APPENDIX A-1

A. 2008-2009 SALARY

For the period beginning July 1, 2008 and ending June 30, 2009 the salary for "returning teachers" shall be increased by the amount as indicated below. When used in this Article, "returning teacher" is defined as a teacher who was in service during the previous year in these job titles. This would not apply to newly hired teachers or to a teacher who began service after September 1 of any school year or to a teacher who had been granted a leave without pay. The salary increase for these teachers, who did not serve a complete year, shall be on a pro-rated basis, in one-tenth (1/10th) parts, and shall be equal to the number of months, or greater part of a month, that the teacher actually served.

The total salary increase shall equal four and six-tenths percent (4.6%). Four and four-tenths percent (4.4%) shall be distributed as an across-the-board salary increase. Two-tenths (.2%) of a percent (.002) shall be held back and used to provide longevity payments. Additionally, stipends will be frozen at the current rate for this contract year. The four and six-tenths percent (4.6%) which would have been earmarked for stipends will be combined with the aforementioned two-tenths percent (.002) holdback to create a pool of monies. These monies will be distributed as longevity increases as follows:

Teachers achieving the second (2nd) or third (3rd) year tenure service benchmark (on anniversary of hiring date) and non-teaching members who have completed the three (3) year service benchmark by the start of the 2008-2009 school year or during the 2008-2009 school year shall receive a two hundred dollar ($200) increase to their base salary.

Members who have reached or surpassed the seven (7) year of service benchmark to the District by the start of the 2008-2009 school year or during the 2008-2009 school year will receive a two hundred twenty-five dollar ($225) increase to their base salary.

In addition, members who reach their twelfth (12th), seventeenth (17th) or twenty-second (22nd) years of service benchmarks (anniversary of hiring date) by the start of the 2008-2009 school year or during the 2008-2009 school year will receive a two hundred fifty dollar ($250) increase to their base salary.

Bargaining unit members who qualify for multiple payments will receive them.

APPENDIX D - STATEMENT OF STABILIZATION

The Parties agree that:

1. The District will not take action to abolish positions that at the time of such action would result in less than one hundred fifty-nine and four-tenths (159.4) full-time equivalent teachers.

2. The District is not required to replace a teacher who leaves as a result of resignation, retirement, 3020-a disciplinary proceeding, probation termination, leave of absence, or death. Further, the District is not required to sustain a teaching position as a result of reduction or retrenchment of program.

3. If as a result of the above, the District does not have an available position for a teacher in either the teacher's given tenure area and/or area of certification, the District has the right to move a teacher to another tenure area and/or area of certification or instructional or supervisory duty. The District, Association and the teacher shall jointly apply, if necessary, to the Education Department for a certificate of default. That teacher will be reassigned by the District to the first opening that exists in the teacher's tenure area and/or area of certification.
It is the purpose of this document to provide a format and process for the annual review of professional performance. This document separately provides for the evaluation of both tenured and non-tenured staff members.

The goal of this process is to improve student achievement by improving instruction and maintaining excellence. Non-tenured staff will be evaluated using the included rubric. Tenured staff choosing a traditional observation will also have their performance evaluated using the rubric. The rubric contains eight (8) standards of effective teaching as determined by the State Education Department. For each of the eight (8) standards, performance indicators used to assess growth towards and achievement of those standards is included. Each performance indicator has four (4) labels that are used to indicate level of performance. Each performance indicator will be assessed indicating the degree to which it was observable or measurable relative to the lesson.

Although a staff member is responsible for all of the standards, as a result of an observation, the administrator and the professional staff member will focus on no more than two (2) areas that might need immediate attention.

Non-tenured staff will be observed in the traditional classroom observation model with the frequency established in the Association contract. Tenured staff will have an opportunity to choose an option to the traditional classroom observation. However, tenured staff whose previously observed performance would indicate a need for assistance may have options for evaluation withdrawn by the building administrator.

Non-tenured teachers will be observed by at least two (2) administrators during the course of the school year. Ordinarily, one (1) administrator will do two (2) of three (3) observations.

Non-tenured staff whose performance falls in the “needs improvement” box will be expected, with due direction and assistance from the administration, to show evidence of progress in succeeding observations.

In the spirit of professional growth and collaboration, non-tenured staff members are encouraged to share these observations with their union representatives.

Tenured staff who choose the traditional classroom observation are expected to maintain a minimum level of “proficient” and, where indicated, “progressing” for any performance indicator needing improvement.
PROGRESSION OF EVENTS IN OBSERVATION/EVALUATION PROCESS

1. Pre-observation form sent to teacher and dates established for pre-observation conference and the observation.

2. Teacher completes pre-observation sheet and submits it to the administrator.

3. Administrator and teacher meet to:
   A. Discuss goals and objectives,
   B. Review long-range planning (teacher plan book as source),
   C. Review pertinent material for lesson to be observed.

4. Lesson and administrative observation occur.

5. Administrator completes Criteria, Rubric, and "Administrative Comments" section and forwards to teacher (suggested timeline is within three [3] school days).

6. Teacher completes "Teacher Comments" section with reflections/comments and returns to Administrator (suggested timeline is within three [3] school days).

7. Post-observation meeting will occur following the completion of both comment sections to:
   A. Discuss reflections/comments,
   B. Focus areas for professional growth, chosen by the administrator,
   C. Collaboratively set activities and target dates (suggested timeline is within three [3] school days).

8. Signatures and filing of observation/evaluation packet is to be completed (suggested timeline is within three [3] school days).

Current APPR forms can be found on the District U-Drive.

Note: Items #5, #6 and #7 should all be completed within nine (9) school days.
Tenured staff members who wish, may choose the following option instead of a traditional classroom observation:

**Self-Directed Option**

A tenured staff member may choose to work independently on a program of professional growth. In the Self-Directed Option, the individual follows a plan relating to one or more of the specific skills of criteria established by the State Education Department: Content Knowledge, Preparation, Instructional Delivery, Classroom Management, Staff Development, Student Assessment, Collaboration and Reflective Practices.

Following a self-assessment of the individual’s professional needs, each tenured staff member choosing this option will work cooperatively with his/her supervising administrator to establish goals, expectations, and conditions relating to fulfillment of the Self-Directed Option.

**Steps:**

1. **Goal Setting**
   
   October 15: A written notification to the building principal indicating that the teacher wishes to choose the Self-Directed Option and has listed the goal and a few strategies on the attached goal sheet.

2. **Progress Assessment**
   
   (a) February 1: Mid-year progress meeting using the accompanying sheets that match the teacher’s selected criteria
   
   (b) May 15: Teacher should submit paperwork, which includes successes, challenges, learnings, and implications. (Use page 16)
   
   (c) Before last day of school: Year-end meeting with staff member and building administrator for final paperwork.

Current forms for the Self Directed Option can be found on the District U-Drive.
