PREAMBLE

This Agreement made and entered into as of the 1st day of September, 1980, by and between the Pittsburgh Board of Public Education and the Pittsburgh Federation of Teachers, Local 400, American Federation of Teachers, AFL-CIO.

PART A
STRUCTURE OF THE AGREEMENT

ARTICLE 1
MUTUAL OBJECTIVES
OF THE BOARD AND THE FEDERATION

The Pittsburgh Board of Public Education and the Pittsburgh Federation of Teachers mutually recognize and declare that they have the common goal of providing a thorough, efficient and effective system of public education for the children of Pittsburgh, characterized by educational excellence, equal opportunity, and the continuing improvement and utilization of the special skills, talents and interests of the educational staff.

To meet the needs of a progressive and forward-looking public school system, the Board and the Federation express a mutual obligation to and responsibility for education that extend far beyond the scope of a collective bargaining agreement governing terms and conditions of employment.

ARTICLE 2
RECOGNITION CLAUSE

1. The Pittsburgh Board of Public Education, hereinafter sometimes referred to as the “Board,” pursuant to applicable provisions of the “Pennsylvania Public Employee Relations Act of 1970,” recognizes the Pittsburgh Federation of Teachers, Local 400, American Federation of Teachers, AFL-CIO, hereinafter referred to as the “Federation” or “Union,” as the single bargaining representative for all professional
personnel in those employment categories included in the May 23, 1968, and May 20, 1970, collective bargaining elections, as well as any employment categories added per the terms of this or any previous Agreement, all of whom are hereinafter referred to as "teacher" or "teachers."

2. The parties to this Agreement acknowledge that during the course of the collective bargaining leading to this Agreement they have had the opportunity to negotiate on all matters presented for negotiations and which constituted proper subjects for collective bargaining, and the parties further agree that during the course of this Agreement there shall be no further duty to bargain insofar as this Agreement is concerned. Notwithstanding the above, the parties may by mutual agreement at any time during the life of this Agreement amend same pursuant to a written instrument executed by both parties.

3. Upon request by the Federation, the Board will make available such information as is relevant to negotiations and/or the administration of this Collective Bargaining Agreement.

4. A copy of any central office notice, directive, posting or bulletin relating to teachers generally or to any group of teachers will be supplied simultaneously to the Federation president. Copies of materials of a similar nature issued by the Federation will be provided simultaneously to the Division of Employee Relations.

5. The Board shall inform the Federation of any proposed reductions or increases in professional staff positions or assignments involving members of the representation unit.

6. The Board shall endeavor to keep the Federation informed of any new programs, experiments, research projects, changes in programs, etc., which directly and significantly affect persons covered by this Agreement.

7. The Board, through its appropriate administrative departments, shall endeavor to supply to the Federation a copy of significant informational bulletins and publications relating to educational matters.

8. The Board shall provide to the Federation a copy of the minutes of the monthly Board of Education meetings.
9. The Board shall provide to the Federation a bound copy of each month’s Board minutes.

10. Within twenty-five (25) school days after the opening of school each year, the Board shall provide the Federation with the names and addresses and schools of all teachers.

11. The Board will provide the Federation with the names, addresses, and schools, if known, of newly-employed teachers, at least monthly, including during the summer.

12. The Board will provide a copy of this Agreement to each employee covered by same. The Federation agrees to reimburse the Board for one half ($\frac{1}{2}$) the cost of the preceding-referred-to Agreement copies and to continue to reimburse the Board in full for any additional Agreement copies which may be requested by the Federation for its use.

13. The Superintendent of Schools shall, if requested, meet monthly with representatives of the Federation to discuss matters of educational policy and development and other matters of mutual concern, such meetings to be held at mutually agreeable times.

14. Regular bimonthly meetings of representatives of the Federation and representatives of the Division of Employee Relations shall be held, such meetings to be scheduled at mutually agreeable times.

15. The principal of a school shall meet at least once a month, if requested, with the Federation Building Committee to discuss professional concerns and recommendations, such meetings to be held at mutually agreeable times.

16. The Board shall permit a designated staff member of the Federation or off-duty teacher-representative of the Federation to visit the schools to investigate working conditions, teacher complaints, or problems relating to the terms and conditions of this Agreement. The Federation representative shall continue first to report to the building office. The Federation agrees that any investigations will be made in such manner as to insure that there will be no disruption or interference in the educational programs of the school. If conferences with teachers are necessary, they shall be scheduled so as not to interfere with the instructional program.
17. On twenty-four (24) hours notice to the principal of the school, the authorized representative of the Federation shall normally be permitted to schedule meetings in the building before or after regular duty hours or during lunchtime of the teachers involved. Such meetings shall not disrupt normal school operations.

18. The Federation shall have the right to place material in the mailboxes of teachers and other members of the representation unit. A copy of such materials shall be provided to school principals prior to placement in teacher mailboxes. Placement will be made by an authorized representative of the Federation or his/her designee.

19. The Federation shall be provided a minimum of one (1) bulletin board in each school in a place readily accessible to and normally frequented by all teachers for the posting of notices and other materials relating to Federation activities. The bulletin board allocated shall be identified with the name of the Federation and the authorized representative of the Federation or his/her designee shall have the responsibility for posting materials on the bulletin board. The Federation agrees that nothing of a derogatory nature shall be placed upon such bulletin boards.

20. In schools where the Federation representative is unavailable at a particular time, a teacher or regular staff member of the Federation will inform the principal or designee of his/her presence and the purpose of the visit. Upon such proper identification, the rights of an authorized Federation representative will be accorded. Where there are multiple building representatives, one shall be designated by the Federation as the head building representative for purposes of contact with the principal.

21. The Board will deduct from the pay of each teacher from whom it has received or receives an authorization to do so the Federation's annual membership fee in uniform dollar amounts. Such deduction will be made annually within a ten (10) month period, excluding the months of July and August. All deductions will be made in equal payments from each regular paycheck. The authorization for membership dues deduction shall remain in effect throughout the term of this Agreement. A revocation of any membership may only
commence immediately following the expiration of this Agreement, provided timely notice of same shall be submitted to both the Board and the Federation by certified letter at least thirty (30) days prior to the expiration date of this Agreement. The fees and a list of the teachers from whom they have been deducted and the amount deducted from each shall be forwarded to the Federation office no later than thirty (30) days after such deductions are made. The Federation agrees to defend, indemnify, and hold harmless the Board in connection with any cost or litigation arising out of any deductions made pursuant to this Section.

22. A maximum of seven (7) teachers who are elected or appointed to full-time positions with the Federation, the Pennsylvania Federation of Teachers or the American Federation of Teachers will, upon proper application, be granted one (1) year leaves of absence for the purpose of accepting those positions. The Federation agrees that no more than four (4) of these full-time positions for teachers on Federation leave shall be assigned at any one time to provide representation for its various bargaining units with the Department of Personnel and Employee Relations and otherwise to work regularly within the School District in the administration of the Federation’s various Agreements. Such leaves may be renewed from year to year upon request by the Federation. Teachers granted such leaves of absence shall retain all benefits as though they were in regular service, except that there shall be no accumulation of additional sick leave and personal leave. Such teachers shall also continue to accrue seniority for salary increments and all other purposes as though they were in regular service. The Federation shall reimburse the Board in full for all salary costs, benefit costs, and employer costs incurred by the Board in making available the leaves provided for under this Section. Upon return from such leaves of absence, teachers shall be placed in accordance with the provisions of Article 31. Returns from such leaves of absence shall normally only occur at the start of a school year or second semester.
23. Whenever members of the bargaining unit are by mutual agreement of the parties scheduled to participate during working hours in collective bargaining negotiations, they shall be excused without loss of pay or diminution of any fringe benefits. The Federation agrees to reimburse the Board for any substitution costs where the Board provides a day-to-day substitute replacement and to reimburse the Board should any payments be necessary to other teachers under the provisions of Article 100, Compensation for Loss of Preparation Periods. Whenever members of the bargaining unit are by mutual agreement of the parties scheduled to participate as witnesses during working hours in arbitration hearings, they shall continue to be excused without loss of pay or diminution of any fringe benefits.

ARTICLE 3
SAVINGS CLAUSE AND EMPLOYER RIGHTS

1. This Agreement is subject in all respects to the laws of the Commonwealth of Pennsylvania with respect to the powers, rights, duties and obligations of the Board, the Federation and employees in the bargaining unit, and in the event that any provision of this Agreement shall at any time be held to be contrary to law by a court of competent jurisdiction from whose final judgment or decree no appeal has been taken within the time provided for doing so, such provision shall be void and inoperative; however, all other provisions of this Agreement shall continue in effect and the parties shall meet within thirty (30) days to negotiate a substitute provision.

2. The Board reserves all rights and powers conferred upon it by the constitutions and laws of the Commonwealth of Pennsylvania and of the United States, except as limited by this Agreement.
ARTICLE 4

Where used in this Agreement:

1. "School" shall mean any work location or functional division or group.

2. "Board" shall mean the Pittsburgh Board of Public Education and its administrative departments.

3. "Principal" shall mean the administrator of any work location or functional division or group.

4. "Representation Unit" shall continue to include teachers, counselors, nurses, social workers, psychologists, coordinators, dental hygienists, and any other professional employee categories included among those eligible to participate in the May 23, 1968, and May 20, 1970, collective bargaining elections.

5. "Teacher" shall mean teacher(s) or any other member(s) of the representation unit.

6. "Teaching" shall mean teaching and any other professional service provided by members of the representation unit.

9. Middle school teachers shall continue to be regarded as secondary school teachers, except as may be provided otherwise under the terms of specific Articles of this Agreement.

ARTICLE 5

The Board and the Federation agree that they will not discriminate against any teacher on the basis of race, creed, color, national origin, handicap, sex, age, marital status or participation or lack of participation in the activities of the Federation.
ARTICLE 6
HEADINGS

Any headings preceding the text of the Parts and Articles herein are inserted solely for convenience of reference and shall not constitute a part of this Agreement, nor shall they affect the meaning, construction or effect of any of the Parts and Articles, or of the Agreement.

ARTICLE 7
BOARD POLICY MATTERS

The parties mutually agree that the Articles and Sections appearing in Part B of this Agreement have been included in the Agreement pursuant to the "meet and discuss" provisions of Section 702 of Act 195 of 1970.

Any proceedings initiated under Article 25 of this Agreement in relation to the Articles and Sections of Part B shall be presented at the third level. If the third level decision is appealed, such an appeal shall be undertaken in accordance with Section 11 b of Article 25.

With respect to the Articles and Sections of Part B and notwithstanding any other provisions of Article 25 any arbitrator selected by the parties shall have authority only to find that the Board has not implemented, or has incorrectly applied, said Articles or Sections, and shall have no authority to alter, amend or change said Articles or Sections in any manner whatsoever. Upon any finding that the Board has not implemented, or has incorrectly applied, any of said Articles or Sections, the Board shall reexamine its action and shall institute appropriate remedial action.
PART B
BOARD POLICY MATTERS

ARTICLE 8
CLASS SIZE

1. The following shall constitute what are reasonable class sizes for all schools.
   a. Elementary schools:
      (1) Primary grade levels, including kindergarten — twenty-five (25) students.
      (2) Intermediate grade levels — twenty-eight (28) students.
   b. Middle schools:
      (1) Academic classes — twenty-eight (28) students.
      (2) Related arts and other nonacademic classes — thirty-four (34) students (except for performing groups).
      (3) Physical education classes — forty (40) students.
   c. High schools:
      (1) Academic classes — thirty (30) students.
      (2) Nonacademic classes — thirty-four (34) students (except for performing groups).
      (3) Physical education classes — forty-three (43) students.

2. Classes in an individual school may range between plus or minus six (6) of the applicable reasonable class size figure, except that this provision shall not necessarily apply to every single class within the school. Integration of special education students into related arts and physical education classes at an individual elementary school(s) could cause these ranges to be exceeded at that elementary school(s), in accordance with the procedures that were utilized by the Board in this regard during previous Agreements.

3. Class sizes in an individual school shall not average in excess of five (5) more than the applicable reasonable class size figure.

4. The actual average class sizes, on a school-system-wide basis (not on an individualized school basis), for each
of the eight (8) total class size categories indicated in Section 1 (not separate subject areas, grade levels, etc., within those eight (8) class size categories) shall not exceed two (2) more than the applicable reasonable class size figures provided under Section 1.

5. Class sizes in vocational education, industrial arts, business education, and home economics shall continue not to exceed the number of stations available in the assigned classroom area. The number of stations in such classrooms shall continue to be maintained at levels consistent with the school-system-wide established standards and practices in effect during the 1977-78 school year. The provisions of this Section do not require any changes in procedures and practices that were utilized in assigning students to such classrooms during the 1977-78 school year, but do require at least the continuation of these procedures and practices.

6. Class sizes for various special education classes are covered under Article 9, Special Education, Section 9, Subsection b.

7. Within each individual school, class sizes for various grade levels, departments, and subject areas shall continue to be balanced reasonably, in accordance with practices followed during the term of the 1976-78 Agreement.

8. The definitions and procedures for calculating and reporting both actual class sizes and average class sizes, both on an individual school basis and on a school-system-wide basis, that were utilized during previous Agreements shall be continued during the term of this Agreement.

9. Information on actual class sizes and on average class sizes will be compiled annually by the Board prior to November 1 of each school year and will be made fully available to the Federation at that time.

ARTICLE 9
SPECIAL EDUCATION

1. The Board will continue its efforts to provide and maintain special education programs for educable
mentally retarded (EMR), socially and emotionally disturbed (S&ED), learning disabled (LD), and other handicapped students consistent with the organization of schools by age/grade level and the approved system-wide feeder pattern. Some examples of these efforts are the following:

a. The Board will continue its efforts to provide and maintain at least one (1) class for educable mentally retarded students in each secondary school (senior highs and middle schools).

b. The Board will continue its efforts to provide and maintain S&ED classes for socially and emotionally disturbed students in every high school.

c. The Board will continue its efforts to provide LD classes for learning disabled students at the secondary schools level (senior high schools and middle schools).

2. The Board shall continue to provide one (1) special education certified spare teacher to work primarily with PMR and TMR classes at Conroy Education Center.

3. The Board shall assign two (2) mobility specialists to the Conroy Education Center throughout the term of this Agreement, subject to continued funding of these positions by the applicable nonmainstream funding source.

4. Handicapped students (educable retarded, visually handicapped, speech/hearing handicapped, socially and emotionally disturbed, and learning disabled students) should be integrated with regular students in both academic and nonacademic classes. No more than five (5) students shall normally be assigned as part of any one of these classes and in no event shall more than six (6) such students be so assigned. (Provision for exceptions under certain extraordinary circumstances and applying to individual cases only are provided for under Subsections a and b of this Section.) Integration into regular mainstream classes, particularly academic classes, shall be based on pupil readiness as indicated on the Individualized Education Program (IEP) developed by the special education teacher, building administrator or designee, and the student’s parent.

a. The limit of five (5), or in some cases six (6), handi-
capped students in a mainstream class may be exceeded under individual circumstances, either with the agreement of the teacher of the mainstream class or following mutual agreement to an individual exception to said limit between the Federation and the Director of the Division for Exceptional Children.

b. The parties agree that any exception(s) arising under Subsection a above apply only to individual situations and do not constitute or imply any alteration of the overall character of the mainstreaming conditions, including appropriate placement, previously agreed to between the Board and the Federation and followed throughout the terms of previous Agreements.

5. An otherwise qualified handicapped student is not to be prohibited from participation in interscholastic sports because he/she is in a special education program.

6. The primary and intermediate educable mentally retarded students shall not normally be assigned to the same class. Efforts shall continue to be made to schedule socially and emotionally disturbed, learning disabled and other handicapped students on a basis that provides separate primary grade and intermediate grade special education classes. Should there be a mixed primary and intermediate grades special education class, a teacher may recommend to the principal that a student(s) who appear(s) to be unsuited for placement in such a class, due to the presence of the primary grade(s) children, be transferred to an intermediate grade(s) special education class. If the principal agrees with the recommendation and following verification by the Division for Exceptional Children of the advisability of such a transfer, such request shall be honored insofar as is possible.

7. Continuing efforts shall be made to locate special education classrooms in the mainstream area of the school.

8. The records of students assigned to special education classes shall be maintained in accordance with the “Standards for the Confidentiality of Education Records of Exceptional Children.” The Board shall continue to purge from the transcript of every special education student any reference to the student’s having been enrolled in a special education program. This lat-
ther provision shall not apply to those associated with the Pittsburgh Scholars Program or with other programs for gifted students.

9. The following class size maxima and class size provisions applying to various special education classes shall be maintained throughout the term of this Agreement.

a. The class size maxima and provisions for special education classes contained in Subsection b of this Section have been developed by the Board and the Federation based on three criteria:

(1) Class size maxima for various special education classes that are provided under Section 341.35 b (4) of the "State Standards for Special Education."

(2) Established special education class size standards and practices in the Pittsburgh Public Schools.

(3) Necessary educational considerations applicable to the operation of effective special education classes and programs.

b. Class size maxima applying throughout the term of this Agreement to various special education classes shall be as follows:

***Refers to number of pupil sessions. Schedules must have prior approval of the supervisory instructional specialist.
c. If it is necessary in a given class period to exceed the class size maximum because of scheduling, a compensating reduction at least equal to the same number of students shall occur within that teaching schedule for some other class period(s) during the school day, so that the average "equivalent full-time daily membership" shall not exceed the specified "maximum equivalent full-time daily membership" that is provided under Subsection b.

10. Background material on a student, such as identifying information, address, and telephone numbers, should be provided to a special education teacher receiving a transferred student or a new student into any special education program.

ARTICLE 10
READING PROGRAMS AND READING TEACHERS

1. The Board agrees to staff annually at least one (1) full-time reading diagnostician position (a teaching position to be filled by a certified reading specialist having a full testing and prescriptive background). The purpose of this position(s) is to assure that third graders at schools not served by the Reading Achievement Center (RAC) Program who appear to be experiencing serious difficulty in learning to read will be able to be individually examined during each school year. A diagnosis and summary of recommendations for each such child will be given to the child’s regular teacher at a conference with that teacher held at the conclusion of the testing of each such school’s involved third graders. $25,000 shall be provided annually by the Board to fund this program.

2. The Board shall maintain reading specialist teaching positions which were filled in the 1977-78 school year, except that maintenance of those reading specialist positions which are federally funded shall be subject to the continued availability of federal funds for that purpose.

3. The Board shall provide one (1) reading teacher for each academic interdisciplinary teaching team in each of the middle schools.
4. The Board agrees that a priority for in-service training programs at the primary grades level is the development of specific techniques for teachers to utilize in providing improved reading instruction, reading assistance, and other reading-related services to students.

5. The Board, at its discretion, shall provide in-service training to reading specialists.

ARTICLE 11

2. Transportation reimbursements for senior high schools:
   a. 100% of the cost of transportation to all regularly scheduled varsity and junior varsity games in City League play for all sports. This includes both boys’ and girls’ teams.
   b. In addition, 100% of the cost of transportation for only the following number of exhibition games:
      (1) Basketball (boys and girls) — All exhibition games, except that reimbursement for transportation shall be restricted to those games which are within a radius of seventy-five (75) miles.

      (5) Track and Cross Country — Two (2) exhibitions per school (one (1) boys and one (1) girls) in each sport.
3. Officiating reimbursements for senior high schools:
   a. 100% of the cost of officiating fees for all regularly scheduled varsity and junior varsity games in City League play for all sports. This includes both boys’ and girls’ teams.
   b. In addition, 100% of the cost of officiating fees for only the following number of exhibition and tournament games:
      (1) Basketball — All exhibition games for both boys’ and girls’ teams.
      (2) Swimming — Two (2) exhibitions per school, applying separately to both boys’ and girls’ swimming teams.
      (3) Volleyball — Two (2) exhibitions per school and two (2) tournaments per school, applying separately to both boys’ and girls’ volleyball teams.
      (4) Baseball — Three (3) exhibitions per school, applying to boys’ baseball team only.
      (5) Softball — Three (3) exhibitions per school, applying to girls’ softball team only.
      (6) Track — One (1) exhibition per school, applying separately to both boys’ and girls’ track teams.
      (7) Cross Country — One (1) exhibition per school, applying separately to both boys’ and girls’ cross country teams.

4. a. $1,000 annually to each middle school to cover both boys’ and girls’ athletics combined.
   b. Transportation costs and officiating fees will be paid by the Board for all regularly scheduled interscholastic basketball and swimming meets for both boys’ and girls’ teams.

5. Intramural programs shall continue to be provided in all middle schools, with programs available to both boys and girls. Application of this provision shall continue to be dependent upon the availability and/or adequacy of student transportation.

6. The program of reimbursements for interscholastic athletics will continue to be administered by the Section on Interscholastic Athletics.

7. Monies for athletics at each school shall be maintained in an individual account, separate from any general fund which a particular school may have.
ARTICLE 12  
PHYSICAL EDUCATION AND ATHLETICS

1. Physical education classes shall be maintained at all grade levels for boys and girls according to federal or state mandates. This provision applies to the separate or integrated male-female student composition of physical education classes.

2. Pupils participating in varsity athletics shall be scheduled to gym for the last period of the school day insofar as possible so that scheduled game times can be met without loss of time from academic subjects.

3. Minimum standards involving athletic and physical education facilities at all schools to be newly constructed shall be maintained under the direction of the Section on Interscholastic Athletics, covering at least the following areas:
   a. field(s)  
   b. gymnasium(s)  
   c. pool(s)*  
   d. dressing rooms  
   e. shower facilities*  
   f. health class facilities  
   g. equipment  

   *not required in elementary schools

These criteria shall be maintained for high schools, middle schools, and elementary schools.

4. The Board will continue its efforts to improve and expand the administrative procedures and funding policies dealing with girls' interscholastic athletics, intramurals, and physical education activities.

5. The sites listed below may be employed, but are not required to be employed, for playoff and championship contests in the following sports:
   a. Football: Three Rivers Stadium  
   b. Basketball: Civic Arena  
   c. Baseball: Three Rivers Stadium  
   d. Track: University of Pittsburgh  
   e. Swimming: University of Pittsburgh

6. In each school year during the term of this Agreement limited interscholastic athletics programs in basketball and swimming will be conducted in the middle schools with separate teams and separate coaches for boys and girls. ("Limited" means that the programs will be less extensive than for senior high school teams in the same sports.)
ARTICLE 13
MIDDLE SCHOOLS INTERDISCIPLINARY
TEACHING TEAMS

1. During the term of this Agreement, the Board agrees to assign five (5) full-time teachers, or the equivalent, to each middle school's academic interdisciplinary teaching team, one (1) of whom shall be a full-time reading teacher. "Or the equivalent" includes within its meaning that less than five (5) full-time teachers may be assigned to a team in situations where underenrollment may so warrant or that more than five (5) teachers may be assigned to a team in a new or revised organization of the middle schools which alters the way in which teachers are assigned to teaching teams, provided the class size requirements of Article 8 and the number of teaching periods requirements of Article 42 are met.

2. Efforts shall be made to assign one (1) instructional aide to each middle school's academic interdisciplinary teaching team.

3. The matter of rotation by middle schools OVT teachers shall be handled over the term of this Agreement in the following manner. Rotation refers to the concept wherein middle schools OVT teachers have their teaching schedules follow, from subject area to subject area within their certification, a class(es) of students who are assigned to them, rather than the teachers specializing in individual subject areas of their certification. In any three-house middle school where there is sufficient OVT staff to permit OVT teachers to specialize, and if the principal at such a middle school and the Assistant Superintendent for Middle Schools agree that students are receiving the expected OVT instruction and career guidance without the employment of rotation, then rotation need not be utilized at that school.
ARTICLE 14
MAJOR DISCIPLINE AREAS

1. The "School Discipline Code and Procedures" shall continue as in effect at the time of the execution of this Agreement, or as may be amended by the Board in the future. The Federation shall be consulted during the development of any amendments or additions to the "School Discipline Code and Procedures" and of regulations relating thereto, such consultation to take place prior to the adoption by the Board of any such amendments, additions, or regulations.

2. The Board and administration shall continue to support teachers and other members of the representative unit covered under this Agreement in the appropriate and proper exercise of disciplinary authority relating to students in accordance with applicable provisions of the "School Discipline Code and Procedures" or of any other established and published Board policies and procedures for dealing with student misconduct. This Board and administration support shall include situations wherein the exercise of appropriate and reasonable physical restraint in relation to students may be necessary on the part of teachers and other professional employees covered under the terms of this Agreement during unusual or emergency circumstances affecting order either within the school and its immediate environs as a whole or within individual classrooms.

a. The Board's Legal Department shall continue to provide payment for legal assistance, acquired in cooperation with the PFT, to the teachers and other professional employees covered under the terms of this Agreement, where such assistance is appropriate and necessary in matters arising out of the proper exercise of disciplinary authority relating to students in accordance with the "School Discipline Code and Procedures." In providing this legal assistance, the Legal Department's primary obligation shall be to protect the Board's best interests and where, in the opinion of the Board Solicitor, such protection in a specific case conflicts with protection of the teacher, the teacher and the Federation shall be so advised, and any Legal Department assistance in that specific case shall be confined
thereafter to those areas, if any, wherein such conflict does not exist. The Board shall continue to allocate an amount of $5,000 annually, i.e., each calendar/budget year, to provide the preceding-referred-to legal assistance.

b. The Board shall continue to allocate another amount of $5,000 annually, i.e., each calendar/budget year, to provide payment for legal representation, acquired in cooperation with the PFT, for teachers and other professional and paraprofessional School Board personnel in equitable or criminal legal actions initiated by those personnel against students, nonstudents, or adults. These legal actions must have arisen from student offenses and discipline in the schools and related incidents, including where a teacher is pressing charges against a student, nonstudent, or adult arising from an assault upon the teacher. The Legal Department shall utilize these funds to provide this legal representation in those cases which the Legal Department determines, after consultation with the Federation, meet the following criteria:

(1) A conflict of interest does not exist concerning the interests of the School Board.

(2) The litigation has not arisen solely from a personal antagonism.

(3) The case if prosecuted could benefit the School Board and teachers and other professional and paraprofessional personnel in maintaining fair and effective discipline in the School System.

c. The two (2) $5,000 annual amounts indicated in Subsections a and b above may be used interchangeably, i.e., a total of $10,000 is available annually to cover an aggregate set of matters which may occur each year under either Subsection a or Subsection b. The Board’s total annual liability for the cost of legal representation under the combination of Subsections a and b above shall continue to be limited to $10,000 per calendar/budget year.

3. All incidents of school-connected assaults upon students or Board personnel, including teachers, shall be reported to the Superintendent of Schools through the office of the appropriate Assistant Superintendent. The reports shall be available to the Division of Security Services. Appropriate procedures shall continue to
be established and maintained by the Superintendent of Schools to insure the completeness of the assault reports.

4. A monthly report on the numbers and percentage of absenteeism, tardiness, and class cutting among students shall be submitted to the Superintendent of Schools for each individual school or other educational center. The information contained in such reports shall be available to the Board of Public Education upon request.

5. Federation representatives shall be provided with any orientation or explanation of the "School Discipline Code and Procedures" and its application, similar to any provided to school administrators.

6. The Federation and the Board have considered for a number of years the question of whether or not paddling should be available as a disciplinary method in the Pittsburgh School System. The Federation recognizes that the Board policy in effect at the time of the execution of this Agreement excludes paddling as a disciplinary device in the schools.

The Federation continues to maintain its position that paddling, particularly at the elementary and middle school levels, is an effective and proper disciplinary tool. The Federation advocates that paddling authority rest with the school principal or principal's designee, and not with individual teachers. The Federation also supports the principle that individual parents should have the opportunity to exclude their children from being paddled, provided such parents assume disciplinary responsibilities themselves.

The Federation intends to continue its position in this matter and will again be formally presenting said position to the Board, through the School Board public hearing process, during the term of this Agreement.

7. The Board shall distribute to each new teacher a complete copy of the "School Discipline Code and Procedures." This copy shall also include the full set of attendance standards for students. All teachers shall receive a copy of any amendments to this Board publication.

8. a. The School Board and the administration, in consultation with the Federation, agree to continue to enforce the strict school attendance standards in ef-
fect during the two previous Agreement periods. Attendance shall mean both absence from school and the cutting of individual classes.

b. The following one additional provision shall be added to the continuing school attendance standards, effective with the commencement of the 1980-81 school year:

A student whose academic record at the conclusion of the year is worthy of a passing grade for the school year but whose number of absences during the first semester was such that he/she had already exceeded within that first semester the attendance standard requirements for the full school year may, under the following special circumstances, reacquire his/her eligibility to receive a passing grade for the full school year:

(1) The student at the start of the second semester indicates to his/her teachers and to the principal a genuine commitment to reserve his/her attendance practices for the second semester and to work cooperatively to try to achieve a passing grade for the school year.

(2) The student’s attendance record for the second semester then proves to be the exact reverse of what had transpired during the first semester, i.e., the student’s attendance for the second semester does prove to be excellent.

(3) The principal, at or near the conclusion of the second semester, has made special application to the appropriate Line Assistant Superintendent for a special exception to be made to the required attendance standard only in this student’s case.

(4) The Line Assistant Superintendent ultimately agrees to approve the attendance standard exception for this student after verifying that the student’s second semester attendance and his/her academic record are such that a passing grade for the student is indeed warranted.

9. In-school suspensions, should they be employed at any school, shall continue to be understood to be a procedure to be utilized as a supplement to regular out-of-school suspensions.
ARTICLE 15
ELEMENTARY SCHOOLS

1. The Board shall continue to work to improve the provision and distribution of special subject teachers in the elementary schools to teach the four (4) areas of art, music, library and physical education. Provisions dealing with both elementary school specialist teachers and relief teachers are contained in Article 41, Elementary School Teaching Schedules and Teaching Day, Section 4.

2. Utilization of the daily ESEP periods in all elementary schools shall continue as prescribed by the Department of Elementary Schools during the term of the 1976-1978 Agreement.

ARTICLE 16
EMPLOYMENT OF SPARE TEACHERS

The present procedure of hiring spare teachers to replace teachers who are absent shall continue as follows:

1. A minimum of forty (40) spare teacher positions shall continue to be authorized for each school year. (Note the related provisions of Article 29, System-Wide Seniority and Layoff-Recall Provisions, Section 6.)

2. Spare teachers, who are regular professional employees, shall be considered to fill full-time substitute vacancies for which they may qualify at their assigned schools or at other schools. (See also Article 35, Teacher Vacancy Lists, Section 4.)

ARTICLE 17
ALLOTMENT OF FUNDS FOR SENIOR HIGH SCHOOL AND MIDDLE SCHOOL MUSIC-RELATED EXPENSES

1. Each senior high school shall be provided with an annual allowance of $1,500 to be used for the replacement and for the cleaning and maintenance of band uniforms, choir robes and other items of dress related to the conduct of the senior high school’s music program.
2. Each middle school shall be provided an annual allowance for items of dress related to the conduct of its music program on the following basis:
   a. Two and three house middle schools — $750
   b. Other middle schools — $500

**ARTICLE 18**

**SUMMER SCHOOL EMPLOYMENT CRITERIA**

1. Factors for consideration by the Board in making summer school teaching assignments shall be the following. These factors are not necessarily listed in the order of their importance.
   a. Preference point totals as defined in Section 5 of this Article.
   b. Qualifications for the summer school teaching position. Teachers shall only be eligible to serve in summer school teaching assignments in the area(s) of certification in which they are actually teaching during either the school year in which summer school application is being made or the immediately preceding school year, irrespective of any other certification(s) teachers making application may hold. However, as begun during the summer of 1979, during any summer in which the secondary school summer program is restricted solely, or primarily, to seniors only, a teacher having extensive overall seniority and extensive summer school seniority will be eligible for summer school selection even if said teacher, while holding the proper certification to teach an available summer subject, did not actually teach that summer subject either during the school year in which the summer school application is being made or during the immediately preceding school year but did teach in the overall field of certification in which that summer subject lies. The provisions of Subsection b shall not apply to Pioneer School, Conroy Education Center, or Connelley Skill Center.

Teachers at Pioneer, Conroy, the Connelley will be given first preference on summer teaching jobs at their school when the summer teaching job is in a program designed for their school and their students.
c. Past performance in regular school year teaching assignments and/or in summer school teaching assignments. Teachers receiving unsatisfactory ratings for the school year in which summer school application is being made shall not be eligible for summer school employment. Teachers receiving unsatisfactory ratings for the summer school session immediately preceding the school year in which summer school application is being made shall not be eligible for summer school employment.

2. No person who is not a classroom teacher in the Pittsburgh Public Schools shall be employed as a summer school teacher, unless no other qualified applicant is available for a particular assignment.

3. In the case of summer driver education only, professional personnel who are paid on the teachers' salary schedule and who are certified in driver education shall be eligible for a driver education assignment.

4. Preference point totals and certification will be utilized in determining which teachers are appointed to teaching schedules that include afternoon laboratory sessions in science courses such as chemistry and physics and also for any longer-day and/or additional-week(s) assignments for driver education teachers. This same principle shall apply to summer school library assignments and to any other summer school teaching opportunities which may involve any longer-day and/or additional-week(s) assignments. Teachers must have listed at the time of making summer school application any experience for which preference points are awarded in order for that experience to qualify for preference point credit.

5. Summer school preference point totals are determined as provided below. A teacher can earn no more than one (1) preference point per summer. Full time shall mean two (2) or more weeks of at least five (5) hours per day, provided that the assignment is completed unless completion was excused by the Department of Personnel and Employee Relations.

   a. Years of previous professional summer employment in the Pittsburgh Public Schools as a summer school teacher or on full-time summer curriculum and/or textbook committees — one (1) point per summer to a maximum credit of seven (7) points. These
summer assignments must be Board funded. (City Parks and Recreation cannot be considered Board funded.)

b. Years as a regular teacher in the Pittsburgh Public Schools — one (1) point per year to a maximum credit of ten (10) years.

c. Participation in the Pittsburgh Public Schools summer fellowship program — one (1) point per successfully-completed summer fellowship.

d. Teaching in the paraprofessional summer grant program or other non-summer-school summer teaching assignments in the Pittsburgh Public Schools — one (1) point per summer.

e. Participation in full-time summer workshops conducted by the Pittsburgh Public Schools that conflict with the time during which summer school is in operation — one (1) point per summer of such participation.

f. Regular service as a summer employee of the Pittsburgh Public Schools in a professional position only in the following categories — one (1) point per summer.
   (1) Connelley Skill Center programs
   (2) NYC employment only if in professional capacity
   (3) Adult Basic Education
   (4) Census work only if in professional capacity

g. Where total point compilations for two (2) or more candidates are equal, then tie breakers shall be applied in the following order of priority:
   (1) Number of points beyond seven (7) gained through previous summer school teaching, curriculum work, or textbook selection (see Section 5a).
   (2) Years of service in the Pittsburgh Public Schools beyond ten (10) years.
ARTICLE 19
TIMETABLE FOR SUMMER SCHOOL POSTINGS AND NOTIFICATION OF EMPLOYMENT

1. Solicitation for summer school applications shall be posted no later than March 30, except in cases where funding approval comes late.

2. Submission by teachers of applications for summer school teaching positions shall be due between the date of posting and April 15.

3. The initial number of necessary summer school teaching staff shall receive notification of their school placements and subject assignments as soon as these placements and assignments have been determined, except in courses which normally require a laboratory assignment. Only subject assignments will be given in these cases.

4. Additional summer school teaching staff shall be notified of employment, school, and subject assignment as expeditiously as is possible.

5. All summer assignments are subject to Board approval.

ARTICLE 20
EVENING SCHOOL EMPLOYMENT

1. Factors for consideration by the Board in making evening school teaching assignments shall be the following. These factors are not necessarily listed in the order of their importance.

   a. Preference points totals as defined in Section 3 of this Article.

   b. Qualifications for the evening school teaching position.

   c. Past performance in regular school year teaching assignments and/or in evening school teaching assignments. Teachers receiving unsatisfactory ratings for the school year in which evening school application is being made shall not be eligible for evening school employment. Teachers receiving unsatisfactory ratings for the evening school session
during the school year in which evening school application is being made shall not be eligible for evening school employment.

2. No person who is not a classroom teacher in the Pittsburgh Public Schools shall be employed as an evening school teacher, unless no other qualified applicant is available for a particular assignment.

3. Evening school preference point totals are determined as provided below. A teacher can earn no more than one (1) preference point per evening school year.

   b. Years as a regular teacher in the Pittsburgh Public Schools — one (1) point per year to a maximum credit of ten (10) years.

   c. When total point compilations for two (2) or more candidates are equal, then tie breakers shall be applied in the following order of priority:

      (1) Number of years of professional evening school employment beyond seven (7) gained through previous evening school teaching.

      (2) Years of service in the Pittsburgh Public Schools beyond ten (10) years.

PART C
PERSONNEL PROCEDURES

ARTICLE 25
GRIEVANCE AND
ARBITRATION PROCEDURES

Definitions

A grievance is a difference concerning:

1. a deviation from, or an interpretation or an application of, an administration-approved practice, a system-wide established practice, or a Board-adopted policy, relating directly to those working conditions of teachers that are proper subjects for bargaining under Act 195; or

2. an arbitrary or capricious change in any of the same; or

3. compliance, interpretation, or application of any existing law, rule, regulation or policy which relates to or involves the professional employee(s) in the exercise of his/her or their assigned duties; or

4. a violation, interpretation, application, or meaning of any provision of this Agreement.

Procedure

1. A sincere attempt should be made to resolve any prospective grievance by discussion between the prospective grievant or the Federation building representative or some other Federation representatives and the principal before differences become formalized grievances.

FIRST LEVEL

2. A grievance shall be presented in writing on a form mutually agreed upon by the Federation and the Board, through or by a Federation representative to the principal, either within ten (10) school days after the circumstances giving rise to the grievance or within ten (10) school days after the date when the grievant could reasonably be expected to be aware of the circumstances giving rise to the grievance.

3. Upon receipt of a grievance in writing, the principal and, if he/she elects, one (1) additional administrative
representative who is not a designated employer representative at some later level of this grievance procedure, shall, within five (5) school days, meet and confer with the grievant, if any, and the Federation representative. At this conference the facts shall be brought out and an effort made to adjust the matter to the satisfaction of all concerned.

4. The principal shall make a decision and communicate it in writing to the grievant, if any, and the Federation representative within five (5) school days after completion of the conference.

SECOND LEVEL

5. The decision of the principal may be appealed in writing, within five (5) school days after its receipt, by the Federation representative to the appropriate Assistant Superintendent.

6. Within ten (10) school days after receipt of the written appeal, the Assistant Superintendent or his/her designee shall meet and confer with the grievant, if any, and the Federation representative or the head of the Federation Grievance Committee.

7. The Assistant Superintendent or his/her designee shall make a decision and communicate it in writing to the grievant, if any, the Federation representative, the head of the Federation Grievance Committee, and the principal within ten (10) school days after the completion of the conference.

THIRD LEVEL

8. The decision of the Assistant Superintendent or his/her designee may be appealed in writing, within five (5) school days after its receipt, by the head of the Federation Grievance Committee to the Executive Director of Personnel and Employee Relations.

9. Within ten (10) school days after receipt of the written appeal, the Superintendent of Schools or the Executive Director of Personnel and Employee Relations or a designee of either, shall meet and confer with the grievant, if any, the head of the Federation Grievance Committee and the president of the Federation.

10. The Superintendent of Schools or the Executive Director of Personnel and Employee Relations or the designee of either shall make a decision and com-
municate it in writing to the grievant, if any, the head of the Federation Grievance Committee, the president of the Federation, the principal and the Assistant Superintendent or his/her designee, within ten (10) school days after completion of the conference.

FOURTH LEVEL

11. The decision of the Superintendent of Schools or the Executive Director of Personnel and Employee Relations or the designee of either may be appealed by the president of the Federation as follows:

a. Grievances as defined in definitions 1 and 3 above may be appealed by the president of the Federation from level three to the Board, such appeals to be initiated within five (5) school days after receipt of the third-level decision.

A hearing by the Board or its designated Subcommittee shall be held within twenty (20) days after receipt of an appeal, with five (5) days notice being given to all parties of the time and place of the hearing.

The decision of the Board or its designated Subcommittee shall be rendered within fifteen (15) days after the hearing. The decision of the Board or its designated Subcommittee shall be final and binding on the parties.

b. Grievances as defined in definition 2 above may be appealed by the president of the Federation from level three to the Board, such appeals to be initiated within five (5) school days after receipt of the third-level decision.

A hearing by the Board or its designated Subcommittee shall be held within twenty (20) days after receipt of an appeal, with five (5) days notice being given to all parties of the time and place of the hearing.

The decision of the Board or its designated Subcommittee shall be rendered within fifteen (15) days after the hearing. The decision of the Board or its designated Subcommittee may then be further appealed by the president of the Federation within five (5) school days after its receipt to the American Arbitration Association for arbitration under its rules. The arbitrator shall hold a hearing within thir-
ty (30) days after appointment. Ten (10) days notice shall be given to all parties of the time and place of the hearing. Within thirty (30) days after completion of the hearing, the arbitrator shall render a decision. The decision, including awards, of the arbitrator shall be final and binding on the parties. Any decision of the arbitrator requiring legislation by an agency other than the Board will only be effective if such legislation is enacted. The costs of arbitration shall be equally shared by the parties to the arbitration.

c. Grievances as defined in definition 4 above may be appealed by the president of the Federation from level three to the American Arbitration Association for arbitration under its rules, such appeals to be initiated within five (5) school days after receipt of the third-level decision. The arbitrator shall hold a hearing within thirty (30) days after appointment. Ten (10) days notice shall be given to all parties of the time and place of the hearing. Within thirty (30) days after completion of the hearing, the arbitrator shall render a decision. The decision, including awards, of the arbitrator shall be final and binding on the parties. Any decision of the arbitrator requiring legislation by an agency other than the Board will only be effective if such legislation is enacted. The costs of arbitration shall be equally shared by the parties to the arbitration.

12. No arguments or facts may be introduced at an arbitration proceeding unless they have been presented at some previous level of this grievance procedure, or unless they were not reasonably available to the parties prior to the arbitration.

13. An arbitrator shall not render any decision which conflicts with or alters this Agreement.

14. A grievance based on the action of authority higher than the principal shall be initiated at the lowest level consistent with this grievance procedure. The general procedures relating to that level shall apply to the presentation and adjustment of the grievance, including the right of appeal.

15. The Federation may initiate a grievance, including a group grievance, at any proper level of this procedure.
16. Failure to communicate a decision at any level of this procedure within the specified time limit shall permit the grievance to be advanced to the next higher level.

17. Additional time at a specific level of this procedure may be granted by mutual agreement between the parties.

18. Conferences and hearings held under this grievance procedure, except arbitration hearings, shall be scheduled at times either after school hours or when the involved teacher(s) is not assigned teaching or other functions, and shall be scheduled in a manner and place which will afford a fair and reasonable opportunity for all persons entitled to be present to attend, including witnesses.

19. The Federation may waive participation by any of its listed representatives at the various levels of this procedure, except for the grievant, if any, or may designate alternates for its listed representatives, but appeals to bring the grievance to the next higher level may only be taken by the appropriate Federation representatives specifically listed in this procedure or by the Federation president.

20. Neither of the parties, nor counsel, nor the arbitrator shall employ the use of any visual or sound recording devices at any stage of this procedure without the prior written consent of all other parties.

21. The School Board shall have the right to file a grievance against the Federation concerning Federation compliance with this Agreement, and process same to arbitration, such a grievance to be initiated at the third level of this grievance procedure.

22. Grievances which extend beyond the normal school year shall continue to be processed, with “weekdays” (except Saturdays and holidays) being substituted in the procedure for all references to “school days” except as the parties may mutually agree otherwise.

23. Nothing contained in this grievance procedure is intended to restrict or limit the rights of any individual as provided under Section 606 of Act 195, effective October 21, 1970.
ARTICLE 26
TEACHER RATINGS

1. A copy of the rating shall be given to a teacher each time the teacher is rated.

2. If a teacher disagrees with a rating, the teacher shall be given an opportunity to present his/her reason(s) for disagreement.

3. A teacher who wishes to disagree with a rating must indicate dissatisfaction within five (5) school days after receipt of the rating and request a rating conference with the principal.

4. "Unsatisfactory" ratings for teachers must contain an explanatory anecdotal comment.

5. "Below-average" ratings for teachers must contain an explanatory anecdotal comment.

6. Teachers receiving an "unsatisfactory" or "below-average" rating may, if they object to a rating and/or to an anecdotal comment, file a rebuttal which will become part of those teachers' permanent personnel files, along with the rating. They may also request a conference with the appropriate Assistant Director of Personnel.

7. "Satisfactory" ratings for tenured professional employees shall not contain negative anecdotal comments or check marks. Constructive criticism, if any, shall be confined to a rating conference between teacher and administrator.

8. The rating scale for tentured teachers shall be on a two-point scale of either "satisfactory" or "unsatisfactory," with the provision that a rating of "below average" may be utilized in situations where a teacher's performance is marginal or bordering on "unsatisfactory."

9. The rating scale for nontenured teachers shall be on a five-point scale of "excellent," "above average," "average," "below average," and "unsatisfactory."

10. All annual ratings for tenured teachers shall be distributed no later than twenty (20) calendar days prior to the close of the school year.

11. All semiannual ratings for nontenured teachers shall be distributed no later than twenty (20) calendar days prior to the close of a semester.
12. "Unsatisfactory" ratings may be submitted to teachers in extraordinary situations, separate from the time specifications listed above, with a copy submitted to the Division of Personnel which may be included in the teacher's personnel file.

13. In the event a teacher is given an unsatisfactory rating for any paid extra service, such as coaching, extracurricular activities, or select teacher positions, then the applicable rating procedures contained in this Article, including anecdotal comments, shall be applied.

ARTICLE 27
DUE PROCESS APPEALS FROM DISCIPLINARY ACTIONS AGAINST TEACHERS

1. Teachers may be subject to disciplinary action only for just cause. Whether there is just cause for a disciplinary action may be the subject of a grievance under Article 25, Grievance and Arbitration Procedures.

2. The following provisions shall apply to any one (1) day disciplinary suspension of a teacher by a principal:
   a. Where the continued presence in a school of a teacher could be detrimental to the orderly operation of the school, the suspension may be effective immediately. However, the Federation shall be informed of such a suspension action as soon as reasonably possible after the suspension action has been reported to the Department of Personnel and Employee Relations.
   b. If Section 2 a above is not applicable, no suspension may take effect until the completion of two (2) workdays after the workday on which the teacher has received written notice of the suspension from the principal. If requested by the Federation, a representative of the Department of Personnel and Employee Relations or the appropriate Line Assistant Superintendent will meet with a representative of the Federation within the two (2) workday period to discuss the suspension.
   c. If the discussion referred to in Section 2 b above is not sufficient to resolve the matter, the Federation
continues to have recourse to the provisions of Section 1 of this Article. In such case the ten (10) workday grievance-filing time period shall commence with the day on which the teacher originally received the written suspension notice from the principal, unless the parties should mutually agree to an extension of that time period.

ARTICLE 28
RETENTION OF STAFF IN SCHOOLS WITH CLOSED POSITIONS

The following criteria shall be used for purposes of determining which teacher(s) shall be required to transfer from and which teacher(s) shall be entitled to remain at schools wherein a closing of position(s) is occurring.

1. Definitions of seniority:
   a. Total system-wide seniority (system seniority) is consecutive time as a regular teacher, other professional employee, or other promoted employee since most recent date of hire, including any time spent on Board-approved leave(s) of absence but not including time employed in a full-time substitute status.
   a. Individual school seniority (building seniority) is consecutive time or credited time as a regular teacher at the involved individual school, exclusive of full-time substitute time and exclusive of any time spent on Board-approved leave(s) of absence other than sabbatical leave, military leave, and Board-paid exchange teaching leave. Building seniority includes any time spent at an earlier school from which a teacher was required to transfer due to a closing of positions.
   c. Regular teachers assigned simultaneously at more than one (1) school shall receive proportional credit for individual school seniority at each of the schools to which they are assigned.
   d. Regular part-time teachers shall receive proportional seniority credit commensurate with the amount of regular part-time service rendered. This provision shall apply both to individual school seniority and to total system-wide seniority.
2. Within applicable areas of certification and in accordance with the remaining provisions of this Article, credited building seniority shall be the prevailing seniority factor in determining the right of a teacher(s) to remain at a school wherein a closing of position(s) is occurring, provided, however, that:

a. The parties jointly agree that integration of a faculty shall be a factor for consideration in staffing.

b. So long as separate physical education classes for boys and for girls are being conducted at a school, the Board will continue its policy of maintaining a balance between the number of male physical education teachers and the number of female physical education teachers assigned to the school.

3. Procedures to determine seniority in the event of either voluntary transfers or transfers due to a closing of positions:

a. If a teacher voluntarily transfers to another school, the teacher shall receive building seniority credit at the new school equal to one half ($\frac{1}{2}$) of his/her system seniority.

b. If a teacher is required to transfer to another school due to a closing of positions at his/her former school, that teacher shall transfer his/her building seniority as credited building seniority to the new school to which he/she is assigned.

4. Procedures for tie breaking:

If individual school seniority of two (2) or more teachers is the same, the following tie breakers shall be applied in the order listed. All teaching service, to be credited, must have been rated satisfactory.

a. Total system-wide seniority,

b. In the case of elementary teachers, intermediate experience compared to primary experience, or vice versa,

c. Full-time substitute service immediately preceding regular teaching service,

d. Previous regular service in Pittsburgh Public Schools,

e. Previous full-time substitute service in Pittsburgh Public Schools,
f. Previous regular service in another public school district,
g. Nonpublic school teaching experience (½ credit or
3/5 credit, whichever is applicable), or
h. Placement on eligibility list at time of hire.

5. No full-time or day-to-day substitute positions or
teachers will be retained at the involved school(s).

6. Teachers who receive an unsatisfactory rating for the
school year in which these staff retention criteria are
being applied surrender any seniority rights as far as
these staff retention criteria are concerned.

7. Certification requirements will be followed in approv­
ing any teacher to fill an open position at the involved
school or at a school to which the teacher may apply to
transfer.

8. If teachers affected by the closing of a position(s) at the
elementary school in which they are teaching do not
wish to accept a new assignment at the same elementary
school in the opposite elementary cycle from their pres­
ent elementary cycle, they shall be permitted to request
a transfer.

9. If teachers affected by the closing of a position(s) at the
secondary school in which they are teaching do not
wish to accept a new assignment at that same school,
they shall be permitted to request a transfer.

10. Teachers who are transferred as a result of closing of
position(s) will be given a choice of vacant positions,
insofar as is possible, before new teachers are hired.

11. In assigning displaced teachers who must transfer as a
result of closing of position(s) the Board shall also
examine the normal transfer applications of experi­
enced teachers.

12. All teachers who have been rated satisfactory and who
desire to return to the school from which they were
transferred as a result of closing of position(s) will be
entitled to return to that school at the first available
future vacancy at that school for which they are eligi­
ble, subject to the applicable integration provisions of
Section 2, Subsection a, and in accordance with the
voluntary transfer provisions of Section 3, Subsection
a. Such returns shall normally be confined to the start
of a new school year or start of a new semester.
Failure by a teacher to exercise the option to return to his/her former school at the first available future vacancy at that school shall terminate any further entitlement for that teacher to return to said former school.

13. Full utilization will be made of positions left unoccupied as a result of retirements, resignations, promotions, transfers, leaves, and other such occurrences before any of these retention criteria are required to be applied.

14. Teachers, other professional employees, or other promoted employees who are displaced from a promotional or other nonteaching position back to a teaching position shall receive credit for individual school seniority at the school to which they are assigned or reassigned equal to the amount of individual school seniority they had attained at the last school to which they were assigned in a teaching capacity immediately prior to their acceptance of a promotional or other nonteaching position.

15. Teachers whose former schools either are closed or are completely changed in status shall transfer their individual school seniority for that school to the school to which they are reassigned, except if that school is a new school or a school whose status has been completely changed.

16. Teachers who are assigned to a new school or to a school whose status has been completely changed shall all have the same individual school seniority at the time of the opening of that school. Such teachers' seniority rankings, therefore, shall be determined by their comparative total system-wide seniority.

17. Teachers transferring building seniority into a new school or into a school whose status has been completely changed, at any time following the opening of that school in its new or changed status, shall only be entitled to building seniority credit not to exceed the amount of time the school has been in operation in either its new or its changed status.

18. A teacher assigned to a school for the duration of a semester or school year under the provisions of Article 35, Sections 2 or 3, shall only receive building seniority credit starting with the following semester or school
year and only if that teacher then continues to be assigned at that school in a permanent capacity. This provision shall apply to spare teachers, as well as to newly-hired teachers, other regular teachers, and full-time substitute teachers.

19. A teacher, in order to remain at a school in which a closing of positions is occurring, shall continue to have the right to exercise his/her building seniority in all areas in which the teacher is certified, irrespective of whether or not the teacher has taught, or is teaching, in a particular area in which he/she is certified. This provision does not apply where the exercise of this option would necessitate a layoff in the certification area in which the teacher electing the option had not been teaching.

20. Following mutual agreement between the Board and the Federation in certain special situations, the parties may continue the practice of permitting a teacher to retain, or to continue to accrue, building seniority at his/her original school while serving in a temporary capacity or acting capacity, at Board request, in a teaching position or in some other position either at some other school or at the teacher's original school. The provisions of this Section shall be limited to a maximum of one (1) year during which the teacher may retain the right to return to his/her former teaching position at the teacher's original school.

21. If a teacher with a satisfactory rating voluntarily elects to transfer from a school and, as a result, his/her transfer makes it unnecessary for some other less senior teacher to be involuntarily transferred from that school who wishes to remain, then the teacher who has voluntarily transferred shall have his/her transfer treated as the equivalent of an involuntary transfer for purposes of crediting his/her building seniority at the newly-assigned school. Such transfers must be reviewed and approved by the Division of Personnel.

22. If a school whose status is completely changed or a new school should at some later date be closed or completely changed in status, then the affected teachers' building seniority for purposes of transferring building seniority to whatever school they might be reassigned shall be one-half ($\frac{1}{2}$) his/her system seniority or his/her building seniority, whichever is greater.
23. The following provisions shall continue to apply to certain special professional employment categories, including but not limited to counselors, social workers, nurses, psychologists, itinerant music teachers, and itinerant language teachers:

a. In calculating consecutive time or credited time under Section 1, Subsections a and b, of this Article for bargaining unit professional employees who are in any one of these various special professional employment categories, the calculation shall continue to be made from the date of assignment (or promotion) to such a special professional employment category, including any time spent on Board-approved leaves of absence and including any time when the professional employee may have been temporarily removed from such a special professional employment category due to a reduction in the number of professional positions in that employment category, but not including any time employed in a full-time substitute status.

b. Consecutive time or credited time for such professional employees shall continue not to include consecutive time or credited time with the Board prior to employment in whichever is the particular special professional employment category.

ARTICLE 29
SYSTEM-WIDE SENIORITY AND LAYOFF-RECALL PROVISIONS

Any provision of this Article which may be inconsistent with the Memorandum of Agreement reached between the Federation and the School Board which provides the assurance that no teacher would be laid-off under any mainstream budget action or consideration preceding or during the 1980-81 school year (but not applying to the summer of 1981) shall be superseded by the terms of said Memorandum of Agreement.

1. Definition of system seniority and procedures for tie breaking:

a. Total system-wide seniority (system seniority) is consecutive time as a regular teacher, other professional employee, or other promoted employee since
most recent date of hire, including any time spent on Board-approved leave(s) of absence but not including time employed in a full-time substitute status.

b. If the system seniority of two (2) or more teachers is the same, the following tie breakers shall be applied in the order listed. All teaching service, to be credited, must have been rated satisfactory.

(1) Full-time substitute service immediately preceding regular teaching service.
(2) Previous regular service in Pittsburgh Public Schools.
(3) Previous full-time substitute service in Pittsburgh Public Schools.
(4) Previous regular service in another public school district.
(5) Nonpublic school teaching experience (½ credit or ¼ credit, whichever is applicable).
(6) Placement on eligibility list at time of hire.

2. Total system-wide seniority (system seniority) shall continue to be the sole applicable seniority criterion to be applied in any layoff (suspension under the terms of the Pennsylvania School Code) of a teacher(s).

3. A teacher shall continue to receive system seniority credit at the time of a layoff in all areas of certification he/she may hold, irrespective of which certification(s) he/she has taught in or is currently teaching in.

4. a. Should any teacher be faced with a layoff, such a teacher must be notified of that layoff not later than August 1, with the actual layoff, unless subsequently rescinded, to be effective with the start of the school year. (Unemployment Compensation eligibility for laid-off teachers commences immediately following the close of school in June, and entitlement to benefits is retroactive to the close of school in June for teachers whose layoff notice may be received later in the summer.) In the case of certain federally-funded teaching or other positions, wherein the Board has been unable to receive confirmation of funding for a following school year prior to August 1, or wherein the Board may be notified of a curtailment or termination of such funding after that date, layoff notification to affected personnel, either those personnel in the actual federally-funded posi-
tions or those personnel who indirectly become subject to layoff because of the loss of said federally-funded positions, may be sent by the Board subsequent to the August 1 date.

b. Notwithstanding the provisions of Subsection a, the Board pursuant to the following procedures may delay until the Monday prior to Labor Day in giving layoff notification to an "estimated number" of teachers agreed upon in writing by the Board and the Union prior to August 1st of the same year. The "estimated number" is of those teachers whose layoff might be in doubt because of uncertainties in exactly forecasting attrition of teachers prior to the actual start of the school year, and who therefore, if laid off, would stand a reasonable chance of being recalled to active regular service in time for the start of the school year. The provisions of this Section shall not be applicable to full-time substitute teachers.

c. Any laid-off teacher who is not included among said "estimated number" referred to in Subsection b must be notified of layoff and begin to collect unemployment compensation payments over the summer in accordance with the applicable provisions of Subsection a of this Section.

A teacher who was among the "estimated number" to be recalled and who subsequently is not recalled to a regular teaching position for the first workday of the new school year shall be eligible for and shall receive full unemployment compensation payments for the summer in accordance with the provisions of Subsection a of this Section.

d. Any laid-off teacher who is recalled to a regular position at any time after the first workday of the new school year shall be entitled to unemployment compensation payments as provided in Subsection a of this Section.

e. The provisions of this Section shall continue only so long as the Board provides unemployment compensation coverage under the self-insurance option. Nothing in this Section shall be construed to either decrease or increase the maximum legal obligation of the Board to provide unemployment compensation benefits to a laid-off teacher in the same man-
ner, and in the same maximum amount, as if the teacher had been notified of the layoff on or before August 1.

5. No layoff(s) of a teacher(s) shall occur during the course of any school year, other than possibly immediately following the start of the school year in an unforeseen individual circumstance or as per the exception due to federal funding provided for in Section 4, except if the layoff(s) is due to a funding loss or a funding inadequacy in a budget not fully under the Board’s direct control (i.e., a budget other than the Board’s mainstream budget).

6. Teachers who face layoff shall continue to be entitled to placement as spare teachers each year under the provisions of Article 16 before any new teachers may be hired as spare teachers, subject to the proviso that reasonable quotas of spare teachers in any single certification shall continue to be observed. In the event that teachers who otherwise would be laid off are placed as spare teachers, such placements shall continue to be made immediately with the first teacher day of the school year.

7. A laid-off teacher may elect:
   a. To go on layoff and continue his/her life insurance, hospitalization and dental coverage for the first twelve (12) months of laid-off status by paying the full costs of same to the School District each month.
   b. To go on layoff and drop all benefits, except severance pay entitlement, for the duration of the layoff.
   c. To resign at any time following the layoff and receive his/her severance pay benefits.

8. The Board will cooperate with the Federation in seeking to assure that laid-off teachers may continue their membership in the Pennsylvania Public School Employees’ Retirement System by electing to keep their prelayoff retirement contributions in the Retirement Fund and in having interest continue to accrue to their accounts during any period of layoff in the same manner as it would during their active employment.

9. Laid-off teachers will continue to be recalled to service in the order of their system seniority, subject to certification, with the most senior teacher being recalled
first and so on. No new teachers may be hired until all laid-off teachers in their areas of certification either have been reinstated or have declined an appropriate offer of reinstatement.

10. Teachers who are recalled from layoff shall be offered a choice of assignments before newly-hired teachers having the same certifications are placed. Recalled teachers who have the same certification and who are recalled at the same time shall be offered assignments in the order of their system seniority. Assignments of recalled teachers shall also continue to be made after the disposition of regular teacher transfer applications and the assignment of displaced teachers have been handled, as provided for under Article 28, Retention of Staff in Schools with Closed Positions, Sections 10 and 11. The provisions of this Section shall continue to be subject to considerations applying to faculty integration.

11. Teachers who are given layoff notice, which is later rescinded before any actual layoff has occurred, provided the provisions of Section 9 are complied with, shall be covered under the provisions of Article 28, Retention of Staff in Schools with Closed Positions, Section 12, insofar as the right to return to their former school is concerned.

12. The PFT will continue to be provided full seniority lists by certification categories prior to the dissemination of any layoff notices to teachers. The PFT will also be provided seniority lists covering teachers on layoff status in order to monitor recall procedures.

13. Should any layoffs or displacements occur that may involve teachers going from one professional employment category to another, or that may involve nonunit professional personnel going to teaching positions, they shall be handled in the same manner as was done during the term of the previous Agreement. Seniority lists within the involved professional job classifications shall continue to be provided to the PFT to cover such situations.

14. A teacher who is suspended from active employment through layoff and then subsequently recalled will receive increment (anniversary) credit for the entire month in which he/she is recalled to active employment, irrespective of whether that teacher was recalled
for all or only some of the workdays in that month. Such teachers will receive service credit, for increment purposes only, retroactive to the first day of the month in which they are recalled. (This provision has no bearing on the practice that will continue to apply to the increment (anniversary) date for newly-hired teachers who are hired after the first workday in any month. Their anniversary month, for increment purposes only, will continue to be the month immediately following the one during which they were hired.)

ARTICLE 30
INDIVIDUALIZED EDUCATION PROGRAMS (IEPs)

1. a. The Board shall provide each special education teacher, except for teachers of the gifted, with a minimum of six (6) hours of workshop training annually. These six (6) workshop hours are to provide special education teachers time for Individualized Education Program (IEP) development.

b. In addition, each special education teacher, but not including teachers of the gifted, shall be allotted two (2) days annually for which a substitute teacher will be provided. These two (2) allotted workdays are to provide time for special education teachers of handicapped pupils to develop Individualized Education Programs (IEPs) for their pupils and to participate in IEP conferences.

c. Teachers of the gifted through grade 7 shall continue to utilize one (1) week during achievement testing in late September and another one (1) week during the testing week in April for IEP writing and conferences. The procedures applying to the preparation of IEPs for gifted program children at the 8th through 12th grade levels shall continue as during the term of the previous Agreement. No substitution services shall be required for special education itinerants or teachers of the gifted.

d. A special education teacher(s) who has a small number of students making up his/her list of total students served may not require all six (6) workshop hours for IEP development and/or may not require
all of the two (2) days for which substitute relief is provided. Any substitute relief days that are not provided to such a teacher(s) shall be available to provide an extra day(s) of substitute relief to a special education teacher(s) who may require an additional day(s) beyond the required two (2) days per teacher that are provided under this Section in order to complete the development of IEPs for his/her pupils and to participate in additional IEP conferences. Approval for any such additional day(s) of substitute relief beyond the required two (2) days shall be necessary from the Director of the Division for Exceptional Children.

e. The Board may offer three (3) to five (5) days employment at the workshop rate to any group of special education teachers for IEP writing during the summer. If a teacher does not accept this employment opportunity and if his/her IEPs are written for him/her, that teacher then will not receive the two (2) days for IEP writing during the year. However, if any IEPs are still required to be written, substitutes shall be assigned to provide the teacher time to complete his/her IEPs as per the earlier provisions of this Article.

f. The provisions of this Section are subject each school year to the continued availability of funding through the Commonwealth of Pennsylvania.

2. Parent conferences for IEP purposes shall not be held during the involved special education teacher’s preparation period, except in an extraordinary circumstance.

3. IEP parent conferences shall normally be held during the school day, utilizing the substitution provisions of Article 52 and the loss of preparation period provisions of Article 100. These loss of preparation period provisions do not apply to a preparation period of a special education teacher, should such a preparation period be interrupted or lost (under the extraordinary circumstance referred to in Section 2 of this Article) due to participation by that special education teacher in an IEP parent conference.

4. Parent conferences shall not be held after school hours, except in extraordinary circumstances. In such instances, teachers shall be compensated for after-school-hours parent conferences at the evening school hourly rate.
ARTICLE 31
LEAVES OF ABSENCE PROVISIONS

1. Teachers on ordinary leave without Board pay for study or other professional purposes shall continue to receive advancement on the salary schedule while on such leave, provided the purpose(s) for which said leave was taken is fulfilled by the teacher. Other professional purposes shall include, but shall not be limited to, research fellowships, Peace Corps, Teacher Corps, VISTA, and exchange teaching. Such leave shall not ordinarily be granted until the teacher has completed two (2) years of service after appointment from an eligibility list. Military leave shall continue to be provided irrespective of the number of years of service with the Board.

2. Salary schedule advancement for teachers on sabbatical leave, military leave and Board-paid exchange teaching leave shall continue to be provided.

3. Maternity leave and maternity-related provisions:
   a. Teachers who are employed in regular full-time positions shall be entitled to maternity leave in accordance with the provisions of this Agreement and with Board policy in effect at the time of the execution of this Agreement.

   b. All female teachers shall be entitled to maternity leave, regardless of length of service.

   c. The right of female teachers to use sick leave instead of the maternity leave provisions of Subsection 3 b shall continue to apply to the actual time of the disability due to childbirth and the period of recovery immediately thereafter. If this provision for the use of accumulated sick leave at the time of childbirth and any period of disability immediately preceding or following that time (or unpaid leave if the employee has exhausted all of her sick leave days) is used, the maternity leave entitlement continues not to be applicable to the involved female employee. However, leaves without Board pay for personal reasons relating to childbearing or childrearing, if they commence immediately following such sick leave absence (either paid or unpaid) due to childbirth and the period of recovery immediately thereafter, shall be available to female
teachers and other female personnel. Such leaves shall not exceed one (1) year in length from the date of their inception, but may be of shorter duration as requested by the female applicant. This sick leave provision is applicable to all female personnel. No medical examination may be required by the School Board for at least six (6) weeks after the birth of the child; however, the period of absence under sick leave provisions may only be for any period of disability.

d. Persons on maternity leave are covered under Section 5 and Section 6 of this Article. Maternity leave is limited to a maximum of one (1) year, but may be of shorter duration, and is not included in the provisions of Section 7 of this Article.

e. Premature termination of pregnancy shall continue to be covered under sick leave provisions.

f. Pregnancy will continue no longer to have any bearing on the application for, or the continuation of, sabbatical leaves for any female teachers who are eligible for sabbatical leaves.

g. A female teacher who takes a maternity leave of six (6) weeks, or less, shall not have any change made in her original increment (anniversary) date.

4. Leave shall be available to teachers, if requested, in the event of the placement for adoption and subsequent adoption of a child.

5. Teachers on approved leaves may continue to participate in applicable fringe benefit programs provided by the Board under the same conditions that would be in effect during regular employment, except as provided in Section 7 of this Article. However, no additional sick leave days shall be accumulated during sabbatical leaves.

6. Upon termination of a teacher's approved leave of absence, the teacher shall be returned to the same position, in the same school or schools, from which the teacher was granted leave of absence. Placement of the teacher in a position other than that held at the inception of the leave shall not be for arbitrary or capricious reasons.

7. Leaves of absence are not ordinary extended into a second year. If a leave exceeds one (1) year, the return-
ing teacher need not be placed as provided in Section 6 of this Article. The teacher granted such extension will pay his/her own and the Board’s share of the cost of any fringe benefits which the teacher wishes continued in the extended leave period. Extension of any leaves referred to in Section 2 above will be governed by the appropriate provisions of the School Code.

8. Teachers on ordinary leave without Board pay for study or other professional purposes shall be considered to be in regular full-time daily work attendance and have the right to continue membership in and make contributions to the Pennsylvania Public School Employees’ Retirement System, subject to applicable requirements of said Retirement System.

9. Leaves without Board pay for reasons of health and other serious personal reasons may also be granted, subject to board approval. Such leaves, if granted, shall not include provision for salary schedule advancement.

10. Leaves of absence due to disability, except for work-related disability for which employee is receiving Workers Compensation, are limited to a maximum of one (1) year.

11. Short-term leaves of absence with loss of pay lasting three (3) or more consecutive workdays may only occur following approval by the Board of Public Education upon recommendation of the Superintendent. In order for such leave requests to be processed, a letter requesting leave with loss of pay for three (3) or more consecutive workdays and bearing the signature of the appropriate principal or department head must be in the office of the Division of Personnel at least three (3) weeks prior to the date of the intended absence. Notification will be made to the applicant as to the disposition of the request. In case of an emergency unpaid absence of three (3) or more consecutive workdays, the employee shall submit an explanation to the Division of Personnel as soon as possible either during or immediately following the period of emergency unpaid absence. Such an emergency unpaid absence shall also require the approval of the Board of Public Education, though such approval, if granted, would of necessity occur after the fact of the involved absence. Unpaid absences of one (1) or two (2) work-
days shall continue to be administered by the appropriate principal or department head in accordance with the Division of Personnel directives.

12. The following requirements shall continue to apply to sabbatical leaves for travel that are granted to eligible teachers and other professional employees of the Pittsburgh Board of Public Education:

a. Not less than 50% of the semester or school year, (2½ months or 5 months), whichever is applicable, shall be the minimum amount of time to be spent in travel status while on a travel sabbatical. For calendar year professional personnel this minimum requirement shall be 50% of the half year or full year (3 months or 6 months), whichever is applicable.

b. Application for travel sabbatical must include a proposed itinerary, including dates. The Department of Personnel and Employee Relations shall receive notification of address and travel status once a month during the travel sabbatical leave. A summary (brief written description) of travel shall be provided to the Board upon return.

c. Failure to fulfill the travel sabbatical requirements of the Board and/or the originally-proposed itinerary may result in the forfeiture of school seniority (building seniority) credit for the time spent on sabbatical leave, and/or the receipt of a letter of reprimand to be considered for future sabbatical or other leave eligibility.

d. None of the above shall be interpreted to restrict the Board from taking action either to rescind or terminate a travel sabbatical or to recover all or part of the salary or benefits paid during a travel sabbatical leave, such Board action liable to be taken either because of failure to comply with Board requirements for the granting of sabbatical leaves, including travel sabbatical leaves, or because of failure to comply with sabbatical leave requirements as provided under the Pennsylvania School Code.
ARTICLE 32
PROFESSIONAL LEAVE

The Board's professional leave policy applying to teachers shall be continued and may be improved. The Board agrees to give appropriate consideration to the granting of a professional leave day(s) to teachers who apply, including teachers who apply to attend Federation or Federation-supported educational conferences and workshops, with particular recognition being given by the Board to the fact that professional leave for certain teachers does not require the assignment of substitutes as replacements for those teachers. The Federation agrees that the determination of whether a professional conference or workshop warrants the granting of professional leave under the provisions of this Article continues to rest with the Board.

ARTICLE 33
COURT ATTENDANCE AND JURY DUTY

1. A teacher who is called for service as a witness in court or for jury duty shall continue to be excused without loss of pay. Any compensation received for such service or duty shall be remitted to the Board or an equivalent amount shall be deducted from the teacher's salary or wages; this requirement shall continue not to be applicable when such service or duty occurs on a snow day or other emergency day that is subsequently to be rescheduled (made up) under the provision of Article 49, Snow and Other Emergency Days, Section 1.

2. Teachers involved in Juvenile Court proceedings, including where the teacher has personally filed a charge involving a student and must appear in Juvenile Court, shall continue to be excused without loss of pay.

ARTICLE 34
PERSONNEL FILE PROCEDURES

Permanent personnel files shall be maintained under the following conditions:

1. No material critical of a teacher's conduct, service, character or personality shall be placed in the files
unless the teacher has had an opportunity to read the material. The teacher shall acknowledge that he/she has read such material by affixing his/her signature on the actual copy to be filed, with the understanding that such signature merely signifies that he/she has read the material to be filed. Such signature does not necessarily indicate agreement with its content.

2. The teacher shall have the right to answer the material referred to above in writing, and to have his/her answer attached to the file copy.

3. Upon written request by the teacher to the Executive Director of Personnel and Employee Relations, made personally or through the mails, the teacher, on proper identification, will be permitted to examine the material in his/her personnel file, such examination to take place at a mutually agreeable time and in the presence of a personnel officer. The teacher shall not ask to examine any preemployment information contained in the file. The teacher shall indicate in writing that he/she has examined his/her file.

4. Normally no examination of personnel files will be requested during the two (2) weeks immediately preceding the opening of school in September, during the week preceding and the week following the close of the first semester, and during the first two (2) weeks and the last two (2) weeks of the school year.

5. No anonymous communication shall be placed in the personnel file of any teacher.

ARTICLE 35
TEACHER VACANCY LISTS

1. Posting of teaching vacancy lists will be made so that all teachers will be informed of available teaching vacancies. Except as otherwise provided in this procedure, positions shall not be permanently filled or promised for permanent filling until appropriate posting procedures have been followed.

2. Lists shall be posted in all schools and at the Administration Building on December 1, the third school day in January, May 1, May 15, and June 1. A posting will be
made only at the Administration Building on June 15 and July 1. Vacancies occurring between July 15 and September 20 need not be posted prior to being filled for the start of the new school year, but either shall be filled consistent with all procedures applying to the filling of posted vacancies or else shall be filled on the same basis as are those vacancies covered under the provisions of Section 3 of this Article.

3. Any vacancy occurring during the school year will be filled by a full-time substitute teacher or a regularly appointed teacher, who will be notified that the appointment is for the duration of the semester or school year, with the possibility of another assignment at the end of such period. Such position shall be considered a vacant position for purposes of posting at the next appropriate posting date.

4. Spare teachers who are regular professional employees may temporarily fill permanent openings for which they may qualify that occur at their assigned schools or at other schools, but such openings must be posted and available for application city wide as provided in the procedures for posting of teaching vacancies.

5. The posting of teacher vacancy lists is for the purpose of informing teachers and others of available opportunities and does not constitute any offer or guarantee of selection.

ARTICLE 36
TRANSFER APPLICATION PROCEDURES

1. A teacher as defined for purposes of transfer shall be any person who is on the Teacher Salary Schedule as a regular employee whose initial appointment was made from an eligibility list.

2. To be eligible for transfer, a teacher must be properly certificated, have the qualifications required for the position, have completed two (2) years of service with the Pittsburgh Public Schools subsequent to appointment from an eligibility list, and have a satisfactory performance record.

3. Requests for transfer must be submitted in person at the Administration Building, Division of Personnel, on
forms provided by the Superintendent of Schools. They may be submitted at any time, but to be considered for the following school semester, all requests must be submitted no later than the fifth day following the posting of any list.

4. Requests for transfers may include schools and positions not on the vacancy list.

5. Teachers who desire to transfer to another building may make this request by listing not more than two (2) choices of schools in order of preference. Preferences for grade(s) and subject(s) may be indicated.

6. All transfers shall be made by the Division of Personnel. No Board-initiated transfer shall be made for arbitrary or capricious reasons. Posting of teacher vacancy lists is for the purpose of informing teachers of available vacancies and does not constitute any offer or guarantee of transfer since it is necessary for the Division of Personnel to consider several additional factors in making its final decision concerning filling of vacancies.

ARTICLE 37
PROMOTIONAL OPPORTUNITIES

In order that all teachers, counselors, and other nonsupervisory and nonadministrative professional employees may be aware of promotional opportunities that exist, certain promotional opportunities will be posted publicly, prior to being filled or promised for filling.

1. The promotional opportunities to be posted will include all those positions for which teachers, counselors, social workers, department chairmen/chairwomen, instructional chairmen/chairwomen, team leaders, specialist teachers, and all other nonsupervisory and nonadministrative professional employees are eligible. These promotional opportunities shall include positions as counselor, vice principal, elementary principal, department chairman/chairwoman, instructional chairman/chairwoman, coordinator, supervisory specialist, team leader and other such positions.
2. Postings of promotional opportunities shall include a brief statement of the requirements for the position (except for positions as counselor, principal and vice principal) and the necessary qualifications for eligibility.

3. The posting of promotional opportunities will be at all schools and at the Administrative Building.

4. The times of posting will be November 1, December 1, the third school day in January, April 1, May 1 and June 1. The November, December and January postings will include promotional opportunities effective for both February 1 and September 1.

5. Promotional opportunities for September 1 and February 1, that become known after June 1 and the third school day in January respectively, will be posted at the Administration Building only. These postings will be done for June 15 and July 1 insofar as the period after June 1 is concerned. The one (1) week period normally allowed before filling a position need not be observed after the July 1 and the third school day in January postings, or when an emergency or unexpected opening occurs, if that opening must be immediately filled.

6. Professional employees eligible for various promotional opportunities will have one (1) week from the time of posting of the available position to make application.

7. Teachers who apply for promotional opportunities shall receive written notice from the Division of Personnel of the receipt of their applications.

8. The posting of promotional opportunities is for the purpose of informing teachers and others of available opportunities and does not constitute any offer or guarantee of selection.

ARTICLE 38
PROFESSIONAL OPPORTUNITIES

1. Professional opportunities available to teachers within a given school will be announced to all teachers by posting on the bulletin board. This is intended to in-
clude (but not be limited to) coaching, various extra-curricular and intramural assignments within the school, and faculty manager of athletics, regardless of whether these are paid or time-compensated assignments.

2. Such postings need only be made when the previous teacher who handled the assignment is no longer continuing in that capacity or when a new professional opportunity has been introduced.

3. Appointments to these positions will not be made until at least one (1) week after the initial announcement, so that interested teachers may have an opportunity to apply.

4. Professional opportunities available to teachers city wide will be posted in all schools for at least two (2) weeks prior to being filled. Such opportunities will include, but not be limited to, summer school, evening school, curriculum work, adult basic education, similar educational programs, and special program opportunities.

5. Opportunities which develop during the summer will be posted at the Administration Building.

6. The posting of professional opportunities is for the purpose of informing teachers and others of available opportunities and does not constitute any offer or guarantee of selection.

ARTICLE 39
METHOD OF SALARY PAYMENT

1. Teachers shall be paid on an approximately twice-monthly basis during the regular school year. The first pay shall be scheduled for approximately the middle of September and the final pay shall be scheduled for the last day of the regular school year.

2. All salary checks and other compensation paid to individual teachers shall be sent, delivered or presented in sealed individual envelopes.
ARTICLE 40
ANNUAL SUMMARY
STATEMENTS TO TEACHERS

1. Teachers shall receive annual summary statements containing at least the following information:
   a. Sick leave accrual
   b. Value of group life insurance
   c. Salary step, level, advanced study credit, increment date, select teacher differential, Special Education differential, and longevity increment
   d. Such additional information as may be appropriate to add to this list from time to time

2. Such annual summary statements shall be received by teachers no later than December 1 of each school year.

3. These annual summary statements shall reflect the teacher's status as of the first day of the new school year, except that the amount shown for group life insurance is the coverage which became effective October 1 of that year, based upon the salary status as of September 1.
ARTICLE 41
ELEMENTARY SCHOOL TEACHING SCHEDULES AND TEACHING DAY

Elementary school teaching schedules and teaching day, preparation periods, and assignment of specialist teachers and/or relief teachers shall be handled as follows:

1. Teachers in elementary schools shall normally be scheduled to teach no more than seven (7) class periods per day. Exceptions may only occur as provided in Section 2 and Section 3 of this Article and shall not occur for arbitrary or capricious reasons. Preparation period provisions applying to elementary school teachers shall be as cited in Section 2 and Section 3 of this Article.

2. Effective with the 1980-81 school year, all elementary school teachers, except special education teachers, shall have a minimum of five (5) preparation periods each week during the school year, with these preparation periods being provided as much as possible on a one (1) preparation period per day basis.

3. Effective with the 1981-82 school year, all elementary school teachers, except special education teachers, shall have one (1) preparation period each day, i.e., a daily preparation period.

4. a. The provisions of Sections 2 and 3 shall be implemented, at least in part, by the assignment of relief teachers and/or elementary school specialist teachers, including itinerant specialist teachers, in the four (4) areas of library, music, art, and physical education. Elementary school specialist teachers and relief teachers shall also be assigned preparation periods consistent with the provisions of this Article, except when such teachers travel during their preparation periods, in which case the payment provisions for lack of preparation periods (Article 99) shall continue to apply.

b. Provisions for the assignment at elementary schools of elementary school specialist teachers shall be
maintained in accordance with the intent and direction of Article 15, Elementary Schools, Section 1.

c. The provisions of Sections 2 and 3 may also be implemented, at least in part, through the scheduling options that become available under the self-contained teaching schedules taught by the regular teachers assigned to the various K to 5 elementary schools.

d. In the case of kindergarten teachers, the option to adjust ESEP period requirements in order to provide credit for one (1) preparation period per week may be continued as practiced under the previous Agreement, i.e., by releasing the kindergarten teacher from two (2) ESEP periods per week.

(1) Every effort shall be made to provide regular preparation periods during the school day to kindergarten teachers, in accordance with the provisions of Section 2 and Section 3 of this Article.

(2) In any situation where the ESEP period option is utilized, the kindergarten teacher’s regular preparation periods shall each be daily preparation periods and one (1) of the two (2) released ESEP periods shall be on the day when no regular preparation period is scheduled.

e. Efforts shall continue to be made to provide preparation periods for elementary school special education teachers in accordance with the provisions of Section 2 and Section 3 of this Article.

5. Any elementary school teacher having fewer than five (5) preparation periods per week shall continue to receive salary compensation as provided under Article 99, Compensation for Lack of Preparation Periods. In allotting preparation periods at a particular elementary school, any teacher who wishes to surrender his/her preparation periods to another teacher in order instead to receive salary compensation under the provisions of Article 99 shall be permitted to do so, but only to the extent of providing preparation periods to another teacher(s) at that school who has fewer than five (5) preparation periods per week.
ARTICLE 42
SECONDARY SCHOOL TEACHING SCHEDULES AND TEACHING DAY

1. Teachers in secondary schools shall normally be scheduled to teach five (5) class periods per day. Exceptions shall not be made for arbitrary or capricious reasons, and may occur only for the reasons cited under Section 2 of this Article and subject to all applicable further provisions of this Article.

a. The standard secondary school teaching schedule shall be five (5) teaching periods, one (1) duty period, one (1) preparation period and a homeroom or homeroom-time assignment.

b. Vocational teachers who teach two (2) vocational classes daily, each three (3) periods in length, may continue to be assigned six (6) teaching period schedules, but shall be covered by all other applicable provisions of this Article.

2. Exceptions to these normal secondary school teaching schedules are for the purpose of completing necessary department or school scheduling needs within individual secondary schools and are subject to full compliance with all applicable further provisions of this Article.

a. Exceptional schedules, if any, shall be rotated from year to year among the faculty insofar as is consistent with necessary scheduling considerations and certification requirements.

b. Teachers who receive an exceptional schedule shall be relieved of homeroom assignments insofar as this can be accomplished while fulfilling necessary scheduling requirements, unless they request or voluntarily accept a homeroom assignment.

c. Teachers having exceptional schedules shall be given the first choice of which period of the day their daily preparation period will be scheduled. This provision shall not necessarily apply in the middle schools.

d. Teachers having exceptional schedules shall be relieved of any duty assignments, except possible homeroom coverage or assistance in an emergency situation.
3. Teachers in middle schools shall normally be scheduled as follows:

a. Teachers shall normally be scheduled to teach five (5) teaching periods per day or the modular equivalent of five (5) teaching periods, plus one (1) period or the modular equivalent of one (1) period, to be utilized, by way of example but not by way of limitation, for the following purposes: directed activities, in-service training, planning, conferences, tutorial work, duties, study assistance, etc. Exceptions shall not be made for arbitrary or capricious reasons, and may only occur as provided under Section 2 of this Article.

b. No more than twenty (20) minutes shall be applied to routine homeroom assignment functions.

c. A minimum of five (5) teaching periods per week or the modular equivalent shall be available to each teacher as preparation time. Daily preparation time of one (1) period or the modular equivalent in consecutive mods shall be assigned to all teachers insofar as can be accommodated in the preparation of teacher schedules. In addition, where modular scheduling is involved, no fewer than two (2) consecutive mods shall be scheduled on any day as preparation time in the regular schedule for any teacher.

d. Teachers shall be scheduled daily to a minimum of a thirty (30) minute, duty-free lunch period.

e. Teaching periods shall be no more than forty-five (45) minutes in length.

f. A large group teaching presentation shall not exceed sixty (60) minutes or its modular equivalent.

g. The middle school schedule may continue to provide team planning time at the end or the beginning of three (3) school days each week in accordance with previously established middle schools scheduling standards and practices. However, in such an event the total amount of assigned work time per week shall continue not to exceed five (5) times the amount of assigned work time in the regular middle school workday.

4. All secondary school teachers shall continue to have a minimum of one (1) daily preparation period as part of
their regular teaching schedules. (Middle school teachers, as provided under Subsection 3 c of this Article, could have a minimum of five (5) preparation periods per week rather than the minimum of one (1) daily preparation period.)

5. Provisions covering exceptional schedules, if any, at a secondary school:

a. Every effort shall continue to be made in scheduling teachers at a secondary school to provide all teachers, without exception, the standard five (5) teaching period schedule.

b. No more than two (2) teachers in any single department at a secondary school may be assigned a six (6) teaching period schedule, except for the vocational teachers referred to in Section 1 b who teach two (2) three-period vocational classes per day. This provision shall apply to all departments, both academic and nonacademic. [An academic department shall be defined in the normal way that a department has been defined in the past. A nonacademic department, for purposes of applying this Subsection only, shall be defined as any group of teachers within a school, including only one (1) or two (2) teachers, who have the necessary certification to teach the same, or nearly the same, subjects. (For example, art and music would each be separate nonacademic departments. Physical education would be a single nonacademic department. Among the academic departments, only foreign languages would also be subject to the above distinctions applying to nonacademic departments, except that where a language teacher(s) is certified to teach, and teaches, more than one (1) foreign language, this factor shall be taken into account.)]

(1) At the senior high schools this provision shall apply to all departments, both academic and nonacademic.

(2) At the middle schools this provision shall apply to all departments, both academic and nonacademic, except that accepted middle schools teacher scheduling practices followed during the term of the 1976-1978 Agreement which may provide one (1), or several, additional teaching periods per week over the standard teaching periods.
schedule of twenty-five (25) teaching periods per week may be continued and shall not affect the limit of two (2) exceptional teaching schedules in a department. In addition, REAP and LAMP teachers may be assigned to teach six (6) periods per day. REAP and LAMP teachers who are assigned six (6) teaching periods per day shall be relieved of homeroom assignments insofar as this can be accomplished while fulfilling necessary scheduling requirements, i.e., as provided under Subsection 2 b of this Article. REAP and LAMP teachers shall continue not to be counted toward the limit of two (2) exceptional teaching schedules that could occur in their respective academic departments.

(3) A secondary school teacher having dual certification and who is teaching in both certifications may be credited to the department of either certification.

c. The provisions of this Article shall not prevent a teacher from volunteering to teach six (6) periods, in accordance with this same option as it has been practiced during previous Agreements and subject to the following conditions:

(1) Teachers who elect to teach six (6) periods may be, but are not required to be, covered by the four (4) exceptional schedule provisions of Section 2.

(2) Teachers who volunteer for six (6) teaching period schedules shall be counted toward the limit of two (2) teachers in any single department who may have exceptional schedules, except as provided in Subsections c (3) and c (4) immediately following.

(3) Where several exceptionally small classes exist in a particular subject at a secondary school, or overall underenrollment in a particular department at a secondary school creates numerous small classes in that department, the number of teachers who volunteer for six (6) teaching period schedules shall not be required to be counted toward the limit of two (2) teachers in any single department who may have exceptional schedules.

ARTICLE 67
INSTRUCTIONAL CHAIRMEN AND CHAIRWOMEN

1. An instructional chairman or chairwoman may be appointed by the Board in every discipline, or combination of disciplines, in a senior high school in which there are ten (10) or more teachers including the appointee and where there are no department chairmen or chairwomen assigned.

2. Such positions will be placed in the Select Teacher Category. Appointees will carry a full teaching load of five (5) teaching periods, but will not be assigned homerooms and duty periods. They will continue to be entitled to the regularly allotted daily preparation period.

3. Teachers appointed to, or serving in, the position of instructional chairman or chairwoman will be paid the appropriate select teacher salary differential, in accordance with the terms of Article 84, Select Teacher Categories, and Article 68, Teachers in the Select Teacher Categories.
4. Conduct and continuation of this program shall be in accordance with administrative guidelines developed by the Department of Secondary Schools prior to the commencement of the 1976-77 school year and in effect during the term of the previous Agreement, except where ESAA or other special funding guidelines apply. Continued operation of this program in each successive school year shall be dependent upon the continued allocation of funds for that purpose.

ARTICLE 68
TEACHERS IN THE SELECT TEACHER CATEGORIES

1. If a teacher voluntarily terminates his/her assignment in the Select Teacher Category and then subsequently returns to a position in said Category, he/she must begin at the first step of the salary differential scale for teachers in the Select Teacher Category.

2. If a Select Teacher Category position is closed and the teacher has reverted to his/her base salary for one (1) school year or less, then upon resumption of a Select Teacher Category position the teacher shall return to the next higher step on the salary differential scale for teachers in the Select Teacher Category. Said teacher must have previously served in the Select Teacher Category assignment for one (1) school year or more.

3. If a Select Teacher Category position is closed and the teacher has reverted to his/her base salary for more than one (1) school year, then upon resumption of a Select Teacher Category position the teacher shall return to the second step on the salary differential scale for teachers in the Select Teacher Category. Said teacher must have previously served in the Select Teacher Category assignment for one (1) school year or more.

4. In the event of a transfer by a teacher with no time lapse from one Select Teacher Category position to another, or from one school to another while remaining in the Select Teacher Category, the teacher shall be treated the same as if he/she had remained in the
original position or school insofar as continued placement on the salary differential scale for teachers in the Select Teacher Category is concerned.

5. A teacher in the select teacher category shall continue to receive his/her select teacher differential while on any extended paid sick leave, unless a teacher substituting for the teacher on such an extended absence fulfills the absent teacher's select teacher responsibilities and receives pay at the appropriate select teacher rate. In such a case, the teacher on extended paid sick leave shall only be entitled to receive his/her select teacher differential for whichever one (1) of the following two (2) alternative lengths of time is applicable:

(a) For a period of twenty (20) school/work days if the teacher's total absence is expected to exceed or does exceed forty (40) school/work days, or

(b) For a period not to exceed forty (40) school/work days of paid sick leave if the teacher returns to active service no later than the forty-first (41st) school/work day since the initial school/work day of his/her absence.

Regardless of the application of any provision(s) of this Section, the absent teacher shall continue to be entitled to resume his/her full select teacher responsibilities and salary differential immediately upon his/her return to active service. In addition, if such a teacher has not yet reached the top step of the three (3) step select teacher salary schedule, his/her anniversary date for moving to the next step(s) of that schedule shall remain unaffected by the application of any of the provisions of this Section.

The following provisions shall apply to salary credit for advanced study, to related matters dealing with advanced study for degrees and credits earned in a State-accredited four-year degree-granting university, college, or affiliated institution, and to other matters dealing with advanced study and training.
1. Requirements for regular Master’s Degrees or other advanced degrees will be as follows:

a. A teacher’s initial earned Master’s Degree is acceptable for salary credit, irrespective of the field it may be in.

b. Any additional Master’s Degrees that are not in State-certificated education areas, or any additional other advanced degrees that are not in State-certificated education areas, shall only be allowable for advanced study salary credit as blocks of ten (10) credits, up to a limit of placement on the Master’s Degree plus 60 credits salary schedule, in accordance with the provisions of Section 2 and Section 7 of this Article.

c. Any additional completed Master’s Degrees, or any additional other completed advance degrees, that are in any of the various State-certificated education areas (subject field, teaching field, other State-certificated professional field, professional education field, education administration field) shall continue to be allowable for advanced study salary credit as 30 credits or 60 credits, whichever is applicable.

d. Master’s Degrees or other allowable advanced degrees that require sixty (60) or more credits, as evidenced on an official transcript, shall continue to be treated as a Master’s Degree plus 30 credits (i.e., Psychology, Social Work, etc.).

e. Placement on the Doctor’s Degree salary schedule shall only be attained by a teacher holding an earned Doctorate in any of the various State-certificated education areas (subject field, teaching field, other State-certificated professional field, professional education field, educational administration field).

2. Requirements for courses that are not in a regular Master’s Degree or other advanced degree program, or that are in a regular Master’s Degree or other advanced degree program that has not been completed, will continue to be as follows and shall be allowable for advanced study as blocks of ten (10) credits:

f. Any combination of courses from one or more of the above five (5) categories of courses will qualify for acceptance as advanced study credit.

3. The Master’s Degree-Master’s Equivalent-Bachelor’s plus 30 credits salary schedule continues to be the highest salary schedule to which a teacher holding no more than a Bachelor’s Degree may advance. In order for a teacher to move to the Master’s Degree plus 10 credits-Master’s Equivalent plus 10 credits salary schedule the teacher must continue to hold either a Master’s Degree or a Bachelor’s Degree and a Master’s Equivalent Certificate from the State Department of Education. The Master’s Degree plus 20 credits salary schedule continues to be the highest salary schedule to which a teacher holding a Bachelor’s Degree and a Master’s Equivalent Certificate from the State Department of Education may advance.

6. Study and/or training in various types of Board-approved learning centers and schools, such as trade-training centers, manufacturer’s schools, business schools, technical schools, correspondence schools, or other learning centers, provided that such study and/or training directly relates to the teacher’s area(s) of certification, teaching, or specialization, and provided further that such study and/or training is not a normal program offering of a State-accredited four-year degree-granting university, college, or affiliated institution, shall be fully allowable under the advanced study credit program for up to twelve (12) of thirty (30) credits.

7. An overall “B” average continues to be required for a block of courses to qualify for advanced study credit, but no grade lower than “C” is acceptable. The provisions of this Section shall continue not to apply to an actual Master’s Degree, Master’s Equivalent Certificate, other allowable advanced degree, or Doctor’s Degree, provided said Degree or Certificate qualifies under the provisions of Section 1 of this Article.

8. All degrees and/or course work from a State-accredited four-year degree-granting university, college, or affiliated institution must be presented to the Board on an official transcript to be allowable for advanced study.

ARTICLE 93
UNEMPLOYMENT COMPENSATION, STATE AND FEDERAL

1. All teachers shall be provided the Unemployment Compensation coverage applying to all Pittsburgh Public Schools' employees, in accordance with State and Federal law and with the further provisions of this Article.

2. Throughout all budget years falling wholly or partially within the term of this Agreement, the Board agrees to continue its participation in the Pennsylvania Unemployment Compensation Fund under the same "self-insured" option that was adopted by the Board for use during the term of the previous Agreement, unless the law or rules and regulations for participation under said "self-insured" option are changed so as to make the economics of continued participation under said "self-insured" option disadvantageous to the Board.

3. In the event the present Unemployment Compensation coverage provided pursuant to State and Federal law becomes unavailable during the term of this Agreement because the existing law or laws are found illegal or unconstitutional in such a way as to preclude the School Board from providing this coverage, then the provisions of Article 94, Special Unemployment Compensation Program, shall be in effect for the duration of the term of this Agreement, without any interruption in the assurance of Unemployment Compensation coverage for all those teachers and other PFT-represented personnel entitled to that coverage.
ARTICLE 94
SPECIAL UNEMPLOYMENT COMPENSATION PROGRAM

1. The provisions of this Article shall only be applicable in the event the Unemployment Compensation coverage provided for in Article 93, Unemployment Compensation, State and Federal, should no longer be available to teachers and other PFT-represented personnel, which contingency is dealt with under Section 3 of Article 93.

2. The Unemployment Compensation coverage to be provided teachers pursuant to this Article shall be the same as the coverage provided pursuant to Article 81 of the 1976-78 Agreement between the parties. The regulations and procedures for administering this coverage, in the event it should become applicable, shall be the same as those promulgated by the Division of Employee Relations during the term of the 1976-78 Agreement.

ARTICLE 95
METHODS OF PAYMENT FOR COACHING AND OTHER ACTIVITIES

1. Coaches shall continue to receive their regular coaching pay while absent on a given day due to sickness or personal business, irrespective of whether they may have exhausted their sick leave accumulation or their personal leave.

2. Coaches shall receive their full coaching pay while on any extended sick leave, unless a substitute coach is provided at the direction of the Section on Interscholastic Athletics, in which event their pay shall be prorated with that of the substitute coach.

3. Salaries for coaching shall be paid in separate checks in order to eliminate the taking of disproportionate Federal income tax deductions from coaching salaries.

4. Separate checks shall also be issued for extracurricular activities, intramurals, faculty managers, loss and lack of preparation periods, evening school work, curriculum work, and similar activities.
5. Checks for these activities will continue to be paid on the first biweekly payroll following the second of the twice-monthly paydays, in accordance with the pay schedule format followed during the term of the previous Agreement. Checks due at the end of the second semester, which would be after the school year ends, will continue to be mailed home.

ARTICLE 96
COMPENSATION FOR SUMMER SCHOOL TEACHING, CURRICULUM WORK, AND WORKSHOPS

1. a. Summer school teachers shall continue to be paid on a basis which provides one (1) month's pay at the teacher's regular rate of pay (excluding any select teacher differential) for the six (6) week summer school session.

b. Connelley Skill Center summer teachers shall continue to receive one (1) month's pay at the teacher's regular rate of pay for the four (4) week (twenty (20) day) summer session. Any days worked beyond this four (4) week session shall continue to be paid daily at the teacher's pro-rata rate of pay based on the teacher's regular school year annual salary, i.e., regular school year annual salary divided by one hundred eighty-nine (189).

c. Counselors hired for counseling positions in summer youth employment programs shall continue to receive pro-rata pay for their services, as was established initially for the summer of 1980. Teachers hired for teaching positions in such programs shall likewise continue to receive pro-rata pay for their services, again as was established initially for the summer of 1980.

2. Teachers serving on curriculum committees during the summer shall continue to be paid on a basis which provides pro-rata pay at the teacher's regular salary (excluding any select teacher differential).

3. Teachers serving on special curriculum committees during the regular school year will be paid at the prevailing evening school hourly rate for the number of allotted hours.
4. Teachers participating in workshops will normally be paid at the prevailing evening school hourly rate for the number of allotted hours; exceptions will be discussed with the Federation before implementation. Teachers who teach, or who apply to teach, in special programs shall make every effort to attend special program workshops that pay at least the regular hourly workshop rate and provide at least two (2) hours of workshop pay, provided that the workshops are planned a reasonable time in advance so that teachers have sufficient time to make arrangements to be present.

5. Compensation for evening, overnight, and weekend workshops shall continue in accordance with the standards developed by the Board in consultation with the Federation during the 1973-74 school year.

**ARTICLE 97**

**MUSIC DEPARTMENT ACTIVITIES**

Rate of pay for the activities listed below will be the prevailing evening school rate of pay for teachers:

1. Choir Directors: Not exceeding seventy (70) hours per school year, except as provided under Article 98.

2. Band and Orchestra Directors: Not exceeding seventy (70) hours per school year, except as provided under Article 98.

**ARTICLE 98**

**EXTRACURRICULAR ACTIVITIES**

Teachers who supervise extracurricular activities will be compensated at an hourly rate, rather than with released time from teaching, where this change is practicable.

Such activities may include, but will not be limited to, yearbook, school newspaper, class play, audio-visual aids coordination, stage crew, designated clubs and activities, safety patrol, etc.

Each of these extracurricular activities will be assigned an annual hourly allotment.

Opportunities for participation in these activities will be
posted for all faculty members consistent with the procedure for posting of professional opportunities.

GENERAL PROVISIONS

1. Maximum hourly allotments and the activities to which they apply are as listed for the various activities and groups of schools.

2. Hourly allotments are applicable if no released time from teaching is provided in the teacher's regular schedule.

3. The hourly rate shall be as follows:
   a. Effective 9/1/80 — $8.75 per hour
   b. Effective 9/1/81 — $9.00 per hour
   c. Effective 9/1/82 — $9.50 per hour

4. Payment for authorized activities will be made at the end of each semester to professional employees only.

5. If a teacher supervises any activity for less than the maximum allotted hours, he/she shall be paid on a pro-rated basis.

6. Hourly allotments are applicable if the activity is handled by professional personnel other than an activities director. Activities directors may be compensated only when monitoring social events or athletic events, consistent with the prescribed guidelines in these two areas as established for all teachers.

7. In every school the principal is responsible for the entire extracurricular program as follows:
   a. To identify from the list of authorized activities those that qualify as paid activities.
   b. To change or discontinue any activity if it does not meet the requirements of the school. If the activity is discontinued, the teacher will be paid on a pro-rated basis for the time served. Such changes or discontinuations shall not be made for arbitrary or capricious reasons.
   c. To post vacancies. Such postings need only be made when the previous teacher who handled the assignment is no longer continuing in that capacity for any reason, or when a new extracurricular activity is introduced.
   d. To appoint the teachers to supervise the activities.
8. Nothing herein shall preclude the right of teachers to volunteer for any activity of their own choice within their own schools.

9. An hour shall mean 60 minutes.

10. A teacher may not supervise more than one authorized activity unless no other teacher is available for an activity which the principal deems necessary for the school program.

COMPENSATION FOR LACK OF PREPARATION PERIODS

Teachers assigned to full-time teaching duties will be compensated for lack of preparation periods in their regular teaching schedules according to the following arrangements:

1. $20,000 per regular school month ($200,000 per school year) will be available in order to provide compensation to teachers for lack of preparation periods.
2. Payment for lack of preparation periods will be made at the end of each semester to teachers who qualify, and who have been employed during the entire semester. Appropriate adjustment will be made for any time during the semester when the teacher has been absent without pay.

3. The following general guidelines will apply to reimbursement for lack of preparation periods:
   a. The total number of assigned preparation periods per week will be the factor to be considered, rather than the number of days on which such periods are scheduled.
   b. Provisions for reimbursement when regularly scheduled preparation periods are given up are set forth in Article 100 of this Agreement.
   c. Teachers who are not assigned a report class or any other regular duty during such times will have one (1) period credited to the total preparation periods scheduled per week for each such teacher. (This provision is only applicable insofar as eligibility for compensation under this preparation period payment formula is concerned and it has no other implications or bearing on providing preparation periods to teachers.)

4. Appropriate administrative forms will be available upon which principals will report the following information:
   a. Number of preparation periods per week scheduled to each teacher.
   b. Statement that teacher was assigned to the school for the entire semester. (Cases where teachers were transferred from one school to another, from one teaching schedule to another within the same school, or promoted, will be handled by proration of periods assigned, if there has been a change in preparation period allotment as a result of these changes.)
   c. Number of days during semester when teacher has been absent without pay.
   d. Listing of teachers who do not have report classes or other regular duties during report periods.

5. Reimbursement will be determined by using the following factors:
a. Teacher with 5 or more preparation periods/week ....................................................................... 0
Teacher with 4 preparation periods/week ........ 1
Teacher with 3 preparation periods/week .......... 2
Teacher with 2 preparation periods/week .......... 3
Teacher with 1 preparation period/week .......... 4
Teacher with 0 preparation periods/week .......... 5

Where a teacher has a fractional number of preparation periods as a result of assignments in more than one school, the fraction shall be disregarded. For example, a teacher assigned to two schools in alternate weeks, with 2 scheduled preparation periods in one school and 3 in the other, has an average of \(2 \frac{1}{2}\) preparation periods, which would be regarded as 2 preparation periods.

b. The amount to be paid will be determined by dividing the total of the prorated factors for the entire teaching staff into the amount of money available for this purpose for the given semester.

c. No teacher is to receive more than the following amounts per compensable nonscheduled preparation period as a result of the application of the provisions of this Article.

(1) 1980-81 school year — $7.50 per compensable period.
(2) 1981-82 school year — $7.75 per compensable period.
(3) 1982-83 school year — $8.25 per compensable period.

ARTICLE 100
COMPENSATION FOR LOSS OF PREPARATION PERIODS

1. Full-time teachers who surrender regularly scheduled preparation periods to perform the function of a substitute, to cover a class or an activity during the school day with students who are not regularly assigned to them, or to administer Board-mandated standardized group tests, will be compensated at a rate not to exceed the following amounts per period for each such sur-
rendered preparation period, except that the first three (3) such periods surrendered per semester shall not be compensated.

a. 1980-81 school year — $7.50 per compensable period.
b. 1981-82 school year — $7.75 per compensable period.
c. 1982-83 school year — $8.25 per compensable period.

2. $50,000 per school semester ($100,000 per school year) will be available in order to provide the compensation to teachers which is referred to in Section 1.

3. Payment for surrender of regularly scheduled preparation periods will be made at the end of each semester to teachers who qualify and who have been employed during the entire semester.

4. Payments to teachers will be prorated in the event that the monies allocated per semester are insufficient to make full payment.

ARTICLE 101
SALARIES FOR TEACHING POSITIONS FILLED DURING THE SCHOOL YEAR

If a certified teacher is hired in a day-to-day substitute capacity to fill a teaching vacancy occurring during the school year, once that teacher becomes either a full-time substitute or a regular appointee that teacher shall receive full-time substitute salary or regular salary, whichever is applicable, retroactive to the first day of that teacher’s assignment to that teaching vacancy in that school year.

ARTICLE 102
SEVERANCE PAY (TERMINAL LEAVE)

1. Teachers with one (1) or more years of continuous service who separate from employment with the Pittsburgh School District through resignation or retirement, but not through discharge for cause, shall be eligible to participate in the severance pay plan.
a. Teachers with one (1) or more than one (1) year of continuous service, but less than two (2) years, shall be regarded as having one (1) year of such service for purposes of severance pay computation.

b. Teachers with two (2) or more than two (2) years of continuous service, but less than three (3) years, shall be regarded as having two (2) years of such service for purposes of severance pay computation.

c. Teachers with three (3) or more than three (3) years of continuous service shall continue to receive full credit for purposes of severance pay computation for all such service and/or accumulation of sick leave and personal leave, subject to the maximum accumulations of sick leave and personal leave for severance pay purposes that are provided under the applicable Sections of this Article.

2. Definitions of "retirement," "retiree," and "resignation":

a. The term "retirement" shall mean retirement under the provisions of the "Public School Employees' Retirement Act," including "early retirement" after twenty-five (25) years of service, any disability retirement, and any retirement falling under the "retiree" definition contained in Subsection b of this Section.

b. The term "retiree" shall mean any teacher who retires and begins collecting his/her annuity following:

(1) At least twenty-five (25) years of credited service to the Pennsylvania Public School Employees' Retirement System and having reached at least age fifty (50); or

(2) At least ten (10) years of credited service to the PPSERS and having reached at least age fifty-five (55); or

(3) At least five (5) years of credited service to the PPSERS and having reached at least age sixty-two (62); or

(4) At least five (5) years of credited service to the PPSERS and having been placed on disability retirement following certification by a physician to be either physically or mentally incapacitated for the continued performance of duty.
c. The term “resignation” shall mean normal resignations from the School District and shall not include voluntary or forced resignations submitted for the specific purpose of terminating dismissal proceedings involving conduct other than teacher performance.

3. Should a teacher die while in active service, he/she will be considered a retiree or a resignee for severance pay purposes, whichever is applicable. Proper severance pay payment will be made to his/her estate. Consideration as a retiree will be applicable if the employee is eligible for superannuation retirement, withdrawal allowance, or disability retirement.

4. Payment shall be made at the teacher’s rate of pay at time of separation, but not to exceed $50 per day.

5. Retirees shall be entitled to payment for one half (½) of their unused accumulated sick leave days and personal leave days up to the maximum accumulations of sick leave days and personal leave days that are specified for purposes of severance pay computation.

6. Resignees shall be entitled to payment for one third (⅓) of their unused accumulated sick leave days and personal leave days up to the maximum accumulations of sick leave days and personal leave days that are specified for purposes of severance pay computation.

7. Retirees may elect as an alternative to have their severance pay payment based on their years of service in the Pittsburgh Public Schools, at the rate of one and one-half (1½) days per year of service. There shall continue to be no maximum on the number of years of service.

8. Additional severance pay conditions shall apply as follows:
   a. Maximum sick leave accumulation for purposes of severance pay computation shall continue to be 156 days and shall remain permanently at this number of days.
   b. Maximum personal leave accumulation for purposes of severance pay computation shall continue to be six (6) days.
   c. Payment for unused accumulated sick leave and personal leave days shall not exceed $4,050 for any retiree or $2,700 for any resignee.
d. As an alternative any retiree may elect to be paid at the rate of one and one-half ($1\frac{1}{2}$) days per year of service.

e. As part of the Special Retirement Incentive Program for the 1980-81 school year and summer only, major changes do occur only for one (1) year in the way in which severance pay will be calculated for retirees (but not for resignees) insofar as the formula and payment are concerned for sick leave and personal leave accumulation. (See Section 4 of the Memorandum of Agreement, Special Retirement Incentive Program.)

9. The School Code of Pennsylvania provision which allows professional employees to transfer into a school district, or to transfer from a school district, twenty-five (25) or fewer sick leave days shall be handled in the following manner for purposes of severance pay eligibility:

a. Any professional employee who transfers twenty-five (25) or fewer sick leave days to another school district at the time of resignation from the Pittsburgh School District shall have that number of sick leave days deducted in full from said employee’s total accumulation of sick leave before any severance pay computations are made.

b. Any newly-hired or rehired professional employee who transfers twenty-five (25) or fewer sick leave days into the Pittsburgh School District at the time of new employment or reemployment shall have that number of sick leave days fully credited for purposes of subsequent severance pay eligibility.

10. Any rehiree who received a severance pay payment at his/her earlier resignation shall have any subsequent severance pay payment affected as follows:

a. If the rehiree’s second severance pay payment at either retirement or resignation is based on accumulated sick leave and personal leave, then the total of the rehiree’s two severance pay payments combined shall not exceed the maximum severance pay payment allowable for either resignation or retirement, whichever is applicable, under the terms of the Agreement in effect at the time of his/her eligibility for a second severance pay payment.
b. If the rehiree's second severance pay payment occurs at retirement and is based on years of service, the amount that he/she is entitled to receive for his/her total years of service, both before and since his/her most recent date of hire, shall be decreased by the amount of his/her previous severance pay payment.

ARTICLE 103
SUMMER TEACHER FELLOWSHIP PROGRAM

1. Seventy-seven (77) summer teacher fellowships shall be available annually to eligible teachers who apply and qualify to receive such fellowships.

2. Effective with the summer of 1979 the value of these fellowships shall be $800 each, less appropriate tax deductions.

3. Eligible to participate in the program are classroom teachers and other professional employees who are on the teacher salary schedule, such as school social workers, school nurses, librarians, activities directors, special education teachers and persons in the select teacher categories.

4. Applicants must have completed a minimum of three (3) years of service subsequent to appointment from an eligibility list immediately prior to the summer for which they are applying for a fellowship. Service of eligible teachers may be in regular budget or special budget positions.

5. A minimum of six (6) credits in any of the following categories must be begun and successfully completed in a State-accredited four-year degree-granting university, college, or affiliated institution, except where stated otherwise in this Section, with credits taken during the summer only, with a grade earned of "C" or better:

   a. Graduate degree work in the teacher's field(s) of certification or in Education, except for degree programs designed to qualify a teacher to leave the classroom such as counseling, supervision or administration.

   b. Graduate course work in the teacher's field(s) of
certification or in any area(s) in which the teacher is teaching.

c. Programs of study in Board-approved trade-training centers and similar Board-approved types of schools.

d. Nongraduate courses in the teacher’s field(s) of certification or in any area(s) in which the teacher is teaching, subject to the advance approval of the Division of Employee Relations.

e. Nongraduate or graduate courses leading to another teaching certification, subject to the advance approval of the Division of Employee Relations.

Failure to comply fully with the provisions of Section 5 shall be sufficient cause for forfeiture of the entire amount of the fellowship.

6. The provision in the introductory sentence of Section 5 specifying that credits “must be begun and successfully completed during the summer only” is fully defined as follows:

a. Summer courses for summer fellowship purposes are those offered by colleges, universities, or other eligible institutions during their “summer sessions,” provided such “summer sessions” do not begin earlier than the month of June.

b. No course work for summer fellowship purposes may be taken during the school day, except if it is taken at a time following the close of the Pittsburgh Public Schools’ year, except where the Board approves an early release for teachers prior to the final day of school in June, as per the practice established by the Board in many, but not all, previous school years.

c. Summer sessions that begin earlier than June will not be honored for summer fellowship purposes for either after school or evening course work.

d. Teachers will not be permitted to receive summer fellowship credit for any courses (day or evening) taken during a spring session, even if such session continues into the summer months.

7. Fellowship recipients must agree to continue in the active service of the Pittsburgh Public Schools for a minimum of two (2) years following receipt of a
summer fellowship. Such active service may be interrupted by an approved leave of absence. Return of part or all of the fellowship grant will be required if such subsequent active service is less than two (2) years, in accordance with the administrative procedures in effect during previous Agreements.

8. Fellowship recipients will not serve in a paid capacity with the Pittsburgh Public Schools during that same summer, except that employment in committee work not to exceed two (2) weeks will be permitted if this is in the interest of the school system.

9. Fellowship recipients may not accept any other grant from either the Pittsburgh Public Schools or any other institution, except that credits awarded from colleges and universities for supervising student teachers during the normal course of the school year are permitted.

10. Distribution of the fellowships will be made proportionally on the basis of individual schools or school groupings.
   a. Larger schools are assigned one (1) or more fellowships (depending upon the size of the staff) and smaller schools are combined in groups, with the total number of teachers in the school or grouping of schools representing the approximate number of teachers (or a multiple of that number) for whom one (1) (or more) fellowship(s) will be allocated.
   b. Groupings of schools will continue to be on a reasonably geographical basis or on a program-related or department-related basis.

11. Where there are more applicants than the number of fellowships allocated to a school or a group of schools, selection will be made according to the number of years of service since the most recent regular appointment as provided in Section 4 above.

12. Applicants in a school or group of schools who have previously participated in the program shall be considered only after the list of applicants in their same school or group of schools who have never participated is exhausted, except that no teacher shall receive two (2) consecutive summer fellowships unless all eligible applications city wide have been exhausted. This limitation shall be terminated beginning with the sixth summer after the summer in which the previous fellowship was received.
13. If there are not sufficient applications from a school or a group of schools, the excess fellowship(s) allocated to this school or group of schools will be available on a city-wide basis, and awarded on the basis of years of service.

14. The fellowships available city wide will only be awarded to applicants who have not previously participated in the fellowship program, unless the list of applicants city wide who have never participated has been exhausted, except that this limitation shall be terminated as provided in Section 12 above.

15. Applicants who are not awarded fellowships will be placed on an alternate list and will be considered in the event of rejections or cancellations.

16. Teachers awarded fellowships will be given further information by the Division of Employee Relations regarding their responsibilities in relation to the grant.

ARTICLE 112
ALTERNATIVE HOSPITALIZATION — HMO

1. The School Board shall pay to any federally-qualified Health Maintenance Organization within Allegheny
County, Pennsylvania, which is selected by a teacher prior to the beginning of any school year during the term of this Agreement, an amount equal to the costs that would be paid by the Board for that teacher to provide hospitalization and medical-surgical coverage under Article 110 of this Agreement. Any additional costs will be paid by the teacher electing HMO coverage instead of the coverage described in Article 109.

2. Commencing with the 1980-81 school year, where two (2) members of one (1) family are employees of the Board an additional option to the two (2) options provided for under Article 110, Payment of Premiums for Hospitalization, Medical-Surgical and Major Medical Insurances, Section 7, shall be permitted. One (1) party may elect individual coverage either under the Blue Cross-Blue Shield hospitalization and medical-surgical insurance plan or under an alternative HMO plan while the second party may elect family and dependent coverage under the opposite plan from that elected by the first party. Should this option be exercised by two (2) such Board employees, the total premium costs incurred by the Board for both parties combined shall continue not to exceed the maximum costs that could be incurred by the Board for both parties combined under either of the options provided for under the aforementioned Article 110, Payment of Premiums for Hospitalization, Medical-Surgical and Major Medical Insurances, Section 7.

ARTICLE 113
SICK LEAVE

Provisions for absences due to sickness or accident shall continue as in effect during the term of the previous Agreement, except as amended under the terms of this Article or of any other applicable Article of this Agreement. As a significant benefit, sick leave must be utilized for the purpose for which it is intended, i.e., to provide continuation of salary to a teacher who is unable to perform his/her normal duties because of sickness or accident. The improper use of sick leave, i.e., by using it for reasons other than those for which it is intended, shall be just cause for disciplinary action.
Sick leave shall be available to teachers under the following conditions:

1. Teachers employed for the normal work year shall be entitled to twelve (12) days sick leave per year, such sick leave to be cumulative annually without limit and to be usable annually without limit.

2. Teachers employed longer than the normal work year shall be entitled to sick leave days annually on the following basis, such sick leave to be cumulative annually without limit and to be usable annually without limit.
   a. Teachers regularly employed for no less than ten (10) workdays longer than the normal work year shall be entitled to thirteen (13) days sick leave per year.
   b. Teachers regularly employed for no less than twenty (20) workdays longer than the normal work year shall be entitled to fourteen (14) days sick leave per year.
   c. Teachers regularly employed on a full calendar year basis shall be entitled to fifteen (15) days sick leave per year.

3. All absence resulting from sickness or accident shall be certified by the employee and endorsed by the principal or division head. A physician’s certificate shall be required under the following conditions:
   a. When an employee is absent both on a Friday and the following Monday.
   b. When the absence is three (3) days or more.
   c. When the employee is absent both the day before and the day after a holiday period.
   d. When in the judgment of the immediate superior an employee appears to have used sick leave excessively in one (1) and two (2) day absences.

4. Full-time substitute teachers shall be entitled to six (6) days sick leave per semester, such sick leave to be non-cumulative.

5. Evening school teachers shall be entitled to three (3) days sick leave per evening school year, such sick leave to be noncumulative.

6. Summer school teachers and other summer teacher
employees shall be entitled to noncumulative sick leave each summer as follows:

a. Teachers employed thirty (30) or more workdays shall receive two (2) days sick leave per summer.

b. Teachers employed twenty (20) workdays but less than thirty (30) workdays, shall receive one (1) day sick leave per summer.

ARTICLE 114
SPECIAL PROVISIONS REGARDING SICK LEAVE

1. Full-time teachers absent as a result of assaults suffered while in the performance of their assigned school duties will be excused without loss of pay or sick leave for the duration of confinement under a physician’s care, starting with the third consecutive school day of such absence, but not for a period to exceed twenty (20) school days of such compensation.

At the end of that period, the provisions of Article 117, Workers Compensation Coverage, concerning the various options relating to either combined use of sick leave and Workers Compensation or separate use of Workers Compensation only shall be effective.

The Board may request the teacher to undergo a medical examination by a Board physician in connection with any claim for compensation under this Section.

2. Employees absent as a result of contracting in the course of employment childhood diseases such as mumps, scarlet fever, measles, or chicken pox, shall be excused without loss of pay or loss of sick leave for the duration of confinement under a physician’s care.

3. When an employee is physically able to perform his/her duties but is prevented from doing so solely because of quarantine, he/she will be paid full salary only for the shortest period of time necessary for release from the quarantined premises or as may be directed by the Division of Health Services. When an employee is ill with a contagious disease and a quarantine is established because of such illness he/she will be paid for absence as provided in this Section.
ARTICLE 115
PERSONAL LEAVE

Personal leave shall continue to be defined as leave for the purpose of meeting urgent personal responsibilities and for meeting emergency situations. As a significant benefit, it must be utilized for the purposes or types of purposes for which it is intended and not for recreational reasons. The improper use of personal leave, i.e., by using it for reasons other than those for which it is intended, shall be just cause for disciplinary action.

Personal leave shall be available to teachers under the following conditions:

1. All regular (professional and temporary professional) employees, probationary employees, and temporary employees shall be eligible for up to two (2) personal leave days in each school year, beginning with their third year of continuous service.

2. Regular part-time employees shall be eligible for up to two (2) half-days personal leave or up to one (1) full-day personal leave in each school year, beginning with their third year of continuous service.

3. Full-time substitutes shall be eligible for up to one (1) day of personal leave in each school year, beginning with their third year of continuous service.

4. Personal leave days shall be noncumulative, except for purposes of severance pay computation.

5. No reason shall be required of, nor need be given by, the teacher who is applying for personal leave, except as provided under Section 6 of this Article and in accordance with administrative procedures in effect at the time of the execution of this Agreement.

6. Reasons for requesting personal leave shall be required where one (1) or more of the following conditions apply:
   a. During the first week of school and during the month of June.
   b. On either the first day or the last day of the school week.
   c. On the school day either preceding or following any regular holiday or vacation period.
   d. When two (2) consecutive workdays are requested.
e. On days scheduled for testing or other special activities.

f. When, due to unforeseen circumstances, an application for personal leave has not been submitted prior to the actual day for which such leave is requested.

7. On those days when reasons for personal leave are necessary (i.e., Monday and Friday, etc.—see Section 6), the following reasons only shall constitute acceptable urgent personal responsibilities:

a. Serious illness in the family or serious family emergency—reason must be delineated by the personal leave applicant.

b. Legal business—name of law firm, attorney, business firm, and time of appointment are required.

c. Physical checkup—name of physician and time of appointment are required.

d. Activity in which a child or close relative is participating, such as graduation; employee’s wedding or wedding of a close relative or friend. Time of activity is required. (Travel time to any such activity is not a valid reason for personal leave.)

e. Religious holidays.

f. Other urgent personal responsibilities similar in significance to the types of matters referred to above—in all of these the reason must be delineated by the personal leave applicant.

8. Personal leave shall continue to be administered in compliance with the established quotas for schools or departments that were in effect at the time of the execution of this Agreement.

9. Provision of paid leaves for absences from regular school, evening school, summer school, or other summer employment, due to deaths in the family, shall continue separate from personal leave, in accordance with administrative procedures in effect at the time of the execution of this Agreement and with the provisions of Article 122.
ARTICLE 116
VACATIONS AND HOLIDAYS

1. PFT-represented calendar-month, twelve-month professional personnel shall continue to be entitled to receive paid vacations annually in accordance with the Board’s vacation procedures applying to such professional employment classifications during the term of the previous Agreement and as provided for under applicable Vacation Articles contained in other PFT-negotiated Collective Bargaining Agreements.

2. CETA professional personnel shall receive the same vacation entitlement as is provided to all other calendar-month, twelve-month PFT-represented professional and nonprofessional personnel.

3. PFT-represented calendar-month, twelve-month school personnel shall be entitled to eleven (11) workdays off as holidays in any calendar year.

4. PFT-represented calendar-month, less-than-twelve-month school personnel, if any are properly so-employed, shall be entitled to workdays off for all holidays occurring during those months of the year in which they are employed, irrespective of whether any such holidays might fall on a Saturday or a Sunday.

5. The eleven (11) holidays referred to in Section 3 of this Article are the following:
   - New Year’s Day
   - Good Friday
   - Memorial Day (last Monday in May)
   - Independence Day
   - Labor Day
   - Veterans Day
   - Thanksgiving Day
   - Day after Thanksgiving Day
   - *Workday before Christmas Day
   - Christmas Day
   - *Workday before New Year’s Day

   *When Christmas and New Year’s fall on a Thursday, the Fridays following shall be recognized as these holidays.

6. In case any holiday falls on a Sunday, the Monday immediately following will be recognized as the actual
holiday. In case any holiday falls on a Saturday, the Friday immediately preceding will be recognized as the actual holiday.

7. In situations where regular schools may be open on any day which would normally have been a holiday, the holiday may be moved to a compensatory day off or, in the case of calendar-month, twelve-month personnel, added as a vacation day.

ARTICLE 117
WORKERS COMPENSATION COVERAGE

The following provisions shall apply to Workers Compensation coverage for teachers:

1. A teacher shall in no event be paid an amount in excess of his/her full regular salary when receiving payments from any combination of Workers Compensation and sick leave. The teacher in utilizing sick leave under any of the following options shall expend sick leave at the rate of one-half ($\frac{1}{2}$) sick leave day for each day he/she receives full pay through a combination of Workers Compensation payments and sick leave payments.

2. A teacher who has a compensable disability and is eligible for Workers Compensation as provided by law:
   a. May use any available sick leave for all the workdays he/she is absent. Upon return to work, the teacher shall have one-half ($\frac{1}{2}$) of the sick leave days he/she utilized while absent restored to his/her sick leave accumulation.
   b. May use Workers Compensation payments only and forego any use of sick leave days. (No income taxes are deducted from Workers Compensation payments.)
   c. May use sick leave until his/her sick leave days are exhausted and then switch to Workers Compensation payments only, or switch to Workers Compensation payments only at any time prior to exhausting all of his/her sick leave. In either event, the restoration of one-half ($\frac{1}{2}$) the number of sick leave days that the teacher has utilized still occurs only upon the teacher's return to active service.
3. Workers Compensation benefits from the first day of the occurrence of the Workers Compensation incident are the same irrespective of which of the options the teacher may choose under Section 1 above. A teacher continues to be required to file a Workers Compensation claim in a timely manner.

4. The Board agrees to deduct Retirement System employee contributions from the Workers Compensation payments and also to make the Board’s proper Retirement System employer contribution as permitted by law. Under the present pension law, a teacher may receive full Retirement System credit under this procedure for up to a maximum of one (1) full year.

5. Nothing in this Article shall be construed to provide any Workers Compensation or pension benefits of any kind which are in addition to or in excess of the maximum benefits under the pension and Workers Compensation laws of the Commonwealth of Pennsylvania.

ARTICLE 118
RESIDENCY

The only residency provisions affecting teachers and other PFT-represented professional personnel continue to be those established pursuant to the “Memorandum of Agreement, Residency Requirements,” said Memorandum dated September 4, 1978, and attached to this Agreement.

ARTICLE 119
RETIREMENT CONSULTATION SERVICE

The provisions of this Article shall continue and improve the agreement on PFT-sponsored retirement consultation service that was reached between the Pittsburgh Federation of Teachers and the Pittsburgh Board of Public Education in the negotiations for the 1978-1980 Collective Bargaining Agreement for Teachers and Other Professional Employees.

1. In consideration of the agreement by the Pittsburgh Federation of Teachers to continue to make its retirement consultation service available to all professional personnel employed by the Pittsburgh School District,
in the same manner and consistent with such service as provided by the Pittsburgh Federation of Teachers during the 1977-78 school year and during the term of the 1978-1980 Agreement, the Pittsburgh School District agrees to continue its support of this retirement consultation service by the payment to the Pittsburgh Federation of Teachers of one thousand five hundred dollars ($1,500) in each school year during the term of the 1980-1983 Collective Bargaining Agreement between the Board and the Union for Teachers and Other Professional Employees.

2. For the 1980-81 school year only, and because of the implementation during that school year only of the special retirement incentive program for teachers and other PFT-represented professional employees, the School District agrees to add a one-time five hundred dollar ($500) additional contribution to this retirement consultation service, in order to assist in the intensification for this one school year (1980-81) of said retirement consultation service, both for unit professional employees and for nonunit professional employees. Payment of this one-time, five hundred dollar ($500) additional contribution by the School District shall be contingent upon at least an additional, one-time, one thousand dollar ($1,000) contribution for this service for the 1980-81 school year by the Pittsburgh Federation of Teachers. These additions would make the School District's total contribution for only the 1980-81 school year be two thousand dollars ($2,000) and would make the Pittsburgh Federation of Teachers' total contribution for only the 1980-81 school year be a minimum of six thousand dollars ($6,000).

3. All disputes between the parties concerning a violation, interpretation, application or meaning of any provision of this Article shall be settled by submitting to binding arbitration, using the grievance and arbitration procedures contained in this Collective Bargaining Agreement.
ARTICLE 120
MILEAGE ALLOWANCE

1. The mileage reimbursement shall continue at seventeen cents (17¢) per mile throughout the term of this Collective Bargaining Agreement. The provisions of this Section shall continue in effect, irrespective of whether or not any legislative revision should be made in the seventeen cents (17¢) per mile mileage reimbursement provision of Act 51 of 1979.

2. a. Effective January 1, 1981, three cents (3¢) per mile shall be paid to help offset business-use auto insurance costs incurred by those teachers who are eligible for coverage under the mileage reimbursement provisions of this Article.

b. Effective January 1, 1982, this payment shall be increased to six cents (6¢) per mile.

3. The procedures for administering mileage allowances shall continue as established by the Board, with input from the Federation, during the 1973-74 school year. There shall be no change in the requirements for auto insurance coverage from those in effect during the term of the previous Agreement.

ARTICLE 121
OTHER BENEFITS

1. Retirement System Membership—Membership in the Pennsylvania Public School Employees' Retirement System shall continue as a teacher benefit provided by the Board to teachers throughout the term of this Agreement, in accordance with the provisions of applicable state law.

2. Social Security—Coverage under Social Security shall continue as a teacher benefit provided by the Board throughout the term of this Agreement, in accordance with the provisions of applicable federal law.
ARTICLE 122
ABSENCE DUE TO
DEATH IN THE FAMILY

1. Teachers shall be paid full salary or wages for absence not to exceed four (4) workdays on account of the death of father, mother, brother, sister, husband, wife, child, son-in-law, daughter-in-law, or parent-in-law, whether such a relative was a member of the teacher’s household or not. Pay for absence not to exceed four (4) workdays will also be made on account of the death of any other relative who was a permanent member of the teacher’s household, or of any other person with whom said teacher has made his/her home. Teachers shall also be paid full salary or wages for absence not to exceed one (1) day to attend the funeral of a first cousin, grandparent, grandchild, brother-in-law, sister-in-law, aunt, uncle, nephew, niece, stepmother, stepfather, stepbrother, stepsister, half brother, or half sister. These relatives listed for one (1) day funeral absence shall include those who are relatives of the teacher’s spouse. Death leave applies to the period at the time of death and funeral, and will be approved only for consecutive workdays. Not more than one (1) day may be taken before death and all days of leave must be within a calendar period of six (6) days.

2. These provisions shall apply to regular school, evening school, summer school, or other summer employment, in accordance with administrative procedures in effect at the time of the execution of this Agreement.

ARTICLE 123
CREDIT UNION SUMMER SAVINGS AND LOAN PAYMENT PLANS

1. The Board, upon proper authorization of the individual teacher, will continue to allow a payroll deduction for a summer savings plan with the Pittsburgh Teachers Credit Union.

2. The Board, upon proper authorization of the individual teacher, shall continue to permit a Credit Union payroll deduction for the purpose of repayment of Credit Union loans.
ARTICLE 124
TERM OF THE AGREEMENT

This Agreement shall be in effect from Monday, September 1, 1980, until 11:59 P.M. on Sunday, September 4, 1983. During the term of this Agreement, the Federation will not authorize, permit, or condone any work stoppage, slowdown, or other form of curtailment of effort, and the Board or its staff will not authorize or permit any lockout of Federation members or other persons covered by this Agreement.
IN WITNESS WHEREOF, the parties hereto have set their hands this 24th day of September, 1980.

MEMORANDUM OF AGREEMENT — RESIDENCY REQUIREMENTS
September 4, 1978

The Federation and the Board agree that residency requirements of any kind for employees are terms and conditions of employment and are mandatory subjects for bargaining under Section 701 of the Public Employe Relations Act. The Federation and the Board further agree that during negotiations which began on April 6, 1978, for a new Collective Bargaining Agreement covering teachers and other professional employees, as well as for new Agreements in the other two units represented by the Federation, all three of which would be effective September 4, 1978, long and extensive negotiations concerning the issue of residency requirements took place but the parties reached an impasse. In an effort to resolve their differences and to remove any impediments to reaching Collective Bargaining Agreements between the parties, the parties agree as follows:

1. In the event the unfair labor practice charge filed by the Federation at PERA-C-7364-W currently pending before the Pennsylvania Labor Relations Board is sustained, the parties agree and shall advise the Pennsylvania Labor Relations Board that the appropriate remedy is for the Board to rescind the current residency requirement and mail notice of that rescission to all affected employees represented by the Federation.

2. In the event a law is not passed prohibiting residency requirements by school districts in Pennsylvania, and the Board at any time between the date of this Memorandum of Agreement and the expiration of the Collective Bargaining Agreements to be effective September 4, 1978, adopts a residency requirement, the Federation agrees that it shall not file either an unfair labor practice charge or a grievance against the Board if the residency requirement so adopted is prospective only, i.e., it affects only employees hired after the date of its adoption.

3. The Board agrees not to adopt any residency requirement which affects employees represented by the Federation who are Board employees prior to the adoption of said residency requirement.
4. In the event the Board rescinds the current residency requirement prior to a decision by the Pennsylvania Labor Relations Board on the unfair labor practice charge filed by the Federation at PERA-C-7364-W, the Federation agrees to withdraw said unfair labor practice charge.

5. The parties agree that this agreement affects only the specific issue of residency requirements and no others, and that neither party shall cite this agreement as precedent to show that the other waived its rights to take a contrary position in the event any other negotiations impasse is reached on any other issue either now or in the future.

6. All disputes between the parties concerning a violation, interpretation, application or meaning of any provisions of this Memorandum of Agreement shall be settled by submitting it to binding arbitration, using the grievance and arbitration procedures contained in the Collective Bargaining Agreement in effect between the parties at the time the dispute arises.

MEMORANDUM OF AGREEMENT — SPECIAL RETIREMENT INCENTIVE PROGRAM

In consideration of the mutual concessions and commitments made in collective bargaining in 1980 by the Pittsburgh Board of Public Education, hereinafter called the “Board,” and the Pittsburgh Federation of Teachers, Local 400, hereinafter called the “Union,” the Board and the Union hereby agree that it is in their mutual interest to agree to the following special retirement incentives, and the parties do hereby agree to the said special retirement incentives only on the terms and conditions set forth herein.

1. This Memorandum of Agreement applies on a one-time basis to encourage retirements prior to the 1981-82 school year, and no part of this Memorandum of Agreement shall be used by either party in any future collective bargaining without the consent of both parties.

2. The following special retirement incentive program shall apply during the 1980-81 school year only on a one-time basis to retirements occurring during or at the completion of the 1980-81 school year. In order to be
eligible to participate, the teacher or other professional employee must either have at least twenty-five (25) years of credited service in the Retirement System and be at least age fifty-five (55) or be at least age sixty (60) and have any number of years of credited service in the Retirement System.

3. Teachers who fulfill the requirements of Section 2 shall have the full costs (100%) of continuing their group participation and coverage (individual or family, whichever is applicable as of January 1, 1981) under the School District’s group plans for hospitalization, medical-surgical, major medical and dental insurances paid in full by the Board from the time of their retirements until they reach age 65 or, in the case of hospitalization, medical-surgical and major medical insurances, attain eligibility for full Medicare coverage, whichever first occurs.

4. The severance pay entitlement for these retiring teachers only, and for this one-year period only, (unless the teacher is basing his/her severance pay on the years-of-service option, which remains unchanged) shall be calculated by permitting each teacher who retires credit for all his/her accumulated sick leave days and unused personal leave days, without limit, and by making the severance payment at the rate of $50 times this unlimited number of accumulated sick leave days and unused personal leave days, except that the gross amount of severance pay received by a retiring teacher shall not exceed one-half (½) that teacher’s total annual gross salary for the 1980-81 school year (regular school year salary, including longevity increment, select teacher differential, advanced study differential, special education differential, but not including supplemental pay, summer and evening pay, coaching salaries, and the like).

5. All disputes concerning a violation, interpretation, application or meaning of any provision of this Memorandum of Agreement shall be settled by submitting to binding arbitration, using the grievance and arbitration procedures contained in the 1980-1983 Professional Collective Bargaining Agreement.
In consideration of the mutual concessions and commitments made in collective bargaining in 1980 by the Pittsburgh Board of Public Education, hereinafter called the "Board," and the Pittsburgh Federation of Teachers, Local 400, hereinafter called the "Union," the Board and the Union hereby agree to the following job security provisions.

1. Any teacher or other professional employee employed by the Board as of June 1, 1980, in the certified professional bargaining unit represented by the Union shall be assured regular employment in the 1980-81 school year unless layoffs are occasioned by lack of increases or by cutbacks in funding or funding levels in budgets not fully under the Board's direct control, such as the state special education budget, the state vocational education budget, and any other state, federal or privately-funded budget. The provisions of this Section shall be applicable for the period of June 1, 1980, through June 20, 1981, and for that period only.

a. No teacher employed as of June 1, 1980, shall be laid off as a result of any mainstream budget or mainstream budget-related action during the 1980-81 school year.

b. All regular teachers (originally one hundred forty-two (142) teachers, including one (1) social worker) who received layoff notices during the summer of 1980 shall be recalled, in no event later than the first student day of the 1980-81 school year, Tuesday, September 2, 1980.

c. Recalled teachers may either be placed into regular teaching schedules or be placed as spare teachers. If the number of spare teachers totals forty (40) or more, then this would satisfy the forty (40) spare teacher requirement for the 1980-81 school year (Article 16, Section 1).

d. Any recalled teacher for whom there is no regular teaching vacancy, either in a regular teaching position, including the position of a teacher on leave, or in a spare teacher position, shall be assigned on a daily basis in the same manner as a day-to-day substitute is assigned. Those teachers who have been re-
called from layoff and for whom there is no available vacancy as described above shall be paid at the applicable rate of pay for Step 3 of Article 91, Full-Time Substitute Teachers Salary Schedule, or at their appropriate regular salary, whichever is the lesser amount, but shall otherwise be entitled to all fringe benefits, including sick leave and personal leave, that are received by all regular teachers. Each such recalled teacher shall be entitled to retain all noneconomic fringe benefits and rights, including seniority, tenure, layoff and recall from layoff, and unemployment compensation eligibility in the event of layoff at the end of the 1980-81 school year. Such teachers shall return to the regular salary schedule as soon as a vacancy is available to them, but in no event later than the commencement of the 1981-82 school year, provided that they are not again laid off at that time.

e. The provisions of this Section do not preclude the possibility of a teacher moving from one teaching classification to another, i.e., counselor to classroom teacher, etc.

2. The provisions of Section 1 of this Memorandum of Agreement, and any related other provisions of this Memorandum of Agreement, do not refer to layoffs or losses of positions in budgets not fully under the Board’s direct control—federal budget, state special education budget, state vocational education budget, and so on. Such layoffs or losses of positions could occur in the event that these budgets should suffer a funding loss or reduction or a funding inadequacy and if attrition in the programs served by these budgets is not sufficient to preclude the occurrence of layoffs.

3. Position losses leading to layoffs, if any, occurring under Section 2 could precipitate the layoff of teacher(s) in mainstream budget position(s), but only to the extent that teacher(s) not in mainstream budget positions may have greater system seniority than teacher(s) in mainstream budget positions. This Section simply reaffirms the continuing fact that system seniority for teachers applies irrespective of the budget in which a particular teacher may be teaching.

4. The parties jointly recognize that the spare teacher provisions, the improved elementary school daily prepara-
tion period provisions, the improved elementary school split grade provisions, the elementary school specialist and relief teacher provisions, and the one-time 1980-81 school year retirement incentives for teachers will all aid in strengthening teacher job security for the 1981-82 and 1982-83 school years.

5. The parties agree to work cooperatively on a project involving the recruitment of new students, the reattraction of former students, and the retention of current students.

6. The parties to this Memorandum of Agreement express the mutual commitment that they will attempt to utilize attrition as the means to reduce teacher positions during the 1981-82 and 1982-83 school years, insofar as the use of attrition may be possible. Furthermore, both parties recognize that there is no real possibility at mid-school-year budget adoption time to estimate the amount of attrition which will occur at the conclusion of the school year and, therefore, no real ability at mid-school-year budget adoption time to indicate an exact number of layoffs, if any, that may actually occur at the conclusion of a school year.

a. The Board agrees that in the process of developing and adopting its 1981 mainstream budget and its 1982 mainstream budget, any provisions for mainstream budget position reductions and/or teacher layoffs for the following school year will not refer to any number of actual layoffs unless there has been a prior discussion between representatives of the Union and the Superintendent of Schools and the Department of Personnel and Employee Relations.

b. Should any actual layoffs be planned, the Department of Personnel and Employee Relations will discuss them fully with the Union before final recommendations are presented to the Board for implementation.

7. All provisions of Article 29, System-Wide Seniority and Layoff-Recall Provisions, except those that are altered or affected by this Memorandum of Agreement, shall continue in full force and effect throughout the term of the 1980-1983 Collective Bargaining Agreement for Teachers and Other Professional Employees.
8. The Board agrees to continue to provide unemployment compensation coverage to all teachers under the self-insurance option, in accordance with the provisions of Article 93, Unemployment Compensation, State and Federal.

9. All disputes concerning a violation, interpretation, application or meaning of any provision of this Memorandum of Agreement shall be settled by submitting to binding arbitration, using the grievance and arbitration procedures contained in the 1980-1983 Professional Collective Bargaining Agreement.

MEMORANDUM OF UNDERSTANDING — HEAD START PROGRAM

The Federation and the School Board agree to continue to cooperate in matters of mutual concern relating to the operation of the Head Start program.

The Federation recognizes the Board's efforts at the start of the 1980-81 school year and its previous efforts, particularly throughout the 1979-80 school year, in support of the Head Start program. The Board, in turn, recognizes the efforts made by the Federation throughout the 1979-80 school year in support of the Head Start program. The Federation also recognizes that the Board-initiated and Federation-supported change during the 1979-80 school year in the administrative structure for the Head Start program makes available additional funds within the annual Head Start budget that may be allocated primarily to provide strengthened direct services and benefits to children in the Head Start program, i.e., by way of example but not by way of limitation, in such areas as supplies, instructional equipment, food, toys, and field trips.

The Board and the Federation agree that this above-cited change in administrative structure greatly aided in solving the Head Start budget problem that arose at the inception of the 1979-80 school year and substantially reduces any likelihood of the recurrence of that specific type of budgetary problem.

All disputes between the parties concerning a violation, interpretation, application or meaning of any provision of this Memorandum of Understanding shall be settled by
submitting it to binding arbitration, using the grievance and arbitration procedures contained in the Collective Bargaining Agreement in effect between the parties at the time the dispute arises.

**MEMORANDUM OF UNDERSTANDING — PUBLIC EMPLOYE RELATIONS ACT OF 1970 (ACT 195)**

This will confirm the agreement reached between the Pittsburgh Federation of Teachers, Local 400, American Federation of Teachers, AFL-CIO, hereinafter called the "Union," and the Pittsburgh Board of Public Education, hereinafter called the "Board." The parties have again reached the following understanding and agreement with regard to certain procedures which are applicable under Act 195 of 1970, which is known as the Public Employe Relations Act.

The parties recognize that the Union may wish to assert a right to strike under Section 1003 of the Public Employe Relations Act at the expiration of Collective Bargaining Agreements which may be negotiated between the parties. Therefore, the parties continue to agree to the following with regard to the future schedule for collective bargaining under Act 195.

Negotiations for any new contract should begin no later than the beginning of April in any year in which a Collective Bargaining Agreement expires on or about September 1st. Either party's refusal to commence collective bargaining in the beginning of April of any year in which a Collective Bargaining Agreement expires on or about September 1st shall be considered a refusal to bargain in good faith under the applicable provisions of Act 195 of 1970.

It is further mutually agreed between the parties that the procedures hereby agreed upon, including the commencement and conduct of negotiations in the beginning of April of any year in which a Collective Bargaining Agreement between the parties expires on or about September 1st, shall constitute full compliance with any and all applicable procedural provisions of Article VIII of Act 195 of 1970, insofar as the right of the Union to negotiate both economic and noneconomic improvements for the time period commencing on or about September 1st of any year in which a
Collective Bargaining Agreement between the parties expires on or about September 1st and any right of the Union and its members to strike at any time following the expiration date of any future Collective Bargaining Agreement which expires on or about September 1st, and that neither party will assert or allege otherwise in any manner whatsoever before any agency or in any court proceeding.

This agreement is reached in consideration of the acceptable collective bargaining settlement in contract negotiations for a new Agreement to be effective September 1, 1980. This agreement is subject to change only by the mutual agreement of the parties hereto or by a change in the applicable provisions of Act 195 of 1970 entitled the Public Employe Relations Act.

All disputes between the parties concerning a violation, interpretation, application or meaning of any provision of this Memorandum of Understanding shall be settled by submitting it to binding arbitration, using the grievance and arbitration procedures contained in the Collective Bargaining Agreement in effect between the parties at the time the dispute arises.

MEMORANDUM OF UNDERSTANDING — DEFINITION OF SCHOOL TERM

The Pittsburgh Federation of Teachers, Local 400, AFT, AFL-CIO, hereinafter called the “Union,” and the Pittsburgh Board of Public Education, hereinafter called the “Board,” are once again involved in collective bargaining for a new Agreement for teachers, said Agreement to be effective September 1, 1980.

In order to expedite the collective bargaining process and demonstrate mutual good faith, and in consideration of the mutual promises contained in this Memorandum of Understanding, the parties have agreed to the following mutually agreeable interpretations of the Pennsylvania Public School Code of 1949, as amended, insofar as it relates to Section 1003 of the Public Employe Relations Act, Act 195 of 1970.

The parties mutually agree that in applying Section 1003 of Act 195, the applicable period for determining whether or not 180 instructional days annually for students is achieved or may be achieved is the “school term” or the period of time elapsing between the opening of the public schools in
the fall of one year and the closing of the public schools in
the spring of the following year as provided in Section
102(3) of Article 1 of the Pennsylvania Public School Code
of 1949, as amended. The parties also agree that the appli­
cable period is not the "school year" as defined in Article 1,
Section 102(4) of the Pennsylvania Public School Code
of 1949, as amended.

The Union and the Board agree that neither party will
assert in any manner whatsoever before any agency or in
any court proceeding any position which is contrary to the
interpretation set forth above, namely, that in applying the
Pennsylvania Public School Code and interpreting Act 195
of 1970 the applicable period for determining 180 instruc­
tional days annually for students shall be the "school
term" as defined in Section 102(3) of Article 1 of the Penn­
sylvania Public School Code of 1949.

This agreement shall remain in effect until it is changed by
the mutual agreement of the parties or until either Section
102 of the Pennsylvania Public School Code of 1949 or Sec­
tion 1003 of the Public Employe Relations Act, Act 195 of
1970, is changed by an act of the Pennsylvania legislature.

All disputes between the parties concerning a violation, in­
terpretation, application, or meaning of any provision of
this Memorandum of Understanding shall be settled by
submitting it to binding arbitration, using the grievance and
arbitration procedures contained in the Collective Bargain­
ing Agreement in effect between the parties at the time the
dispute arises.
