APPENDIX "D"

GENERAL MUNICIPAL LAW 207-c POLICY

VILLAGE OF ALBION POLICE DEPARTMENT

GENERAL MUNICIPAL LAW §207-c POLICY FOR POLICE OFFICERS

Purpose: The purpose of this policy is to set forth the procedures by which the Village of Albion Police Department and Police Officers will comply with the requirements of General Municipal Law ("GML") §207-c. Section 207-c provides covered law enforcement personnel with certain benefits, including the payment of the full amount of regular salary or wages and the provision of medical care and treatment, when they suffer from disabling injuries or illnesses which resulted from the performance of the employee's duties. It is not the intent of this policy to provide compensation beyond that which is required by statute and no provision of this policy should be construed as a limitation of the rights granted by the statute to the Village of Albion ("Village"), except as expressly set forth herein, or as otherwise provided by the collective bargaining agreement.

Policy: The Village will fully comply with the requirements of GML §207-c. Employees shall be familiar with their rights and responsibilities under GML §207-c.

Interpretation: This policy is the result of good faith negotiations between the Village and the Albion Police Benevolent Association ("Union"), the recognized exclusive bargaining representative of police officers in the Village police department. Every attempt has been made to set forth the underlying procedures in clear and unambiguous language. However, in the event that an ambiguity arises, all provisions shall be construed so as to give effect to the intention of the parties, as manifest by the express terms of the policy and the past practices of the parties which may be developed following its execution.

Term of Agreement: This procedure shall apply to all applications filed after execution by the parties. This agreement will continue until the parties mutually agree to modifications in writing.

Procedure: The exclusive procedure for the handling and processing of claims for benefits under GML §207-c shall be as follows:

1. Designation of Administrator

The Mayor or a person designated by the Mayor shall have exclusive authority to make determinations on behalf of the Village pursuant to GML §207-c.

2. Notice

a. Report the injury or illness and the incident causing the injury or illness to his/her immediate supervisor as soon as possible.

b. Within 24 hours, submit a Village Incident/Accident Report and an Application for 207-c Benefits form (attached as Appendix A) to his/her immediate supervisor concerning the incident and the injury or illness.

The reports specified in (a) and (b) above shall set forth the basic nature of the injury or illness as known at the time and the basic facts surrounding the incident which led to the injury or illness. The officer agrees to cooperate with reasonable requests by the Village for further information, including execution of the Authorization for the Release of Medical Records attached to this policy as Appendix B.

In the event that the officer's immediate supervisor is unavailable the reports required under (a) and (b) above may be made to any other person of an equivalent or higher rank as such supervisor.

The time limits set forth in (a) and (b) above are agreed to be reasonable under normal circumstances. These time limits may be waived or extended for good cause at the discretion of the Administrator.

In the event that a police officer is unable to complete the required reports, a supervisor shall do so on his/her behalf. In such event, the police officer will be permitted the opportunity to supplement or correct such report within a reasonable time after he/she regains the ability to do so.

Failure to comply with the time limits provided in (a) and/or (b) above shall not automatically result in denial of an application for GML §207-c benefits. Such failure, along with any explanation for such failure, may be taken into consideration by the Administrator as a factor in assessing the merits of the application. A decision by the Administrator based on the failure to comply with time limits may be reviewed by the hearing officer.

3. Status Pending Determination of Eligibility for Benefits

In the event a police officer asserts an inability to perform duties, he/she shall be placed on accrued leave consistent with the collective bargaining agreement. Upon a determination by the Administrator that a police officer who has been unable to work is eligible for payment of the full amount of regular salary or wages pursuant to the provisions of GML §207-c, he/she shall be paid for any unpaid time and/or credited with any leave utilized while awaiting the Administrator's determination. A police officer receiving payment of the full amount of regular salary or wages pursuant to GML §207-c shall not suffer any reduction of accrued leave while in receipt of such payment. A physician selected by the Administrator to verify the existence of an injury or sickness may, upon reasonable notice, examine a police officer seeking the benefits of this section of law.

4. Benefit Determination

a. Initial Determination

The Administrator shall promptly review an application and any pertinent documents or other evidence available. The applicant, or his/her representative, shall have the right to submit information to the Administrator for consideration. The Administrator shall render an initial determination as to eligibility for GML §207-c benefits within fifteen (15) business days of receipt of the Village Incident/Accident Report and Application for 207-c Benefits form, unless the police officer, or his/her representative, agrees in writing to extend such time. If a determination is not rendered within such time limit, and if the employee is not working, the employee shall receive full pay without loss of additional leave credits until a determination is made.

If a determination is made that the injury occurred in the performance of duty or that the sickness is a result of the performance of duty, the Administrator shall direct payment of the full amount of regular salary and wages and shall ensure municipal responsibility for the reasonable and customary costs of treatment and hospital care associated with the injury or illness.

The Administrator shall provide written notice of the determination to the police officer and his/her representative. If the application is denied, the written notice shall include the reason for denial.

b. Subsequent Redetermination

It is recognized by the parties that a police officer's eligibility for benefits may be continuously monitored. In the event a question arises as to a police officer's continued eligibility for benefits, the Administrator may inquire into the applicable facts and may require the police officer, upon reasonable notice, to submit to one or more medical examinations as may be reasonably necessary to determine the continued existence of a disability and its extent. If the Administrator determines that the police officer is no longer eligible for benefits, the officer may proceed pursuant to the appeals procedure set forth in Section 7 of this policy. The burden of proof shall be upon the Village to demonstrate that their determination that the police officer is no longer entitled to benefits under GML §207-c, was based upon substantial evidence. If the police officer has been ordered to return to full or light duty and disputes that order, the burden shall be on the police officer to show that the Village did not have substantial evidence to support its return to work order.

The Administrator shall make a determination as to continued eligibility for benefits and shall provide written notification of any modification in benefits, including the reasons for such modification, to the deputy sheriff and his/her representative.

If an application is initially denied, the Administrator may at any time reverse the determination upon reconsideration and/or receipt of additional information. The Administrator must accept and review any material submitted by the police officer or his/her representative.

The Village shall provide the police officer with copies of all documents and other evidence reviewed by the Administrator upon written request.

5 Assignment of Light Duty

The Administrator may assign a disabled police officer to light duties, so long as such duties are consistent with his/her physical or mental condition. The Administrator may cause a medical examination of the individual to be made at the expense of the municipality for the purpose of determining whether a police officer can perform light duty and, if so, what medically necessary restrictions or limitations must be observed. The police officer, or his/her representative, shall have the right and a reasonable opportunity to submit documents, testimony or other evidence to the Administrator relevant to the police officer's ability to perform the light duty assignment. In the event that a police officer disputes their ability to perform any proposed light duty assignment, he or she may request a hearing and procedure under the appeals procedure set forth in Section 7 of this policy.

The Administrator shall not utilize light duty assignments to displace any non-disabled employees, nor to avoid filling a vacancy or payment of overtime to other Police Officers under the collective bargaining agreement. An alleged violation of this provision shall be subject to the grievance procedure set forth in the collective bargaining agreement. Such grievance may be brought by any member allegedly affected or by the Union itself.

6. Effect of Other Disability Determination

A determination made by a hearing officer, agency or court regarding an entitlement to any other statutory disability benefit or regarding the existence of a disability or its extent may be considered, but shall not be controlling upon, the Administrator.

7. Appeals

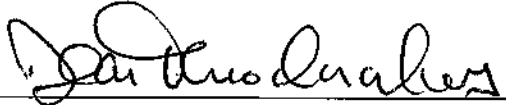

The police officer shall have the right to appeal an adverse decision by the Administrator with respect to initial eligibility, continued eligibility or assignment to light duty or a return to full duty by either filing an appeal in accordance with Article 78 of the Civil Practice Law and Rules, or by utilizing the procedure contained herein. If the employee chooses to use the procedure contained herein, the hearing officer's decision shall be final and binding on both parties.

The police officer, or his/her representative, shall initiate such an appeal by serving the Administrator with a written demand for a hearing within ten (10) calendar days of receiving the determination from which appeal is being taken.

The Village and the Union shall establish a mutually agreed upon list of neutral hearing officers who shall be appointed to hear the appeal. The agreed upon list shall be attached to this policy and shall not be altered without the approval of both the Village and Union, except for the removal of a hearing officer due to death or where the hearing officer has submitted in writing a statement indicating he or she is no longer willing to serve as a hearing officer in such matters.

Hearings shall be assigned in the order set forth on the list, except that in cases where, due to scheduling conflicts, a hearing date cannot reasonably be set with the hearing officer next in line for a period of more than sixty (60) calendar days, either party may choose to proceed to the next name on the list. In such cases, the next hearing will be offered to the hearing officer who was previously skipped. Nothing contained herein shall prevent the parties from mutually agreeing to use a specific hearing officer. The cost of the hearing officer shall be equally shared by the Village and the Union, provided that the Union is representing the employee. If the Union is not representing the employee, the cost of the hearing officer shall be shared by the Village and the employee. At the hearing, both sides shall have the right and opportunity to present witnesses and documentary evidence. The police officer shall have the burden of showing that the Village's determination was not supported by substantial evidence, except as provided in Section 4(b) of this procedure.

The hearing officer shall issue a written decision within 30 days of the close of the hearing. The hearing officer's authority shall be limited to a review of the Village's determination and whether or not the Village's decision was based upon substantial evidence. Such review shall include all information provided to the Village by any source, including information provided after the initial determination. Neither party shall be permitted to introduce evidence unless the opposing party was provided with a copy of such evidence within a reasonable amount of time after it became available. In the event that new evidence has become available that was not shared, the hearing officer shall determine whether or not it shall be admitted into evidence. If the material is allowed into evidence, the opposing party shall be entitled to a reasonable amount of time to review and respond to such evidence.
