PREAMBLE

This Agreement is entered into this 19 day of September, 1991, by and between the School Board of Clay County, Florida, hereinafter called the "Board", and the Clay County Education Association, an affiliate of the Florida Teaching Profession/NEA and the National Education Association, hereinafter called the "Association".

WITNESSETH

WHEREAS, the Board and Association have agreed to negotiate in good faith with respect to salaries, hours and all other terms and conditions of employment and, now, having reached an agreement on all such matters, desire to enter into this contract embodying such agreements, and in consideration of the following and mutual convenants, it is hereby agreed as follows:
ARTICLE I
RECOGNITION

A. The Association recognizes the Board as the duly elected representative of the public and agrees to negotiate only with the Board, through its chief executive officer or his/her designee.

B. The Board hereby recognizes the Association as the exclusive bargaining representative for the following unit of employees in the certification instrument (Case No. 8H-RA-754-1011: Certification No. 32) as amended Case No. MS-78-010 issued by the Florida Public Relations Commission on the 17th day of April, 1975 and amended on the 27th day of May, 1980.
ARTICLE II
NEGOTIATION PROCEDURES

A. Matters not specifically covered by this Agreement but of common concern to the parties shall be subject to professional negotiations between them from time to time during the period of the Agreement upon request by either party to the other. The parties agree to cooperate in arranging meetings, selecting representatives for such discussions, furnishing necessary information and otherwise constructively considering and resolving any such matters. Further, each party will submit to the other, at least twenty-four (24) hours prior to the meeting, an agenda covering what they wish to discuss. Should such a meeting result in a mutually acceptable amendment to this Agreement, then the amendment shall be subject to ratification by the Board and the Association.

B. When deemed necessary by the parties, release time will be provided the negotiating committee of the Association to meet during regular school hours for the purpose of reaching an agreement as rapidly as possible. Otherwise, all such negotiations shall be conducted after regular school hours.

C. In any negotiations described in the Agreement, neither party shall have any control over the selection of the negotiating representatives of the other party. It is recognized that no final agreement between the parties may be executed without ratification by a majority of the Board and by a majority of the membership of the Association, but the parties mutually pledge that their representatives shall be clothed with all necessary power and authority to make proposals, counter proposals and make concessions in the course of negotiations. Throughout negotiations, all tentative agreements shall be signed by representatives designated by each party; there will be four (4) signed copies of any final agreement. Two (2) copies shall be retained by the Board and two (2) by the Association.

D. During the course of any negotiations described in this Article, the parties mutually pledge that such negotiations shall be conducted in good faith.

E. Any cost incurred through the cost of a mediator and/or Special Master will be shared equally by the Board and Association.

F. Should any provision of this Agreement be declared illegal by a court of competent jurisdiction, said provision shall become null and void, and shall in no way affect the validity of any other provisions of this Agreement.
ARTICLE III
GRIEVANCE PROCEDURE

A. Definitions
1. Teacher - The term "teacher" as used in this Article shall mean teacher, group of teachers, employee, or group of employees recognized in the bargaining unit as defined in Article I.

2. Work Days - The term "days" as used herein shall mean teacher work days as set forth in the official school calendar as adopted by the Board.

3. Grievance
   a. Any claim by a teacher, or group of teachers that there has been a violation, misinterpretation, or misapplication of the Agreement to which aggrieved teacher(s) is a party, may be processed as a grievance as hereinafter provided.
   b. Any claim by a teacher, or group of teachers that there has been a violation, misinterpretation, or misapplication of any rule, order, or regulation of the Board which affects only the wages, hours, and terms and conditions of employment of the teacher(s) to which the aggrieved teacher(s) is a party, may also be processed as a grievance as hereinafter provided.
   c. Board regulations, rules, or orders not meeting the above criteria will not be grievable.
   d. If such a claim would affect a department(s) within a school, then such claim shall be filed as a "class" grievance.

4. Superintendent - The "Superintendent" as used in the Agreement shall mean "superintendent or designee."

B. Whenever a teacher, class as herein defined, or the Association feel that there is a grievance, the immediate supervisor having authority to correct the alleged violation shall be conferred with on an informal basis no later than ten (10) working days from the occurrence of the event or events giving rise to the grievance in an effort to arrive at a mutually satisfactory solution to the grievance. In the case of an aggrieved employee whose employment has been terminated through resignation, dismissal or non-renewal, such informal conference must take place within the time period specified herein but no later than five (5) work days from the date of termination. When a solution is not mutually determined, the more formal procedure may be initiated in order to resolve the grievance. Grievances shall be conducted in private to the extent permitted by law. The aggrieved teacher shall have the right to request the presence of the Association representative at any step properly initiated in the process by the aggrieved. Nothing in this agreement shall be construed to prevent any teacher from presenting at any properly initiated step his/her grievances in person or by legal counsel.

C. Class Grievance
1. If the particular grievance is a "class" grievance affecting teachers in one school site, a grievance committee made up of the aggrieved teachers with an Association representative and the school administration shall be formed to discuss the problem informally. If this does not result in a satisfactory resolution, the formal grievance procedure shall be initiated at Level I with all aggrieved teachers in the class signing the grievance. The same time limitations and other requirements as set forth for the institution of grievances at Level I shall apply.

2. If the particular grievance is a "class" grievance affecting teachers in more than one site, the grievance shall be processed
directly to Level II and shall be subject to the same time limitations and other requirements as set forth for the institution of grievances at Level I. Such grievance must be presented no longer than ten (10) work days following the informal hearing.

D. Written grievances as required herein shall contain the following:
   1. Shall be signed by the grievant or grievants;
   2. Shall be specific and related to the alleged violation;
   3. Shall contain a synopsis of the facts giving rise to the alleged violation;
   4. Shall cite the section or subsections alleged to have been violated;
   5. Shall contain the date of the alleged violation;
   6. Shall specify the relief requested;
   Any written grievance not in accordance with the above requirements may not be acted upon until submitted in proper form.

E. All documents, communications and records dealing with the processing of a grievance will be considered confidential to the extent permitted by law, and will be filed separately from the personnel files of the aggrieved teacher.

Level I
The teacher shall submit in writing to the principal or immediate supervisor a copy of the grievance presented on the form set forth in Appendix II. Such grievance must be presented within a reasonable time, but in no event longer than ten (10) work days following the informal hearing. The principal or immediate supervisor shall have five (5) work days upon receipt of the grievance to meet with the teacher in an effort to resolve the grievance. The principal or immediate supervisor shall indicate his/her disposition of the grievance in writing within three (3) work days after said meeting, and shall furnish copies thereof to the teacher, to the Association and Superintendent.

Level II
If the grievance is not resolved at Level I, the aggrieved teacher may file an appeal to the Superintendent or his/her designee within ten (10) work days after he/she has received the disposition of Level I. The written appeal shall be attached to the grievance form. After receipt of appeal, the Superintendent or his/her designee shall meet and confer with the aggrieved teacher with a view to arriving at a mutually satisfactory resolution of the grievance. At the conference(s), the teacher, his/her representative, and the representative of the Association, if different from the teacher's representative, must be present. Absence of the Association representative will not prevent the conference(s) from being held if the Association has been given forty-eight hours prior notice. Notice of the conference shall be given also to the principal or immediate supervisor who rendered the decision at Level I. The principal or immediate supervisor may be present at the conference(s) to state his/her views. Within fifteen (15) work days after receipt of appeal, the following shall occur:
   1. A conference shall be scheduled and held.
   2. The Superintendent or his/her designee shall communicate his/her decision in writing together with the supporting reasons to the aggrieved teacher and the Association. The principal or immediate supervisor who rendered the decision at Level I shall also receive a copy of the decision at the same time. Nothing herein shall prevent the grievant from petitioning the School Board for a hearing at a special session or for the Board to initiate a hearing on the grievance.
Level III

If the Association is not satisfied with the disposition of the grievance by the Superintendent, or if no disposition has been made by the Superintendent within the period provided, the Association may file within ten (10) work days, a written notice with the Superintendent or his/her designee that arbitration before an impartial arbitrator is being requested. A request by the Association shall be filed with the American Arbitration Association or Federal Mediation and Conciliation Service within five (5) work days after this notice has been filed with the Superintendent. The rules of the AAA or FMCS will govern the arbitration proceedings. The Board and the Association shall not be permitted to assert, in such arbitration proceedings, any ground or any evidence not previously disclosed to the other party unless mutually agreed upon. Both parties agree that the award of the arbitrator shall be final and binding.

F. General Provisions

1. Any grievance which arose prior to the effective date of this Agreement shall not be processed through these procedures.
2. The affected supervisor shall be warned when a discussion with a teacher is being considered by the employee to be the informal step of this process.
3. A grievance may be withdrawn at any level, but that same grievance may not be filed a second time.
4. The filing of a grievance shall in no way interfere with the right of the Board to proceed to carry out its management responsibilities, subject to the final decision of the grievance.
5. The losing party shall pay all fees and expenses of the arbitration step in this procedure.
6. The time limits provided in this Article shall be strictly observed, but may be extended by written agreement of the parties. In the event a grievance is filed after May 15 of any year, and strict adherence to the time limits may result in hardship to any party, the administration shall use its best efforts to process such grievance prior to the end of the school term or as soon thereafter as possible. Whenever illness or other incapacity of any necessary party prevents his/her presence at a grievance meeting, the time limits shall be extended to such time that the party can be present.
7. Any teacher involved in any manner in any grievance procedures shall not be subjected to any prejudicial treatment because of such participation.
8. It is the mutual intent of the Board and the Association to resolve all grievances at the earliest possible level of the grievance procedure.
9. Arbitration proceedings are to be conducted outside regular working hours unless the Board consents in writing to the contrary. When grievance meetings and arbitration proceedings are held during school hours, all employees whose presence is required shall be excused, with pay, from their normal duties.
10. a. Any party who has filed for arbitration proceedings but who subsequently withdraws such request shall pay all fees assessed by the arbitration agency and/or arbitrator. However, if the respondent and charging party mutually agree in writing to a modification in a Level II determination prior to the arbitration hearing and such modification results in an immediate request by the charging party for withdrawal of arbitration, then the fees assessed by the arbitration agency
and/or the arbitrator shall be shared.

b. The arbitrator shall not have the power or authority to make any decision contrary to law or beyond his/her jurisdiction. The arbitrator shall limit his/her decision to the terms of this Agreement; and shall not add to, subtract from, modify, or alter the terms of this Agreement or School Board Policy.

11. Any grievance initiated through the procedure outlined herein may not be filed a second time.

12. Reasonable accommodation will be made for handicapped School Board employees involved in the grievance process.
ARTICLE IV
ASSOCIATION AND TEACHER RIGHTS

A. The Board hereby agrees that every teacher shall have the right to organize, join and support the Association for the purpose of engaging in negotiations and other concerted activities. Further, the Board will not discourage, deprive or coerce any teacher in the enjoyment of any rights conferred by this Agreement; that it will not discriminate against any teacher with respect to wages, hours, or any terms or conditions of employment by reason of membership in the Association, participation in any lawful activities of the Association, or collective professional negotiations with the Board, or institution of any grievance, complaint or proceeding under this Agreement.

B. When the Association desires to use a school facility for a meeting involving members who may not be located at the affected school, it will submit a written request to the principal at least one (1) week in advance, if possible, to secure permission. If such meeting involves Association members from the affected school only, then a written request to the principal shall be submitted in advance to secure permission. If any special equipment is needed, it must also be included in this request. The Association shall reimburse the Board for those use costs that exceed routine custodial and operating expenses of such school building and equipment.

C. With the approval of the principal, the Association and its representatives shall have the right to use school equipment at reasonable times, when such equipment is not otherwise in use. The Association shall pay for the cost of all materials and supplies incident to such use.

D. Each school principal will designate a space or bulletin board in his/her school in a place which is accessible to the teachers for the Association to post notices of Association activities. The Association is authorized to use the school system teacher mailboxes for communications to teachers. Communications posted on the bulletin board or placed in the mailboxes shall not be slanderous or political campaign material. The Association shall assume the responsibility for placing such communications in the mailboxes. A copy of materials to be placed in the mailboxes shall be submitted to the principal and Personnel Division prior to distribution. All correspondence must include Association name.

E. Duly authorized representatives of the Association, with the approval of the school principal, may be permitted to transact official Association business with teachers on school property as follows:
1. During the teacher’s lunch period.
2. Before and after the teacher’s scheduled day.
3. Visitation as outlined in (1.) and (2.) above must not interfere with or disrupt normal school operations.
4. When an Association representative desires to visit a school, he/she must make prior scheduling arrangements in advance of the visit with the school principal.
5. The Association Faculty Representative will be given an opportunity at the end of each school faculty meeting to make announcements of time, place, and topics of future meetings.

F. The Board agrees to give the Association reasonable access to all public records within its jurisdiction. The Board will make available to the Association a copy of the Discussion and Consent Agendas of regularly scheduled Board meetings and will make every attempt to make available the Personnel Agenda and budget amendments. The Association may make a
request for backup material, when available, of specific items from the agendas. The Board will be supplied with copies of communications delivered to all teachers through school mail with the exception of information regarding membership.

G. The teachers shall be entitled to full rights of citizenship and no religious or political activities of any teacher or the lack thereof shall be grounds for any discipline or discrimination with respect to the professional employment of such teacher. Religious and political activities of individual teachers will not be carried on during the school day.

H. 1. Any teacher who is a member of the Association or who has applied for membership may sign and deliver to the Association authorization to deduct membership dues in the Association. Such signed authorization shall be processed by the Association and delivered by the Association with an accompanying list to the Payroll Office by no later than ten (10) work days prior to the effected pay date. Such list and authorizations shall stipulate the name, social security number, date and amount to be deducted each pay date for the balance of pay periods in the school year. Pursuant to such submission, the Board shall deduct from the teacher's salary check such monies in equal payments beginning the first pay date after proper submission.

2. Such authorization and dues deduction shall continue in effect unless written request by the employee to revoke such authorization is delivered to the Association and the School Board not less than 30 days prior to the effected pay date. The Association will submit the list and signed authorization to the Payroll Office by not later than fifteen (15) days prior to the effected pay date. Such list and authorizations shall stipulate the last date deductions are to be made.

3. The Association shall notify the Payroll Office of any changes in the amount of dues to be deducted with a list as stipulated in paragraph (1.) certified by the President by no later than August 15.

4. The deductions shall be remitted not less frequently than monthly to the Association. Any list or authorization not submitted in the manner specified in this provision shall be returned to the Association for recalculation, new authorizations and resubmission.

5. The Association shall indemnify and save and hold harmless the Board against any and all claims, demands, suits and any other forms of liability that shall arise out of or by reason of action taken or not taken by the Board for the purpose of reliance on any lists, notice or assignment furnished by the Association as it applies to this section.

I. Upon appropriate authorization from the teacher, the Board shall deduct from the salary of any teacher and make appropriate remittance for payroll deduction programs currently in effect. Additional programs may be approved according to the following guidelines:

1. Insurance companies desiring payroll deduction must present at least ten (10) completed applications.

2. The insurance company must be rated A or better in A.M. Best Guide to Life Insurance Companies.

3. Payroll deductions should be allowed employees who transfer into Clay County School System who have tax sheltered annuities on a payroll deduction plan.

4. The computer shall be cleared annually of companies having no participants. These companies may qualify for payroll deduction by
following guidelines set forth above.

J. When it is necessary for the Association President and/or his/her designee(s) to engage in Association activities directly relating to duties of the Association which cannot be performed other than during school hours, or are the result of an emergency situation, the said representative(s) may apply for Personal Leave without pay as is necessary to perform any such activities. Such leave must be applied for in advance, approved by the principal, and approved by the Personnel Division at least one (1) working day prior to the leave date. Approved leave of this type taken by the Association shall not exceed a total of fifteen (15) days per school year. Said days shall be deducted in accordance with School Board policies, and shall be limited to four (4) representatives during any school calendar day. The Superintendent may grant TDE with pay to association representatives to participate with the administration in activities which are deemed to be in the best interest of the school system.

K. 1. Extended Association Leave without pay may be granted to the President of the Association for a period of not less than one school year. Such leave shall be requested at least sixty (60) days in advance of the affected school year.

2. Extended Association Leave without pay may be granted to an officer of the Association or to an employee who is a member of the bargaining unit under the following conditions:
   a. Such employee shall have been designated as an "intern trainee" by the state affiliate or shall be an officer of the state or national affiliate.
   b. Such leave shall be effective for the balance of the school year during which the respective term of office or training period will run.
   c. Documentation shall be provided substantiating the member's status and the request of the appropriate affiliate at least sixty (60) days in advance of the affected school year.

3. At the beginning of the next school year, such employee may return from such leave in the same manner as other employees returning from Extended Personal Leave.
ARTICLE V
MANAGEMENT'S RIGHTS AND RESPONSIBILITIES

A. The Board expressly reserves without limitation all statutory rights, powers and authority conferred upon it and vested in it, including but not limited to inherent and common law management rights, those rights conferred in the Constitution of the State of Florida, Florida Statutes, regulations of the State Board of Education and by federal laws and regulations.

B. It is the right of the public employer to determine unilaterally the purpose of each of its constituent agencies, set standards of services to be offered to the public, and exercise control and discretion over its organization and operations. It is also the right of the public employer to direct its employees, take disciplinary action for proper cause, and relieve its employees from duty because of lack of work or for other legitimate reasons. However, the exercise of such rights shall not preclude employees or their representatives from raising grievances should decisions on the above matters have the practical consequence of violating the terms and conditions of any collective bargaining agreement in force.
ARTICLE VI
PROFESSIONAL DAY

A. Teachers will be allowed a duty free lunch period of not less than twenty-five (25) minutes, or for a period of time no less than the regular time scheduled in each school as lunch period for students, whichever is greater. This lunch time will not include the time necessary for teachers to accompany their classes to the cafeteria if so required.

B. 1. Schedule
The teachers' scheduled day will be seven (7) hours and fifty (50) minutes per day. On planning days, the teachers' scheduled day will be eight (8) hours including one hour of duty-free lunch. The School Board will establish opening and closing times of its schools for both the administration and students which will become the primary schedule.

2. Scheduled Day
The scheduled day for teachers will be determined in advance through mutual agreement between the teacher and the principal. The scheduled hours will not be set in any way to interfere with student contact time. Teachers who are provided a supplemental salary for an extracurricular activity beyond the student day, must conduct such activity after the scheduled day. The total scheduled hours shall not be more nor less than the hours specified in VI.B.1. above. For faculty or other similar meetings, the principal may require the rescheduling of a teacher's day to the primary schedule with advance notice.

3. Early Dismissals
Upon approval of the Superintendent, a teacher may be excused up to forty-five (45) minutes early for the purpose of attending a local university to take graduate studies or attend inservice training sessions, provided no student contact is lost. This time will not be counted against personal leave.

C. Full faculty meetings in each school will be scheduled bi-monthly provided that such meetings shall be cancelled if nothing constructive is to be offered. Such meetings should be as brief and well-planned as possible. Faculty meetings will be scheduled at least one day in advance. Special faculty meetings may be called in an emergency. All efforts will be made to conclude faculty meetings within the seven (7) hour and fifty (50) minute scheduled day.
ARTICLE VII
PREPARATION TIME

A. 1. High school and junior high school teachers will have a preparation/conference time each day equivalent to one (1) class period. This time is in addition to the twenty-five (25) minutes allotted for lunch. Supervised study periods will be considered part of the instructional and supervisory load. Supervisory loads of secondary classroom teachers shall not exceed five (5) class periods in a six (6) period day, or six (6) class periods in a seven (7) period day as long as there is compliance with Article XVI, Class Size.

2. A T. and I. teacher may be scheduled as in paragraph 1. above or to teach two (2) three-hour blocks or five (5) class periods in a six (6) period day depending on student needs. Preparation/conference time may be assigned outside student contact time but during the work day.

B. Elementary teachers will have, whenever possible, thirty (30) minutes of preparation time each day during student contact hours. This period may be planned during the time students are in special classes such as art, music, or physical education. When a teacher serves more than one school per day, preparation time will be scheduled at only one of the itinerant teacher's assigned schools.

C. As may be required by the Clay County Professional Orientation Program, and when deemed necessary by the Support Staff and approved by the principal, the Peer Teacher shall be provided time during the student contact day to perform observations and other duties related to the Professional Orientation Program which cannot be performed at any other time. Every effort shall be made to select the peer teacher on a voluntary basis.
ARTICLE VIII
PROFESSIONAL DUTIES

A. The administration will make every effort to avoid inequitable assignments of supervisory duties, such as bus loading and unloading.

B. Teachers shall attend two (2) functions during the year when advance notice has been given by the principal or supervisor. Attendance at additional non-paid functions shall be voluntary.

C. Observations of a class by persons other than school administrative/supervisory personnel shall be arranged with the school principal. The principal will consult with the teacher involved and notify him/her of the reason and the time of the observation before granting such permission. This section shall not apply in the case of teacher evaluation.

D. Whenever possible, classrooms in which classes are being held shall be free of unnecessary interruptions by intercommunication systems, maintenance, custodian or construction workers or other disturbances.

E. When possible, teachers will be given advance notice equal to five (5) workdays of classroom cancellations due to changes in activity schedules and assemblies.
A. A space in the library will be designated to shelve teacher reference materials.
B. The Board agrees to have supplies and texts available on the first day of school or as soon thereafter as possible.
C. The Board agrees to provide, within budgetary limitations, multi-level and/or multi-text materials in each classroom and grade level.
D. The Board agrees to ensure, within budgetary limitations, that typing, duplicating, stencil and mimeograph, and copying equipment are available to aid teachers in the preparation of instructional materials.
E. The Board agrees to make an effort to provide every teacher with a key (where applicable) to each classroom in which he/she teaches, a desk, a storage space (a filing cabinet will suffice), a lockable closet space (when possible), a chalkboard, a collegiate dictionary in every classroom and a copy of the teacher's edition (if applicable and available) of the text used in each course he/she is teaching.
F. Where at all possible the Board will provide in each school, restroom and lavatory facilities exclusively for use of staff, and at least one room, appropriately furnished and ventilated, which shall be reserved for use as a faculty lounge.
G. Parking facilities shall be provided for faculty use at each school.
H. If space is available in the school, it shall be designated as a conference or work room for necessary parent-teacher conferences.
I. When school is not in session, teachers may be given access to the school by arranging such access with the principal, providing such access relates to the performance of teaching duties.
J. Telephone facilities, toll free to the School Board, will be made available to the teachers, as long as official school business is not obstructed.
K. Custodial services shall be provided by the Board.
ARTICLE X
TEACHER'S AUTHORITY AND PROTECTION

A. The Board recognizes its responsibility to give reasonable support and assistance to teachers with respect to the maintenance of control and discipline in the classroom.

B. The administration will make a reasonable effort to provide a set of procedures (Code of Student Conduct) for handling discipline problems no later than the first week of school.

C. A teacher may impose customary classroom discipline where necessary in cases of minor infractions and may use such force as is necessary to protect himself/herself from attack or to prevent injury to another student.

D. The teacher involved in a student disciplinary case shall be questioned only in the presence of parties involved in the case or involved in the investigation of the case.

E. A teacher may send or escort a student to the office of the principal or designated school administrator, or send for assistance when the grossness of the offense, or persistence of the misbehavior makes the continued presence of the student in the classroom intolerable. In such cases, the teacher shall promptly furnish the principal or his/her designee with full particulars on the problem or incident in writing. Once the teacher has been relieved of the responsibility of the student, it shall be the principal's or designee's responsibility to take action.

F. In the event that a teacher is a victim of physical abuse or threat thereof with use of a weapon or instrument capable of inflicting injury, such circumstance shall be promptly reported in writing to the principal or designated representative. Under such circumstances, the administration will provide assistance to the teacher to deal with outside agencies and shall enforce the Code of Student Conduct with respect to notification, suspension, or expulsion requirements.
ARTICLE XI
GENERAL EMPLOYMENT PRACTICES

A. Discrimination on the basis of age, sex, handicaps, race, religion, national origin, or marital status is prohibited in the employment of personnel.

B. Any teacher employed will be fully certified and shall be assigned only to a position within the scope of his/her teaching certificate. When such fully certified teachers cannot be obtained, a teacher who is fully certified may be assigned to a position outside the scope of his/her certificate, or a qualified substitute may be employed only until such time as a fully certified teacher can be employed.

C. Substitute teachers will be employed for all classroom teachers absent from regular classroom duties, including EH, SLD, and VE, when substitutes are available, and for all elementary P.E., music, and art teachers. Exceptions may be made in programs considered to be "pull out" such as Chapter I, Compensatory Education, and other Exceptional Student Education programs. In an emergency when a substitute cannot be secured, and all other resources have been exhausted, another teacher may be required to cover classes. The substitute shall provide a written report to the teacher of activities covered during the day. Teachers will provide written lesson plans for the substitute and upon return, will submit a written evaluation of the work performed by the substitute.

D. Nothing in this Article shall prohibit the Superintendent from filling any position on a temporary basis or in accordance with statutes, rules, or regulations.

E. Any reemployed teacher who previously held continuing contract or professional service contract status in Clay County may assume a professional service contract, if recommended by the Superintendent for such status.
ARTICLE XII
TRANSFERS

A. For the purpose of this Article, a transfer shall be defined as a change in grade, subject, assignment, class, building, or position. A form shall be required only in the case of transfer between schools or programs.

B. Posting Vacancies
   1. Regular Allocated Positions (Vacancies)
      a. All vacancies declared open for the next school year for positions other than supplemental shall be posted and held vacant for a period of two (2) weeks, but no sooner than April 1 or later than June 30 in the following manner:
         (1) The initial posting of vacancies shall be for a period of two (2) weeks and such posted vacancies shall be held vacant for any in-county teacher who wishes to apply to transfer to vacant positions in any certification area in which he/she currently holds certification. However, in the event a school site is closed or a new school site is opened at the beginning of the school year, the identification of surplus personnel and the exclusion of surplus personnel from this phase of the transfer process shall be implemented only at the close of this initial phase. This exception shall not be construed as to provide any employment rights to the annual contract personnel identified in accordance with paragraph D.1.b. of this article or to any personnel identified for reduction in force in accordance with Article XIV (Reduction In Force).
         (2) After the initial two week posting, all vacancies for which surplus (unassigned) teachers are qualified shall be held vacant until these teachers are assigned.
         (3) Vacancies for which teachers returning from an extended leave are qualified shall be held vacant until these teachers are assigned.
         (4) Vacancies remaining after the placement of surplus personnel and personnel returning from leave shall then be posted and held vacant for a period of two (2) weeks for both qualified in-county personnel who have filed with the Personnel Division a completed transfer request in accordance with district guidelines and out-of-county qualified candidates from the pool.
         (5) Current vacancies will also be posted for informational purposes only on July 15. None of the requirements of this Article shall apply to the July 15 posting.
         (6) Any vacancy of a position which is not a regular classroom position and which occurs after June 30 shall be posted and held open for a period of two (2) weeks except in cases that affect the smooth and continuous operation of the school or department.
   b. Vacancies During the School Year
      (1) Vacancies which occur during the regular school year shall be posted in every school for two (2) weeks on the first (1st) and fifteenth (15th) of each month beginning after September 15 and continuing through the month of May, except in cases that affect the smooth and continuous operation of the school.
      (2) Any vacancy which becomes known to the Personnel Division...
through resignation or emergency and which date of opening occurs before the end of the next regular posting period may be posted at the discretion of the Personnel Division.

2. Supplemental Vacancies
   a. Except where otherwise specified herein, all supplemental positions in a school for the next school year shall be posted within each school for a period of two weeks between April 15 and May 1. Any unfilled secondary supplemental position not unique to that school will be posted for two additional weeks by the school with the opening in all schools in the district. A copy of such posting shall be filed with the Division of Human Resources. After such posting, if vacancies still exist, such vacancies may be posted on the same listing as those noted in Section B.1.a. above and may or may not be related to one of the teaching positions listed in order to complement a school’s need. After this posting, if vacancies still exist, the positions shall be posted and held vacant for a period of two (2) weeks for in-county applicants or out-of-county applicants who are qualified and meet the requirements. Such postings shall not be posted sooner than April 1 or later than June 30.
   b. All supplemental positions which become vacant during the regular school year between September 15 and the end of May will be posted in the school in which the vacancy exists for a period not less than two (2) weeks. Any unfilled secondary supplemental position not unique to that school will be posted for two additional weeks by the school with the opening in all schools in the district. A copy of such posting shall be filed with the Division of Human Resources.
   c. Community Education and Summer Institute positions shall be posted with other supplemental vacancies, but the two week vacancy requirement shall not apply.

3. Distribution of Posting Notices
   a. Except as otherwise provided herein, a copy of all vacancy postings shall be displayed at each work site.
   b. Except as otherwise provided herein, a copy of all vacancy postings shall be forwarded to the office of the Association.

C. Filling Vacancies - Volunteer Transfers

1. Regular Allocated Positions
   a. Each teacher shall be limited to one (1) volunteer transfer in a two (2) year period except at the discretion of the administration. A teacher wishing to seek a transfer to a posted vacancy for which he/she is eligible and qualified shall proceed in this manner:
      (1) Obtain a transfer form as set forth in Appendix III from the Personnel Division or the principal and complete and sign the form as directed.
      (2) One copy of the completed request shall be forwarded to the Personnel Division and one copy to the Association. The teacher shall retain the original and one (1) copy.
      (3) If agreement for the transfer is reached between the parties, the gaining principal shall sign the transfer form and forward both copies to the losing principal for his/her signature. The losing principal shall then forward the completed forms to the Personnel Division. If the transfer request is disapproved by a principal, that principal shall forward the forms to the Personnel Division.
      (4) The teacher will be notified in writing by the Personnel
Division of the decision.
(5) Final approval will rest with the district office.
b. Identification of Qualified Transfers
(1) The principal of the school having the posted vacancy shall give due consideration to qualified and eligible in-county applicants. No action, formal or informal, with the exception of interviews, may be initiated on the placement of qualified eligible in-county or out-of-county applicants to a posted vacancy prior to the end of the posting period except where otherwise stipulated.
(2) Due consideration shall be defined as taking into account the results of an interview, certification, experience, professional references, or other bona fide occupational qualifications.
(3) If a position is filled by a transfer applicant, the decision to select such applicant will be based on qualifications. If qualifications are the same for two (2) or more individuals, then length of service in the district shall determine the priority for consideration. For positions posted after April 1 for the next school year, transfer requests which are made before the last day of the teacher's school year, shall only require approval of the gaining principal before such transfer is submitted to the Personnel Division for final consideration. The losing principal may request a review of any such proposed approval to the Superintendent on the grounds that such approval would be detrimental to the program of the school. Such grounds may include possible loss of accreditation or other such dire program concerns. The grounds for the appeal and input from the gaining principal and teacher will be reviewed. After the close of the school year, approval by both the losing and gaining principals shall be required before such transfer is submitted to the Personnel Division for final consideration. The Personnel Division shall return copies of the approved or disapproved transfer request to both principals, the transfer applicant and to the Association.
(4) After filling a vacant position, the principal will notify, in writing, all applicants as soon as action is taken.
(5) A transfer request shall no longer be considered active after action has been taken on filling the vacant position.
2. Supplemental Positions
a. The procedure for applying for transfer to a posted supplemental vacancy shall be the same as that in Section C.1.a. above for teachers wishing to transfer to a supplemental position related to a posted regular teaching position. If a teacher wishes to apply for the supplemental position only, the teacher should seek an interview with the principal of the school with the vacancy.
b. At the close of the posting period, the principal may submit a recommendation for filling a supplemental position to the Personnel Division and should notify the in-county applicants in writing of the action taken.
D. Involuntary Transfers - Change in Allocations/Programs/Needs Not Affecting County-Wide Total
1. Identification of Affected Personnel
a. When a reduction in the allocation of teachers in a school or subject area within a program in a school is necessary, the Association shall be presented a list of teachers in the affected school showing the teachers' rank, status, classification as described in Article I, and years of experience in Clay County public schools and Florida public schools. Teachers affected shall be identified on the basis of certification and uninterrupted length of service in the district. Teachers shall be listed in the following order:
(1) First to be listed: volunteers from the affected area in the school.
(2) Second to be listed: out-of-field personnel from the affected area in the school.
(3) Third to be listed: least uninterrupted length of service in the district from the affected area in the school.

b. In the event continuing contract personnel are listed in the paragraph above, the same number of annual contract personnel as the number of continuing contract personnel listed shall be bumped in order of district seniority provided these annual contract personnel have the same qualifications as the listed continuing contract personnel.

c. When a reduction in the allocation of teachers in a subject area or grade level within a school is necessary after the beginning of the school year, only teachers in the specified subject or grade level will be affected by the procedures in paragraph D.1.a. above.

d. Should a teacher who has an athletic coaching supplemental position wish to resign any coaching position, that individual shall automatically be identified as surplus. Should the principal decide not to advertise the position as a teacher/coach combination, then the teacher identified as surplus from that position may be returned to that position at any time before its posting as a vacancy, as long as the teacher remains qualified. This paragraph will be effective for those teachers who are appointed to their first athletic coaching position after December 15, 1987.

2. Placing Unassigned Personnel
   a. Teachers listed for involuntary transfers as indicated in paragraphs D.1.a.b.c. and d. above shall be placed in vacant positions for which they are qualified in the following order:
   (1) Qualified continuing contract personnel.
   (2) Qualified personnel identified in D.1.d. above.
   (3) Qualified annual contract personnel.
   (4) Qualified bumped annual contract personnel.
   The placement of these personnel shall be in reverse order of their listing.

b. Continuing contract personnel shall be placed in a position for which they are qualified, or if none is available, in a position considered out-of-field before annual contract personnel are placed.

E. Special Provisions
1. The foregoing shall not be construed in such a way as to prohibit involuntary transfers for specific reasons. The Superintendent shall not be prohibited with the consent of the Board from transferring employees when the Superintendent determines it is in the best interest of the school system.
2. When special talents or expertise are needed for the implementation of a new program but are not found in the present employees, the proposed plans should be made known and present employees given an opportunity to qualify for the new position.
ARTICLE XIII

   c. Uninterrupted seniority in the district.

   b. Teachers who have not taught one (1) year in the subject within the past three (3) years or is not assigned to teach the subject for the next school year.

A. Layoff
1. If a layoff in the number of staff county-wide is determined to be necessary, the Board shall determine the subject areas, programs, or grade levels to be affected and the number of positions to be reduced and will notify the Association of such determinations before implementing such reduction.
2. If a teacher is not recommended for reemployment for the next school year due to the reason of reduction in the number of teaching positions, the following procedures shall apply:
   a. Annual contract teachers shall be the first to be affected after consideration of their educational qualifications, certification, and seniority.
   b. Should the Board have to choose from among its personnel who are on continuing contract or professional service contract as to which should be affected, the order of reduction will be according to seniority and educational qualifications.
   c. Seniority shall be defined as length of uninterrupted service in the district.
   d. For the purposes of this Article, service shall not be deemed to be interrupted by any leave granted and approved pursuant to this agreement or law.
3. In the event of layoff pursuant to this Article, leave of absence without pay may be applied for and when approved, granted to any and all teachers affected. These leaves of absence shall not prohibit the teacher from seeking and accepting gainful employment elsewhere; and shall not be terminated for that reason except on written request of the teacher. During said leave of absence, such teacher's seniority will not be affected and his/her accumulated leave days shall not be cancelled but shall remain credited to him/her pending his/her return to a teaching assignment in the district unless such leave has been transferred to another Florida County by request of the teacher.
4. Any teacher who would have qualified for retirement during the reduction-in-force year shall be permitted to teach that year so as to acquire needed service.

B. Recall
1. The Board shall determine the subject areas, programs, or grade levels and the number of positions in which recall will be made and the number of teachers to be recalled.
2. If a vacancy occurs in a bargaining unit position, including newly created positions, laid off employees who hold proper certification to perform the duties of the position in question will be recalled in reverse order of the layoff.
3. No new teacher shall be hired in a terminated teacher's subject area or grade level until all fully qualified terminated teachers from that subject area or grade level have been recalled or have declined or failed to accept recall.
4. Each teacher shall notify the district Personnel Division in writing of an address to which a letter or recall may be sent.
5. A letter of recall shall be mailed to the teacher by certified mail, return receipt requested. Enclosed with the letter of recall shall be a list of position(s) which is (are) vacant. Within ten (10) calendar days of the date of the mailing of such letter, the teacher shall notify the district Personnel Division in writing whether
he/she will accept reemployment. Failure to accept recall within the required time limit automatically terminates the teacher's right of recall.
ARTICLE XV
LEAVES

A. Terms

1. Leave granted by the School Board shall be taken by the individual for the purpose for which it was requested and granted. A teacher who is granted sick, extended sick, child care, maternity, illness-in-line-of-duty, or personal leave shall not accept full-time employment while on such leave of absence. This condition may be waived by action of the Board. A teacher who has been absent for 10 consecutive days or for 15 days in a 20 work day period for the same or related cause shall request the appropriate extended leave of absence in accordance with the rules set forth in this Article. Should such teacher fail to provide sufficient documentation to be eligible for the appropriate extended leave, the School Board shall place such teacher on extended personal leave for the balance of the school year. Teachers may be granted up to two (2) consecutive years of extended leave if such request is filed and approved in the manner set forth in this Article.

2. Teachers who want to return from extended leave which terminates at the close of the school year shall notify the Personnel Division in writing by March 1 of the school year for which leave was granted. If leave is granted after March 1, this written notification of the desire to return shall be submitted with the leave request. Upon return from leave which terminates at any time during or at the end of the school year, reassignment to a vacant position will be based on seniority to a vacant position in which he/she is qualified, provided that the teacher holds a continuing contract or professional services contract. The School Board shall not be responsible to any teacher who fails to submit such request in writing as specified above.

3. A request for an extension of an approved extended leave or for a second extended leave in the same school year shall be considered by the Board on a case-by-case basis. Where, in its discretion, the Board determines such repeated leave requests by the teacher are detrimental to the best interests of the students, such leave may be granted only for the remainder of the school year. It will be considered a single leave request when child care leave is requested subsequent to and consecutively taken after maternity leave, if notice is given with the maternity leave request that child care leave will be requested. The Board shall not be responsible for reinstatement of a teacher to any vacant position except as otherwise provided herein.

4. Teachers who are denied leave of any type shall be given the reason(s) and rationale for such denial when action is taken.

5. "Full-time" as used in this article shall mean six-tenths (.6) or greater allocated position.

B. Short Term Leaves

1. As used in this section, one day of short term leave for the purpose of accrual and use shall mean to be the equivalent in hours.

He/she shall be entitled to four (4) days of sick leave as of the first day of employment of each contract year and shall
thereafter earn one day of sick leave for each month of employment, which shall be credited to him/her at the end of that month and which shall not be used prior to the time it is earned and credited to him/her. Each teacher shall be entitled to earn no more than one day of sick leave times the number of months of employment during the year of employment. If the teacher terminates his/her employment and has not accrued the 4 sick days available to him/her, the School Board may withholding the average daily amount for the sick days utilized but unearned by the teacher. Such sick leave shall be cumulative from year to year. There shall be no limit on the number of days of sick leave a teacher may accrue except that at least one half of this cumulative leave must be established within the district. Teachers are responsible for requesting that accumulated sick leave earned in another county be transferred to the district. Transferred sick leave will be posted on the record of the teacher at the rate of one day for each day earned in the district. Before receiving compensation for the time absent on sick leave, teachers shall file an official leave form stating the day or days absent. The administration shall provide this form upon the teacher's return. Teachers shall not be required to state reasons or nature of illness for sick leave. Sick leave must be substantiated by a physician's statement if it is requested either by the principal or the Superintendent, when such administrator has reasonable suspicion that an employee has a problem which relates to attendance.

3. Personal Leave With Pay
Five (5) days leave per year may be used for the teacher's personal business. Leave of this type is noncumulative and chargeable against accrued sick leave. A teacher planning to use a personal leave day or days shall notify and gain the approval of his/her principal using the appropriate form at least twenty-four (24) hours in advance. Such illness or injury must be certified by both his/her principal and a physician, then forwarded to the Superintendent for his/her recommendation and submission to the Board for approval or disapproval. Except for worker's compensation claims, a teacher who has any claim for compensation under this section while absent because of illness contracted or injury incurred as prescribed herein shall file a claim by the end of each month during which such absence occurred. The Board shall approve such claims and authorize the payment thereof, provided that the Board shall satisfy itself that the claim correctly states the facts and that such claimant is entitled to payment in accordance with the provisions of this section. The use of illness-in-the-line-of-duty leave, shall result in no reduction of the teacher's accumulated sick leave. Such leave shall be authorized for a total of not to exceed ten (10) school days during any school year for illness contracted or injury incurred from such causes as prescribed above.

8. Temporary Duty Elsewhere
Teachers on Temporary Duty Elsewhere shall receive their regular pay and may be allowed expenses.

The completed form must be submitted to the supervisor by the end of the first day the teacher returns to duty in the case of sick, emergency, or illness-in-the-line-of-duty leave. The administration shall provide this form upon the teacher's return. Otherwise the form must be submitted in advance in accordance with the provisions of this Section (B). Leave requests must be filed with the Personnel Division.

C. Extended Leave

1. Leave of this type must be authorized and approved by the School Board. The request with required documentation must be on file with the Personnel Division and approved prior to the effective date of leave, and must be in accordance with the provisions of Section A and Section B of this Article. Sick leave days which have been earned or have been granted in accordance with the rules of the Sick Leave Bank may be used during any portion of this leave during which the physician verifies in writing that the teacher is disabled, otherwise, maternity leave shall be without pay.
4. Child Care Leave
Leave without pay may be granted to any teacher for the purpose of the care of a dependent child under the age of two living in the same household. If the dependent child in the same household is over the age of two, an accompanying statement from a physician verifying the need for the teacher to care for the child and verifying the period of time required for such leave must accompany this request.

5. Military Leave
a. Any teacher required as a result of the draft, enlistment, or recall to serve in the armed forces of the United States shall be granted extended leave without pay for such service to a maximum of four (4) years. This may be extended at the request or for the convenience of the federal government or upon authorization of the President of the United States. A teacher returning from such leave shall be returned to employment, without prejudice, provided discharge or release is under honorable conditions, and application for re-employment is filed in accordance with the requirements of federal law. The school district shall employ the teacher returning from such leave by not later than thirty (30) days from the date of the teacher's written application for re-employment. Such teacher shall be returned to his/her former position or to a similar position satisfactory to the teacher and for which he/she is fully qualified.

b. Teachers who are members of the National Guard or Reserves who are called to active military service shall be granted extended leave by the School Board. Such leave shall be with full pay and benefits for the first thirty (30) calendar days. For the 1990-92 school years, the School Board shall supplement the individual in an amount necessary to bring his/her total income, inclusive of the total military income, to the level for which he/she was contracted at the time he/she was called to active military duty and shall continue to provide insurance benefits in the same manner as that provided other full time teachers who are on School Board approved extended leave, so long as he/she remains on active duty. Extended personal leave shall not be granted for more than two (2) consecutive years. Leave for this purpose must be supported by appropriate documentation and the request must be on file with the Personnel Division and approved prior to the effective date of leave.

8. Fitness for Duty/Medical Examination
a. If the Superintendent has reasonable suspicion based upon objective factors to indicate an impairment of performance or productivity rendering the employee unable to safely and satisfactorily perform his/her complete duties and responsibilities, the Superintendent may require the employee to submit to a physical, medical or psychiatric examination or other laboratory tests to determine the employee's fitness to perform the complete duties and responsibilities of the employee's position.

b. Any examination performed under this Article will be performed by a medical physician, psychologist, psychiatrist or laboratory testing facility (where testing for substance abuse) selected by the employee from a list of at least three (3) physicians, psychologists, psychiatrists, or two to five laboratory testing facilities (where applicable) recommended by the district. A copy of the list of laboratory facilities will be provided by the Superintendent to the Association annually and updated accordingly. The written results of the evaluation shall be submitted by the examining physician, psychologists, psychiatrist or laboratory facility to the Superintendent and to the employee. Otherwise, the report will remain confidential. Where the Superintendent receives a medical report that the teacher is infected with or is a carrier of a contagious disease, a medical examination by a public health physician may be required.

c. If the employee disagrees with medical examination results other than substance abuse tests, the employee may, within five (5) working days of receiving the results of the examination, provide the Superintendent with medical or psychiatric verification from the employee's own physician, psychologist or psychiatrist. An employee may not be reimbursed for the expense of any medical, psychological or psychiatric examination conducted by the employee's own physician, psychologist, or psychiatrist.

d. The district will be responsible for all expenses incurred from any district-required medical, psychologists, or psychiatric examination performed by a physician or psychiatrist from the district's recommended list. The district will be responsible for the cost of a confirmation test where initial tests are positive for substance abuse.

e. If the information revealed by the medical examination(s) indicates that the employee cannot safely and satisfactorily perform the complete duties and responsibilities of the employee's position, the Superintendent shall:
(1) Determine whether another position is available for which the employee would be qualified and in which the employee can safely and satisfactorily perform the complete duties and responsibilities of the position. If so, the Superintendent shall offer the employee an opportunity to accept a transfer to such position.

(2) If no such transfer is available or if the employee declines an offered transfer, and if no reasonable means of accommodation is available, the Superintendent shall file a recommendation with the School Board recommending that the employee be placed on compulsory Extended Sick Leave.

(3) When an Employee Assistance Program becomes available, the Superintendent shall consider placement in such program prior to e.(2).

(4) Nothing in this Article shall prevent the district from taking disciplinary action in accordance with Article XVIII of this Agreement.

f. Should the employee's physical or mental impairment be corrected during the term of the employee's compulsory Extended Sick Leave and so certified by the employee's own attending physician, psychologists or psychiatrist, the employee may petition the Superintendent for reinstatement. At this time, the employee will submit to additional examinations under the procedures described in Section C.8.b. of this Article. Based upon the results of the medical examinations, the Superintendent shall file a written recommendation on the petition for reinstatement with the School Board with regard to reinstatement or denial of reinstatement. I hereby authorize that my membership in the United Teaching Profession be considered as continuing for this and future years unless and until written notification and dissolution of this agreement is given by me in the manner prescribed below. I further authorize that any increase in Local, State or National dues that may from time to time occur be automatically applied to my payroll deduction payments as agreed to between the Clay County Education Association and the Board before September 1 prior to the beginning of any membership year.

It is expressly understood that should I desire to drop any of these memberships at some future date, I must notify in writing the President of the Clay County Education Association thirty days before such revocation is to become effective. Failure to give written notification to the Association and failure of the Association to notify the School Board absolves the business office from removing my name from the payroll deduction list.

I understand that the Clay County Education Association will notify the business office of the amounts of annual dues for each school year.
