SCHOOL DISTRICT OF THE
CITY OF DETROIT

and the

DETROIT FEDERATION OF TEACHERS
LOCAL 231, AFT
AFL-CIO

PREAMBLE

Agreement made effective July 1, 1977, by and between
THE BOARD OF EDUCATION OF THE SCHOOL DISTRICT OF THE CITY OF DETROIT, hereinafter called "the Board," and the DETROIT FEDERATION OF TEACHERS, affiliated with the MICHIGAN FEDERATION OF TEACHERS and the AMERICAN FEDERATION OF TEACHERS, AFL-CIO, hereinafter called "the Union."

The Central Board shall be considered the employer for all contractual and statutory purposes.

WHEREAS, the Board and the Union believe in the importance of schools as an agency for the preservation and extension of our democracy; and

WHEREAS, the parties to this Agreement have a common goal of providing the best possible education for all children; and

WHEREAS, the Board and the Union are mutually committed to the human rights and dignities of all, and to policies and programs of racial integration and desegregation as being necessary to good education, good management and good government; and

WHEREAS, the parties to this Agreement are mutually committed to the necessity of equal educational opportunity for all pupils of the Detroit Public School System with no exclusion from any program on the basis of race, religion, creed, social or economic status; and

WHEREAS, it is the mutual responsibility of all members of the Detroit Public School System to insure that good order and discipline are maintained throughout the System and that the classroom teacher is fully supported in all reasonable measures taken by him/her to maintain and effectuate good order and discipline in his/her classroom; and

WHEREAS, the success of the Detroit educational program is dependent upon the knowledge, skill and creative ability of teachers; and
WHEREAS, the Federation recognizes that the basic responsibility of each teacher is to use his/her skill and expertise in the most effective manner to improve the quality of education offered by the Detroit Public Schools; and

WHEREAS, to obtain this goal it is imperative that there be understanding and cooperation between the teachers in the classroom and the Board which is responsible for the operation of the school system; and

WHEREAS, the parties to this Agreement believe that the best interests of public education will be served by established procedures for bargaining with teacher representatives on matters of common concern and for providing orderly channels for appeals should any differences not be resolved; and

WHEREAS, the Union has been duly elected by a majority of teachers as the exclusive representative of teachers for the purpose of dealing with the Board on matters of teacher concern; and

WHEREAS, the laws of the State of Michigan authorize collective bargaining for public employees and authorize public employers to enter into collective bargaining agreements with the representatives of their employees; and

WHEREAS, the parties desire to incorporate their agreements and certain other matters into a formal contract, and believe that such action is in the best interests of community, children, school system and teachers;

THEREFORE, the parties agree as follows:

I. RECOGNITION; DEFINITIONS; UNION MEMBERSHIP DUES OR AGENCY SHOP SERVICE FEES; OTHER ORGANIZATIONS; STRIKE PROHIBITION.

A. Recognition

The Board recognizes the Union as the sole and exclusive bargaining representative for all elementary and secondary teachers, including resource and relief teachers, apprentice training teachers, nurse training teachers, special education teachers, senior teachers, auditorium teachers, special education teacher counselors, physio-therapists, speech therapists, school diagnosticians, school social workers, counselors, attendance officers, teacher librarians, day trade teachers, TV-producer directors, emergency substitutes in regular positions serving in any of the above classifications, emergency substitutes serving in any of the above classifications, attendance agents, school-community agents, accompanists, J.R.O.T.C. instructors and assistant instructors, registered nurses and all other nonsupervisory personnel on a classroom teacher salary schedule (all of
whom are hereinafter referred to as “teacher” or “teachers”). In addition to these, team leaders, coordinators and vocational instructors and educational technicians in regular schools or in specially funded centers, and teachers of adults or others working at an hourly rate negotiated by the Union whose salary and fringe benefits are listed in this Agreement.

B. Definitions

Wherever the term “school” is used it is to include any work location or functional division or group in which a grievance may arise.

Wherever the term “principal” is used it is to include the administrator of any work location or functional division or group.

Wherever the term “teacher” is used it is to include all members of the bargaining unit except in situations where the reference is in a context which denotes application only to a teaching teacher in a school classroom, i.e., school day, clock hours, program assignment, teaching periods, etc.

Wherever the singular is used it is to include the plural.

Wherever the term “Federation representative” or “Union representative” is used it is to include the Union building representative or his/her teacher designee or any other representative designated by the Union.

C. Union Membership Dues or Agency Shop Service Fees

1. All employees employed in the bargaining unit, or who become employees in the bargaining unit, who are not already members of the Union, shall, within sixty (60) days of the effective date of this Agreement (as to present employees), or within sixty (60) days of their date of hire (as to future employees), become members, or in the alternative, shall as a continuing condition of employment, pay to the Union each month a service fee in an amount equal to the regular monthly Union membership dues uniformly required of employees of the Board who are members of the Union.

2. The Board upon receiving a signed statement from the Union indicating that the employee has failed to comply with this condition shall immediately notify said employee that his/her services shall be discontinued at the end of sixty (60) days, and shall dismiss said employee accordingly.

3. An employee who shall tender or authorize the deduction of membership dues (or service fees) uniformly required as a condition of acquiring or obtaining membership in the Union, shall be deemed
to meet the conditions of this Article so long as the employee is not more than sixty (60) days in arrears of payment of such dues (or fees).

4. The Board shall be notified, in writing, by the Union of any employee who is sixty (60) days in arrears in payment of membership dues (or fees).

5. If any provision of this Article is invalid under Federal or State law, said provision shall be modified to comply with the requirements of said Federal or State law.

6. The Union agrees that in the event of litigation against the Board, its agents or employees arising out of this provision, the Union will co-defend and indemnify and hold harmless the Board, its agents or employees for any monetary award arising out of such litigation.

7. The Board shall deduct from the pay of each employee from whom it receives an authorization to do so the required amount for the payment of Union dues or Agency Shop service fees. Checked-off authorization for Union dues or Agency Shop service fees which were executed prior to the execution of this Agreement shall remain of full force and effect. Checked-off dues or fees, accompanied by a list of employees from whom they have been deducted and the amount deducted from each, and by a list of employees who had authorized such deductions and from whom no deduction was made and the reason therefore, shall be forwarded to the Union office no later than thirty (30) days after such deductions were made. Employees who have not authorized check-off of Union dues or Agency Shop service fees may pay such dues or fees semi-annually, in advance, directly to the Union, not later than thirty (30) days after the employee's first work day each semester.

8. The Board shall inform all present employees within thirty (30) days of the opening of the school year, and future employees and employees returning from leave within thirty (30) days of hire or return, of their obligations under this section; provided that the failure of the Board to so inform shall not be a defense to any employee who has failed to comply with the provisions of this section. The Board shall continue to notify the Union of all new hires, and returns from absence or leave, and separations.
D. Other Organizations

Teachers have the right to join any teacher organization, but membership in a teacher organization shall not be required as a condition of employment.

E. Strike Prohibition

The Union will not engage in or encourage strike action of any type during the life of this Agreement.

II. FAIR PRACTICES

A. In accord with Board policy, no person or persons, departments or divisions responsible to the Board shall discriminate against any employee on the basis of race, creed, color, national origin, sex, marital status, or membership in, or association with the activities of, the Union.

B. In accord with its Constitution, the Union will admit persons to membership without discrimination on the basis of race, creed, color, national origin, sex or marital status.

C. The Union and the Board agree to continue to work affirmatively in implementing their mutual objective of effective integration of faculties and student bodies in all Detroit schools.

III. QUALITY INTEGRATED EDUCATION

In order to assure positive action designed to implement the commitments expressed in the Preamble of this Agreement and in furtherance of past recommendations and action of the Board, Union, Administration, professional staff, and various concerned citizen groups, the Union and the Administration will continue and will accelerate their efforts to provide quality integrated education in the following manner:

A. Textbook and Curriculum Improvement

1. In order to meet the real and vital learning needs of children in this multi-racial, multi-religious, multi-ethnic society in which we live, textbooks and other curriculum material for each pupil in all classes shall be used pursuant to the guidelines established by the Board and outlined in the 1968 Textbook Report, Publication 1-112, or its successor, prepared by School-Community Relations. See also the guidelines entitled “Treatment of Minorities and Women in Textbooks and Other Learning Materials.”

2. Use of textbooks and other curriculum material for each pupil in all American history classes in order to cover in depth the contribution of minority groups in each unit taught; and inclusion of such material as part of the course of study in Curriculum Guides.
3. Use of supplemental reading materials dealing with minority group contributions.

4. Use of comprehensive units in world history which cover African, Asian, and Latin-American history at appropriate grade levels.

5. Use of federal funds, if any, available for that purpose, to reduce the class size in inner city schools to a maximum of 25 students in regular grades with proportional reduction in Special Education classes and classes on half-day sessions.

6. Increased use of special services in inner city schools, including psychological, medical, and dental services, by taking fullest advantage of available resources.

7. The Board shall designate personnel necessary to assure the implementation of the above sections.

8. The TV series “Americans from Africa” shall continue with appropriate modifications and teachers shall be encouraged to utilize the program.

B. Staff Integration

1. The Federation in cooperation with the Board and the Administration will further staff integration at all levels and in all sections of the city.

2. A joint Union-Administration Committee shall be formed to work with those colleges of education which are willing to cooperate in planning a required course of study geared toward understanding and working with children with cultural differences.

3. Available Federal funds shall be utilized for internship programs and other methods to assist teachers who are teaching for the first time in schools located in low socio-economic areas.

C. Achievement and Intelligence Test Revision

There shall be a complete review and revision wherever necessary of the existing testing program in an effort to eliminate culturally biased tests. (See XVIII-C Testing, Page 53.)

D. Pupil Integration

The Union and the Administration recognize that compensatory educational benefits are necessary to provide equal educational opportunities in deprived areas but that such benefits do not substitute for Detroit’s declared goal of quality integrated education. Therefore, a joint Union-Administration
Committee shall continue to investigate ways of achieving quality integrated education and to make recommendations to the Union Executive Board and the Superintendent in order to implement programs which will further racial integration of pupils. Various plans from throughout the United States will be investigated along with any other new and creative ideas submitted for study by either party or from any other source.

E. Implementation of Integration and Desegregation
Funds available for integration and desegregation projects shall continue to be aggressively sought for the purpose of implementing the Quality Integrated Education provisions of this Agreement.

IV. SALARY SCHEDULES
1. The salary schedules and formulas negotiated by the parties are set forth in the Appendix attached hereto and shall be in effect for the school years 1977-78 and 1978-79.

2. Pursuant to the 1966-67 collective bargaining agreement, a teacher employed for the full 1966-67 school year has been credited with an additional day's pay based upon his 1966-67 salary for each day actually worked during the 40th week of the 1966-67 school year. This money is payable to such teachers in a lump sum upon separation from the system.

3. Date last check of year in December on same dating basis used for other pay periods.

V. ORGANIZATION OF SCHOOL CALENDAR
A. Length of School Year
The annual salary shall be for 39 school weeks commencing the Tuesday after Labor Day. (See Appendix.)

B. End of Semester Schedule
The use of the two-day semester break shall be planned by the principal in consultation with the School Union Committee with no less than one full day reserved for teacher use in their own rooms for personal planning, individual reorganization, records, etc.

There shall be a two-day period at the end of the school year for teachers to complete records and other end-of-the-year activities.

C. Kindergarten Schedule
Kindergarten teachers and principals in local schools may jointly develop an appropriate plan for partial at-
tendance, shortened sessions, staggered entry, and/or other innovative procedures for kindergarten registration and entry on the two days following registration day. Such plans must conform to the requirements of State regulations. Upon approval of the Region Superintendent, such plans shall be implemented.

D. Emergency Weather Conditions

The Board shall notify metropolitan radio and TV stations by 6:30 a.m., whenever a decision has been made to close schools because of weather conditions. This clause is not intended to preclude a decision to close schools after 6:30 a.m., if further evaluation of developing weather conditions warrants such a decision.

On days when school is not in session because of conditions not within the control of school authorities because of severe storms, no teacher shall suffer loss of pay, nor have such days charged against the Sick Leave Bank.

E. Emergency Closing and Security

The Board shall have posted on the entrance and exit doors of the school the city ordinance (39-1-59.1, and -59.4) which requires persons entering schools to report directly to the principal or his/her designee, and make it unlawful for such persons to remain after being requested to leave. Administrators shall be encouraged to prosecute violators.

In any case where school disruptions lead to a situation where students and/or teachers face physical peril while in school, and the school is closed to students by the Region Superintendent, a joint Administration-Union Committee shall meet to determine what steps shall be taken so that school can be reopened in a reasonable climate of safety. Such steps shall be submitted to the Region Superintendent for approval to reopen.

Both parties acknowledge their great concern for the security of pupils, staff and parents. Security or the lack thereof has a very significant impact upon the teaching and learning conditions in and around the school facility. A joint Administration-Bargaining Units Committee shall be established to study and make further recommendations to improve security in the Detroit Public Schools. The joint committee shall be composed of representatives of Administration and of each of the collective bargaining units representing Board employees which wishes to participate. The joint committee's recommendations shall be submitted no later than December 1, 1975 to the General Superintendent. Any implementation of such recommendations shall begin no later than February 1, 1976.
F. Observance of Religious Holidays

A survey of the pattern of teacher absences on religious holidays shall be conducted annually for the purpose of determining the need and adequacy of teacher substitute service as far in advance of such holidays as possible.

G. Early Dismissal

When middle or senior high school students are dismissed early, the feeder schools shall be notified. Dismissals which can be anticipated in advance should be coordinated.

VI. CLASS SIZE LIMITATION

A. Regular Classes — Maximum Class Size*

1. Grades Kindergarten - 4
   The maximum class size shall be thirty-four (34) pupils.

2. Grades 5 - 12
   The maximum class size shall be thirty-five (35) with the following exceptions: band, choir, secondary physical education, and JROTC. Similar classes may, upon mutual agreement of the Board and the Union, have other limits.

3. Organization of Grades
   Classes shall be “organized” for the fall and for the spring semesters at levels sufficiently below the above maximums so that school population shifts will not result in classes exceeding the maximums.

   For grades kindergarten through four, classes shall be “organized” at a level sufficiently below 34 so as to provide a reasonable expectation that school population shifts will not result in class sizes exceeding the mandatory limit of 34 students. For grades five through twelve, classes shall be “organized” at a level sufficiently below 35 so as to provide good faith assurance that school population shifts will not result in class sizes above 35.

   When split grades are necessary in order to comply with the mandatory class size maximums, the split class shall have groups which are closest to each other in reading achievement level. Split

*These maximums also apply to summer school. The parties agree that there may be exceptions. In such instances, the oversize classes shall be shared equitably within the area of grade and/or subject assignments. Total student load shall not exceed 112 in grades K - 4 and 115 in grades 5 - 12 respectively for a teacher with three classes when it is necessary to maintain the summer school program.
grade assignments shall be rotated with provision for mutual exchange or continuation of split classes with the approval of the administration. Such assignments shall be shared equitably within the area of grade and/or subject assignments.

4. Reorganization of Classes, etc.

From and after the 4th Friday in the fall and the 2nd Friday in the spring semesters, if oversize classes in grades K - 4 develop as a result of additional pupils entering the school or if classes above 33 are the result of inequitable school organization, classes shall be reorganized by the school administration within 10 school days with provision for additional teacher service, extra assistance and/or other types of relief so that no class exceeds the above maximums.

From and after the 4th Friday in the fall and the 2nd Friday in the spring semesters, if in spite of good faith efforts, oversize classes in grades 5 - 12 develop or if classes above 34 are the result of inequitable school organization, classes shall be reorganized by the school administration within 10 school days with provision for additional teacher service, extra assistance and/or other types of relief so that no class exceeds the above maximums.

B. Class Size Review Board

1. The Class Size Review Board shall act to assure that the class size maximums are not exceeded. The Class Size Review Board shall be composed of at least three teachers selected by the Union and at least three Administrators appointed by the Superintendent.

2. The Class Size Review Board shall have the power to investigate complaints from any teacher or from the Union concerning violations of class size maximums as stated above, or inequitable school organization which results in class sizes over 33 in grades K - 4 and 34 in grades 5 - 12. Further, the Class Size Review Board shall have the power to act on its own motion; to select particular schools and particular classes in selected schools for review; to effectively recommend the priority and method of correcting any inequities found including provision for additional teacher service, extra assistance and/or other types of relief; and to recommend the use of specific State and/or Federal Funds.
3. The Class Size Review Board in arriving at its conclusions shall reasonably evaluate the number of classroom teachers and the amount of space available; the objectives of the instructional program; the educational advantage and desirability of utilizing available teachers to reduce class size in basic programs and in programs where specialized instruction has been determined to be necessary; and the desired goals of quality integrated education jointly shared by the Board of Education and the Union.

4. Class size complaints are to be filed with the co-chairpersons of the Class Size Review Board. If they are unable to resolve a complaint within five (5) school days after filing, they shall refer the complaint to the Class Size Review Board which shall consider the complaint and make its recommendations to the General Superintendent and the Union within ten (10) school days after the complaint has been referred to it.

5. In the event a recommendation of the Class Size Review Board is not implemented by the administration within 10 school days after the recommendation is referred to the General Superintendent and the Union, the Union may grieve under Article XXII of this Agreement beginning at the Step 4 level. For purposes of class size grievances the time allowed for scheduling the hearing after receipt of the appeal shall be 10 school days and the decision shall be communicated to the Union within 5 school days after the hearing. Upon notification of the need for additional time, one 5 school day extension will be granted for communicating the decision.

In the event the Class Size Review Board does not timely agree on a recommendation to resolve a class size complaint, the Union may grieve under Article XXII of this Agreement beginning with Step 4 except that the abbreviated time limits in the preceding paragraph will apply.

C. Special Education Classes
The number of children assigned to special education classes shall be in accordance with state recommended standards. In no case shall this maximum be exceeded without prior consultation with the teacher and notification to the Union.

D. Mainstreamed Students
The receiving teacher(s) shall be informed by the
sending teacher(s), in writing, in advance, of the special needs of mainstreamed students. Maximum 34-35 class size limitations otherwise applicable shall be unchanged.

E. Counseling Loads

Counseling loads shall be surveyed in individual schools and adjustments made as soon as funds and/or staff permit.

By reallocation of clerical assignments the clerical assistance provided counselors shall be increased during the term of this Agreement. The parties agree to cooperate in efforts to more effectively utilize available student assistants and school service assistants to help relieve counselors of some of the routine tasks which now interfere with their successful performance of primary counseling duties.

F. Teacher Service

Relative achievement levels, reading and mathematics scores on standardized tests, and the economic level of the families of students in the local school community shall be considered as valid factors in determining the amount of teacher service available to each elementary school.

VII. SCHOOL DAY

A. Purpose

Teachers shall use the school day for:

1. Planning and preparing for their classes.
2. Teaching their pupils.
3. Evaluating pupil progress and discussing with their colleagues the effectiveness of their own planning and implementation of their plans.
4. Reporting their evaluations of pupil progress to the school administration and to the parents of the children whom they teach at appropriate times during the school year.
5. Assuming other responsibilities for the education, health, safety, and welfare of their pupils.
6. Providing professional service to the school and community for the purpose of assisting in the development and implementation of quality education in the Detroit Public Schools.

B. Teachers’ Meetings

1. Teachers should plan to reserve Wednesday afternoon for building meetings called by the Superintendent, principals, or department heads as the need for these meetings arises. For two of these meetings each semester, school shall be dismissed one hour early and teachers shall remain an additional half hour as necessary.
2. Both parties recognize the value of utilizing an occasional city-wide meeting. When such meetings are necessary, attempts will be made to televise them, preferably on a Wednesday.

C. Clock Hours

1. In elementary and middle schools the regular school day for assigned teaching, planning, and consultation functions shall consist of not more than 6½ clock hours which shall include a lunch period.

2. In senior high schools the regular school day for assigned teaching, planning, and consultation functions shall consist of not more than 7¼ clock hours which shall include a lunch period. See also program in senior high school.

3. Registered Nurses will continue their former schedule of working hours in order to be present whenever the children are present, accomplish their work load, and continue to make home calls.

D. Program Assignments

1. No classroom teacher shall be required to teach outside of his/her area of certification. (This clause is not intended to change present transfer policy.) Only counselors and certified teacher-guidance counselors will be placed in counseling positions except on a temporary basis not to exceed 60 days or when the position is being held because of an illness absence. Counselors and teacher-guidance counselors must be selected from the official Eligibility Pool established by the Central Board except for temporary or illness placements as described above.

2. Teachers may express in writing to their principal their preference of grade level, subject, department assignment, extra-curricular assignment, school committee. Requests for the following semester assignment shall be made by October 15th or March 15th.

Such requests shall be kept on file for one school year in an accessible place. These requests shall be given consideration as vacancies occur in the building on the basis of seniority, priority of request in the case of tied seniority, competency of the individual in the judgment of the principal.

Requests which were not acted upon shall be re-filed each September to remain active. A teacher whose request was not acted upon may ask for an explanation.

In order that teachers not be “frozen” into positions, a teacher upon request shall be relieved of a section within a grade level, room, or extra-curricular activity after a
period of not more than one year, or in high school one semester, after the teacher makes such a request.

Duties shall be rotated, with provision for mutual exchange or continuation of duties with the approval of the administrator.

3. School administration shall call upon the police department to perform police duties in and around schools.

Teachers should not be assigned to police off-campus areas. Teachers may be assigned to supervise students at regularly scheduled off-campus school events.

4. Tentative school programs and assignments shall be posted on the official school bulletin board, or other readily accessible place, not later than ten (10) working days before the end of the previous semester. Final programs shall be posted when established.

E. Classroom Teaching Periods

The general practice of scheduling classroom teaching periods shall be covered by the following standards. Deviation may occur where there is mutual consent for experimental programs or where other temporary conditions require it.

1. JROTC instructors and assistants shall assume those duties assigned by the principal which are not in conflict with State accreditation requirements and North Central regulations in addition to the particular responsibilities related to their sphere of instruction (Military materiel — uniforms — etc).

The senior high school teaching program shall consist of teacher-pupil contact by each teacher of 315 minutes per day. This time shall be utilized for instructional periods, record/homeroom, and passing time between classes. Each high school teacher shall teach five 55-minute periods, one 15-minute record/homeroom, and supervise students during passing time between classes. Alternate schedules may be developed by the administration as long as they meet the 315 minute requirement. The Union will be consulted in advance concerning such proposed alternate schedules. When another assignment, such as a duty or other educational responsibility which is equivalent to a class is assigned, the teacher will be relieved of one of the five class assignments. No teacher for the duration of this Agreement will be laid off because of the 55-minute period — 900-hour requirement.

*A duty as referred to above does not include assigned service activities such as Audiovisual Coordinator or Service Group Sponsor; nor does it include assigned educational activities such as Art Clubs, Future Teacher Clubs, Glee Clubs, Math Clubs, Social Studies Clubs or similar assignments.
In senior high schools sponsoring a school paper, a yearbook or a school play, the teachers involved shall have no more than five classes, one of which shall be called Journalism, (Y or N)** or Drama.

The number of dissimilar preparations per teacher in middle and senior high schools will be kept to the minimum consistent with implementation of the best possible educational program in the particular school. The parties acknowledge that in most cases, dissimilar preparations will be limited to three. Prior to the assignment of a fourth dissimilar preparation, the Administration and Union Committee will meet to see if the additional dissimilar preparation can be avoided. Dissimilar preparations shall not exceed five.

Each high school teacher shall have a 55-minute period daily which shall be used for lunch and preparation.

Each high school teacher shall also have one 55-minute preparation period daily.

2. The middle school teaching program shall consist of teacher-pupil contact by each teacher of 315 minutes per day. This time shall be utilized for instructional periods, record-homeroom, and passing time between classes. Each middle school teacher shall teach five 55-minute periods, one 15-minute record/homeroom and supervise students during passing time between classes. Alternate schedules may be developed by the administration as long as they meet the 315 minute requirement. The Union will be consulted in advance concerning such proposed alternate schedules. When another assignment, such as a duty or other educational responsibility which is equivalent to a class is assigned, the teacher will be relieved of one of the five class assignments.

Each middle school teacher shall have a twenty-five minute lunch period daily.

Each middle school teacher shall have a daily preparation time of fifty minutes.

3. The Board has made a public commitment to hire additional teachers. The Board and the Union agree that the Board — upon the hiring of sufficient additional teachers and/or the equitable redistribution of present staff — shall provide every elementary teacher with at least three preparation periods per week, provided that no full time teacher in a school on a six period day shall have less than 150 minutes scheduled preparation time per week.

Beginning the sixth week of school, a joint Administration/Union Committee will review the schedules of each elementary school where daily preparation periods have

**Y designates Yearbook — N designates Newspaper.

15
not been afforded to every teacher. Committee members will check the schedules in those schools where at least three such periods per week have not been afforded and shall continue checking those schools where four and five such periods have not been afforded. This review shall be for the purpose of implementing additional preparation periods until the goal of daily preparation periods is attained.

The Committee shall be further charged with the responsibility of investigating particular instances of alleged inequitable distribution of preparation periods.

4. When a teacher's preparation period must be assigned for other purposes, the assignments shall be rotated so that all of the staff share these burdens equitably.

5. Whenever a teacher loses scheduled preparation time at the request of the administration, the teacher shall subsequently be granted, at a mutually convenient time, time for preparation equal to the preparation time lost. Time must be repaid within five school months of the time lost.

6. Substitute service shall be provided for teachers who accompany pupils on APPROVED field trips whenever a school is unable to provide class coverage without a substitute. This clause is not intended to COVER the loss of preparation periods nor is it intended to preclude the voluntary exchange of preparation periods.

F. Interruptions

Classroom interruptions are detrimental to a good learning environment and to the continuity of a well planned classroom operation. Therefore, teachers and administrators accept the joint responsibility to minimize such interruptions.

G. Lunch Period

1. Elementary

Every elementary teacher shall have a duty-free lunch period of at least forty-five minutes except in case of emergencies. Arrangements for aides shall be completed by the fifth week of the school year.

2. Special Education

Positive action shall be taken by the Administration to provide Special Education teachers with a full lunch period free of supervision of children as rapidly as possible. In any school where lunch time relief has not been provided, the Administration shall, on request of the Union, state the reason(s) in writing.

3. Counselors

Counselors will have a scheduled duty-free lunch period corresponding to the lunch period for teachers in the same
building. In each building, lunch periods of counselors shall be scheduled so as to insure maximum available counseling service to students throughout the lunch times. Except in emergencies, counselors' lunch periods will not be interrupted.

H. Relief from Non-Teaching Chores

To the extent that Federal or other funds are available for such purposes, School Service Assistants should be provided to handle non-teaching chores connected with the classroom under the direction of the assigned teacher.

The use of teachers to perform non-instructional functions shall be kept to a minimum and positive action shall be taken by the Administration to eliminate the need for teachers to perform such functions as soon as funds and staff permit. Positive action will include seeking out and utilizing state and federal funds. In the event that it is necessary to assign teachers to non-teaching duties, it shall be on an equitable basis for the entire staff.

The assignment of school service assistants in a particular school is a proper subject of discussion between the Administration and the School Union Committee. Before finalizing the assignment of school service assistants in a particular school the principal will afford the School Union Committee the opportunity to make observations concerning them.

I. Release from Assigned Duties for Building Representatives

In any senior high school in which there are more teachers than are necessary to fill the required study hall assignments, the Union duties of the Union building representative shall constitute his duty assignment.

In any elementary or middle school in which there are more teachers than there are homerooms or conference classes, whichever is applicable, the Union building representative shall be excused from such assignment. In schools where no such relief is possible, relief from some other duty assignment shall be arranged.

It is understood that in the determination of whether or not there are a sufficient number of teachers in the elementary school available to perform required duties, the parties acknowledge the necessity to consider such factors as the size and organization of the particular school. In consideration of such factors, however, the priority will be given to the School Union Representative whenever it is determined that at least one of the teachers in such building is to be released from a duty assignment. In no case shall release from such assignment deprive students of essential services.
In determining whether or not there are more teachers than necessary to cover homeroom or conference classes, teachers assigned to more than one school for the purpose of providing supportive services shall not be counted.

In pursuance of his/her Union duties the Union building representative shall not interfere with any teacher who is engaged in a regular class, a duty, a conference, or a homeroom assignment.

VIII. DISCIPLINE

A. Within the framework of the Discipline and Corporal Punishment Policy of the Board of Education, a consistent and reasonable discipline procedure shall be worked out within each unit by the school principal, assistant principal, department heads, counselors and classroom teachers.

B. The teacher's authority in his/her classroom is undermined when pupils discover that he/she has little or no administrative backing in discipline. As a result the entire school suffers deterioration in standards, morale, and climate favorable for teaching and learning.

C. A teacher may exclude from his/her class a child who in the teacher's opinion is causing serious disruption. The teacher shall be available to confer with the principal or assistant principal or counselor to provide the necessary information concerning the problem and shall provide a statement of the problem in writing as soon as possible not to exceed twenty-four hours. The teacher will re-admit the child after some adjustment has been made, following a conference with the child and at least two of the following parties as determined by the principal: an administrator, a counselor, school social worker, school psychologist, attendance officer, a parent of the child.

Whether the teacher is present shall be determined by mutual agreement between the principal and the teacher. The teacher shall be informed as to the results of the conference and/or the adjustment before the child returns to class.

D. Following such a conference one of several courses of action will be taken:

1. The child will be returned to the class with the understanding that he/she will correct his/her behavior.

2. Depending upon the seriousness of the infraction, the child may be returned to class while his/her case is being referred to one of the special services by the school social worker, school psychologist, or an attendance officer.
3. In case all the teachers who work with a child in regular classes recommend suspension and the principal disagrees, the teachers shall address a request to the region superintendent who shall meet with the principal and the teachers to determine if the child shall be suspended.

4. The child will be suspended by the principal.

E. Examples of offenses for which teachers may exclude students from class: profanity or obscenity, fighting, gambling, possession of tobacco, class skips, deliberate and open defiance of authority, inciting others to violence or disobedience, possession of pornographic literature, petty theft, petty vandalism.

F. Examples of offenses which require principals to notify police: extortion of money or articles, possession of narcotics, arson or attempted arson (notify Fire Department), use or possession of alcoholic beverage, serious theft, serious vandalism, false reports of fire and bombs, possession of knife or other weapons, possession and/or sale of fireworks. Upon inquiry, the principal will inform the teacher of the status of the case. The principal and the teacher will cooperate in the prosecution of the case upon request.

G. Suspension may result from any persistent disobedience that interferes with the well-being of other students or that prevents the teacher from carrying on normal class activities.

H. When in the opinion of the counselor his/her dissemination of a discipline decision will destroy or seriously impair the counselor-counselee relationship, the counselor will so inform the principal or his/her designee and request the principal or his/her designee to disseminate the discipline decision.

I. A continuous record of student discipline cases will be maintained in a place available for staff use as a basis for recommendations for suspension and intelligent administering of penalties for misdemeanors.

J. Where a principal is unwilling or unable to support teachers in maintaining school discipline, the principal's superior shall counsel with him/her and in the event his/her performance is not improved further appropriate action shall be taken.

K. Principals shall report to the Superintendent and to the police all cases of assault suffered by teachers in connection with their employment in which injuries have been suffered or in which there appears to have been ma-
licious intent. Upon request, a copy of the report will be given to the teacher.

In any reported assault case the Legal Affairs Office shall:

1. Inform the teacher of his/her rights under the law in connection with assault, and
2. Assist the teacher by acting as liaison between the teacher, the police, and the courts.

L. A child who assaults a teacher will be suspended. Age and size of the offender will be taken into consideration.

M. It is recognized that, in developing responsible student conduct the positive disciplinary techniques of example, counseling, and guidance should take precedence over punitive disciplinary measures. In this regard, this Agreement provides for communication with parents on matters of discipline, safety, and other local school regulations (Article XI, Section C.), and, Union-sponsored workshops on classroom management (Article XVIII, Section H, sixth paragraph).

It is general policy to expect that teachers will maintain discipline by means other than the use of corporal punishment. Therefore, use of corporal punishment as a routine measure is not contemplated. This policy does not prohibit corporal punishment (as provided by Chapter 15, School Code of 1955, Section 755, et. seq.) but does restrict its use to those cases in which there is no adequate substitute treatment. However, a distinction must be made between physical restraint, which is occasionally necessary to keep a young person from injuring himself/herself or others, and punishment, which is utilized to discourage repetition of misbehavior.

Punishment which, in the judgment of the Superintendent is more severe than that which might be administered by a reasonable parent; which is cruel or excessive; which is more severe than is indicated by the gravity of the offense, or the apparent motive and disposition of the offender; which is excessive with respect to the sex, size, or physical strength of the pupil; which results in lasting pain or injury; or which is administered wantonly or from malice or passion, is prohibited in the Detroit schools.

It is essential that a clear understanding should exist between the principal and the teachers in each school concerning the above. The principal should be informed promptly by a teacher when incidents occur which require the use of physical restraint or corporal punishment. This will permit principals to be of greatest assistance in work-
ing with parents and the teacher for a full understanding and solution of the problem.

Teachers will receive full support of the principal and the central administration in actions taken by them pertaining to discipline, provided they act in accord with the provisions of this Article. This support shall include defense of the teacher's action by the principal against complaints of parents as well as legal assistance by the central administration in the event that a criminal complaint is made or civil court action is instituted for damages.

IX. PUPIL'S REPORT CARD MARKS

The mark of a teacher is the record of the teacher's evaluative judgment of the work of a pupil. The teacher shall be considered the expert in evaluating the work of his/her pupils and the integrity of the teacher in marking the pupil will be respected. It shall be the responsibility of the teacher to maintain adequate records to support all marks. If the teacher does not maintain such records an administrator may request the teacher to change the marks, however, the mark shall not be changed by another person. No minimum or maximum limitations shall be set on the number who pass or fail.

Student report cards shall be distributed twice each semester—four per year—with parental conferences and/or advance written warning to parents of possible failures.

When a child's progress is such that failure seems likely, the counselor or principal should be advised by the teacher and appropriate steps taken to see that the parent is informed of the situation well in advance.

X. PARENT-TEACHER CONFERENCES

Two half days per semester* shall be designated for parent-teacher conferences. These conferences shall be held on school time and all regular classes shall be dismissed, or one or both of the conferences may be held at another equivalent time, with classes dismissed one half day per conference at a time mutually agreed upon by the principal and the School Union Committee. Teacher attendance is required up to six P.M. at any conference scheduled outside regular school hours. The dates, times and procedures for such conferences shall be established jointly by the principal and the School Union Committee in consultation with representatives of the official parent group of that school. In the event a mutually agreeable

*Upon request of the kindergarten teacher and approval of the principal and Region Superintendent, an additional half day may be used for parent-teacher conferences each semester.

21
plan cannot be established an appeal may be made to the Region Superintendent. In addition to the scheduled conference day or half-days referred to above, teachers shall confer with parents at other times mutually convenient to the teacher and the parent.

Special education teachers may, with the approval of the principal, utilize the one full day or two half-days designated for parent-teacher conferences to make home visits or follow-up calls. In cases of particular urgency, additional time may be granted upon request and with the approval of the principal and the Region Superintendent.

Elementary teachers may, with permission of the principal, utilize the half-day or a part of the day now designated for parent-teacher conferences for home visits. The Union fully supports community and especially parental participation in the school program. However, such participation must not be allowed to distract pupils at work in the classroom(s), or in any way disrupt or obstruct the school's instructional program. This would make the community's interest in the school operation self-defeating.

Parent visits to the classrooms of their children will be encouraged. The administration and teacher will try to prearrange the time of the visitation. There may be occasion when a visit must be postponed.

Classroom visits by persons other than parents must be agreed upon by the teacher, the Union and the administrator. The purpose of such visits by other than parents must be clearly defined and stated in writing at the time the appointment is requested. Any disagreement regarding this paragraph should be immediately referred to the Union Office and the Office of Labor Negotiations which will take immediate action in an attempt to resolve the problem on a case by case basis based upon the information obtained and the best judgment of the responsible parties (see fourth paragraph of this Article).

XI. SCHOOL COMMITTEES*

A. Committee Participation

It is recognized that effective management of the school is dependent upon teacher participation on committees on school citizenship, finance, etc., or as sponsors of school clubs, organizations, or other activities. The dividing of these responsibilities among the faculty benefits all members of the school by equalizing the work load

*See Article XXIII for School Union Committee and Sections H and I concerning faculty representation.
and providing, whenever possible, an opportunity for teachers to make their maximum contributions in areas of interest.

B. School Fund

Money earned through school projects shall be kept in the school fund. The administration of this fund is the responsibility of the principal. The allocation of this money for school purposes not now provided for by the Board of Education shall be the joint responsibility of the principal and a School Fund Committee.

Teacher members of the School Fund Committee shall be elected by the teaching faculty. Membership on this committee shall not be dependent upon organizational affiliation.

A statement of all income, expenditures, and balances shall be posted on the official bulletin board not less than every three months.

C. Community-School

An advisory committee of administrators, counselors, teachers (selected by the Union) and community representatives may be organized at the local school level for the purpose of assuring greater communication with parents on matters of discipline, safety, and other local school regulations. Such committees are encouraged to coordinate efforts within their high school constellation and with schools in other constellations. Plans developed by these committees shall not include any matter which is inconsistent with the collective bargaining Agreement, other Board of Education policy and/or the policies of other public agencies.

XII. PERSONNEL ASSIGNMENTS

(See Also Article XIV.)

A. Balanced Staff Concept

The Board and the Union reaffirm their commitment to the balanced staff concept under which teachers assigned to schools shall have the necessary qualifications to teach the subject area and grade level, and pupils shall have experiences with teachers and administrators of different races, and shall have both new and experienced teachers on a faculty which includes both men and women. This concept has not been in the past and is not intended as an involuntary transfer procedure.

In order to implement the balanced staff concept: In filling vacancies and/or when a school’s staff is increased or decreased, appropriate assignments or transfers will be
made in the school department in which the change of service occurs, giving priority to the balanced staff concept elements in the following order: necessary qualifications to teach such area and grade level, race, experience, and sex.

B. Promotion Policies Affecting Teachers

Teacher promotion policies and practices shall be reviewed jointly by the Union and the Board of Education.

On a trial basis, responses to a peer rating form developed by the Union and the Office of Personnel will be utilized in evaluating candidates for promotion. Teachers seeking promotion to higher salary classifications must show evidence of participation in community affairs and a variety of school experiences, one of which shall have been in a school located in a low socio-economic area. Teachers shall have completed four years of teaching before applying for promotion and shall have completed five years of teaching before promotion is effective.

C. Seniority

Seniority in the Detroit Public School System means total accumulated contract service and/or other permanent assignment service in this bargaining unit in any of the Detroit Public Schools since the most recent date of appointment (See Form 4301). Seniority also accrues while the employee is on sabbatical leave, professional service leave, and approved military service leave. Seniority does not accrue while on any other kind of leave.

Total accumulated seniority in this bargaining unit dating from most recent appointment to contract status for teachers or permanent assignment service for other employees in this bargaining unit shall be carried from one job classification to another when a transfer in job classification occurs, e.g. school social worker to teacher.

Building representatives shall be considered by reason of their position to have top seniority for purposes of transfer and assignment of duties (Super-Seniority).

Administrators who left the DFT bargaining unit and without a break in Detroit service and thereafter returned to it, seniority shall be accorded the seniority previously accrued while a member of the DFT bargaining unit as provided above, but shall not be accorded any seniority credit for the period outside the bargaining unit. Salary and fringe benefits shall be commensurate with their job classification and seniority.

Seniority for teachers newly assigned to a building shall apply only after re-organization in the school.
D. Transfer of Teachers

Subject to the Balanced Staff Concept, a teacher’s system-wide seniority status shall govern when a reduction in teacher service makes it necessary to transfer teachers. The teachers to be transferred, within the department affected, will be determined by seniority. If two teachers have the same amount of seniority, Detroit substitute teaching service will be added. This rule of seniority does not apply when a teacher freely requests or consents to a transfer or has been rated unsatisfactory. Probationary teachers are not protected from transfer due to reduction in teacher service. Qualified bilingual teachers who have full endorsement will be protected from reduction in service transfer if they are serving bilingual students and using their second language in the process.

When released service transfer is about to occur, the building representative and the involved teachers will be informed. Upon request, the basis for determination of such transfers will be given to the building representative and the teachers involved.

A teacher carries seniority only in the areas in which he/she is currently teaching. A teacher may not avoid a transfer by requesting a change in teaching-service department at the time when a transfer is under consideration because of released school service.

Teachers released from a specially funded program(s) shall be considered part of the department to which they were previously assigned in that same school if the specially funded program(s) assignment involved direct contact with children in a teacher/pupil relationship. Necessary transfers will follow Contract provisions.

If the specially funded program did not involve direct contact with children in a teacher/pupil relationship, the released teacher shall be placed in the same or similar position as that held before assignment to the special program as openings occur in that or another work location. The released teacher in this instance may not “bump” another teacher.

Contract teachers must be given one week’s notice before forced transfer due to lowered enrollment, except during reorganization; in the fall semester not later than the fourth Friday, and in the second semester during the first ten school days. Seniority rights will be respected consistent with the Balanced Staff Concept established by the Board and supported by the Union.

Contract teachers shall receive at least a week’s notice before they are transferred from one regular assignment to another regular assignment unless such transfer is at
the teacher's own request. ESRPs shall be given at least two days' notice before an assignment is closed out except that vocationally certificated ESRPs and Day Trade teachers shall be given at least two week's notice before their assignment is closed out or they are transferred.

When a teacher is appointed, transferred, or assigned to a position for which he/she is certificated and which he/she has agreed to assume, his/her seniority is in effect in that assignment, except at the beginning of the semester prior to organization-reorganization as stated previously.

If a contract teacher is transferred due to a reduction in teacher service and there is no vacancy in the region, he/she may request assignment to another region or accept assignment as contract-teacher-at-large (at regular salary) until an opening for which he/she is qualified occurs in his/her own region so long as he/she is willing to serve as contract-teacher-at-large wherever assigned. At the beginning of the next semester, he/she shall be offered a position in his/her own or another region presently vacant or being filled by an ES, ESV, or ESRP, and for which he/she is qualified.

A contract-teacher-at-large may accept a temporary assignment of up to one year outside his/her regular subject area and upon written request retain seniority in his/her original field.

A teacher forced to transfer due to reduction in teacher service shall be given more than one choice of school whenever available. Following such forced transfer, subsequent voluntary transfer shall not be precluded by a minimum time requirement.

Teachers who wish to change the location of their teaching or the kind of assignment they have, may apply for a transfer by filing Personnel Form 4039, Request for Transfer. The usual procedure is to submit the transfer form to the principal; however, it may be sent directly to the appropriate Region Office(s) of Personnel as a confidential document without any signature except that of the teacher.

The request must be renewed annually if the individual wishes to have the request continue to be considered. Transfer requests are listed by the Region Office(s) in the order of receipt and area of specialization.

Transfer pools including filing and renewal dates shall be maintained and made available to the Union upon request. If a repeated transfer request has not been honored within three years, upon request the teacher shall be notified in writing as to the reason.
A teacher who has been forced to transfer due to reduced teacher service shall have priority to return to his/her school if a vacancy occurs for which he/she is qualified, consistent with the Balanced Staff Concept.

When a position is to be filled by transfer, the Office of Personnel will check its list of transfer requests against the requirements for the position. The position will be offered to those meeting the requirements according to the Balanced Staff Concept, place on the transfer list, and seniority.

Transfers because of a reduction in teacher service shall be in accord with the Seniority and Transfer sections.

Transfers because of unsatisfactory service shall be in accord with Article XIII, Section D.

Transfers in response to the teacher's own request shall be in accord with the Seniority and Transfer sections.

There are times when the services of a teacher may be needed more in some other school than the one in which he/she is teaching. In such cases, teachers may be requested to change their locations for the best interests of the school system.

The Administration and the Union will develop procedures for unusual staffing requirements.

In the event that a grievance is filed on a proposed transfer, the Union may move directly to the procedure outlined in Article XXII, D, 2, and the time allowed at each of the steps shall be reduced to no longer than one week at each step.

It is expressly agreed that the foregoing language in this article is intended to clarify existing seniority and transfer policies and is not otherwise motivated.

E. Transfer Review Board

A transfer review board consisting of equal numbers of representatives of the Administration and the Union will at monthly meetings review selected transfers with respect to balance of staff, race, experience, and sex. If this procedure does not accomplish transfers in compliance with the Balance of Staff Concept, the parties will meet to develop a mutually agreed upon alternate procedure.

F. Teacher Layoff and Recall

1. Layoff

In the event that teachers are permissibly laid off, they shall be laid off in inverse order of seniority, i.e. the teacher with the least systemwide seniority shall be laid off first. (See definition of seniority on page 24, Article XII, Sec. C, paragraph 1.)
In determining layoff*, a teacher's seniority shall be credited

(a) In elementary: (1) In pre-K through grade 6 in homeroom
   (2) In special subject area, e.g., art, music, science
(b) In secondary: In areas in which teacher was assigned during the school year preceding layoff and in areas in which a major is carried.

In the event of discontinuance of any regular program or of a change in elementary from special subject to homeroom of any subject area, mutually agreeable special provisions shall be worked out by the Board and the Union concerning the assignment of teachers who had been teaching in the discontinued program or subject area.

No teacher shall bump another teacher except to avoid layoff. In this case the teacher bumped shall be the teacher with least systemwide seniority in an area for which the former teacher is qualified to teach as described above, in this section. No layoff of a Detroit teacher tenured as of September 1, 1977 shall occur with less than sixty (60) calendar days written notice before the end of the school year. No non-tenured contract teacher and no teacher who acquires tenure after September 1, 1977 shall be laid off for bona fide economic reasons during the school year except upon sixty (60) calendar days written notice.

These provisions concerning layoff shall not prevent transfers from one teaching area or grade level to another upon request of the teacher consistent with Article VII, D, 2 or, upon teacher request to avoid layoff.

Board payment of health, dental option, and life insurance benefits carried by regular full time employees laid off upon completion of the school year shall be continued through October 5 of that calendar year. This provision shall not apply to limited emergency substitute teachers. (See language on Class 2 Regular Emergency Substitutes, pages 74-75.)

Laid off teachers shall be permitted to carry group insurance available to active employees provided that arrangements can be made with the insurance carriers.

If layoffs are required, members of the bargaining unit who are credentialed and apply shall be made Regular Emergency Substitutes. Such placement on the substitute list shall not serve to deny said members their recall

*See Article XII, Sec. D, pages 25-27 for provisions affecting transfer.
rights nor upon recall adversely affect their status and benefits acquired before layoff including but not limited to placement on the salary schedule, sick leave bank, and other fringe benefits.

2. Recall
Teachers laid off are to be recalled in the reverse order of layoff following the seniority provisions established in the sections above and placed consistent with balance of staff requirements.* In the case of equal seniority, other Detroit teaching service both substitute and contract will be added.

On being recalled, a teacher shall become an ESRP (special authority)** until such time as enrollment figures are verified and the permanency of the position is verified. Such determination will take place no later than the end of the fifth week of school. When the recall has been determined to be finalized, the teacher shall, retroactive to date of recall, have restored status and benefits acquired before layoff including but not limited to placement on the salary schedule, sick leave bank, and other fringe benefits. Teachers recalled after the fifth week of school shall be placed on contract status immediately with status and benefits restored.

Notification on Recall will be:
  a. by telephone first
  b. by certified or registered letter if there is no answer by phone.

Position will be held for a response for 10 calendar days from date of sending letter.

If the 10 days expire, the person shall be reinstated for recall on his/her contacting the Board prior to the opening of school. After classes begin, failure to respond to the written notice of recall within the ten day period will result in the individual being moved to the bottom of the recall list. The individual will forfeit his/her right of recall if there is no response within 60 days of the opening of the school year.

A method by which the DFT will monitor the layoff and recall of members of its bargaining unit will be completed in September, 1977.

*For purposes of recall only, this provision refers to the efforts to be made by the Office of Personnel to assign returning personnel in such a way as to avoid critical schools in the area of balance of staff. A critical school in this instance is one with less than a 70-30 racial mix, i.e. the staff consists of more than 70 percent of one race.

**Such teachers shall have all benefits and pay as would accrue under contract except for layoff notice which would be the same as ESRPs. The pay rate shall be the same as the teacher would have received if he/she had not been laid off.
New teachers shall not be hired to fill vacancies for which laid off teachers or contract-teachers-at-large are qualified and can fill.

See also Article XV, Section H, page 49.

G. MDTA Layoff, Transfers and Rehiring

In the event that employees are to be laid off from an MDTA department or program, they shall be laid off in the inverse order of seniority, within pay classifications provided that the senior employee has proper state certification, satisfactory performance and the ability to do the remaining work. The balance of staff shall be maintained.

In the event of transfers to meet the needs of the program: certification, seniority and experience in the program shall govern involuntary transfer.

The Union will be notified and consulted when layoffs are necessary.

Any regular employee subject to layoff due to curtailment of force shall receive at least two weeks notice of such layoff. When layoffs due to curtailment of program are necessary, bumping into other departments or programs in order to avoid layoff will not be permitted. However, if a vacancy exists in another MDTA department or program of equal or lower classification the qualified employees scheduled for layoff may transfer to the vacant position provided the employee has proper state certification and the ability to do the work. In the new position, the transferee will suffer no loss of seniority or other employment rights except that his/her pay will be adjusted to the rate for the job assumed as provided in this Agreement.

Employees who are removed from regularly assigned jobs because of decrease of force shall be entitled to return to such jobs in reverse order of layoff if the jobs re-open.

In the event of new hiring for MDTA programs, an employee who is on layoff and is qualified will be eligible for preferential employment in his/her center.

Qualified employees will be rehired in the reverse order of layoff. For one year following layoff, notification of vacancies for which the employee is certified and qualified will be sent via certified mail, return receipt requested, to the last address given to the MDTA center personnel office by the employee. Failure of delivery for any reason relieves the Board of obligation. The employee must declare his/her intention of returning to work within 72 hours of receipt of the Board's notice and be prepared to return to work within two weeks or he/she
shall be considered as having refused recall. An employee refusing recall to any classification for which he/she is qualified shall be considered to have resigned.

Laid-off employees will be given preferential employment in temporary positions for which they are qualified (for example, substitutes, vacation replacement). Refusal to accept temporary employment shall not be considered as resignation or surrender of right to future preferential employment rights.

H. Layoff and Recall of Other Bargaining Unit Members

In the event that members of the bargaining unit, except School Community Agents and except employees covered in Sections F and G above, are permissibly laid off, they shall be laid off in inverse order of seniority in each job classification affected based on system-wide seniority, i.e. the person in the applicable job classification with the least system-wide seniority shall be laid off first. (See definition of seniority on page 24, Art. XII, Section C.)

Recall shall be in reverse order with the person having the greatest seniority in each classification based on system-wide seniority being given first opportunity of recall to that classification.

I. Summer School and Night School Assignments

All teachers regularly assigned to classroom teaching during the school year shall have an opportunity to teach in summer school and night school assignments before other certificated persons are assigned.

Non-teaching teachers shall be eligible for assignment only when regular classroom teachers are not available. Counselors will be eligible for summer school and evening school teaching positions and shall have priority for night school and summer counseling positions before other certificated persons are assigned.

Summer school assignments shall be rotated on a three year basis whenever there are sufficient teachers available who are qualified to teach the particular subject for which a summer school teacher is needed.

Summer school and evening school job opportunities notices will be made available through Region Offices upon personal visit but will not be available upon telephone calls. Article XXIV, Information, also applies to this provision. (See Section K below for details.)

J. After School Teacher Assignments

All assignments of teachers to positions after school,
in night school, in summer school and in extended day programs including but not limited to State and Federally funded programs, if any, shall be made by the Office of Personnel in accordance with regular written Office of Personnel selection and assignment procedures.

K. Procedures for Assignment of Summer School Teacher Personnel

In accord with Article XII, Section I, the following guidelines will govern the assignment of teachers for the summer school session:

1. The rotation of teaching staff members will be achieved by releasing teachers who have served three (3) or more consecutive years in summer school. A teacher will not be rotated unless a fully qualified teacher is available to replace him/her.

2. Where it becomes necessary to rotate teachers, the following rules will apply, provided a balanced staff is maintained:
   a. Within a department the teacher with the greatest number of consecutive years of summer school service will be released first. The next to be released will be the one with the next highest number of years of service in summer school.
   b. Where two individuals within a department have the same length of summer school service, the individual with the greater system seniority will be retained.

3. Teachers who are released because of the rotation policy must reapply in order to be considered for employment in future years.

4. In the assignment of teachers consideration will be given to building a summer school staff which will be composed of at least one-third of the day school staff. In order to achieve this, when a vacancy occurs in a school, the first person from that school on the eligibility list will be given preference for the assignment provided he/she is fully qualified and the assignment is in accord with the Balanced Staff Concept. Where no such teacher is available from that school, the first person so qualified on the eligibility list will be offered the assignment.

5. Unusual circumstances which arise in relation to the rotation or replacement of staff members will be reviewed by a special summer school personnel committee. The Union will be represented on this committee.
6. Summer School application procedures:
   a. The Central Office of Personnel will establish a two week period during the spring semester for the receipt of applications for summer school teaching. Applications will be received in Region Offices.
   b. Teachers who apply for these positions during this time period will be given preference consistent with the present guidelines pertaining to summer school employment practices.
   c. Teachers who apply subsequent to the posted closing date will be considered for employment in order of receipt of application only after the list provided for in paragraph b has been exhausted.

XIII. RECORDS AND FILES; SPECIAL COMPLAINTS; TENURE; COMPETENCE; RATING AND DISCIPLINARY ACTION; DISCHARGE OR DISCIPLINE; EVALUATION

A. Records and Files
   Personnel records shall continue to be confidential and carefully guarded in the interest of the individual employee. They are available only for administrative and supervisory use, but they are accessible, with the exceptions noted below, to the individual employee concerned.

   The individual employee may examine his/her own record with the Superintendent or his designee. The exceptions include the tests and reports from the following sources: the Board medical examiners, the Psychological Clinic, committees acting in the selection or promotion processes, placement bureaus, and former employers.

   Official grievances filed by any teacher under the grievance procedure as outlined in this collective bargaining agreement shall not be placed in the personnel file of the teacher; nor shall such grievance become a part of any other file or record which is utilized in the promotion process; nor shall it be used in any recommendations for job placement.

   No official report nor any derogatory statement about a teacher shall be filed by an administrator or supervisor unless the teacher is sent a dated copy at the same time. The teacher shall have the right to submit a response to the report or statement. Such a response shall be attached to and filed with the report or statement in the teacher's official personnel file.

   Derogatory statements or reports kept by administrators at the school level are subject to the same provisions as official personnel files.
B. Special Complaints

In the event a complaint or charge is made by any person* or group, not employed by the Board, against any teacher(s), about job performance, the teacher(s) concerned shall be promptly notified. The teacher(s) involved in the complaint or charge shall be given full information with respect thereto and with respect to any investigation conducted by the teacher(s)’ administrator(s).

In the event the teacher(s) is required by his/her administrator to answer such complaint or charge, it shall be in personnel session, which shall be closed to the public with his/her administrator(s), the Region Board or the Central Board, and with right of representation by the Union. The teacher(s) shall not be required to attend any complaint or charge hearing other than the aforementioned.

The teacher(s) shall be entitled to grieve as provided in this Agreement.

C. Tenure

The Detroit Public Schools and all other Michigan school districts are governed by the provisions of the Michigan Teachers’ Tenure Act. This legislation establishes a procedure relative to the release and discharge of unsatisfactory teachers which is designed both to protect the teacher and the children of the school district.

No teacher on continuing tenure shall discontinue his/her services to the school system except by mutual consent, without giving a written notice to the Board of Education at least 60 days before September first of the ensuing school year. Discontinuance in any other manner will result in forfeiture of rights to continuing tenure previously acquired.

D. Competence: Assistance and Reporting

1. Teachers

Before a teacher is rated unsatisfactory in instructional performance, the following steps shall have been taken.

a. The principal, assistant principal, department head or unit head shall have observed the teacher’s classroom performance at least twice.

*This does not preclude the right of a parent or guardian to meet with the teacher of his child (Article X, page 21).
b. A Central or Region supervisor or curriculum specialist shall have observed the teacher's classroom performance at least twice.

c. After the observations referred to in a and b above have occurred, a conference between the teacher, the supervisor/curriculum specialist and at least one school administrator as named in a above shall be held no later than November 1 or April 1 (see f. below) to put the teacher on notice that his/her work is unsatisfactory and to discuss with him/her ways in which he/she can improve. The principal and the teacher each shall put in writing a summary of such conferences. Copies shall be exchanged.

d. If the efforts of school administrator and supervisor/curriculum specialist and teacher fail to raise the teacher's performance to a satisfactory level, the administrator and supervisor/curriculum specialist shall each fill out a Form #4045, Special Report on Teacher Services.

e. The principal shall forward the Forms 4045, completed by the administrator and supervisor/curriculum specialist, to the Region Superintendent who, if he/she approves will forward them to the head of the division.

f. The principal shall furnish the teacher involved copies of the ratings from both the school administrator and supervisor/curriculum specialist at the time the principal forwards the ratings, Form 4045, to the next level. Ratings to be effective at the close of the first semester must be presented to the teacher by the principal not later than December 1; those to be effective at the end of the second semester, not later than May 1.

g. A continuing tenure teacher who is marked unsatisfactory according to procedures outlined above shall be transferred and given an opportunity for two consecutive semesters to bring his/her work to a satisfactory condition. A teacher transferred according to procedures outlined in a through f above will be rated prior to the end of the second semester following transfer using the same procedure described in a through f above except that upon mutual agreement between the Union and the Board a different supervisor/curriculum specialist will evaluate the teacher's performance. If the rating is satisfactory the teacher will be retained as a continuing tenure teacher. If the rating is unsatisfactory, the teacher's services will be terminated pursuant to the Michigan Tenure Act.

2. ESRPs

Before an ESRP is rated unsatisfactory in instructional performance, the following steps shall have been taken:
a. The principal, assistant principal or department head shall have observed the ESRP's classroom performance at least twice.

b. A conference between the ESRP and at least one school administrator as named above shall be held, upon completion of the observation, to put the teacher on notice that his/her work is unsatisfactory, to discuss means for improvement, and to indicate what administrative assistance will be provided. Notice of such conference, its purpose, and the teacher's right to Union representation shall be given in advance in writing.

A summary of the conference shall be put in writing by both the principal and the ESRP.

c. No sooner than 10 school days after the conference, the principal shall confer with the ESRP and file a report on Form 4080 reviewing the ESRP's performance since the initial conference. If the report is unsatisfactory, the ESRP may be released after two days' notice.

3. Emergency Substitutes

The substitute teacher may be evaluated on Form 4076, Report on Quality of Emergency Substitute Teacher Service. This rating is then sent to the Office of Personnel, where it is placed in the substitute teacher's individual file.

Evaluations of unsatisfactory service are discussed with the substitute teacher.

4. School-Community Agents

A joint committee composed of representatives of local school administration, central staff administration, the Union, and school-community agents shall be established for the purpose of developing a procedure for the evaluation of the performance of school-community agents. Any such evaluation procedure mutually agreed upon by the Union and the Administration during the term of this Agreement, shall be incorporated as part of this Agreement.

5. JROTC Instructors and Assistants

The Director of Army Instruction shall supervise and evaluate all JROTC personnel according to criteria formulated in Military directives and regulations as set forth by the Department of the Army, the U.S. Continental Army Command, and Headquarters Fifth U.S. Army. It is recognized, however, that the JROTC program is part of the total teaching program within the schools and that the school administrator shall have responsibility for the supervision and evaluation of the JROTC instructor's
performance as it relates to his/her effectiveness in the local school setting. It is desirable that the school administrator and the Director of Army Instruction consult generally on evaluations of all JROTC instructors. Copies of evaluations shall be made available to JROTC instructors. Requirements and standards mutually acceptable to the U.S. Army and the Detroit Public Schools must be maintained.

E. Rating and Disciplinary Action

The teacher will be notified in advance in writing of the purpose of a meeting with an administrator in cases where an unsatisfactory rating and/or disciplinary action—including official reprimand—is contemplated, and shall be entitled to have Union representation.

F. Discharge or Discipline

_No employee shall be discharged or disciplined unjustly._

G. Evaluation Committee Report

The 1974 report and recommendations of the Administration/Union joint study committee with respect to evaluations shall be accepted by the parties. (See Appendix D, page 81.)

XIV. SUBSTITUTES

A. ES Progression to ESRP; ESRP Progression to Contract

A temporary teacher in a full time assignment shall be given status as an Emergency Substitute in a Regular Position (ESRP) on the completion of twenty (20) days in such assignment. Said status shall be retroactive to the first day of the assignment.

No ESRP shall be released except for (1) the assignment of a contract* teacher certificated for the position, (2) unsatisfactory service as provided on “Report on Quality of ESRP, ES or Intern Teacher Service,” (3) the position is closed out, or (4) implementation of the Balance of Staff Concept. An ESRP retained for 100 school days in a full time assignment for which he/she has a provisional, permanent, continuing, or life certificate shall be tendered a contract* dated and effective back to the original date of assignment and shall, effective such date, be treated as a contract* teacher for all purposes of this Agreement except that such teacher may be transferred

*The Board’s standard current probationary, annual or continuing contract provided that no new conditions or provisions shall be adopted except in accord with collective bargaining agreement.
at the end of the semester, and except that an ESRP re­tained for 100 days or more in an illness position will not be tendered a contract as long as that position is being held for the disabled teacher. (This does not change the present transfer policy.)

An ESRP who is released after having served 100 days in an illness position will be given priority for re­assignment to a vacant position both during the school year and at the beginning of the new semester.

An ESRP who has served 100 days in an illness posi­tion and who is re-assigned as an emergency substitute to a vacant position in September will be tendered a contract if the position remains vacant following the fourth Friday enrollment count.

An ESRP who has served 100 days in an illness posi­tion and is re-assigned to a vacant position any time during the school year after the fourth Friday will be tendered a contract at the time the vacant position is confirmed but shall not have priority over a laid off teacher.

(Also see insurance provision and Appendices.)

B. Provision of Substitutes

In the event of a regular classroom teacher’s absence on a scheduled instruction day, the Board shall continue to provide all available substitutes. If all available substit­utes have been called and there still are vacancies in the school, the class shall be covered in accord with the emer­gency plan developed by the principal in consultation with the School Union Committee. Emergency plans should in­volve all certified personnel, including administrators, in teaching or supervision of pupils.

C. Accumulation of Sick Leave—ESRPs

ESRPs shall accumulate sick leave on the basis of one day per twenty (20) days worked. Days accumulated shall be carried over from one ESRP assignment to the next if: (a) the break in ESRP service is of twenty (20) or fewer school days duration; OR (b) if the teacher is available and willing to serve in any school in the system as as­signed, at least three days per week.

The sick bank accumulated during ESRP service shall be carried over to contract assignment if the conditions listed in either (a) or (b) above are satisfied.

D. Distribution of Substitutes

To supplement the Board’s prior efforts to provide equal educational opportunities to Detroit Public School
children, the Board and the Union will work toward the equitable distribution of ESRPs in all areas of the city.

Up to three additional attendance agents shall continue to function as relief attendance agents servicing region attendance centers as needed.

A list of available substitute registered nurses shall be maintained by the Detroit Board of Education.

A registered nurse substitute shall be provided when the registered nurse in a school is absent on a scheduled class day and a registered nurse is available.

E. Resource Teachers and Other Substitutes

Resource teachers are contract substitutes. In utilizing resource teachers and other substitutes, present practices and procedures shall be continually reviewed and improved.

F. Student Teachers

Student teachers may be used as substitutes for their sponsoring teachers only in accordance with provisions made by the State Board of Education. This provision shall not limit the right of a student teacher to substitute if the student teacher is otherwise qualified to substitute by Special Permit issued by the State Board of Education.

G. Substitute Calls

The substitute office will give priority to fully certificated persons who have expressly agreed to serve in any school in the Detroit Public School System in filling requests for substitutes before 7:15 a.m.

XV. LEAVE POLICY

The Board of Education upon written request may grant leave of absence for a period not to exceed one year, subject to renewal at the will of the Board. Leave of absence for physical or mental disability without request may be granted for a period not to exceed one year. No leave of absence shall serve to terminate continuing tenure previously acquired.

When it is necessary to be absent, the teacher should notify the school office or the person designated at the time established by the school. The school office should be informed of an expected absence early enough to be able to have the substitute teacher arrive before the opening of the school day. The absent teacher should notify the school by 2:30 p.m. of the day preceding his/her return so that the substitute may be released in time for another assignment.
Employees able to anticipate non-illness absence chargeable to Sick Leave must make application in advance on Personnel Form 4132, Request for Approved Absence with pay.

Form 4043, Request for Leave of Absence or Extension of Leave, is to be submitted by an employee who wishes an approved absence, without pay, for periods of more than four weeks (20 working days), with the exception of Sabbatical Leaves and absence for Exchange Teaching.

Types of Leaves are as follows: Illness or disability (see also statement of policy for maternity on page 79), military, study, personal business, and government or professional service. A leave of absence for study, personal business, or government or professional service is not granted during the first year following appointment to a position.

1. Illness. An employee may be granted a leave of absence for prolonged illness subsequent to the termination of his/her sick leave bank. An extension of illness leave beyond one year must be accompanied by Form 431, Physician's Certificate, filled out by the employee's physician. Any further extension may be granted only upon recommendation of the Board Medical Examiner.

Return from illness leave can be effected as soon as approval of the employee's doctor and the Board Medical Examiner is secured. (Form 431, Physician's Certificate, may be obtained from the school office or from the Office of Personnel and completed by the employee's doctor.) In general, the position will be held one year pending return.

2. Military. A teacher entering any of the armed services of the United States — including the Red Cross and the Merchant Marine — will be granted a leave without pay when enrolled and assigned to active duty. If he/she applies for reinstatement with the Board within 90 days after his/her separation from the armed service, and if he/she is still qualified and competent, he/she will be reinstated in his/her former position (or like position) in the department where he/she was serving when the leave was granted. A photostatic copy of his/her military record must be filed with the Office of Personnel. He/she will return at the salary rate which he/she would have attained had he/she not been on leave. Pension credit is given for approved military service, but annuity deposits must be made by the employee.

3. Study. Beginning with the 1975-76 school year, teachers who are granted leave for study shall return at the completion of that leave at a salary level in accord-
ance with service credit earned at the time the leave was
granted. On his/her return, he/she should file an official
college transcript showing that he/she has completed at
least ten semester hours of credit each semester, or ten
quarter hours each quarter (except during the summer)
in a university or college accredited by the North Cen­
tral Association of Colleges and Secondary Schools or
equivalent agencies. Retirement credit is not allowable
during such leaves.

4. Maternity. See statement of policy for maternity,
Appendix, page 79.

5. Personal Business. Leave of absence for personal
business shall be limited to one year and no leaves shall
be granted, other than Sabbatical Leaves, to Board em­
ployees for the purpose of engaging in similar employ­
ment elsewhere, with the exception of leaves for teaching
in foreign lands under U. S. Government auspices.

6. Government or Professional Service. A school em­
ployee may be granted a leave of absence for elected or
appointed service with the government or with a school
employee organization. A school employee organization
is defined as a membership organization, local, state, or
national, in which employees of the school system are
members. Such a leave shall be without pay and shall be
renewable annually upon written request of the employee.
Retirement credit for service with a school employee
organization may be granted as provided in Chapter 2,
Section 21 (d) of the Retirement Law for Public School
Employees.

7. Jury Duty. A teacher who serves on jury duty will
be granted leave of absence. The teacher will be reim­
bursted for the difference between jury duty pay and
his/her Board salary for the days served. When the
teacher is excused from jury duty for a half day or more,
he/she must notify his/her administrator immediately
and report to his/her school or work location for a suit­
able assignment. Reimbursements will be granted after
submitting Request for Approved Absence with pay
(Form 4132) and official proof of the number of days
served to the Office of Personnel. Teachers, when sum­
moned to jury duty, should respond to such summons as
directed. Classroom teachers should request to be excused
from jury duty, or to serve their jury duty at a time
other than during the school year. Letters to support such
request may be obtained from the Office of Personnel.

The effective date of a leave is the day following the
last day for which the employee is paid.
The maximum allowance for all purposes (except professional service) shall be three consecutive years. Requests warranting special consideration beyond the limitations indicated may be referred to a reviewing committee for recommendation.

Leaves of absence, with the exception of illness leaves, should begin and end at natural breaks such as vacation period, report card marking or end of semester.

Employees returning from leave are expected to remain in Board employment for at least one year.

An employee may request one to four working days without pay for personal business. No special form is required but he/she should first have the approval of his/her principal.

Form 4132, Request for Approved Absence without Pay is submitted by an employee requesting approval of absence for a period of one week (5 working days) to a maximum of four weeks.

Employees wishing release for one or more of the last three days before the end of the spring semester in June, in order to attend an accredited summer school session or to depart for an accredited summer tour, must submit Form 4117, Request for Early Dismissal, to the Office of Personnel.

Conditions for considering approval are:

a. College credit must be earned.

b. Employees leaving early for one of the above purposes must submit transcripts of their credits earned not later than October 1 to the Personnel Records Department.

When an employee is absent due to personal business without pay on the day before and the day following a holiday, he/she loses pay for all three days; the preceding day, the holiday, and the day following. However, if the employee is absent either before or after the holiday, but not both, he/she would lose pay only for the day of his/her absence.

A. Personal Business Leave Days

The present provisions allowing five days per year for specified non-illness emergency absence shall continue in effect, along with a policy permitting two of these five days to be used for personal business which does not fall into presently designated categories but which cannot be conducted at any time not in conflict with the normal school working day. These days may not be used to extend a holiday.
B. Sick Leave

1. Sick leave for regular 39 week teachers shall accumulate in a single bank at the rate of fifteen (15) days per year with a limit of 200 days.

Regular hourly rated employees shall accumulate sick leave at the rate of one hour for every twenty-five hours worked.

When an employee's sick leave bank has reached the current allowable maximum as set forth in this Agreement there shall be established a “Catastrophe Bank” into which all days over the maximum shall be placed. When an employee has used all days accumulated in his/her sick bank for an illness/disability extending more than six months he/she may then draw from the “Catastrophe Bank” to the extent he/she has made contribution to said bank. (The Employer may require medical evidence of the illness/disability.)

If a teacher is unable to work as a result of a compensable injury, the teacher may utilize “Catastrophe Bank” sick leave days to maintain regular gross earnings without affecting the teacher's regular sick leave bank.

2. Probationary I teachers shall start with a bank of ten (10) sick days. With a promissory note, they may borrow up to five (5) additional sick days for extended illness,* to be deducted at the beginning of the following school year.

3. A contract teacher who has exhausted his/her sick bank may in case of extended illness* borrow up to ten (10) days with a promissory note. These days will be deducted at the beginning of the following school year.

4. Any teacher who terminates his/her employment shall repay the school system the amount owed for sick leave days advanced under this policy.

5. Teacher absences resulting from school-related assault shall not be charged against sick leave although the teacher’s regular gross earnings shall be maintained. Negligent injury caused to a teacher in a school resulting from the negligence of a pupil will be treated as an assault under this section. The negligent injury provision shall not be applied retroactively.

6. Members of the bargaining unit who are the unfortunate victims of such occurrences as robbery or assault, while in school or engaging in school related activi-

*Extended illness shall be interpreted to mean illness requiring use of consecutive days during or following hospitalization or home confinement for serious illness or accident requiring a doctor's care.
ties, assignments, or duties regardless of time or place shall have released time with pay for court appearances and any other necessary appearances to prepare the criminal case.

7. The sick leave bank shall not be charged for necessary absences up to five days resulting from the following childhood diseases: chickenpox, measles, mumps, diphtheria, whooping cough, impetigo. The statement of a licensed physician shall be required as proof of the cause of such absence.

8. Upon retirement with a retirement allowance in accordance with the qualifications established by the Michigan Public School Employees' Retirement System—School District of the City of Detroit, an employee will be paid an amount not to exceed one-half his/her unused Sick Leave days, with a maximum allowance of 30 days pay.

The estate of a teacher who dies during the term of this Agreement shall receive terminal pay calculated on same basis as if he/she had retired.

C. Illness Absence—Medical Examinations

An employee not able to return on Monday following two weeks of absence for personal illness must have a medical examination by the Board medical examiner and present Form 431, Return to Employment: Physician's Certificate, completed by his/her own physician before returning to his/her assignment. This regulation also applies to illness absences in June, regardless of whether they extend into September.

After 11 consecutive work days of Sick Leave, a teacher must furnish a statement from his/her physician on Form 432, Release Pay Check: Physician's Certificate, in order to secure his/her next pay check.

In cases involving surgery, bone fractures, heart, thyroid, and nervous disorders, the employee must have the approval of the Board of Education medical examiner before he/she may return to duty.

A further check is required on employees with continued illness absence extending beyond the second consecutive pay period. Information about the condition of the employee is obtained either from the principal (or in a non-school department, from the department head) or by a visit from the administrative nurse. Information may also be obtained on a Form 432 completed by employee's physician.

Employees who remain on extended sick leave may be asked to have a medical examination by the Board of Education medical examiner during the period they are
absent after continued absence beyond two consecutive pay periods. Such examinations are required when suf­ficient evidence of continued illness is not obtainable by other means.

If convalescence outside of town is recommended by one's own physician and approved in advance by the Board medical examiner, such absence may be charged to Sick Leave.

In absences involving compensation under the State of Michigan Compensation Law, charges to Sick Leave allowances are made only to the extent necessary to maintain the employee's regular bi-weekly gross earnings.

The Office of Personnel may require a medical exami­nation by the Board of Education medical examiner for an employee at any time when the maintenance of minimum health standards in a school or department is in question.

An employee returning from a leave of absence as provided for in Form 4043, Request for Leave of Absence or Extension of Leave, must have a medical examination by the Board of Education medical examiner. Form 431, from the employee's personal physician, is required for return from leave of absence for illness or maternity.

An employee sustaining an injury requiring the use of a bandage, cane, crutch, cast, or similar type of support is required to have the approval of the Medical Depart­ment. Such cases must be referred by the principal through the usual channels to the Board of Education medical examiner for approval before the employee may return to duty.

An employee who has been ill with a communicable disease must have a medical examination by the Board of Education medical examiner.

If a regular 39 week employee is absent for illness on the first day of the work schedule in the school year, the illness must be confirmed by the Medical Office, or a written request for approval from the employee must be approved by the Chief Fiscal Officer. This applies to absence for one or more days. Approval by Medical Office requires Form 432 from employee's attending physician to the Medical Office.

D. Appeal of Board Medical Office Decision

The decision of the Board Medical Examiner in this Article is binding except that if an employee is not satis­fied with the decision of the Board Medical Examiner, as to his/her ability or disability for work, the employee may appeal the decision under the following conditions:

45
The Board Medical Office shall provide a list of three appropriate specialists. The employee shall consult any one of those designated at his/her own expense. The determination of the specialist shall be final and binding as to whether the employee is able or unable to work and shall not be subject to the grievance procedure of this collective bargaining agreement.

E. Absences Chargeable to Sick Leave

Absences due to causes listed below may be charged as specified to Sick Leave. Absence in excess of available Sick Leave days or for reasons other than those specified will result in loss of pay.

1. Personal Illness

All absences due to illness of employee may be charged to Sick Leave until the Sick Leave Bank is exhausted.

2. Death Leave

Absence due to death of a member of the immediate family may be charged to Sick Leave to the extent of one to five scheduled working days as necessary for each death.

a. Included in immediate family membership: husband, wife, children, father, mother, father-in-law, mother-in-law, grandfather, grandmother, brothers, sisters, and any other relative or non-relative living and making his/her home in the household of the employee.

b. The working days allowed must be consecutive scheduled working days:

(1) if employee works on day of death: the days allowed do not include day of death but begin with the first scheduled working day immediately following the day of death.

(2) if day of death is a scheduled work day and employee does not work on that day: the days allowed begin with and include the day of death.

(3) if day of death is not a scheduled work day or occurs during vacation periods: the days allowed are those scheduled working days (or actual working days following vacation period) which fall within seven consecutive calendar days including day of death.

3. Certain Emergencies

Certain non-illness absences may be charged to Sick Leave, but all such charges combined may not exceed a
total of five days in any one fiscal year. Two of these five days may be used for personal business which does not fall into the designated categories, but which cannot be conducted any other time because of conflict with the normal school working day; otherwise, except as indicated below, absence for personal business beyond two days means loss of pay. A letter must be submitted to the Chief Fiscal Officer requesting approval for any emergency absence in excess of two days. Absences in excess of a total of five days in any one fiscal year that do not fall in the categories below, will also result in loss of pay.

a. Absence to attend wedding of member of the immediate family only.
   (1) NOT chargeable to Sick Leave:
      (a) Absence for wedding of other than members of immediate family.
      (b) Absence to arrange for weddings.

b. Absence for employee's own wedding:
   (1) Chargeable to Sick Leave:
      (a) Such working days as fall within seven consecutive calendar days including and subsequent to wedding day.
      (b) Day of wedding is counted as one of seven days but only charged to Sick Leave if a scheduled working day.
      (c) Saturdays, Sundays, and holidays, if any, within a seven-day period are counted as part of this limit.

Other areas in which the committee feels there is a need.

Recommendations shall be reported by the end of the first semester and reviewed in a monthly policy meeting.

C. Testing

The Joint Administration/Union Testing Committee established in 1971 to investigate all phases of Detroit's testing program and to make appropriate recommendations shall be continued. Recommendations and implementation of the recommendations of the previous Committees shall be reviewed. Committee recommendations and/or changes in previous recommendations shall be forwarded to the Superintendent or his/her designee and the Union for review and consideration.

Regularly scheduled testing shall be set at times which will be least disruptive of the instructional program.

D. Handicapped Children

interests of the Special Education Teachers which involve conditions of employment.

2. State and/or Federal funds shall be used to make special education classes an integral part of the Detroit summer school program.

3. A Joint Administration/Union Committee shall formulate plans for the utilization of two special education rooms of the same category in a selected number of schools to be designated by the Superintendent on a trial basis. This committee shall evaluate the educational benefit of such organization and shall submit a report of such evaluation to the Superintendent.

Special Education teachers will continue to be alert to children who appear to be able to return to regular grade or appear in need of a different Special Education placement. Upon the recommendation of the Special Education teacher, such children, regardless of the period of time in the special program, shall within one semester of the recommendation be re-evaluated and/or retested and categorized in terms of emotional, academic, and physical factors. Pursuant to such re-evaluation and/or retesting, the pupil will then be appropriately placed.

E. Summer School Programs

1. To the extent that Federal funds are available for such purpose, free remedial summer school classes shall be provided to any elementary school child who fails a regular grade. The Board shall also continue to develop and implement programs which will provide free summer school classes to some needy children each summer to the extent that Federal funds are available for such purpose.

2. The school social work program and the psychological testing program shall be expanded into the summer school period.

F. Provision of Materials

Basic texts shall be provided on a minimum basis of one book per pupil station.

The student supplies mandated by the Michigan Supreme Court shall be delivered so as to be available for immediate use when schools open. By the end of the sixth week of the term, the Board shall furnish the Union a list by schools and regions of all such undelivered items. In addition, the Board shall publicize the lists of materials authorized for distribution so the teachers have access to lists of materials appropriate to their pupils' needs.

Special Education professional journals in each area of exceptionality, ordered from approved lists developed by
Special Education supervisory staff, shall be made available to the Special Education staff. Orders will be limited to one copy for each area of specialty services in the school.

A listing of appropriate therapeutic interview materials for group work activities shall be developed through the Office of City-Wide Programs and Pupil Services. Social workers shall be allocated materials in the amount of $50.00 per school year from this listing (ten months) on the basis of $5.00 per month.

G. Revisions of Materials List

A regular procedure shall be adopted for the annual up-dating of supply lists for various instructional departments and divisions.

Teacher(s) shall be included on any committee which is formed for the above purpose. The Union shall designate at least one of such teachers. Consideration shall be given to Union recommendations if more than one teacher serves on such a committee.

A joint Administration/Union Committee shall be established to review library materials and purchasing procedures and to make specific recommendations for modification. The book purchase policy shall be revised to include a contingency fund of up to ten percent of the Board allocated funds whereby school librarians will be able to purchase departmentally approved books and other materials when they are urgently needed.

H. In-Service Training

Teachers shall not be required to attend more than a total of three in-service training sessions and workshops per semester which are held outside of regular school hours and are conducted in compliance with the Federal court mandate.

The Board, upon recommendation of the Superintendent, will authorize additional in-service training workshops and meetings to be conducted prior to and subsequent to the implementation of new approaches to the teaching of any subject.

Regular teachers of the subject, including Special Education teachers, shall be given priority in the selection of personnel for such workshops and meetings. Relief and resource teachers may also apply.

Two half days for school planning shall be scheduled for curriculum planning, orientation to school and community, and planning for cooperative teacher effort to improve service to students. The first half day shall occur
during the early weeks of the fall semester when it is not disruptive, preferably during the third week. The second half day may occur later in the fall semester or early in the spring semester at the option of the Region Superintendent in consultation with the school.

The principal and the School Union Committee will identify the needs of the local school. The Region Superintendent will utilize the identified needs to develop the plans for the day. Central and Region staffs shall be available to assist in the implementation of the plans.

Union-sponsored in-service workshops on classroom management will be conducted by classroom teachers at least twice yearly and will be available to teachers at Union expense. Teachers new to the system will be required to attend at least one of these workshops.

Counselors shall be allowed the use of one day per school year for professional visits to other schools and colleges and one day per school year for the purpose of professional visits to business and/or industry. Scheduling such visits shall be staggered so that pupils at all times are provided necessary counselor service. Substitutes shall not be provided and such visits shall not constitute any expense to the Board beyond the counselor's regular daily salary.

Registered nurses in orthopedic schools shall be provided with one paid day per year with substitutes provided, to attend workshops relating to their work specialties.

I. Accountability

In addition to and in furtherance of the aspects of teacher accountability intended and frequently expressly reflected throughout this Agreement, the Union has adopted a statement of Goals of Accountability dated June 21, 1971.

It is understood by the parties that the statement per se is not to be regarded as a compilation of conditions of employment or work standards but rather as goals of excellence which both the Board and the Union endorse.

The Union will continue its classroom management workshops and other in-service training aids and materials for teachers.

The 1974 report and recommendations of the Administration/Union joint study committee with respect to accountability has been accepted by the parties.

The agreed upon accountability position paper is set forth under separate cover because:

A. It is an all-encompassing document addressing itself to many facets of educational accountability.
B. The document deals with more than just the relationship between the parties to the Collective Bargaining Agreement.

C. The document applies equally to all parties mentioned in its contents.

D. The parties agree to the Accountability document's wide distribution among the following groups: teachers, parents, students, citizens, administrators, other school board employees and the community in general.

J. Teacher Education

The Board of Education and the Union recognize that they have a mutual responsibility in the area of teacher education. Effective preparation of teachers is fundamental in order to provide quality education for all children. In order to carry out this responsibility, a continuing relationship and involvement in the planning and implementation of teacher education programs shall be maintained. Therefore:

The joint Administration-Union-University Committee on Student Teaching shall be continued.

The parties shall have the joint responsibility of preparing reports at appropriate intervals which will detail progress and direction desired.

Information relative to existing or prospective teacher education projects shall be available to the Union through the Department of Staff Development and Teacher Training, and sponsoring teachers shall be used as consultants in the formulation of such projects. On each project, at least one of these sponsoring teachers shall be selected from a list submitted by the Union.

Textbooks shall be reviewed every five years. The Union may request an earlier review of a particular textbook. Qualified teachers in several schools shall be requested to review and evaluate each textbook being considered. The result of their review and evaluation shall be used by the book selection committee as one of the deciding factors in selecting a new textbook.

The Board shall also continue the use of teachers to assist in the review and development of curriculum guides. Citywide and regional committees shall be established with Union and Board representation to review the present system of records to eliminate needless duplication and redundant clerical work for teachers. Revisions shall be implemented no later than February.
L. Tuition Reimbursement

Fully certificated classroom teachers with a bachelor's degree and school social workers and psychologists shall be reimbursed by the Board the amount of tuition paid by the employee for courses taken under the following conditions:

1. The courses must have been taken by the employee while employed by the Board.
2. The courses must have been necessary to qualify the employee for a special assignment for which the Board will receive reimbursement from Federal or State funds, e.g., Vocational Education, Special Education, Remedial Reading, Social Work, etc.
3. The Office of Personnel must have approved the taking of such courses.
4. Reimbursement shall be made upon application to the Office of Personnel after all necessary courses have been completed and after the agreement of the teacher to remain in the Detroit Public School System for at least one year subsequent to the completion of said courses.
5. The employee must be willing to serve in any school designated by the Office of Personnel.
6. The reimbursement shall not apply to any courses taken prior to the summer of 1967.

M. Television Teaching

Each on-camera teacher shall have the right to review each recorded lesson and to propose correction of major content error or major technical difficulty before the initial re-broadcast and again, prior to the use of such recording, at the end of a three year period from date of recording. Time and facilities shall be provided for such review. If the teacher is no longer assigned to the Department of Educational Broadcasting, the time for such review shall be determined upon mutually satisfactory arrangements being made between the teacher, his/her present principal or unit head, and the Department of Educational Broadcasting. The position of regular on-camera teacher shall be an 11 month position.

XIX. IMPROVEMENT OF FACILITIES

Adequate lunchroom, restroom and lavatory facilities exclusively for teacher use shall be made available in all schools. All high schools shall have workrooms of sufficient size to accommodate an assigned desk for each teacher.
A systematic program is being developed to the end that existing school buildings be upgraded in these areas as rapidly as funds and conditions permit.

Because of the confidential nature of the services provided by supportive personnel, i.e. social workers, psychologists, speech therapists, and special education consultant staff, each school shall provide, where appropriate, private interviewing space and the use of telephone service in a private setting for such supportive personnel.

When such facilities are not available in a given school, the affected employee shall discuss the problem with the principal and thereafter, if necessary, with his/her supervisor, who in turn will discuss the matter with the Region Superintendent or his/her designee. The principal who cannot provide such facilities should have the opportunity to provide an explanation to the Region Superintendent or his/her designee who thereafter will make a decision as to how the service is to be provided.

Some means of immediate communication shall be established and maintained between each portable and the main building to which it is attached.

Schools shall provide teachers new to the system or new to a school building with the personal clerical items normally considered to be part of a teacher's equipment, such as staplers, rubber bands, etc.

The parties shall work in cooperation with the Detroit Police Department in an attempt to establish necessary parking facilities.

XX. PROPERTY

A. Care of School Property

Teachers will be expected to provide normal care of instructional school equipment. However, they shall not be required to do major repair or replacement work on equipment or property.

B. Personal Property Loss

During the term of this Agreement a fund in the amount of $10,000 shall be established from which individual teachers may be reimbursed for approved claims in the amount not to exceed $100 for personal property loss due to theft, burning, or wilful or malicious damage. Personal property is defined as anything normally worn or carried into the building by the teacher but shall not include cash. The parties recognize and agree that a teacher has a moral obligation to reimburse the fund if the teacher also actually collects for the same loss from an insurance carrier.
Settlement for such loss claimed under this section shall be made during the quarter in which the loss is verified.

School-Community Agents shall be reimbursed for loss of personal property under the same provisions as apply to other members of the bargaining unit.

XXI. MEETINGS ON POLICY MATTERS

A. The Board, through its designated representatives, shall meet regularly, not less than monthly, with the Union, through its designated representatives, for the purpose of discussing school policies and problems relating to the implementation of this Agreement.

B. The Superintendent and administrative staff officers shall be designated to represent the Board of Education in all such discussions, and the following procedures shall apply:

1. Formal inquiries from the Union or requests for special meetings shall be directed to the Superintendent.

2. Official replies shall be made by the Superintendent or his/her designated agent to all requests and/or reports made by the Union.

3. Depending on the nature of the problem, the Superintendent or an administrative agent designated by him/her shall meet with the Union.

5. In the event the Superintendent, or his/her designated representative, and the Union are unable to resolve their differences on any policy matter, they shall present separate written or oral reports to the Personnel Committee of the Board of Education, which reports shall contain the points of agreement and disagreement. A Conference Committee composed of the Superintendent, Union representatives (selected by the Union) and Board members (selected by the Board) shall be established for the purpose of reaching an understanding and agreement.

6. The Conference Committee shall submit a written report to the full Board of Education, which report shall set forth any agreements reached by the Conference Committee or, in the absence of agreement, shall state the respective positions of the parties and
the specific issues which the Conference Committee has failed to resolve. This written report shall be received at the next regular meeting of the Board of Education immediately following the last meeting of the Conference Committee, or at a special meeting of the Board of Education publicly called for such purpose.

XXII. GRIEVANCE PROCEDURE

Upon request of the Region Superintendent or the Union, all parties will meet at the same time.

b. Within fifteen school days after delivery of the appeal the Region Superintendent shall communicate his/her decision in writing, together with the supporting reasons, to the aggrieved teacher, if any, to the representative designated by the Union who participated in this step, and to the principal.

STEP 5. If the Union is dissatisfied with the decision of the Board of Education, the Union may within twenty school days submit any grievance under this Agreement to final and binding arbitration under the labor arbitration rules of the American Arbitration Association, at the
equal expense of the parties. The Union shall have exclusive authority in its discretion as to whether to appeal any grievance to arbitration.

C. 1. In all steps of the grievance procedure, when it becomes necessary for individuals to be involved during school hours, they shall be excused with pay for that purpose.

2. No teacher at any stage of the grievance procedure will be required to meet with any administrator without Union representation.

D. 1. If a grievance arises from the action of authority higher than the principal of a school, the Union may present such grievance at the appropriate step of the grievance procedure.

2. If a grievance is of such nature as to require immediate action such as may be required in transfer cases, the person acting for the Union may appeal immediately to the office or person empowered to act, and said office or person will resolve the matter jointly with the Union representative. If the matter is not satisfactorily resolved, it may be appealed through the grievance procedure beginning with Step 3.

E. 1. Failure at any step of this procedure to communicate the decision on a grievance within the specified time limits shall permit lodging an appeal at the next step of this procedure within the time allotted had the decision been given. 2. The time limits specified in this procedure may be extended, in any specific instance, by mutual agreement in writing.

F. The grievance procedures provided in this Agreement shall be supplementary or cumulative to, rather than exclusive of, any procedures or remedies afforded to any teacher by law.

XXV. GENERAL

A. This Agreement is subject in all respects to the laws of the State of Michigan with respect to the powers, rights, duties and obligations of the Board, the Union, and employees in the bargaining unit, and in the event that any provisions of this Agreement shall at any time be held to be contrary to law by a court of competent jurisdiction from whose final judgment or decree no appeal has been taken within the time provided for doing so, such provision shall be void and inoperative; however, all other provisions of this Agreement shall continue in effect.

B. The Board reserves all rights and powers conferred upon it by the Constitution and laws of the State of Michigan and of the United States except as limited by this Agreement. The Board agrees, however, that, except as to those working conditions incorporated in this Agreement (which may be changed only by mutual consent), no change in present working conditions which have been set forth in writing in (a) Proceedings of the Board of Education, (b) the Teachers' Bulletin, or (c) the Administrative Handbook will be made effective without notification to the Union, and consultation with it respecting such proposed change. Such notification will be given as far in advance of the effective date of any such proposed change as is reasonably possible, with the objective of affording the Union an opportunity, if it has objections to any such proposed change, to resolve such objections with the Board or its representatives before any such proposed change is made effective. However, the parties both recognize the possibility that emergency situations may arise in which prior notification and consultation is not feasible.

C. The unchanged portions of this Collective Bargaining Agreement shall be interpreted and implemented consistent with mutual, past interpretation and implementation.

D. Any individual teacher presenting a grievance on his/her own behalf within the meaning and application of the proviso to Section 11 of Act 336 of the Public Acts of 1947 as amended by Act 379 of the Public Acts of 1965 shall not be accompanied by nor represented by an officer, executive, delegate, representative or agent in any capacity of any organization other than the Union. In such case of an individual teacher presenting a grievance on his/her own behalf under such statutory proviso, the administrator concerned will provide the Union with a copy of the grievance and with a copy of any disposition thereof.
XXVI. DURATION

This Agreement shall be effective, except where expressly stated to the contrary, as of July 1, 1977 and shall continue in effect through June 30, 1979, except that the Agreement shall be reopened with respect to wage and fringe benefits for the second year of the Agreement. Negotiations thereon shall begin not later than April 1, 1978 and agreement shall be reached prior to September 4, 1978.

1. RE-EMPLOYMENT OF DETROIT TEACHERS

a. Salary Rate

A teacher* who resigns and subsequently is re-employed by the Board shall be re-employed as a probationary teacher but shall be given experience credit up to the salary step to which his/her previous Detroit experience entitles him/her or, if it is greater, to the salary step to which he/she is entitled as a result of his/her combined Detroit and other teaching experience within the limits of No. 2 below.

b. Restoration of Sick Leave Bank

At the end of the one year of successful re-employment by the Board and upon completion of each subsequent year of re-employment the sick leave bank of such returning teacher shall be restored in annual amounts equal to the number of days which remained in the teacher's sick leave bank at the time of last resignation divided by the number of years during which the teacher was not employed in the Detroit Public Schools. Restoration of sick leave in this manner shall continue until all the sick leave days have been restored. This provision is not retroactive. It is effective for teachers re-employed commencing 1967-68.

*A teacher who has previously achieved tenure in Detroit will not be put on probation but will immediately be placed on tenure at the salary step as described in this section. Refer to Michigan Tenure Act, as amended.
2. OUTSIDE TEACHING EXPERIENCE

New teachers hired beginning with the 1971-72 school year shall be allowed credit on the salary schedule for up to eight years outside teaching experience. Credit is granted only if at the time the teaching service was rendered the teacher met the present Detroit minimum requirements for contract status.

Not less than one full year of verified experience is creditable on the Detroit salary schedule. Partial school-year or part-time service is not applicable.

One year's credit on the salary schedule is allowed for 180 days of substitute service in the Detroit Public Schools. The maximum allowance for such substitute teaching is granted on the same basis as credit is granted for outside teaching service upon subsequent approval for contract status.

One year of military service may be used in lieu of one year of teaching experience as outlined above.

3. DIFFERENTIALS

For school social workers, senior teachers, auditorium teachers, psychologists, physical therapists, speech therapists, occupational therapists, and special education teachers and teacher-consultants of the educable mentally impaired, physically handicapped, hearing impaired, learning disabled, and vision impaired, add $125 at each step of the appropriate salary schedule.

For teachers and teacher-consultants of emotionally impaired classes, add $225 at each step of the appropriate salary schedule.

4. ANNUAL SALARY

Assignments made for other than 39 weeks will be at a proportionate annual salary.

5. MASTER’S EQUIVALENT

The equivalent for a Master’s Degree shall be 32 or more semester hours approved work beyond the Bachelor’s Degree in courses approved in advance by an evaluation committee.

Teachers who take required work beyond the baccalaureate to maintain their specialized certificate and/or who take undergraduate courses on a planned program which has been approved by the Committee on Equivalencies may have their work credited for salary purposes to meet the M.A. or equivalent schedule, or the M.A. plus 30 hours schedule.

6. TWO-YEAR MASTER’S PROGRAM

School social workers who have completed a required
two-year Master's Degree or other instructional person­nel who have completed a two-year Master's Degree pro­gram shall be credited for salary purposes as being on the M.A. plus 30 schedule. (The MSW Degree requires two years of supervised work in an approved social agency in addition to the usual academic requirements.) The Juris Doctor shall be paid at the M.A. plus 30 schedule.

7. MASTER'S PLUS 30 HOURS

Commencing with the 1967-68 school year, a teacher with eleven or more years credit on the salary schedule shall move directly to the maximum salary step of the M.A. plus 30 or the doctorate schedule on the next regular pay period following application (Form 4005) and presentation of satisfactory proof of having completed the necessary requirements for receipt of such advanced preparation differential.

8. SALARY VARIATIONS

Apprentice training teachers who have had the re­quired apprenticeship and journeyman experience may be inducted at the sixth salary step.

The salary schedule for TV producer-director and junior communications assistant is the same as through Step 9 of the salary schedule.

Beginning with the 1973-74 school year, the salary schedule for attendance agents and community agents is the same as through Step 10 of the salary schedule. Beginning in 1975-76 attendance agents who have earned at least 18 semester or 27 quarter hours credit beyond the B.A. degree from an accredited college or university in a planned course of study directly related to their pro­fessional development shall advance through Step 11 of the salary schedule.

An attendance agent who attains classroom teacher qualifications while employed by the Board of Education may apply for and will be considered for promotion to a position of classroom teacher at the salary level which is closest to but not less than the salary he/she had been receiving as an attendance agent.

In the event of termination of a project under which school community agents are funded, the released agents will have priority for employment in related positions for which the agents are particularly suited because of their training and/or Board experience.

All day trade teachers, hired to teach reimbursable vocational education courses in the Detroit Public Schools, shall receive annual increments through the tenth step of the salary schedule, providing they make satisfactory
progress on the improvement and validation of the Michigan Vocational Education Certificate required. Day trade teachers who earn a Bachelor's Degree, qualify for a Michigan Secondary Provisional Certificate and are granted a Detroit teaching contract, shall then progress in regular fashion on the teacher salary schedule. This provision is not retroactive. (Job and certification requirements will be printed once each semester in the Principal's Notes.)

The mileage rate of $.15 per mile for a maximum of 600 miles per calendar month per employee shall be effective July 1, 1977.

School-Community Agents may use earned vacation days during the fiscal year earned or during the 18 months following the fiscal year in which earned.

9. PROMOTION AND INCREMENTS

Annual increments will be either February or September, whichever is closer to date of regular contract employment or promotion.

10. LONGEVITY BONUS

All employees who, as of June 30 in any year, have completed 30 or more years of service as fulltime employees of the Detroit school system (and are on the payroll November 30) shall receive $150 added pay. This shall be paid as a lump sum each December on a special payroll.

The Detroit Board of Education, in cooperation with the Union and other collective bargaining units, shall actively participate in efforts to improve retirement benefits.

C. STATEMENT OF POLICY FOR MATERNITY

The intent of this Board Statement of Policy is to establish personnel practices and conditions concerning maternity.

Absences from work which are associated with pregnancy, childbirth, and child care shall be subject to the respective regular Board provisions as applicable for approved illness absence, Leave of Absence for Illness (without pay because sick bank is exhausted), approved absence without pay, or Leave of Absence for Personal Business (except as specifically otherwise provided in this Statement of Policy).

Since continuing to work, disability absence, and return to work are predicated on medical conditions, the failure of a pregnant employee to give required notice and submit the required medical evaluations and/or certifications from her physician shall be cause, at the discretion of the Board, after 10 days notice, to place the employee on Leave of Absence for Personal Business.

1. Requirements for Continued Work
   a. The employee who has become pregnant is expected to notify her principal or other administrator as soon as possible after her condition is confirmed, but shall so notify the administrator before the end of her fourth month of pregnancy.
   b. In order to provide for maximum continuity of instruction, the employee is expected to inform her administrator in writing of the tentative dates of leaving and returning as soon as possible after her condition is confirmed. Notification of tentative dates shall be given in writing no later than the end of the fourth month of pregnancy. Tentative dates may be revised.
   c. An employee may continue work in her current assignment provided that the employee shall submit Form 4306, Medical Office Physician Certificate—Maternity (Only) from her personal physician which shall certify the anticipated date of delivery; and that she is able to work in her current assignment; and further, provided that she is able to, and continues to fulfill all conditions and requirements of employment in her current assignment and demonstrates ability to conduct her regular duties and activities on the job.

2. Requirements for Approved Illness, Absence for Disability (Illness) with Pay, or Leave of Absence for Illness (without pay because sick bank is exhausted): 79
a. The date of leaving work because of disability shall be determined by the employee and her physician provided that it is certified by the employee's personal physician and confirmed by the Board Medical Examiner that the employee is unable to work.

b. During the period of absence because of disability associated with pregnancy and/or childbirth, the employee is entitled to approved illness absence with pay to the extent of her sick leave bank subject to all provisions for illness absence, provided that disability to work is certified by her personal physician and confirmed by the Board Medical Examiner.

c. An employee shall not move from any unpaid Leave of Absence status to paid disability absence status.

d. An employee shall not move from a disability absence to an approved absence without pay except that the employee may request an approved absence without pay within the last four (4) weeks preceding the end of a semester.

3. Requirements for Leave of Absence for Personal Business Without Pay:

An employee shall upon request be granted Leave of Absence for Personal Business for absences which are not disability absences but are related to the preparation for childbirth and/or the care of a newborn or newly adopted child. Such Leave of Absence is subject to the regular provisions for Leave of Absence for Personal Business except that the instructional employee shall specify a Leave of more than four (4) weeks to end at the change of a semester which falls within twenty-four (24) months of the date of the beginning of the Leave.

4. Requirements for Return to Work:

a. After childbirth, the employee's return must be approved by the employee's personal physician and the Board Medical Examiner.

b. During the period of absence because of disability, or approved absence without pay of up to four (4) weeks, the employee's regular position will be held, subject to the regular procedures for approved illness absence, and the regular procedures for approved absence without pay.

c. Regular conditions and provisions applicable to returns to active employment from illness absence, Leave of Absence for Illness, Leave of Ab-
sence for Personal Business or resignation shall apply.

5. Related Conditions:
   a. Regular conditions and provisions for continuation of insurance which apply to approved absences and/or Leave of Absence shall apply.
   b. The decision of the Board Medical Examiner is binding except that if an employee is not satisfied with the decision of the Board Medical Examiner, as to her ability or disability for work, the employee may appeal the decision under the following conditions:

   The Board Medical Office shall provide a list of at least three appropriate specialists. The employee shall consult any one of those designated at her own expense. The determination of the specialist shall be final and binding as to whether the employee is able or unable to work.

   c. The Office of Personnel may require a medical examination by the Board of Education Medical Examiner for an employee at any time when the employee's ability or disability for work is questioned.

D. REPORT ON EVALUATION

This teacher-directed self-evaluation procedure is being unanimously recommended by members of the joint Administrative/DFT Pre-Negotiations Committee on Evaluation for implementation in the Detroit Public Schools.

All members of the DFT bargaining unit, including Probationary I, II, and First Year Tenure Teachers will participate in this Teacher Evaluation Plan. This procedure is not intended to supplant existing rating methods which have been established by agreement between the Board and the Union for: (a) probationary teachers, (b) unsatisfactory teachers, (c) substitute teachers.

Essentially the recommended process is one of team assisted self-evaluation using the problem solving approach.

The teacher and the principal of the school, or an administrative designee, will serve on an Evaluation Team, as well as one or more teachers or other professional resource persons whose advice and background are valued for some special competency. The teacher will select the entire team with the exception of the administrative member.

The recommended procedure has been determined as the one most likely to provide real help to the teacher in
improving learning. It avoids the unilateral rating of tenure teachers on scaled forms.

IDENTIFICATION OF SCHOOL PROBLEMS AND NEEDS. At the beginning of the fall term, the teaching and administrative staff in each school or unit should review major needs, identify problems and set action priorities for that school year. They should also identify those strengths on which solutions to the problems can be built. A prepared statement of the proposed areas of concentration, i.e. the school plan, will be made available to all staff members, to the region office, and to the local school community.

TEACHER EVALUATION PROCEDURE. Consistent with the school or unit plan, each teacher will develop a personal evaluation plan for the year to include four basic elements:

1. OBJECTIVES: statements of intent toward specific self-improvement and their anticipated effect on student behavior;

2. STRATEGIES: suggested ways the teacher will work toward the attainment of the objectives including any anticipated problems;

3. EVIDENCE: types of data to be used to indicate progress toward the objectives, and methods of gathering and interpreting that data; and

4. ORGANIZATION OF EVALUATION TEAM: a teacher evaluation team will be organized by the teacher to include: the teacher; the principal or his/her administrative designee; and one or more teachers or other professional resource persons.

INITIAL TEAM SESSION. As early as possible in the first semester, each teacher should convene a meeting with his/her planning team in their school.

1. Teachers who work in more than one school will develop their plan at the payroll school unless an alternative plan is mutually developed between the teacher and the concerned administrators.

2. Members of the DFT bargaining unit in non-teaching assignments will develop their plan in their work assignment with the administrator to be identified by their unit heads.

3. The method of presentation of the teacher's plan at the initial meeting of the evaluation committee shall be determined by the teacher being evaluated. The form in the appendix is provided only as a guide to be used at the discretion of the teacher. Different
methods of presentation may be developed as long as the presentation includes the four stated elements.

4. Teachers transferred or newly assigned at mid-year should participate in the evaluation process in their new school to the extent possible.

The team members may suggest improvements which might include additional resources, modification of objectives, alternative strategies and/or better ways to gather evidence. If appropriate, the teacher should revise the plan accordingly with the assistance of the team.

IMPLEMENTATION. The teacher implements the plan and works to attain the objectives he/she has set for himself/herself and his/her students.

The teacher may arrange interim review session(s) with his/her evaluation team, to discuss progress and any difficulties he/she may have encountered. At this time, team members may make recommendations which refer to planning and teaching skills; and to working relations with students, staff, community.

Occasionally the teacher may ask team members at a mutually convenient time to observe his/her teaching and to offer suggestions concerning a particular aspect of his/her teaching behavior.

FINAL EVALUATION MEETING. The teacher arranges a final evaluation session with his/her team during the last 2 months of the school year. At that session, the teacher reports efforts of self-improvement and presents evidence of attainment of objectives.

Based on the evidence presented by the teacher, the team members may make recommendations to the teacher for future use.

The official form is to be signed at this meeting. Each member of the team signs the form to show that he/she has participated in the process. This action indicates only that the evaluation procedure has been completed for that year by the teacher. The signed certification form (See below) will be forwarded to a destination designated by the Central Office of Personnel. No additional information shall accompany this form.

ADDITIONAL RECOMMENDATIONS

To facilitate and perpetuate the professional growth implicit in the teacher-directed self-evaluation procedure, this joint committee wishes to make the following recommendations:

1. That the equivalent of two additional days of released time be provided at local school option to develop school and individual teacher plans. During the additional days referred to above, Special Education teachers shall be given the opportunity to meet on a region-wide or city-wide basis for the self-evaluation procedure so that teachers of the same exceptionality may work together.*

The existing contractual days for in-service training (ARTICLE XVIII, H.) and/or between the semesters (ARTICLE V, B.) may also be used to work on evaluation plans or scheduled team sessions.

2. That consideration be given to the development of a central professional growth days bank from which teachers may apply to attend local, regional or national professional meetings, workshops and/or programs.
