collector who has appropriate accruals and who believes they have been wrongfully removed from the payroll by the supervisor.

If a Toll Collector desires to have the removal reviewed, such Toll Collector must submit a written request with supporting documentation to the Toll Division Manager with a copy to the Chief Shop Steward, within five work days of the receipt of notification of removal.

The Toll Division Manager shall within three work days review such complaint and make a determination. If the Toll Division Manager decides that the employee should not be removed from the payroll, the Manager will make the necessary arrangements to cancel the removal and notify the employee. If the Toll Division Manager concurs with the removal, the Manager will forward the complaint to the Director of Labor Relations, who will attempt to settle it. If not settled within five workdays, it is considered by the full Committee. The Committee will, within five work days after receipt thereof, render a decision on the complaint. If the Committee agrees, such decision will be final and binding and not subject to further review. If there is a disagreement of the Committee, either party may request that it be pursued through the grievance procedure.

The Committee membership shall be:

Teamsters Local 72 Authority
President of Local Director of Labor Relations
Designee of President Director of Toll Collection

17.R. Long-Term - Short-Term Leave Definitions

Three or more consecutive shifts with or without regular days off charged to an accrual except sick leave is considered long-term leave. Forty-eight hours notice is required for such leave. Less than three consecutive shifts with or without regular days off charged to an accrual except sick leave is considered short-term leave. Requests for short-term leave may be submitted up to 28 days prior to the start of the 28-day schedule for which the leave is being requested.
17.S. Trainers

The Authority retains the right to select Toll Collectors to serve as trainers. Collectors designated by the Assistant Toll Division Manager as instructors will be paid an additional $2.00 per hour for all time spent in training Toll Collectors whether that time is in the toll booth or in the classroom.

ARTICLE 18
Clerical Employees

This Article applies to full-time 37.5-hour clerical employees except where otherwise indicated.

18.A. Seniority

1. Seniority for full-time clerical employees shall be defined as length of continuous permanent service with the Authority. Such continuous service with the Authority shall apply for promotion and transfer. An employee who is terminated or resigns shall have seniority from the date of reinstatement for such purposes but shall retain all other earned benefits. Military leave, leaves of absence, Workers' Compensation, inability to work because of sickness or injury shall be considered continuous service with the Authority.

2. Seniority for half-time clerical employees shall be defined as length of continuous permanent service with the Authority. Half-time employees shall earn seniority at half time. If the half-time employee becomes a full-time employee, they will commence to earn full-time seniority plus whatever half-time seniority they carry with them.

3. Seniority is applicable for the selection of vacations.

18.B. Transfer

1. The Authority will, during January of each year, ask all employees interested in transfer to submit a written request indicating such interest. Any employee may also submit such a request at any other time subject to subparagraph 5. below. All such requests shall be submitted to, and receipt acknowledged in writing by, the Personnel Director, who will establish and maintain a transfer roster for each title and location in which such interest has been indicated. If an employee refuses a transfer to a particular office where the employee had previously indicated an interest, that employee's name will be removed
from the transfer list for that office for one year. The employee's name will remain on the transfer list for any other office for which the employee had indicated an interest. If a permanent clerical employee transfers to a temporary position, the employee can apply for subsequent permanent positions in the same title and office to which the employee transferred without regard to the one-year transfer restriction.

18.B.2. Where a vacancy is to be filled in a position which is newly created or reactivated, such vacancy shall be posted for a period of 14 days at the work locations of all other employees in the same title.

3. When a vacancy is to be filled in a position for which there is a transfer roster, it will be in seniority order, Thruway-wide, from such roster unless failure to do so is supported by a "skip memo". Skip memos which purport to deny such transfers only on the grounds that the employee requesting the transfer is too valuable to lose from such employee's present position, or that recruiting a replacement for such employee in that area will be difficult, will not be permitted.

4. Where a vacancy is to be filled in a position for which there is a transfer roster and an eligible list, the names of candidates from the transfer roster and eligible list will be interfiled into one listing. If the top eligible list candidate is from the Department in which the vacancy exists, then that candidate will be considered prior to the consideration of the most senior transfer candidate. If this is not the case, then the most senior transfer candidate will be given first consideration, then the top eligible list candidate and alternate transfer and eligible list candidates to the extent permitted by law.

5. The name of each employee who transfers shall be removed from all transfer rosters for a period of one year; thereafter, it may be placed upon any transfer roster as provided in paragraph 1. above.

6. Permanent vacancies will be filled as soon as practicable after selection is made.

7. The Authority is not obligated to consider or appoint transfer candidates to positions which will be vacant for six months or less (one year or less for temporary vacancies due to maternity leave).
8. A clerical employee who declines three transfer opportunities after interview will have their name removed from the transfer list for all clerical positions (except new positions) for one year from the date of the third declination.

18.C Out-of-Title

Where a clerical employee has been assigned to work in a higher-level position for less than one day, that employee will be paid out-of-title work. The determination of whether an assignment of a clerical employee constitutes out-of-title work for less than a day shall be made by the authority and will not be subject to review pursuant to article 14.

18.D Toll Collectors Assigned Clerical Positions

No part-time, temporary, seasonal or permanent Toll Collector or employees in non-competitive positions shall routinely be assigned to work in a clerical position. This does not preclude such assignments which provide for vacation relief.

18.E Mail Room AND DUPLICATING Clothing and Allowance

1. All Mailroom employees shall receive either six long sleeve shirts or short sleeve shirts/blouses and six slacks annually. In addition, they will also receive a winter jacket similar to the jackets provided to maintenance employees and will be eligible for safety shoe reimbursement as provided in Article 16.L.4.

2. The Authority agrees to pay a clothing cleaning allowance of $145 annually pursuant to the Work Clothing Allowance Policy Statement (25-3-01) of the Authority. A quarter of this allowance will be paid on January 31, April 30, July 31 and October 31 to those Mailroom employees issued such clothing.

3. The Authority will provide to employees who have not previously received such safety equipment and whose positions require that they wear such equipment, reimbursement for two pairs of safety shoes. Purchases of safety shoes will be reimbursed up to $150.00.

The Authority further agrees upon request of the employee to reimburse the employee for the replacement for such safety shoes for these employees and the employees who were previously issued such safety shoes at the rate set forth above, when replacement is made necessary by wear or damage on the job.
Those employees who are provided or reimbursed for such equipment shall make full appropriate use thereof.

18.F Division Headquarters Smocks

Smocks will be provided for the use of Division Headquarters clerical personnel on occasions when they are assigned duties which require protective clothing.

18.G Safety Glasses

ARTICLE 19
Radio Dispatching Employees

This Article applies to all full-time Radio Dispatchers.

19.A Seniority

1. Seniority for Radio Dispatchers appointed prior to April 3, 1985 shall be defined as length of continuous permanent service with the Authority. Seniority for Radio Dispatchers appointed April 3, 1985 and thereafter shall be defined as length of continuous permanent service as a Radio Dispatcher. Seniority shall be the determining factor in the selection of shifts.

2. An Overtime Availability Schedule will be posted for a 28-day period in order of seniority. As a Radio Dispatcher works or personally refuses an overtime opportunity, their name will be placed at the bottom of the Overtime Availability Schedule.

An overtime opportunity which would cause a Radio Dispatcher's name to move to the bottom of the Overtime Availability Sheet is defined as a total of eight hours of overtime which can consist of two four hour units.

3. Selection of vacation periods shall be in order of seniority as defined in this Article. Vacation requests of one week or multiples thereof shall take precedence over vacation requests of less than five days.
19.B Scheduling

1. Assign pass days so that work blocks do not exceed five consecutive days. In the event it is impossible to avoid scheduling more than five consecutive days, the Shop Steward will be notified prior to posting of this schedule.

2. Except with respect to employees working steady Shifts, employees returning from a vacation of five days or more, or a weekend off shall not be scheduled on Shift I.

3. There shall not be more than three single days off per schedule. The assignment of single days off shall be kept to an absolute minimum.

4. No more than two different shifts may be scheduled during a sequence of work days.

5. Weekends are to be scheduled equally among Dispatchers.

6. Two pass days for Dispatchers will be scheduled preceding and following any vacation period of five days or more.

7. Schedules for Dispatchers will contain three weekends for every ten days vacation and four weekends for every fifteen days vacation.

8. Each work schedule for Dispatchers will be posted three weeks in advance. No shift changes will be made following the posting of the schedule without the consent of the Dispatchers involved.

9. Should a Radio Dispatcher be called within one-half hour of the commencement of a scheduled shift to replace a permanent Radio Dispatcher on an overtime basis, they will receive credit toward the overtime meal allowance if they report to work within 30 minutes after the shift begins.

10. The parties agree to implement on a trial basis the Radio Dispatching work schedule that has been agreed upon by the Ad Hoc Authority/Union Radio Dispatching Scheduling Committee. Such trial period will be until the schedule ending closest to June 30, 1991 and at each six month period will be reviewed by the Ad Hoc Committee to ensure that it is still acceptable to the parties.

It is further agreed by the parties to waive any contractual provisions contained in Article 19 that may come into conflict with this agreed upon work schedule for the duration of this trial period.
19.C Vacation and Personal Leave Requests

The Authority shall annually, in March, post for Radio Dispatcher vacations. The Authority agrees to act upon Radio Dispatcher Personal Leave requests within 24 hours of the time the request is submitted.

19.D Overtime and Rest Periods

1. Radio Dispatcher overtime shall first be offered to Radio Dispatchers except on those occasions when more than one Senior Radio Dispatcher is on the shift in which such overtime opportunity occurs. Overtime will continue to be offered in accordance with seniority, and only by working, being assigned to work, or personally refusing an overtime opportunity shall a Radio Dispatcher move to the bottom of the availability sheet.

2. If an error in the assignment of overtime occurs, the Authority shall have 21 calendar days from notice thereof to rectify the error by offering the employee another overtime opportunity. If it is unable to do so within such time, the Authority shall pay such employee for the lost time.

3. When required overtime is necessary, the overtime opportunity will first be offered to volunteers. When no volunteers are willing to work, the overtime will be assigned in reverse seniority order. The Authority will make every effort to limit a required overtime period to not more than four hours. Each time a Dispatcher is required to work overtime it will be counted as one chargeable required overtime period and the Dispatcher will not be required to work overtime again until the other Dispatchers on this shift on the day in which the required overtime occurs have worked an equal number of such overtime periods. Required overtime will be so rotated yearly July 1 to June 30.

4. Where practicable, Radio Dispatchers shall receive the equivalent of two fifteen minute rest periods and adequate time for a meal during each shift with due consideration of the necessity of performing the work of the Bureau of Communications; such time off is considered working time during which the employee may be required to interrupt to assist in the work of the Bureau whenever necessary. When the work activity permits, Radio Dispatchers are permitted to leave the dispatching area during their lunch break as long as they remain in the Administrative Headquarters Building and are reachable over the intercom.
19.E Work Clothing and Allowance

The parties agree that those employees who received uniform clothing prior to April 4, 1996, shall instead receive a clothing/cleaning allowance of $160 annually. A quarter of this allowance will be paid on January 31 and April 30, July 31 and October 31 to those Radio Dispatchers meeting the above eligibility requirements.

19.F Out-of-Title

A Radio Dispatcher assigned to perform the duties of a Senior Radio Dispatcher shall receive out-of-title pay for each assignment of one consecutive hour or more from the first hour.

Non-consecutive fractions of an hour can never accumulate to make an hour's unit of out-of-title. Article 8.E.1. and 2. apply in determining employee's salary in out-of-title situations.

19.G. Shop Steward Notification

The Radio Dispatching Shop Steward will be notified and present when possible when tapes are being played for disciplinary reasons.

19.H. Training Pay

Radio Dispatchers will receive training pay of $2.00 per hour when assigned to train new Dispatchers during their eight week training period.

APPENDIX B

HOLIDAY SCHEDULING FOR
TOLL EQUIPMENT MAINTENANCE
AND
SERVICE AREA MAINTENANCE
FOR THOSE HOLIDAYS SET
FORTH IN ARTICLE 12.A.1.

The following scheduling method should be used for Unit I Toll Equipment Maintenance and Service Area Maintenance employees when a holiday falls within the scheduling period:

1. Schedule employees four pass days so that no employee's pass day falls on the holiday;

2. On a rotating basis (with seniority as the guideline) schedule off those employees not needed on the holiday. The number of employees so scheduled would depend on work load and/or traffic volume.

Following are examples of this scheduling method:

EMPLOYEE A - Not scheduled to work holiday

<table>
<thead>
<tr>
<th>Mon</th>
<th>Tue</th>
<th>Wed</th>
<th>Thu</th>
<th>Fri</th>
<th>Sat</th>
<th>Sun</th>
</tr>
</thead>
<tbody>
<tr>
<td>R</td>
<td>R</td>
<td>R</td>
<td>R</td>
<td>R</td>
<td>R</td>
<td>R</td>
</tr>
</tbody>
</table>

In the above example, the employee did not work the holiday or any pass days, and, therefore, submitted the following cards:

- 9 R cards - 72 hours
- 1 Holiday card - 8 hours

TOTAL 80 hours

EMPLOYEE B - Scheduled to work holiday

<table>
<thead>
<tr>
<th>Mon</th>
<th>Tue</th>
<th>Wed</th>
<th>Thu</th>
<th>Fri</th>
<th>Sat</th>
<th>Sun</th>
</tr>
</thead>
<tbody>
<tr>
<td>X</td>
<td>X</td>
<td>R</td>
<td>R</td>
<td>R</td>
<td>H</td>
<td>R</td>
</tr>
</tbody>
</table>

Employee B worked the holiday. Therefore, the following cards would be submitted:

- 9 R cards - 72 hours
- 1 Holiday card - 8 hours
- 1 Overtime card - 12 hours
  8 hours (at time and one-half)

TOTAL 92 hours
NOTE: In a schedule period during which there is a holiday, if an employee works the holiday or one pass day, the employee is compensated at the rate of time and one-half for the hours worked on these days, provided the employee has been in full pay status for the other days in the schedule. Full pay status means either working, use of accruals, or on other leave with full pay.

APPENDIX C
EXAMPLES OF THE APPLICATION OF ARTICLE 8.G.1. (NIGHT SHIFT DIFFERENTIAL)

A Radio Dispatcher, working a shift from 8:00 a.m. to 4:00 p.m., works two hours overtime from 4:00 p.m. to 6:00 p.m., is entitled to night shift differential pay for the two hours worked beyond their regular shift.

A Radio Dispatcher working a shift from 12:00 Midnight to 8:00 a.m. also works two hours overtime, to 10:00 a.m. The Dispatcher is entitled to night shift differential pay for the eight hours between 12:00 Midnight and 8:00 a.m., and not for the two hours between 8:00 a.m. and 10:00 a.m.

A Radio Dispatcher on a pass day is called in to work overtime for the last two hours of a "II Shift" and the first two hours of a "III Shift," from 2:00 p.m. to 6:00 p.m. The Dispatcher is entitled to night shift differential pay for the two hours worked between 4:00 p.m. and 6:00 p.m.

A Unit I employee has a regular work schedule, Monday through Friday, from 4:30 p.m. until 12:30 a.m. This is not a "shift," because no other Unit I employees work the preceding or following eight hour periods, but this work day includes more than four hours outside regular day shift hours, so the employee is entitled to night shift differential pay for the entire shift.

A Computer Operator regularly works from 4:00 p.m. until 12:00 Midnight. The Operator receives night shift differential pay for the entire shift. If Operators work overtime, until 1:00 a.m., they also receive night shift differential pay for that hour. If they work overtime, from 3:00 p.m. to 4:00 p.m., they do not receive night shift differential pay for that overtime hour.

The employee shall be offered an opportunity to have the proposed dismissal placed before the Committee for review. ARTICLE 16 - Part-Time Toll Collection Employees

16. A. Equitable Distribution of Work Hours

1. PTTCs must designate which of the following areas for which they will be available for work. A PTTC in addition to a designated area may also indicate their availability for work in one or more stations of another area.

   New York Division

   Area 1 - New Rochelle
   Area 2 - Yonkers
   Area 4 - Spring Valley
   Area 5 - Woodbury
   Area 6 – Harriman
   Area 7 – Newburgh/New Paltz
Albany Division

Area 1 - Stations 19 - 21
Area 2 - Berkshire Section, Stations 21B - 22
Area 3 - Stations 23 - 25A
Area 4 - Stations 26 - 29

Syracuse Division

Area 1 - Stations 29A - 31
Area 2 - Stations 32 - 34
Area 3 - Stations 34A - 39
Area 4 - Stations 40 - 42
Area 5 - Stations 43 and 44

Buffalo Division

Area 1 - Stations 45 and 46
Area 2 - Stations 47 - 48A
Area 3 - Stations 49 - 50
Area 4 - Stations 55 - 57A
Area 5 - Stations 58 - 61

16.A.2. PTTCs must indicate the same availability for all stations within their designated area.

3. PTTCs will be required to indicate their availability for work within their designated area and any other stations outside of their designated area for which they wish to make themselves available. Such availability will be submitted to the Toll Division Manager's office six weeks in advance of the first schedule to be worked under this system. PTTCs will be given two weeks in advance of the six-week deadline to indicate their availability. Such availability will be in effect for the following two schedules. After this two-schedule period, this process will again be followed.

NOTE: PTTCs will indicate their availability in the same fashion as full-time Toll Collectors do for overtime for all dates.

4. After receipt of such availability by the Toll Division Manager's office, PTTC work assignments then known including traffic shifts, requests for vacation, check-out and long-term sick leave received within seven days of the full-time work schedule posting will initially be assigned within the PTTC's designated area and other indicated stations in accordance with the PTTC's availability. Such assignments will be in seniority order.
For pre-assigned shifts, Part-Time Toll Collectors will receive a proportionate share of available shifts based upon their availability. This will be accomplished by determining their available hours per 28-day schedule and dividing that by 672 hours, which is the total number of available hours per 28-day schedule period. For example, a Part-Time Toll Collector available from 0700 to 1500 on Saturdays and Sundays (64 hours) proportionate share would be calculated by dividing 64 hours by 672 hours.

Thereafter, PTTC work which becomes available will be offered to Part-Time Toll Collectors consistent with their availability. Should a pre-assigned shift be subsequently canceled by the Authority, the PTTC assigned to that shift will be given first opportunity for subsequent call-out work during the remaining scheduling period consistent with their availability.

Refusals of Part-Time Toll Collector work is a basis for the termination of the Part-Time Toll Collector's employment, provided such Part-Time Toll Collector had indicated availability for such work assignments, however, a Part-Time Toll Collector may cancel up to two shifts per 28 day schedule.

5. Major changes in PTTC availability - for example: a move of a Part-Timer's residence, change in the work hours or location of another position which the Part-Timer holds, or an unusual change in the personal circumstances of a Part-Timer will be permitted. No other changes in availability will be permitted.

6. Seniority for the purposes of equitable distribution of PTTC work hours is defined as:

   Date of first appointment as a PTTC. Breaks of less than one year in PTTC service will not be counted as a break in service and such time will be counted as good service. Breaks of one year or more will be considered a break in service and no prior PTTC service will be counted.

16.B. Holidays

In addition to a PTTC's indication of availability for other holidays, PTTCs must be available for work on the six major holidays:

   Memorial Day (Legal holiday)
   Independence Day
   Labor Day
   Thanksgiving Day
   Christmas Day
   New Year's Day
All work performed on the above six holidays by a PTTC will be paid at time and one-half of their regular rate of pay. Holiday pay will be applied to the particular holiday and overtime pay will be applied to the previous day worked when working the holiday means the employee has exceeded 40 hours in the work week.

Each PTTC will be assigned to work a maximum of four of the six holidays (two summer and two winter). PTTCs will indicate their holiday preference, and the assignment of such holiday work will be in an equitable manner over the life of the Contract to ensure that no PTTC is scheduled to work the same holiday each year.

It is understood that should traffic conditions warrant additional staffing on a specific holiday beyond that which has been scheduled, additional PTTCs may be assigned to work the specific holiday. Such assignments will be on a reverse seniority basis.

16.C. Posting of Schedules

The parties agree that the shifts assigned PTTCs are to be posted at each station for that station within a reasonable period of time.

16.D. Reassignment of PTTCs

The parties agree that PTTCs who report to an assigned work location to work and are then reassigned to another work location will be paid for all time spent traveling to the new work location plus a travel allowance AT THE PREVAILING FEDERAL RATE per mile.

16.E. Uniforms

The parties agree that PTTCs averaging 80 hours of work in each 28-day schedule will be provided with four shirts, two pants, one sweater OR WINDBREAKER and one winter coat. The parties understand that PTTCs may request AND USE skirts IN LIEU OF PANTS, and that SHIRTS INCLUDES BOTH short and long sleeve shirts. All other PTTCs will be provided four shirts and one sweater OR WINDBREAKER.

16.F. Preference When Filling Full-Time Positions

The parties agree that the Authority will give preference in seniority order to those PTTCs who are reachable for appointment from the Civil Service List when filling full-time Toll Collector positions.

16.G. Cancellation of a Shift

The parties agree that if a PTTC shift or assignment is canceled, the Authority will attempt to notify the employee at least 24 hours in advance of the cancellation. In addition, if the employee reports to
work on any assigned workday and that work is subsequently
canceled, the PTTC will be assigned duty for four hours and paid for
such time.

16.H. Replacing a Full-Time Employee

The parties agree that when a PTTC is replacing a full-time Toll
Collector they will receive the same lane assignment as the full-time
Collector would have received.

16.I. Lockers

The parties agree that the Authority will install lockers for use by
PTTCs in those toll utility buildings where space permits.

16.J. PTTC Check-out Pay

IN COMPENSATION FOR REQUIRED CHECK OUT ACTIVITIES AFTER
KEYING OUT FOR THE FINAL TIME AT THE END OF A SHIFT, PTTCs
SHALL RECEIVE AN ADDITIONAL 15 MINUTES PAY FOR EVERY
SHIFT WORKED. AFTER A PTTC HAS WORKED OVER 40 HOURS IN
ONE WEEK (THURSDAY THROUGH WEDNESDAY) THE 15 MINUTE
CHECK OUT PAYMENT WILL BE AT THE COLLECTOR’S OVERTIME
RATE. ONLY ONE 15 MINUTE PAYMENT WILL BE EARNED FOR
EACH CONTINUOUS PERIOD WORKED. FOR EXAMPLE, IF A PTTC IS
SCHEDULED FOR A 4 HOUR SHIFT BUT STAYS ON FOR SOME
PERIOD OF TIME TO COVER FOR ANOTHER COLLECTOR’S SHIFT,
THE PTTC DOES NOT EARN AN ADDITIONAL FIFTEEN MINUTE
PAYMENT FOR CHECK OUT ACTIVITIES BEFORE GOING OFF DUTY.

16.K. Shift Swapping

PTTCs may swap shifts between Toll Stations with supervisory
approval. The schedule shift and workday must remain the same.

16.L. Job Abandonment

A six-month absence without authorization or twelve months with
authorization shall be deemed as Job Abandonment by the PTTC.
