2000-2002 AGREEMENT

COLLECTIVE BARGAINING AGREEMENT entered into this 11th day of October 2003, by and between the City of New York (hereinafter referred to as the "Employer"), and the Uniformed Firefighters Association of Greater New York, (hereinafter referred to as the "Union"), for the 24 month period from June 1, 2000 through May 31, 2002.

WITNESSETH:

WHEREAS, the parties hereto have entered into collective bargaining and desire to reduce the results thereof to writing,

NOW, THEREFORE, it is mutually agreed as follows:

ARTICLE I - RECOGNITION

Section 1.

The Employer recognizes the Union as the sole collective bargaining agent for the unit consisting of all Firefighters and Fire Marshals (Uniformed) employed by the Employer.

Section 2.

The terms "employee" and "employees" as used in the Agreement shall mean only those persons employed in the titles described in Section 1 of this Article.

ARTICLE II - UNION SECURITY

Section 1.

The Employer agrees that all employees may become and remain members of the Union in good standing.

Section 2.

The Employer further agrees that all new employees hired subsequent to the date of signing this Agreement may become and remain members of the Union in good standing.

Section 3.

It is further agreed that the decision to become or remain members of the Union in good standing shall remain discretionary both with the employees and with the Union subject to the provisions of Section 12-314(a) (formerly Section 1173-10-0a) of the Administrative Code.

Section 4.
A. The Union shall have the exclusive right to the check off and transmittal of dues in behalf of each employee in the unit and the City shall check off and transmit such dues to the Union, all in accordance with the Mayor's Executive Order #98, dated May 15, 1969, entitled, "Regulations Regulating the Check Off of Union Dues" and in accordance with the Mayor's Executive Order #107, dated December 29, 1986, entitled "Regulations Governing Procedures for Orderly Payroll Check Off of Union Dues" and any other applicable Executive Order.

B. The employee may consent in writing to the authorization of the deduction of dues from his wages and to the designation of the Union as the recipient thereof. Such consent, if given, shall be in the proper form acceptable to the City, which bears the signature of the employee.

Section 5.

The parties agree to an agency shop to the extent permitted by applicable law, as described in a supplemental agreement hereby incorporated by reference into this Agreement.

ARTICLE III - WORK SCHEDULE

Section 1.

Working hours of Firefighters shall be in accordance with Section 15-112 of the Administrative Code of the City of New York. It is understood and agreed that under the two-platoon system as herein set forth each Firefighter is scheduled to work in excess of a forty-hour week. To compensate Firefighters for working this specific additional time, each Firefighter shall be excused from one fifteen-hour tour of duty in each calendar year. In the event that a Firefighter does not receive such specific additional time or because of illness or the needs of the Fire Department is unable to take this adjusted tour off during the calendar year, the entitlement may be carried over into and shall be taken during the immediately succeeding year but not beyond.

Section 2.

Firefighters when specifically directed by the commissioner or chief of the department or their respective designated representatives to perform work in excess of "working hours" as noted in Section 1 of this Article III shall be compensated for by cash payment at the rate of time and one-half based on the regular salary for Firefighters for the actual period of overtime worked.

Section 3.

When Firefighters are not continued on duty but are ordered to report for emergency duty from a scheduled off tour or a scheduled rest period, they shall be compensated for a minimum of four hours if not assigned to duty and for a minimum of six hours if assigned to duty. Such compensation shall be by cash payment at the rate of time and one-half based on the regular salary for Firefighters.
Section 4.

Notwithstanding anything to the contrary provided herein, any Firefighter who is recalled to duty after having completed the regular tour of duty but before the commencement of the next regular tour and who is assigned to duty or held without assignment for a period which extends into the commencement of that next regular tour shall receive pay pursuant to the regular overtime provisions of this Agreement only for the actual time so assigned or held, and the same shall be deemed pre-shift overtime.

Section 5.

A. Fire Marshals shall be scheduled to work 2127.6 hours per annum. To the extent that the schedule for Fire Marshals provides for more than 2127.6 hours annually, additional tours off shall be granted to offset the number of additional scheduled hours in each calendar year. In the event that a Fire Marshal does not receive such specific additional time or because of illness or the needs of the Fire Department is unable to take such additional tours off during the calendar year the entitlement may be carried over into and shall be taken during the immediately succeeding year but not beyond.

B. Ordered overtime authorized by the Commissioner or the Chief Fire Marshal as the Commissioner's designated representative which results in a Fire Marshal working in excess of that Marshal's normal tour of duty shall be compensable in cash at time and one-half.

C. When Fire Marshals not continued on duty are ordered to report for court on a scheduled off-tour or a scheduled rest period, they shall be compensated for a minimum of four hours in cash at the overtime rate. The four hours of compensation shall include any travel time to which they are presently entitled.

Section 6.

When Fire Marshals are ordered to work overtime to complete required administrative duties, they shall be compensated for one hour of paid travel time at the rate of time and one-half (1-1/2x).

Section 7.

The Fire Department agrees not to schedule roster staffing overtime on the following tours on the following holidays: New Years Eve: 6 x 9 tour; New Years Day: 9 x 6 and 6 x 9 tours; Easter: 9 x 6 tour; July 4th: 9 x 6 and 6 x 9 tours; Thanksgiving: 9 x 6 and 6 x 9 tours; Christmas Eve: 6 x 9 tour and Christmas Day: 9 x 6 and 6 x 9 tours.

ARTICLE V - JOB DESCRIPTION

Section 1.

The job description for firefighters shall be in Schedule A annexed hereto and made a part hereof as if fully set forth at length.

Section 2.

The current job description for Fire Marshals is annexed hereto as Schedule Aa and if a new job description is issued it shall be deemed to be annexed hereto as Schedule Aa.

Section 2.
Present practice regarding annual leave for Fire Marshals shall continue, except as modified by Sections 1B and 1C of this Article.

Section 3.

A. If an employee does not receive, or because of illness or the needs of the Fire Department, is unable to take all or part of that employee's vacation in a calendar year, that employee may be entitled to carry the unused portion over into and take such unused portion during the succeeding year but not beyond.

B. An employee's annual leave shall be changed to sick leave during a period of verified hospitalization or if that employee is seriously disabled but not hospitalized while on annual leave. The medical leave provided herein shall be administered in the same way as the medical leave program for employees who are not on leave. The Department's decision shall be final in granting leave under this paragraph provided, however, that complaints concerning the refusal of the Chief Medical Officer to change an employee's annual leave to sick leave may be submitted to the Medical Practices Review Committee as complaints pursuant to Article VA, Section 3 of this Agreement.

Section 4.

Excused time accorded to all other personnel employed by the City such as excusals for the Dr. Martin Luther King, Jr. and the Senator Robert F. Kennedy funerals and the Moon Landing Observation Day, shall be granted equally to employees covered by this Agreement. Employees not accorded the day off shall be credited with compensatory time off.

Section 5.

Compensatory days shall be subject to the exigencies of the Department. Where any employee is entitled to receive a compensatory day and is denied the request of that employee's choice of a compensatory day, that employee shall have the right, in accordance with existing procedures, to take such compensatory time subsequently, or, subject to the discretion of the Department, receive cash, at straight time, for the applicable period in which event payment shall be made as soon as possible.
Section 6.

Any employee who is on light duty as a result of a line of duty illness or injury and who has not yet taken that employee's vacation shall not be required to take the vacation while that employee is continued on light duty.

Rescheduling of any such vacation shall be subject to the exigencies of the Department.

Section 7.

Before commencing duty with a new group, a Firefighter who has completed working two 9-hour or two 15-hour tours and who is entitled to a 48-hour or a 72-hour leave shall be permitted to complete the full 48-hour or 72-hour leave.

Section 8.

The Fire Department agrees to make its best efforts to promulgate the vacation chart at least ninety (90) days prior to January 1st of each year.

ARTICLE XII - SAFETY STANDARDS AND EQUIPMENT

Section 1.

The Department shall establish minimum safety standards for all Firefighting and Fire Marshal vehicles, consistent with the standards of the State Motor Vehicle Bureau for comparable vehicles, and shall have annual inspections to insure the maintenance of these standards.

Section 2.

The assigned Engine or Ladder Chauffeurs, in the presence of the House Watchperson, shall notify the Company Officer of defects in apparatus so that an inspection of the apparatus may be undertaken and a recording of the Officer's findings made in the Company Journal pursuant to Chapter 13.2.6 of the Fire Department's Regulations.

Section 3.

When a company receives new equipment, replacement equipment, equipment repaired by the Division of Repair and Transportation, and when equipment is repaired in quarters by a mechanic, the Officer on duty shall inspect such equipment to insure that it is in proper working order. Such officer shall make a signed notation in the Company Journal regarding the results of such inspection.
Section 4.

In selecting chauffeurs and tillerpersons, the Department recognizes the importance of seniority (measured by time in the rank) provided the senior applicant has the ability and qualifications to perform the work. However, the Department's decision is final.

Section 5.

A medical expert designated by the UFA and a representative designated by the Fire Department shall meet to develop procedures to monitor Firefighters and Fire Marshals who may be exposed to hazardous materials.

ARTICLE XIV - FACILITIES

Section 1.

All quarters shall have adequate heating, hot water, sanitary and sanitation facilities and Fire Marshal quarters shall have adequate desks, telephones and locker space.

Notice of any claimed violation shall be given to the Department. If the Department does not correct the claimed violation within a reasonable time the Union may file a grievance at Step III of the grievance procedure.

Section 2.

When it is anticipated that a fire house or Fire Marshal quarters will be without heat (during the heating season), water, power or sanitation facilities for the duration of a tour or longer the Department will relocate affected companies or Fire Marshal units to an alternate location until the condition is corrected.

ARTICLE XV - TRANSPORTATION

The Department recognizes its responsibility to provide transportation to and from fires and in emergencies. When transportation is not made available, and an employee is authorized to use and uses that employee's personal car, that employee shall be paid $1.75 for that use. Payment shall be made within a reasonable time.

ARTICLE XVI - VACANCIES

The Department shall periodically list vacancies in Department Orders. In filling vacancies, the Department recognizes the importance of seniority (measured by time in the Department) provided the senior applicant has the ability and qualifications to perform the work involved. However, the Department's decision is final.
ARTICLE XVII - INDIVIDUAL RIGHTS

Preamble.

It is the policy of the Fire Department of the City of New York to secure for all employees their rights and privileges as citizens in a democratic society, consistent with their duties and obligations as employees of the Fire Department and the City of New York. To further the administration of this policy, the following guidelines are established:

Section 1.

Interrogations, interviews, trials and hearings conducted by duly authorized representatives of the Fire Department shall be conducted during reasonable hours, preferably when an employee is on duty. If an interrogation, interview, or hearing takes place when an employee is not on duty, that employee shall be compensated by cash payment for the time spent, including two hours of travel time, at the rate of time and one-half. If a trial takes place when an employee who is a witness is not on duty, that employee shall be compensated by cash payment for the time spent including two hours of travel time, at the rate of time and one-half. If a trial takes place when an employee who is an accused is not on duty, that employee shall be compensated by cash payment for the time spent, including two hours of travel time, at the rate of straight time, unless the trial was postponed by the accused for that employee's convenience or for the convenience of that employee's counsel and/or that employee's union representative, in which case the accused shall receive no compensation.

Section 2.

At the time an employee is notified to appear for interrogation, interview, trial or hearing at Department headquarters, the Fire Department shall advise that employee either in writing, when practicable, or orally to be later confirmed in writing of (1) the specific subject matter of such interrogation, interview, trial or hearing; and (2) whether that employee is a suspect or non-suspect. If notified orally, the employee shall be given a written notice before the interrogation, interview, trial or hearing.

Section 3.

Notice of trial shall be in writing at least ten (10) days in advance of such trial, unless the employee waives such notice or unless that employee applies or has applied for a service retirement.

Section 4.

The employee who is the subject of interrogation, interview, trial or hearing shall be advised of the name, rank, and unit of the officer in charge of the interrogation, interview, trial or hearing and of the name, rank and unit or other identification of all persons present connected with the interrogation, interview or hearing. The questioning of employees shall be of reasonable
duration and the employee shall be allowed time for personal needs, meals and necessary telephone calls. Offensive or profane language shall not be used, nor shall the employee be threatened for failure to answer questions nor promised anything if the member does answer questions.

Section 5.

When an employee is a suspect in a departmental investigation or trial, the officer in charge of the investigation shall give the employee the following warning before the member is questioned:

I wish to advise you that you have all the rights and privileges guaranteed by the Laws of the State of New York and the Constitution of this State and the United States, including the right not to be compelled to incriminate yourself. You have the right to an attorney present if you wish. I wish to further advise you that if you refuse to answer any questions relating to the performance of your duties, you will be subject to dismissal from your employment with the City. However, if you do answer questions, neither your answers nor any information or evidence which is gained by reason of such answers can be used against you in any criminal proceeding. You are advised, however, that if you knowingly make any false answers or deceptive statements, you may be subject to criminal prosecution and disciplinary action by reason thereof.

Such employee shall be advised of the right to union representation. When the interrogating officer is advised by the employee that the member desires the aid of counsel and/or a union representative, the interrogation shall be suspended and the employee shall be granted a reasonable time to obtain counsel and/or a union representative, which time shall not be less than twenty-four (24) hours.

If it appears that the investigation may result in a disciplinary proceeding based on the employee’s answer to questions or on the employee’s refusal to answer, a stenographic or electronic record of the questioning of the employee shall be made unless the exigencies of the situation prevent such recording.

In the event that an employee is subject to charges by the Department, any such record shall be made available to the employee or the employee’s representative. The cost of the recording shall be shared equally by the parties.

Section 6.

A. An employee shall not be questioned by the Fire Department on personal behavior while off-duty and out of uniform except that the Department shall continue to have the right to question an employee about personal behavior while off-duty and out of uniform in the following areas:

   i. matters pertaining to official department routine or business;
   ii. extra departmental employment;
   iii. conflict of interest;
iv. injuries or illnesses;
v. residency;
vi. performance as a volunteer firefighter;
vii. loss or improper use of department property.

B. If an employee alleges a breach of subdivision A of this section 6, the member has the right to a hearing and determination by the Impartial Panel within 24 hours following the claimed breach.

To exercise this right, the employee must request such determination at the time when an Official of the Department asks questions in an area which is disputed under subdivision A of this section. If the employee requests such determination, the member shall not be required to answer such questions until the Impartial Panel makes a determination.

Section 7.

All employees are reminded that failure to answer relevant questions may result in disciplinary action including dismissal from the Department.

Section 8.

In the course of an investigation or interrogation, an employee who is not a suspect is required to cooperate in the investigation of a complaint. Statements the member has made in the course thereof may not be used against the member in a subsequent proceeding in which the member becomes a suspect.

Section 9.

If an employee is found not guilty in a disciplinary hearing, the record of the proceedings shall not become part of that employee's personal record. An employee who is found not guilty shall have the right to examine that employee's personal record in the presence of an official of the Department after written request to the Department to ascertain compliance.

Section 8.

If the Department fails to comply with the provisions of this Article, any questions put to the employee shall be deemed withdrawn and the refusal to answer any such questions shall not be prejudicial to the employee. Withdrawal as herein described shall not preclude the Department from proceeding anew in the manner prescribed herein.
Section 9.

The employee shall have the right, at that employee's own expense, to have that employee's physician consult with the Department Medical Board after the examination and interview of the employee, but before the Departmental Board completes its record and makes its recommendation. Present practice regarding filing of medical statements and documentation shall continue.

Section 10.

If an employee is subpoenaed to testify before a governmental body up to a maximum of two employees "per day" in a proceeding, the employee shall be compensated by cash payment for the time spent testifying, plus two hours travel time, provided that no compensation be paid unless the employee notifies the Department that employee has received a subpoena within 72 hours after that employee has received it; or as soon as that employee has received it if the return date is within 72 hours thereafter. Any amounts received by the employee as witness fees shall be deducted from compensation received by the employee from the Department pursuant to this Section.

ARTICLE XVIII - GRIEVANCE PROCEDURE

Section 1.

A grievance is defined as a complaint arising out of a claimed violation, misinterpretation or inequitable application of the provisions of this contract or of existing policy or regulations of the Fire Department affecting the terms and conditions of employment. A direct order by a Superior Officer, under all circumstances, must be carried out and objections raised at a later date through the formal grievance procedure. Prior to the formal presentation of the grievance, every effort shall be made to find ways and means of identifying and removing the cause of the grievance by discussions with the employee's immediate superior. In the event that any employee and/or the Union shall present a grievance, such grievance shall be handled in the following manner:

STEP 1. A. Within 120 days following the date on which the grievance arose, an aggrieved employee shall initiate the grievance, in writing, on the prescribed form to the Company Commander. The determination of the Company Commander passing on the grievance shall be in writing and a report shall be forwarded on the prescribed form to the Fire Commissioner, the aggrieved employee and the Company Delegate within five (5) days after the submission of the grievance. If the grievance is not resolved to the satisfaction of the aggrieved employee, the employee shall have the right to process the grievance to the next step in the grievance procedure.

B. The Company Delegate shall be the employee's representative at the
first step in the grievance procedure.

STEP II.

A. An appeal from the Company Commander's determination at Step I shall be forwarded in writing on the prescribed form to the Borough Commander within five (5) days after the aggrieved employee receives a copy of the Company Commander's determination.

The Borough Commander shall schedule a Step II meeting which shall take place within seven (7) days after the filing of an appeal.

The Company Commander and the Battalion Chief on duty in the employee's Battalion on the date of the proposed meeting shall be notified of the meeting and directed to attend. The Borough Commander may direct the attendance of any subordinate officer or other witness within the Department, and shall consider any request by the grievant or the Union to direct the attendance of witnesses at the Step II meeting.

The determination of the Borough Commander passing upon the Step I appeal shall be in writing and a report shall be forwarded on the prescribed form to the Fire Commissioner, the aggrieved employee and representative within three (3) days after the hearing. If the grievance is not resolved at Step II, the aggrieved employee has the right to proceed to the next step in the grievance procedure.

B. A member of the Union's Executive Board shall be the employee's representative at the second step in the grievance procedure.

STEP III.

A. An appeal from the Borough Commander's determination at a Step II meeting must be forwarded in writing on the prescribed form to the Fire Commissioner, the aggrieved employee and the Union of a copy of the Borough Commander's determination. The Commissioner, the Chief of the Department and the Chief-in-Charge Bureau of Personnel and Administration and/or their designees and the aggrieved employee and representative shall meet within ten (10) days of the receipt of the appeal from the Borough Commander's decision at Step II. The parties shall work for a satisfactory resolution of the grievance through conference, negotiations and agreement. The Commissioner shall within five (5) days of the Step III meeting issue a determination, in writing, to the aggrieved employee and representative.

B. A member of the Union's Executive Board shall be the employee's representative at the third step of the grievance procedure. No more than four (4) members of the Executive Board are to attend a Step III meeting.

STEP IV.

If, after completion of all of the steps provided for above, the grievance has not been resolved, the Union solely shall have the right to bring such
grievance to the Impartial Panel for arbitration in accordance with the applicable provisions of the New York City Collective Bargaining Law and Consolidated Rules promulgated by the Office of Collective Bargaining with respect to arbitration. Notice of the union's intent to proceed to arbitration shall be served on the Commissioner of Labor Relations within ten (10) days of receipt by the union of the decision of the Commissioner or designated representative. In addition, the Employer shall have the right to bring directly to arbitration any dispute between the parties concerning any matter defined as a "grievance" herein. The Employer shall commence such arbitration by submitting a written request therefor to the Impartial Panel, with a copy to the Union, and the matter shall proceed in accordance with the Consolidated Rules of the Office of Collective Bargaining. The Impartial Panel shall hold a hearing within ten (10) days after the Panel receives a request for arbitration at a time and place convenient to the parties, and the Panel shall issue an award within ten (10) days after the completion of the hearing.

Section 2.

The time limits contained in this Article may be modified by mutual agreement. Any grievance decision not appealed within the time limits prescribed in this agreement after receipt of the determination of the appropriate department official shall not be subject to further appeal.

In the event that the Department or the City fails to comply with the time limits prescribed herein, the grievance automatically shall be advanced to the next step.

Section 3.

It is understood and agreed by and between the parties that there are certain grievable disputes which are of a department level or of such scope as to make adjustments at Step I and Step II of the grievance procedure impracticable, and, therefore, such grievance shall be instituted at Step III of the grievance procedure. The Union may petition the Impartial Panel for leave to file a grievance involving potential irreparable harm concerning safety and health directly at Step IV. The Impartial Panel shall have the power to permit such grievance at Step IV for good cause shown or direct said grievance to be instituted at Step III. If the Impartial Panel determines that the grievance may be properly filed directly at Step IV, the City retains its right to assert all defenses which may be properly raised at Step IV.
Section 4.

When possible, every effort shall be made to hold grievance hearings when a union representative involved is on duty. However, time lost by union representatives and aggrieved employees shall not be compensable.

Section 5.

Grievances raised by Fire Marshals shall be processed according to the Grievance Procedure set forth in this Article except as follows:

A. In Step I, grievances shall be forwarded to the Deputy Chief Fire Marshal in charge of the member’s base.

B. In Step II, appeals shall be forwarded to the Chief Fire Marshal.

Section 6.

A copy of every Borough policy directive shall be sent to the Union when issued. If the Union informs the Department that the Union believes that the Borough policy directive is in violation of the terms of this agreement or of existing policy or regulations of the Fire Department affecting the terms and conditions of employment, the Borough policy directive shall be considered official department policy, unless the department modifies or revokes such Borough policy directive prior to its effective date.

Section 7.

Whenever the Department intends to alter an existing policy or program or to establish a new policy or program, the Department shall give the union at least fourteen (14) days notice of the intended change or new implementation, except in situations when the Department must act more quickly because of emergency or other good cause. The Department shall use its best efforts to notify the union of the intended change between the hours of 9:00 a.m. to 5:00 p.m., and shall endeavor to provide said notice electronically. This shall not affect the Department’s right to implement or change such policies or programs nor the union’s right to oppose such programs.

ARTICLE XIX - LABOR-MANAGEMENT COMMITTEE

Section 1.

The Employer and the Union recognize that cooperation between labor and management is indispensable to the accomplishment of sound and harmonious labor relations and agree to jointly maintain and support a Labor-Management Committee ("Committee").

Section 2.
The Committee shall consider and may recommend to the Fire Commissioner changes in working conditions of the employees, including, but not limited to, health and safety issues. Matters subject to the grievance procedure contained in this Agreement shall be appropriate items for consideration by the Committee, but submission of a matter to the Committee shall not affect the right to grieve the matter.

Section 3.

The Committee shall consist of six members. The Fire Commissioner and the President of the Union shall each select three members, and may designate an alternate for each member authorized to act in the absence of a member. Members shall serve for the term of this Agreement, provided, however, that the appointing party may remove members that party has appointed at any time. Vacancies shall be filled by the appointing party.

Section 4.

The Committee shall select a Chair from among its members at each meeting. The chairship of the Committee shall alternate between the members designated by the Fire Commissioner and the members designated by the President of the Union. A quorum shall consist of a majority of the total membership of the Committee. The Committee shall meet at the call of either the Union members or the City members at times mutually agreeable to both parties. A written agenda of matters to be discussed shall be provided by the party calling the meeting at least one week in advance of the meeting, and the other party shall provide any additions to the agenda at least one day in advance. Minutes shall be kept of each meeting with responsibility for keeping minutes alternating between the members designated by each of the parties. Copies of minutes shall be typed and promptly distributed to all members of the Committee. The Committee shall make its recommendations to the Fire Commissioner in writing.

Section 5.

The Department and the union shall use their best efforts to schedule two (2) labor-management committee meetings per month.

ARTICLE XX - DELEGATES

The Union may designate a delegate for each company or special unit with 10 or more Firefighters or Fire Marshals who shall be the representative of the Union. Where there are more than 25 Fire Marshals in a location, the Union may designate additional delegates in a ratio of one delegate for each additional 25 Marshals at such location. The delegate shall perform the regular duties as an employee. A mutual made by a delegate to enable the delegate to attend a Union meeting shall be considered a variance and shall be exempt from the then-existing mutual policy. The Fire Department shall make every effort to assist Company Delegates in providing coverage whenever Delegates are excused to attend UFA meetings. Only members who are available to
perform duty at straight time salary shall be selected to replace Delegates whether selected by the Fire Department or an individual Delegate.

ARTICLE XXI - NO STRIKE

The Union and the Employees shall not induce or engage in any strikes, slowdowns, work stoppages or mass absenteeism nor shall the Union induce any mass resignations during the term of the Agreement.

ARTICLE XXII - IMPARTIAL PANEL

As soon as practicable after the execution of this Agreement, a permanent rotating Panel of a minimum of three (3) Arbitrators shall be established, drawn from the official panel of the Office of Collective Bargaining, as agreed to by both parties, to act during the term of this Agreement. The members of the Panel shall be assigned on a rotating basis to arbitrate in all instances where arbitration is called for under the terms and conditions of this Agreement.

The assigned Arbitrator shall hold a hearing at a time and place convenient to the parties and a transcript shall be taken unless the taking of a transcript is waived by both parties. The arbitrator shall attempt to issue an award within ten (10) days after the completion of the hearing.

Should any member(s) of the three-person rotating Impartial Panel resign, refuse to act or be incapable of acting or should any of the offices become vacant for any reason, the parties shall immediately designate another person(s) to act on such Impartial Panel. If the parties cannot agree on the successor(s), then arbitrations under the grievance procedures of this Agreement shall be held pursuant to the Consolidated Rules of the Office of Collective Bargaining.

ARTICLE XXIII - DETAILS TO OTHER UNITS

Section 1.

A. In the event that a Firefighter or Fire Marshal is detailed to a unit other than the unit to which that employee is permanently assigned, if that employee is required to report at the other unit at the start of a respective tour (e.g., 0900, 1800, etc.), that employee shall receive compensation for travel to the unit to which that employee is detailed at the rate of time and one-half for 45 minutes of travel time if the detailed unit is within the same borough as that employee's permanent unit or 1-1/4 hours if the detailed unit is in a different borough than that of that employee's permanent unit.

B. In the event that a Firefighter or Fire Marshal is detailed to a unit other than the unit to which that employee is permanently assigned and that employee cannot return to the permanent unit within a regular tour of duty (e.g. by 1800, 0900, etc.), that employee shall receive compensation for travel to the permanent unit at the same rates as stated in paragraph A hereof.
C. In any event, if the Department transports such detailed Firefighter or Fire Marshal, then that employee shall receive compensation at time and one-half only for the actual travel time outside of that employee's regular tour of duty.

Section 2.

In the event that a Firefighter is detailed for more than a single tour and is entitled to receive compensation for travel time, the Firefighter so detailed shall receive compensation for travel time in the manner prescribed in Section 1 of this Article only for the beginning of the first and the end of the last day of such detail.

Section 3.

A Firefighter or Fire Marshal shall not be eligible for compensation for travel time as provided in this Article if:

A. the detail is for a training assignment of any type or to any training location;
B. the Firefighter is detailed while on light duty status;
C. the Firefighter who is detailed is assigned to the limited service squad;
D. the Firefighter is detailed from a staffing pool;
E. the Firefighter who is detailed earns overtime on the detail;
F. the Firefighter is detailed to a company in the same quarters as that employee's own or in adjacent quarters.

Section 4.

When computing overtime compensation for travel time as required by this Article, the basic hourly rate excluding all premiums shall be used.

Section 5.

The Fire Department agrees to continue its practice of not detailing firefighters to a unit for the purpose of placing a unit on-line for CFR-D purposes.
ARTICLE XXIV - LINE-OF-DUTY DEATH BENEFIT

In the event that an employee dies because of an injury incurred through no fault of that employee's own while actually responding to, working at or returning from an alarm, a payment of $25,000 will be made from funds other than those of the Retirement System in addition to any other payment which may be made as a result of such death. Such payment shall be made to the estate of the deceased.

ARTICLE XXV - DEATH BENEFIT - UNUSED LEAVE AND COMPENSATORY TIME

If an employee dies while employed by the City, that employee's estate shall receive payment in cash for the following as a death benefit:

A. All unused accrued annual leave up to a maximum of 54 days credit;

B. All unused accrued compensatory time earned subsequent to March 15, 1968 which is verifiable by official Department records up to a maximum of two hundred (200) hours.

ARTICLE XXVI - PARKING FACILITIES

To the maximum extent practicable and consistent with City policy, parking spaces up to a maximum of six spaces per company, will be made available for the cars of employees adjacent to, part of, or as close as possible to firehouses, and such spaces will be marked appropriately. The Department will issue appropriate parking permits for the designated spaces. The UFA shall notify the Department, the Transportation Administration, and the Commissioner of Labor Relations of any requests for parking spaces. The City shall have 10 days to respond to such requests. If the response is a denial, it shall be specific as to the reasons. If the UFA disagrees with any such denial, it shall inform the Commissioner of Labor Relations as to the specific reasons for its disagreement, and may refer the matter to the Impartial Panel for advisory arbitration.

ARTICLE XXVII - MEAL PERIODS

In order to improve the efficiency, productivity, health and morale of Firefighters, existing practices regarding meal periods shall be modified as follows:

Each unit shall be scheduled to receive one half-hour meal period in each tour as described in AUC-Response to fires and other emergencies by a unit during its meal period shall be governed by the provisions of that circular.
ARTICLE XXVIII - OCCUPATIONAL HEALTH AND SAFETY

A. All protective gear required by the Department shall be provided without cost to the firefighter in a quartermaster system. The Department shall also provide dress uniforms and work station uniforms via the quartermaster system. In addition, the City shall provide a $350 per year per firefighter cleaning allowance. Effective May 31, 2002, this provision applies only to firefighters.

B. Effective May 31, 2002, in lieu of the provisions of Article XXVIII, Section A., above, the City shall pay to each Fire Marshal a uniform allowance of $1,000 per annum to be paid in accord with existing standard procedures.

ARTICLE XXIX - PERFORMANCE COMPENSATION

The City acknowledges that each of the uniformed forces performs an important service that reflects the diverse missions of the City's uniformed agencies. In order to reward service of an outstanding, exceptional nature, each of the uniformed agencies will establish a performance compensation program to recognize and reward such service, tailored to the unique missions of the individual uniformed agency.

The parties agree that additional compensation may be paid to employees performing outstanding, exemplary, difficult and/or unique assignments. The City will notify and discuss with each affected union of its intent to pay such additional compensation and the individuals to be compensated.

The criteria for the granting of performance-based compensation shall be based upon outstanding performance in the work assigned, and/or performance of unique and difficult work.

The performance-based compensation payments provided for in this section shall be one-time, non-recurring cash payments subject to applicable pension law. An employee can receive no more than one payment annually.

This provision shall not affect any existing productivity programs covered in any existing collective bargaining agreements. Nor shall this provision be construed to waive any obligation of the City to negotiate over future productivity programs as required by applicable law.

ARTICLE XXX - APPLICABLE LAWS

The provisions of this Agreement are subject to applicable provisions of law, including the New York State Financial Emergency Act for the City of New York, as amended.

ARTICLE XXXI - SAVINGS CLAUSE
Should any part of this Agreement or any provision herein contained be rendered or declared invalid by reason of any existing or subsequently enacted legislation, or by any decree of a court of competent jurisdiction, such invalidation of such part or portion of this Agreement shall not invalidate the remaining portions thereof.
WHEREFORE, we have hereunto set our hands and seals this 11 day of Sept, 2003.

ATTACHMENT B

Based upon the July 28, 1978 Report of the Fire Department Medical Practices Review Committee ("Committee") the parties agree as follows:

1. The underlined portions of the annexed Recommendations of the Committee shall be implemented immediately, and all legal steps and administrative orders and directives necessary for such implementation shall be effectuated forthwith.

2. To the extent the remaining recommendations require further study, consultations, or contact with other institutions or persons, such actions shall be undertaken as soon as possible, pursued vigorously and the recommendations implemented in accordance with the result of such actions as expeditiously as possible.

3. The Ongoing Panel recommended by the Committee shall be the original Committee.

(1) Finding:

The Fire Department Medical Division in general is performing its required functions as prescribed by the Department and has the interest of the health of the members of the Department as its overall objective. Our evidence indicates that many members of the Department are in favor of retaining this service. However, the Committee finds that certain problems exist which need prompt resolution.

Recommendation:

The Fire Department Medical Division should be maintained and specific changes made as recommended below.

(2) Finding:

Some members of the Department and their Union leadership believe that the Medical Division has acted more as an arm of management’s absence control efforts rather than in the interest of the health and well being of the Firefighters. This negative opinion tends to be based on a series of incidents occurring over a period of time, although it is suggested that it became accentuated in the years just prior to this administration. This negative perception is not directed against all of the medical officers, staff, or practices of the Medical Division, but tends to focus on rather specific recurrent types of incidents.

Recommendation:

It is clear to the Committee that so long as the Medical Division remains part of the
Department and is responsible for fitness for duty evaluations, inevitably a conflict of interest will be perceived by some. The leadership of the Department should reinforce the need for concrete actions to reverse the negative perceptions voiced by a number of patients. Patients at all times must be addressed and treated with respect. Inappropriate professional behavior must be effectively dealt with administratively. The Department should give high priority to minimizing this perception by positive and ongoing actions. This report hopefully points to some beginning directions but cannot be the end of a new Departmental effort.

(3) Finding:

Physicians reporting to fires are sometimes delayed for a variety of reasons. Furthermore, fire calls during the day when the clinic is in session, depletes the clinic's medical staff. In addition, the areas of medical subspecialization of some of the medical officers appear not to be those urgently required at the scene of a fire.

Recommendations:

(a) Medical officers on call, particularly during the day time hours, and at times of heavy traffic congestion should not be relied upon for prompt responses to the scene of a fire or to fire houses. Their later response and night time coverage may still be desirable as a back-up resource or during a transition to the arrangements recommended below (b).

(b) Specific, preselected hospitals, preferably those with relevant tertiary care capabilities, should respond to the fire scene with physician(s); either a senior level resident or attending physician specially trained and oriented in fire injuries. A physician in internal medicine trained in cardiopulmonary problems, smoke inhalation, etc., and/or one trained to deal with trauma such as fractures, sprains, burns, etc., should respond. Consideration should be given to the possible use of the City's MERVANS, and the Emergency Medical Service should participate in planning this response system.

(c) If possible, standardized criteria should be developed to assist in more uniform medical evaluation and treatment planning.

(d) It is desirable that for every tour of duty, at each fire house a trained EMT (Emergency Medical Technician) be on duty. The member should be specifically trained in assisting at the scene of a fire in the emergency treatment and triage of common fire fighter injuries and illnesses.

(4) Finding:

On occasion Firefighters injured in line of duty have been taken to hospitals not appropriate for the specialty care they require.
Recommendation:

Specific pre-selected institutions with appropriate specialized tertiary care resources should be identified and used promptly for particular injuries - (e.g. eye injuries). If a Firefighter is initially brought to another institution and the determination made that a specialty service is required, after stabilization, the member should be promptly moved to the appropriate institution. A list of these specialty services should be made and updated annually. If the Emergency Medical Services can be of assistance in this effort they should be so involved.

(5) Finding:

On occasion there appears to be undue delay in authorizing or arranging for appropriate specialty consultation for sick or injured Firefighters.

Recommendation:

Procedures and policies should be established to assure prompt referral of any individual for specialty consultation. A relationship should be established with a number of institutions and individuals expert in their fields and capable of in depth evaluation and treatment. Where possible the consultants should be located in each borough.

(6) Finding:

The medical officers' visits to hospitals is reportedly sporadic and on occasion the patient is disturbed rather than helped.

Recommendation:

A standard procedure should be established and followed with regard to prompt and regular visits to hospitalized Firefighters. The medical officer should, in consultation with the responsible physician, review the medical records and history and make suggestions with regard to the patient's treatment, discharge or other disposition. If transfer to another facility is deemed necessary, it should be expedited. In the event of a disagreement between the responsible physician and the medical officer, the Firefighters should be advised of this and counseled as to the reason for the medical officer's recommendation. If necessary a third party specialist should be called promptly. In no event should a patient be subjected to harsh physical or mental treatment. Problem cases should be seen by the Chief Medical Officer whenever necessary.

(7) Finding:

There are certain routine policies and practices of the Medical Division and the Department that appear to be unnecessary and potentially counter-productive.
Recommendations:

(a) There do not seem to be compelling reasons for the medical officers to see Firefighters who have themselves determined that they are sufficiently recovered from an acute short term illness to return to duty. This procedure should be eliminated and replaced by self declaration by the Firefighters with the concurrence of his commanding officer.

(b) A procedure should be established to avoid frequent visits to clinic for routine check-ups in the case of intermediate term illness or injuries such as fractures or coronaries. An initial evaluation of each case and consultation with the private physician should enable the establishment of a reasonable recovery period. Toward the end of this pre-determined period a re-evaluation, if necessary in person, should be performed. A weekly desk audit of these patients should be formed and appropriate appointments and consultations scheduled. Specialists selected by the Department and located in each borough could be delegated the responsibility to review and recommend duty status in their field of expertise.

(c) Uniformity requiring that a non-bedded sick or disabled Firefighter remain at home while on sick leave should be discontinued, particularly in instances of illness or injuries with prolonged recuperation periods.

(d) Surprise visits by physicians for the purpose of determining whether a Firefighter is at home should be discontinued. This "truancy" function is not an appropriate medical responsibility.

(e) The elimination of physician visits at home for purpose of return-to-duty status determination should be evaluated in a pilot study to ascertain whether this procedure in fact results in a significantly more rapid return to duty.

(8) Finding:

The Medical Division's function in review of health status and duty fitness evaluation is necessary but should not be its sole objective. The Medical Division should also provide services of primary care treatment for minor illnesses as well as certain other evaluation, treatment, rehabilitation and preventative services. These health services, if available, would result in more rapid recovery or actual avoidance of illness, injury or disability both short and long term. They would undoubtedly result in an improved perception of the Department's Medical Services. In the Committee's opinion, some of these services will be reimbursable by third party insurance.

Recommendations:

(a) Minor illness and injuries should be evaluated and treatment initiated by the medical
staff. Full-time seven days a week primary care physicians and nurse practitioners or physician assistants, trained and experienced in primary care, should be selectively recruited. The current mix of subspecialists in the Department seems somewhat inappropriate and should be re-evaluated.

(b) Back ailments and other musculoskeletal problems are of high incidence in the Department. A special group of physicians and support staff (including physio-therapists) should be developed to diagnose, treat and provide rehabilitation programs. This program should be designed in consultation with individuals expert in this area. Appropriate members of the current medical staff may be suitable for assignment to this program but it will require additional expert medical and auxiliary staff. A special site will be required which could be in the clinic building. Establishing this program at another site may be considered, including the possibility of a health care institution based facility. Eventually, depending on workload, additional decentralized sites may be needed.

(c) A hypertension screening and treatment program should be developed and implemented for members of the Department, in consulting with individuals familiar with such programs. It should be staffed by appropriately trained and experienced physicians and nurse practitioners. This program could initially be situated in the clinic area, and ultimately depending on workload, may be decentralized.

(d) A cardiac evaluation and rehabilitation program modeled after existing programs should be developed. This program should be made available to members of the Department with cardiac illnesses.

(e) The physical re-examination program initiated by the Department is a commendable first step towards health maintenance. This program should be expanded to provide complete examinations and appropriate laboratory studies and should be integrated with the programs noted above.

(9) Finding:

The clinic area is physically uncomfortable and impersonal. Waiting time is often prolonged. For some members, visits to the clinic are made more difficult because of lack of nearby parking.

Recommendations:

(a) Prompt action should be given towards improving the environmental qualities of the clinic and related facilities. The waiting area should be redesigned to create a more comfortable and warm atmosphere. Some of the modern health institutions can provide suitable models.
(b) Individual scheduled or block scheduled appointments at the clinic should be implemented to avoid prolonged waiting times.

(c) If possible arrangements should be made to provide parking facilities for Firefighters when they must visit the clinic.

(10) **Finding:**
The organization, structure and staff utilization of the Medical Division are not optimal for the Division to accomplish its goals.

**Recommendations:**

(a) Serious consideration should be given to reorganizing the Medical Division consistent with the findings and recommendations of this Committee. The recruitment of an Administrator, preferably a physician, with practical experience in primary ambulatory care should be aggressively pursued. The Committee believes this would assist in the implementation of these recommendations.

(b) Nurse practitioners and/or physician assistants should be employed to serve in the clinic to assist in the work-up and examination of all patients and the staffing of the programs recommended above. Recruitment of these individuals should focus not only on their professional skills and experience but also on their ability to help create a more positive atmosphere. The current nurse utilization does not appear to provide critically needed services. The maintenance of this staff may not be essential unless they can be effectively integrated into the proposed structure.

(11) **Finding:**

There is need for the development of a process by which the quality of medical care provided to the members of the Department can be evaluated on an ongoing basis.

**Recommendations:**

(a) A systematic Departmental recording and analysis of patients' complaints should be established to evaluate progress and to permit prompt corrective action. A patient satisfaction questionnaire of the Medical Division's performance should be developed to enable regular measurement of the Medical Division's performance and to assist in making necessary changes. To the degree that expectations and practical realities do not coincide, effective communication and education must be provided.

(b) An ongoing medical care review panel independent of the Medical Division should be established to assist the Department in monitoring the quality and nature of its medical services.
This panel, which should be of the nature of a medical advisory board to the Commissioner, will help assist him in evaluating the quality of medical services, recommend changes to improve these services, and help assess their implementation. The panel should meet on a regular basis (at least quarterly), and receive relevant reports and information as to the medical services provided, and make appropriate recommendations to the Commissioner. While it is not within the scope of this Committee’s mandate, it is not unreasonable to suggest that some mechanism be established to assist other agencies in the ongoing evaluation of the medical services they provide to their employees.

RE: Use of Department Vans and Spare Chiefs’ Cars

In order to clarify existing policies regarding assignments of firefighters to operate Department Vans and Spare Chiefs’ Cars whereby manning is reduced below minimum manning levels your attention is called to the following guidelines set forth in Cases Nos. A-830-79 and A-840-79.

Minimum manning may not be reduced in the following situations:

1. **Messenger Duty**
   Department Vans and Spare Chiefs’ Cars may not be used for messenger duty between command locations and firehouses when it reduces minimum manning. Non-emergency messages, including Department orders and directives, may not be carried between divisional headquarters and divisional headquarters and command headquarters by Department Vans and Spare Chiefs’ Cars in a manner that reduces minimum manning.

2. **Transportation of Non-Firefighting Equipment**
   Department Vans and Spare Chiefs’ Cars may not be used to transport non-firefighting equipment between locations, including firehouses, borough and divisional headquarters and repair shops when it reduces minimum manning and no emergency requires such use.

3. **Transportation of Apparatus and Equipment**
   Department Vans and Spare Chiefs’ Cars may not be used to transport firefighting apparatus or equipment when it reduces minimum manning and no emergency exists except that firefighting equipment requiring immediate repair or replacement as a result of loss or damage during a tour are not included. Scheduled inspection, maintenance, repair or replacement on a regular basis, particularly when items are accumulated until a number of items are available or until a particular date is reached, is prohibited. Examples of this category are movement of spare apparatus to and from Department shops and accumulation of radios for repair on a regular scheduled basis.

A company that is out of service may use Department Vans and Spare Chiefs’ Cars to obtain spare apparatus. However, the movement of broken down apparatus, the "jockeying" of vehicles from one location to another until the repair shop is capable of receiving those vehicles, and the return of the apparatus from the repair shop in a manner that reduces minimum manning when there is no emergency is not permissible. A company may use Department Vans and Spare Chiefs’ Cars to obtain vital and unique tools essential to firefighting duties which require immediate replacement, e.g., power saws, generators and Hurst tools.
4. Delivery of Department Forms, Records, or Regular Payroll

Delivery of Department records, forms and regular payrolls among command headquarters or to firehouses which reduces minimum manning is prohibited when no emergency exists.

5. Transportation of Personnel

Department personnel and other persons may not be transported in a manner which reduces minimum manning when no emergency exists.

Routine movement of uniformed personnel for foreseeable or planned reasons, such as interviews, the transportation of firefighters from fires with non-serious injuries, when ambulances should be used, and the transportation of non-departmental personnel such as official visitors (e.g. picked-up at the airport) is not permissible. Emergency transportation of a firefighter who has suffered a serious injury at a fire for treatment even though it reduces minimum manning is permissible, but every effort should be made to transport such a firefighter by ambulance or other emergency vehicle.

Accordingly, all assignments shall be made in accordance with the foregoing.
