Article 3
Vacation Benefits

1. As of July 1, 2007 administrators shall accrue vacation days at the rate of two (2.0) days per month, such vacation time to be credited at the end of each month of service. Unused vacation time may be accumulated up to a maximum of forty-five (45) days for use in future years, except that Administrators may sell back up to five (5) vacation days accrued but unused during any year. Such days will be compensated at the rate of 1/240th of the Administrator’s salary at the time the days were earned and shall be paid on or about June 30.
2. Vacation days should preferably be used when students are not in session. All Administrators shall work the week after school is out and the week before school starts, unless permission to take vacation days is granted by the Superintendent. In the event an Administrator hired prior to July 1, 2007 leaves the district, the Administrator will be compensated for unused vacation days (not to exceed 45) at the rate of 1/240th of the final annual salary. Administrators hired on or after July 1, 2007, will be compensated only for days accumulated and unused in the year of the Administrators departure. All other days will be lost.

Article 4
Sick Leave

On an annual basis, Administrators will be credited with one (1) day of paid sick leave per month of employment per fiscal year, cumulative to one hundred ninety (190) days. In addition, upon initial employment, Administrators will be granted a bank of one (1) year (240 days) of sick leave to be used for long term or catastrophic illness or injury of the Administrator. This sick bank time shall not be cumulative and will not be paid out at the time of retirement. Administrators must use all days of personally accumulated time (if available) prior to applying to the sick bank.

Article 5
Retirement Benefits

Upon the retirement of an Administrator hired prior to July 1, 2007 from his/her employment in the District, upon ninety (90) days written notice to the Superintendent, such Administrator will be compensated for their unused accumulated sick days (not to exceed 190 days) and unused vacation days (not to exceed 45 days) at the following rates:

1/240th of his/her final salary for all days accumulated as an Administrator with the District and
1/240th of his/her final salary for 1/2 of all days accumulated as a teacher with the District, if any.

It is understood that leave days accrued by Administrators when they were teachers will be used first during their employment as Administrators.

Administrators hired on or after July 1, 2007 will be compensated only for days accumulated and unused in the year of the Administrators retirements at the time of retirement.
Article 6
Health Insurance Bonus at Retirement

For an Administrator who retires from the district, funds will be held in an account for the Administrator at a rate of $5,000 for every two years of service to the Royalton-Hartland Central School District. The funds may be applied to insurance premiums of the Administrator’s choice (health, vision, dental, or other insurance program(s) already available to District employees). The amount from the fund applied to premiums each year is determined by the Administrator.

In the event of the death of the Administrator, the remainder of the fund will be offered to the Administrator’s spouse to apply to insurance premiums for the spouse through the district. If the spouse remarries and/or has insurance through another source, the remaining funds will remain with the District. In the event of the spouse’s death, the remainder of the fund will be offered for insurance premiums through the district for surviving children of the Administrator who are under 21 years of age. Unused funds after all of the above are applied remain with the District.

To qualify for this benefit, time for service of the Administrator to the District must continue for a minimum of six (6) years before retirement.

Article 7

In the event of an Administrator’s death while in the employment of the District, a death benefit equal to and not to exceed the Retirement Benefits provided for in Article 5 will be paid to the Administrator’s estate.

Article 8
Abolition of Positions

Affected Administrators will receive six (6) months’ written notice of Board of Education action to eliminate any position whose then incumbent is represented by the Association. In the event of the abolition of positions, affected Administrators will be compensated for their accumulated sick and vacation leave in a manner consistent with the payment of retirement benefits.

Article 9
Mileage

Administrators will be reimbursed for mileage at the current rate allowed by the IRS for School District business mileage incurred inside or outside the Royalton-Hartland Central School District. Mileage reimbursement shall not include travel to and from school as part of the regular school day. Reimbursement for mileage, in connection with professional responsibilities, will be appropriately vouchered through the District Business Office. The District shall notify the
Administrators' Association of any change in the IRS mileage rate during the life of this Agreement.

Article 10
