**ARTICLE 1**  
**PREAMBLE**

1.1 This Agreement entered into as of the 1st day of January, 2014, by and between the Brighton Fire District, (Hereinafter referred to as the "Fire District" or the "Board of Fire Commissioners" or the "Board" or the "District"), and the Brighton Professional Firefighters Association, Local No. 2223, I.A.F.F., AFL-CIO, Brighton, New York, (Hereinafter referred to as the "Association"). This Agreement will go into effect as provided for in Article 34 and will run through the 31st day of December, 2018.

**ARTICLE 2**  
**PURPOSES**

2.1 The purpose of this Agreement is to provide orderly collective bargaining relations between the Brighton Fire District and the Brighton Professional Firefighters Association, to secure a prompt and equitable disposition of grievances, to establish fair wages, hours, and working conditions.

2.2 The parties agree that all matters and proposals raised in collective bargaining have been disposed of and no issues remain unsettled. No amendment, modification, change or alteration shall be effective unless it is made in writing and signed by the duly authorized representatives of the parties who have executed this Agreement.

**ARTICLE 3**  
**RECOGNITION, DUES CHECK-OFF AND AGENCY SHOP**

3.1 The District recognized the Association as the exclusive negotiation representative for all paid firefighters of the Brighton Fire District, excluding officers of the rank of Lieutenant and above.

3.2 The District will deduct from the pay of each firefighter covered by this Agreement, at least once per month, uniformly assessed Association membership dues and initiation fees, provided that at the time of such deductions there is in the possession of the District, a voluntarily executed and current, unrevoked, written authorization for such deduction executed by the firefighter, in the form and according to the terms of the authorization form provided by the Association. Membership in the Association is not mandatory.

3.3 The District further agrees to forward such deductions together with a list of the names of the firefighters from whom such deductions are made to the designated treasurer of the Association. The Association agrees to hold the District harmless from any and all liability which may arise through the implementation of this Article.

3.4 Names of the officers of the Association including the name of the treasurer of the Association, will be given in writing to the chairman of the Board of Fire Commissioners of the District within five (5) days after the Association's annual election of officers, and such list will be kept current by the Association and any changes forwarded immediately, in writing, to the chairman of the Board of Fire Commissioners of the District.

3.5 It is understood that each employee within this negotiation unit, who is not a member of the Association, shall be liable to contribute to the Association as representative costs, an amount equivalent to Association dues as are from time to time authorized, levied and collected from the general membership of the Association.

3.6 The Association shall refund to the employees any Agency Shop fees wrongfully deducted and transmitted to the Association.

3.7 The District shall not be liable in the operation of the Agency Shop fee deductions for any mistake or error of judgment or any other act of omission or commission and the Association shall agree to hold the District harmless against any claim whatsoever arising out of the deduction and transmittal of said Agency Shop fee to the Association.

3.8 The Association affirms that it has established and is maintaining a procedure which provides for the refund to any employee demanding the same, of any Agency Shop fee which represents the employee's pro rata share of the expenditures for activities or causes of a political or ideological nature only incidentally related to terms and conditions of employment.

3.9 Any employee covered by this Agreement who terminates Association membership shall have deducted from his salary an Agency Shop fee effective on the same date on which the District gives effect to a revocation of authorization for dues deduction.

#### **ARTICLE 4** **RIGHTS OF EMPLOYEES**

4.1 The District will not interfere with, restrain or coerce any firefighters because of membership in, or lawful activity on behalf of, the Association, so long as said activity does not interfere with the firefighter's duties or with the carrying out of the responsibilities of the Fire District, nor will the Fire District attempt to dominate or interfere with the Association.

4.2 The Association will not interfere with, restrain or coerce any firefighter because of membership or lack of membership in the Association.

**ARTICLE 5**  
**GRIEVANCE PROCEDURE**

5.1 For the purpose of this Agreement, a grievance shall be defined as a dispute or a controversy arising out of the application or interpretation of this Agreement.

5.2 It is understood and agreed that this procedure is not applicable to matters which are reviewable under administrative procedures established by law or under the rules of the Civil Service Commission having the force and effect of law.

5.3 No bargaining unit member shall be required to forfeit any right the member may have under any other law, regulation, or procedure; but, if any other procedure is invoked by the grievant, the right to adjustment through this procedure is waived and forfeited. If the bargaining unit member invokes this procedure, the member waives the right to any other proceeding or remedy, to the extent permitted under law. In the event the Association files a claim with the New York State Public Employment Relations Board ("PERB") and the Board defers or recommends the claim to the arbitration process, the Association may then file a grievance regarding that issue raised to PERB, provided the grievance is filed within fourteen (14) calendar days after PERB's recommendation or decision.

5.4 In the event that a grievance defined in Section 5.1 arises, the parties shall have the right to resolve the grievance in the following manner:

Step 1: The grievance shall be presented in writing by the Employee or the Union to the Executive Director as promptly as possible, but in no event later than fourteen (14) calendar days after the date when the employee knew or should have known of the occurrence or facts giving rise to the grievance. No later than fourteen (14) calendar days after receiving the grievance, the Executive Director shall discuss the matter with the Employee and the Union and shall answer the grievance in writing.

Step 2: If the grievance is not settled at Step 1, the grievance shall be presented in writing to the Board of Fire Commissioners within fourteen (14) calendar days after receipt of the Executive Director's written answer. The Board or its designee shall set a time and place that is not later than fourteen (14) calendar days after receipt of the Second Step grievance or at its next regular meeting, whichever is later, at which time the Board or its designee shall hear the grievance and witnesses to the dispute, if any. The Union and/or the Grievant may present witnesses and documentary evidence to the Board. No later than fourteen (14) calendar days after the hearing, the Board or its designee shall render a decision in writing with copies sent to the Grievant and to the Union.

Step 3: If the grievance is not settled at Steps 1 or 2, the Union, within thirty (30) calendar days after the Second Step decision, and upon written notice, shall request arbitration. The request for arbitration shall be provided to the Executive Director.

5.5 All grievances at each step shall be submitted in writing and shall be answered in writing.

5.6 Failure to be timely by the Union will result in dismissal of the grievance. Failure to issue a timely response by the District will allow a timely appeal to be filed as if the District's response had been provided on the last possible day.

5.7 Arbitration Procedure:

A. Within fourteen (14) calendar days after the request for arbitration has been made, the parties may select an arbitrator by mutual agreement. If the parties cannot mutually agree upon an arbitrator, they shall jointly request the American Arbitration Association to submit a list of nine (9) arbitrators from the Upstate New York area. Within fourteen (14) calendar days of receipt of the list, the parties shall alternately strike one (1) name from the list until one (1) name remains. The remaining name shall be designated as arbitrator.

B. The Arbitrator shall have no power to add to, subtract from, or modify any of the provisions of this Agreement.

C. Decisions by the Arbitrator shall be final and binding on the parties.

D. The compensation of the arbitrator and expenses of the arbitration shall be borne equally between the Union and the Fire District; however, each party shall be responsible for compensating its own witnesses.

5.8 During the grievance and arbitration procedures, a meeting may be called by either party to discuss the grievance. If an agreement terminating the grievance is reached, the agreement shall be reduced to writing and signed by the Fire District and the Union. Any such meeting shall not extend any time limits contained in this Article unless otherwise agreed.

**ARTICLE 6**  
**DISCIPLINARY PROCEDURES**

6.1 The Fire District shall have the right and responsibility to maintain efficiency, administer discipline and to hire, and terminate, discharge, or layoff firefighters for just cause and to review the performance of each firefighter.

6.2 It is agreed that the foregoing shall be in accordance with the Fire District's written Rules and Regulations as amended from time to time.

6.3 When a performance review is completed, it shall be shown to, and reviewed with, the subject firefighter. The firefighter shall be given a copy of it, but he shall be asked to comment on the report and his comments shall be added to it. The firefighter will sign the review only to indicate that he knows its content and that his comments are his.

6.4 The Executive Director may recommend to the Fire District's Board of Fire Commissioners the reprimand and/or suspension, or other appropriate disciplinary action, for any paid firefighter covered by this Agreement, when, in his judgment, such action should be taken, and he shall report his recommendations to said Board in writing as soon as possible.

6.5 Should the Fire District or its officers feel an interview, interrogation or informal hearing be necessary to review the conduct of any member of this unit, said member shall have the right to union representation throughout said interview, interrogation or informal hearing. The cost of such union representation shall be the obligation of the Association or the individual and shall not be a responsibility of the Fire District. Nothing contained herein will apply to verbal reprimands administered by the Executive Director or Acting Director. Should a unit member request union representation as provided herein, a reasonable amount of time shall be allowed to obtain such representation, but this shall not delay the interview, interrogation or informal hearing.

6.6 Whenever a counseling memorandum or other document critical of the performance or conduct of a firefighter is added to an individual's personnel file, the firefighter shall be provided with an opportunity to review the document, and provide a written response, which shall be maintained in the member's file.

## **ARTICLE 7** **TRAINING PROGRAM**

7.1 The Fire District hereby agrees to establish a training program, wherein the paid firefighter will receive on-the-job training. Paid firefighters are required to attend all training sessions conducted in or about any firehouse during their trick, unless specifically excused by the officer of training then in charge. Such training shall take place in the following areas: pumper and ladder truck instruction, fire prevention and inspection, pre-planning fire attacks, fire attacks strategy, EMS training and any other subject prescribed by the Chief following consultation with the coordinator of training who will be one of the paid officers who shall be appointed by the Board and who will communicate with the Association training members.

7.2 If the Association Training Committee wishes to make suggestions to the Executive Director concerning the training program, including its planning and coordination, for the following year, it must make those suggestions known to the Executive Director by not later than November 1. The Executive Director shall discuss these suggestions with the Association Training Committee by not later than December 1.

7.3 Firefighters may attend special seminars and special training offered by competent persons in firefighting fields and may request to attend classes at the New York State Training Academy at Montour Falls, New York. The Commission agrees to provide sufficient funds, within the current budget, for the costs of such training. The Commission shall have the final authority to determine who shall go to such training programs, how many firefighters shall go, when those firefighters shall go and which courses shall be deemed appropriate.

7.4 Subject to the approval of the Board of Fire Commissioners as to the course, its costs and the times when the course meets, the Fire District will pay for the cost of tuition and required books and fees for firefighters attending and successfully completing courses relating to fire science. Such money shall be paid at the completion of each semester's work upon presentation of evidence of successful completion. Any books, materials, etc. purchased for any of the courses described above shall become and remain the property of the Fire District. Said books and materials will be kept at No. 1 house. The Fire District shall purchase such books and materials as are required for the course.

7.5 The Association may present thoughts on safety or management to the Executive Director. The Association and Executive Director shall meet periodically for the purpose of reviewing recommendations submitted by the Association on issues of safety and training. The Association shall present their recommendations in writing.

#### **ARTICLE 8** **RELEASED TIME**

8.1 The President of the Association will be granted up to Twenty-four (24) hours of leave per calendar year to attend state or national firefighters conventions or seminars. The twenty-four (24) hours of such leave will be paid at the regular rate of pay and may be taken only by the President or a member of the Association's Executive Board designated by the President in writing.

#### **ARTICLE 9** **BULLETIN BOARD**

9.1 The Fire District will furnish one (1) bulletin board in the firefighters' bunk room, in each firehouse, for the posting of Association notices and related matters.

**ARTICLE 10**  
**SALARY**

10.1 All firefighters in the negotiation unit shall receive an annual increase effective January 1, 2014, January 1, 2015, January 1, 2016, January 1, 2017 and January 1, 2018, in accordance with the attached Salary and Longevity Schedule, Appendix A.

10.2 All pay is made on a calendar year basis.

10.3 The salaries set forth in the attached Salary and Longevity Schedule, Appendix A are minimum salaries, and not maximum salaries. The Fire District may provide a firefighter with additional compensation in the event that the firefighter agrees to undertake additional work or responsibilities.

10.4 Longevity pay will be paid by a separate check in the second payroll week after Thanksgiving of each year of this contract.

**ARTICLE 11**  
**WORKING SCHEDULE**

11.1 The basic work schedule for paid employees shall be a four (4) platoon, 24 hour on duty/72 hour off duty. The Board of Fire Commissioners will prepare a work schedule, but under extreme emergency conditions the basic work schedule can be altered by the Fire District. Once the emergency has been alleviated, the basic work schedule will be restored immediately. Employees shall work an average of forty-two (42) hours per week.

11.2 Shift change shall occur at 7:30 a.m.

11.3 Firefighters will be allowed to work up to a maximum of thirty-eight (38) hours consecutively. Exceptions to exceed the maximum are at the Fire District's discretion in time of extreme emergency.

11.4 In order to provide increased coverage during weekdays, the Fire District is authorized to utilize the following system at its discretion:

A. The District may assign one or more firefighters to work "straight day" shifts which shall consist of a Monday through Friday schedule (between the hours of 7:00 a.m. – 6:00 p.m.), averaging 42 hours per week, with work schedules being prepared a month in advance at minimum which may be modified to meet the needs of the District.

B. The initial assignment and any subsequent vacancy shall be posted and made available to unit members on the basis of seniority.

C. A firefighter assigned to "straight days" shall remain in this assignment unless and until either: i.) the firefighter switches with another unit member who volunteers for the "straight-day" assignment; or ii.) the firefighter fills a vacant position in one of the groups on rotation.

D. Under no circumstances shall a firefighter assigned to a group be transferred to the "straight days" schedule without their consent. A new firefighter may be assigned to the "straight days" schedule upon hire.

E. A firefighter moving from "straight days" to a group rotation schedule will have the fringe benefits and other conditions of employment pro-rated on an equitable basis.

F. Paid Time Off ("PTO") selection will require advance approval by the Executive Director or the Personnel Committee, but shall not be considered with respect to the PTO limitations for the firefighters on rotation, except as may be appropriate to avoid manpower shortages.

G. A "straight day" week of forty-two (42) hours shall equal one week of PTO.

H. The "straight days" firefighter shall be issued a holiday check in consideration of holidays listed in Article 17. The "straight day" firefighter will be granted paid time off for: New Year's Day, Memorial Day, July 4th, Labor Day, Thanksgiving Day, and Christmas Day if the actual holiday falls on a Monday through Friday.

I. A "straight day" firefighter may voluntarily switch with a rotation firefighter on a shift for shift basis. (A "straight day shift" will be considered equal to a rotation day or night shift for switching purposes.)

J. A "straight day" firefighter will be eligible to cover call-back requests, however they may not work more than thirty-eight (38) consecutive hours.

K. A "straight day" firefighter will be eligible for PTO as set forth in Article 16.

L. When switching from straight days to a group rotation or vice versa, effort will be made to accommodate prearranged obligations that a firefighter may have within reason.

## **ARTICLE 12** **OVERTIME**

12.1 All overtime will be compensated at time and one-half based upon the requirements to pay overtime which are now in effect or promulgated during the term of this Agreement by the U.S. Department of Labor under the FLSA, and which apply to firefighters.

12.2 Payment for such overtime will be made within thirty (30) days following the date on which the overtime is worked.

12.3 All firefighters covered by this Agreement who are called back to duty after the normal shift will be paid a minimum of four (4) hours pay at the rate applicable to such individual's hours that is straight time or time and one half as required by the overtime requirements referred to above. It being understood that such pay may or may not be available in the same pay period provided however, that such payment must be paid within the next succeeding pay period.

12.4 All firefighters covered by this Agreement who are called back for a training session or fire prevention detail after the normal shift will be paid a minimum of two (2) hours pay at the rate applicable to such individual's hours that is straight time or time and one half as required by the overtime requirements referred to above. It being understood that such pay may or may not be available in the same pay period; provided however, that such payment must be paid within the next succeeding pay period.

## **ARTICLE 13** **OUT OF TITLE WORK**

13.1 Each of the four groups shall have a firefighter designated as the "Lead Firefighter" for the group. The "Lead Firefighter" shall be selected by the District from the current civil service list for Fire Lieutenant. In the absence and/or exhaustion of such a list, the District may select any firefighter who has a minimum of 36 months of service.

13.2 The Lead Firefighter will receive an annual stipend of \$1,000.00, to be paid proportionately over the year with each payroll.

13.3 The duties of the Lead Firefighter will be mutually agreed upon by the District and the Association. These duties will be outlined in a Memorandum of Understanding.

13.4 In addition to the duties mentioned in article 13.3, the Lead Firefighter shall work as the acting duty officer on their group when the duty officer is absent and shall be compensated for this work pursuant to article 13.6.

13.5 In the absence of the Duty Officer or Lead Firefighter, a firefighter who is working that shift may be assigned as Acting Duty Officer by a Commissioner, Executive Director or a Duty Officer. This firefighter shall be taken from the current civil service list for Fire Lieutenant. In the absence and/or exhaustion of such a list, the opportunity to serve shall be offered to group members on the basis of seniority. If no group member, who meets the selection criteria in article 13.1, accepts the assignment, the district will assign a member who meets the criteria.

13.6 When any paid employee is assigned by a superior officer, the Executive Director, or the Chairman of the Personnel Committee, to work out of title as a Duty Officer, the firefighter shall be compensated for working in that position on that day at the rate of three dollars and fifty cents (\$3.50) per hour, over his regular salary. It is understood that such pay may or may not be available in the same pay period, provided, however, that such payment must be paid within the next succeeding pay period.

13.7 For purposes of this Agreement, the term "Duty Officer" shall mean a Captain, a Lieutenant or a bargaining unit employee assigned as set forth in Section 13.6.

13.8 The provisions of sections 13.4, 13.5, and 13.6 are intended to comply with the temporary assignment provisions of Civil Service Law Section 64.

13.9 Firefighters will be assigned to dispatching duties when a dispatcher is unavailable. In cases of extended absences, the district may rotate firefighters, use the Communications Supervisor or employ substitutes. If a firefighter is assigned to dispatching duty he shall be paid at his regular firefighter rate.

#### **ARTICLE 14** **PAYDAY**

14.1 Firefighters will be paid every two (2) weeks, and pay day will occur on Thursday with firefighters' checks being deposited to their accounts not later than twelve noon of said day. It is understood and agreed there shall be a one (1) week lag in payment.

#### **ARTICLE 15** **DIRECT PAYROLL DEPOSIT**

15.1 The District will deposit each firefighter's pay in his personal account, at any mutually agreeable bank or credit union.

**ARTICLE 16**  
**PAID TIME OFF**

16.1 Selection of Paid Time Off ("PTO") shall be governed by the rules and regulations of the Brighton Fire District effective and in force as of August 17, 2007. PTO allowance for firefighters working a 24-hour rotation schedule shall be as set forth in this Article, it being understood that one (1) week of PTO shall consist of forty-eight (48) hours. For firefighters working a "straight day" schedule, one (1) week of PTO shall consist of forty-two (42) hours.

16.2 For firefighters working a 24-hour rotation schedule, only one employee from each trick or shift shall be allowed to be on PTO at any one time, not including paid officers. An employee is defined for this purpose as a firefighter. An employee's eligibility for PTO shall be calculated from that employee's original date of hire in the District, excluding any intervening period of time during which the employee was not employed by the District.

16.3 Employees working a 24-hour rotation schedule shall receive PTO as follows:

- A. During the first year of service an employee shall be allowed forty-eight (48) hours of PTO, which shall be pro-rated based upon the employee's date of hire.

**PTO Calculation for New Hires:**

PTO will be prorated in the year of hire as follows: the number of full and partial months of employment divided by twelve (12) then multiplied by the first year PTO allotment noted above.

To Calculate PTO for the second calendar year of employment:

Step One: subtract the first number of full and partial months calculated, from twelve and put it over twelve and multiply that by the first year allotment of PTO.

Step Two: take the number of months from step one above and subtract from twelve again. Take that number over twelve and then that number multiplied by the second calendar year PTO allotment provides the second piece of the PTO amount for the second calendar year.

Step Three: add the amounts from Step One and Two

Example: Firefighter hired on November 11<sup>th</sup>

First Calendar Year Worked:

$$2/12 \times 48 = 8$$

Second Calendar Year Worked:

Step One:  $12-2=10$  :  $10/12 \times 48 = 40$

Step Two:  $12-10=2$  :  $2/12 \times 134 = 22$

Resulting in 70 hours in the first 14 months worked

B. An employee shall be credited with 134 hours of PTO annually (five 24-hour shifts and a 14 hour block), providing the employee has worked for the District continuously for a period of at least one (1) year and not more than five (5) years.

C. An employee shall be credited with 178 hours of PTO annually (seven 24-hour shifts and one 10 hour block), providing the employee has worked for the District continuously for a period of at least five (5) years and not more than ten (10) years.

D. An employee shall be credited with 216 hours of PTO annually (nine 24-hour shifts), providing the employee has worked for the District continuously for a period of at least ten (10) years and not more than fifteen (15) years.

E. An employee shall be credited with 264 hours of PTO annually (eleven 24-hour shifts), providing the employee has worked for the District continuously for a period of at least fifteen (15) years.

16.4 Employees working a "straight day" schedule shall receive PTO as follows:

- A. During the first year of service an employee shall be allowed forty-two (42) hours of PTO, which shall be pro-rated based upon the employee's date of hire.

**PTO Calculation for New Hires (Straight Day Firefighter):**

PTO will be prorated in the year of hire as follows: the number of full and partial months of employment divided by twelve (12) then multiplied by the first year PTO allotment noted above.

To Calculate PTO for the second calendar year of employment:

Step One: subtract the first number of full and partial months calculated, from twelve and put it over twelve and multiply that by the first year allotment of PTO.

Step Two: take the number of months from step one above and subtract from twelve again. Take that number over twelve and then that number multiplied by the second calendar year PTO allotment provides the second piece of the PTO amount for the second calendar year.

Step Three: add the amounts from Step One and Two

Example: Firefighter hired on November 11<sup>th</sup>

First Calendar Year Worked:

$$2/12 \times 42 = 7$$

Second Calendar Year Worked:

$$\text{Step One: } 12-2=10 : \quad 10/12 \times 42 = 35$$

$$\text{Step Two: } 12-10=2 : \quad 2/12 \times 134 = 22$$

Resulting in 64 hours in the first 14 months worked

B. An employee shall be credited with 134 hours of PTO annually, providing the employee has worked for the District continuously for a period of at least one (1) year and not more than five (5) years.

C. An employee shall be credited with 178 hours of PTO annually, providing the employee has worked for the District continuously for a period of at least five (5) years and not more than ten (10) years.

D. An employee shall be credited with 216 hours of PTO annually, providing the employee has worked for the District continuously for a period of at least ten (10) years and not more than fifteen (15) years.

E. An employee shall be credited with 264 hours of PTO annually, providing the employee has worked for the District continuously for a period of at least fifteen (15) years.

F. An employee working a "straight day" schedule shall use PTO in full shift increments.

16.5 For employees working a 24-hour rotation schedule, PTO set forth in Section 16.3 shall be picked in forty-eight (48) hour increments according to the PTO pick rules. Employees with five or more completed years of service may utilize forty-eight (48) hours (equivalent of one week) of PTO as two non-continuous 24-hour shifts.

16.6 PTO in excess of forty-eight (48) hour increments (i.e., partial shifts) may be scheduled immediately following the full week picks and/or on an as needed basis with the approval of the Executive Director.

16.7 For employees working a 24-hour rotation schedule, all requests for PTO shall be in by November 15 of the year preceding that which the PTO is to be used. The PTO committee and Officer in charge of PTO will then have two (2) weeks from that date to assemble and issue a calendar.

16.8 For all employees, any PTO not used by the end of the calendar year is not carried over into the following year, and is forfeited. If scheduled PTO occurs during a work-related leave, see District rules and regulations.

## **ARTICLE 17** **HOLIDAYS**

17.1 Employees, who as of the first pay period in December of each year of this contract have completed twelve (12) consecutive months or more of employment by the District, shall be eligible for payment for twelve (12) holidays. Employees who as of the first pay period in December of each year of this Agreement have been employed by the District for less than twelve (12) consecutive months shall be eligible to receive pay for those holidays which fell during that employee's period of employment by the District. In the first pay period in December, employees will be paid at their applicable rate in lieu of time off, for the appropriate holidays pursuant to this Article. For the purposes of this Article, the holidays shall be as follows: Christmas Day, New Years Day, Lincoln's Birthday, Washington's Birthday, St. Patrick's Day, Good Friday, Easter Sunday, Memorial Day, Independence Day, Labor Day, Columbus Day, and Thanksgiving Day, making a total of twelve (12) paid holidays. Honorably discharged veterans shall receive Veteran's Day off with pay, or receive compensatory time, however, if the eligible veteran is not scheduled to work on Veteran's Day, the firefighter will not receive any pay or compensation for Veteran's Day.

17.2 Holiday pay is to be figured on each firefighter's yearly earnings divided by fifty-two (52) weeks, to ascertain a week's pay. A week's pay is to be divided by forty-two (42) hours to determine the hourly wage. The hourly wage is then to be multiplied by eight (8) hours for holiday pay and then multiplied by the appropriate number of holidays for the year as determined by this Article.

## **ARTICLE 18** **DENTAL, HOSPITAL, AND SURGICAL INSURANCE**

18.1 Dental Insurance (Active firefighters). The District will pay 80% and the firefighter will pay 20% of the full cost of the appropriate (Individual, Family) plan of the Excellus Blue Cross/Blue Shield Smile Saver Plan Option I or equivalent.

18.2 Health Insurance (Active firefighters):

A. The District will make group health insurance coverage available to firefighters and their qualified dependents, and firefighters may elect to participate in any plan offered by the District. Such health insurance plan shall include coverage for physician's and emergency room visits, hospitalization, prescription drugs, vision, and prescription eyeglasses. Before discontinuing current plans, the District will make a good faith effort to select plans with comparable coverages.

B. All firefighters shall contribute towards the premiums for such health insurance coverage as set forth herein. Firefighter contributions to the cost of the plan selected will be deducted from the salary of the firefighter from each regular paycheck, provided the firefighter has elected to participate in this insurance by executing a payroll deduction authorization form.

C. Effective January 1, 2014, all firefighters shall contribute ten percent (10%) of the premium of the plan in which the firefighter is enrolled, and the District shall contribute ninety percent (90%) of such premium.

D. If the plan selected is a High Deductible Plan the district will provide a Health Care Reimbursement Account (HRA) Funded by the District at the following Level:

Family	= \$5,900
Two Person	= \$5,900
Single	= \$3,000

E. HRA funds will first be used to cover deductible amounts, and then any remaining amounts, if any, will be used to cover co-insurance/ co-pay amounts. At year-end, any unused balances are forfeited back to the District.

F. If the Deductible amount increases above the funding level of the HRA account (\$5,900/\$5,900/\$3,000) during the contract period, the amount of the increase will be split 50/50 with the firefighters, district dollars being used first.

G. At any time the Association may request that the District consider additional or alternative health insurance plans.

H. The District may offer a health insurance opt-out benefit to firefighters who decline health insurance coverage under the District's program. Firefighters who withdraw from and waive health insurance coverage, and provide proof of health insurance coverage from another source, will receive the opt-out benefit. The amount of the opt-out benefit shall be determined by the District, and shall be paid in equal installments each pay period. The District shall notify the Association of the amount of the opt-out benefit by no later than October 1 of the prior year. If a firefighter waives coverage and thereafter

becomes ineligible for coverage from an alternate source due to reasons beyond the firefighter's control, then opt-out benefit payments shall cease and the firefighter will be eligible to re-enroll in the District's group plan if permitted by the District's insurance carrier.

18.3 Firefighters Retiring on or after January 1, 2014:

A. All firefighters who retire under the New York State Retirement System shall be eligible to receive individual health insurance coverage to age 65 (unless changed legislatively) under the plan offered by the District to active employees. The District shall be responsible for one hundred percent (100%) of the premiums of such individual coverage.

B. Upon reaching the age of 65 (unless changed legislatively), a retiree will be eligible only for the Supplemental Medicare Plan offered by the District. The District shall be responsible for one hundred percent (100%) of the premiums of such individual coverage.

C. If a retiree does not reside within the coverage area of the plan offered by the District, then the District shall pay one hundred percent (100%) of the premiums related to individual health insurance coverage for such retiree, up to a maximum of the amount for local retiree coverage. Such payments shall be made directly to the health insurance carrier.

D. If a firefighter is required to retire pursuant to a mandatory retirement age, the firefighter shall still be eligible for the medical retirement benefit as specified in this Article.

18.4 Flexible Spending Accounts. The District agrees to offer a flexible spending account program for health care and dependent care to active employees.

A. Health Care. Each firefighter may set aside up to the maximum allowed by the IRS code per year from their wages to the health care account.

B. Dependent Care. Each firefighter may set aside an amount from their wages up to the maximum allowed by the IRS code.

non-service-connected condition exists beyond six (6) months, such employee shall receive one-half (1/2) pay for up to six (6) additional months. If the non-service-connected condition continues beyond twelve (12) consecutive months, any additional leave shall be at the discretion of the Commission. The foregoing benefit shall only be available to firefighters with five or more completed years of service with the District.

19.3 Firefighters with between one and five completed years of service shall be entitled to three (3) months at full pay and three (3) months at half pay as sick leave for non-service-connected conditions. Firefighters with less than one completed year of service shall be entitled to 216 hours of sick leave for non-service-connected conditions.

19.4 Firefighters who have exhausted their allowable sick leave will not be entitled to a new paid allotment until the firefighter has been re-employed on active duty for a period of one year.

19.5 It is understood and agreed that each firefighter who is on sick leave for a period of two (2) consecutive 24 hour shifts, whether service or non-service-connected, shall provide the District's Executive Director or the Chairman of the Personnel Committee with a doctor's certificate, as may be requested by the District. The firefighter shall also be required to report to the District's physician for an examination.

19.6 If a firefighter is out for four (4) months or longer on non-work related absence due to illness or injury, then the firefighter will forfeit the lesser of time off accrued during the absence or forty-eight (48) hours, one week equivalent of PTO, unless prior scheduled PTO falls during the time of absence and is therefore forfeited. Time out of work shall be based upon the return to duty granted by the Fire District's physician.

19.7 An employee that is out on sick leave for two or more consecutive shifts may not actively participate in recreational activities, other than those approved by the attending physician, until after returning to active duty, without the permission of the Executive Director.

19.8 An employee that is out on sick leave for two or more consecutive shifts may not work at other employment until after returning to active duty, without the permission of the Executive Director.
