This Agreement is made and entered into this _________ day of _________, 2010, by and between the Superintendent of Schools of the Niagara-Wheatfield Central School District and the Niagara-Wheatfield Non-Instructional Personnel Association.

ARTICLE 1: UNDERLYING CONSIDERATIONS

1.01: Mutual Promises. In consideration of the District’s promises contained in this Agreement, the Union, on behalf of itself and all its members covered by this Agreement, hereby pledges to use every earnest and diligent effort to eliminate waste, inefficient operation and to cooperate in every reasonable way toward maintaining and advancing the District’s services to its taxpayers.

1.02: Funding Approval. It is hereby agreed by and between the parties that any provision of this Agreement requiring legislative action to permit its implementation by amendment of law or by providing the additional funds therefor, shall not become effective until the Board of Education has given approval.

1.03: No Strikes. During the term of this Agreement, neither the Union nor any of its officers, agents, or representatives nor any employees shall, in any way or for any reason: (a) engage in, encourage, aid, condone, or sanction any strike, any kind of work stoppage, any reduction in the quality or quantity of performance or any other impeding of work or the District’s operations; or (b) prevent, attempt to prevent, or interfere with the right of any person or employee to gain access to any of the District’s buildings or property.

1.04: Non-Discrimination. All references in this agreement to the male gender shall apply equally to the female gender and vice versa.

ARTICLE 2: RECOGNITION

2.01: Exclusive Negotiating Representatives. The Board of Education, having determined that the Union is an employee organization as defined in Article 14, Section 201(5), of the New York State Civil Service Law, and that it represents a majority of all non-instructional personnel except those employees in the classifications listed below, and in consideration of the ban on strikes and work stoppages contained in this agreement, recognizes the Union as the exclusive negotiating representative of all employees in the negotiation unit, for the full period allowed by law.
2.02: **Definition of Employee.** The term “employee,” whenever used in this agreement, shall mean an employee in the negotiation unit.

2.03: **Scope of Unit.** The scope of the unit shall include all of the job titles and position holders, whether full-time or regular part-time (i.e. regularly scheduled to work less than twenty hours per week) listed or referred to in the wage schedules incorporated into this agreement.

2.04: **Excluded Job Titles.** The following is a list of job titles which are excluded from the scope of the negotiation unit: substitute and other casual employees; temporary employees; seasonal employees; Superintendent of Schools; School Business Executive; Director of Human Resources; Director of Special Programs; Director of Curriculum and Instruction; School Lunch Manager; Transportation Supervisor; Head Bus Driver (full-time); School Nurse Practitioner; District Treasurer; District Tax Collector; Director of School Facilities and Operations; Accountant; Secretary to the Superintendent of Schools; **secretaries and/or Paralegal in Human Resources**; secretary to the School Business Executive; Internal Claims Auditor; District Clerk; acting District Clerk, **Confidential Account Clerks in the Business Office, Payroll Clerks in the Business Office and Bus Garage.** **This provision shall be effective January 1, 2011.**

2.05: **New Job Classifications.** If a new job classification is to be added to the unit, wages, terms and conditions of employment of that job classification shall be subject to negotiation by the negotiating committees of the Union and the District.

2.06: **Agency Fee**

(a) The Union, having been recognized or certified as the exclusive representative for all employees included in the collective bargaining unit as set forth in the recognition article, shall be entitled to have monies deducted from the wages or salaries of employees of the aforementioned bargaining unit who are not members of the Union in an amount equivalent to the annual dues levied by the Union for employees who are members. (Substitute and temporary employees are not covered by this language.) Employees who are not Union members, and who do not make application for membership within thirty days after mutual ratification of this contract, shall have deducted from their wages the aforementioned dues in the same manner as members, provided the Union has established and maintained a procedure providing for the refund to any employee demanding the return of any part of any agency shop fee deduction which represents the employee’s pro rata share of expenditures by the Union in aid of activities or causes of a political nature only incidentally related to terms and conditions of employment.

(b) The Union shall indemnify and hold harmless the District and its officials or employees from any cause of action, claim, loss or damages incurred as a result of the District’s deduction of an agency fee from any employee. The Union shall have no right or interest in any agency fee deduction until such collected monies are actually paid to the Union. Upon forwarding by mail the payment of the agency fee deduction to the last known address of the Union, the District and its
officers and employees shall be relieved from all liabilities to deduct such fees and deliver such deductions to the Union. The fees deducted shall be accompanied by a list indicating the names of those employees from whom such deductions were made. All monies shall be turned over to the Union within thirty (30) days of collection.

2.07: **Union Business.**

(a) Annually, a total of one hundred (100) hours of pay shall be allowed for Union representatives to conduct Union business through attendance at professional meetings, conferences or workshops, when approved by the Superintendent or his authorized representative, with pay. Attendance at grievance hearings shall not be charged against this time. Parties to negotiate which Union officials will be eligible for leave from their assigned duties to conduct Union business.

(b) Duly authorized representatives of the Union shall be permitted to transact official organization business on school property at all reasonable times. The Union and the District agree to institute a form (Appendix I) by which Union leadership shall notify the Superintendent of schools that Union business leave has been used under Section 2.07(a) of the collective bargaining agreement. Any employee who holds a Union position authorized by this contract to receive leave from their assigned duties for Union Business must advise the employee’s immediate supervisor of such intended leave at least twenty-four (24) hours before the intended start of such leave, as long as the leave will not impair District operations. This Union business leave is only for professional meetings, conferences or workshops encompassed within subparagraph 2.07(a).

**ARTICLE 3: MANAGEMENT**

3.01: **General Description.** Except as specifically and expressly limited by provisions of this agreement, the District, board of education, Superintendent, and designated supervisory officials shall be solely responsible for the operation and management of the District and its personnel and to take whatever action is necessary to carry out the mission of the District.

3.02: **Specific Inclusions.**

These managerial prerogatives include, but are not limited to, the following:

(a) determine the mission, purposes, objectives and policies of the District;

(b) select, hire, appraise, train, and promote employees;

(c) fix and determine the qualifications, compensation, hours of work, and duties of employees and job titles covered by this agreement;
(d) determine the necessity for reducing work forces, recalling employees and filling any vacancy;

(e) create new jobs and classifications and to abolish any job or classification;

(f) assign, supervise and direct employees in their work;

(g) determine the extent that work will be performed by employees of the District or by others, subject to the Union’s statutory rights;

(h) transfer or assign employees from one job classification to another;

(i) demote, suspend, discharge and discipline employees;

(j) make and implement rules for the conduct of the work and the maintenance of safety, order, discipline, efficiency and the protection of property and to issue any other directive intended to carry out the managerial functions of the District.

ARTICLE 4: DISPUTE RESOLUTION PROCEDURES

4.01: Purpose. The primary purpose of this procedure is to resolve grievances at the lowest practicable, administrative level, consistent with the specific and express terms of this agreement. The presentation and processing of grievances under this agreement shall be free from interference, coercion, restraint, discrimination or reprisal by either the District or the Union.

4.02: Definitions.

(a) Grievance. The word “grievance” is defined as a claim of violation, misapplication or misinterpretation of any express and specific provisions of this agreement.

(b) Immediate Supervisor. The term “immediate supervisor” shall refer to the following: director of school facilities and operations (custodial, maintenance, facilities, operations, and buildings and grounds employees); transportation supervisor, (transportation employees); school lunch manager (cafeteria employees); building principal (teacher aides and monitors); school business executive (business office staff); director of curriculum and instruction (curriculum and instruction office staff); school nurse practitioner/building principal (health office staff); building principal (clerical staff in school buildings).

4.03: Standards and Principles.

(a) Grievance forms must include the name and position of the aggrieved party the section of the agreement pertaining to the grievance, an informative statement of what happened and how the
District allegedly violated, misapplied or misinterpreted, and the remedy sought by the grievant. The grievance form is attached as Appendix E.

(b) One set of the official written grievance record shall be maintained in the office of the Human Resources for reference purposes, separate and apart from employee personnel files.

c) A grievant shall have the right to be represented by the Union at each step of the procedure.

d) The District and the Union agree to facilitate any investigation which may be required and to make available any and all relevant and material documents, communications and records which directly pertain to the grievance.

(e) Meetings of Union representatives with designated District representatives pertaining to the processing of grievances shall be held at times, places, and under circumstances established by mutual consent. All reasonable efforts will be made to avoid interruption of District operations and avoid involvement of students in any phase of the grievance procedure.

(f) During the course of any grievance proceeding, until a final determination has been reached, all proceedings shall be in private and any preliminary disposition will not be made public without the mutual consent of the Union and the District.

(g) Every dispute over which a grievance could be filed by employees or the Union shall be processed under this procedure. Recourse may not be instituted in any other forum, unless it is required or ordered by a court or administrative agency.

(h) It shall be the fundamental responsibility of supervisors at the administrative level to promptly take appropriate action within the limits of their authority upon grievances presented to them by employees under their supervision.

(i) It is the intention of the District and the Union that grievances be processed as rapidly as practicable. The number of days indicated at each level of the procedure should be considered as the maximum. Failure at any step to process the grievance within the stated time will result in the grievance being considered settled in accordance with the District’s action and the grievance shall be barred from further processing under this procedure. Whenever mutually agreed in writing, the time limits set forth herein may be extended.

(j) If the District fails to communicate its decision at any step of the procedure within the specified time limit, the aggrieved party shall be permitted to lodge an appeal at the next available step of the procedure within the time limit which would have been allotted if the District’s decision had been communicated on the last day of the specified time period.
(k) Time limits under the dispute resolution procedure shall be measured from the date of receipt of the grievance, an appeal, or a grievance answer. “Days” shall mean “work days,” rather than “calendar days,” and weekends or holidays when school is closed shall be excluded from the measurement of time under this dispute resolution procedure.

(l) No grievance will be entertained under this procedure and the matters complained of will be deemed settled in accordance with the action of the District unless the written grievance is filed at the first available step within ten days after the employee knew or should have known of the act or condition on which the grievance is based. (Note: A shorter time period applies to grievances over discipline).

(m) If a group of employees have the same supervisor and are affected by the same act or failure to act by the District, they shall all sign the same grievance form and the matter shall be processed as though it were a grievance submitted by a single grievant. If the alleged violation pertains to a right of the Union as set forth in this agreement, the Union shall submit the grievance on its own behalf directly at Step 2.

(n) Prior to a formal filing of a grievance, the grievant has the right and the obligation to personally meet with the appropriate immediate supervisor in an effort to resolve the dispute.

(o) An employee shall perform all duties as required even though the employee may feel aggrieved.

4.04: Grievance Procedural Steps.

Step 1: Immediate Supervisor. The written grievance, with supporting facts and suggested remedy, will be presented to the grievant’s immediate supervisor not later than the tenth day after the act or failure to act occurred which is the subject of the grievance.

The grievant and the immediate supervisor will confer on the grievance. At the conference, the grievant may appear personally or with his unit representative. If the grievance is filed directly with the employee, the unit representative shall be given an opportunity by the immediate supervisor to attend the conference and to present the views of the Union with respect to the grievance. Other persons may attend only with the consent of the employee and the supervisor.

Within five (5) days after the written grievance is presented, the immediate supervisor shall submit a written answer to the grievant. A copy of the grievance answer submitted by the immediate supervisor shall be furnished to the grievant and grievance chair, Human Resources Office, Superintendent, and the unit representative, simultaneously.

Step 2: Superintendent. If the grievance is not satisfactorily settled at Step 1, the grievant may submit the grievance to the Union grievance chair. If the grievance chair approves further processing
of the grievance, a written appeal shall be filed with the Superintendent within no more than five (5) days after the first step answer was issued. The appeal must contain a concise, comprehensive statement of the facts and occurrences involved, and the suggested remedy. A copy of this written appeal shall also be submitted to the grievant’s immediate supervisor at the same time.

In order to be considered a proper grievance at this step, the grievant or the Union grievance chair shall provide the Superintendent with all material and relevant documents, communications and records pertaining to the grievance which were not previously furnished to the immediate supervisor.

The Superintendent shall confer with the grievant and the Union grievance chair, or his designee, within eight (8) days after receipt of the appeal. Notice of the Superintendent’s conference shall be given to the grievant and the Union grievance chair at least two (2) days in advance. If the conference is to be held during working hours, the grievant and the Union grievance chair, or his designee, shall be granted permission to attend without loss of pay.

At the conference, the grievant may appear personally or with the Union grievance chair, who may act on the grievant’s behalf. In the event that the grievant acts on his own behalf without representation, the Union shall have the right to send the Union grievance chair to present its views on the grievance. The Union President shall be eligible to attend Second Step Union grievance conferences, if it does not impair District operations, and with the approval of the Superintendent.

At the conclusion of the conference at this step, the Superintendent shall submit a written grievance decision to the grievant, immediate supervisor, and the Union grievance chair within ten (10) days after the conclusion of the conference.

4.05: Binding Arbitration. If the grievance is not satisfactorily settled at Step 2, the Union may appeal to arbitration, but not later than the fifteenth day after delivery of such answer to the Union grievance chair; otherwise, the grievance will be deemed resolved by the Superintendent’s answer.

The Union’s appeal shall be by written notice to the American Arbitration Association and to the Superintendent, specifically identifying the grievant by name, the date of the original grievance, the issue to be appealed to arbitration, and request the American Arbitration Association to furnish each party with a list of nine arbitrators.

If the request for arbitration has been timely filed in accordance with the procedures of this agreement, then and only then shall the arbitration be held in accordance with the voluntary arbitration rules of the Association, only insofar as they are consistent with the terms of this agreement.

If there is no mutual choice, then the American Arbitration Association shall furnish a second panel of nine arbitrators to the parties. If there is no mutual choice from the second list, an arbitrator shall be appointed in accordance with the rules and regulations of the Association.
Expenses of the arbitrator shall be borne equally by the parties.

The arbitrator’s award shall be final and binding if the award is not inconsistent with or contrary to any of the express terms of this agreement. The arbitrator has no power to add to, detract from, or change in any way the provisions of this agreement. The arbitrator shall have the power and authority to recommend the proper interpretation of this agreement, to decide whether or not the agreement has been violated, and to decide what the appropriate remedy shall be, if any. The arbitrator has no authority to reverse the judgment of the District representatives which is predicated on a rational basis in those circumstances and situations which this agreement leaves to the judgment of those representatives.

ARTICLE 5: DISCIPLINE

5.01: Rules and Regulations.

(a) The District has the right to establish rules, regulations, and procedures for its employees to follow for the conduct of the work and the maintenance of safety, order, discipline, efficiency and the protection of property.

(b) These rules, regulations and procedures shall not be inconsistent with the terms of this agreement. They may be amended from time to time at the complete discretion of the District, but the Union will receive written notice of any such rules and changes prior to the effective date of implementation.

5.02: Administrative Procedures. The following disciplinary procedure shall apply to all bargaining unit employees in lieu of all rights and procedures specified in Civil Service Law, Section 75 and Section 76. Resort to Civil Service Law procedures shall be foreclosed and barred in favor of the grievance procedure in this agreement.

(a) The employee and the Union grievance chair shall receive written notice of the discipline when issued, or within a reasonable time after said issuance. “Discipline” means written reprimand, suspension, fine, restitution or discharge.

An employee will be sent a copy of any memos or other items to be placed in their personnel file at the time that items are being placed in the employee’s personnel file. A cover memo with a copy to the employee will be sufficient proof that an item has been entered into the employee’s personnel file. Employees shall have the right to respond to any item placed in their personnel file.

An employee will be given a copy of documents pertaining to discipline to be placed in his personnel file and asked to sign and date as evidence of receipt. The employee’s signature indicates
only receipt and not agreement with the contents. An employee may file a rebuttal statement in writing.

If an employee refuses to sign, the supervisor will note such refusal on the document and will place it in the employee’s file with a notation that the employee was presented with the document and refused to sign for it in receipt. Such refusal to sign will also be noted by a Union representative if a Union representative is requested to be present at such meeting by the employee involved. This Section does not imply or require the presence of a Union representative at every conference.

(b) A policy of progressive discipline shall apply, which levels are: 1) one written warning; 2) suspension with pay or suspension without pay; and 3) discharge. No employee shall be disciplined without just cause. This provision shall be effective January 1, 2011.

(c) Disciplinary action shall be predicated on one or more separate infractions or acts of misconduct by an employee. Progressive discipline shall apply but no prior warning notice to the employee is required if the cause of suspension with pay or suspension without pay or discharge is any of the following acts of misconduct for which suspension or discharge may be immediately imposed:

1. dishonesty or theft;
2. actual or threatened physical abuse or bodily harm to any employee, supervisor, student or other member of the public;
3. negligence resulting in serious accident;
4. openly defiant and egregious insubordination toward any supervisor;
5. violation of the no-strike clause;
6. willful destruction or misappropriation of property belonging to another employee or the District;
7. use, possession, distribution or being under the influence of drugs and/or intoxicants while on duty or on District property.
8. any activity which violates a criminal statute; if such activity occurs during working hours, or on District property or impacts on an employee’s qualifications or fitness for employment, provided the employee has been convicted or pled guilty. The lack of a conviction or plea shall not preclude disciplinary action upon the underlying conduct if discipline could be imposed for any act or acts of misconduct listed above.
5.03: **Discipline Grievances.**

(a) During an employee’s probationary period, the employee may be laid off or disciplined at the sole discretion of the District, without recourse to the grievance procedure.

(b) The employee shall have the right to file a grievance under this agreement to protest the absence of just cause for discipline. A grievance over suspension or discharge must be presented at Step 2 of the grievance procedure within no more than five (5) days after the date of the written notice of discipline was issued to the union grievance chair; other disciplinary grievances must be presented at Step 1 of the grievance procedure within ten (10) days after the written notice of discipline was issued. If a grievance is not filed within the appropriate time period, the disciplinary action shall be deemed for just cause.

5.04: **Drug/Alcohol Testing.** No employee shall be discharged for a drug/alcohol testing reason without first being afforded an opportunity to discuss any extenuating circumstances before the Board of Education. Discipline and discharge resulting from the drug/alcohol testing program shall be subject to the contractual grievance/arbitration procedure.

**ARTICLE 6: EMPLOYMENT CATEGORIES**

6.01: **Appointments before January 1, 1981.**

(a) **Full-time Employee.** A full-time employee is an appointed employee regularly scheduled to work forty (40) to fifty-two (52) weeks per year and usually scheduled to work five (5), six (6), seven (7), or eight (8) hours per day, five (5) days per week.

(b) **Part-time Employees.** A part-time employee is an appointed employee working regularly scheduled short hours. Usually, a part-time employee is scheduled to work fewer than twenty (20) hours per week.

6.02: **Fringe Benefits for Part-Time and Dual Employees**

(a) No fringe benefits for part-time employees except as provided herein by specific reference to part-time employees.

(b) **Full-time employees are those employees who are appointed to a regular schedule of** forty (40) hours per week for forty (40) to fifty-two (52) weeks per year as custodial, building and grounds, mechanics and clerical employees (except for thirty-five (35) hour summer schedule for twelve (12) weeks).

(c) Full-time employees are those employees working forty (40) weeks per year, six (6) hours per day as teacher aides, monitors, personal care aides, bus attendants, health office assistants, school
nurses, cafeteria and transportation employees, or dual employees if both of the employee’s titles are listed as positions within the bargaining unit and the total appointed time is at least six (6) hours.

6.03: Temporary Appointments. Temporary appointments may be made for any legitimate operating purpose other than to evade the obligation to post vacancies in accordance with the requirements of this agreement. A temporary appointment will not exceed three (3) full calendar months, unless extended by the District for an additional three (3) full calendar months for a total of six (6) months. Any employee in a temporary assignment shall be paid pursuant to a rate set by the Board of Education in its sole discretion; however, said rate will not be higher than the current year’s Step 1 of the pertinent salary schedule.

6.04: Substitutes. A substitute employee is employed in the absence of an appointed, full-time or part-time employee. The substitute rate of pay will be set by the Board of Education and will not exceed the base rate of the particular classification in which the substitute is employed. A substitute will not receive fringe benefits.

6.05: Provisional Employee. A provisional employee is an employee appointed to a position pending the passing of Civil Service testing. This employee will be entitled to all benefits as stipulated in this agreement.

ARTICLE 7: SENIORITY AND ITS APPLICATION

7.01: Seniority Units. The seniority units and the job titles in each unit are listed in the annexed Appendix D as follows: 1) Clerical: payroll clerk, account clerk, stenographer, typist, Administrative Assistant; 2) Cafeteria: motor equipment operator, cook manager, cook, food service helper, food service helper II; 3) Mechanics: lead auto mechanic, auto mechanic, laborer; 4) Bus Drivers: bus driver; 5) Buildings and Grounds, Maintenance and Custodians: head maintenance person, carpenter, electrician, secondary head custodian A (over 1500 students), secondary head custodian B (1500 or fewer students), head custodian C (elementary), courier/inventory clerk, lead cleaner, grounds keeper, custodian, head cleaner, cleaner, laborer, HVAC Technician and Building Maintenance Person; 6) Health Office: health office assistant, school nurse; 7) Aides/Monitors: teacher aide, school monitor, personal care aide, bus attendant.

7.02: Definitions.

(a) District seniority shall be acquired after an employee’s successful completion of the probationary period served after original hire, or rehire after a break in seniority or voluntary reclassification from full-time to part-time status, and shall be measured from the employee’s date of hire in a permanent position covered by this agreement. An employee’s District seniority shall be his date of appointment, subject to adjustment as required herein.
(b) Job classification seniority shall be acquired retroactive to the employee’s date of permanent appointment to a particular job classification covered by the agreement after successful completion of the trial period for that classification. An employee’s job classification seniority shall be his date of appointment, subject to adjustment as required herein.

(c) Unit seniority shall be acquired retroactive to the employee’s permanent appointment to any job classification within a given seniority unit, after successful completion of the trial period for that classification. An employee’s unit seniority shall be his date of appointment to any job classification covered by this agreement. The seniority units are: clerical; cafeteria employees; mechanics; bus drivers; buildings and grounds, maintenance and custodians; health office assistants and school nurses; and teacher aides, monitors and personal care aides and bus attendants.

If an employee holds part-time positions in two or more units, the seniority date of each unit position shall be from that position’s latest appointment date. If two (2) or more employees are tied using this date, District seniority will be used. This applies to all employees so hired effective July 1, 1986.

7.03: **Probationary Period.**

(a) The length of the initial probationary period shall be as per Niagara County Civil Service Office Rules. Wherever the terms “probationary” or “probationary period” are used in this agreement, the reference shall apply only to the initial period of employment after hiring. Seniority will be recognized while an employee is serving a probationary period. Effective January 1, 2007, all initial appointments shall be for an initial probationary term of fifty-two (52) weeks.

(b) The probationary period shall be automatically extended by one day for each scheduled work day a probationary employee is absent.

7.04: **Impact of Absences.** Seniority shall not accumulate during the following periods and the employee’s seniority date shall be adjusted one calendar day for each calendar day of these absences: lay-off, unpaid absence, workers compensation or disability leave of absence after more than twelve months, disciplinary suspension.

7.05: **Tie-breaking Policy.** If two or more employees have the same seniority, the more senior will be determined by a comparison of the last five digits of the employee’s social security number, the higher number being the most senior employee. **Employee A and B have the same seniority date. Employee A Social Security number is 000-01-0000. Employee B Social Security number is 000-01-0010. B is more senior due to the last 5 digits being the higher number.**

7.06: **Seniority Forfeiture.** All seniority rights shall be forfeited and employment shall be permanently severed in the event of any of the following:
(a) discharge;

(b) resignation, subject to break in service rules;

(c) retirement under any retirement benefit plan;

(d) lay-off of more than forty-eight consecutive calendar months;

(e) abandonment, actual or constructive, of employment, due to no-call, no-show (AWOL) of five or more consecutive work days;

(f) refusal to accept recall from lay-off, if recall is to the same job classification from which laid off or bumped;

(g) failure to report to work pursuant to recall from lay-off pursuant to contractual requirements;

(h) failure to return to work on the first day after the expiration of any leave of absence; provided the employee has five work days to prove unavoidable circumstances beyond the employee’s control prevented a timely return to work.

7.07: Resignations.

(a) All resignations must be submitted in writing and shall specify the last day of work.

(b) It shall be the policy of the District to consider resignations submitted to and approved by the board of education as binding upon the person resigning.

(c) In the event that the person is applying for reemployment with the District, that person will be reclassified as a new employee in all respects. A re-hired employee starts at Step 1 on appropriate pay schedule.

(d) If an employee resigns from employment and is rehired on or after July 1, 1987, with an appointment to a permanent position which is within twelve (12) consecutive calendar months 365 calendar days, (366 calendar days, if the year in question is a leap year) of the effective resignation date, there shall be no break in the employee’s District seniority. Seniority shall not accumulate during this period of absence from employment.

(e) Notwithstanding past practice and the terms of section 7.07 (d), any employee that retires from the District as an employee and seeks post-retirement employment with the district shall not retain that employees’ seniority status and shall be treated as a step one employee for all purposes.
7.08: **Seniority Lists.**

(a) There shall be separate seniority for full-time and part-time employees. Seniority lists shall be published within ninety (90) calendar days after the execution of this agreement and, annually, in September. A copy of the seniority lists will be furnished to the Union president and grievance chair and will be published on bulletin boards throughout the District.

(b) If an employee believes that any new information on a seniority list is not correct as to that employee, the employee must submit a written request for correction, which states what the employee believes to be the correct information, to the Human Resources Office. These requests must be submitted not later than the thirtieth calendar day after the list is posted; otherwise, the information on the list, as to that employee, shall be deemed absolutely final. If a timely request is filed but is not satisfactorily resolved, the dispute may be grieved by submitting the grievance directly at Step 2.

(c) A part-time employee who becomes a full-time employee will be placed on the full-time seniority list with all accumulated part-time seniority treated as full-time seniority. A full-time employee who becomes a part-time employee by reason of displacement, bumping, retreating or recall shall continue to accumulate full-time seniority and shall also be placed on the part-time seniority list with all accumulated full-time seniority treated as part-time seniority. This means that the employee shall be slotted on the seniority list in accordance with the employee's current seniority date. If a full-time employee, however, voluntarily becomes a part-time employee, the employee shall begin a new period of District seniority on the part-time seniority list just as though the employee were a new employee of the District.

**ARTICLE 8: FILLING VACANCIES**

8.01: **Vacancy.** A vacancy in a job classification is created only when:

(a) The incumbent's employment is terminated for any reason, including death, resignation and retirement;

(b) When the incumbent bids out of the position; or

(c) The incumbent is absent due to temporary disability of at least twelve (12) months duration.

"Vacancy" shall also mean the creation of a new job classification, an increase in the number of regular position holders in a given job classification and a change in a position from part-time to full-time status or vice versa.

8.02: **Posting Vacancies.**
(a) **Procedure for non-competitive and labor class posting.** The Human Resources Office will post District-wide a written notice of each vacancy in existing as well as newly created job classifications in the bargaining unit which the District decides to fill. The posting will include mention of the building where the vacancy exists where possible. The posting shall clearly set forth a description of the duties of the position, the starting wage, the building or job site of the position, and the hours of work, including shift identification. The District will first consider the bids of qualified employees in that job classification. Where consideration of candidates from the job classification fails to produce an acceptable candidate, the District will next consider candidates from within the unit, followed by candidates from the bargaining unit (See Appendix D). When said review fails to produce an acceptable candidate, the District may consider candidates from outside the bargaining unit. Notwithstanding the above language, the district shall have the right to fill a vacancy resulting from the service of a trial period with a temporary appointee, or substitute employee, without posting said vacancy during the trial period.

(b) The notice will remain posted in all buildings for at least five (5) work days, but this will not prevent the District from filling the vacancy on a temporary basis during the posting procedures.

(c) A vacancy will be posted within fifteen (15) work days after the District, through its representatives, decides to fill that vacancy with a permanent appointment.

(d) The District will post openings in the Food Services Cafeteria District-wide. Employees from the Food Service classification will be considered first for any vacancies. If no acceptable candidates are obtained from within the Food Services classification, the District will then consider other candidates from outside Food Service, as per Section 8.02(a).

(e) **Procedure for competitive-class positions.** The District shall post competitive class vacancies as in 8.02(a) above. However, candidates will be considered as follows:

   1. Qualified candidates from within the bargaining unit who are in the posted job classification or a higher classification from within the job unit where Civil Service Laws and Rules permit.

   2. Failing an acceptable candidate from (e)(1) above, the District will seek a qualified candidate from an open competitive Civil Service list. Bids of bargaining unit employees on said list will be considered before those of non-bargaining unit candidates.

   3. Should a Civil Service List be unavailable, the District shall have the right to appoint a candidate provisionally to fill the vacancy. Where possible, qualified bargaining unit employees will be considered first. The District shall have the right to select the provisional appointee to fill the vacancy under a probationary appointment if said provisional appointee has served in the position in a manner satisfactory to the District.
(4) The filling of all competitive class vacancies herein shall be governed by Niagara County Civil Service Rules and Regulations.

(f) Prior to July 1 of each year, employees may provide written notice to the Office of Human Resources indicating automatic application for vacancies that may occur during July and August. Such notices shall state the position or positions for which the employee wishes to be automatically considered. The employee shall provide the Office of Human Resources with stamped, self-addressed envelopes in which postings may be mailed to the employee.

8.03: Successful bidder. The successful bidder will be determined by the District based on the applicant’s District seniority date as well as a supervisory appraisal of an applicant’s qualifications, including the relative ability, physical fitness, training, experience, efficiency, attendance and work record with the District. If the District determines that two or more applicants are equally qualified for the vacancy, District seniority will determine the successful bidder. This procedure does not apply to the reassignment of routes among bus drivers. This procedure applies to all summer work bidding. This provision shall apply to all postings posted after November 1, 2010.

8.04: Trial Period.

(a) Except as stated in paragraph (b), this term means a period of up to ninety work days after an employee has been assigned from one position to another under the posting procedure or any other permissible assignment other than layoff and bumping. The trial period may be automatically extended one day for each workday of absence during trial period.

(b) The successful bidder's trial period will be up to thirty (30) workdays:

(1) if the new position is in the same job classification as the previous position; or

(2) if the new position is composed of more than one assignment, any of which is in the same job classification as the previous position; or

(3) if the new position is in any of the following job classifications: food service helper; monitor; cleaner.

(c) During the trial period, the employee's total work performance will be appraised by the District to determine whether the District will make the appointment a permanent one. The employee's former position must remain available if the employee is reassigned to that position during the trial period, either at the employee's request or because of the District's evaluation of the employee's work performance. Neither event shall be subject to the grievance procedure.
(d) The trial period will end upon the reassignment of the employee or the approval of a supervisory recommendation for permanent appointment. Said recommendation shall be made on or about the thirtieth (30th), sixtieth (60th) or ninetieth (90th) work day during the trial period, after written notice thereof to the incumbent employee.

8.05: Jurisdictional Change.

(a) If an employee moves from a competitive position to another competitive or non-competitive position, the competitive position vacated is not permanently filled until such time as the employee receives a permanent appointment in the new position.

(b) If an employee moves from a non-competitive position to a competitive position, he shall be entitled to protection of job under provision of Civil Service Law, Title B Appointments and Promotions; Sections 63, 64 and 65.

(c) If an employee moves from a non-competitive position to another non-competitive position, the appointed employee will have ninety days job protection to return to the original position if the employee chooses.

8.06 - Summer School Work Opportunities for Bus Drivers and Attendants, (Effective January 1, 2011):

(a.) The opportunity for summer bus driving and/or bus attendant work will be based on a combination of attendance and seniority, with attendance being the primary determining factor. On or about April 15 the District Human Resources Department will provide a generic job posting for summer bus drivers and bus attendants. The posting will list general job qualifications and duties for summer bus drivers and bus attendants. The posting period will be two weeks. On or about May 15 the Human Resources Department will provide to the Transportation Department the list of all qualified drivers and bus attendants who bid on summer work, sorted by district seniority. On or about June 10 the Transportation Department will calculate each summer work candidate’s attendance record for the school year through the end of May based on the Chronos (or any other) Payroll System records, counting all sick leave and/or unpaid days, (or fractions thereof). The Transportation Department will re-sort the list of qualified drivers and attendants who bid on summer work, first by attendance and then secondly, by District seniority. The Transportation department will furnish this list to a Union designee no later than June 15.

(b.) After the Transportation Department has received all summer transportation service requests, bell times, and special needs information from the District Schools, BOCES Programs, and Private Human Service Agencies, and after the Department has determined which students will actually use the summer busing service, the Department will poll the employees on the attendance/seniority list regarding their willingness and availability for the routes. As routes and or shifts are selected the next eligible person on the list will be polled for
their choice based on their willingness and availability, until all routes are assigned, or the list is exhausted. Unless two employees agree to split a run, (AM and PM), each candidate will be required to choose an entire route which may include an early, mid-day, and or a late afternoon shift, (or some combination thereof). This process will be completed during the last week of school, or no later than the last weekday before the Fourth of July Holiday. Drivers or attendants who request to be put on the list after the end of the posting period will be used on an as needed basis on any routes which remain unfilled or as substitutes.

(c.) The number of service days, bell times, stop and start dates, and the number and location of students to be served, are all determined by the schools, programs and agencies, (and families) and are not under the control of the Department and District. The Transportation Department can only provide estimates of hours, and offers no guarantee of hours to be worked by any driver or attendant on any given day. The District reserves its right to contract out the transportation of certain special needs students during the summer based on the recommendation of the Transportation Supervisor and Special Education Department Director to the District Business Official. The Transportation supervisor will consult with the Union President or designee regarding which students may be contracted-out to the District Contractor.

ARTICLE 9: LAY-OFF

9.01: Effect on probationers. During any term of probation, the District shall have the sole prerogative to determine the order or sequence of layoff and recall among probationers.

9.02: Order of displacement. If the District decides to reduce the number of full-time positions in a classification, the full-time employees with the least classification seniority therein shall be displaced therefrom. If the District decides to reduce the number of part-time positions in a classification, the part-time employees with the least classification seniority therein shall be displaced therefrom. In either instance, temporary and probationary employees in the classification shall be displaced first.

9.03: Bumping options. A displaced full-time employee shall have the following bumping options before exercising any rights to retreat as set forth in Section 9.04. If the displaced full-time employee has options (b) or (c), they must be exhausted or the employee will be treated as having resigned as of the employee’s last day of work. A displaced employee who does not have either options (b) or (c) and cannot retreat, shall be laid off.

(a) Bump the least senior part-time employee in the same classification who has less District seniority; or
(b) Bump the full-time employee with the least classification seniority in the same or lower-rated classification in the same job family, who has less District seniority, only if the displaced employee can perform all the duties of the classification without training; or

(c) Fill a vacancy in the next lower-rated classification in the same unit as the displaced employee's classification, only if the displaced employee can perform all the duties of the classification without training.

9.04: Right to retreat.

(a) A displaced full-time employee who does not have either option 9.03 (b) or (c) may retreat to any lower-rated classification in which the employee formerly had classification seniority, if:

(1) there is a vacancy in that classification which the District desires to fill; or

(2) there is at least one employee in that classification who has less District seniority than the displaced employee; and

(3) the displaced employee can perform all the duties of the lower rated classification without training.

(b) If a displaced full-time employee does not exercise his rights to retreat, the employee will be treated as having resigned as of the last day of work.

9.05: Effect on other employees. A full-time employee who is displaced from a classification by reason of another employee having exercised bumping or retreating options shall, in turn, exercise the available bumping and retreating options or be regarded as having resigned as of the last day of work. If the employee has no such options available, the employee shall be laid off.

9.06: Prior notice. In the event of a layoff, the affected employees shall receive a two (2) week notice prior to being removed from the payroll.

ARTICLE 10: RECALL

10.01: Recall list. An employee who has been laid off shall be placed on a recall list for the job classification which he held at the time of the layoff. If an employee remains on the recall list without having been recalled for a period of forty-eight (48) consecutive calendar months, beginning with the month immediately following the month in which the employee was laid off, he shall be regarded as having resigned as of the last day of the forty-eighth (48th) month.
10.02: **Temporary assignments.** Nothing herein shall prohibit the District from temporarily filling a vacancy or new position prior to the date a recalled employee reports for work.

10.03: **Use of recall lists.**

(a) If a full-time or part-time vacancy (other than a temporary vacancy) occurs and the District desires to fill that vacancy, or if a new full-time or part-time vacancy is created, other than a temporary vacancy, the District shall first exhaust the recall list in that job classification by recalling the most senior qualified employee on the appropriate seniority list who was laid off or bumped from that classification. In the absence of any such employees, and if there is a vacancy the District intends to fill, the District shall use the posting procedures of this agreement.

(b) The recall procedure normally will be fulfilled by telephone, followed by a written confirmation of the recall by certified mail.

10.04: **Responsibility to inform.** Laid off employees have the responsibility to inform the Office of Human Resources, in writing, of their current address and telephone number.

**ARTICLE 11: COMPENSATION**

11.01: **Rates of pay.** The negotiated rates of pay for the term of this agreement for bargaining unit employees are listed in the annexed schedules.

11.02: **New hire pay rates.** Employees hired before each January 1st will advance to the next step of the salary schedule on the following July 1st. Employees hired between January 1st and June 30th will advance to the next step of the salary schedule on the second July 1st following their date of hire.

11.03: **Longevity increments.**

(a) Annual longevity pay for the term of this agreement is listed in Appendix F, the longevity schedule appended to this contract. **Effective July 1, 2009,** "District Seniority" **for purposes of longevity credit** (and only for purposes of longevity credit) shall include only the time served in a single appointment position (or multiple position appointments that total at least twenty (20) hours per week), in order to accrue "service credit" for longevity pursuant to Appendix "F". No time served in any appointment (or multiple appointments) that total or totaled less than twenty (20) hours per week shall accrue any credit whatsoever toward longevity service credit pursuant to Appendix "F". Service must be in a position covered by Section 2.03, and service in a position covered by 2.04 (including but not limited to substitute, casual, seasonal, temporary employment or other positions listed therein) shall not count toward longevity service. **Effective July 1, 2010,** all Longevity Increments as listed in Appendix "F", page 85 shall be increased by fifty dollars ($50).
(b) Employees who have completed ten years of District seniority and have either a twelve (12) month assignment or a ten (10) month assignment of forty (40) or more weeks will be eligible to receive annual longevity payments in a lump sum on their benefit eligibility date.

(c) An employee will receive no credit toward longevity for the period between anniversary dates if the employee was absent from work for other than personal illness or injury, more than fifty percent (50%) of that year.

(d) Otherwise eligible employees, whose assignment is changed to a ten (10) or twelve (12) month assignment during any year, must first complete the number of credited months of seniority applicable to the new assignment before the next longevity increment will be paid. "Credited months of seniority" is the number of years of the employee’s District seniority multiplied by the number of months of the new assignment.

(e) Unit members who retire between January 1 and June 30 and who are eligible for longevity payment for that fiscal year shall be entitled to one-half (1/2) of the appropriate amount, payable within thirty (30) days of retirement. An employee shall not receive prorated longevity pay if retirement occurs prior to January 1.

11.04: Shift differentials. The shift differentials for Cleaners and Laborers and Lead Cleaners on the second and third shift are displayed on the appropriate wage schedules and shall apply and be payable only for hours actually worked. Effective July 1, 2010 such differential shall be increased by $.30 per hour for a total of $.50 per hour for second shift Cleaner or Laborer, $.56 per hour for third shift Cleaner or Laborer, and $.41 per hour for Lead Cleaner.

11.05: Premium pay for temporary transfers.

(a) Employees required by management to work temporarily in a lower-rated job classification shall suffer no reduction in rates of pay during that assignment.

(b) If the temporary assignment is to a higher-rated job classification, the employee shall be certified for the higher pay rate after either four (4) consecutive or seven (7) non-consecutive days are worked in that temporary assignment. Once the employee has been certified for premium pay in a specific job classification in one school year, the employee will retain the certification for the balance of that year and the following school years until the school year in which the employee is not assigned to that specific classification.

(c) The premium pay rate shall be the next higher rate of the new job assignment that provides a forty cent ($.40) per hour increase. If the transferred employee has ten (10) or more years job
classification seniority in his regular job classification, the premium pay will be the pay rate of the employee's current step in his regular job classification assignment.

(d) Temporary assignments are the prerogative of supervision.

(e) If an employee is temporarily assigned to a higher-rated job classification for a period of at least four (4) consecutive work days or more, or a longer term temporary assignment, the employee shall be compensated at the higher rate for any holidays, vacation days, sick days, personal business days, or compensatory days off that fall within the period of temporary assignment. If the assignment is for less than four (4) consecutive work days, the employee shall be paid at her/his regular rate of pay.

11.06: Change in regular assignment.

(a) If an employee changes his/her classification to a higher paying classification within his/her present unit, s/he moves to the next higher pay rate than the rate s/he is receiving, provided the increase would provide a minimum of forty cents ($ .40) per hour. This also applies to job reclassification.

(b) If an employee returns to a lower paying classification within the same unit, s/he returns to the step s/he would have been on, in the lower paying classification, had s/he remained in that position.

(c) If an employee transfers from one unit to another unit, s/he will be placed on a pay step comparable to rate of pay s/he is on. However, an employee retains the District fringe benefits such as years of service, retirement, vacation and seniority.

The District shall continue to pay the tuition cost of Bus Drivers undertaking the mandatory thirty (30) hour New York State Education Department program. If an employee leaves the District employment prior to the employees’ first anniversary of employment, the District may deduct the cost of such training from the employees’ final paycheck(s).
(b) In-service training must be at least twenty (20) hours.

(c) It is mutually recognized that specifically designated workshops, such as first aid, emergency aid, discipline, working with disabled and learning disabled children, and others would be mutually advantageous for both employee units and the District. To that end, efforts should be made to schedule conferences for specific non-instructional units whenever possible on teacher conference days. Compensation to be covered per subsection (a) herein.

(d) Tuition for academic course work taken at any accredited institution will be reimbursed provided the employee passes the course and that a grade report is turned in before the end of the semester following the course. The District will reimburse employees for the cost of tuition, up to the per-credit-hour rate established by Niagara County Community College, for up to six (6) credit hours per semester of course work completed successfully (i.e. C or better) at an accredited institution. In order to obtain such reimbursement, the employee must provide advance notice of enrollment in the course to the Superintendent of schools, and submit the grade report reflecting the grade to the business office before the end of the semester following the course.

(e) Employees assigned an extracurricular or coaching or proctor duties working with students or as proctors shall receive the same pay as noted in any contract negotiated by the District.

Upon accrual of forty (40) hours compensatory time, any further hours worked will be paid as overtime.
(f) A building and grounds employee whose normal work week would include working on Saturday, Sunday or both will receive seventy-five cents ($.75) per hour additional for all hours worked on either Saturday or Sunday. In the event such employee works overtime as provided herein, on Saturday or Sunday, the overtime hours paid at time and one-half shall include the seventy-five cents ($.75) per hour additional. A building and grounds employee whose normal work week is Monday through Friday and works overtime, as provided herein on Saturday or Sunday, shall not receive the seventy-five cents ($.75) additional per hour. An employee covered by subsection (f) of this article, who works on Easter Sunday, shall receive time and one-half pay for the hours worked.

(g) Employees are permitted to accrue comp time for hours worked in conjunction with the use of a whole or half sick day. Example #1: an employee who reports to work and works for two hours and then goes home sick, will be paid one full sick day, but will then accrue two hours of comp time for the time actually worked. Example #2: an employee who reports to work and works for five hours and then goes home sick, will be paid for four hours of actual work and $\frac{1}{2}$ sick day, the employee will accrue 1 hour of comp time for the time over four hours. Overtime cannot be earned unless a full eight hours is actually worked.

(h) Buildings and Grounds Overtime Wheel. The Buildings and Grounds Department will assign overtime equitably by means of an overtime wheel, pursuant to the following provisions:

On July 1st of every school year, employees will be placed on an overtime wheel in the order of their District seniority, the most senior names listed first then going in order of seniority to the least senior. As overtime opportunities arise, assignments will be made according to seniority as indicated by position on the wheel, exclusive of key and code holders with overtime hours maintained and equitably distributed. 3. Use of personal business leave days;
4. Use of jury duty days;

2. Unpaid leave of any kind.

(k) Use of Compensatory Time and Personal Time by Bus Drivers and Bus Attendants (Effective January 1, 2011):

- Benefit eligible Bus Drivers and Bus Attendants may request and use, (with prior supervisory approval) accrued compensatory time and personal time to supplement their paid time on days that their schools are scheduled to be closed, or have a half-day, for up to their total appointed hours for that day. This would include days during the Christmas, winter, Easter Breaks and unpaid holidays (excluding any summer work). Compensatory time must be compensatory time earned at the Transportation Department as either a Bus Driver or a Bus Attendant, not at any other Department.

(c) The employee shall receive four hours regular pay or the time actually worked at overtime rate, whichever is greater. However, if an employee is called in or assigned work by the supervisor immediately prior to beginning shift, he will receive a minimum of one (1) hour pay or time and one-half for time worked, whichever is greater.

11.10: Special assignment pay: Cafeteria: The statements at the bottom of schedules 3, 4 and 5 will mean that time and one-half regular rate will be paid for special assignments outside the regular school lunch program (including regular teacher lunches). Superintendent's conference days will qualify for time and one-half pay.

11.11: Shift Change - Overtime - The District shall not change an employee's shift for the purpose of avoiding the payment of overtime. This shall not preclude the changing of shifts for any other reason. The current past practice of overtime work at the employee's option during periods of snow removal shall remain in effect. Employees may, at their option, continue to work in excess of eight (8) hours of their regular or adjusted shifts, on overtime or compensatory time; or may, at their option end their shift after eight (8) hours.

12.02: **Vacation accumulation and eligibility.**

(a) Eligible fifty-two week employees and eligible employees hired before January 1, 1981, who are not on an eight hour/day, forty hour/week schedule shall be granted vacation benefits based on their regularly assigned daily and/or weekly work schedules.

(b) Vacation benefits are earned and accrued from July 1 through June 30, at the rate of 1/12th for each month of employment, rounded to the nearest full month. A newly hired employee whose date of appointment is other than July 1 will accrue vacation benefits at the above rate, measured from his District seniority date to the following July 1, but this vacation benefit will not be scheduled for use until after completion of one year of District seniority.

(c) Employees who are transferred after July 1, 1985, from an assignment of forty but less than fifty-two weeks, to a fifty-two week assignment, during the school year, will accrue vacation benefits that year at the rate of 1/12th for each month of employment in the fifty-two week assignment, measured from the effective date of transfer to the following July 1, rounded to the nearest full month.

(d) For computation of vacation eligibility, employees who are transferred to a fifty-two week assignment from one of forty but less than fifty-two weeks, will be granted one year credit for each fifty-two weeks worked, rounded to the nearest whole year.

Example 1: Person A has ten years of forty-two-week full-time credit for 420 weeks (42 weeks x 10 years). This is 8.08 years, which rounds to 8 years vacation credit. Thus, A would receive 2 weeks + 3 days vacation on the next succeeding benefit effective date. The next year, A would receive nine years vacation credit for two weeks + four days vacation on the following benefit effective date.

Example 2: Person B has three years of fifty-two-week credit at three days per week (52 weeks x 3 years) x 6 = 93.6 or 94 weeks credit (see subsection (c) herein). Also, B has 8 years of 40-week credit = 8 x 40 = 320 weeks. Totally, B has 414 weeks = 7.96 years, which rounds to eight years vacation credit. See Example 1 above.

Example 3. Suppose A (example 1 above) transferred on 2/1 to the fifty-two-week position. Then, A would have 420 weeks + 9/1 to 1/31 (22 more weeks) or 442 = 8.5 years, which rounds to 9 years vacation credit. Thus, on the next benefit effective date, A would receive 2 weeks + 4 days vacation.

12.03: **Vacation requests.**
(a) Vacation requests must be approved by the employee's supervisor. Reasons for denial shall be given.

(b) Vacations will not be granted until earned and may not be taken in more than two periods unless approved by the employee's supervisor or the Superintendent.

(c) Vacation shall not be waived by an employee.

12.04: **Vacation Pay.** Vacation pay shall equal that amount that the employee would have received had he worked his regular schedule.

12.05: **Carryover.** An employee will be permitted to carry up to ten (10) eight (8) hour vacation days from one (1) year to the next if the employee's supervisor and the Superintendent approve. Application for a carryover of vacation benefits must be made on or before the last work day before June 15. An employee may carryover up to an additional five (5) vacation days if deferral of vacation time was made at the supervisor's request.

12.06: **Death or termination.** In the event of the separation or death of a regular appointed employee, vacation benefit due that employee is to be prorated.

12.07: **Vacation accrual for 2020 Clericals:**

Any clerical employee who works fifty-two (52) weeks per year and who works a reduced seven (7) hour day during the Easter, Christmas and summer recesses, shall be allowed to accrue and utilize vacation leave on an hourly basis in lieu of a daily basis. The intent of this provision is that when employees are on reduced schedule during Easter recess, summer recess, and Christmas recess, when such employees utilize vacation leave they will use seven (7) hours of accrued vacation time, rather than eight (8) hours of accrued vacation time.

**ARTICLE 13: HOLIDAYS**

13.01: **Full-Time Employees.**

(a) **52-Week Employee:**

(1) Twelve-month (fifty-two week) employees will receive the following paid holidays: Fourth of July, Christmas Day, Labor Day, New Year's Day, Columbus Day, Patriot's Day, Veteran's Day, Good Friday, Thanksgiving Day, Memorial Day, Day after Thanksgiving, Martin Luther King's Birthday, Day before Christmas;
(2) December 26th is to be a paid holiday only for the fifty-two-week employees where the day after Christmas is a regular working day. December 31 to be a full-day holiday for fifty-two week employees, when December 31 falls on a regular work day.

(b) (1) 40-Week employees: Regularly scheduled 40-week employees (bus drivers, cafeteria staff, clerical, teacher aides, monitors, health office assistants and school nurses) will receive the following paid holidays: Columbus Day, New Year's Day, Veterans' Day, Patriot's Day, Thanksgiving Day, Good Friday, day after Thanksgiving, Memorial Day, Christmas Day, Martin Luther King's Birthday.

(2) In addition to those holidays noted in (b)(1) above, regularly scheduled forty-week employees may, at their option, receive pay for Christmas Eve provided they have available to them and elect to utilize one personal business leave day as provided in Section 16.01 of the agreement. It is understood and agreed that the use of personal business leave shall, in all other respects, remain unchanged.

(c) Forty-two-week But Less Than fifty-two-week employees: Regularly scheduled employees will receive the same paid holidays as forty-week employees plus Labor Day and the day before Christmas.

(d) If any full-time staff are required to work on the Martin Luther King Birthday holiday, another Friday or Monday will be scheduled for those employees to permit them to enjoy a long weekend.

13.02 Part-Time Employees.

(a) Any regularly scheduled part-time employee who works forty (40) or forty-two (42) weeks per year that are also regularly scheduled to work at least four (4) hours per day, twenty (20) hours per week, will be eligible for the following holidays with pay equal to the employee’s scheduled work hours not worked due to holiday observance: Christmas, Thanksgiving and Good Friday.

(b) Any regularly scheduled part-time employee can elect to apply his unused personal leave days as paid holidays. The election shall be exercised first for the following holidays before any others listed herein: Good Friday, Christmas, Thanksgiving, New Year's.

(c) Any regularly scheduled part-time employee who works fifty-two (52) weeks per year shall receive the following holidays with pay equal to the employee’s regularly scheduled work hours not worked due to holiday observance: Good Friday, Christmas, Thanksgiving, New Years Day, Fourth of July and Labor Day.
13.03: **Holiday Observance.**

(a) When employees are scheduled to work on a holiday when the unit is not scheduled because it is a holiday, an attempt will be made to obtain volunteers from among the individuals who normally perform the work to be scheduled. If volunteers are unavailable, the supervisor shall make assignments on a rotating seniority basis.

(b) The day of actual holiday observance shall be mutually agreed by the Superintendent and the Union president or their designees, and the schedule will be published by the prior May 15.

(c) No other paid holidays will be granted.

13.04: **Holiday Pay.**

(a) The rate of pay for each paid holiday will be regular pay.

(b) The rate of pay for each holiday worked shall be time and one-half for hours actually worked, plus the regular holiday pay.

(c) All paid holidays for those employees not on a full-time, fifty-two-weeks, eight hours per day schedule shall be prorated according to their regular assigned work.

**ARTICLE 14: ANNUAL SICK LEAVE**

14.01: **Annual benefit.**

(a) Each regularly scheduled forty-week but less than fifty-two week employee shall receive a total of thirteen (13) days paid sick leave per year.

Examples: (1) A forty-two week, six-hour per day employee would receive thirteen (13) six-hour sick days (see sections 14.01 (a) and 6.02 herein).

(2) An employee working forty-two three-day weeks (eight hours per day) would receive sixty percent of the full benefit (see section 14.01 (a )).

(b) Each regularly scheduled fifty-two week full-time employees shall receive eighteen (18) paid sick leave days per year. A part-time regularly scheduled fifty-two (52) week employee who works at least four (4) hours per day, but less than full-time, shall receive four (4) paid sick leave days per year.

Example: (1) A twenty-six (26) week, eight hour per day employee would receive nine (9) eight (8) hour sick leave days per year.
(c) Sick days for those employees not on a full-time, fifty-two-week, eight-hours per day schedule will be prorated according to their regular assigned work.

(d) New hires will accrue the paid sick time benefits for which they are eligible measured from their date of appointment to the following July 1, at the rate of 1/12th of the full benefit for each month of employment, rounded to the nearest full month.

(e) New hires and all eligible employees will have their annual benefit credited in advance on their first scheduled work day in the school year.

(f) When changing to a position with more or fewer hours, sick days shall be prorated on an hourly basis and rounded to the next higher one-half day (if necessary). Prorated accumulations may not exceed one hundred eighty days (180).

Examples:  
(1) Person A working six hours per day transfers to a position working eight hours per day. A had accumulated twenty six-hour sick days. Accumulated sick days for the eight-hour day position would be calculated thusly: 20 days x six hours/day = 120 hours. 120 hours divided by eight hours per day = fifteen eight-hour sick days.

(2) Person B working eight hours per day is transferred to a position working 6 hours per day. B had accumulated 20 eight-hour sick days. Accumulated sick days in the six-hour position would be calculated thusly: 20 days x eight hours per day = 160 hours. 160 hours divided by six hours per day = 26.67 or 27 six-hour days. (Note: Section 6.02 must be followed here. For example, if person B above was hired after January 1, 1981, there would be no further accumulation of sick days in the six-hour position. However, sick days already accumulated would not be lost).

(g) Part-Time Employees.

(1) Each regularly scheduled part-time employee shall be allotted a total of seven days of unpaid sick leave per year. These days shall not accumulate.

(2) In addition to the above allocation of unpaid sick leave days, each regularly scheduled part-time employee shall be granted up to three days of paid personal leave annually, prorated according to his/her regularly assigned work. Employees may use such days for personal business leave under the guidelines of Section 16.02, as paid sick leave or as a paid holiday per 13.02(b). “Paid personal days” are separate and distinct from “paid conversion leave days”. “Paid personal days” shall never exceed three days per fiscal year, July 1, through June 30 and “paid personal days” do not accumulate or carry over, from year to year; “paid personal days” which are not used during each fiscal year expire on June 30th.
(3) **Paid Conversion Leave Days** - In addition to the allocation of unpaid days in (g)(1) above, and paid personal days in (g)(2) above, employees are eligible to receive an additional number of paid *paid conversion leave* days per the chart below:

(4) **Paid Conversion Leave Days** are awarded on July 1, based upon the attendance of the previous July 1 through June 30 fiscal year. *Paid Conversion Leave Days are different and distinct from the yearly allowance of “Paid Personal Days”. There are no restrictions as to how accumulated “Paid Conversion Leave Days” may be used.*

(5) **Paid Conversion Leave Days** may accumulate to a maximum of thirty.

(6) Impact of sick leave on seniority. Notwithstanding the provision of Section 7.04 regarding loss of seniority for each day of unpaid absence, part-time employees shall not lose seniority credit for the first seven (7) days of unpaid sick leave absence in any one school year. Part-time employees will lose seniority credit on a day-to-day basis for any days of unpaid sick leave absence in excess of the first seven (7) days of unpaid sick leave absence in any one school year. For benefit eligible titles, such employee may convert sick leave and personal leave time from day increments into hourly increments, using appointed hours as the basis for the calculation. Employees will be allowed to utilize sick leave time and personal leave time in hourly increments under the following terms and conditions:

1. **Employees must notify their immediate supervisor at least (twenty-four) 24 hours in advance in writing, of their intent to utilize such sick leave or personal leave time in hourly increments. If less than twenty-four (24) hour written notice is given by the employee, the**
Supervisor has the right to deny the use of such paid time off accruals in hourly increments.

(2.) The purpose of twenty-four (24) hour advance written notification is to allow the District the opportunity to arrange for coverage for the employee's absence.

(3.) It is the District's prerogative to decide whether to "fill" or "cover" an employee's absence for hourly increments and the District may utilize whatever method it so chooses, (or decide not to fill or cover) in its discretion.

(d) Accumulation of unused sick leave. Unused sick leave for all employees may be accumulated to a maximum of one hundred-eighty days (180).

(e) Use of unearned sick days. All employees shall be credited with and may use their annual and accumulated sick leave allowances as of the first day of their employment year. Personnel terminating their service prior to the end of the school year not as a result of illness shall have deducted from their last pay warrant any pay received for used sick time that is unearned.

(f) Use of accumulated sick leave time.

(1) An employee anticipating a prolonged period of illness may use up accumulated sick leave with pay and then request a sick leave of absence without pay; or may save accumulated sick leave with pay and request a sick leave of absence without pay immediately upon the start of the absence.

(2) Employee requests for extraordinary unpaid leave of absence without pay must be submitted to the Superintendent in writing for appropriate action. Extraordinary unpaid leaves of absence shall not be granted for a period of longer than six (6) full months, except by action of the Niagara County Civil Service Commission.
(g) Medical substantiation required. An employee may be requested to furnish a medical certificate under the following circumstances:

   (1) for any personal illness which equals or exceeds three (3) consecutive work days;

   (2) where reasonable cause exists to believe that an employee may be abusing sick leave privileges (for example, calling off sick after being denied a time off request, or where review of the employee’s record of sick leave usage demonstrates the existence of a pattern or practice).    (5) state the next scheduled treatment or appointment date;

   (6) state the probable date for return to work.

The District reserves the right to verify any information contained in a medical verification form that conforms with the requirements of this section and attached is an appendix : Appendix (J, Page 90 ) for inclusion in the contract. District reserves the right to require this information for eligibility for such sick leave pay.

(i) The additional forms, Medical Evaluation Of Limitations; Appendix (K), (Page 91); Medical Authorization for Standard and Automatic Bus ; Appendix (L), (Page 92);

Upon return from leave, those employees who take extended leaves of more than ninety (90) calendar days, shall return to a comparable position. An employee unable to work due to a workers’ compensation injury shall return to the position held at the time the leave began.

(b) In cases of illness which equals or exceeds three (3) consecutive work days, a doctor’s statement may be required to be submitted to authorize the return of the employee to work and to qualify the employee for pay. Reasonable notice (twenty-four (24) hours) that the employee is returning from sick leave must be made to the employee’s supervisor. Failure to do so may result in additional lost time for the employee.

14.05: Reporting Absences. On a daily basis, if employees are unable to report to work, they must notify their respective supervisor prior to starting time. Supervisor will determine their policy of how the employee will notify the employer. Failure of the employee to notify the supervisor will result in a one (1) working-day loss of pay. The employee’s supervisor may require that the employees in the Transportation Department using the swipe card time-keeping system document the type of paid or unpaid leave used in a form for accounting purposes.
14.06: Workers' compensation leave:

An employee may maintain paid medical insurance benefits, if otherwise so entitled, until terminated.

(b.) Days allowed for absence due to injuries suffered on and after the day after the date of Board of Education ratification referenced above of April 2, 2003, but before January 1, 2011, on school District premises or in the line of duty covered by workers' compensation are subject to certification by a duly qualified physician as to duration of the disability and the return of the appropriate doctor's compensation form, shall not be deducted from sick time allowance. In such circumstances, the District will continue to pay the employee's regular salary and benefits for the period of disability. The amount of any weekly workers' compensation payment made for temporary disability due to said injury will be repaid to the District. The regular salary will not be paid for more than one hundred twenty (120) working days, after which the workers' compensation allowances will be assigned to the employee. An employee may maintain paid medical insurance benefits, if otherwise so entitled, until terminated.

(c.) Days allowed for absence due to injuries incurred after January 1, 2011, on school District premises or in line of duty covered by Workers' compensation are subject to certification by a duly qualified physician as to duration of the disability and the return of the appropriate doctor's compensation form, shall not be deducted from sick time allowance. or alcohol on District premises while on duty. The required observation shall be made by a supervisor, either directly by said supervisor or after said supervisor has been advised by either a student or another employee or another person of potentially suspicious behavior. If so advised by a person other than the supervisor, the supervisor must have personally made a determination regarding reasonable suspicion. Prior to said testing, the reasonable suspicion determination must be communicated to an authorized District-wide Administrator who is responsible for authorizing a drug and/or alcohol test. A supervisor may not require testing without authorization of a District wide authorized Administrator. If a District-wide Administrator authorizes testing, he/she will send the Union President a written record of the articulable observations upon which the testing decision was based within two (2) business days of said authorization.

(h) **Refusal to Submit** to a drug or alcohol test means that an employee fails to provide adequate breath and/or urine for testing without a valid medical explanation after he or she has received notice of the requirement to be tested pursuant to this contractual procedure, or engages in conduct that clearly obstructs the testing process. The employee’s supervisor must have reasonable suspicion as herein defined and authorization of a Districtwide official. However, the Districtwide official authorizing the test does not need to make an independent personal verification of the reasonable suspicion determination. This test shall be at the District’s expense.

Such evaluation is mandatory for second instances and beyond. Participation in a rehabilitation program is mandatory upon the second instance and beyond.

If no leave credits are available, such employee may be placed on a leave of absence without pay for the period of rehabilitation or detoxification not exceeding six (6) months. Upon certification of successful completion of said program, the employee shall be returned to his or her position.

26.05 **Discipline.** The District reserves any and all rights to discipline employees for just cause, up to and including dismissal, if said employee tests positively and said employee has been found to have engaged in conduct which constitutes just cause for discipline. Nothing in this policy shall preclude the right of the District to impose discipline, up to and including dismissal, against an employee pursuant to the District’s existing disciplinary authority, based on just cause and subject to employee rights in Article 5 herein.

26.06 **Right to Representation.** The employee will be entitled to consult with a Union representative when asked to undergo a test upon reasonable suspicion, but this right shall not cause a delay in the testing procedure, nor shall failure to exercise this right invalidate test results or preclude discipline based on test results. The failure to obtain counsel or representation in this particular instance shall not be grievable or arbitrable.

26.07 **Costs of Tests; Challenging of Test Results.** Testing will be performed by an outside agency in order for impartiality and confidentiality to be maintained. Both prohibited drug and alcohol tests will be conducted by certified and qualified professionals. In both instances, a confirmation test will be conducted should the initial test prove positive. In the case of alcohol testing, all testing shall be done by either breathalyzer and/or blood test. In the case of testing for prohibited drugs, urine specimen collection may be observed at the discretion of the testing agency and all specimens will be separated into two (2) samples. If the initial sample tests positive, then the employee has the right to request that the split sample be tested by a laboratory of his or her choosing (within seventy-two (72) hours of being notified by the medical review officer) at the employee’s expense. If the results of the second test show that the initial test result was a false positive, the District will assume the cost of the second test and employee will be reimbursed for any work time used for the second challenging test. The District shall pay for all costs associated with the administration of the alcohol or prohibited drug tests.

26.08 **Payment of Wages; Test Time.** The District shall pay the employee for the time required to undergo the reasonable suspicion testing, but the District shall not be obligated to pay employees for any follow-up testing, or evaluation by a substance abuse professional. An employee may use accumulated credits for any recognized rehabilitation program recommended by a substance abuse professional if that employee has accrued sick leave credits standing to his or her credit. All time spent administering the initial reasonable suspicion testing, including travel time, will be paid at the employee’s regular rate of pay or their overtime rate if applicable. Employees will be on the payroll up to the time that an initial positive test result has been achieved as a result of reasonable suspicion.
26.09 **Call In Procedure.** If an employee is called to report to duty, for overtime duty or other than his usual start time, the employee is obligated to acknowledge the use of alcohol or any drug or other substance that might impair the employee's ability to perform his job duties. In such cases, the employee will not be required to report to work. This section, however, shall in no manner, reduce, eliminate or otherwise affect any existing duty of employees to be reasonably available and capable of reporting to work at their usual start time without any drug or alcohol impairment.

26.10 **Unpaid Leave of Absence.** If the employee is not terminated by appropriate disciplinary proceedings for misconduct, an unpaid leave of absence will be allowed for follow-up testing and treatment if directed by a substance abuse professional on an in-patient or out-patient basis, provided that the employee may use accumulated sick leave, vacation and/or personal time in accordance with current Collective Bargaining Agreement provisions.

26.11 **Statutory Implications.** Nothing in this policy shall be construed to diminish any rights which may apply to employees under the Family and Medical Leave Act or other relevant laws, nor shall granting of any time off by the District be considered in any way, a recognition of Americans with Disabilities Act (ADA) status of any such employee by the District.

26.12 **Reinstatement.** Reinstatement to an employee’s position in a second instance after rehabilitation will be made upon certification that the employee has satisfactorily completed a rehabilitation program and that a substance abuse professional recommends return to regular assignment. Statistical records and reports will be maintained by the District and the alcohol and drug testing provider. Records concerning an employee’s treatment for alcoholism or drug-related or substance abuse problems shall remain separate from personnel files. However, nothing herein shall prohibit the introduction of test procedures and results in any drug or alcohol disciplinary grievance, arbitration or associated litigation.

otherwise warrant any type of discipline. Refusal or failure to comply with any mandatory rehabilitation program upon any instance of a positive test shall be considered to be misconduct constituting grounds for discipline.

**ARTICLE 28: TRANSFERS**

28.01: District Right To Transfer. The District has the right to transfer employees. The posting and trial period provisions of Article 8 do not confer on an employee a vested right to a particular work location.

If there is none, the District will transfer the employee to the position of an employee holding a position which is, in the District’s judgment, suitable for the employee to be transferred to, and if there are multiple such suitable positions, the position of the least senior employee shall be chosen.

28.05: Grievances Regarding Continuation.

However, if an employee who has been transferred within the employee’s job classification from one building to another continues in the transferred position for more than ninety (90) calendar days after the effective date of the transfer, the employee may file a grievance (with appeal to arbitration) on the sole issue of whether the District had any valid reason to continue the transfer after the ninetieth (90th) calendar day.

B. A claim that the District has failed to follow the procedures of this Article 28 is subject to the grievance and arbitration provisions of this Agreement.

28.06: Written Notices. All notices/notifications and requests under this Article 28 shall be given in writing.

This midday extra work wheel shall also be used to cover assignments of drivers with regularly assigned mid-day runs who are absent due to illness or other reasons.

   b. Operation - The midday extra work wheel shall be a weekly wheel and appointed bus drivers may sign up for an entire week by 12 noon on the preceding Friday for the week which follows and begins on Monday at 9 AM and ends Friday at 2 PM. The period for signing shall close at 12 noon on Friday. Once the signing period is closed, the names of appointed bus drivers will be ranked for bidding pursuant to this article in order of their district seniority date for all drivers whether single appointment or dual appointment. Pieces of work will be assigned on a daily basis by using the wheel for the entire week and will generally be assigned by 12 noon on the school day preceding the piece of work. It is the employee's responsibility to physically personally sign the sign up list for said wheel. This wheel shall rotate by the district seniority date for all drivers whether single appointment or dual appointed drivers and each new week, the wheel will start with the driver who is next in district seniority following the driver who received the last assignment in the previous week. Taking an assignment or refusing an assignment shall constitute an employee's turn at
the wheel. In the case of assignments covering the same time period, the assignment reasonably believed by the Transportation Supervisor or Head Bus Driver to be the longer assignment shall be assigned to the more senior driver, as determined by district seniority.

29.03 A.M. Trip Wheel -

   a. Definition - For purposes of this Article, “A.M. Trips” shall be defined to be those trips starting before 2:00 p.m. If an A.M. trip is outside of the zone indicated on the attached map, hereby incorporated by reference as Appendix J as if fully set forth herein, it will be posted as an “A.M. For trips outside the zone, drivers may give up their entire regular A.M. portion of their route or any other conflicting portions of their route in order to be assigned said trips. If an A.M. trip is inside of the zone indicated on the attached map, Appendix J, it will be posted as an “A.M. Trip – Inside the Zone.” In order to be able to sign up for trips which are posted as “A.M. Trip- Inside the Zone”, employees must have no regular assignment which conflicts with any part of the trip.

   b. Operation – The “A.M. Trips” work wheel shall be an individual posting for each trip. Those trips will be posted as soon as possible and the sign-up period shall close at 12:00 noon on the school day preceding the day of the trip. Once the list is closed, appointed drivers’ names will be ranked for bidding pursuant to this article in order of their district seniority date for all drivers whether single appointment or dual appointment. Each new list will start with the driver in the new list who is next in district seniority following the driver who received the assignment from the last list. Said trips will generally be assigned by 12:00 noon on the school day preceding the trip. It is the employee's responsibility to physically personally sign the sign up list for said trip. part of the trip (usually the “drop-off”) and the non-conflicting part of the trip will then be assigned, by district seniority, to the most senior driver on the wheel, as determined by district seniority. If the most senior driver on the wheel, as determined by district seniority, has no conflicting assignment, that driver may be assigned the entire trip.

b. Operation – The “P.M. Trips” work wheel shall be an individual posting for each trip. These trips will be posted as soon as possible and the sign-up period shall close at 12:00 noon on the school day preceding the day of the trip. The Transportation Supervisor shall consider, among other things, current levels of staffing, and daily attendance on the day in question, availability of competent and acceptable drivers, availability of equipment, weather conditions, and any other factor that he deems to be relevant and significant in arriving at his decision on a case-by-case basis. ARTICLE 30: OTHER
OVERTIME WHEELS

30.01 Overtime Wheel for Teacher Aides, Monitors and Food Services Personnel

A. "Overtime" and "extra work" as used in this section shall be defined to mean extra work opportunities which occur during the school year, necessitating additional hours of duty, outside the regularly assigned hours of duty. This wheel shall not apply to summer work.

B. If the opportunity for extra work occurs, necessitating overtime in the opinion of management, such opportunity to work overtime shall be offered to the employee holding the position who would normally do the work on regular straight time, during regular business hours. If there is more than one (1) employee who would normally do the work in question, the work opportunity shall be offered to said employees in order of seniority.

C. If the employee who would normally do the work refuses the overtime, management may reschedule the work to be done at another time, not necessarily on overtime. If the work in the opinion of the District management may not be rescheduled, then the opportunity to work overtime shall be offered to other employees within the same title, within the same building, on a seniority basis with the most senior being asked first and upon refusal, continuing in seniority order within the same title, within the same building.

D. If all employees within the same title, within the same building, refuse the opportunity to work overtime, management may reschedule the work to be done at another time, not necessarily on overtime. If the work, in the opinion of the District management may not be rescheduled, the Supervisor shall obtain a person to accomplish the work by using the District-wide seniority list for that title, in seniority order. If the person or persons requested refuse assignments, the next person or persons on the list will be contacted until a person accepts the assignment; provided that the District is not obligated to request an employee, who has already been asked and refused pursuant to paragraphs B and C above to work overtime a second time for the same opportunity. The next available assignment will be to the next person in seniority order on the list, following the person last assigned. If all persons refuse the District may then take whatever steps are necessary to accomplish the work. The SRPA does not waive any claim to exclusivity should the District accomplish the work with personnel who are not from within the bargaining unit.

E. Any allegations of inappropriate assignments of overtime opportunities shall be grievable through the arbitration stage of the grievance procedure. Any remedy of such grievance shall be limited to the assignment of the next available overtime opportunity, provided that the next
available opportunity occurs within ninety (90) calendar days of the assignment. If the next opportunity does not occur within ninety (90) calendar days of the assignment, the remedy shall be limited to the payment of the number of overtime or extra work hours worked, at the appropriate rate, to the appropriate person who should have been offered the overtime, or extra work opportunity. Only one (1) employee, the next person on the list, shall be paid, on each occasion, unless the overtime or extra work involved the assignment of more than one person to work overtime or extra work.

30.02 Overtime Wheel for Clerical Employees

A. “Overtime” and “extra work” as used in this section shall be defined to mean extra work opportunities which occur during the regular school year, (and during the summer months for fifty-two (52) week employees,) necessitating additional hours of duty, outside the regularly assigned hours of duty. This wheel shall not apply to assignments of summer work to forty (40), forty-two (42), or forty-four (44) week employees.

B. If the opportunity for extra work occurs, necessitating overtime in the opinion of management, such opportunity to work overtime shall be offered to the employee holding the position who would normally do the work on regular straight time, during regular business hours. If there is more than one (1) employee who would normally do the work in question, the work opportunity shall be offered to said employees in order of seniority.

C. If the employee who would normally be assigned the work refuses the overtime, management may reschedule the work to be done at another time, not necessarily on overtime. If the work in the opinion of the District management may not be rescheduled, then the opportunity to work overtime shall be offered to other employees within the clerical unit, as one unit, within the same building, on a seniority basis with the most senior being asked first and upon refusal, continuing in seniority order within the clerical unit, as one unit, within the same building.

D. If all employees within the same building within the clerical unit, refuse the opportunity to work overtime, management may reschedule the work. If the work, in the opinion of the District management may not be rescheduled, the Supervisor shall obtain a person to accomplish the work by using the District-wide clerical seniority list, in seniority order, with all clerical titles considered to be within one unit. If the person or persons requested refuse assignments, the next person or persons on the list will be contacted until a person accepts the assignment; provided that the District is not obligated to request an employee, who has already been asked and refused pursuant to paragraphs B and C above to work overtime a second time for the same opportunity. The next available assignment will be to the next person in seniority order on the list, following the person last assigned. If all persons refuse the District may then take whatever steps are necessary to accomplish the work. The SRPA does not waive any claim to exclusivity should the District accomplish the
work with personnel who are not from within the bargaining unit.

E. If the overtime or extra work occurs during the summer months for fifty-two (52) week employees, the above rules will be applicable to only the fifty-two (52) week employees working those months.

F. Any allegations of inappropriate assignments of overtime opportunities shall be grievable through the arbitration stage of the grievance procedure. Any remedy of such grievance shall be limited to the assignment of the next available overtime opportunity, provided that the next available opportunity occurs within ninety (90) calendar days of the assignment. If the next opportunity does not occur within ninety (90) calendar days of the assignment, the remedy shall be limited to the payment of the number of overtime or extra work hours worked, at the appropriate rate, to the appropriate person who should have been offered the overtime, or extra work opportunity. This wheel does not apply to summer work for employees who are not fifty-two (52) week employees. The concepts of section 23.6(d) apply, that is this wheel only applies to extra work between the hours of 9:00 A.M. and 2:00 P.M. and the District has the right to replace absent employees with substitutes or available part-time employees from this wheel.

B. If all employees within title refuse the opportunity to work overtime or extra work, the district may reschedule the work, or take whatever action necessary to accomplish the work, within its own judgment and discretion. The SRPA does not waive any claim to exclusivity should the District accomplish the work with personnel who are not from within the bargaining unit.
C. Any allegations of inappropriate assignments of overtime opportunities shall be grievable through the arbitration stage of the grievance procedure. Any remedy of such grievance shall be limited to the assignment of the next available overtime or extra work opportunity, provided that the next available opportunity occurs within ninety (90) calendar days of the assignment. If the next opportunity does not occur within ninety (90) calendar days of the assignment, the remedy shall be limited to the payment of the number of overtime or extra work hours worked, at the appropriate rate, to the appropriate person who should have been offered the overtime, or extra work opportunity. If there is more than one (1) employee who would normally do the work in question, the work opportunity shall be offered to said employees in order of seniority.

C. If the employee who would normally be assigned the work refuses the overtime, management may reschedule the work to be done at another time, not necessarily on overtime. If the work in the opinion of the District management may not be rescheduled, then the opportunity to work overtime shall be offered to other employees within the same title, within the same building, on a seniority basis with the most senior being asked first and upon refusal, continuing in seniority order within the same title, within the same building.

D. If all employees within the same title, within the same building, refuse the opportunity to work overtime, management may reschedule the work. If the work, in the opinion of the District

APPENDIX A

MEMORANDUM OF AGREEMENT

Accumulation and Use of Compensatory Time
for Part Time Employees

It is agreed by and between the Niagara Wheatfield Central School District ("District") and the Niagara Wheatfield School Related Personnel Association ("Union") that Section 11.08 (e), "Compensatory Time," of the 1992-1994 Agreement shall be interpreted as follows:

A. Bargaining unit employees, whether full-time or part-time, who perform additional hours of service beyond their regularly scheduled workday have the option of selecting either:

(i) Pay at the appropriate rate (straight time to and including eight hours in any one workday or forty hours in any one workweek); or

(ii) Overtime pay, at the rate of time and one-half (1 1/2) the employee's regular hourly rate for all time worked beyond eight (8) hours in any one day or forty (40) hours in any workweek.

B. Part-time employees who accrue compensatory time may use such time to receive pay at the normal number of hours per day, for sick leave, personal business leave (subject to the requirements of Section 16.02) or any other appropriate leave for which an employee would not normally be paid. Such day(s) shall count as "deduct" days pursuant to Section 14.01 (g)(6) and Section 7.04 when compensatory time is used to provide pay for such day(s).

C. Part-time employees who are scheduled to work 52 weeks per year shall be allowed to take, subject to the agreement of his/her supervisor, up to two (2) weeks of vacation time per year without having such time deducted from his/her seniority. Accrued compensatory time may be used, at the option of the employee, to provide pay, at the normal number of hours per day, for such vacation time.

D. Compensatory time earned, accrued and used shall be reported to the Account Clerk on a quarterly basis on the regular Compensatory Time Report form. It shall be the responsibility of the employee and the supervisor to ensure that the Quarterly Report is submitted in a timely manner.
