In order to effectuate the provisions of Chapter 392 of the Laws of 1967, (The Public Employees' Fair Employment Act), to encourage and increase effective and harmonious working relationships between the Newfield Central School District, (hereinafter referred to as the "District") and its professional employees represented by the Newfield Central School Teachers' Association (hereinafter referred to as the "Association"), and to enable the professional employees to participate in and contribute to the development of policies for the school district so that the cause of public education may best be served in Newfield, do enter into this agreement.

ARTICLE I
RECOGNITION

The Newfield Central School District, having determined that the Newfield Central School Teachers' Association is supported by a majority of the teachers in a unit composed of all professional, certified personnel except the administrative personnel on the administrative salary schedule or per diem substitutes, hereby recognizes the Newfield Central School Teachers' Association as the exclusive negotiating agent for the professional employees in such unit, including occupational therapists. This recognition shall remain continuous pursuant to Article 208.2 of the Taylor Law. The Association shall annually submit to the District by November 15 a list of the membership who pay dues directly to the Association.

The District agrees not to negotiate with any teacher organization other than the Association for the duration of the agreement.

ARTICLE II
SCOPE OF AGREEMENT

A. The District and the Association recognize that the Board is the legally constituted body responsible for the determination of policies covering all aspects of the Newfield Central School District. The Board recognizes that it must operate in accordance with all statutory provisions of the state, and such other rules and regulations of the Commissioner of Education as are in accordance with such statutes. The Board cannot reduce, negotiate, or delegate its legal responsibilities.
B. Rights of Minorities and Individuals: Whenever in this agreement a personal pronoun is used, such pronoun shall be understood to apply equally to both male and female members of the bargaining unit.

C. Employer Rights: Except as expressly limited by provisions of this agreement the authority, rights and responsibilities delegated to this District are retained by said District.

ARTICLE III
TERMS OF EMPLOYMENT

A. Notification of Salary:
Fifteen (15) days subsequent to the adoption by both parties of a new agreement, the District will give each teacher notice of salary for the next school year except where unforeseeable or extenuating circumstances prevail. Adoption of an agreement of long duration is directed to July 1 of the new fiscal year.

B. Employment Status:
Written notice will be given to all non-tenured teaching personnel in writing regarding their employment status by December first relating to the current teaching year, and by April first concerning the following year except in the final year of probationary employment, when notification will be given by May first.

C. Teachers shall receive notice of their next year's assignment(s) no later than June 30 of any year except where unforeseeable or extenuating circumstances prevail.

D. Except in the case of an emergency, teaching vacancies will be posted for ten (10) calendar days. During the summer, teaching vacancies will be made known to the Association President.

E. Seniority List:
The District shall provide a seniority list by tenure areas, inclusive of all unit members, to the Association President not later than February 1 annually. The list will include date of hire, date of appointment to tenure area(s), and days of unpaid leave.
ARTICLE IV
SCHOOL CALENDAR

A. Teachers shall perform their duties on all days specified in the "School Calendar," a copy of which shall be given annually to each teacher. The work year for teachers consists of up to 187 days of work including 182 student-teacher instructional days, 2 days for Superintendent conference days and 3 emergency closing days (i.e. those days when work is cancelled due to inclement weather or for other emergency conditions). Unless otherwise specified, teachers are employees of the Board of Education from September 1st through June 30th.

B. If the school district is closed as a result of an emergency closing, unit members are not required to report to work. However, there may be occasions when unit members are required to remain at school during or shortly after an occasion when school has been closed in order to supervise students. Volunteers will be sought for this duty when it is practicable to do so. The District reserves the right to assign unit members to such duty; however, the District shall consider bargaining unit members' family circumstances/obligations in making this assignment.

C. If two (2) or more emergency days are unused as of the spring recess, one (1) vacation day will be added to the spring recess and one (1) day will be added to the Memorial Day recess. If only one (1) emergency closing day remains in the work year as of May 1, one (1) day will be added to the Memorial Day recess.

D. Full-time guidance counselors have a work year that consists of the 187 days contained in the teacher work year plus an additional period of work to be accomplished during the months of July and August. For the life of this agreement, this additional time is twenty-five (25) workdays that are to be scheduled in advance by mutual agreement with the building principal, and will be paid at the rate of 1/200th per diem.

E. Full-time school psychologist and social worker have a work year that consists of the 187 days contained in the teacher work year plus an additional period of work to be accomplished during the months of July and August. F. There will be a time set up, prior to the regular opening of school, which will be used for the orientation of teachers new to the system. During this orientation, the Association President will be given a minimum of one (1) hour to meet with the new teachers.

G. With the exception of September, bargaining unit members shall be released the first Tuesday of each month from 12:40 to 3:00PM for professional development undertakings.

H. Computer Training shall also be provided in the same manner and during the same times as set forth herein above for the professional development undertakings.

I. Unit members volunteering for approved work beyond the scheduled work year and for approved curriculum development shall receive added compensation. Effective July 1, 2006, members shall be compensated at eighteen dollars ($18) per hour. Effective July 1, 2008, members shall be compensated at twenty dollars ($20) per hour. (Note: this section does not negate the acceptance of BOCES remuneration if so available.) This section does not include summer school.

ARTICLE V
LEAVES OF ABSENCE

A. For the purpose of this agreement, Immediate Family shall be defined as husband, wife, children, parents, in-laws, sister, brother, grandparents of employee or spouse, grandchild, and persons residing in employee's house.

B. Each teacher shall be entitled without diminution of salary to ten (10) days leave of absence because of personal illness or disability. Each teacher may use up to fifteen (15) personal illness days per year from his/her accumulated total for illness in the immediate family. There will be no cap placed on the accumulation of sick leave.

C. (1) Each teacher will be allowed two (2) days leave of absence for personal reasons. This will be non-cumulative but not deducted from leave of absence for personal illness. Unused personal days will be added to the employee's accumulated sick leave at the end of each school year.

(2) Application for personal days will be made on the prescribed form in the appendix of this agreement.
D. **Sick Leave Bank:**

The District agrees to coordinate a sick leave bank for use by the professional staff. The purpose of the bank will be to provide professional staff members with additional sick leave in cases of serious illnesses. An employee-member of the sick bank must have an illness necessitating ten (10) consecutive school days of absence before becoming eligible to use the sick bank. The following criteria will be applied to the use, installation and management of the sick leave bank:

1. Professional staff employees will be allowed to donate two (2) days of their accumulated sick days to the bank by October 1st of a given school year by applying for membership with the appropriate form. No employee can become a member without donating a minimum of two (2) days.

2. When possible, sick bank days will be requested in writing to the Business Official within ten (10) working days prior to the use of the bank. Any staff member may apply for sick bank leave if they have contributed to the bank. A member of the sick bank may not utilize same before his/her own sick leave is exhausted.

3. The Business Official will initiate a meeting of a Board of Review comprised of two (2) teachers, Superintendent or his representative, and the Business Official. Both parties will, by October 15, notify each other of members on said Board of Review. The School Physician and/or individual physician may be consulted for information for the Board of Review to use in making their decision.

4. The total number of sick leave days granted for any bank members cannot exceed sixty (60) days during a school year. Reaplication will be made at intervals of twenty (20) days following the application process.

5. If and when the bank drops below forty (40) days, the leadership of the Teachers' Association will solicit the membership for voluntary contributions to replenish the bank. The number of days within the sick bank will be replenished in half (.5) day units.

6. First and second year teachers at Newfield Central will be allowed to contribute two (2) days for sick bank membership which may be withdrawn if needed. Said withdrawal will disqualify the staff member from sick bank for that year.
The sick leave bank will be used to supplement workmen's compensation insurance. The combined total of the insurance plan and sick leave bank cannot exceed the total daily rate of an employee.

E. Bereavement: The District shall grant at least five (5) school days and, in the event of hardship, may grant up to eight (8) school days leave with pay to any teacher in the event of a death in his/her immediate family. The District shall grant one (1) work day for bereavement leave with pay for any unit member in the event of the death of an aunt or uncle or the death of a former spouse. If a unit member presents a case of hardship, the Superintendent, in his discretion can add bereavement days for the death of an aunt, uncle or for the death of a former spouse.

F. Parental Leave:
1) Any teacher who is the parent of a natural or adopted minor child shall be entitled to unpaid leave of absence of up to two (2) years in order to care for said child. Request for such leave shall be made at least sixty (60) days prior to the commencement of the leave except in the case of adoption if the time is unknown. In such case, the teacher shall give as much notice as possible.

2) The teacher shall indicate at the time of his/her request for parental leave, the length of such leave.

3) A request for a parental leave extension shall be made at least sixty (60) days prior to the original leave expiration date.

4) The teacher shall be restored to the same or an equivalent position as the teacher occupied prior to the taking of the leave.

G. Other Leaves: The District may grant other leaves of absence.

H. Visitation Days: Teachers may request one (1) day per year to visit other schools, provided such request is approved by the superintendent.

I. Sabbatical Leave: For the 2009-10 school year, there shall be a moratorium on Sabbatical Leaves.

(1) Eligibility and Purpose: Any teacher with permanent certification who has been employed in Newfield Central School for seven (7) consecutive years, may apply for sabbatical leave
for the purpose of formal study or educational travel. Such leave is intended to improve the ability of professional employees to render educational services to the school.

(2) Sabbatical leave shall be for two (2) full semesters at one-half the salary or one (1) full semester at full salary earned immediately prior to taking the leave.

(3) The number of people granted such leave will be at the discretion of the District. Their objective is to grant such leave to not less than one (1) person, providing that such number of qualified applicants make application. Selection would be based on:

(a) Length of service;
(b) Desirability of purpose of such leave;
(c) Availability of an adequate replacement for the period of the sabbatical.

(4) Rules for Application: Application shall be made to the Superintendent with copies to the Building Principal and the Professional Advancement Committee of the Teachers' Association, and shall completely outline:

(a) The course of study in residence at a college or university, either at home or abroad. Before final approval shall be given, the applicant shall submit a statement from the Dean of Admissions of the school, attesting to the individual's acceptance and the fact that the program is for full time during the period registered.

(b) The program must indicate educational objectives in direct relation to the applicant's field of endeavor. Application must be made as early as possible but not later than December 1st of the year preceding the date of effective leave with tentative Board decision February 1st for the next academic year. The final decision would be made by June 1st.

(5) Reporting: Each applicant must agree to make a written report to the Superintendent during each semester or summer session of such leave and to submit official transcripts at the end of the leave for work taken at the institution or a complete travelogue and written paper concerning an analysis of the educational significance of the travel.

(6) Miscellaneous:

(a) Credit for hours earned will be reflected in salary by current schedule at the end of the
program. Teachers will be treated as if present for automatic salary increment.

(b) **Disability while on Leave:**

If a teacher on sabbatical is unable to fulfill the purposes thereof by reason of illness as substantiated by proper medical statements or other legitimate reason beyond his control, the sabbatical shall continue its full term; and when the disability is removed, the teacher shall continue with the fulfillment of the sabbatical purpose.

(c) **Conditions of Return:**

1. Upon expiration of leave, the teacher will be restored to his position or to one of like nature and status.

2. As a condition precedent to granting sabbatical leave, the teacher shall agree in writing that in the event of his failure to return to employment at Newfield Central School, or his voluntary resignation therefrom before two (2) years after termination of his sabbatical leave, then, unless waived by the Board, the teacher will repay the amount of his gross pay plus retirement costs, social security and health insurance paid by Newfield Central School over a period of not more than five (5) years or in a lump sum at the teacher's discretion.

(d) **Non-Performance:** Once sabbatical leave has commenced, failure to successfully complete and attain minimal university standards in the approved sabbatical program due to reasons other than specified in 6b above, shall cause forfeiture of all salary benefits incurred under the terms of the sabbatical agreement unless waived by the Board of Education.

(e) In those cases when the semester break in the District does not coincide with the beginning of the semester at the college or university, the teacher shall be released in time to begin the college/university semester. The District reserves the right to require the teacher to make up this difference of days in a manner agreed to by the teacher, the Superintendent or designee, and the Association President.

J. **Teacher Conferences:**

In an effort to continually encourage teacher education and to insure awareness of new
techniques and materials, teachers will be allowed to attend conferences upon proper application. The District will cover the cost of the substitute for the teacher, the teacher's salary, and the approved conference fees and travel expenses. The District will approve only educational conferences. Written application for such education conference shall be made to the immediate supervisor at least one (1) month in advance. The purpose of the conference and the costs shall be explained. The immediate supervisor will forward such application to the Superintendent with a written recommendation. The District shall grant final approval/disapproval, judging each application on its individual merits and the availability of Board of Education approved substitute teachers. Unit members required by the District to attend a conference will be given seven (7) days notice.

**ARTICLE VI**

**WORKDAY, WORKWEEK, & PART-TIME EMPLOYMENT**

A. **Work Day:**

The regular workday for teachers shall be:

Grades 6-12: 7 hours and 10 minutes;

Grades K-5: 7 hours and 10 minutes plus additional time each day at the time of student dismissal when teachers must remain at work to see that students are safely loaded on the buses.

The Association recognizes and agrees that a unit member's responsibility entails the performance of duties and the expenditure of time beyond the regular work day for such things as help to students, parent-teacher conferences, faculty meetings, and open house. Normally, formal after school faculty meetings are held once a month during the work year. Unit members may be excused from a faculty meeting by securing the advance permission of the building principal.

B. **Lunch Period:**

All elementary and secondary school teachers shall be provided with at least a thirty (30) minute duty-free lunch period each day.
C. Preparation Period:
There will be a minimum preparation period of thirty (30) minutes per day. In the event of a shortened day for any portion of the staff, their preparation period will be part of the difference between the old dismissal time and new dismissal time for students.

D. Master Schedule:
After the master schedules for grades K-5 and 6-8 have been developed, the principals will give special area teachers the opportunity to review the schedules and offer recommendations for improvement.

ARTICLE VII
TEACHER EVALUATION

A. The purposes of the evaluation of the teaching staff shall be to:

(1) Improve the quality of instruction;
(2) Maintain a highly qualified, competent staff;
(3) Promote its continuing development, and;
(4) Help provide a basis for decisions regarding the continuance of a staff member's employment.

To further these purposes, the supervisory personnel responsible for the observation/evaluation of teachers shall acknowledge the right of the teacher to:

(1) Know how he is performing the duties and responsibilities of this position;
(2) Know the areas in which improvement is needed;
(3) Have candid appraisal of his work;
(4) Discuss his observation/evaluation reports with his supervisor;
(5) Seek and receive supervisory assistance where needed.

B. Procedures:

(1) Non-Tenured Teacher Evaluation
During the probationary period, teachers will be evaluated by administrative staff (building principal, supervisor, etc.) at least three (3) times per year. All three (3) observations must be completed by March 31st for a teacher appointed to start with the fall semester. Each
required observation must include a post-conference and in addition, at least one (1) observation must have a pre-conference meeting. After the post-conference, the administrator's personal observation notes will be destroyed.

At the end of each probationary year, the supervising administrator will complete a Performance Evaluation. This evaluation will be completed by June 1 for a teacher appointed to start the fall semester. This document is to help the teacher learn whether she/he has developed the qualities and attributes of an effective teacher as defined in "The Skills and Attributes of Effective Teachers". The Performance Summaries and Evaluation(s) will also be used to make recommendations to the Superintendent of Schools about continuation of services and ultimately about tenure.

In addition to classroom observations and an annual performance evaluation, non-tenured teachers with initial or transitional certifications are required to prepare a portfolio annually. The portfolio should reflect evidence of the “The Skills and Attributes of Effective Teachers” in the areas of knowledge, Instructional Strategies, Learning Environment, and Professional Qualities/Involvement. The portfolio may include, but is not limited to: a video of teaching performance, a sample lesson plan, a sample of student work, student assessment instruments and the teacher’s reflection on his/her classroom performance. The portfolio needs to be completed by June 1st of each year in preparation for the end of the year evaluation meetings.

The media used in the portfolio needs to be reduced to electronic format by the teacher. The District will provide the CD and DVD needed to reduce the portfolio to electronic format.

(2) Tenured Teacher Evaluations

Tenured teachers will be evaluated by administrative staff (building principal, supervisor, etc) at least one (1) time per year. This will include an observation and a post-conference meeting. Pre-conferences may be requested by administrator and/or teacher at the time the observation is scheduled. The tenured teacher observations are to be completed by May 15th.
(3) All monitoring or observation of the work performance of a teacher will be conducted openly, with full knowledge of the teacher. The use of public address or audio system devices shall not be used for this purpose.

(4) For tenured teachers, observation(s) will be in the area of certification. For probationary teachers, the majority of observation(s) will be in the area of certification. One observation will be with notice.

(5) After each observation a conference with the teacher will be held within two weeks of the observation. At these conferences the observer will discuss the observation with the teacher. The teacher will receive a copy of the observation form.

(6) The teacher will sign the observation form only as an indication that he has seen and discussed the observation. The teacher's signature does not constitute either approval or disapproval of the observation. The teacher may, if he wishes, add his own comments in the appropriate place on the observation form.

(7) The forms used for observation/evaluation are attached at Appendix B.

(8) Evaluation shall be based upon classroom observation as well as overall job performance within the District. There will be an evaluation conference held. At this conference the evaluator will discuss the evaluation with the teacher. The teacher will sign the evaluation form only as an indication that he has seen and discussed the evaluation. The teacher's signature does not constitute either agreement or disagreement with the evaluation. The teacher may if he wishes, add his own comments in the appropriate place on the evaluation form.

(9) The school district permits administrative staff to participate in training in good practice for the conducting of performance evaluations.

(10) Should the parties see a need to modify the existing evaluation form, the parties shall work cooperatively to create a new or modified form.

(11) In addition to classroom observations and an annual performance evaluation, tenured teachers with initial or transitional certifications are required to prepare a portfolio annually. The portfolio should reflect evidence of the "The Skills and Attributes of
Effective Teachers’ in the areas of knowledge, Instructional Strategies, Learning Environment, and Professional Qualities/Involvement. The portfolio may include, but is not limited to: a video of teaching performance, a sample lesson plan, a sample of student work, student assessment instruments and the teacher’s reflection on his/her classroom performance. The portfolio needs to be completed by June 1st in preparation for the end of the year evaluation meetings.

The media used in the portfolio needs to be reduced to electronic format by the teacher. The District will provide the CD and DVD needed to reduce the portfolio to electronic format.

(12) School Service Professionals – The term School Service Professionals shall include school counselors, psychologist, and school social worker.

Non-Tenured School Service Professionals Evaluation

During the probationary period, School Service Professionals (SSP) will be evaluated by administrative staff (building principal, supervisor, etc.) at least three (3) times per year (two performance and one end-of-year evaluation). At least one evaluation will be completed by December 31st.

At the end of each probationary year, the supervising administrator will have completed two Performance Evaluations. These evaluations will be completed by June 1 for a SSP appointed to start the fall semester. These documents are to help the SSP learn whether he/she has developed the qualities and attributes as listed in the evaluation guidelines for Guidance and Pupil Personnel (see evaluation forms in Appendix B1).

The evaluation(s) will also be used to make recommendations to the Superintendent of Schools about continuation of services and ultimately about tenure.

In addition to the evaluations, non-tenured SSP with initial or transitional certificates are required to prepare a portfolio annually. The portfolio should reflect evidence of the attributes and skills found in the evaluation guidelines for Guidance and Pupil Personnel. The portfolio may include, but is not limited to: a video of teaching performance, a sample lesson plan, a sample of student work, student assessment instruments and the teacher’s
reflection on his/her classroom performance. The portfolio needs to be completed by June 1\textsuperscript{st} in preparation for the end of the year evaluation meetings.

The media used in the portfolio needs to be reduced to electronic format by the teacher. The District will provide the CD and DVD needed to reduce the portfolio to electronic format.

(13) **Tenured School Service Professionals Evaluation**

Tenured School Service Professionals (SSP) will be evaluated by administrative staff (building principal, supervisor, etc.) at least one (1) time per year. This evaluation will be completed by May 15\textsuperscript{th}.

This document is to help the SSP learn whether she/he has developed the qualities and attributes as listed in the evaluation guideline for Guidance and Pupil Personnel (see evaluation forms in Appendix B1). The evaluation will also be used to make recommendations to the Superintendent of Schools about continuation of services.

In addition to the evaluation, tenured SSP with initial or transitional certificates are required to prepare a portfolio annually. The portfolio should reflect evidence of the attributes and skills found in the evaluation guidelines for Guidance and Pupil Personnel. The portfolio may include, but is not limited to: a video of teaching performance, a sample lesson plan, a sample of student work, student assessment instruments and the teacher’s reflection on his/her classroom performance. The portfolio needs to be completed by June 1\textsuperscript{st} in preparation for the end of the year evaluation meetings.

The media used in the portfolio needs to be reduced to electronic format by the teacher. The District will provide the CD and DVD needed to reduce the portfolio to electronic format.

(14) **Occupational Therapist Evaluation**

Occupational Therapists shall serve a probationary period of 52 weeks. During the probationary period, occupational therapists will be evaluated by administrative staff (building principal, supervisor, etc.) three (3) times per year. All three (3) observations must be completed by March 31\textsuperscript{st} for an occupational therapist appointed to start in the fall
Each required observation must include a post-conference and in addition, at least one (1) observation must have a pre-conference meeting. After the post-conference, the administrator’s personal observation notes will be destroyed. The occupational therapist will receive a copy of the observation form and will sign the form only as an indication that he/she has seen and discussed the observation. The signature does not constitute either approval or disapproval of the observation. The occupational therapist may, if he/she wishes, add his/her own comments in the appropriate place on the observation form. The observation/evaluation form is attached at Appendix B and may be modified by written agreement by both parties.

After the end of the probationary term, the supervising administrator will complete a Performance Evaluation. This evaluation will be completed by June 1 for an occupational therapist appointed to start the fall semester. The Performance Evaluations and observations will be used to make recommendations to the Superintendent of Schools about continuation of services and ultimately permanent appointment.

Administrative staff (building principal, supervisor, etc.) will evaluate permanently appointed occupational therapist(s) at least one (1) time per year. This will include an observation and a post-conference meeting. An administrator and/or teacher may request pre-conferences at the time the observation is scheduled. Said observation must be completed by May 15th. After each observation, a conference will be held within two (2) weeks to discuss the observation. The occupational therapist will receive a copy of the observation form and will sign the form only as an indication that he/she has seen and discussed the observation. The signature does not constitute either approval or disapproval of the observation. The occupational therapist may, if he/she wishes, add his/her own comments in the appropriate place on the observation form. The observation/evaluation form is attached at Appendix B and may be modified by written agreement by both parties.

C. Teacher Improvement Plan

A Teacher Improvement Plan (TIP) shall be developed for any unit member whose performance is evaluated as unsatisfactory. The TIP shall be developed by the immediate
supervisor of the unit member for the benefit of and in consultation with the unit member whose performance has been determined to be unsatisfactory. The TIP shall identify specific teaching behaviors to be changed based upon the established “Skills and Attributes of Effective Teachers”. The TIP shall identify resources and strategies to effect such change, and include a timeline for improving the areas of unsatisfactory performance. A template of the Newfield TIP plan is to be found in Appendix E of this document.

Peer Intervention Program

As one possible strategy for Teacher Improvement Plans, the Newfield Central School District and the Newfield Teachers’ Association agree to participate in a Peer Intervention Program.

1. PEER INTERVENTION COMMITTEE:

a. The Peer Intervention Committee shall consist of three (3) members of the bargaining unit designated by the Association. Applicants considered must have:

   Tenure in the district.
   Knowledge of the subject matter/curriculum.
   Knowledge of instructional/learning theory.
   Demonstrated transferal of theory into practice.
   Effective interpersonal communication skills.
   Understanding of the concept and value of continuous professional development.

b. All tenured members of the bargaining unit shall be encouraged to serve on the Peer Intervention Committee. However, final selection of committee members rests with the Association.

c. It shall be the responsibility of the Peer Intervention Committee to support the intervener(s) in all ways deemed appropriate by the committee. The school administration and the committee shall work together to develop an intervention plan.

2. SELECTION OF INTERVENER(S):

a. It shall be the function of the Peer Intervention Committee to select the intervener(s).

b. All tenured members of the bargaining unit shall be encouraged to serve as Interveners. However, final selection of Interveners rests solely with the Peer Intervention
Committee. Applicants considered must have:

- Tenure in the district.
- Knowledge of subject matter/curriculum.
- Knowledge of instructional/learning theory.
- Demonstrated transferal of theory into practice.
- Effective interpersonal communication skills.
- Understanding of the concept and value of continuous professional development.

3. TEACHER(S) IN NEED OF INTERVENTION

a. It shall be the responsibility of the administrative staff, subject to the approval of the superintendent of schools, to identify any bargaining unit member in need of Intervention by so informing the Peer Intervention Committee in the manner designated by said committee.

b. It shall be responsibility of the Peer Intervention Committee to assign an intervener(s) to assist the teacher in need of intervention. The intervener(s) needs to meet with the building administrator to review the situation and develop an intervention plan. This shall not conflict with the intervener's lunch period. The intervention plan will include areas where improvement is needed, steps to be taken, time frame, and other appropriate information.

c. Wherever possible the Peer Intervention Committee shall match the intervener and teacher in need of intervention in each of the following areas:
   - Tenure area
   - Certification
   - Grade level
   - Subject area

d. The intervener and the building administrator will plan for released time when the intervener may observe the teacher in need of intervention. This shall not conflict with the intervener's lunch period. This schedule must be approved by the superintendent.

4. CONFIDENTIALITY

a. Consultations and observations within the Peer Intervention Program shall be advisory and confidential and will in no manner whatsoever be evaluative. The evaluation of the teacher in need's performance will remain the responsibility of the appropriate
coordinator/principal in accordance with the provisions of the negotiated agreement.

b. The performance of a member of the bargaining unit as an intervener will in no manner whatsoever be evaluated by the teacher in need of intervention and/or affect in a negative manner his/her evaluation as a teacher.

5. SELF HELP
   a. Nothing above precludes any bargaining unit member from referring himself/herself to the Peer Intervention Committee as a teacher in need of intervention.
   b. All self-referrals shall be done in a manner prescribed by the Peer Intervention Committee.
   c. All sections of this procedure are appropriate and shall be in effect for those individuals who voluntarily seek self-help.

6. IMMUNITY
   a. No bargaining unit member who participates in the Peer Intervention Program either as a committee member or as an intervener may be required to appear at any disciplinary or termination hearing regarding a teacher in need of intervention.

ARTICLE VIII
EMPLOYEE DISMISSAL

(1) No employee will be dismissed without just cause.

(2) In the event that the District is considering the dismissal of an employee or termination of an employee’s services at the expiration of his/her probationary period, it will provide at least one written warning and will schedule a meeting among the immediate supervisor, the employee, and at his option, the Association representative for the purpose of improving his performance in order to continue his employment.

(3) Following such conference, if the District still determines that the employee should be dismissed, the employee will receive a minimum of sixty (60) days written notice. The notice will specify reasons for dismissal.
(4) Any employee dismissed under this article has the right to invoke grievance procedure if he disagrees with the action.

Only those who have an official right and reason for so doing may inspect a teacher's files, and said files shall not be open to public inspection except upon specific consent by the teacher.

(2) A teacher will be given a copy of any material that relates to that member's conduct, service, character or personality, to be placed in the teacher's personnel file. Such material will carry the notation "cc: Personnel File".

(4) All material placed in a teacher's personnel files will clearly identify the author.

(5) Grievances, answers and settlements will not be placed in bargaining unit member's personnel files except when both parties agree that settlement material needs to be a matter of record.

**ARTICLE X**
**CLASS SIZE**

The District and the Association agree that it is in the best interests of the educational program to continually review the impact of class size on the program. To this end, the parties agree to establish a committee to consist of teachers and administrators. This committee shall study this problem and make known its recommendations to the superintendent. The committee shall consist of one member of the Association, one member of the administration and a third member to be agreed
upon by these two. Nothing in the above paragraph precludes the enlargement of the committee if it will facilitate its work.

ARTICLE XIV
STAFF DEVELOPMENT

A. In-Service Education:

The District will continue to sponsor in-service education programs that are designed to improve the competency of the teaching staff. All elementary, secondary, and special education teachers are expected to participate in appropriate in-service programs. To effectively implement these programs a Professional Development Committee shall be formed for the purpose of planning and organizing in-service workshops. This committee shall present their proposal to the Board of Education for its consideration by the regular June Board of Education meeting. This shall not preclude the addition of other in-service programs.

B. Teacher Mentoring Program

The District and the Association agree to participate in a teacher mentoring program, in part, to fulfill the proposed NYS Education Department's requirement to have such a program for a candidate for a professional certificate in the first year of employment, unless the unit member has formerly successfully completed two (2) years of teaching experience in which case a mentor will not be assigned. If at any time during the life of this Agreement the NYS Education Department abolishes or fails to implement this requirement under part 80.3.4 of the Commissioner's Regulations, the provisions of the Agreement relating to this mentoring program shall be null and void.

1. Procedures

   a) A committee of three (3) teacher unit members to be selected by the Association will consider and recommend appropriate mentors to the Superintendent for his approval.

   b) Each recommended mentor will:

      i. Be a volunteer

      ii. Be tenured

      iii. Be certified in the area in which s/he is to mentor
iv. Have knowledge of instructional/learning theory
v. Have the ability to transfer teaching theory into practice
vi. Have interpersonal and communication skills
vii. Have an understanding of the concept and value of continuous professional development
viii. Have the ability to hold certain information confidentially

c) The teacher committee will recommend a teacher to mentor the first year teacher. The Superintendent, if he agrees with the recommendation, will make this recommendation to the Board for its approval.
d) The mentor teacher and the appropriate building administrator will plan for release time when the mentor may observe the teacher and assist in classroom planning. This shall not conflict with the mentor’s lunch and preparation periods.

2. Confidentiality

a) Consultations and observations by the mentor shall be advisory and confidential to the mentor, mentee and the building administrator. The evaluation of the mentee teacher is to be as set forth elsewhere in the Agreement.
b) The mentored teacher is not to evaluate the performance of the mentor other than to be able to communicate to the building administrator that the mentor/mentee teacher relationship is not working.
c) The mentor is not to formally evaluate the performance of the mentee as that process is the responsibility of the District.

3. Compensation.

A mentor will receive an annual honorarium of $250 or pro rata share if assigned for a period less than one year. For the 2004-05 school year and following, the annual honorarium is to be $300 or pro rata share.

C. Educational Credits for Teachers Who Hold Provisional Initial Certificate

After July 1, 1986, the District will reimburse each teacher who earns graduate credits toward his/her master's degree that is required for permanent or professional certification in the tenure
area of his/her probationary appointment.

This is subject to the following conditions:

(1) All credits must be at the graduate level and be part of a matriculated program for a master's degree.

(2) The degree is to be necessary for permanent or professional certification in the tenure area of the teacher's probationary appointment.

If the credits are earned in the spring or summer, the teacher must teach in the fall at Newfield Central School.)

(6) In the event that a teacher does not teach for the entire semester, and has been compensated for graduate credit earned during the previous semester, that teacher will reimburse the District any and all amounts paid to him/her for graduate credit during the previous semester.

(7) Teachers will be reimbursed up to the rate of the current tuition of the State University of New York upon submission of the proper bills and official transcripts indicating successful completion of the credits.

(8) Graduate credits earned under this program entitle the teacher to compensation as outlined in Article XIV - E (below).

(9) The District will reimburse Teaching Assistants at the SUNY rate for undergraduate credits up to the Bachelor's Degree level or graduate credits taken up to the Master's Degree level, not to exceed twelve (12) credits per school year. Courses taken by Teaching Assistants for reimbursement must be approved by the Superintendent, who will use Section XIV,
paragraph C, as the criteria for approval.

D. **Educational Credits for Teachers Who Hold Permanent or Professional Certificate**

In order to encourage teachers to maintain and/or improve their teaching skills, the District will: Reimburse up to the rate equal to the tuition for graduate credit or undergraduate credit at State University of New York (Cortland in the event that different tuition rates are set by S.U.N.Y.) any teacher on the Newfield faculty who successfully completes graduate or undergraduate credits that are germane to his/her teaching assignment.

The following conditions apply to this program:

2. All courses must be approved in advance.
3. The courses must be germane to, but not necessarily in the teacher's assignment.
4. The District will reimburse up to six (6) credits in a school fiscal year (7/1 - 6/30).

Any teacher or teaching assistant who requests reimbursement for the costs of the above described college fees must return and teach at Newfield Central School the following semester in order to receive such reimbursement. If a teacher claims reimbursement for official college fees paid for in the spring or summer, the teacher must return to teach in the fall semester. In the event that the teacher or teaching assistant does not return the semester following paying for such fees, they are not entitled to reimbursement. If a teacher or teaching assistant does not teach the entire semester following such reimbursement, and has
been compensated for college fees expensed during the previous semester, that teacher or teaching assistant will reimburse the District any and all amounts paid to her/him the previous semester.

E. Graduate Credit:

1. Teachers shall earn an additional $200 for every 6 hours block of graduate credit earned in a program which leads to a permanent or professional certificate in the tenure area of appointment.

2. Teachers shall earn an additional $200 for every 6 hour block of District approved in-service training which they successfully complete.

3. Second semester credits will receive $100 for every 6 hour block of hours for the remainder of that school year.

4. No additional compensation for graduate hours will be paid beyond the unit member's attainment of permanent or professional certification in the tenure area of appointment unless it has the prior approval by the Board of Education.

5. The hours credited for additional compensation are only those hours earned after July 1, 1981.

6. Teachers eligible for additional compensation for six (6) or more additional graduate hours must provide official transcripts to the Superintendent prior to October 1st or March 1st of each year in order to receive compensation.

7. In order to receive in-service credit, a unit member must receive prior approval from the Superintendent. Fifteen (15) in-service hours equal one (1) hour of in-service credit for compensation purposes. Salary adjustments will be made in blocks of six (6) hours with no more than half of the graduate credits being in-service credits.

8. In-service credit is available only if the teacher assumes all expenses incurred by taking the in-service program. If a teacher's expenses are paid by the District, including a daily stipend, the teacher cannot use the in service toward salary adjustments.

9. Teaching Assistants will not be given salary compensation under Article XIV, section E, Graduate Credit.
ARTICLE XV

A. Retirement - Cumulative Sick Leave:

(4) It will be the retiree's responsibility to make payments to the District for the difference between the District's maximum contribution and the actual cost. The retiree shall make a quarterly payment on or before every calendar quarter, i.e. January 1, April 1, July 1, and October 1.

4. If the District assigns a teacher to a receiving class, such assignment shall be part of the teacher's normal teaching load.

5. All grading school work and tests shall be done in the transmitting school district by the transmitting teacher who will cooperate with the appropriate building principal in the receiving district.

6. **Visitors/Access Program**

The receiving school district shall be granted a non-exclusive license and right to use such material in its school district for instructional training purposes.

8. **Web-Based or On-Line Classes**

   With the goals of creating both skilled lifelong learners and creating more educational options that, due to the small size of the Newfield School District are otherwise not economically viable, the District will offer students in their Junior and Senior years of High School opportunities to take elective courses via the World Wide Web.

   a. These web based or online courses will be college credit bearing coursework that
the Newfield District will purchase from a third party. In the 2005-06 school year the District will purchase such coursework from the Tompkins-Cortland Community College and the SUNY Learning Network.

d. Students who participate in on-line classes shall do so only under the general supervision and guidance of a faculty on-line course mentor. The mentor's role and responsibility will be to monitor student progress and offer support as necessary for a student who takes an on-line class;

e. Selection of materials, planning and delivery of instruction, evaluating assignments and issuing grades will be the sole responsibility of the vendor of each on-line class. Technical support and the supply and maintenance of all necessary computer equipment will be the responsibility of the Newfield District.

f. An on-line mentor may be a teacher or teaching assistant.

g. In the computation of a teacher or teaching assistant's workload, the assignment of up to sixteen individual students shall be considered equivalent to the assignment of one (1) teaching period.

h. Online courses offered to Newfield students shall not supplant existing courses. If subscription to any one particular online course exceeds ten (10) students, the District will make every effort to offer that course as a traditionally taught class.

i. The District acknowledges and confirms that participation in web-based or online instruction shall not be used by the District to argue that the Association may have waived any rights that may exist with regard to the exclusivity of bargaining unit
work. The District also agrees that mentoring of web-based or online courses, in whole or part, involves bargaining unit work.

j. The District agrees that no teacher or teaching assistant shall be subject to a reduction in force, in whole or part, as a result of the District's offering students the opportunity to participate in web-based or online instruction.
