ARTICLE I
CONDITIONS OF EMPLOYMENT

1.1 Benefit and Salary Agreements
The administration shall have benefit and salary agreements prepared for transportation employees contingent upon completion of negotiations. Salaries shall be in accordance with Appendix "A" attached hereto. Agreements shall be issued to each transportation employee by September 30 of each year.

1.2 Regular Route Seniority and Lists
A. Regular Route Bus Driver or Attendant/Monitor seniority will be determined by School Board approval as a regular route school bus driver or attendant/monitor.

B. The Association and the District will jointly prepare an updated seniority list by no later than August 20.

C. If a regular route driver or attendant/monitor wants the absent driver or attendant/monitor’s run, one which will be vacant for more than one (1) week or five (5) consecutive days, then a substitute driver or attendant/monitor would drive/ride for the other regular route driver or attendant/monitor. This shifting of runs can only be done once per a run opening up due to a regular driver or attendant/monitor’s absence. This open run must be posted on the bulletin board for all drivers or attendant/monitors to see for a week prior to it being assigned to either a regular route driver or attendant/monitor or a substitute. Unless the next driver or attendant/monitor in the seniority wants it, it will immediately be assigned to that driver or attendant/monitor.

D. Any regular route driver or attendant/monitor who, with District consent, goes out on any leave covered in this contract has up to twelve (12) consecutive months before losing his or her regular route seniority. The driver or attendant/monitor may come back to drive/ride any time before the date of return on leave with a fourteen (14) day written notice to the District. Any driver or attendant/monitor because of hardship that has to extend his or her leave, upon approval by vote of the Association will not lose his or her seniority. His or her place on the seniority list will be frozen until driver or attendant/monitor returns to his or her position.

E. A regular route driver or attendant/monitor who involuntarily loses a regular route and is unable to select any other regular route, will be placed at the top of the substitute bus driver or attendant/monitor seniority list. These displaced regular route drivers or attendant/monitors will have priority in choosing regular routes when they become available regardless of other substitute bus driver or attendant/monitors' seniority. This displaced driver or attendant/monitor will have his/her remaining sick days held by the District until he/she gets a new run and will be credited with these days when he/she returns.

F. Voluntarily Giving Up A Route - In the event a regular route driver or attendant/monitor gives up a regular route for reasons of his/her own choice (s)he
may then ask to become a substitute driver or attendant/monitor. (S)he will then take his/her place on the substitute bus driver or attendant/monitor seniority list according to his/her date of appointment as a substitute bus driver or attendant/monitor by the District.

G. Regular Route Bus Driver or Attendant/Monitor Vacancies
When a school bus driver or attendant/monitor vacancy occurs, the District will consider for appointment the three most senior substitute school bus drivers or attendants/monitors who indicate an interest in the position, with the selected candidate to be made at the discretion of the Superintendent of Schools. Multiple vacancies will be taken one at a time with each vacancy to consider the three most senior available substitute school bus drivers or attendants/monitors who indicate an interest in the position. For multiple vacancies, newly appointed drivers or attendants/monitors will select the last available runs based on their substitute seniority.

1.3 Substitute List
A. The Dispatcher shall maintain two (2) rotating substitute bus driver or attendant/monitor lists: one (1) list for regular runs; and one (1) list for long-term substitutions as defined in ARTICLE I, 1.2 C).

B. Substitute bus driver or attendant/monitor seniority will commence on the date of appointment to the position of substitute bus driver or attendant/monitor by the Board of Education. An individual’s annual level of earned seniority will be based on the number of days of service the employee served in the transportation department during the school year. A service is defined as the performance of substitute duty for any permanent transportation position included on page 20 of the agreement. Annual seniority will be earned as follows:
1. one (1) year: 91 or more days; at least ½ of days as bus driver or attendant/monitor
2. ¾ year: 61 to 90 days; at least ½ of days as bus driver or attendant/monitor
3. ½ year: 31 to 60 days; at least ½ of days as bus driver or attendant/monitor
4. ¼ year: 5 to 30 days; at least ½ of days as bus driver or attendant/monitor
5. no seniority credit: less than 5 days

Substitute bus drivers or attendant/monitors appointed prior to July 1, 2002, will maintain their level of seniority as accrued on June 30, 2002, with future additions to that seniority to be based on the above language.

The Transportation Supervisor will provide the Association President with a Substitute School Bus Driver or Attendant/Monitor Seniority List in August of each school year. The District will make every effort to identify and maintain a list of qualified substitutes.

C. In the event that a substitute bus driver or attendant/monitor covers a run for a period of time (anything over a week but less than a year’s leave of absence), that
substitute remains on substitute status and does not receive any of the benefits of a regular route driver or attendant/monitor. If the substitute driver or attendant/monitor is covering a regular route driver or attendant/monitor's year of absence leave, that substitute is eligible for health benefits only. He/she is still on substitute status and does not gain seniority by that year's run.

1.4 School Bus Driver or Attendant/Monitor List
Seniority of school bus drivers or attendant/monitors will be established by date of hire. Job assignments will be chosen by date of hire seniority.

1.5 Drivers' Arrival at Bus Garage
In order to perform the required pretrip of their respective buses prior to departure on their route, all bus drivers shall be at the bus garage at least ten (10) minutes before their run is to start. All drivers are required to complete all necessary forms required by the District and punch in and out on their respective time card. The last Driver in or out of the bus garage shall be required to close the garage door of the bay.

1.6 Appearance of Transportation Employees
All transportation employees have to be as neat and clean as possible while on the job.

1.7 Notification of Absence
All transportation employees must give the District at least twenty four (24) hours notice before asking for time off whenever possible, except in the case of an emergency.

1.8 Upkeep of Bus
All drivers shall sweep, fuel up, clear front and rear windows and outside illuminations on the bus that they drive. This includes all bus windows inside and dash.

1.9 Capacity of Bus
Drivers shall not operate a bus over its given capacity. The capacity is determined by the State Education Department based upon the rating of the manufacturer. Each driver is expected to operate a bus to its full capacity as prescribed by State Law.

1.10 Overnight Trips
For District budgeted (paid) trips, the driver shall be determined according to the regular rotation procedure. For trips financially supported by an outside organization, the sponsor of the trip shall have the option to select the driver.
1.11 **Additional Work**
Out-of-District routes (except BOCES runs) will be paid on an hourly rate after the first hour and twenty minutes. Regular routes will be paid the contract salary with no provision for extra compensation, except in extraordinary circumstances. All cases of extraordinary circumstances will be determined by the District on an individual case basis. All additional work, up to 40 hours per week maximum, will be given service credit for retirement purposes.

1.12 **Credentials**
Credentials for school bus drivers or attendant/monitors shall be determined by Federal Law, New York State Law and the District.

1.13 **Personal Protective Equipment**
The District will reimburse transportation employees, who are required to wear steel-toed safety shoes, 100% of the cost of one pair of shoes per school year.

1.14 **Outside Activities**
When there is an outside activity involving the transportation of children, an authorized School District vehicle driven by a School District bus driver is required. Emergency or confidential situations will be exceptions. Other exceptions will be considered if agreed upon between the Transportation Association and the District.

1.15 **Regular Routes**
Bus routes for the transportation of pupils from home to school and from school to home during the school year shall be established at least ten (10) days prior to the opening day of school. A description of each route shall be posted at the Bus Garage at the time they are completed. Regular routes will be selected according to regular route driver or attendant/monitor seniority. Minor modifications to established routes shall be made by the District during the school year as the need arises and in keeping with sound transport procedures.

1.16 **Extra Trips**

A. All transportation provided by District school buses except as described above as regular routes are to be considered extra trips. Extra trips are to be driven by a regular route driver. A rotation system shall be established for each school year. If no regular route driver takes an extra trip, it is then offered to a substitute bus driver. If no substitutes are available it is then the Association's responsibility to assign a regular route driver to take that trip.

Trips within the district (as part of the FPCS educational program), between the hours of 8:00 a.m. and 3:30 p.m. on regularly scheduled school days will NOT be considered extra trips. (This is to include drop off and pick up only, with no waiting.) The Bus Dispatcher will determine the driver for each instance, either
Bus Washer/Bus Shuttle Driver or an extension (to the extent of a maximum of 1 hour and 20 minutes) of a regular route.

B. Mechanic Covering Emergency Trips
If a mechanic employee has to punch out from his/her regular position to cover an emergency bus run for a regular route driver, he/she has the option to return to his/her position so they do not lose time from that regular position.

1.17 Bidding Procedure

A. Regular route drivers or attendant/monitors will pick regular routes based upon the regular route driver or attendant/monitor seniority list.

B. Any routes that are dropped during the year must be full routes and it will no longer be possible for a driver or attendant/monitor to drop half of a full run during the year.

C. Routes which are picked according to seniority include regular routes, BOCES, extra activity period (EAP) or any non-regular route run established during the term of this contract. Extra trips are not picked by seniority.

D. A school bus driver or attendant/monitor must at least pick one (1) regular route in order to pick any of the remaining routes selected under this seniority provision.

1.18 School Bus Driver or Attendant/Monitor Work Year

The annual salary for school bus drivers or attendant/monitors will be based on a work year of 185 days.

If, for any reason, an out of District regular daily run is temporarily canceled for an entire day(s), the bus driver or attendant/monitor of the canceled run may be asked, when it can be reasonably arranged, to act as substitute for an absent driver or attendant/monitor, or to perform other substitute duties in the transportation department.

ARTICLE II
GRIEVANCE PROCEDURE

2.1 Stage One

A transportation employee having a grievance will discuss it with his/her supervisor informally within ten (10) school days of the act, event or occurrence giving rise to the grievance. If the grievance is not resolved informally it shall be reduced to writing and presented to the supervisor in charge through the representative of the Association within five (5) school days after the informal discussion. The supervisor in charge shall within five (5) school days after receipt of the grievance, give a written answer.
2.2 Stage Two

The Clerk shall place the grievance on the agenda for the next regular Board meeting for the employee to be heard personally or through his/her representative. The Clerk shall also refer the grievance to a committee of the Board of Education and the representative of the Association will be given an opportunity to meet with the said committee prior to the regular Board meeting to discuss the grievance. It is further provided that any such accumulation shall be removed and shall not be paid for upon termination of employment. The District may, at its discretion, request a doctor's certificate to determine ability to return to work and to determine eligibility of absence or sick leave hereunder if such absence is in excess of five (5) consecutive workdays.

Unused sick days shall be cumulative as follows:

2009-2012 - 210 days

B. Sick Leave for Prolonged/Serious Illness

In the event of a prolonged serious illness and having exhausted all his/her accumulated sick leave days, a bargaining unit employee may appeal to the President of the Association for extra days of sick leave.

If the three days of absence for family illness are insufficient, two (2) additional days may be granted. However, these days shall be deducted from the transportation employee’s accumulated sick leave days, and must be approved by the Superintendent of Schools. D. To be eligible for health insurance benefits upon retirement, the transportation employee must meet three (3) criteria:

1. Must be a regular route driver or worked an annual average of thirty-five (35) or more hours per week. A complete year is defined as a full calendar year of work; example, 07/01/06 – 06/30/07 or 09/15/06 – 09/14/07.

2. Employees hired prior to July 1, 2009, must have completed a minimum of fifteen years or more as a transportation employee. Employees hired after July 1, 2009, must have completed a minimum of twenty years or more as a transportation employee.

3. The transportation employee must meet the appropriate service retirement eligibility criteria as defined by the New York State Employees' Retirement System. A transportation employee who is retiring from Fabius-Pompey School District is not eligible for this health insurance benefit if (s)he is employed full time by another school district in New York State.

In the event the New York State Employees' Retirement System provides districts with an early retirement incentive, the parties agree to review the applicability of this benefit for potential eligible transportation employees involved with the incentive plan who meet criteria #2 & #3, but not criteria #1.

Total accumulated unused sick days x normal workday earning x 50%.

RETIREMENT shall mean retirement under the New York State Employees Retirement System. In order to qualify, a transportation employee must have completed ten (10) years of service in the District and submit two (2) written notifications to the District, as follows:

1. Written notification of the transportation employee’s non-binding intent to retire must be filed with the Superintendent of Schools no later than November 30 of the school year in which (s)he expects to retire.

2. The retiring transportation employee shall submit a binding letter of resignation for the purpose of retirement to the Superintendent of Schools by no later than January 15 of the school year in which (s)he expects to retire.

Should a retiring transportation employee submit a binding letter of resignation for the purpose of retirement to the Superintendent of Schools after January 15 of the school year in which (s)he expects to retire, the retiring transportation employee will maintain eligibility for his/her applicable retirement benefit, however, the cash benefit will be paid to the retiring transportation employee in July of the following calendar year.
F. The Superintendent of Schools shall review on a case-by-case basis a request by a transportation employee who experiences a catastrophic emergency, or extenuating circumstances after the November 30 deadline, necessitating a sudden retirement. The decision of the Superintendent is final and binding.

G. Effective July 1, 2007 the Districts' Co-Pay Prescription Drug Rider shall be five dollars ($5.00) for generic prescription drugs and fifteen dollars ($15.00) for non-generic prescription drugs. The Districts' Co-Pay Prescription Drug Rider for a 90-day supply through mail order shall be ten dollars ($10.00) for generic prescription drugs and thirty dollars ($30.00) for non-generic prescription drugs.

H. The District shall contribute one hundred dollars ($100.00) per full-time transportation employee for dental coverage.

I. Insurance Incentive Plan
Only unit transportation employees enrolled in the District's health insurance plan under either the individual or dependent plan as of July 1, 1999, may elect to forego either individual or dependent coverage and shall receive a financial inducement for such withdrawal in accordance with the following terms:

1. If a transportation employee elects to withdraw from the health insurance program and receive the inducement, such withdrawal shall be made on an election form not less than 30 calendar days prior to the effective date of participation.

2. The financial inducement for withdrawing from the District's health insurance program shall be annual payment of $1,000 for individual coverage and $1,500 for dependent coverage, prorated on a payroll period basis.

3. If two additional members opt out by September 1, 2009, the incentive will increase to $2,000 for the 2009-2010 contract year. Should the number of incentives participants be reduced, the amount of the incentive shall revert to where they were previous to the two additional members opting out and be prorated accordingly. If the two additional members are not forthcoming for the 2009-2010 contract years, the same opportunity will be available for the 2010-2011, 2011-2012 contract years. If the necessary additional members cannot be sustained in either of those years, the incentive will be reverted to where they were previous to the two additional members opting out and be prorated accordingly.

4. Payment of such financial incentive shall be made on a payroll period basis as long as the transportation employee chooses not to participate in the District's health insurance program.

5. An individual who terminates employment prior to the end of the plan year will receive a prorated amount based upon the actual amount of time the transportation employee did not have the health insurance coverage.
6. Time spent on an unpaid leave of absence shall be deducted from the period of time worked for the purpose of prorating the incentive.

7. If a transportation employee elects to withdraw from the health insurance program and then decides to rejoin, the transportation employee shall be eligible to immediately rejoin the health insurance program, but will not be eligible to participate in the health insurance incentive buyout program, without the express written consent of the Superintendent.

8. By this agreement, the parties do not suggest that transportation employees whose sole health insurance protection is provided by the District partake in such option. The District and the Association caution that only those transportation employees who have dependent coverage through a spouse’s employment consider participating in this incentive program. Transportation employees should become thoroughly informed and knowledgeable regarding the benefits, costs, employer’s participatory share of such cost, etc., of their spouse’s health insurance program.

9. Unit members hired between July 1, 1999, and June 30, 2012 (termination of a new contract) will be eligible to participate in the buyout plan at the rate of $1,000 only.

J. 1. All employees eligible for retirement benefits under the New York State Employees’ Retirement System, with twenty (20) years of service in the Fabius-Pompey School District, or fifteen (15) years of service if hired prior to July 1, 2009, shall, upon retirement be eligible for a health insurance buy-out in the amount of $40,000. This payment will be deposited as a non-elective employer contribution into the employee’s 403b account and will be taken in lieu of any claims to District health insurance upon retirement.

2. All employees eligible for retirement benefits under the New York State Employees’ Retirement System, with twenty (20) years of service or fifteen (15) years of service if hired prior to July 1, 2009, in the Fabius-Pompey School District, shall, upon retirement be eligible for a health insurance buy-out in the amount of $20,000. This payment will be in lieu of any claims to District health insurance once the employee becomes Medicare eligible.

This benefit shall continue only until June 30, 2012, at which time it shall terminate.

5.5 Overtime Pay
Overtime will be paid to mechanics for mechanical work over forty (40) hours per week and to the Bus Washer/Shuttle Bus Driver for work over forty (40) hours per week in performing those regular duties as listed in the definition on pages 2 and 3 of this
Agreement. Other drivers or attendant/monitors will be paid according to the salary schedule at the rates listed for the various assignments. Any work that involves being called in, that employee will be paid a minimum of two (2) hours. For any work involving use of a personal vehicle, that employee will receive mileage reimbursement for miles beyond traveling to and from work.

5.6 **Vacations**

All twelve (12) month transportation employees shall receive the following vacation time with pay:

- eighteen (18) days after ten (10) years’ of service.
- twenty (20) days after fifteen (15) years’ service.
