THIS AGREEMENT is made and entered into in Los Angeles, California, this 23rd, day of May 2005, by and between Raytheon Systems Company, a corporation, hereinafter referred to as the "Employer" and ELECTRONIC AND SPACE TECHNICIANS, LOCAL 1553, hereinafter referred to as the "Union."

BARGAINING UNIT

The Employer recognizes the Union as the sole and exclusive Bargaining Agent for all production, maintenance, shop clerical employees employed in factory areas, and all employees in the job classifications listed in the Appendices of this Agreement and who are employed by its El Segundo, Fullerton, Newport Beach, Torrance, Long Beach, and the Corporate Headquarters located in Los Angeles, CA, and referred to in NLRB certifications and applicable orders and agreements. Excluded from the Bargaining Unit are all supervisors, all administrative, professional, engineering and office employees, confidential employees, all plant protection and security employees, and all Finance Department employees, except timekeepers and maintenance electricians.
ARTICLE I
PERIOD OF AGREEMENT

Section A. Effective Date and Period of Agreement

1. This Agreement is effective at 12:01 a.m. May 23, 2005 and supersedes the provisions of the October 19, 2001 through May 23, 2005 Collective Bargaining Agreement in their entirety at that time. This Agreement shall remain in effect for the term commencing on the 23rd day of May 2005 and ending at 12:01 a.m. on the 10th day of May 2008; and thereafter from year to year unless either party notifies the other in writing by hand or overnight delivery of desire to terminate, amend or modify, in which event the written notice shall be given at least sixty (60) calendar days prior to the expiration date of this Agreement.

2. The provisions of this Agreement, unless otherwise provided herein, shall become applicable upon the commencement of the term specified in Section A.1 above except that all amendments hereto, made after the effective date of the Agreement, shall become effective on the individual dates agreed upon.

Section B. Amendment or Modification

1. Should negotiations be commenced to amend or modify Articles of this Agreement, the entire Agreement shall be extended and remain in full force and effect during the period of such negotiations, until such time as a complete new Agreement is signed. However, notwithstanding the above, either party shall have the right during any extended period to terminate the Agreement during said extended period by giving the other party written notice by hand or overnight delivery that the right to terminate is being exercised. In this event, the Agreement shall be terminated and void twenty (20) calendar days after receipt by either party of such written notice.

2. Prior to the expiration term in Section A.1, the parties may mutually agree in writing to modify the twenty (20) calendar day notice of termination period specified in Section B.1. If this occurs, then this Agreement shall expire as of the expiration term specified in Section A.1 or five (5) calendar days after the date of the foregoing mutual agreement, whichever is later.

3. Negotiations on the proposed amendments or modifications shall begin not earlier than seventy-five (75) days nor less than thirty (30) days prior to the expiration date of this Agreement as mutually agreed upon by the parties.
Section C. Current and Supplemental Agreements

1. This Agreement supersedes all previous Agreements or understandings either written or oral, and contains the entire understanding between the parties on all matters subject to collective bargaining. No amendment, change, or variation hereof shall be valid or binding unless reduced to writing and signed by representatives of the parties duly authorized to do so.

ARTICLE II
GENERAL PROVISIONS

Section A. Mutual Pledge of Accord

1. The Union and its members, and the Employer, agree that every good faith effort shall be made to administer this Agreement in accordance with the true intent of its terms and provisions to the end of maintaining sound Labor Relations. The parties hereto intend by this Agreement to provide a stabilized relationship between them and to insure uninterrupted production of quality products on schedule at competitive costs during the life of said Agreement. It is therefore agreed that during the term of this Agreement, or during any agreed extension period thereof, there shall be no lock-out, strike, including sympathy strikes, slow-down, sit-down, work stoppage or other form of job action by the Union or its members, or by the Employer; provided that all claims, disputes or differences arising out of the terms of this Agreement shall be settled in accordance with the procedure provided by this Agreement.

2. The Union and its members agree that they shall:
   a. Cooperate to maintain high standards of workmanship, and job performance.
   b. Cooperate with the Employer in maintaining efficiency and discipline, and avoiding tardiness, absenteeism and loafing.
   c. Comply with Plant rules and regulations.
   d. Cooperate to keep at a minimum the time devoted by Officers, Stewards and members in handling grievances.
   e. Not solicit Union members, Union dues or engage in other Union activities on Company property during working hours, unless specifically authorized by this Agreement.
Section B. Right to Manage the Plant

1. The management and operation of the Plants, administration of the Employer's business and direction of the working force are exclusive functions of Management. Provided such does not violate other terms of this Agreement, Management shall have the right to increase, decrease or rotate the working force; to hire, promote, demote, discharge or discipline for cause; to transfer or reclassify employees; to originate merit raises and determine merit ratings; to assign personnel to shifts, overtime and special work requirements; to submit for security clearances; to establish work processes, standards, shifts, schedules and methods; to plan, route and schedule production; and, to determine the extent to which the Plants or any unit of the Plants shall be operated or shut down.

2. The above enumeration of Management's functions shall not exclude others not enumerated.

Section C. Separability

1. It is agreed between the parties that should any Article or portion of an Article of this Agreement be declared invalid, or modified in any way by legally-constituted authority, including any government agency having jurisdiction, all remaining Articles and portions of Articles shall continue in effect.

Section D. Waiver

1. The waiver by either party of one or more breaches of the obligations of the other party under the Agreement shall not constitute a waiver of any other or further breach of said obligation.

Section E. Successor or Assignee

1. This Agreement shall be binding on any successor or assignee of all or a major part of the Employer.

Section F. Non-Bargaining Unit Employees

1. The Employer agrees that salaried and other non-bargaining unit employees shall not perform work regularly assigned to Bargaining Unit employees, except in cases of emergency, job instruction, developmental work, or to alleviate production difficulties. This Section is not to be used to circumvent the integrity of the Bargaining Unit classifications or the terms and conditions of the Agreement.
2. The Parties recognize that the company is engaged in a highly competitive, dynamic business, which necessitates arrangements for the use of contract employees on a temporary basis to perform bargaining unit work. The company will not enter into such arrangements for the sole purpose of reducing the size of the bargaining unit, and shares with the Union a common long-term interest in providing job stability for the workforce to the extent reasonably practicable.

a. The company will not lay off any Bargaining Unit employees as result of contract employees used to perform Bargaining Unit work. In the event of a layoff, all contract employees will be removed from the affected areas prior to the affected bargaining unit employee’s notice of layoff.

b. The Company will provide the Union by the 15th of each month a report of the occupations where contract employees are performing Bargaining Unit work, along with the names of the contract employees utilized in each department.

c. No individual contract employee or series of contract employees, will be retained to perform Bargaining Unit work in a classification for longer than 90 calendar days in any facility covered by this agreement within the preceding 12 month period.

d. The number of contract employees used will not exceed a total number 30 employees, and may not exceed 25% of the number of bargaining Unit employees in a department. This limit will not apply to contract employees used to perform custodian or relocation work.

e. The company will not use contract employees to perform duties normally performed by Bargaining Unit job classifications that have been affected by a layoff, without first offering recall to the laid off employees. Laid off employees who are offered recall for temporary work assignments of 90 calendar days or less may decline the offer without losing their recall rights. If a junior laid off employee subsequently accepts the assignment, and the assignment eventually exceeds 90 calendar days, the junior employee may be retained without the requirement to re-offer the assignment to any more senior employee who has previously declined recall to it.
f. Overtime will not be offered to contract employees unless all Bargaining Unit employees in the appropriate classifications have been offered the overtime.

g. Should the list of contract employees referenced in paragraph F2B not be provided to the Union as prescribed, the Union will so notify the company in writing and if the report is not provided within 48 hours the Company shall, after a 2 month implementation grace period, forfeit the right to add any additional contract employees for the next twelve month period in any facility covered by this agreement.

Section G. Smoking Privileges

1. The Employer shall establish regulations governing smoking privileges throughout the Plant. These regulations will be clearly communicated to all employees.

Section H. Tools and Equipment

1. When tools and equipment are issued and signed for by employees, they will be held responsible for their return.

Section I. Government Controls

1. All of the wages and benefits provided for in this Agreement shall be effective only to the extent they may be lawfully paid and are reasonably consistent with the standards and goals of the Economic Stabilization Program or similar governmental required programs and the regulations issued thereunder. Should any provisions of this Agreement not be placed into effect because of government wage regulations or controls, and should such controls be subsequently amended, relaxed or terminated during the term of this Agreement, then and in that event such provision(s) as has not been placed into effect because of said regulations or controls will be effectuated on the date on which it is determined that it is legally possible to do so, provided that the legality of such action is established during the term of this Agreement. The Employer and the Union agree to cooperate in the preparation and filing of any submission(s) which during the term of this Agreement are required by any agency responsible for the administration of government wage controls.
ARTICLE III
HOURS OF WORK AND OVERTIME

Section A. Workweek and Workday

1. The normal weekly work schedule established by the Employer shall consist of five (5) consecutive working days of eight (8) hours each, Monday through Friday (6-1/2 hours on the graveyard shift) exclusive of meal periods. The workweek shall consist of seven (7) consecutive days beginning at 12:01 a.m. on Saturday and ending at 12:00 midnight on the following Friday.

2. The workday is defined as a twenty-four (24) hour period, beginning at 12:01 a.m. and ending at 12:00 midnight on the same day. The normal hours of work in a workday are defined as eight (8) consecutive hours of work (6-1/2 hours on the graveyard shift) exclusive of meal periods.

Section B. Consecutive Hours of Work

1. Any work which is not interrupted for a period of more than three (3) hours shall be considered "consecutive hours.

2. When an employee returns to work and more than three (3) hours have elapsed since the completion of his or her shift, the employee shall be paid as follows:

   a. If the return assignment exceeds four (4) hours, the applicable shift differential shall apply for the hours worked.

   b. If the return assignment is four (4) hours or less, the shift differential shall be the same as the employee received, if any, during the initial work period.

Section C. Shift Hours

1. The normally-scheduled shift starting times for production, maintenance and shop clerical employees shall be:

   DAY SHIFT - Between the hours of 5:30 a.m. and 8:30 a.m.
   SWING SHIFT - Between the hours of 2:30 p.m. and 6:30 p.m.
   GRAVEYARD SHIFT - Between the hours of 10:30 p.m. and 1:00 a.m.

2. The Employer agrees that it will not, without good and sufficient reason, vary the normal starting time of an employee on regular workdays during the workweek, Monday through Friday. The reasons for the change in starting time shall normally be discussed prior to the actual change with the Union Department Steward, to the extent that it is practical to do so.
3. For the purpose of payment of the applicable shift differential or formula, the following starting hours will identify the shift worked:

   **DAY SHIFT** - At or after 5:00 a.m. through 11:59 a.m.
   **SWING SHIFT** - At or after 12 noon through 9:59 p.m.
   **GRAVEYARD SHIFT** - At or after 10:00 p.m. through 4:59 a.m.

4. In connection with shift changes, the Employer will request volunteers in the affected job classifications in the Department. If there are insufficient volunteers, the least senior employee will be assigned to the shift(s) where needed in accordance with the provisions of this Section. The Employer shall, in any event, always have the right to maintain in each classification within each Department a sufficient number and mix of qualified employees to maintain work schedules and operations, and shall have the right to assign an employee who possesses a particular skill or special training to a shift. The Employer shall define employee qualification by knowledge and work experience for particular tasks, security clearances, certifications, and other critical skills, to assure proper mix of capability on the shift.

5. Following a reduction in force in accordance with Article XVIII Section B, after any required individual shift changes occur, the Company will continue to make reasonable efforts to return affected employees to the shift of their preference as soon as possible in accordance with the provisions of Section C.4 above.

**Section D. Shift Differentials**

1. The swing shift differential for hours worked as outlined in Section C shall be eight percent (8%) of an employee's hourly pay rate rounded to the nearest cent (but in no event less than twelve cents (12¢) per hour).

2. The graveyard shift formula for hours worked as outlined in Section C shall be:

   \[ 1.2308 \times (\text{base rate plus } 8\text{¢}) \]

**Section E. Overtime Premium**

1. An employee shall be paid his or her straight time pay rate for all hours worked up to and including eight (8) hours in the workday, unless otherwise specifically provided in this Agreement.

2. After an employee has worked eight (8) hours at straight time in the workday, the employee shall be paid time and one-half (1-1/2) his or her pay rate for all additional hours worked in the same workday. For the purposes of this Section E.2., time paid for but not worked shall not be counted in computing straight time hours.
3. After an employee has completed twelve (12) consecutive hours of work, the employee shall be paid two (2) times his or her pay rate for all additional consecutive hours worked, including those extending into the next workday. For the purposes of this Section E.3., time paid for but not worked shall not be counted in computing consecutive hours of work.

4. Employees shall receive overtime premiums for work performed on the Saturday (1st day) and Sunday (2nd day) of the workweek, as provided for herein.

   a. If an employee works on the Saturday or Sunday of the workweek, but does not accumulate forty (40) straight time hours paid during the following regular workdays of Monday through Friday, the employee shall be paid straight time for additional hours worked on Saturday or Sunday until forty (40) straight time hours are accumulated and shall be paid time and one-half for additional hours on Saturday and Sunday.

   b. If an employee works on the Saturday or Sunday of the workweek and has been paid for five (5) days (the following Monday through Friday), the employee shall be paid time and one-half (1-1/2) for all hours worked on Saturday or Sunday beyond forty (40) accumulated straight time hours.

   c. If an employee works on the Sunday of the workweek and has been paid for the five (5) regularly scheduled workdays (the following Monday through Friday), the employee shall be paid double time (2x) for all hours worked on the Sunday beyond forty (40) accumulated straight time hours, provided the employee has worked the scheduled hours (if applicable) on the preceding Saturday. Should an employee not work all the scheduled hours on the preceding Saturday, the provisions of Section E.4.b. shall apply to the Sunday work.

   d. For the purposes of this Section E.4., time paid for but not worked shall be counted in computing accumulated straight time hours. Time off from work which is paid for by the Union and excused by the Company shall also be counted in computing accumulated straight time hours. However, the total number of straight time hours which can be accumulated in any one day for the purpose of weekly overtime shall not exceed eight (8) hours.

5. An employee assigned to the swing or graveyard shift shall be required to work eight (8) hours, on his or her shift, or twelve (12) consecutive hours, before the provisions of Sections E.2. and E.3., respectively, become applicable.
6. For the purpose of computing pay for hours worked on a Paid Holiday, employees working a graveyard shift which continues into such Holiday shall receive premium pay as prescribed in the Holiday article of this Agreement. Those graveyard shift employees beginning their workday starting the night of the Holiday, however, shall not be paid such Holiday premium pay.

7. Two (2) overtime and/or premium rates shall not be paid for the same hours of work; i.e., there shall be no pyramiding or duplication of such rates.

Section F. Apportionment of Overtime

1. It is the Employer's intention to give as much advance notice as possible when overtime is necessary. It is recognized that occasionally employees may not desire to work a particular assignment. Therefore, when overtime assignments are made, employees who do not desire to work such overtime shall make their reasons known to supervision. If such reasons are acceptable to supervision, in view of production requirements and other circumstances involved, such employees will be excused from the overtime assignment and will not be subject to discipline for declining the overtime, but will be credited on the overtime records for the time not worked. Additionally, if the affected employee is not given notice of an overtime assignment by the end of his/her shift on Thursday for a weekend overtime assignment, or the start of his/her lunch period for a weekday overtime assignment or 72 hours for a holiday assignment, and the employee is unable to work the overtime as a result, he/she will also be excused from the overtime assignment. Such employees will not be subject to discipline for declining the overtime, but will be credited on the overtime records for the time not worked up to a maximum of 40 hours per employee in a six (6) month overtime review interval.

2. It is agreed that over a period of time the employer will apportion overtime equitably and fairly by job classification in the type of work requiring overtime. The overtime will be apportioned among the full-time active employees in such Job Classification, within the Section of the Department, and on the Shift, where the overtime is necessary, provided the employee is capable of performing such overtime work efficiently. Overtime records will subsequently be reviewed on the first Friday in May and first Friday in November of each year. When the number of hours charged* to the employee with the highest total overtime hours in the overtime group on the first Friday in May or first Friday in November exceeds that of another employee in his/her overtime group by more than seventy-five (75) hours, the employee(s) who has/have been charged with less overtime will be paid the number of hours in excess of seventy-five (75). An employee who is paid for overtime hours under this provision will then be charged with the number of hours paid.

* Charged Hours:  
O/T equals 1.5
D/T equals 2.0
3. Uniform overtime records will be maintained in accordance with the above paragraph in a manner determined by the respective overtime center. The overtime records will be posted in the overtime center and updated weekly. The Department Steward and the Supervisor will meet once a month to review overtime records in each overtime center.

4. In connection with the apportionment of overtime, as agreed to above, employees who are hired, rehired, or recalled from layoff will be credited on the overtime records with the maximum number of hours credited to the employees in the work group to which they are assigned. Employees who are transferred from one work group to another will be credited on the overtime records with the average* number of hours credited to the employees in the work group to which they are assigned.

Employees who are absent from work for any reason for a period of time not exceeding two (2) calendar months will be charged for any overtime which they would have been offered had they not been absent. When an employee who is absent for more than two (2) calendar months returns to work, he/she will be charged with the average* number of overtime hours charged in his/her overtime group during the period of absence in excess of two (2) calendar months.

Employees returning from loan will be charged with their OT hours in effect at the time of loan, plus all additional hours charged to them while on loan. However, such hours will not be more than 50 hours less than the lowest OT hours, nor more than the 50 hours greater than the highest OT hours in the respective OT group to which they return. However, no employee will be returned with fewer hours than they had accumulated at the time they were originally loaned out. If such an employee, upon return to his/her overtime center, accumulated seventy-five (75) or more hours while on loan than the low person in his/her center, the Company will not be obligated for any apportionment payout provided such employee does not work any overtime that is not first offered to other employees in the employee’s overtime center while he/she continues to have an apportionment imbalance of seventy-five (75) hours or more.

* Average: All charged overtime hours divided by the number of employees in the overtime center.

5. Employees required to work mandatory weekend overtime on three (3) consecutive weekends shall not be required to work the fourth (4th) weekend, except in cases of National emergency.

6. Employees will not be required to work mandatory overtime on the weekend, preceding or following a vacation of at least one (1) week, except in cases of National emergency.
7. In the assignment of overtime during the normal workweek, an employee required to start work earlier than his or her normal starting time during his or her regular workweek, will be scheduled to work to the completion of his or her normal work shift.

8. Employee classified as working leaders shall not be placed in separate overtime centers.

Section G. Special Workweek

1. It is agreed the Employer may schedule days off, other than Saturday or Sunday, and/or shifts other than normal hours of work, (a) in connection with continuous twenty-four (24) hour, seven (7) day operations which have been established by past practice, or (b) are required because of emergencies or special conditions.

2. The term "special conditions" in this Section shall also include operations such as the conducting of environmental, reliability, life and related tests of equipment and products.

3. For employees so assigned, their first regularly scheduled day off shall be considered as their "Saturday" (1st day); and their second regularly scheduled day off shall be considered their "Sunday" (2nd day).

4. Overtime will be paid in accordance with Section E.

Section H. Report Time

1. An employee scheduled and reporting for work at the beginning of the shift shall be assigned a minimum of four (4) hours work. If, in the Employer's determination, no work is available, such an employee shall receive four (4) hours pay, as Report Time, at the rate he or she would have received had he or she worked. Failure of an employee to keep the Employer informed of his or her correct address and telephone number shall relieve the Employer of responsibility for notification and payment of Report Time.

2. Report Time shall not be paid if no work is available due to failure of utilities, fire, storm or flood conditions, damage to buildings or equipment, or any cause beyond the control of the Employer. In such cases the Employer shall not be responsible for notification to employees that no work is available.

Section I. Call Back Pay

1. An employee who has left the plant after his or her regular workday and is called back for an emergency or special work assignment, of short duration, less than four (4) hours, shall receive a minimum of four (4) hours work or four (4) hours pay. In computing such pay, hours not worked shall be considered as straight time hours, and hours worked shall be considered as straight time or overtime hours, whichever is applicable under the provisions of Section E of this Article.
Section J. Rest Periods

1. The Employer agrees to continue its present practice of granting two (2) ten (10) minute rest periods during the day and swing shifts, respectively. Additional rest periods may be instituted to comply with applicable State and Federal laws after discussions with the Union President.

Section K. General

1. When an employee is injured while working on his or her job and unable to continue work, the employee shall receive his or her normal pay for hours worked to the time of injury. On the shift the injury occurs, the employee shall also be paid for assigned hours he or she is unable to work because of the injury, at the employee's hourly pay rate, including any applicable shift differential or overtime premium.

2. Deductions for time off, due to tardiness or other causes, shall be at the rate of one-tenth (1/10th) of an hour's pay for each one-tenth (1/10th) of an hour or fractions thereof lost from work.

3. Part-time employees shall be paid Holiday, Sick Leave and Vacation benefits in accordance with Company Standard Practice.

4. Employees will be given as much advance notice as possible of shift changes and of permanent transfers. When an employee is required to change shifts by the Company, the employee will be given at least ten (10) working days advance notice unless such a notice is not possible due to adverse business conditions or any cause beyond the reasonable control of the Company.

5. The payroll week shall be Saturday through Friday, starting with the graveyard shift which begins Friday night and continuing through the swing shift of the following Friday.

Section E. Wage Progression

1. An employee, except as provided in Section H., shall have his or her base hourly wage rate increased ten cents (10¢) per hour within the rate range of his or her Job Classification (except when twelve cents (12¢) or a lesser amount is required to attain the maximum), each sixteen (16) weeks from the Saturday immediately preceding the employee's start date, sixteen (16) weeks from date of last review, or last base rate decrease, whichever is later; provided the Employer determines that the employee's performance, conduct and attendance have been satisfactory. Time spent on Leave of Absence in excess of fifteen (15) working days shall be deducted in computing the sixteen (16) week period.
2. Nothing in this provision shall prevent the Employer from granting individual increases more frequently than each sixteen (16) weeks if in its judgment they are merited. Such increases shall not affect the rate progression as prescribed in Section E.1. above.

3. Nothing in this Agreement shall be construed as automatic progression from one classification to another or from one grade to another.

Section F. Trainees

1. Trainees will not be paid less than the then current applicable legal industry minimum wage. The Trainee progression shall be in eight (8) week intervals, and the Trainee maximum rate shall be the minimum of the Job Classification for which being trained.

2. A Trainee shall be reclassified when his or her base rate equals the minimum of the Job Classification for which being trained.

Section G. Installation of New and Revised Job Classifications

1. The Management may, in accordance with its operations requirements, delete, establish or revise Job Classifications together with Job Descriptions and rates of pay therefore. The Employer agrees that it will promptly notify the Senior Business Representative, by registered or certified mail of any such intent, and the Designated Organization where the Job Classification is to be used or deleted.

2. In the event the Union does not choose to reply to such letter referred to in Section G.1. above, within fifteen (15) working days, such new, revised or deleted Job Classification shall become effective and shall constitute agreement by the parties and shall not thereafter be subject to the Grievance Procedure.

3. In the event the Union desires to confer concerning the rate range and labor grade assigned to such new or revised Job Classification, they will notify the Manager, Labor Relations, Human Resources, by registered or certified mail within fifteen (15) working days of receipt of the letter referred to in Section G.1. requesting a conference which shall be held within five (5) working days following receipt by the Employer of the Union's letter. The meeting shall be scheduled with the following Committee in attendance: The Senior Business Representative and Assistant Senior Business Representative, one (1) Senior Steward and one (1) Department Steward from the affected area, the Manager, Labor Relations, Human Resources, and two (2) other Employer Representatives. Upon request, the Union shall be given the opportunity to view the work operations in the area involved. In the event agreement is not reached within such five (5) day period, the Employer may then place the Job Classification into effect.
4. If the matter is not disposed of under the provisions of Sections G.2. and G.3., and the Union desires to refer it to the Grievance Procedure, they must do so within twenty (20) working day from the date of receipt of the Company letter referred to in Section G.1. The grievance shall be signed by the Senior Business Representative or Assistant Senior Business Representative. Such grievance shall be confined to the rate range and labor grade assigned and placed into Step Two of the Grievance Procedure.

5. A new Bargaining Unit Job Classification will not be added during the term of this Agreement where an existing Job Classification duplicates it to the extent of prescribing the identical duties and qualifications.

   a. In accordance with its operational requirements, the Company may, from time to time, develop additional job classifications. The Company shall not install separate job classifications for the sole purpose of affecting the application of seniority, solely for the purpose of creating seniority barriers.

   b. It is recognized that the establishment of any job classification affects seniority. Where the duties and qualifications of a job are identical to an existing classification, the establishment of such new job classification would be subject to the grievance procedure.

   c. The splitting off of job duties from an existing job classification or the combining of existing job duties into new or revised job classifications and the establishment of new job classifications continues to be a function of Management. However, if as the results of such action a job classification is established which then duplicates an existing job classification by prescribing identical duties and qualifications, it would be a violation of this Section.

6. Any grievance concerning Section G.5. shall be placed into Step Two of the Grievance Procedure. The grievance shall be signed by the Senior Business Representative and Assistant Senior Business Representative.

Section B. Working Leader

1. Upon appointment as Working Leader, an employee shall receive a premium of forty cents (40c) per hour over his or her base rate of pay or over the maximum rate of the highest paid Job Classification assigned to any employee the Working Leader is leading, whichever is greater.

3. A Temporary Working Leader shall receive the Working Leader premium provided herein from the first day of assignment provided the appointment is for one (1) calendar week or more. However, he or she may be designated to act as Temporary Working Leader for a period not to exceed three (3) weeks at any one time.

4. In the selection of a working leader, the employees with the longest actual service in the Job Classification from which the Working Leader appointment will be made in the Section, then in the Department, shall be given first consideration provided he or she possess the qualifications, ability to lead the group to which he or she may be appointed, physical fitness to perform the duties and satisfactory conduct and attendance records.

5. Working Leader shall not be considered a separate job classification for purposes of layoff and recall.

Section I. General

1. No employee shall receive a reduction in rate of pay due to the signing of this Agreement, except as specifically provided. However, this shall not preclude the assignment of Job Classifications and rates of pay in accordance with the work being performed and as established by the parties.

2. Hourly paid employees shall be paid every two weeks on a day designated by the Employer. For the purpose of facilitating the handling of the payroll, the Employer shall continue the practice of "overlapping" which results in a pay holding back period of one (1) week.

3. Employees on the payroll prior to December 6, 1970 in Labor Grades 1 and 2 (old Labor Grades 1A, 2A and 3A) shall continue to receive the forty eight (48½) as a Personal Rate of pay.

2. Vacations shall be scheduled by the Employer throughout the year so as to cause the least interference with operations. Subject to the foregoing, senior employees shall be given preference in arranging vacation schedules.

3. Vacations shall be scheduled for not less than four (4) consecutive hour increments (3.3 hours for third shift) taken at either the beginning or end of the regularly scheduled shift. Vacation may be taken on any day(s) of the workweek provided they have been scheduled in advance and approved by supervision.
4. An employee may accrue a maximum of two (2) times the employee's annual allowance as described in Section B above. Vacation allowance and accrual is limited to the maximum vacation balance so that only partial or no accrual of vacation hours will occur if the addition of the normal vacation allowance would bring the account over the employee's maximum vacation balance. Any hours beyond the new accrual maximum will not accrue, and vacation accrual shall cease until the employee's vacation balance is below the maximum. There will be no retroactive accrual once the vacation balance is reduced below the maximum.

Section F. Anniversary Date Adjustment

1. Employees who are absent more than thirty (30) regular working days during an anniversary year, or whose Leave of Absence continues from one anniversary year to another, shall have their anniversary date adjusted the number of workdays they were absent in excess of the thirty (30) regular working days; however, only one (1) thirty (30) day period shall be credited in adjusting the anniversary date during such an extended Leave of Absence.

2. In the event an employee is laid off for lack of work after completing the Probationary Period and thereafter recalled within sixty (60) calendar months from the date of layoff, the employee's anniversary date shall be adjusted the number of regular working days not worked due to layoff as the basis for computing continuous employment; however, any period of work prior to layoff for which Vacation pay was granted on a pro rata basis shall not be included in the computation of current Vacation benefits at the employee's next adjusted anniversary date.

Section G. Earned and Unused Vacation Benefits at Time of Termination

1. An eligible employee who terminates after completion of six (6) months of continuous employment shall be paid in accordance with Sections D.1, or D.2, in lieu of earned Vacation which has not been taken, computed at the employee's straight time pay rate on the last day actually worked.

Section H. Pro Rata Vacation Allowance

1. An eligible employee who has completed six (6) months of continuous employment and is laid off for lack of work, retires or becomes deceased shall be paid on a pro rata basis for each week of continuous employment in the current anniversary year for which the employee did not previously receive vacation time or vacation pay. The
pro rata basis for day or swing shift employees shall be one-twelfth (1/12th) of the vacation allowance as provided under Section B of this Article for each full calendar month worked. The pro rata basis for graveyard shift employees shall be one-twelfth (1/12th) of the applicable graveyard shift hours. The computation of such payment shall be in accordance with Sections D.1 or D.2 at the employee's straight time pay rate in effect during the payroll week immediately preceding the date of layoff, retirement or death. This provision shall not apply to employees who quit, are discharged or are at their maximum vacation balance.

Section I. General

1. When a recognized paid Holiday occurs during an employee's vacation period, the employee shall receive an extra day off in conjunction with the vacation.

2. In the event an employee is on Temporary Layoff as defined in the Seniority Article of this Agreement, the provisions of Sections F.2 and H.1 of this Article shall not be applicable.

3. In the event a Leave of Absence is granted in conjunction with a vacation, the Leave of Absence shall follow the vacation period.

4. In the event an employee absent on paid vacation terminates, the effective date of the termination for the computation of benefits under this Agreement shall be the last day he/she actually worked.

ARTICLE VII
SICK LEAVE

Section A. Definition

1. Continuous employment: Each full and complete year of continuous employment is defined for purposes of this entire Article as continuous employment without absence of more than thirty (30) regular working days during the employee's anniversary year, excluding only paid Holidays, paid Sick Leave, paid Vacations, Annual Military Training, authorized Jury Service, paid Bereavement Leave, Temporary Layoff, and Industrial Injury Leaves of one hundred eighty (180) calendar days or less. Continuous employment is computed from an employee's anniversary date of employment which is defined as the date an employee initially commences work, less the periods of adjustment provided in other Sections of this Article VII. A full and complete year of continuous employment begins on the employee's anniversary date as adjusted according to this Article VII and ends at the completion of the shift immediately preceding the next anniversary date.
Section 8. Sick Leave Allowance

1. Employees as of their date of hire and annually thereafter on their benefit date, shall accrue seven (7) days of regular Sick Leave which may be used if the employee or a member of the immediate family (residing within the same household) is physically or mentally incapacitated. Sick Leave benefits are available the first day of the payroll week during which the anniversary date occurs. If the accrual date occurs during a paid or unpaid absence, the seven (7) days of Sick Leave are not granted until the employee returns to work. However, an employee returning from an unpaid leave of absence requiring a benefit date adjustment will not accrue additional days of regular Sick Leave until reaching the payroll week of the adjusted benefit date. Sick Leave cannot be applied retroactively. For employees with positive sick leave balance, annual Sick Leave balances will be paid at the end of each benefit year at fifty percent (50%) of the unused balance. Regular Sick Leave and approved Extended Paid Time Off must be taken prior to taking one (1) or more days of unpaid leave except as provided for personal and occupational illness and injury leaves. Accrued and unused regular Sick Leave is not paid off at the time of termination.

2. Pay for Sick Leave is granted for a minimum of two (2) hours of absence due to illness or injury as provided in Section C of this Article. Absence in excess of two (2) hours is granted in increments of one-tenth (1/10) of an hour. Advance approval is required when Sick Leave is taken for less than four hours.

Section C. Sick Leave Pay Computation

1. Sick Leave pay shall be computed at the straight time pay rate in effect for the employee on the workday on which the Sick Leave is taken.

2. The Working Leader premium shall be included in the computation of Sick Leave pay for an employee who is classified as Working Leader during the workweek in which the Sick Leave occurs.

Section D. Extended Paid Time Off Allowance

1. The Extended Paid Time Off account, in conjunction with Article VIII, Group Benefits, Section D, Short Term Disability, provides paid leave, which may be granted for extended periods of disability.
Section E. Extended Paid Time Off

1. Extended Paid Time Off, in conjunction with Article VIII, Group Benefits, Section D. Short Term Disability, may be granted for serious personal illness or injury of an employee which requires an absence of more than seven (7) consecutive calendar days beginning with the first day the employee is unable to report to work. Certification from the employee's doctor indicating a disability start date and an estimated return to work date is required. If Extended Sick Leave is authorized, the employee need not use regular Sick Leave first. Use of Extended Sick Leave requires the approval of the Major Organization Head or designee.

Section F. Integration of Sick Leave and Extended Sick Leave

1. Regular Sick Leave and/or Extended Paid Time Off payments are integrated or reduced by State Unemployment Compensation Disability Insurance, or other Company-sponsored disability insurance benefits for which the employee is eligible for the same time period, whether applied for or not. As a condition of receiving Extended Paid Time Off payments and/or regular Sick Leave payments, the Employer shall deduct from subsequent weekly paychecks (whether regular or Extended Sick Leave payments or regular wages) any overpayment of wages resulting from the integration with Extended Sick Leave payments and/or regular Sick Leave payments. If an overpayment balance is owing at the time of the employee’s termination, the Employer is authorized to deduct said balance from the employee’s final wages.

Section G. Extended Paid Time Off Pay Computation

1. Extended Paid Time off pay shall be computed at the straight time pay rate of the employee on the work-day immediately preceding the Extended Paid Time Off leave.

2. The Working Leader premium shall be included in the computation of Extended Paid Time Off pay for an employee who is classified as Working Leader during the workweek in which the Extended Paid Time Off leave occurs.

Section H. Anniversary Date Adjustment

1. An employee who is absent more than thirty (30) regular working days during an anniversary year, or whose Leave of Absence continues from one anniversary year to another, shall have a new anniversary date adjusted by the number of workdays absent in excess of thirty (30) regular working days; however, only one (1) thirty (30) day period shall be credited in adjusting the anniversary date during such an extended Leave of Absence.

2. In the event an employee is laid off for lack of work after completing the Probationary Period, and thereafter recalled within sixty (60) calendar months from the date of layoff, the employee’s anniversary date shall be adjusted the number of regular working days not worked due to layoff.
Section I. General

1. Sick Leave benefits shall not be paid during a Leave of Absence for the purpose of collecting Holiday pay. In the event Sick Leave is taken in connection with a Leave of Absence, the Leave of Absence shall follow the Sick Leave.

2. In the event an employee absent on paid Sick Leave or extended paid time off terminates, the effective date of the termination for the computation of benefits under this Agreement shall be the last day actually worked.

3. Employees may not take Sick Leave for regularly scheduled days off (6th or 7th day) whether worked or not.

4. An hourly paid employee who earned and has unused Extended Paid Time Off and is thereafter reclassified to a salaried position, shall be credited with all of the unused hourly Extended Paid Time Off on the date of reclassification.

5. If a Holiday falls during a period in which an employee is receiving Extended Paid Time Off benefits, such an employee receives the regular Holiday pay. The Holiday is not charged against the employee's accrual.

6. In order to be properly paid, an employee must apply for California Unemployment Compensation Disability Insurance (California Disability Insurance) benefits. Full responsibility for claiming disability benefits rests with the employee. Time on Extended Sick Leave, including regular Sick Leave, counts as waiting time under disability plans. Disability benefits available for time lost from work because of a job-incurred illness or injury are provided in accordance with applicable Workers' Compensation laws.

7. Extended Paid Time Off is not paid-off at the time of termination.

The pension payable as a Single Life Benefit on the employee's social security
retirement date is the greater of these two amounts. That pension may then be adjusted if the member chooses to start his or her pension under a different form of payment or sooner than the social security retirement date.

(a) Non-Contributory Pension Formula: One and one-half percent (1-1/2%) of the participant's five (5) years average monthly compensation for the five (5) highest of his or her last ten (10) qualifying twelve (12) accounting month periods (final average monthly compensation, or FAMC) for each of the first thirty-five (35) years of Benefit Accrual Service plus one-half percent (1/2%) of the final average monthly compensation for Benefit Accrual Service over thirty-five (35) years offset by six-tenths (6/10) of one percent (1%) of each individual's FAMC not in excess of covered compensation for each of the first 35 years of Benefit Accrual Service. Covered compensation for this purpose is a thirty-five (35) year average of the annual maximum Social Security wage base.

(b) Guaranteed Pension Formula: The pension under the Guaranteed Pension Formula is $30 per month per year of union benefit service with R.A.S.T., Local 1553 effective July 1, 2005, and $31 per month per year of union benefit service effective July 1, 2006. The pension is calculated under the Guaranteed Pension Formula for any member of this union who was employed by Raytheon on or after May 23, 2005.

(c) The non-contributory benefit will have different qualifications for normal and early retirement, no automatic cost-of-living payment, and no eligibility for company-paid medical per Article VIII Section 1.5. 2. An Employee Grievance is defined as a dispute or claim by an employee that the Employer has denied to that employee a right given to him or her under a Section(s) of an Article(s) of this Agreement, and shall be processed under the terms of Section B.1. of this Article.

3. A General Grievance is defined as a dispute or claim by two or more employees, or the Union, that the Employer has denied a right given them under a Section(s) of an Article(s) of this Agreement and such General Grievances shall be processed under the terms of Sections B.1. and B.2. of this Article.
Section B. Grievance Procedure

1. The procedure for processing a grievance, except a grievance pertaining to matters general in nature or concerning a layoff, discharge or upgrade shall be as follows:

Step One: When an employee has a complaint or problem that is an alleged violation of this Agreement, he/she or the Department Steward, if requested by the employee, shall, within five (5) working days following the event or events on which the complaint or problem is based, notify his or her immediate Supervisor that they are requesting a First Step meeting. The employee's immediate Supervisor will then schedule a meeting within an additional five (5) working days, which will be attended by the employee and his Department Steward or Senior Steward, if requested by the employee, and either the Supervisor or the Superintendent/Section Head. The Supervisor or the Superintendent/Section Head, the employee and the Department Steward or Senior Steward are fully authorized to make every effort to resolve the complaint within the provisions of this Agreement.

Grievances settled under Step One of this procedure are not precedent setting and are without prejudice to matters involving any other grievance and cannot contravene the language of the contract. If the parties are unable to resolve the issue, a record that the meeting was held will be signed by those in attendance and made a part of the Second Step record.

Step Two: If the matter is not resolved in Step One it may be reduced to writing, signed by the aggrieved employee and his/her Department Steward and filed with the cognizant Labor Relations office within fourteen (14) working days following the event or events on which the grievance is based. The written grievance shall conform to Section D.2. of this Article. Within five (5) working days after the Company's receipt of the written grievance a Step Two grievance meeting shall be held to review the facts of the grievance.

The Step Two grievance meeting will consist of the following:

For the Company: The Department Manager and a Labor Relations representative. In case of emergencies, the Department Manager will designate an individual with appropriate authority to settle the grievance. The designated individual will not be the same individual assigned to a previous step of the specific grievance.

For the Union: A Union Business Representative and the Senior Steward certified for the Division where the grievance occurred.
The aggrieved, the Supervisor and the Department Steward may be invited to participate in a portion of the Step Two meeting and be respectfully permitted to give a statement concerning the grievance and may be questioned as to the facts surrounding the grievance. If necessary, at the request of either party, the parties may jointly interview a reasonable number of additional bargaining unit and/or non-bargaining employees to obtain facts. The members of the Step Two Grievance Committee shall be fully authorized to resolve the grievances based on the facts presented in the hearing within the provisions of this Agreement. After a review of the information gathered in Step Two, the Company shall give a written answer to the cognizant Senior Steward within five (5) working days. Included in the written answer will be the name of the Company’s Informal Representative should the matter not be settled at Step Two.

Resolution Committee: If the grievance is not settled in Step Two and the Union wishes to process it further, then the matter may, by mutual agreement of both parties, be appealed to the Designated Organization Grievance Resolution Committee within ten (10) working days following the Union’s receipt of the Company’s Step Two answer. The Designated Organization Grievance Resolution Committee will be comprised of an Assistant Division Manager, the Human Resources Director/Manager and the Labor Relations Manager/Section Head representing the Company, and the Senior Business Representative or Assistant Sr. Business Representative, a Business Representative and a Senior Steward from the Designated Organization representing the Union. The Resolution Committee will meet and review the grievance within thirty (30) working days following the date the grievance was submitted to the Resolution Committee. If necessary, the Committee may interview the cognizant Department Steward and/or Supervisor, to obtain additional facts. The Committee shall be fully authorized to resolve the grievance(s) based on the facts presented in the hearing within the provisions of this Agreement. The Committee shall give a written answer within five (5) working days after the date the Resolution Committee was held. The answer shall contain an agreed upon factual definition of the grievance and a clear statement of the issues which remain in dispute if the matter remains unresolved.

Informal Arbitration: If the grievance is not settled in Step Two, and if it is not being processed in the Designated Organization Grievance Resolution Committee, and if the Union wishes to process it further, then the grievance may be submitted into informal arbitration. Within ten (10) working days following the Union’s receipt of the Company’s Step Two answer, the Union shall give the Company written notice that it has decided to submit the grievance to informal arbitration, designating a Union Informal Representative in the notice.
A) If a Step Two answer is not given within five (5) working days following the Step Two meeting and the Union wishes to process it further, the Union shall give the Company written notice within fifteen (15) working days following the Step Two meeting that it has decided to submit the grievance to informal arbitration, designating a Union Informal Representative in the notice.

B) If the Step Two meeting is not held within five (5) working days after the Company's receipt of the written grievance and the Union wishes to process it further, the Union shall give the Company written notice within twenty (20) working days from the Company's receipt of the written grievance that it has decided to submit the grievance to informal arbitration, designating a Union Informal Representative in the notice.

The Company's Informal Representative for purposes of grievance processing in (A) and (B) above will be the Section Head of Labor Relations or a designee assigned to handle such grievances at this step.

The two (2) representatives so designated shall confer on the issues and make an effort to settle the matter. They shall have fifteen (15) working days following the receipt of the Union's notice designating the Union Informal Representative within which to settle the matter. At the conclusion of this meeting, if an agreement is not reached, either party may request that an arbitrator be selected in accordance with Article XXV, Section B.

If the parties do not meet within the fifteen (15) working days following receipt of the Union's notice, the Union may notify the Company's Informal Representative of its intent to meet and select an arbitrator in accordance with Article XXV, Section B.

2. Grievances that are general in nature shall be processed in accordance with the provisions of B.1., Step One of this Article, excepting that the oral discussion will include the Senior Steward, Department Steward, the Labor Relations Representative, and a member of Management who has authority over the matter. Grievances not settled in Step One may be reduced to writing signed by a Business Representative and filed with the cognizant Labor Relations office within fourteen (14) working days following the event or events on which the grievance is based. The grievance will be processed in Step Two of the Grievance Procedure. Grievances that are pertinent to Designated Organization policies or procedures arising from the terms and provisions of this Agreement shall be referred in Step Two to a member of management who has authority over the matter.
3. A grievance concerning a layoff or discharge must be filed in writing within ten (10) working days after the last day worked or within ten (10) working days after the effective date of layoff or discharge, whichever is later, and processed in Step Two of the Grievance Procedure and in accordance with Section B.4. A Department Steward may file a grievance on behalf of an employee who is laid off while on an authorized Leave of Absence or Vacation provided such employee is not available to sign the grievance form. However, such laid-off employee shall appear at the meeting(s) at which his or her grievance is discussed.

4. A grievance concerning a layoff or a discharge shall be signed by the employee concerned and one of the following: the employee's Department Steward, the employee's Senior Steward, or a Business Representative of the Union. Advance notice of a layoff or discharge shall be given to the Department Steward by the terminating employee's immediate Supervisor. In the event of an immediate suspension or discharge the immediate Supervisor shall notify the Department Steward as soon as possible, but in any event prior to the employee's departure, unless conditions require immediate removal from the premises.

5. A grievance filed under the provisions of the "Upgrading and Promotions" Article must be filed into Step Two of Section B. of this Article within fifteen (15) working days after the date the Union received written notification of the upgrade.

   a. Written notification by a Labor Relations Representative to all cognizant Senior Stewards at the Designated Organization will be made within five (5) working days after the effective date of such upgrade.

6. When a written reprimand is given to an employee, such employee or the Supervisor may request the presence of the Department Steward. If such a request is made, the Department or Senior Steward shall be in attendance.
Section C. Time Limits

1. It is agreed that the time limits set forth for processing grievances in the various steps of the Grievance Procedure are of the essence of this Article, and that any dispute, claim or difference arising out of the terms of this Agreement shall be deemed waived and shall not constitute a grievance or be subject to arbitration unless these limits are strictly complied with. Failure of the Company to give a written answer to a grievance within the time limit set forth in Step Two shall entitle the Union to proceed to the next Step. Such referral must be made within five (5) working days after expiration of the time limits stipulated for the Company's answer. Time limits may be extended only by written mutual agreement between the parties.

Section D. General

1. All processing of grievances shall be handled only by the Union and Employer Representative stipulated in the Grievance Procedure herein. An alleged violation that occurs outside the employee's assigned department will be processed in the department where the alleged violation occurred.

2. All grievances shall be fully described on the standard form provided, clearly stating the facts, the Articles, Sections and paragraphs allegedly violated, the name of the aggrieved employee(s) when and where the alleged violation occurred, signed and dated by the aggrieved employee(s), and the respective Union Representative(s) designated herein.

   a. In the event a Union Steward or Officer is the aggrieved party, his or her grievance shall be signed and processed by a Business Representative of the Union and immediately processed into Step Two of the Grievance Procedure.

   b. Should a Department Steward, Senior Steward, or Officer of the Union be issued a formal reprimand, a Business Representative shall be the representative for the Department Steward, Senior Steward or Officer.

3. No grievance or arbitration decision covering any grievance shall provide for retroactive effect for more than eleven (11) working days prior to the date of the verbal complaint.
4. If a grievance involves more than one Division, a meeting may be scheduled to determine how the grievance will be processed with the following in attendance: a Representative from each of the affected Divisional Labor Relations offices, a Line Manager from each Division, and a Business Representative(s) of the Union. Such meeting will be considered a Step One meeting, wherein the parties will agree on the responsible Division. If the grievance is not resolved at this meeting, it shall be processed into Step Two of the procedure.

5. When a grievance has been properly filed and is currently being processed in Step One or Step Two of Section B. of this Article, or in the Resolution Committee Review or in informal arbitration, any subsequent grievance(s) filed on a similar dispute or claim in the same Division shall be combined with the original grievance and processed as a single dispute or claim without repeating the steps previously concluded in processing the original grievance.

6. Disciplinary action which results in discharge for the same or similar offense, for multiple grievants, may be combined by mutual agreement for the purpose of arbitration.

Section B. Arbitration Referral

1. In the event the grievance is settled in Step Two or in the Resolution Committee or in informal arbitration, such disposition will be reduced to writing and shall be final and binding on both parties.

2. In the event the grievance is not settled or disposed of in Step Two or in the Resolution Committee or in informal arbitration, and the Union wishes to process it further, they may submit it to arbitration in accordance with the provisions of Article XXV, Arbitration.

If the two (2) representatives of the parties cannot agree upon a joint statement, each party shall submit a separate statement of the issues it considers in dispute to the arbitrator. The arbitrator shall determine, at or before the hearing, the issue or issues to be arbitrated, provided, however, that such issue(s) is arbitrable under the written terms and conditions set forth in this Agreement.

2. The parties will maintain during the term of this Agreement a panel of arbitrators from which the Union and the Company will select an arbitrator. All individuals listed on this panel must be arbitrators whose names appear on at least one of the following panels of arbitrators: American Arbitration Association, Federal Mediation and Conciliation Service, California State Mediation and Conciliation Service. 5. The parties shall then send a letter to the designated arbitrator notifying him/her of the selection, requesting available dates and submitting the joint or separate statements of the issue. The arbitrator shall be asked to submit his/her response regarding available dates to both the Company and the Union. The parties agree that a arbitration date will be selected within one hundred twenty (120) days after the arbitrator has been selected. Should the arbitrator not have a date within a one hundred twenty (120) day period the parties agree to select the first date the arbitrator has available after the 120 day period.

6. The parties shall notify the arbitrator of the selected hearing date and the site for the scheduled arbitration.

Section C. Arbitration Hearing

1. The selected arbitrator shall then under the rules of the Federal Mediation and Conciliation Service hold a hearing on the issue or issues, and thereafter render a decision and the reasons therefore in writing as expeditiously as possible. The decision shall be binding on the parties hereto, subject to the regulations of any Federal agency having jurisdiction, and to all laws applicable to arbitration awards.

Section D. Expedited Arbitration

1. A separate procedure is hereby established to provide for the expedited arbitration of grievances concerning discharge and layoffs. If a grievance is not settled in accordance with Article XXIV, Grievance Procedure, the parties shall select the arbitrator by alternately striking names as described in Section B.3, until one (1) name remains. Should that arbitrator not have a date within a ninety (90) day period to conduct a hearing, the parties shall then go to the last name struck from the list. If this arbitrator is unavailable, the selection process described in B.3. will be repeated until a satisfactory hearing date is scheduled.

2. Any unresolved grievances protesting prior discipline relating to the discharge shall be made a part of the issue to be decided by the arbitrator.

3. The selected arbitrator shall then, under the rules of the Federal Mediation and Conciliation Service, hold a hearing on the issue and render a written decision and the reasons thereof within fifteen (15) days.
Section B. Power of Arbitrators

1. The Union and the Employer agree that the arbitrator shall not add to, subtract from, change or modify any provisions of this Agreement; that the arbitrator is authorized only to apply the existing provisions of said Agreement to the specific facts presented and to interpret only applicable provisions of this Agreement not clear and capable of more than one (1) interpretation.

Section F. Expenses of Arbitrators

1. Each of the parties to this Agreement shall pay for the time and the expense of its respective representatives or witnesses through all stages of the Arbitration Procedure.

2. The parties shall contribute equally to the fee and expenses of the arbitration provided that any fee or expense shall be decided upon in advance of the arbitration hearing. Notwithstanding the foregoing, if one party requests and obtains a postponement of a scheduled hearing date that results in the assessment of fees or other expenses, that party shall be liable for the payment of any such fees or expenses.

3. Each party shall assume responsibility for payment of its obligation under this Section.

Section G. Time Limits

1. It is agreed that the time limits set forth are of the essence of this Article and are to be strictly complied with. Arbitration decisions and the reasons therefore shall be rendered in writing within thirty (30) working days after receipt of final briefs, if any. Time limits may be extended only by a written mutual agreement of the parties.

Section H. General

1. The parties agree that there shall be no individual or general strike, slow-down, stoppage or suspension of work while any such dispute, claim, grievance or difference of opinion is in the process of settlement under the Grievance Procedure or Arbitration

UNION SECURITY

Section A. Union Membership

1. Any employee covered by this Agreement, who, on the effective date of this Agreement, is a member of the Union shall, thereafter, as a condition of employment, maintain membership in the Union for the duration of this Agreement, to the extent of paying the periodic dues uniformly required as a condition of retaining membership in the Union. No employee shall be considered in default of the obligation to pay dues until after the Union has given the employee and the Employer notice in writing and the employee has failed to pay his or her dues within the period of fifteen (15) days following receipt of such written notice. In the event the employee fails to pay his or her dues within the above-mentioned fifteen (15) day period, the Employer shall terminate his or her employment if so requested by the Union in writing.

2. All present and future employees not members of the Union on the effective date of this Agreement, and who thereafter voluntarily join the Union, shall maintain their membership in the Union thereafter for the duration of the Agreement as provided in Section A.1., above.

3. The Union shall submit to the Employer, a notarized list showing the name and payroll number of each employee who is a member of the Union on the date this Agreement is effective, and, on or before the last day of each month, shall submit a further such list of any employees who have become members since the date of submission of the last prior list.
Section B. Modified Agency Shop Provision

1. During the term of this Agreement, all employees in the Bargaining Unit who were obligated to pay Agency fees to the Union under the preceding Agreement, or who are on or after the effective date of this Agreement hired into, transferred or returned by the Employer to the Bargaining Unit shall, while not a member of the Union, as a condition of employment in the Bargaining Unit, pay Agency fees to the Union on and after the thirty-first (31st) day following their employment and continuing during the term of this Agreement.

2. The amount of such Agency fees shall be equivalent to the amount required to be paid as current dues by those employees who are members of the Union.

3. For purposes of this Section, any employee who, as of the effective date of this Agreement, has seniority rights under this Agreement, shall not be considered a new employee and the provisions of this Section shall not be applicable to the employee.

4. No employee shall be considered in default of the obligation to pay Agency fees until after the Union has given the employee and the Employer's Division Labor Relations Representative notice in writing and the employee has failed to pay Agency fees within the period of fifteen (15) days following receipt of such written notice. In the event the employee fails to pay the Agency fees within the above-mentioned period, the Employer shall terminate the employee's employment if so requested by the Union in writing.

Section C. Dues/Fees Deduction

1. It is agreed there is no obligation on the part of the Employer to require employees who are union members to pay fines, assessments, or financial obligations, other than current dues, to the Union. The Employer, however, agrees to deduct Union dues or Agency fees if required under Sections A. or B. if the request for Union dues or Agency fee deduction is voluntarily made in writing by the employee to the Employer's Human Resources Department in such form as may be approved by the Employer. Dues and fees so collected shall be remitted monthly to the Union's Financial Secretary.

2. Any employee who, after the effective date of this Agreement, is laid off and recalled without loss of seniority during the term of this Agreement and who was having dues or Agency fees deducted from his or her pay in accordance with this Section at the time of layoff, will have said dues or Agency fees deducted from his or her pay upon recall; provided that the Employer has in its files, a valid Deduction Authorization form for such employee.
3. Deductions shall be made from the employee's paycheck in the first week of the Employer's accounting month beginning in the month next following the month in which the deduction has been properly authorized, as outlined above; provided that sufficient earnings remain to cover the Union dues or agency fees after deductions for taxes, old age benefits, insurance premiums, Social Security and other deductions required by law or by the Employer have been made; and such deductions shall continue in like manner monthly thereafter, except as qualified in this Article. In the event that insufficient earnings remain to cover Union dues or Agency fees, a pickup deduction shall be made from the employee's paycheck from the next available earnings unless the Employer is advised in writing by the Union not to make such deduction.

4. Union dues and Agency fees collected by the Employer shall be remitted monthly to the Union's Financial Secretary. In the event it is determined an employee is not in the Bargaining Unit or is reclassified to a position outside of the Bargaining Unit, the Employer will automatically discontinue the employee's payroll deductions for Union dues or Agency fees and will notify the Union Office of such action.

5. Cancellation of Union dues or Agency fees deduction authorization by an employee shall be by letter addressed to the employee's Division Labor Relations Representative, with a copy to the Union Office. Such letter must be signed and dated by the employee and should contain his or her payroll number and department. Such letter shall become effective for the month next following the month in which it is received by the Division Labor Relations Representative. Authorizations for Union dues or Agency fees deductions shall be continued in effect throughout the term of this Agreement unless specifically revoked either in accordance with the provisions of this Article or statutory provisions.

Section D. General

1. The Employer shall not be obligated to take any action under the provisions of Section A. or B. of this Article unless and until the Employer is notified in writing by the Union that an employee, designated by name and payroll number, has failed to comply. The Union agrees to indemnify and hold the Employer harmless from any liability or expense incurred by the Employer because of the payment of dues or fees by an employee or the actual or threatened termination of employment of any employee as a result of such designation by the Union.

2. Any employee who, during the period of the Agreement is a Union member, and is thereafter reclassified to a job outside the Bargaining Unit, and subsequently during the term of this Agreement is returned to a job within the Bargaining Unit, shall be subject to the Union Membership provisions of Section A.
3. Any disagreement between an employee and the Union or the Employer concerning this Section may be referred to the Grievance Procedure by either party or by the employee. Any dispute concerning the application of Section C. 3. and 4. shall be referred directly to arbitration.

4. The Company will explain the Union/Agency deduction to all new employees during the new employee orientation process. They will be advised they have until the thirty-first (31st) day of employment to complete the Union or Agency Deduction Authorization Form and give the completed enrollment form to the Division Labor Relations Representative.

ARTICLE XXIX
NONDISCRIMINATION

Section A. Policy

1. The Employer and the Union agree that, in applying the terms of this Agreement, neither party will discriminate against any employee because of race, national origin, sex, age, color, creed, physical handicap, sexual orientation or for any other reason prohibited by law.

2. The Employer and the Union agree that, in applying the terms of this Agreement, neither party will discriminate against any employee for membership or non-membership in the Union.

Attention: K. G. Dodd, Senior Business Representative

Dear Mr. Dodd:

This will confirm our understanding regarding the Interstate Sleeper-Cab Trucking Operations.

It is mutually agreed by the parties hereto that the following provisions will apply to all Interstate Sleeper-Cab runs:

1. Two (2) employees shall be assigned to each run and shall remain with the truck at all times between terminal points, unless relieved from duty.

2. Employees shall be assigned on the basis of their qualifications and job performance as determined by the Employer.

3. The employees assigned will be classified as Truck Driver-Combination, and be paid within the rate range for that classification as provided in the Classification Appendices of the Collective Bargaining Agreement.

4. Each employee while on a run is required to rest a minimum of eight (8) hours, which may be on an accumulative basis, in each twenty-four (24) hour period, commencing from the time the employee begins the sleeper-cab run.

5. Work schedules of employees assigned to sleeper-cab runs may vary from day to day while on the run. The work schedule of employees assigned to sleeper-cab runs also may vary when the employees are assigned to the Plant.

6. The payroll week shall be Saturday through Friday.
7. Solely for the purpose of computing pay during runs, each twenty-four (24) hour workday will be divided into three (3) eight (8) hour periods. One (1) at straight time, one (1) at time and one-half, and one (1) at no pay. Payment at time and one-half will begin only after eight (8) hours of work at straight time in each such workday.

The cycle of eight (8) hour pay periods or parts thereof shall begin at the time the employees actually commence the sleeper-cab run, shall continue and repeat itself during the entire time of the run, and shall end at the time the employees are relieved from work duties after completion of the run. Fractions of hours will be included in the computation to the nearest tenth (10th) of an hour.

For the work performed on Saturday or Sunday, the eight (8) hour pay periods will be applied on the basis of two (2) pay periods of time and one-half and one (1) period at no pay.

8. Notwithstanding the provisions of paragraph seven (7) above, in the event a delay or layover occurs and an employee is relieved from duty he shall be on his own time without pay. However, the employees shall be guaranteed a minimum amount of pay equivalent to eight (8) hours' pay at straight time their base rate during each workday (the successive twenty-four (24) hour periods commencing with reporting time on a run) while away from the Plant on a run.

9. In the event a paid Holiday occurs during a sleeper-cab run, employees shall receive eight (8) hours' Holiday pay at straight time under the conditions of the "Holiday" Article of the Agreement, in addition to compensation for the run.
10. Each employee shall receive thirty-six dollars ($36.00) per day for meals during actual time away from the Plant on a sleeper-cab run. For this purpose, the day will be divided into four (4) six (6) hour periods beginning at midnight, with payment at the rate of nine dollars ($9.00) per period. Any part of a period shall constitute a whole period for the purpose of payment for meals.

Each employee shall also be reimbursed for reasonable lodging expense incurred during a layover. The lodging expense must be accompanied by a receipt. When the cost of meals is claimed for reimbursement as a business conference expense or is otherwise paid by the Company, the standard per diem amount will be decremented using the following factors: 50% dinner; 30% lunch; and 20% for breakfast.

Reimbursement for meals and lodging shall be requested at the end of each week during which a sleeper-cab run occurs.

11. The provisions of the Article in the Agreement entitled "Hours of Work and Overtime" shall not be applicable to sleeper-cab runs, except that there shall be no pyramiding or duplication of overtime and premium pay.

12. The commencement, frequency, scheduling and discontinuance of sleeper-cab runs shall be a matter solely within the discretion of the Employer.

Dear Mr. Dodd:

This will confirm our understanding regarding employees classified in the following job classifications:

1) Concerning the above classifications, all four will be combined into one (1) successor classification: Assembler Electronic Assembly, Labor Grade 11 (Job Code 41343). This will be done no later than January 5, 2002. Both parties may agree to mutually extend this date if necessary.

2) The parties agree that recall of the above four (4) job classifications will be as follows:

a) All Assembler Electronic Experimental Lab A's will be recalled first according to the recall provisions of the collective bargaining agreement.

b) After the recall list for Assembler Electronic Experimental Lab A's has been exhausted the three (3) other job classifications of Assembler Electronic Developmental, Assembler Electronic MW Devices and Assembler Electrical Electronics Division will be placed into a "seniority pool" and offered "Preferential Re-employment" by seniority according to the Preferential Re-employment provisions of the collective bargaining agreement. Employees in these 3 job classifications who are offered preferential rehire to the Assembler Electronic Assembly and refuse the offer will be removed from the recall list in their respective job classification.
3) After the recall list for the above 4 job classifications has been exhausted the Employer agrees to consider, along with other applicants, Electronic Assemblers on recall for Preferential Re-employment according to the collective bargaining agreement.

4) In the event of layoffs employees classified as Assembler Electronic Assembly will be laid off according to the collective bargaining agreement.

5) It is not the intent of this agreement to use the Assembler Electronic Assembly job classification for recall into other assembler job classifications that are not included in the 4 job classifications contained in the Assembler Electronic Assembly, nor perform assembly work that is not contained in the 4 above job descriptions. For example: Assembler Electronic Assembly may not displace or be eligible for recall to job classification such as Assembler Trident, Assembly Precision, Assembler Microelectronic Circuits Lab, etc.

Dear Mr. Dodd:

This will confirm our understanding regarding travel on Company business and Domestic Field Assignments.

1. Employees driving their car to temporary work locations before or after their scheduled work shift will be compensated as follows:

**FORMULA FOR COMPUTING COMPENSABLE TRAVEL PAY**
(Not requiring overnight absence)

Compensable mileage is the mileage from employee's home to temporary assignment less: a) mileage from employee’s home to normal work station (double for round trip) and b) 15 miles (30 miles for round trip).

</tbody>
</table>
If the compensable excess mileage is more than 60 miles round trip, the travel time allowance is to be determined on the basis of one tenth of an hour for each increment of three miles or portion thereof for the entire compensable distance.

The above applies only to time spent driving before or after the scheduled work shift, and is not used if travel takes place during the employee's work shift for which he receives his regular pay rate.

NOTE: The normal Automobile Allowance, as defined in Article XV, is paid in addition to compensable travel pay and is computed on the basis of total mileage traveled less the normal distance traveled between the employee's home and his regular work location.

Examples of how the above formula would be applied are as follows:

Example No. 1

A. Employee is assigned to temporary assignment which is 30 miles from his home. Employee normally travels 5 miles from home to regular work station.

30 miles less 5 miles = 25 miles
-15 miles
10 miles

B. 10 miles of compensable time (See Table) provides .4 of an hour.

C. Assuming the employee works an 8 hour shift at the temporary site, he would be compensated .4 of an hour at time and one-half his pay rate (.8 of an hour for round trip).
Supplemental Agreement #3

Example No. 2

A. Employee is assigned to temporary assignment which is 45 miles from his home. Employee normally travels 5 miles from home to regular work station.

\[
\begin{align*}
45 \text{ miles less } 5 \text{ miles} &= 40 \text{ miles} \\
-15 \text{ miles} &\quad 25 \text{ miles}
\end{align*}
\]

B. 25 miles of compensable time (See Table) provides .9 of an hour.

C. Assuming the employee works 12 consecutive hours at the temporary site, he would be compensated .9 of an hour at double his pay rate (1.8 hours for round trip).

2. Employees required to travel to a temporary work location on a common carrier will be compensated for hours of work and travel time to and from the temporary work assignment in accordance with the rulings of the Department of Labor, Wage and Hour Administrator. If premium pay is required under such rulings, then the provisions of Article III, Section E shall be followed. Whenever practicable, the travel schedule will be arranged so as to coincide with the employee’s normal hours of work.

3. Employees temporarily (more than 90 calendar days) assigned to a new duty station which is a) within the forty-eight (48) contiguous United States which is not designated a Company facility (Attachment A); and b) is fifty (50) or more miles from the employee’s home and is at least twenty-five (25) miles further from home than the present duty station may be eligible to receive a Domestic Field Allowance while on such assignment in accordance with the following schedule:

2. The parties agree that after employees are reclassified to the above PDT successor job classifications, populating the above PDT successor job classifications will be as follows:

a. The above classifications, along with Test Technician Electronics Senior and A (job codes 67326 and 67323 respectively) will be placed into a "seniority pool" for the new PDT successor "Senior" or "A" classifications and offered "Preferential Re-employment" to their respective successor job classification, by seniority, according to the Preferential Re-employment provisions of the collective bargaining agreement. Employees in these job classifications who have not previously taken, and passed, an EKI exam must pass the current EKI exam to be preferentially reemployed according to the collective bargaining agreement.

b. Employees who do not pass the current EKI exam, or refuse the offer of preferential reemployment, will not be considered for future preferential reemployment pursuant to Section 2(a) above. Such employees will remain on the recall list for classifications previously held in.

-96-
c. The parties agree to exhaust the "seniority pool" before filling new openings by new hires, transfers or promotions from outside of the department.

3. In the event of layoffs, displacement into the above successor PDT job class will be in accordance with the terms of the collective bargaining agreement provided they have previously passed an EKI exam or pass the current EKI exam at the time of the displacement. Employees who are reclassified to the successor classifications will be laid off in accordance with the terms of the collective bargaining agreement.

Attention: K. G. Dodd, Senior Business Representative

Dear Mr. Dodd:

This Supplemental Agreement will confirm our mutual understanding with respect to participation by members of E.A.S.T., Local 1553 in the Raytheon Severance Pay Plan.

During the course of 2001 contract negotiations, the parties have agreed that, for the duration of this collective bargaining agreement, employees who are represented by E.A.S.T., Local 1553 will continue to participate in the Raytheon Severance Pay Plan as outlined in General Policy and Procedure No. 33-0003-110.

The Raytheon Severance Pay Plan contemplates that the affected employee be "permanently terminated" in order to be eligible for benefits under the plan.

Under the collective bargaining agreement between the parties, E.A.S.T. represented employees are contractually entitled to "recall" under Article XVIII and therefore, under normal layoff circumstances, are not necessary "permanently terminated" at time of layoff.

Participation in the Raytheon Severance Pay Plan by employees who are represented by E.A.S.T., Local 1553 will be on the same basis and under the same terms and conditions as that of Exempt and Non-exempt employees who participate in the program with the following understanding regarding employees who are not "permanently terminated", as contemplated and defined in the Raytheon Severance Pay Plan, but who are laid off with "recall" to employment with the Company under Article XVIII of the collective bargaining agreement.

Those Local 1553 represented employees who are laid off, and then "recalled" prior to, or after having exhausted, the full amount of severance pay they would be entitled to under the plan, will, in the event of a subsequent layoff, have available to them the balance of their full amount of severance pay, according to the plan design, less the number of weeks of severance pay already paid under the plan, while they awaited recall. Laid off employees who become re-employed by the Company, not through recall but through re-hiring, will be treated as if they were "permanently terminated" and then rehired, in accordance with the plan.
The parties agree that the Company exclusively reserves all rights presently existing regarding the Raytheon Severance Pay Plan, including the right to amend, modify, terminate or otherwise change the plan.

Dear Mr. Dodd:

The purpose of this Supplemental Agreement is to clarify the purpose and definition of the (Inspector Tooling/Machined Parts Prototype, LG 24) source inspection function.

This function is responsible for ascertaining that production contract items from vendors located within a fifty (50) mile radius of the facility meet the physical and dimensional requirements called out by the appropriate documentation. The tasks are final visual or mechanical measurement or non-subjective specification verification of end items.

This Agreement recognizes the Company's practice of inter-Group cross-utilization of Source personnel.

This in no way alters the Company's good faith understanding between the parties that Source Surveillance Engineers may occasionally perform a limited or incidental amount of inspection work during the course of their regular duties.

Dear Mr. Dodd:

This letter will confirm the parties' understanding concerning a drug-free workplace policy.

The Department of Defense has issued emergency regulations mandating a drug-free workplace including the requirement that the Company certify that its operations are drug-free. Accordingly, effective April 1, 1989, a drug-free workplace policy was implemented including testing based on reasonable suspicion applicable to all Company employees. In addition, the Department of Transportation requires employers to conduct drug and alcohol testing on covered employees in accordance with the Department of Transportation regulations. Employees are also subject to testing when recalled to work from layoff provided such employees have been on layoff for a minimum period of twelve (12) months. Further, employees on the recall list, who are offered a non-bargaining unit position, are subject to pre-employment testing. If an employee tests positive either at the time of recall or rehire, he or she will not be eligible for recall for a twelve (12) month period after which time the employee will be recalled and retested when the first available opening occurs. Testing will be conducted in accordance with the elements outlined in Company Practice 3-0-17. Failure on the part of an employee to cooperate in the program can involve discipline up to termination of employment. Failure of the Company to follow the direction of the government (our customer) can result in the loss of contracts, suspension of progress payments and other penalties.

The Company and the Union are committed to providing a safe workplace and to promoting employee health. Consistent with this commitment, a drug-free workplace policy with a view to maintaining a work environment that is free of the harmful effects of drug use or alcohol abuse will be implemented.
Employees who use illegal drugs or who abuse legal drugs or alcohol, create serious safety and health risks for all employees, and tend to be less productive, prone to greater absenteeism, accidents, health insurance costs and quality control problems and present security risks. This Supplemental Agreement embodies the parties' intention to cooperate in combating alcohol and drug abuse ("substance abuse") among employees.

The Company currently offers a non-punitive Employee Counseling Program which offers assistance to employees with substance abuse problems. If possible, both the Company and Union representatives will encourage participation to those needing assistance in order to strive for a drug-free workplace and to assist those dealing with addiction. However, the Program cannot protect those employees who have refused assistance or failed to cooperate in the Program or whose work or disciplinary record does not support a referral to the Program.

Where appropriate, the parties agree to emphasize rehabilitation, not punishment, as the first course in dealing with employees who have drug problems. Although the Company retains the right to discipline or discharge an employee for his/her first violation of the Company's Drug Free Workplace Program, discharge would normally not be in order unless the employee was already at a later stage of the disciplinary procedure or the initial incident relative to the disclosure of the drug problem was related to a dischargeable offense or the employee had previously participated in a rehabilitation program. Also, if the employee rejects an offer of rehabilitation, or if federal/state regulations preclude the retention of the employee in a covered position, the Company would be under no obligation to retain such employee.

If a Union member is to be questioned about substance abuse, the member, upon request, will have the assistance of a Union representative.

The program will be in compliance with applicable Federal and State laws and regulations.

Dear Mr. Dodd:

This letter shall confirm our mutual understanding on the issue of the separation of work in the California Engineering development laboratories defined as “Engineering” work and that work which shall be performed by E.A.S.T. bargaining unit classifications. It is the intent of the Parties, the Company, and the Union to make a collaborative effort to define the duties of the bargaining vs. non-bargaining work and to assign that work appropriately. That effort will require an attitude and atmosphere of trust, communication, and cooperation between the Parties in order to minimize future disagreements as to the appropriate assignment of work.

In an attempt to define the distinctions between the Bargaining vs. Non-bargaining technical support, the Parties agree that the following guidelines shall be established to assist in that effort and ultimately in the appropriate assignment of work. The following examples can be defined (but not limited to) engineering work:

a. Design, design validation and design of experiment
b. Design of prime hardware and test procedures
c. Analysis of designs
d. Breadboard and breadboard validation
e. Generation of test procedures, plans and schematics
f. Test design and validation
g. Software development
h. First article robust design and product functionality
i. Computer-Aided Design (CAD)
j. Specialized or experimental component and materials analysis, reliability and qualification testing
k. Troubleshooting of hardware where problems are beyond capability of non-engineering support
l. Initial engineering assessment of non-standard field and factory returns
m. Primary customer / supplier interface
n. Use of hands and automated tools / equipment to prove original designs
Within a structure that is more established, defined and detailed, bargaining unit personnel are expected to assist in all of the above with the direction and guidance of the engineer. In addition to assisting in the above, the primary responsibilities of the bargaining unit include:

A. Testing where guidelines and standards have been established

B. First order troubleshooting

C. Fabrication and assembly of mechanical, optical and electrical designs

Methodology:

1) As a basic criteria for distinguishing bargaining unit from non-bargaining unit work, the Company will identify salaried support engineers that appear to be spending the preponderance of their time doing A, B, or C above, within that defined structure

2) Management will distribute these guidelines and train supervision on the above criteria and identify work and personnel that meet those criteria

3) If the work is determined to be bargaining unit work, it will be appropriately assigned

4) The parties agree that non-exempt technical support personnel will not perform bargaining unit work as described in this Memorandum of Understanding.

5) All non-exempt technical support personnel as set forth in the attached appendix will be assigned to be a Bargaining Unit Job Classification. The necessary administrative tasks to convert the employees currently classified, as Engineering Support Specialists to bargaining unit status will be completed no later than December 31, 2001.

6) The Company and the Union agree, where appropriate, to populate existing Product Development Technician classifications to accommodate personnel transferred to the bargaining unit as a result of this agreement. However, where such a fit does not exist, new classification(s) will need to be generated.

7) All employees converted to Bargaining Unit classifications will be credited with Bargaining Unit Seniority equal to their individual benefit dates. The benefit date seniority will be used only in the classification entered as a result of this action. An employee who may later transfer to another job classification will be credited with seniority in accordance with the date they were transferred to the Bargaining Unit, pursuant to this agreement.
8) It is further agreed that those employees grandfathered under this agreement will continue to receive general wage increases per the Collective Bargaining Agreement.

9) Employees who are later converted to the Bargaining Unit within 1 year of this agreement will be credited with seniority, according to this Memorandum of Understanding.

Footnote: The parties agree that developmental work will be assigned to employees in the appropriate job classification.

The parties reached agreements as documented by the following Letters of Understanding:

1. Job Classification Appendices
2. Seniority for Occupational Illness or Injury
3. Bi-weekly Payroll and Vacation Advances
4. Stock Clerk Upgrade
CLASSIFICATION APPENDIX

APPLICATION OF JOB CLASSIFICATIONS

The following governs the interpretation of all job descriptions:

1. Job descriptions are not intended to list or describe all work operations or tasks performed within a classification. The job description lists typical and normal requirements. These requirements may not fit all specific individual work assignments, but they illustrate characteristics of the job and define the level of difficulty of work. Job descriptions are typically broader than any employee's normal work assignment, however, employees may be assigned to work within the full scope of their job classification description provided they are given appropriate orientation/training.

2. An employee's job duties may include parts of other classifications, either lower or lateral which are related to the work process and necessary to get the job done. This Section is not to be used to circumvent the integrity of the Bargaining Unit classifications. It is not the intent of the Company to use this Section to replace jobs on a full time basis with other classifications.

3. The following are incorporated in each job classification description:

   a. Housekeeping and cleaning tasks in the work area as necessary for safety and cleanliness.

   b. Employees may assist fellow employees on a voluntary basis.

   c. Involvement in continuous measurable improvement activities such as, collection of data, development and display of metrics and process improvements associated with the employee's normal job duties.

4. Training for the purpose of obtaining certification in a higher labor grade shall not be the only basis for upgrade to the higher classification.

5. The definition of integrity as used in this Classification Appendix includes the job duties as stated in each job description mutually agreed to in the Collective Bargaining Agreement.
