These individuals, or groups as is appropriate on each campus shall develop, after consultation with the administration, their hours of work and methods of implementation for purposes of accomplishing the goals and objectives.

Priority will be given to services necessary to fulfill the educational needs of students and the instructional needs of faculty. It is recognized that the quality and quantity of these services will depend upon the availability of staff and other resources.
If faculty members may have split a portion of their assignments in conformity with the "Other Assignments" clause, and then the balance of their assignments under the Counselor, Librarian, or Instructor clauses of the contract, will be reduced proportionately.

Section 5. Department Coordinators. The President may establish through exchange of views at each college, department coordinator positions as needed based upon a community of interest. If such coordinator positions are established, the faculty members in each department may annually submit to the College President a list of at least two acceptable candidates for the position of Department Coordinator. The College President shall appoint the Department Coordinator from among the acceptable candidates, however, if none of these will voluntarily accept the appointment, or if no list is submitted, then the College President may select and appoint a Department Coordinator from the department for a one-year term.

Department coordinators shall coordinate the activities of the department and may responsibly direct other members of the bargaining unit in their department only but may not exercise other supervisory responsibilities as defined by M.S. 179A.03, Subdivision 17.

The administration at each college shall establish, through the exchange of views process, the tasks and responsibilities which will be assigned to each department coordinator. After these tasks and responsibilities have been established, a reasonable credit equivalence shall be assigned to department coordinators for their coordination responsibilities. If there are ten or fewer F.T.E. faculty positions in the department, the credit equivalence shall be no less than three per quarter unless the Chapter President, Coordinator, and College President agree in writing to a lesser amount. If there are more than ten F.T.E. faculty positions in the department, at least one additional equated credit per quarter shall be assigned for each additional ten F.T.E. faculty positions or fraction thereof.

Normally the equated credits will be used in determining release time from other assignments. However, in cases where the release time cannot reasonably be granted without undue disruption of the responsibilities of the department, the administration may elect to pay for the equated credits as overload pay on a pro rata basis. Also, the administration may in such cases elect to assign part of the equated credits as release time and the rest as overload pay.

Department coordination overload pay may exceed the 1/5 overload limitation; but if it does, such department coordinator shall not be eligible for additional overload pay, extra weeks, or summer school.

Section 6. Occupational Program Coordinators. The College President may determine that an occupational program shall have a coordinator who shall responsibly direct other members of the bargaining unit in the program but not exercise other supervisory responsibilities as defined in M.S. 179A.03, Subdivision 17. Such coordinator shall be selected and appointed by the President and be
given a minimum credit equivalence of three credits per quarter unless the Chapter President, Coordinator, and College President agree in writing to a lesser amount.

Section 7. Independent Study Assignments. Independent Study Assignments shall be defined as the faculty member's supervision of a course, for a student, which has been approved by the college's regular course approval procedures, or shall be defined as the tutoring of a CBE (Competency Based Education) student. Upon agreement of the faculty member and the college president, the faculty member's quarterly load may include independent study assignments. A faculty member who agrees to accept additional independent study or CBE assignments as overload shall be paid at the rate of $1/360 675 of schedule salary for each student credit or CBE unit.

Section 8. Student Activity Assignments. Student activity assignments to faculty members shall be given an equitable credit equivalence on each campus according to the following:

B. Theatre

1. major production

2. minor production

C. Music

1. major group - a group which rehearses a minimum of 4 times per week, has a minimum membership of 45 persons, and has a minimum of one major performance per quarter.

2. intermediate group - a group which rehearses 2 or 3 times per week, has a membership of 45 or more persons, and has at least one major performance per quarter; or a group which rehearses 4 or 5 times per week, has a membership of 10-44 persons, and has at least one major performance per quarter.

3. minor group - a group which rehearses a minimum of 2 times per week, has a minimum membership of 10 persons and has a minimum of one major performance per quarter.
4. specialty group - a group which does not meet the specifications of 1, 2, or 3 above. credits determined under Non-Uniform assignments

For music activities the credit equivalency of the instructor will not be affected by the extent to which students do or do not receive credit for participation.

D. Publications

1. Major Publication --- a publication which requires three or more multi-page publications per quarter. 5 credits per quarter

2. Minor Publication --- a publication which requires fewer than three publications per quarter. 3 credits per quarter

Subd. 2. Non Uniform Activity Assignments

For a number of activities the assignment can vary greatly, depending on the extent of the program within the college. This program variation can and does exist between colleges of the same size as well as between colleges of different sizes. The development of these programs can be the result of any of a variety of factors -- community tradition, college desire, student interest, and director enthusiasm-interest-ability. The development, in many instances, has been long-term.

To establish a credit equivalency that is non-uniform would allow for the continuation of the programs developed as a result of theses other factors. In some cases it would protect from the requirement of cutting well established programs, and in others the expansion of programs where the situation did not warrant it.

The credit equivalency for all activities not stated in Section 8 of this article shall be as follows:

one credit for every 20 hours anticipated with students in any of the following: practice, rehearsal, performance, instruction, and activity supervision.

(This would include such activities as forensics, costuming, choreography, technical directing or stage managing of non-theatre activities, intramurals, drill-dance teams, cheerleading, literary-magazine-newspaper, and others not listed.)
Note: The assignment is actually to be made in credit equivalencies, and not as a total number of hours to be devoted to all aspects of the activity. The determination of anticipated contact hours is merely a method for arriving at the credit equivalency.

Variance from the listed number of equated credits may be requested through the following process:

After discussion at local meet and confer, variations of equated credits may be requested by the college president provided that justification is included which clearly demonstrates the need or desirability for such variations. The requests and justification will be made in writing to the Chancellor.

Both the Chancellor and the State Association must agree to the variance prior to implementation. If such variation is approved, that fact and the reasons for it shall be posted on official bulletin boards.

The faculty member shall have responsibility for scheduling the activity in cooperation with the college administration. However, the actual contact hours of the activity will not be counted in the determination of the faculty member's classroom contact hour limitation, instead the annual classroom contact hours limitation for faculty members assigned activities will be reduced by the same proportion that the equated credits are of 45. The classroom contact hours reduction shall be applied in total to the quarter in which the activity assignment occurs unless requested by the faculty member and agreed to by the administration. The administration will endeavor to schedule classes for faculty members having student activity assignments at such times that the combination of classes and activities will result in reasonable elapsed time.

Section 9. Reasonable Credit Equivalence. Any assignment given faculty members by the administration which is not otherwise within the load description of Article X shall be given a reasonable credit equivalence, e.g., art gallery.

The actual hours of assignment will not be counted in the determination of the faculty member's contact hour limitation. Instead, the annual classroom contact hours limitation for faculty members given assignments which are not within the load description will be reduced by the same proportion that the equated credits are of 45. The classroom contact hours reduction shall be applied in total to the quarter(s) in which the assignment(s) occur(s). The administration will endeavor to schedule classes for faculty members having assignments which are not within the load description at such times that the combination of classes and other assignments will result in reasonable elapsed time.
Section 10. Unique Assignments. If a faculty member is given an assignment that is not in compliance with the statements in this Contract, the assignment must be acceptable to the faculty member, the GhaneeUer-and-the-State local Association, and the local association grievance representative.

Section 11. Paraprofessional Supervision. When paraprofessionals in instructional, media, and student service programs are under the supervision of a faculty member, the responsibilities of the paraprofessional will be assigned by the faculty member. When the faculty member is not on duty, a paraprofessional shall report to the employee outside of the bargaining unit to whom the faculty member reports. Faculty members shall have the option to participate in the interview and selection of paraprofessionals to be added to the staff and assigned to them. Faculty input for the evaluation of paraprofessionals under their supervision shall be advisory to the administration.

Section 12. Overload Assignment.

A. An overload assignment shall be defined as any assignment to a faculty member which exceeds the workload assignment limitations in this agreement, subject to the one-fifth maximum defined in Article XI, Section 3.

B. Overload assignments must be mutually agreed upon by the faculty member and the College President.

C. When offered to a full-time unlimited instructor, overload shall first be offered to individuals within the assigned field, except where provisions of a grant require an exception to this provision.

ARTICLE XI
WAGES

Evaluation of faculty for salary placement in accordance with this agreement will be conducted in the Community College System office, and all applicants who are offered employment shall at the time of the offer be so notified in writing. A faculty member and the MCCFA President or designee shall be notified concurrently in writing of the final column and step determination.

Section 1. Step Placement. Step placement shall reflect the number of years of experience for which credit is given. Credit for full-time teaching experience and/or relevant work experience (as determined by the Chancellor or designee) shall be granted on a 1 for 1 basis according to the aggregate of experience. Credit for military experience shall be granted only in cases where the faculty member leaves the college for military service and returns to the college after completion of the service and then shall be on a 1 for 1 basis.
Initial placement shall not exceed Step 04 except where a college takes members in the program in which case the Employer may allow placement above the steps defined above providing the placement is not more than the next step above faculty member's former salary.

At the time of "initial placement" as used in paragraph one of this section, a faculty member shall be given credit for all applicable experience in determining appropriate step placement not to exceed the limitations in paragraph one of this section. However, new faculty members who have previously been employed by the Community College System shall be placed on the salary schedule as if their step movement had not been interrupted provided that credit for relevant interim work experience shall be granted on a one for one basis subject to the limitations in paragraph one of this section. Any continuous additional step movement after "initial placement" shall be earned only by counting subsequent experience in the Minnesota Community College System. System administrators who are appointed to faculty positions shall be granted step placement based on their experience at the time of initial hire as an administrator, plus one (1) additional year of credit on the salary schedule for each year of administrative experience in Minnesota Community Colleges, subject to the limitations in paragraph one of this section.

If a Temporary Faculty Member is employed as a Probationary Faculty Member, such faculty member shall be given credit for all appropriate experience subject to the limitations in paragraph one of this section.

If a Temporary Faculty Member who holds a step placement above the step limitations in paragraph one of this section moves directly into a Probationary position, such faculty member shall retain the step placement held at the time of the transition.

If a Probationary faculty member at the time of hiring has a total experience which is in fractional years and if that faculty member is hired after the commencement of the fall quarter, the fractional year of experience may be combined with the experience in the System for purposes of step movement for the following academic year.

Step placement for any faculty member shall be determined and implemented at the beginning of any quarter or of the extra weeks which precede the quarter.

Full time appropriate employment for one academic year shall count as one year of experience and all time worked may be counted, but in no instance can more than one year of experience credit be earned in a fiscal year.

Section 2. Column Placement. Column placement shall reflect the amount of preparation for which credit is given.

Column I. Bachelor's Degree with a major in the "assigned field" or for instructors of occupational courses, work experience necessary for certification in the State Plan for Vocational Education, or other faculty members with less than a Bachelor's Degree but with appropriate training and/or experience.
Column II. Master's Degree in the "assigned field", or a Master's Degree with 23 graduate quarter credits in the "assigned field," or Bachelor's Degree plus 70 graduate quarter credits or equivalent semester credits with 42 graduate quarter credits in the "assigned field", of which 12 graduate quarter credits may be in allied or related fields, and an average grade of "B".

Column III. Seventy (70) graduate quarter credits or equivalent semester credits beyond the Bachelor's Degree, including the Master's Degree, with 47 graduate quarter credits in the "assigned field", of which 12 graduate quarter credits may be in allied or related fields, and an average grade of "B".

Column IV. Ninety (90) graduate quarter credits or equivalent semester credits beyond the Bachelor's Degree, including the Master's Degree, with 60 graduate quarter credits in the "assigned field", of which 15 graduate quarter credits may be in allied or related fields, and an average grade of "B", or a Doctor's Degree with a major in the "assigned field."

Advanced professional degrees, eg. a law degree, may substitute for the Master's degree for column movement beyond Column II if all other requirements are met. A faculty member with a C.P.A. shall be placed on Column II when the faculty member holds a B.A. degree in Accounting, but will have to meet the other requirements for Column III and Column IV.

A. Graduate Credits. Credits will be considered to be graduate level credits if such credits are granted by a recognized institution of higher education which grants graduate level degrees and courses are taken for graduate credit by the faculty member.

Professional school credits may count as graduate credits if they are in the "assigned field" of the faculty member.

Undergraduate credits if approved by the Chancellor or designee, prior to enrollment in the course, may be counted as "in assigned field" graduate credit.

Undergraduate credits in computer sciences up to a maximum of nine (9) quarter credits shall be counted as graduate level credits "not in the assigned field."

B. Assigned Field of Faculty Members. The original assigned field of instructors, or counselors, or librarians shall be considered to be the field or fields for which the Chancellor or designee verifies a faculty member was hired.

Additional assigned fields may be secured under the provisions of Article XXXIX, Section 2.

Column changes based on in assigned field assignment changes may occur at the beginning of any academic quarter.
A change of the assigned field shall not result in a decrease in pay for a faculty member.

C. Credits in Assigned Field. Credits will be counted as in assigned field if:

1. The college department offering the course has the same name as the assigned field of the faculty member.

2. The course title indicates that the course is intended for the faculty member's assigned field, or

3. The course description states that the course is intended specifically for the assigned field, or

4. The faculty member has received written approval from the Chancellor or designee prior to taking the course.

5. The courses taken are education courses specifically directed at the assigned field.

When the name of the assigned field of a faculty member is not the same as that of an academic department such as history, sociology, etc., and is an assigned field which cuts across disciplinary lines, then the determination as to which credits will count as in assigned field for such a faculty member will be determined by the Chancellor or designee.

When the assigned field is in an occupational area which does not have sufficient credit courses available for column placement or movement, the faculty member's column placement or movement shall be determined by the Chancellor or designee based upon a combination of the following alternative learning experiences of the faculty member:

1. Training in advanced techniques in the faculty member's field.

2. Appropriate in-field experiences.

3. Professional activities which have an equivalent learning effect.

When such a faculty member applies, the application for a column change shall be evaluated by the Chancellor or designee on the basis of additional training and/or experience gained after original placement, and if merited, a column change shall be granted. Such training and/or work experience in the assigned field undertaken after July 1, 1977 must be approved in advance by the Chancellor or designee in order to count toward such a column movement.

D. Allied or Related Credits. Credits will be counted as allied or related if:

1. The course meets "in field" criteria in areas of assignment when the faculty member is currently teaching in that assignment on a regular basis or the college president verifies
that the faculty member will be teaching in that assignment on a regular basis in the future.

2. The college department offering the course has a different name from the assigned field and the course is related or allied to the assigned field.

3. The courses and credits are in compliance with the statements that:
   a. Education courses specifically directed at the community college, three (3) quarter credits in Psychology of Learning, and three (3) quarter credits in Measurement in the Classroom.
   b. However, all education credits specifically directed at Community Colleges for which enrollment occurred prior to July 1, 1975 shall count.

4. In the case of librarians, it is recognized that content courses in other disciplines are useful in the reference and acquisition aspect of their duties. Therefore, up to 12 graduate quarter credits in a combination of two or more academic disciplines may be counted in "other assignments" for movement to Column III, and up to 15 graduate quarter credits in a combination of two or more academic disciplines may be counted as in "other assignments" for movement to Column IV.

E. Column Placement. Column placement for new faculty members shall be established and shall go into effect at the beginning of employment.

F. Column Change and Documentation. Column placement change for faculty members may be made at the start of any quarter or of the extra days or weeks which precede the quarter. Column placement change must be documented and established as follows:

1. The faculty member must provide to the Chancellor or designee in the Board office a written statement of intent to change columns, with either copies of official transcripts to document a column change or a written statement verifying that requirements for a column change have been completed prior to the start of the quarter. This material shall be delivered before the start of such quarter or sent by certified mail prior to the start of such quarter.

2. When documentation for a column change is provided and a column change is approved by the Chancellor or designee, the salary of the faculty member will be adjusted accordingly and such adjustment will apply retroactively to the start of the faculty member's assignment for the quarter referred to in (1) above or the weeks attached to such quarter.

Section 3. Miscellaneous. Non-credit teaching, if not part of assigned load, shall be paid to faculty members on the same basis as to others with like assignments.
Miscellaneous duties paid for from the all college fund shall be paid to faculty members on the same basis as to others with like assignments. Payment for assignments for mentoring/monitoring instruction in the College/High School credit programs shall be paid on a pro-rata credit equivalent basis as defined in Article X, Section 9.

Faculty members shall be paid for assessment of competencies for credit as fellows at the rate of $10.00 per credit.

A faculty member employed for the summer session shall be paid on the basis of the number of credits taught. Unlimited full-time and unlimited part-time with a minimum guaranteed percentage of 36% or more, and other faculty members teaching more than five (5) four (4) credits for the summer session, shall be paid a pro-ration of the faculty member's salary schedule for the previous academic year.

The total payment for non-credit teaching, summer school teaching, overload, and extra weeks shall not exceed 1/5 of the faculty member's schedule salary, except in cases where the conditions of an outside grant requires additional weeks, or except as specified in Article X, Section 5.

The 1/5 total for a given year refers to the academic year, the extra weeks assigned during the fiscal year in which the academic year occurs, and the summer session(s) following the academic year.

Temporary Part-Time instructors and unlimited part-time instructors with a minimum guaranteed percentage of less than 36%, teaching more than five (5) credits per quarter during an academic quarter or teaching more than 4 credits summer session shall be paid a pro-ration of the appropriate position on the salary schedule for that academic year or the previous academic year in the case of summer sessions. Step movement shall be by aggregate of experience in the Minnesota Community College. Contracts shall be quarter by quarter.

Section 4. Salary Schedule. The salary schedule for the 1987-88 1989-90 academic year to be effective July 1, 1987, July 1, 1989 shall be as follows:

For 1987-88 1989-90 and again for 1988-89 1990-91, each faculty member not at the maximum step on the salary schedule, and who meets the requirements for step movement, will be moved to the next step.

Temporary faculty members and unlimited part-time faculty members with a minimum guaranteed percentage of less than 36%, who teach five (5) credits or less per quarter shall be compensated at the rate of $330 per credit in 1989-90, and $350 per credit in 1990-91.
Unlimited part-time faculty members will be paid according to credits taught on a quarter by quarter basis. Unlimited part-time faculty members whose assignments do not meet their minimum guaranteed appointment, will be compensated for the balance of their appointment in the Spring quarter. However, unlimited part-time faculty members may be given additional assignments consistent with Article X to meet the minimum guaranteed appointment.

Faculty member's positions on the salary schedule shall not be altered because of this contract except as provided for under the terms of this contract.

Section 5. Applied Music.

Subd. 1. Part-time music instructors who also teach applied music during the academic year will receive credit equivalency of one credit for every five students with each student being equal to one fifth of a credit.

Subd. 2. Applied music instruction provided by part-time instructors who teach only applied music shall be paid at the rate of at least $85 per quarter for each one-half (1/2) hour lesson per week.

Subd. 3. The applied music instruction pay rate shall be applied uniformly at the college.

Section 6. Student Activity Credits. Coaches and Assistant Coaches shall receive pro-rata pay when coaching a student activity whose credit equivalency exceeds four (4) credits. The credits allocated may be distributed over two quarters whenever the actual season of the activity occurs over two quarters. When a student activity has more than one assistant coach assigned, the credit equivalency will be divided between/among coaches to reflect the assignment.

Section 7. Appeals. Any grievances filed under this article shall be filed initially at Step 02 of the grievance procedure consistent with time limits provided therein (see Article XXVI XXIV, Section 4).

ARTICLE XII
LEAVES OF ABSENCE WITH PAY

Section 1. Communicating Absence. A faculty member who finds it necessary to be absent shall communicate with the community college official to whom the faculty member is responsible, in advance whenever possible.
Section 2. Sick Leave. Upon initial employment each full-time faculty member shall be credited with twenty (20) days of sick leave allowance. At the beginning of the third academic year of employment and each academic year thereafter, each full-time faculty member shall be credited with ten (10) days of sick leave allowance to be used for approved absences necessitated by reason of illness of injury, by necessity for dental or medical care, by exposure to contagious disease so that attendance on duty may endanger the health of fellow faculty members or the public, or the illness of the faculty member's spouse, minor children, or parent and spouse's parents for such periods as the faculty member's attendance shall be necessary. Further, a faculty member shall be granted up to five (5) days, charged against sick leave, for the reason of establishing bonding with an adoptive or foster child. A faculty member who finds it necessary to be absent for any of these reasons shall communicate with the College President or designee as soon as possible and file a request in writing for approval of the use of sick leave for such absence. Unused sick leave may be accumulated to a maximum of 112 days. Sick leave earned over the maximum will be considered lapsed but shall be recorded to the faculty member's credit. In the event that a faculty member with an illness exhausts the current accumulated sick leave and has lapsed sick leave recorded to the faculty member's credit, additional sick leave shall be granted by the President upon valid medical documentation, to the extent required by the faculty member's illness, but not to exceed the total amount of lapsed sick leave.

One additional day of sick leave allowance shall be credited to each unlimited faculty member who is employed full-time for a summer session or for four or more extra weeks. If less than full-time, it shall be pro-rated.

Sick leave credited to a faculty member in advance is assumed to be earned at the rate of ten (10) days per academic year. If a faculty member resigns or is dismissed for cause and has used more sick leave than has been earned, such faculty member shall reimburse the employer for any such overpayment.

A faculty member who is reinstated or reappointed to the Minnesota Community College System within four (4) years from the date of resignation or retirement may, at the Appointing Authority's discretion, have the accumulated but unused sick leave balance restored and posted to the faculty member's credit in the records of the employing department, provided such sick leave was accrued in accord with the provisions of this Agreement.

However, upon reinstatement or rehire, a faculty member who has received severance pay shall either have the sick leave balance restored at sixty (60) percent of the faculty member's accumulated but unused sick leave balance plus eighty seven and one half (87 1/2) percent of the faculty member's accumulated but unused sick leave bank or may buy back the total amount of sick leave previously paid off on severance by paying the College at the time of reinstatement or rehire the gross amount of dollars previously paid out.
Section 3. Bereavement Leave. A faculty member shall be granted up to five (5) days of approved leave as necessary for bereavement purposes. Bereavement leave of up to five (5) days shall not be deducted from sick leave in the event of death in the immediate family or of death of any individual who is named a beneficiary in the employee's TRA program. The term "immediate family" shall mean: spouse, parents, parents of spouse, guardian, children, grandchildren, brothers, sisters, grandparents, or wards of the faculty member or of the faculty member's spouse. Other approved bereavement leave shall be deducted from sick leave.

Section 4. Personal Leave. Upon application and approval, each full-time faculty member will be granted two days per academic year for use as personal leave. Personal leave may accumulate to eight days but use shall not exceed two days in any quarter unless an emergency arises in which case a third and/or fourth day may be used if approved by the College President. Personal leave may be taken in half (1/2) day increments.

Section 5. Advanced Degree or Certification Leave. Upon application, a faculty member shall receive a leave of up to five (5) days to take written or oral exams for an advanced degree or certification.

Section 6. Legal Leave. Upon application, a faculty member shall be excused from work for jury service or in response to a subpoena or other direction by proper authority. Such faculty member shall be paid his/her regular pay. Payments received for jury service may be retained by the faculty member; however, fees received as a witness must be returned to the faculty member's college unless the witness service does not involve the use of legal leave.

Section 7. Sabbatical Leave. The purpose of sabbatical leaves is to give faculty members the opportunity to secure additional education, training, or experience which will make them better prepared for carrying out their college assignments. Such leaves shall be granted if the following criteria are met:

A. The full-time or unlimited part-time faculty member will have continuously served the equivalent of six or more academic years in the Community College System with an aggregate of 18 quarters of actual service without having been granted a sabbatical leave. Any quarter in which a faculty member has received 30 or more working days of unpaid leave shall not count as one of the 18 quarters, excluding the one quarter exception specified in Article XIII, Section 6. This total must be achieved prior to the commencement of the leave.
B. The faculty member has submitted a plan for the sabbatical leave which is designed to serve the purpose described above.

C. The College President has certified that a replacement can be found. In individual cases where a replacement cannot be found, a faculty member determined to meet the other eligibility requirements in the year of request, will not be denied a sabbatical leave in subsequent years based solely on this reason. This provision shall not be applicable to the faculty member after a sabbatical leave request is granted (unless the situation recurs after six (6) more years of service).

D. Funds to cover the cost of the sabbaticals are available. Except in situations of financial exigency for the Minnesota Community College System, sabbaticals will not be denied for this reason.

E. The number of sabbaticals approved for a college does not exceed seven percent, rounded up to the next whole number, of the number of full-time equivalent faculty positions allocated to the college for the academic year preceding the application, or one, whichever is greater. However, the number of one-quarter sabbaticals approved for a college cannot exceed three percent.

If the number of applicants in a given college exceeds seven percent of the number of full-time equivalent faculty positions allocated to the college for the previous year, approval will be granted to those who have the greatest number of continuous years of full-time equivalent service based on the date of employment or the date of return after the last sabbatical, whichever is most recent. Applicants denied a one-quarter sabbatical due to the three percent limitation shall have the option to take a two-quarter or three-quarter leave. Indication of a willingness to accept the alternative leave must be provided at the time of initial application. In the event of a tie, the sabbatical leave will be awarded to the applicant with the greatest system-wide seniority. Then, if a tie still exists, the applicant with the lowest number represented by the last four digits in his/her social security number will be awarded the sabbatical leave.

If requested by a College President and agreed to by the Chancellor and the State Association, additional sabbaticals may be approved.

If there are no sabbaticals available, the applicants may, at their option, fill vacancies created by cancellations in their college in order of descending number of years of service. In case of ties, selection will be made by lot in accordance with the tie-breaker procedure above. Applicants must make a separate application each year that they wish to be considered for a sabbatical leave.
Sabbatical leaves may be granted for one, two, or three consecutive quarters in an academic year, with full base salary for one quarter, or with two-thirds \((2/3)\) of base salary for two or three quarters.

Faculty members on sabbatical leave may accept scholarships, fellowships, grants or employment during the sabbatical leave, provided the scholarships, fellowships, or grants or employment provide experience which serves the purpose of the sabbatical leave.

Applications for sabbaticals shall be submitted to the Chancellor or designee in the Board Office between November 24th and December 8th in the year preceding the academic year during which the faculty member is planning to take the leave. The application must be delivered to the Chancellor or designee in the Board Office by December 8th or mailed by certified mail not later than December 8th to be considered. Notification of approval or rejection will be provided by the Board no later than February 15.

In the event when a sabbatical is granted and the faculty member wishes to refuse the sabbatical, the faculty member may make a written request to the College President stating this fact. The College President shall submit this request along with a recommendation and if the Board grants the request the faculty member shall forfeit eligibility for a sabbatical leave until such faculty member has served for the equivalent of four more continuous, full-time academic years in the Minnesota Community College System as a full-time or unlimited part-time faculty member without a break in service with an aggregate of 12 quarters of actual service as an unlimited, full-time faculty member unless the Board chooses to waive this requirement. The determination of whether or not the four year waiting period will apply shall be made at the time the refusal is approved. Any quarter interrupted by 30 or more working days of unpaid leave shall not count as one of the 12 quarters toward the 4 year requirement. This total shall be achieved prior to the commencement of the leave.

A faculty member who has taken a sabbatical leave shall be required to return to her/his college for at least one academic year of service. If the faculty member refuses to do so, the faculty member will be required to repay the salary which was paid by the employer during the sabbatical leave unless the Board chooses to waive this requirement because of special circumstances which the Board deems to merit such waiver. The repayment shall be completed not later than the beginning of the academic quarter in which the faculty member was expected to return. Upon returning from sabbatical, the faculty member shall submit a written description of plan activities undertaken during the sabbatical. If a faculty member desires to change the substance of the sabbatical plan which was previously approved by the Board, the faculty member shall submit an amended plan to the Chancellor. If the Chancellor fails to approve the amended plan, the faculty member may submit an alternative plan(s).
Faculty members on notice of lay-off are not eligible for sabbatical leaves, but for retraining under Article XIX, Section 5. In the event that the faculty member's lay-off notice is rescinded, a faculty member who has applied for and met all other requirements for a sabbatical leave shall be granted the sabbatical regardless of the number of sabbaticals that have already been granted if the faculty member is more senior than the least senior faculty member who was granted a sabbatical at that college.

Time spent on sabbatical leave shall be counted as continuous service for all purposes for which continuous service is a factor in the Minnesota Community College System.

No sick leave or personal leave shall be accumulated or credited to a faculty member during a sabbatical leave.

Section 8. Military Leave. Up to fifteen (15) working days leave per calendar year shall be granted to members of a reserve force of the United States or of the State of Minnesota and who are ordered by the appropriate authorities to attend a training program or perform any other duties under the supervision of the United States or of the State of Minnesota during the period of such activity.

Section 9. Pro-Rata. The provisions of Article XII, Section 2 - Sick Leave, Section 3 - Bereavement Leave and Section 4 - Personal Leave shall apply on a pro-rata basis to all part-time faculty members in the bargaining unit.

Section 10. Accounting of Leave Status. At the end of each fiscal year an accounting of sick, personal, and unpaid leave status will be provided to each faculty member by the faculty member's college.

Section 11. Leave Benefit Accumulations. Leave benefit accumulations accrued on the basis of service prior to the signing of this Contract shall be retained by the faculty member after such signing.

ARTICLE XIII
LEAVES OF ABSENCE WITHOUT PAY

Section 1. Military Leave. Leave shall be granted to a faculty member who enters into active military service in the armed forces of the United States for the period of military service, not to exceed four (4) years.
Section 2. Parenthood Leave. Upon application, parenthood leave shall be granted without pay to any faculty member who is expecting a child either by natural birth, adoption, or through a foster parent program. Parenthood leave requests should be filed as early as possible, but one month prior to date of leave is required. The leave shall commence on the date requested by the faculty member and shall continue for a period of up to nine months, provided, however, that the parenthood leave may be extended upon application to the College President for up to an additional six months. The initial leave and subsequent extension may be adjusted by the College President up to three months to synchronize with an academic quarter except that no adjustment may be made which would reduce the initial leave to less than six months without approval of the faculty member.

Section 3. Other Leaves of Absence Without Pay. Upon application, faculty members may be allowed to be absent without pay with the approval of the College President consistent with the conditions that such leave shall be granted only when it will not result in undue prejudice to the interests of the college beyond any benefits to be realized. Leaves for the following purposes shall be considered: illness or poor health beyond the limits of paid sick leave; work experience in education, business, industry, and/or government; service in a professional organization; and advanced study.

Leaves for personal emergencies will be authorized. Leave requests for other specific personal reasons may be considered. Applications for an extension of a leave will be considered by the College President providing the application for extension is submitted at least 90 days prior to the expiration of the current leave.

For faculty members granted unlimited part-time status on or after July 1, 1987, such leaves shall not be granted for purposes of vacations, non-college employment obligations, or opportunities which should or could be accommodated outside of their college assignments.

Section 4. Religious Holidays. Any faculty member who observes a religious holiday on a day which does not fall on a Sunday or a legal holiday shall be entitled to such day off from his employment for such observance. Such day off shall be taken off without pay except where the faculty member has unused personal leave, and in that case such day may be charged against the personal leave of the faculty member upon request of the faculty member. The faculty member shall notify the college in writing between 10 and 20 days prior to the absence.

Section 5. Extended Leaves of Absence. Full-time employees who are eligible and apply for extended leave under M.S. 136.88 (a full-time faculty member who has been employed by the Community College Board for at least five (5) years and has at least ten (10) years of allowable service as defined in M.S. 354.05 Subd. 13) may be granted a leave without pay of at least three (3) years but no more than five (5) years. An extended leave of absence pursuant to this section may be granted only once. Denials of such leaves shall not be arbitrary, unreasonable, or discriminatory. Pursuant to M.S. 354.094, the State
shall pay employer contributions into the fund for each year for which a member who is on extended leave pays employee contributions into the fund. Such contribution shall be based on the schedule salary amount the faculty member received in the year immediately preceding the leave.

Section 6. Benefits. No benefits shall accrue to faculty members during unpaid leaves that exceed an aggregate of ten working days in an academic year, except as provided by statute or as otherwise modified in this contract. However, an exception shall be made in case of unpaid leave necessitated by reason beyond the control of the faculty member in which instance no benefits shall accrue to such faculty member if the unpaid leave exceeds an aggregate of thirty (30) working days in any academic year.

An Unlimited faculty member who is granted an unpaid leave for up to one full academic quarter to take effect after September 1, 1974, shall upon return, be placed on the salary schedule as if the faculty member's service has been continuous in the system. Such faculty member may be granted this provision once only during the faculty member's career with the Employer. Such one quarter shall also be counted as continuous service for purposes of seniority and service to count towards sabbatical leave eligibility.

Upon application, a faculty member who is granted an unpaid leave specifically to do full time teaching elsewhere, or to engage in other full time (or its equivalence) endeavors which are related to the faculty member's performance or expertise at the college, except in cases of extended leaves pursuant to M.S. 136.88, shall, upon return, be placed on the salary schedule as if the faculty member's service had been continuous in the System, and the time spent on such leaves shall count for seniority purposes as well. When this type of unpaid leave is less than one (1) academic year, the time spent on the leave shall count for sabbatical eligibility.

A faculty member on unpaid leave shall not be considered to have had a break in service. Time spent on leave shall count only toward such benefits as are provided in this contract.

ARTICLE XV XIV
SEVERANCE PAY AND EARLY RETIREMENT INCENTIVE

Section 1. Severance Pay. Severance pay shall be granted to all faculty members under the following provisions:

A. Faculty members who have completed 20 years of continuous service, including service in those school district junior colleges that were taken over by the Junior College Board shall receive severance pay upon separation from state service in an amount equal to 40% of the faculty member's accumulated but unused sick leave balance (not to exceed 112 days) plus 12 1/2% of the faculty member's accumulated but unused sick leave bank times the faculty member's regular daily rate of pay at the time of separation.
B. All faculty members who are mandatorily retired from state service or are separated by reason of death shall receive severance pay in an amount equal to 40% of the faculty member's accumulated but unused sick leave balance (not to exceed 112 days) plus 12 1/2% of the faculty member's accumulated but unused sick leave bank times the faculty member's regular daily rate of pay at the time of separation. In the event of death, such payment shall be made to the beneficiary designated by the faculty member under the Minnesota Teacher's Retirement Association.

C. All faculty members who are laid off from service in the community colleges, except on a seasonal basis, shall receive severance pay in an amount equal to 40% of the faculty member's accumulated but unused sick leave balance (not to exceed 112 days) plus 12 1/2% of the faculty member's accumulated but unused sick leave bank times the faculty member's regular daily rate of pay at the time of separation.

D. Should any faculty member who has received severance pay be subsequently reappointed to State service, eligibility for future severance pay shall be computed upon the difference between the amount of accumulated but unused sick leave restored to the faculty member's credit at the time the faculty member was reappointed and the amount of accumulated but unused sick leave at the time of the faculty member's subsequent eligibility for severance pay. However, if the faculty member has bought back the total amount of sick leave previously paid off on severance, eligibility for future severance pay shall be computed upon the amount of accumulated but unused sick leave to the faculty member's credit at the time of the faculty member's subsequent eligibility for severance pay.

E. If necessary, accumulated but unused bank days shall be added to the sick leave balance to attain the 112 days maximum.

F. Faculty members who retire from state service after ten (10) years of continuous state service, and who are immediately entitled at the time of retirement to receive an annuity under a state retirement program shall, notwithstanding an election to defer payment of the annuity, also receive severance pay.

A faculty member who completes 20 academic years of service and who retires at the end of the academic year will be considered to have retired as of the following July 1 for purposes of severance pay.

Section 2-. Early Retirement Incentive.

A. Eligibility. In addition to the provisions of Section 1, any faculty member who has served at least fifteen (15) years in the Community College System and is at least fifty-five years of age shall be eligible for early separation. Individual applications for early retirement incentive will only be granted where it can be shown that the specific application would prevent a layoff, allow the recall of a laid off faculty member and/or would result in a cost savings to the System.
B. Compensation. An eligible faculty member who elects early separation through resignation or early retirement shall receive compensation equal to his/her base salary. An eligible faculty member who elects such early separation shall receive compensation equal to his/her base salary minus 20% of his/her base salary for each year beyond age sixty (60). The faculty member shall receive the compensation in two equal annual payments, the first upon separation and the second in the following year or on other reasonable terms as conveyed by the faculty member and accepted by the administration.

C. Maintenance of Benefits. The separated faculty member shall have the right to continue, at the employer's expense, health insurance benefits for one year after separation.

D. Persons choosing early separation shall have eligibility for early retirement payments determined in accordance with appropriate statutes and regulations.

Section 3. Supplemental Retirement. Pursuant to M.S. 136.80, 136.81, and 356.24, the employer shall deduct from the salary of full-time faculty members a sum equal to five (5) percent of the annual salary paid after the first $6,000 up to a maximum of $450 during the 1989-90 academic year and up to a maximum of $1000 during the 1990-91 academic year to be paid into the Minnesota Community College Supplemental Retirement account of the retirement fund. The employer shall make a contribution in an amount equal to the deductions made from the faculty member's salary. Deductions shall begin in the faculty member's third year of employment.

ARTICLE XVI
EXPENSE ALLOWANCES

Section 1. General. The Employer may authorize travel at state expense for the effective conduct of the state's business. Such authorization must be granted prior to the incurrence of the actual expenses. Faculty members affected under this Article shall be reimbursed for such expenses which have been authorized by the Employer in accordance with the terms of this Article.

Section 2. Automobile Expense. When a state-owned vehicle is not available and a faculty member is required to use the faculty member's automobile to conduct authorized state business, the Employer shall reimburse the faculty member at the rate of twenty-seven (27.0) cents per mile for mileage on the most direct route according to Transportation Department records. When a state-owned vehicle is offered and declined by the faculty member, the Employer shall authorize the mileage be paid at the rate of twenty-one (21.0) cents per mile on the most direct route. Deviations from the most direct route, such as vicinity driving or departure from the faculty member's residence, shall be shown separately on the faculty member's daily expense record and reimbursed under the foregoing rates. Actual
payment of toll charges and parking fees shall be reimbursed. A faculty member shall not be required by the Employer to carry automobile insurance coverage beyond that required by law.

When a faculty member is assigned to off campus duties, the faculty member shall be paid the full roundtrip mileage allowance between the teaching location and the faculty member's home less the roundtrip distance between the home and campus.

Section 3. Commercial Transportation. When a faculty member is required to use commercial transportation (air, taxi, rental car, etc.) in connection with authorized business of the Employer, the faculty member shall be reimbursed for the actual expenses of the mode and class of transportation so authorized. Reasonable gratuities may be included in commercial travel costs.

Section 4. Overnight Travel. A faculty member in travel status who incurs expenses for lodging shall be allowed actual reasonable costs of lodging, in addition to the actual cost of meals while away from the home station, up to the maximums stated in Section 5 of this Article. A faculty member in travel status in excess of one (1) week without returning home shall be allowed actual cost not to exceed a total of $16.00 per week for laundry and/or dry cleaning for each week after the first week. A faculty member shall be reimbursed for baggage handling. Actual documented personal telephone call charges shall be reimbursed in the following manner: the maximum reimbursement for each trip shall be the result of multiplying the number of nights away from home by two dollars.

Section 5. Meal Allowances. A faculty member assigned to be in a travel status between the faculty member's work station and a field assignment shall be reimbursed for the actual cost of meals, including a reasonable gratuity.

A. Breakfast reimbursement may be claimed only if the faculty member is on assignment away from home station in a travel status overnight or departs from home in an assigned travel status before 6:00 a.m. Breakfast reimbursement may be claimed only if the faculty member is away from home station in a travel status overnight or is required to remain in a travel status until after 7:00 p.m.

B. Lunch. Eligibility for lunch reimbursement shall be based upon the faculty member being on assignment, over thirty-five (35) miles from his/her temporary or permanent work station, with the work assignment extending over the normal meal period. However, a faculty member may claim lunch reimbursement when authorized by the Appointing Authority as a special expense prior to incurring such expenses.

C. Dinner. Dinner reimbursement may be claimed only if the faculty member is away from his/her home station in a travel status overnight or is required to remain in a travel status until 7:00 p.m.
Maximum reimbursement for meals including tax and gratuity, shall be:

- Breakfast: $6.00
- Lunch: $7.50
- Dinner: $12.00

Faculty members stationed in the seven county metropolitan area shall not be reimbursed for lunch obtained in the seven county metropolitan area except when authorized by the Employer as a special expense prior to incurring such expense.

Section 6. Special Expenses. When prior approval has been granted by the Employer, special expenses, such as registration or conference fees and banquet tickets, incurred as a result of state business, shall also be reimbursed.

Section 7. Payment of Expenses. The Employer will advance the estimated cost of travel expenses where the anticipated expenses total at least fifty dollars ($50.00), provided the faculty member makes such a request within a reasonable period of time in advance of the travel date.

ARTICLE XVI
FACULTY DEVELOPMENT

Section 1. College Level. Each College will be allocated faculty development funds at the rate of $175 per each full-time equivalent faculty position allocated to the College for the preceding academic year. Funds provided by this Section shall be used only for financing expenses for faculty members only to attend conferences, workshops and other activities off-campus, or for the provision of on-campus activities for staff development of the faculty. The Local Association Chapter shall determine an equitable procedure for the distribution of faculty development funds. The College President or designee may review proposed faculty development expenditures, and may veto a proposed expenditure within one week of its receipt if the proposed expenditures do not meet the purposes stated above. Nothing in this Section shall preclude the Local Association Chapter from proposing to spend faculty development funds on joint activities with other groups at the College. Upon mutual written agreement, the Association Chapter President and the College President may agree to another method for determination of the use of College level development funds.

Section 2. System Level. For each fiscal year of this Agreement, the Community College System will allocate a pro-rata share of the funds identified in the budget as "staff development" for faculty development. Such funds will be used to provide statewide or regional conferences, workshops and other activities for the staff development...
of faculty members. A Joint Committee comprised of three faculty members appointed by the MCCFA and three administrators appointed by the Chancellor shall aid and advise the Chancellor or designee in the use of these funds.

INSURANCE

(ATTACHED AFTER PAGE 67)

ARTICLE XIX XVIII
APPOINTMENTS, TRANSFERS, PROMOTIONS, AND SEPARATIONS

Section 1. Appointments. All appointments shall be made by the Employer via a standardized letter of appointment which includes the type of appointment, the length of appointment (if not an Unlimited Full-time position) and the wages. The following types of appointments may be made:

A. Probationary. A faculty member must complete at least one (1) but no more than (2) year(s) on probationary status before becoming an unlimited faculty member. A probationary appointment is an appointment other than unlimited or temporary. Such an appointment means that the individual holding such status is being evaluated for purposes of determining whether or not unlimited status will be granted. A probationary appointee shall be provided an annual written evaluation which shall not be arbitrary or capricious; this evaluation shall serve as a basis for retention decisions except when a probationary appointment is terminated due to layoff. If the faculty member's performance during the first year of probation has been determined to be satisfactory, the faculty member will be granted unlimited status at the end of that academic year. A probationary appointment may be terminated at the end of the first year upon at least forty-five (45) days advance written notice. In individual cases where the College President believes that a faculty member's performance is unsatisfactory the President may extend the probationary period by one (1) additional academic year. Prior to the beginning of the second year, the President shall meet with the faculty member to discuss strengths and deficiencies and performance expectations identified in the first year's evaluation. A second year probation may be terminated at the end of the second year upon at least forty-five (45) days advance written notice. A probationary faculty member who completes the probationary appointment without receiving a termination notice or a notice extending the probationary period for the second year shall become an unlimited faculty member. No faculty member shall serve more than one probationary period in the Minnesota Community College System.
B. Provisional Unlimited Status. Faculty members hired after July 1, 1987, who do not meet minimum qualifications and who have satisfactorily completed probation shall be granted provisional unlimited status. Provisional unlimited status shall not exceed three years. The faculty member shall become Unlimited full time immediately upon satisfactory attainment of the minimum qualifications. Failure to meet minimum qualifications at the end of three years shall constitute just cause for immediate dismissal.

C. Unlimited Full-Time. An unlimited full-time faculty member is defined as a faculty member with a full-time assignment for an academic year which carries the assumption that such employment will continue on a full-time basis in subsequent years. To qualify for an unlimited full-time position, the faculty member must meet minimum qualifications and successfully complete probationary status.

D. Unlimited Part-Time. Effective July 1, 1987, a part-time faculty member who meets minimum qualifications and has been employed for 36% to 80% of a full load for four consecutive years shall be placed on Unlimited Part-Time status. When a faculty member becomes Unlimited Part-Time, such faculty member shall receive a "designated assignment/assigned field". The Assigned Fields Committee will review all requests for designated assignments and make recommendations to the MGFA President and the Chancellor prior to October 1, 1988. The assigned field/designated assignment of the new unlimited part-time faculty member shall correspond to the faculty member's major academic assignment.

The minimum percentage guaranteed in the unlimited part-time assignment shall be determined at the time of initial unlimited part-time appointment by averaging the percentage of assignments the faculty member has worked during the three (3) previous academic years including activity credits. Activity credits, however, will only be used in the determination of the minimum percentage guaranteed in the unlimited part-time appointment. Faculty members may not claim activity assignments. At the discretion of the administration, faculty members can be reassigned or laid off from activity assignments without cancellation of the activity assignment. A student activity assignment shall not be considered an assigned field/designated assignment. The minimum percentage guaranteed appointment will be based on the actual percentage calculated. Assignments above the minimum unlimited percentage may be made. The level of minimum guaranteed assignments may be reviewed for possible increase at the request of either party. The review shall include the assignments held over the previous three years. In the event the administration projects a need for possible lay-off, an unlimited part-time faculty member may mutually agree to a reduction in the level of guaranteed employment in lieu of a lay-off notice.
Courses taught as a replacement for other faculty on Sabbatical Leave, other Leaves of Absence or "soft money" programs shall not be included in the calculation of eligibility for Unlimited Part-time. The definition of "soft money" may include teaching. However, a temporary part-time faculty member employed as such a replacement or on soft money will have such time count toward the eligibility requirements for Unlimited Part-time status if the faculty member serves the subsequent consecutive two years in unrestricted assignments. For purposes of eligibility, time worked as a replacement or on soft money shall be limited to a maximum of two years of service at 36%.

Temporary faculty who are employed and have claiming rights on July 1, 1987, shall either:

1. be converted to unlimited part-time if they meet minimum qualifications for their assigned field, or

2. if they do not meet minimum qualifications for their assigned field, shall continue to hold existing claiming rights based on having taught the course(s) for two years commencing January 9, 1988 or until they meet minimum qualifications, whichever comes first.

Unlimited part-time faculty members holding appointments at more than one community college campus who have conflicting work schedules must select which college's assignment they will meet and must resign from the other college if alternate assignments which are acceptable to the college administration cannot be implemented. Unlimited Part-time faculty members except for being on Unlimited status shall accrue benefits like other part-time faculty members. Fringe benefits will be based on the minimum guaranteed appointment and will be annualized.

Unlimited part-time faculty who decline assignments as part of the minimum guaranteed percentage appointment or who refuse unlimited full-time positions which are offered at their college shall lose their unlimited part-time status. Unlimited part-time faculty who apply for vacant unlimited full-time positions at their college shall be covered by the provisions of Section 2. Subd. 4. of the Article.

Any references in this contract to unlimited faculty members shall include only probationary, unlimited full-time, and unlimited part-time faculty who had achieved unlimited part-time status prior to July 1, 1987, unless specifically noted otherwise.

E. Unlimited Special. If it is to the mutual advantage of the faculty member and the college, an Unlimited Full-Time faculty member's load may be reduced to a load between 50% and 80% of a full-time load for a quarter, two quarters, or one or more academic years. For purposes of this provision, a full-time load shall be defined as one quarter equals 15 credits and one year equals 45
credits. Such reduction must have the agreement of the faculty member, the College President, and the Local Association, and the approval of the Chancellor and the State Association. The agreement relative to the reduction and the conditions under which the faculty member may or must return to full-time status shall be stated in writing at the time of the agreed reduction. Such Unlimited Special faculty member shall have each year of service count as a full year for purposes of seniority, step movement, and sabbatical leave. Other fringe benefits shall accrue to such faculty member in accordance with State regulations in effect at the time. A work assignment load reduction under this provision shall not be construed as a leave of absence under Article XIII.

F. Temporary Full-Time. A temporary full-time faculty member is defined as a faculty member with a full-time assignment for an academic year, extra weeks, a quarter, or a summer session. Such employment terminates at the end of the stated appointment period and is to be used only when such position is clearly a temporary full-time position. A temporary full-time academic year appointment is to be used only under the following circumstances:

1. Replacement of a faculty member on leave;
2. Position is funded by soft money;
3. When the college is unable to meet its affirmative action goals with available candidates and temporary appointment is needed during the continued search process (said appointment shall not exceed one (1) year);
4. When no candidate meets the minimum qualifications as defined by the college and posted by the System office and a temporary appointment is needed during the continuing search process;
5. When special circumstances exist and agreement is reached by the State local Association President, Grievance Rep., and the Chancellor campus President (said appointment shall not exceed one year).

When a faculty member who has held a temporary full-time appointment for one (1) full academic year is rehired to an unlimited full-time position in the same assigned field, the faculty member shall receive an unlimited full-time appointment rather than a probationary appointment.

G. Temporary Part-Time. A temporary part-time faculty member is defined as a faculty member with a part-time assignment for extra weeks, a quarter, or a summer session. Such employment terminates at the end of the stated appointment period.

H. Hiring Practice. It shall be the normal practice to hire Unlimited Full-Time faculty members unless special circumstances, as identified in "F" above, suggest that this would not serve the best interest of the college.
The normal practice shall be to hire a full-time faculty member in a field after three successive quarters in which sufficient demand in the offerings in a field has been equal to or greater than an assignment to a full-time faculty member. Exceptions to this provision (previous sentence) may be made only in the following situations:

1. A faculty member at the college who has received a layoff notice wishes to retrain for the position.

2. Some of these offerings were short courses or seminars of less than a quarter in duration and were not intended to be offered on an on-going basis as a part of the regular curriculum. After the credits generated by such courses have been excluded, if sufficient credits to offer a full-time position exist, such a position will be posted.

3. The course offerings in an occupational field require special expertise in more than one area, a search has been conducted, and no candidate has met the posted qualifications. In such case, an annual internal posting will be made within the Community College System.

4. When special circumstances exist and agreement is reached by the State Association President and the Chancellor or Chancellor's designee. Said agreement shall end at the end of each year unless renewed.

It shall also be normal practice to hire a minimum number of temporary part-time faculty members by combining their assignments to the maximum amount feasible. Unless specified in writing at the time of employment, each faculty member will be presumed to be a full-time faculty member.

Section 2. Evaluation. Faculty evaluation procedures shall be established by each of the colleges and shall be in compliance with Board Policy VI.07 Evaluation (7/10/86).

Section 2.3 Faculty Movement Between Colleges and Claiming Vacant Positions.

Subd. 1. Notification. Notice of full-time vacancies of at least one year in each college shall be sent to the Chancellor's office at the same time that the vacancy notice is distributed to other agencies. The Chancellor or designee shall distribute vacancy notices to the colleges for posting on the official bulletin board simultaneous with any external advertisements or postings. Copies shall also be sent to Local Faculty Association Chapter Presidents and State Association President or designee. No unlimited full-time position shall be offered until at least fourteen (14) calendar days have elapsed after posting at the college, except if an emergency has arisen and the Chancellor and the State Association President have mutually agreed to an exception.
Subd. 2. Claiming Vacant Positions.

A. Unlimited Full-Time. Current faculty members may claim vacant unlimited full-time positions for which they are qualified in the following order:

1. Faculty members who have been notified of layoff.

2. Unlimited faculty members in the order of seniority who are employed in an assigned field at a college in which a faculty member is on notice of layoff.

B. Unlimited part-time faculty members who have received notice of lay-off may claim vacant part-time assignments for which they are qualified, at the college from which they are laid-off, in order of seniority. Upon mutual agreement between the State Association and the System Office, current unlimited part-time faculty may be granted an unlimited full-time position at their college which includes their current part-time assignment. Unlimited part-time faculty whose actual assignment exceeds 80% for 2 consecutive academic years shall be granted an unlimited full-time position at their college which includes their current part-time assignment if there are no eligible unlimited full-time faculty on layoff who claim the position.

Subd. 3. Claiming Vacant Position Procedure. Faculty members wishing to claim a vacant position must notify the Chancellor or designee of their intent to do so in accordance with the time-lines specified on the vacancy notice.

Subd. 4. Applying for Vacant Position. An Unlimited full-time or part-time faculty member who has not received a layoff notice and does not qualify to claim a vacancy under Subd. 2. and who is an applicant to fill an unlimited full-time vacancy shall be invited for an interview and shall be considered for filling the vacancy. Unlimited faculty who apply for vacant positions shall do so by letter to the Chancellor or Designee within the posting period. The Chancellor or Designee shall notify the college where the vacancy is posted of those unlimited faculty who must be provided with an interview. Notification to faculty who are not successful applicants shall be sent prior to the announcement of the name of the successful applicant.

Section 3. 4 Exchange Status and Faculty Transfer.

Subd. 1. An exchange status of up to two years shall be granted to a faculty member, upon application by the faculty member and approval by College Presidents, for the purpose of participating in an exchange program. This status may be granted to faculty members who have arranged to exchange positions within the Minnesota Community College System and to a faculty member who has arranged to exchange positions with a faculty member in a system other than the Minnesota Community College System.
The Employer shall continue its exchange faculty member under the System's salary schedule, and all rights and privileges of that faculty member shall continue in effect during the exchange period.

Faculty members who exchange positions within the System shall be carried on the payroll of the original college, and the allocation of funds to support the positions shall be made to the original college.

Subd. 2. A full-time unlimited faculty member may apply for a temporary transfer to any temporary full-time position. Such transfer shall be subject to the approval of the college presidents. Upon termination of the temporary position, the faculty member shall be returned to his/her previous position. The faculty member shall retain and accrue seniority at the college from which the temporary transfer took place.

Section 4. 5 Change in Position Status. The Board reserves the right to offer to members of the bargaining unit, positions excluded from the bargaining unit. When administrative positions are advertised, notices of such vacancies shall be posted at each college simultaneous with any external advertisements or postings. No faculty member shall be required to accept such a position.

Faculty members returning from non-bargaining unit positions to positions covered in the bargaining unit shall have their seniority restored to the level earned at the time they left the unit. Other rights and benefits shall be restored as though they had continued in the bargaining unit during the time they held the non-bargaining unit position.

Section 5. 6 Layoffs. Layoffs of Unlimited faculty members may occur only when necessary for bona fide, good and sufficient reasons.

A. If a layoff is contemplated by the college administration, the faculty member on the Unlimited Full-time seniority roster (including those granted Unlimited Part-time status, prior to June 30, 1987) who is to be laid off shall be notified of the impending layoff during the fall quarter of the year previous to the year at the end of which the faculty member's service to the college will be terminated. The administration shall provide both the Association and the faculty member affected a written summary of the circumstances giving cause to the layoff and of the alternatives to layoff which have been considered.

B. Unlimited part-time faculty members, except those referenced in A. above, shall be notified in writing of impending lay-off by the 30th day of the quarter to be effective at the end of the subsequent two quarters and is subject to the EOV language contained in Article VI.
C. Any unlimited faculty member referenced in A. above who has received a written notice of layoff shall be granted up to three (3) quarters or the equivalent of paid release time for the purpose of retraining. If adequate retraining can be completed in less than three quarters, release time shall be granted only as needed. The arrangements and schedules for each release time shall be subject to the mutual agreement of the faculty member and the college president.

D. Layoffs shall be based on inverse seniority within the "assigned field/designated assignment" and a faculty member shall not be laid if a less senior faculty member in the college holds a position for which the first faculty member has greater seniority. Probationary faculty members in the assigned field shall be terminated before any unlimited faculty member is laid off. Unlimited part-time faculty shall be laid off based on inverse seniority within the "assigned field/designated assignment" prior to any unlimited full-time faculty member, except those unlimited part-time faculty referenced in A. above.

E. In the case of a substantial reduction in funds available to the State Board for Community Colleges every effort shall be made to equalize the effect of the reduction on all staff classifications in the System.

F. No layoffs shall be made if the college continues to employ unclassified part-time faculty members who are providing bargaining unit work in the faculty member's assigned field(s).

G. For a period of 3 years a laid off unlimited full-time or unlimited part-time faculty member referenced in A. above may claim any bargaining unit vacancy in any of the Minnesota Community Colleges for which she/he is qualified. For a period of two years a laid off unlimited part time faculty member may claim any part-time assignment at the college from which she/he is laid off and for which she/he is qualified. If more than one laid off faculty member claims a particular vacancy, the most senior shall receive the job.

H. The Chancellor's designee shall notify all unlimited full-time or unlimited part-time laid off faculty members referenced in A above of all full-time vacancies within the system as soon as positions are open. The laid off faculty member who wishes to claim a vacancy must so notify the Chancellor's designee in accordance with reasonable time lines as established by the System. Once a faculty member on lay-off has claimed and been awarded a vacancy within the System, the claimed position may not be withdrawn.

I. The laid off unlimited full-time or unlimited part-time faculty member referenced in A. above shall file, with the Chancellor or designee, no later than the effective date of lay-off, a statement defining the locations and minimum percentage part-time position, within the Community College System, that would be
accepted. Those laid off faculty members who have filed such statements shall be notified of all acceptable part-time vacancies for which they are qualified. The faculty member may reject such part-time offer with no penalty. If the faculty member claims the part-time position, the faculty member shall not forfeit any Unlimited faculty member rights, shall be considered to be on the layoff list, and shall be entitled to all rights of laid off faculty members.

J. If a faculty member has claimed a position within the System as provided for in Section 2,8 Subdivision 2 and Section 5 6, -F G, above, and the faculty member's original position is re-instated, said faculty member shall have the first right to reclaim such position.

K. The Minnesota Community College System shall provide upon request consultation on retraining and transfer for faculty members who have received layoff notices.

L. A faculty member who has more than one "assigned field," may be by-passed for the purpose of lay-off, when she/he has adequate seniority in another assigned field(s) and sufficient work load is available in such field(s) to retain full-time employment. When this occurs, the faculty member may not be assigned to teach in the assigned field where the lay-off occurred until such time that the laid off faculty member has claimed another full-time unlimited position, had their lay-off rescinded, resigned, or had their 3 year claiming rights expire, whichever comes first. When the more senior faculty member has provided notification of intent to claim part-time vacancies pursuant to Section 5.H. above, she/he shall be offered all available assignments for which she/he is qualified prior to the assignment of the less senior faculty member who was by-passed. If the more senior laid off faculty member rejects an offer to claim such assignments, the by-passed faculty member may be reassigned in that field(s). The by-passed faculty member shall not be eligible for re-training as provided in Section 5. C. above. In the event it is later determined by the administration that a lay-off is needed in the by-passed faculty member's other assigned fields(s) and that faculty member is given the layoff notice, any grievance appeal of such layoff shall be limited to the current circumstances in that assigned field.

Section 6.7 Resignation. An unlimited faculty member may automatically terminate employment by submitting two months written notice of resignation to the College President. Granting releases to faculty members at other times will be at the discretion of the Employer.
Section 1. Seniority Defined. Seniority of a faculty member shall be determined by figuring the total FTE length of continuous Probationary and Unlimited full-time or Unlimited part-time service in the faculty member's designated assignment/assigned field(s) since the faculty member's starting date in the designated assignment/assigned field. The starting date of a faculty member shall be the beginning of the quarter when a faculty member started Probationary/Unlimited Full-time or Unlimited part-time service in the designated assignment/assigned field in a Minnesota State Community College.

After July 1, 1969, when temporary faculty members become probationary or unlimited full-time or part-time faculty members, their seniority shall be calculated by including their service prior to the change in status in the following manner:

A. For faculty members who have been employed continuously (at least one quarter per academic year), their seniority shall include their total accumulated temporary service on a pro rata basis at the college.

B. For faculty members who have not been employed continuously, their seniority shall include their total accumulated service after July 1, 1974, on a pro rata basis at the college.

All faculty members granted unlimited part-time status after July 1, 1987, shall have their seniority status maintained on a separate roster from unlimited full-time faculty.

Faculty members may request seniority recalculations within sixty (60) calendar days after distribution of the contract. The employer shall respond no later than sixty (60) calendar days after the deadline for submission by faculty members.

The assigned field of a faculty member shall become official when the field(s) appear(s) on the list maintained in the Chancellor's Office, a complete and accurate copy of this list shall be made available to the MCCFA upon request but not later than November 1st of the academic year. Upon initial hiring a written notice of the assigned field shall be sent to the faculty member and a written notice of any change in assigned field shall be sent to the faculty member. If subsequent to a faculty member's start of Unlimited service in the faculty member's initial assigned field, another assigned field is/was approved for such faculty member, the seniority in this assigned field shall start at the beginning of the quarter when such assigned field was approved.

Once an assigned field is approved and established for a faculty member, the faculty member continues to accumulate seniority in that field for as long as the faculty member remains as an Unlimited faculty member in the System, except when a faculty member accepts or transfers to a position at another college. A faculty member on lay-off who claims a vacancy at another college shall retain seniority only in the assigned field(s) of the vacancy claimed.

(49)
For purposes of seniority, all Minnesota Community Colleges shall be considered to have the same starting date for comparable quarters. Where two or more faculty members have the same seniority, their relative position shall be determined by using the following criteria in the order listed:

A. The faculty member with the greater total employment in the Minnesota Community College System, including temporary employment on a pro rata basis, shall have the greater seniority.

B. The faculty member with the higher number of graduate credits in the assigned field shall have the greater seniority.

C. If after consideration of A, and B, a tie still exists, the tie shall be broken by lot.

In relation to seniority in an assigned field at one campus, ties in seniority shall be broken at the time of employment. In relations to two or more faculty members claiming a vacant position, ties in seniority shall be broken at the time of claiming.

Seniority shall be broken by resignation, retirement, failure to return from an authorized leave of absence, or failure to return from a layoff. An Unlimited Full-time or part-time faculty member who is placed in a temporary part-time status shall not be considered to have had a break in service during the period of part-time status.

A faculty member who has not been notified of layoff but who accepts a position in another college shall retain system wide seniority for purposes of claiming positions in the future, salary schedule placement, and sabbaticals. Such faculty member's seniority at the new college shall be limited to the length of service in the faculty member's assigned field(s) at the college.

Section 2. Assigned Field(s) of Faculty Members. The original assigned field of instructors, or counselors, or librarians shall be the field for which the faculty member was hired as approved by the Chancellor or designee. Upon initial hiring, the college shall provide the faculty member with written notice of the assigned field. An additional assigned field(s) may be added, by the Chancellor or designee, under the following provisions:

A. Initial Hire

As part of the original assigned field when the assignment is verified by the college to include at least six (6) credits per quarter for four quarters within the first two (2) academic years, the College President verifies that the assignment will continue, and the faculty member meets the criteria defined in Appendix C.
B. Subsequent to Initial Hiring.

As an additional assigned field when a faculty member has completed four quarters within two (2) consecutive academic years of at least six (6) credits each in the requested assigned field, the college president verifies that the assignment will continue, and the faculty member meets the criteria defined in Appendix C.

C. A faculty member shall not be granted an initial or subsequent assigned field at a college if another faculty member is on notice of lay-off or on lay-off in that assigned field at the college.

GRIEVANCE PROCEDURE

Section 1. Complaints. Definition: A complaint is an informal claim by a faculty member, or group of faculty members in the bargaining unit or by the Local Association of alleged improper, unfair, arbitrary or discriminatory treatment. A complaint may constitute a grievance, if not mutually resolved and if the complaint falls within the definition of a grievance. Complaints shall be processed only through the informal procedure for handling complaints as herein set forth.

Section 2. Informal Procedure for Handling Complaints. Any faculty member in the bargaining unit either with or without the Association grievance representative on the campus may orally present and discuss a complaint on behalf of any faculty member or group of faculty members with the community college officer involved to whom the faculty member or group of faculty members is responsible, and it shall be entirely informal. Any settlement, withdrawal, or disposition of a complaint at this informal stage shall not constitute a binding precedent in the settlement of similar complaints or grievances.

No complaint can become a grievance until it has gone through the informal procedure for handling complaints.

Section 3. Grievances. A grievance is defined as a dispute or disagreement raised in writing by a faculty member or the Association against the Employer involving the interpretation or application of the specific provisions of this Contract or application of a rule or regulation affecting terms and conditions of employment in other than a uniform manner or other than in accord with the provision of the rule or regulation.

Grievances as defined shall be processed in the following manner on a uniform grievance form furnished by the Employer. No reprisals of any kind shall be taken against a faculty member for participating in a grievance.
Section 4. Grievance Steps.

Step 1. If a complaint, which has gone through the Informal Procedure for Handling Complaints and has not been resolved at that level, falls within the definition of a grievance, a grievance may be filed on the official grievance form supplied by the Employer. No grievance shall be entertained or processed unless it is submitted within twenty (20) working days after the first occurrence of the event giving rise to the grievance, or within twenty (20) working days after the faculty member through the use of reasonable diligence should have obtained knowledge of the first occurrence of the event giving rise to the grievance. If such event occurs during the summer when the faculty member involved is not on duty, the first day shall be deemed to be the first day of duty in the succeeding academic year. The written grievance signed by both the faculty member and the Association grievance representative on the campus in the individual faculty member grievances, and the Association grievance representative on the campus alone in Association grievances, shall set forth the nature of the grievance, the facts on which it is based, the alleged violation, and the relief requested. The College President or designee shall discuss the grievance within five (5) working days with the Association grievance representative on the campus at a time mutually agreeable to the parties. If the grievance is settled as a result of such meeting, (not necessarily at the meeting, may be after the meeting), the settlement shall be reduced to writing and signed by the College President or designee and the Association grievance representative on the campus. If no settlement is reached, the College President or designee shall give the Employer's written answer to the Association Grievance representative on campus within five (5) working days following their meeting and shall also forward a copy to the Chancellor. A grievance, for action which does not occur at the college where the grievant is employed, shall begin at step 2 of the grievance procedure.

Step 2. If the grievance is not settled in Step 1 and the Association desires to appeal, it shall be referred by the State Association in writing to the Chancellor or designee within ten (10) working days after the designated College President's answer in Step 1 is due. A meeting or discussion between the Chancellor or designee and the State Association Representative shall be held within ten (10) working days at a time mutually agreeable to the parties. If the grievance is settled as a result of such meeting, the settlement shall be reduced to writing and signed by the Chancellor or designee and the State Association representative. If no settlement is reached, the Chancellor or designee shall give the Employer's written answer to the State Association within five (5) working days following the meeting.

Step 3. If the grievance is not settled in accordance with the foregoing procedure, the State Association may refer the grievance to arbitration within seven (7) working days after the answer of the Chancellor or designee in Step 2 by serving written notice of same to the Commissioner of Employee Relations with a copy to the Chancellor or designee. The parties shall attempt to agree upon an arbitrator within five (5) working days after receipt of notice of referral, and in the event the parties are unable to agree upon an arbitrator within

The members of the permanent panel shall be selected by the following method: The State Association and the State Negotiator shall each submit a list of three arbitrators until agreement is reached on a permanent panel. Vacancies on the panel that arise during the term of this agreement shall be filled by mutual agreement or by each party submitting lists of three arbitrators, until a replacement is agreed upon.

Section 5 6. Arbitrators' Authority. The arbitrator shall have no right to amend, modify, nullify, ignore, add to or subtract from the provisions of this Contract. The arbitrator shall consider and decide only the specific issue submitted in writing by the Employer and the State Association, and shall have no authority to make a decision on any other issue not so submitted. The arbitrator shall be without power to make decisions contrary to or inconsistent with or modifying or varying in any way the application of laws and rules and regulations having the force and effect of law. The arbitrator shall submit in writing the decision within thirty (30) days following close of the hearing or the submission of briefs by the parties, whichever is later, unless the parties agree to an extension thereof. The decision shall be based solely upon the interpretation or application of the express terms of this Contract and to the facts of the grievance presented. The decision of the arbitrator shall be final and binding on the Employer, the Association, and the faculty members.

The fees and expenses of the arbitrator shall be divided equally between the Employer and the State Association; provided, however, that each party shall be responsible for compensating its own representatives and witnesses.

Section 6 7. Time Limits. If a grievance is not presented within the time limits set forth above, it shall be considered "waived." If a grievance is not appealed to the next step within the specific time limit or any agreed extension thereof, it shall be considered settled on the basis of the Employer's last answer. If the Employer does not answer a grievance or an appeal thereof within the specific time limits, the Association may elect to treat the grievance as denied at that step and immediately appeal the grievance to the next step. The time limit in each step, except the time limit for filing the grievance in Step 1, may be extended by mutual written
agreement of the Employer and the Association, in each step, which extension shall not be unduly withheld by either party. The term "working days" as used in this Article shall mean the days Monday through Friday inclusive (including holidays), but excluding calendar breaks of the academic year.

Section 7-8. Evidence. There shall be no withholding of evidence or information within the knowledge of either party at any step of the proceedings.

ARTICLE XXVII
COMPLETE AGREEMENT AND WAIVER

The parties acknowledge that, during the negotiations which resulted in the Contract, each had the unlimited right and opportunity to make demands and proposals with respect to any subject or matter not removed by law from the area of collective bargaining, and that the understandings and agreements arrived at by the parties after the exercise of that right and opportunity are set forth in this Contract. Therefore, the Employer and the Association, for the life of this Contract, each voluntarily and unqualifiedly waives the right, and each agrees that the other shall not be obligated to bargain collectively with respect to any subject or matter referred to or covered in this Contract.
